32           With the funds herein appropriated, it is the intention of  
33   the Legislature that it shall be the agency's responsibility to  
34   make certain that funds required to be appropriated for "Personal  
35   Services" for Fiscal Year 2005 do not exceed Fiscal Year 2004  
36   funds appropriated for that purpose, unless programs or positions  
37   are added to the agency's Fiscal Year 2005 budget by the  
38   Mississippi Legislature. Based on data provided by the  
39   Legislative Budget Office, the State Personnel Board shall  
40   determine and publish the projected annual cost to fully fund all  
41   appropriated positions in compliance with the provisions of this  
42   act. It shall be the responsibility of the agency head to insure  
43   that no single personnel action increases this projected annual  
44   cost and/or the Fiscal Year 2004 appropriation for "Personal  
45   Services" when annualized. If, at the end of any calendar month,  
46   the State Personnel Board determines that the agency has taken  
47   action(s) which would cause the agency to exceed this projected  
48   annual cost or the Fiscal Year 2004 "Personal Services"  
49   appropriated level, when annualized, then only those actions which  
50   reduce the projected annual cost and/or the appropriation  
51   requirement will be processed by the State Personnel Board until  
52   such time as the requirements of this provision are met.

53           Any transfers or escalations shall be made in accordance with  
54   the terms, conditions, and procedures established by law.

55           No general funds authorized to be expended herein shall be  
56   used to replace federal funds and/or other special funds which are  
57   being used for salaries authorized under the provisions of this  
58   act and which are withdrawn and no longer available.

59           Provided, however, that all funds received from any and all

sources shall be deposited in a special fund in the State Treasury to the credit of the Mississippi Farmers Central Market.

**SECTION 3.** The board shall promulgate and adopt reasonable rules and regulations, including employing attendants, to regulate and provide for the parking of motor vehicles at the farm produce marketing facility near the Mississippi Memorial Stadium for regularly scheduled football games, and said board shall make said facility available for such purpose and shall make a reasonable charge therefor comparable to the charge made for parking in the area contiguous to the stadium. The net proceeds from such parking shall be deposited in the State Treasury to the credit of the Mississippi Farmers Central Market and shall be used solely for general maintenance and repair of the Central Market facilities.

**SECTION 4.** The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers in the manner provided by law.

**SECTION 5.** This act shall take effect and be in force from and after July 1, 2003.
