HOUSE BILL NO. 208

1 AN ACT TO CREATE THE MISSISSIPPI ENGINEERS OF THE 21ST
2 CENTURY SCHOLARSHIP FUND FOR ELIGIBLE JUNIOR AND SENIOR
3 ENGINEERING MAJORS WHO AGREE TO WORK WITH THE MISSISSIPPI
4 DEPARTMENT OF TRANSPORTATION UPON GRADUATION FOR THREE YEARS; TO
5 PROVIDE THAT SCHOLARSHIPS SHALL COVER THE COST OF TUITION AT A
6 STATE INSTITUTION OF HIGHER LEARNING IN MISSISSIPPI; TO REQUIRE
7 SCHOLARSHIP APPLICANTS TO DEMONSTRATE FINANCIAL NEED; TO REQUIRE
8 ELIGIBLE APPLICANTS TO ENTER INTO A CONTRACT WITH THE BOARD OF
9 TRUSTEES OF STATE INSTITUTIONS OF HIGHER LEARNING; TO REQUIRE THE
10 BOARD OF TRUSTEES TO PROMULGATE RULES AND REGULATIONS RELATING TO
11 THE FUND AND TO ADMINISTER THE FUND; AND FOR RELATED PURPOSES.

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

13 **SECTION 1.** (1) There is created the Mississippi Engineers
14 of the 21st Century Scholarship Fund. The fund shall consist of
15 all monies appropriated to the fund by the Legislature and any
16 gifts, grants or donations that may be received from any source,
17 public or private. Monies in the fund may be used solely for the
18 purpose of awarding scholarships under this section. Interest
19 earned on the investment of monies in the fund must be returned
20 and deposited to the credit of the fund.

21 (2) A student enrolled or accepted for enrollment in an
22 engineering program at a state institution of higher learning in
23 Mississippi who is classified as a junior or senior by the
24 registrar of the applicable institution may apply for a
25 scholarship under this program.

26 (3) The Board of Trustees of State Institutions of Higher
27 Learning shall establish the maximum annual award that may be made
28 under the scholarship program, which may not exceed the cost of
29 tuition at the state institution of higher learning at which the
30 student is enrolled. Students classified as juniors may receive a
31 maximum of two (2) annual awards or, in those instances when a

32 degree program requires five (5) years for completion, three (3)
33 annual awards. Students classified as seniors may receive one (1)
34 annual award or, in those instances when a degree program requires
35 five (5) years for completion, two (2) annual awards.

36 (4) In order to be eligible for a scholarship, a student
37 must be found to be in financial need. An applicant is in
38 financial need if:

39 (a) The two-year average annual adjusted gross income
40 of the applicant's family is less than Thirty-six Thousand Five
41 Hundred Dollars (\$36,500.00); or

42 (b) The two-year average annual adjusted gross income
43 of the applicant's family is less than Thirty-six Thousand Five
44 Hundred Dollars (\$36,500.00) plus Five Thousand Dollars
45 (\$5,000.00) for each child, other than the applicant, who is not
46 emancipated.

47 The two-year average annual adjusted gross income of the
48 family must be verified by Internal Revenue Service returns or by
49 certified affidavits in cases of income that cannot be verified by
50 such returns.

51 As used in this subsection, the term "family" for an
52 applicant who is not emancipated means the applicant, the
53 applicant's parents and other children under age twenty-one (21)
54 of the applicant's parents. The term "family" for an emancipated
55 applicant means the applicant, an applicant's spouse and any
56 children under age twenty-one (21) of the applicant and spouse.

57 (5) Before being granted a scholarship, each eligible
58 applicant must enter into a contract with the board of trustees,
59 which shall be deemed a contract with the State of Mississippi,
60 agreeing to the terms and conditions upon which the scholarship
61 will be granted. In order to receive a scholarship under this
62 program, the recipient must agree in the contract to be employed
63 with the Mississippi Department of Transportation for a period of

64 no less than three (3) years after completing a baccalaureate
65 degree with a major in engineering.

66 (6) As a condition for renewal of a scholarship, a student
67 must make steady academic progress toward a baccalaureate degree
68 with a major in engineering, as certified by the institution's
69 registrar, and must maintain a cumulative grade point average of
70 at least 3.00 calculated on a 4.00 scale at the end of each term.

71 (7) If a scholarship recipient does not complete a
72 baccalaureate degree with a major in engineering or fails to be
73 employed with the Mississippi Department of Transportation for a
74 period of three (3) years, the full amount that the recipient
75 received under the scholarship shall be due and payable, together
76 with interest at the current Stafford Loan rate when the breach
77 occurs, to the board of trustees.

78 (8) The Board of Trustees of State Institutions of Higher
79 Learning shall promulgate rules and regulations necessary to carry
80 out the purposes and intent of this section. The Board of
81 Trustees of State Institutions of Higher Learning shall be the
82 administering agency of the program.

83 (9) It is the intent of the Legislature to fully fund
84 scholarships to eligible students under this program. If funds
85 are insufficient to fully fund scholarships to all eligible
86 applicants, the board shall award the scholarships to students
87 working toward their first degree on a first-come, first-served
88 basis; however, priority consideration must be given to persons
89 previously receiving scholarships under the program who are making
90 steady academic progress toward completion of a baccalaureate
91 degree with a major in engineering.

92 **SECTION 2.** This act shall take effect and be in force from
93 and after July 1, 2004.
