337 With the funds herein appropriated, it is the intention of  
338 the Legislature that it shall be the agency's responsibility to  
339 make certain that funds required to be appropriated for "Personal  
340 Services" for Fiscal Year 2006 do not exceed Fiscal Year 2005  
341 funds appropriated for that purpose, unless programs or positions  
342 are added to the agency's Fiscal Year 2006 budget by the  
343 Mississippi Legislature. Based on data provided by the  
344 Legislative Budget Office, the State Personnel Board shall  
345 determine and publish the projected annual cost to fully fund all  
346 appropriated positions in compliance with the provisions of this  
347 act. It shall be the responsibility of the agency head to insure  
348 that no single personnel action increases this projected annual  
349 cost and/or the Fiscal Year 2005 appropriation for "Personal  
350 Services" when annualized, with the exception of escalated funds.  
351 If, at the time the agency takes any action to change "Personal  
352 Services," the State Personnel Board determines that the agency  
353 has taken an action which would cause the agency to exceed this  
354 projected annual cost or the Fiscal Year 2005 "Personal Services"  
355 appropriated level, when annualized, then only those actions which  
356 reduce the projected annual cost and/or the appropriation

357 requirement will be processed by the State Personnel Board until  
358 such time as the requirements of this provision are met.

359 Any transfers or escalations shall be made in accordance with  
360 the terms, conditions and procedures established by law or  
361 allowable under the terms set forth within this act. The State  
362 Personnel Board shall not escalate positions without written  
363 approval from the Department of Finance and Administration. The  
364 Department of Finance and Administration shall not provide written  
365 approval to escalate any funds for salaries and/or positions  
366 without proof of availability of new or additional funds above the  
367 appropriated level.

368 No general funds authorized to be expended herein shall be  
369 used to replace federal funds and/or other special funds which are  
370 being used for salaries authorized under the provisions of this  
371 act and which are withdrawn and no longer available.

372 **SECTION 4.** In compliance with the "Mississippi Performance  
373 Budget and Strategic Planning Act of 1994," it is the intent of  
374 the Legislature that the funds provided herein shall be utilized  
375 in the most efficient and effective manner possible to achieve the  
376 intended mission of this agency. Based on the funding authorized,  
377 this agency shall make every effort to attain the targeted
