9 41-4-7. The State Board of Mental Health shall have the
10 following powers and duties:

11 (a) To appoint a full-time Executive Director of the
12 Department of Mental Health, who shall be employed by the board
13 and shall serve as executive secretary to the board. The first
14 director shall be a duly licensed physician with special interest
15 and competence in psychiatry, and shall possess a minimum of three
16 (3) years' experience in clinical and administrative psychiatry.
17 Subsequent directors shall possess at least a master's degree or
18 its equivalent, and shall possess at least ten (10) years'
19 administrative experience in the field of mental health. The
20 salary of the executive director shall be determined by the board;

21 (b) To set up state plans for the purpose of
22 controlling and treating any and all forms of mental and emotional
23 illness, alcoholism, drug misuse and developmental disabilities;

24 (c) To supervise, coordinate and establish standards
25 for all operations and activities of the state related to mental
26 health and providing mental health services, including, but not
27 limited to: the requirement that no person be approved for
28 treatment which is paid for by funds made available through the
29 department who has not had a treatment plan established as a
30 result of having been seen by a licensed physician or licensed
31 clinical psychologist and that physician or clinical psychologist
32 signing these plans stating that he/she has personally evaluated

33 the client and that the treatment plan is medically necessary. A
34 physician or clinical psychologist shall recertify each client's
35 record at least semiannually (except for persons with a diagnosis
36 of mental retardation/developmental disability which shall be
37 completed annually), and more often if medically indicated by
38 physically visiting the client and certifying same in the record.
39 The board shall have the authority to develop and implement all
40 standards and plans and shall have the authority to establish
41 appropriate actions, including financially punitive actions, to
42 insure enforcement of these established standards, in accordance
43 with the Administrative Procedures Law (Section 25-43-1 et seq.);

44 (d) To enter into contracts with any other state or
45 federal agency, or with any private person, organization or group
46 capable of contracting, if it finds such action to be in the
47 public interest;

48 (e) To collect reasonable fees for its services;
49 provided, however, if it is determined that a person receiving

51 collect any amount such person is able to pay;

52 (f) To certify, coordinate and establish minimum
53 standards and establish minimum required services for regional
54 mental health and mental retardation commissions and other
55 community service providers for community or regional programs and
56 services in mental health, mental retardation, alcoholism, drug
57 misuse, developmental disabilities, compulsive gambling, addictive
58 disorders and related programs throughout the state. Such
59 regional mental health and mental retardation commissions and
60 other community service providers shall submit an annual
61 operational plan to the State Department of Mental Health for
62 approval or disapproval based on the minimum standards and minimum
63 required services established by the department for certification.
64 If the department finds deficiencies in the plan of any regional
65 commission or community service provider based on the minimum
66 standards and minimum required services established for
67 certification, the department shall give the regional commission

68 or community service provider a six-month probationary period to
69 bring its standards and services up to the established minimum
70 standards and minimum required services. After the six-month
71 probationary period, if the department determines that the
72 regional commission or community service provider still does not
73 meet the minimum standards and minimum required services
74 established for certification, the department may remove the
75 certification of the commission or provider. However, the
76 department shall not mandate a standard or service, or decertify a
77 regional commission or community service provider for not meeting
78 a standard or service, if the standard or service does not have
79 funding appropriated by the Legislature or have a funding source
80 from the State Department of Mental Health or a local funding
81 source. The State Board of Mental Health shall promulgate rules
82 and regulations necessary to implement the provisions of this
83 paragraph (f), in accordance with the Administrative Procedures
84 Law (Section 25-43-1 et seq.);

85 (g) To establish and promulgate reasonable minimum
86 standards for the construction and operation of state and all
87 Department of Mental Health certified facilities, including
88 reasonable minimum standards for the admission, diagnosis, care,
89 treatment, transfer of patients and their records, and also
90 including reasonable minimum standards for providing day care,
91 outpatient care, emergency care, inpatient care and follow-up
92 care, when such care is provided for persons with mental or
93 emotional illness, mental retardation, alcoholism, drug misuse and
94 developmental disabilities;

95 (h) To assist community or regional programs consistent
96 with the purposes of this chapter by making grants and contracts
97 from available funds;

100 compliance;

101 (j) To accept gifts, trusts, bequests, grants,
102 endowments or transfers of property of any kind;

103 (k) To receive monies coming to it by way of fees for
104 services or by appropriations;

105 (l) To serve as the single state agency in receiving
106 and administering any and all funds available from any source for
107 the purpose of service delivery, training, research and education
108 in regard to all forms of mental illness, mental retardation,
109 alcoholism, drug misuse and developmental disabilities, unless

112 or any other grantor;

113 (m) To establish mental health holding centers for the
114 purpose of providing short-term emergency mental health treatment,
115 places for holding persons awaiting commitment proceedings or

117 commitment, and for diverting placement in a state mental health
118 facility. These mental health holding facilities shall be readily
119 accessible, available statewide, and be in compliance with
120 emergency services' minimum standards. They shall be
121 comprehensive and available to triage and make appropriate
122 clinical disposition, including the capability to access inpatient
123 services or less restrictive alternatives, as needed, as
124 determined by medical staff. Such facility shall have medical,
125 nursing and behavioral services available on a
126 twenty-four-hour-a-day basis. The board may provide for all or
127 part of the costs of establishing and operating the holding
128 centers in each district from such funds as may be appropriated to
129 the board for such use, and may participate in any plan or
130 agreement with any public or private entity under which the entity
131 will provide all or part of the costs of establishing and

133 (n) To certify/license case managers, mental health
134 therapists, mental retardation therapists, mental
135 health/retardation program administrators, addiction counselors
136 and others as deemed appropriate by the board. Persons already
137 professionally licensed by another state board or agency are not

required to be certified/licensed under this section by the Department of Mental Health. The department shall not use professional titles in its certification/licensure process for which there is an independent licensing procedure. Such certification/licensure shall be valid only in the state mental health system, in programs funded and/or certified by the Department of Mental Health, and/or in programs certified/licensed by the State Department of Health that are operated by the state mental health system serving the mentally ill, mentally retarded, developmentally disabled or persons with addictions, and shall not be transferable;

173 directed at persons who have been discharged from state and
174 private psychiatric hospitals to ensure their continued well-being
175 in the community;

176 (u) To develop formal service delivery standards
177 designed to measure the quality of services delivered to community

186 Mental Health;

187 (w) To require performance contracts with community
188 mental health/mental retardation service providers to contain

192 services and other relevant performance measures;

193 (x) To enter into interagency agreements with other

This plan shall include education and training of service providers, care-givers in the home setting and others who deal with persons with Alzheimer's disease and other dementia, and development of adult day care, family respite care and counseling programs to assist families who maintain persons with Alzheimer's disease and other dementia in the home setting. No agency shall be required to provide any services under this section until such time as sufficient funds have been appropriated or otherwise made available by the Legislature specifically for the purposes of the treatment of persons with Alzheimer's and other dementia;

(bb) Working with the advice and consent of the administration of Ellisville State School, to enter into negotiations with the Economic Development Authority of Jones County for the purpose of negotiating the possible exchange, lease or sale of lands owned by Ellisville State School to the Economic Development Authority of Jones County. It is the intent of the Mississippi Legislature that such negotiations shall ensure that the financial interest of the persons with mental retardation served by Ellisville State School will be held paramount in the course of these negotiations. The Legislature also recognizes the importance of economic development to the citizens of the State of Mississippi and Jones County, and encourages fairness to the Economic Development Authority of Jones County. Any negotiations proposed which would result in the recommendation for exchange, lease or sale of lands owned by Ellisville State School must have the approval of the State Board of Mental Health. The State Board of Mental Health may and has the final authority as to whether or not these negotiations result in the exchange, lease or sale of the properties it currently holds in trust for citizens with mental retardation served at Ellisville State School.

If the State Board of Mental Health authorizes the sale of lands owned by Ellisville State School, as provided for under this

paragraph (bb), the monies derived from the sale shall be placed into a special fund that is created in the State Treasury to be known as the "Ellisville State School Client's Trust Fund." The principal of the trust fund shall remain inviolate and shall never be expended. Any interest earned on the principal may be expended solely for the benefits of clients served at Ellisville State School. The State Treasurer shall invest the monies of the trust fund in any of the investments authorized for the Mississippi Prepaid Affordable College Tuition Program under Section 37-155-9, and those investments shall be subject to the limitations prescribed by Section 37-155-9. Unexpended amounts remaining in the trust fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the trust fund shall be deposited to the credit of the trust fund. The administration of Ellisville State School may use any interest earned on the principal of the trust fund, upon appropriation by the Legislature, as needed for services or facilities by the clients of Ellisville State School. Ellisville State School shall make known to the Legislature, through the Legislative Budget Committee and the respective Appropriations Committees of the House and Senate, its proposed use of interest earned on the principal of the trust fund for any fiscal year in which it proposes to make expenditures thereof. The State Treasurer shall provide Ellisville State School with an annual report on the Ellisville State School Client's Trust Fund to indicate the total monies in the trust fund, interest earned during the year, expenses paid from the trust fund and such other related information.

Nothing in this section shall be construed as applying to or affecting mental health/retardation services provided by hospitals as defined in Section 41-9-3(a), and/or their subsidiaries and divisions, which hospitals, subsidiaries and divisions are licensed and regulated by the Mississippi State Department of Health unless such hospitals, subsidiaries or divisions

275 voluntarily request certification by the Mississippi State
276 Department of Mental Health.

277 All new programs authorized under this section shall be
278 subject to the availability of funds appropriated therefor by the
279 Legislature;

280 (cc) Working with the advice and consent of the
281 administration of Boswell Regional Center, to enter into
282 negotiations with the Economic Development Authority of Simpson
283 County for the purpose of negotiating the possible exchange, lease
284 or sale of lands owned by Boswell Regional Center to the Economic
285 Development Authority of Simpson County. It is the intent of the
286 Mississippi Legislature that such negotiations shall ensure that
287 the financial interest of the persons with mental retardation
288 served by Boswell Regional Center will be held paramount in the
289 course of these negotiations. The Legislature also recognizes the
290 importance of economic development to the citizens of the State of
291 Mississippi and Simpson County, and encourages fairness to the
292 Economic Development Authority of Simpson County. Any
293 negotiations proposed which would result in the recommendation for
294 exchange, lease or sale of lands owned by Boswell Regional Center
295 must have the approval of the State Board of Mental Health. The
296 State Board of Mental Health may and has the final authority as to
297 whether or not these negotiations result in the exchange, lease or
298 sale of the properties it currently holds in trust for citizens
299 with mental retardation served at Boswell Regional Center. In any
300 such exchange, lease or sale of such lands owned by Boswell
301 Regional Center, title to all minerals, oil and gas on such lands
302 shall be reserved, together with the right of ingress and egress
303 to remove same, whether such provisions be included in the terms
304 of any such exchange, lease or sale or not.

305 If the State Board of Mental Health authorizes the sale of
306 lands owned by Boswell Regional Center, as provided for under this
307 paragraph (cc), the monies derived from the sale shall be placed
308 into a special fund that is created in the State Treasury to be
309 known as the "Boswell Regional Center Client's Trust Fund." The

principal of the trust fund shall remain inviolate and shall never be expended. Any earnings on the principal may be expended solely for the benefits of clients served at Boswell Regional Center. The State Treasurer shall invest the monies of the trust fund in any of the investments authorized for the Mississippi Prepaid Affordable College Tuition Program under Section 37-155-9, and those investments shall be subject to the limitations prescribed by Section 37-155-9. Unexpended amounts remaining in the trust fund at the end of a fiscal year shall not lapse into the State General Fund, and any earnings on amounts in the trust fund shall be deposited to the credit of the trust fund. The administration of Boswell Regional Center may use any earnings on the principal of the trust fund, upon appropriation by the Legislature, as needed for services or facilities by the clients of Boswell Regional Center. Boswell Regional Center shall make known to the Legislature, through the Legislative Budget Committee and the respective Appropriations Committees of the House and Senate, its proposed use of the earnings on the principal of the trust fund for any fiscal year in which it proposes to make expenditures thereof. The State Treasurer shall provide Boswell Regional Center with an annual report on the Boswell Regional Center Client's Trust Fund to indicate the total monies in the trust fund, interest and other income earned during the year, expenses paid from the trust fund and such other related information.

Nothing in this section shall be construed as applying to or affecting mental health/retardation services provided by hospitals as defined in Section 41-9-3(a), and/or their subsidiaries and divisions, which hospitals, subsidiaries and divisions are licensed and regulated by the Mississippi State Department of Health unless such hospitals, subsidiaries or divisions voluntarily request certification by the Mississippi State Department of Mental Health.

All new programs authorized under this section shall be subject to the availability of funds appropriated therefor by the Legislature;

(dd) Notwithstanding any other section of the code, the Board of Mental Health shall be authorized to fingerprint and perform a criminal history record check on every employee or volunteer. Every employee and volunteer shall provide a valid current social security number and/or driver's license number which shall be furnished to conduct the criminal history record check. If no disqualifying record is identified at the state level, fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check;

(ee) The Department of Mental Health shall have the authority for the development of a consumer friendly single point of intake and referral system within its service areas for persons with mental illness, mental retardation, developmental disabilities or alcohol or substance abuse who need assistance identifying or accessing appropriate services. The department will develop and implement a comprehensive evaluation procedure ensuring that, where appropriate, the affected person or their parent or legal guardian will be involved in the assessment and planning process. The department, as the point of intake and as service provider, shall have the authority to determine the appropriate institutional, hospital or community care setting for persons who have been diagnosed with mental illness, mental retardation, developmental disabilities and/or alcohol or substance abuse, and may provide for the least restrictive placement if the treating professional believes such a setting is appropriate, if the person affected or their parent or legal guardian wants such services, and if the department can do so with a reasonable modification of the program without creating a fundamental alteration of the program. The least restrictive setting could be an institution, hospital or community setting, based upon the needs of the affected person or their parent or legal guardian;

(ff) To have the sole power and discretion to enter into, sign, execute and deliver long-term or multiyear leases of real and personal property owned by the Department of Mental

380 Health to and from other state and federal agencies and private
381 entities deemed to be in the public's best interest. Any monies
382 derived from such leases shall be deposited into the funds of the
383 Department of Mental Health for its exclusive use. Leases to
384 private entities shall be approved by the Department of Finance
385 and Administration and all leases shall be filed with the
