HOUSE BILL NO. 271

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
2 TO REQUIRE THE DIVISION OF MEDICAID TO INCLUDE ANY DRUG THAT IS
3 USED FOR THE MANAGEMENT OF ATTENTION DEFICIT DISORDER (ADD) AND
4 ATTENTION DEFICIT-HYPERACTIVE DISORDER (ADHD) ON THE PREFERRED
5 DRUG LIST DEVELOPED BY THE DIVISION; TO PROHIBIT THE DIVISION FROM
6 REMOVING THOSE DRUGS FROM THE PREFERRED DRUG LIST ONLY FOR
7 BUDGETARY PURPOSES; AND FOR RELATED PURPOSES.

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

9 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
10 amended as follows:

11 43-13-117. Medicaid as authorized by this article shall
12 include payment of part or all of the costs, at the discretion of
13 the division, with approval of the Governor, of the following
14 types of care and services rendered to eligible applicants who
15 have been determined to be eligible for that care and services,
16 within the limits of state appropriations and federal matching
17 funds:

18 (1) Inpatient hospital services.

19 (a) The division shall allow thirty (30) days of
20 inpatient hospital care annually for all Medicaid recipients.
21 Precertification of inpatient days must be obtained as required by
22 the division. The division may allow unlimited days in
23 disproportionate hospitals as defined by the division for eligible
24 infants under the age of six (6) years if certified as medically
25 necessary as required by the division.

26 (b) From and after July 1, 1994, the Executive
27 Director of the Division of Medicaid shall amend the Mississippi
28 Title XIX Inpatient Hospital Reimbursement Plan to remove the
29 occupancy rate penalty from the calculation of the Medicaid

30 Capital Cost Component utilized to determine total hospital costs
31 allocated to the Medicaid program.

32 (c) Hospitals will receive an additional payment
33 for the implantable programmable baclofen drug pump used to treat
34 spasticity that is implanted on an inpatient basis. The payment
35 pursuant to written invoice will be in addition to the facility's
36 per diem reimbursement and will represent a reduction of costs on
37 the facility's annual cost report, and shall not exceed Ten
38 Thousand Dollars (\$10,000.00) per year per recipient. This
39 subparagraph (c) shall stand repealed on July 1, 2005.

40 (2) Outpatient hospital services. Where the same
41 services are reimbursed as clinic services, the division may
42 revise the rate or methodology of outpatient reimbursement to
43 maintain consistency, efficiency, economy and quality of care.

44 (3) Laboratory and x-ray services.

45 (4) Nursing facility services.

46 (a) The division shall make full payment to
47 nursing facilities for each day, not exceeding fifty-two (52) days
48 per year, that a patient is absent from the facility on home
49 leave. Payment may be made for the following home leave days in
50 addition to the fifty-two-day limitation: Christmas, the day
51 before Christmas, the day after Christmas, Thanksgiving, the day
52 before Thanksgiving and the day after Thanksgiving.

53 (b) From and after July 1, 1997, the division
54 shall implement the integrated case-mix payment and quality
55 monitoring system, which includes the fair rental system for
56 property costs and in which recapture of depreciation is
57 eliminated. The division may reduce the payment for hospital
58 leave and therapeutic home leave days to the lower of the case-mix
59 category as computed for the resident on leave using the
60 assessment being utilized for payment at that point in time, or a
61 case-mix score of 1.000 for nursing facilities, and shall compute
62 case-mix scores of residents so that only services provided at the

63 nursing facility are considered in calculating a facility's per
64 diem.

65 (c) From and after July 1, 1997, all state-owned
66 nursing facilities shall be reimbursed on a full reasonable cost
67 basis.

68 (d) When a facility of a category that does not
69 require a certificate of need for construction and that could not
70 be eligible for Medicaid reimbursement is constructed to nursing
71 facility specifications for licensure and certification, and the
72 facility is subsequently converted to a nursing facility under a
73 certificate of need that authorizes conversion only and the
74 applicant for the certificate of need was assessed an application
75 review fee based on capital expenditures incurred in constructing
76 the facility, the division shall allow reimbursement for capital
77 expenditures necessary for construction of the facility that were
78 incurred within the twenty-four (24) consecutive calendar months
79 immediately preceding the date that the certificate of need
80 authorizing the conversion was issued, to the same extent that
81 reimbursement would be allowed for construction of a new nursing
82 facility under a certificate of need that authorizes that
83 construction. The reimbursement authorized in this subparagraph
84 (d) may be made only to facilities the construction of which was
85 completed after June 30, 1989. Before the division shall be
86 authorized to make the reimbursement authorized in this
87 subparagraph (d), the division first must have received approval
88 from the Centers for Medicare and Medicaid Services (CMS) of the
89 change in the state Medicaid plan providing for the reimbursement.

90 (e) The division shall develop and implement, not
91 later than January 1, 2001, a case-mix payment add-on determined
92 by time studies and other valid statistical data that will
93 reimburse a nursing facility for the additional cost of caring for
94 a resident who has a diagnosis of Alzheimer's or other related
95 dementia and exhibits symptoms that require special care. Any

96 such case-mix add-on payment shall be supported by a determination
97 of additional cost. The division shall also develop and implement
98 as part of the fair rental reimbursement system for nursing
99 facility beds, an Alzheimer's resident bed depreciation enhanced
100 reimbursement system that will provide an incentive to encourage
101 nursing facilities to convert or construct beds for residents with
102 Alzheimer's or other related dementia.

103 (f) The division shall develop and implement an
104 assessment process for long-term care services. The division may
105 provide the assessment and related functions directly or through
106 contract with the area agencies on aging.

107 The division shall apply for necessary federal waivers to
108 assure that additional services providing alternatives to nursing
109 facility care are made available to applicants for nursing
110 facility care.

111 (5) Periodic screening and diagnostic services for
112 individuals under age twenty-one (21) years as are needed to
113 identify physical and mental defects and to provide health care
114 treatment and other measures designed to correct or ameliorate
115 defects and physical and mental illness and conditions discovered
116 by the screening services, regardless of whether these services
117 are included in the state plan. The division may include in its
118 periodic screening and diagnostic program those discretionary
119 services authorized under the federal regulations adopted to
120 implement Title XIX of the federal Social Security Act, as
121 amended. The division, in obtaining physical therapy services,
122 occupational therapy services, and services for individuals with
123 speech, hearing and language disorders, may enter into a
124 cooperative agreement with the State Department of Education for
125 the provision of those services to handicapped students by public
126 school districts using state funds that are provided from the
127 appropriation to the Department of Education to obtain federal
128 matching funds through the division. The division, in obtaining

129 medical and psychological evaluations for children in the custody
130 of the State Department of Human Services may enter into a
131 cooperative agreement with the State Department of Human Services
132 for the provision of those services using state funds that are
133 provided from the appropriation to the Department of Human
134 Services to obtain federal matching funds through the division.

135 (6) Physician's services. The division shall allow
136 twelve (12) physician visits annually. All fees for physicians'
137 services that are covered only by Medicaid shall be reimbursed at
138 ninety percent (90%) of the rate established on January 1, 1999,
139 and as adjusted each January thereafter, under Medicare (Title
140 XVIII of the federal Social Security Act, as amended), and which
141 shall in no event be less than seventy percent (70%) of the rate
142 established on January 1, 1994.

143 (7) (a) Home health services for eligible persons, not
144 to exceed in cost the prevailing cost of nursing facility
145 services, not to exceed sixty (60) visits per year. All home
146 health visits must be precertified as required by the division.

147 (b) Repealed.

148 (8) Emergency medical transportation services. On
149 January 1, 1994, emergency medical transportation services shall
150 be reimbursed at seventy percent (70%) of the rate established
151 under Medicare (Title XVIII of the federal Social Security Act, as
152 amended). "Emergency medical transportation services" shall mean,
153 but shall not be limited to, the following services by a properly
154 permitted ambulance operated by a properly licensed provider in
155 accordance with the Emergency Medical Services Act of 1974
156 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
157 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
158 (vi) disposable supplies, (vii) similar services.

159 (9) (a) Legend and other drugs as may be determined by
160 the division. The division shall establish a mandatory preferred
161 drug list. Drugs not on the mandatory preferred drug list shall

162 be made available by utilizing prior authorization procedures
163 established by the division. The division may seek to establish
164 relationships with other states in order to lower acquisition
165 costs of prescription drugs to include single source and innovator
166 multiple source drugs or generic drugs. In addition, if allowed
167 by federal law or regulation, the division may seek to establish
168 relationships with and negotiate with other countries to
169 facilitate the acquisition of prescription drugs to include single
170 source and innovator multiple source drugs or generic drugs, if
171 that will lower the acquisition costs of those prescription drugs.
172 The division shall allow for a combination of prescriptions for
173 single source and innovator multiple source drugs and generic
174 drugs to meet the needs of the beneficiaries, not to exceed four
175 (4) prescriptions for single source or innovator multiple source
176 drugs per month for each noninstitutionalized Medicaid
177 beneficiary. The division shall allow for unlimited prescriptions
178 for generic drugs. The division shall establish a prior
179 authorization process under which the division may allow more than
180 four (4) prescriptions for single source or innovator multiple
181 source drugs per month for those beneficiaries whose conditions
182 require a medical regimen that will not be covered by the
183 combination of prescriptions for single source and innovator
184 multiple source drugs and generic drugs that are otherwise allowed
185 under this paragraph (9). The voluntary preferred drug list shall
186 be expanded to function in the interim in order to have a
187 manageable prior authorization system, thereby minimizing
188 disruption of service to beneficiaries. The division shall not
189 reimburse for any portion of a prescription that exceeds a
190 thirty-four-day supply of the drug based on the daily dosage.

191 Any drug that is used for the management of Attention Deficit
192 Disorder (ADD) and Attention Deficit-Hyperactive Disorder (ADHD)
193 shall be included on the preferred drug list developed by the

194 division, and the division may not remove those drugs from the
195 preferred drug list only for budgetary purposes.

196 The division shall develop and implement a program of payment
197 for additional pharmacist services, with payment to be based on
198 demonstrated savings, but in no case shall the total payment
199 exceed twice the amount of the dispensing fee.

200 All claims for drugs for dually eligible Medicare/Medicaid
201 beneficiaries that are paid for by Medicare must be submitted to
202 Medicare for payment before they may be processed by the
203 division's on-line payment system.

204 The division shall develop a pharmacy policy in which drugs
205 in tamper-resistant packaging that are prescribed for a resident
206 of a nursing facility but are not dispensed to the resident shall
207 be returned to the pharmacy and not billed to Medicaid, in
208 accordance with guidelines of the State Board of Pharmacy.

209 The division shall develop and implement a program that
210 requires Medicaid providers who prescribe drugs to use a
211 counterfeit-proof prescription pad for Medicaid prescriptions for
212 controlled substances; however, this shall not prevent the filling
213 of prescriptions for controlled substances by means of electronic
214 communications between a prescriber and pharmacist as allowed by
215 federal law.

216 (b) Payment by the division for covered
217 multisource drugs shall be limited to the lower of the upper
218 limits established and published by the Centers for Medicare and
219 Medicaid Services (CMS) plus a dispensing fee, or the estimated
220 acquisition cost (EAC) as determined by the division, plus a
221 dispensing fee, or the providers' usual and customary charge to
222 the general public.

223 Payment for other covered drugs, other than multisource drugs
224 with CMS upper limits, shall not exceed the lower of the estimated
225 acquisition cost as determined by the division, plus a dispensing

226 fee or the providers' usual and customary charge to the general
227 public.

228 Payment for nonlegend or over-the-counter drugs covered by
229 the division shall be reimbursed at the lower of the division's
230 estimated shelf price or the providers' usual and customary charge
231 to the general public.

232 The dispensing fee for each new or refill prescription,
233 including nonlegend or over-the-counter drugs covered by the
234 division, shall be not less than Three Dollars and Ninety-one
235 Cents (\$3.91), as determined by the division.

236 The division shall not reimburse for single source or
237 innovator multiple source drugs if there are equally effective
238 generic equivalents available and if the generic equivalents are
239 the least expensive.

240 It is the intent of the Legislature that the pharmacists
241 providers be reimbursed for the reasonable costs of filling and
242 dispensing prescriptions for Medicaid beneficiaries.

243 (10) Dental care that is an adjunct to treatment of an
244 acute medical or surgical condition; services of oral surgeons and
245 dentists in connection with surgery related to the jaw or any
246 structure contiguous to the jaw or the reduction of any fracture
247 of the jaw or any facial bone; and emergency dental extractions
248 and treatment related thereto. On July 1, 1999, all fees for
249 dental care and surgery under authority of this paragraph (10)
250 shall be increased to one hundred sixty percent (160%) of the
251 amount of the reimbursement rate that was in effect on June 30,
252 1999. It is the intent of the Legislature to encourage more
253 dentists to participate in the Medicaid program.

254 (11) Eyeglasses for all Medicaid beneficiaries who have
255 (a) had surgery on the eyeball or ocular muscle that results in a
256 vision change for which eyeglasses or a change in eyeglasses is
257 medically indicated within six (6) months of the surgery and is in
258 accordance with policies established by the division, or (b) one

259 (1) pair every five (5) years and in accordance with policies
260 established by the division. In either instance, the eyeglasses
261 must be prescribed by a physician skilled in diseases of the eye
262 or an optometrist, whichever the beneficiary may select.

263 (12) Intermediate care facility services.

264 (a) The division shall make full payment to all
265 intermediate care facilities for the mentally retarded for each
266 day, not exceeding eighty-four (84) days per year, that a patient
267 is absent from the facility on home leave. Payment may be made
268 for the following home leave days in addition to the
269 eighty-four-day limitation: Christmas, the day before Christmas,
270 the day after Christmas, Thanksgiving, the day before Thanksgiving
271 and the day after Thanksgiving.

272 (b) All state-owned intermediate care facilities
273 for the mentally retarded shall be reimbursed on a full reasonable
274 cost basis.

276 supplies and devices, when those services are under the
277 supervision of a physician or nurse practitioner.

278 (14) Clinic services. Such diagnostic, preventive,
279 therapeutic, rehabilitative or palliative services furnished to an
280 outpatient by or under the supervision of a physician or dentist
281 in a facility that is not a part of a hospital but that is
282 organized and operated to provide medical care to outpatients.
283 Clinic services shall include any services reimbursed as
284 outpatient hospital services that may be rendered in such a
285 facility, including those that become so after July 1, 1991. On
286 July 1, 1999, all fees for physicians' services reimbursed under
287 authority of this paragraph (14) shall be reimbursed at ninety
288 percent (90%) of the rate established on January 1, 1999, and as
289 adjusted each January thereafter, under Medicare (Title XVIII of
290 the federal Social Security Act, as amended), and which shall in
291 no event be less than seventy percent (70%) of the rate

292 established on January 1, 1994. On July 1, 1999, all fees for
293 dentists' services reimbursed under authority of this paragraph
294 (14) shall be increased to one hundred sixty percent (160%) of the
295 amount of the reimbursement rate that was in effect on June 30,
296 1999.

297 (15) Home- and community-based services for the elderly
298 and disabled, as provided under Title XIX of the federal Social
299 Security Act, as amended, under waivers, subject to the
300 availability of funds specifically appropriated for that purpose
301 by the Legislature.

309 state funds that are provided from the appropriation to the State
310 Department of Mental Health and/or funds transferred to the
311 department by a political subdivision or instrumentality of the
312 state and used to match federal funds under a cooperative
313 agreement between the division and the department, or (b) provided
314 by a facility that is certified by the State Department of Mental
315 Health to provide therapeutic and case management services, to be
316 reimbursed on a fee for service basis, or (c) provided in the

327 requirements of the Department of Mental Health to be an approved
328 mental health/retardation center if determined necessary by the
329 Department of Mental Health, shall not be included in or provided
330 under any capitated managed care pilot program provided for under

338 (18) (a) Notwithstanding any other provision of this
339 section to the contrary, the division shall make additional
340 reimbursement to hospitals that serve a disproportionate share of
341 low-income patients and that meet the federal requirements for
342 those payments as provided in Section 1923 of the federal Social
343 Security Act and any applicable regulations. However, from and
344 after January 1, 1999, no public hospital shall participate in the

349 (b) The division shall establish a Medicare Upper
350 Payment Limits Program, as defined in Section 1902(a)(30) of the

355 nursing facilities, shall assess each nursing facility, based on
356 Medicaid utilization or other appropriate method consistent with
357 federal regulations. The assessment will remain in effect as long

358 as the state participates in the Medicare Upper Payment Limits

394 Department of Rehabilitation Services and used to match federal

396 department, provided that funds for these services are
397 specifically appropriated to the Department of Rehabilitation
398 Services.

431 medical attention within the home and outpatient and inpatient
432 care that treats the terminally ill patient and family as a unit,
433 employing a medically directed interdisciplinary team. The
434 program provides relief of severe pain or other physical symptoms
435 and supportive care to meet the special needs arising out of

636 conjunction with the State Department of Health, may use grants,
637 waivers, demonstrations, or other projects as necessary in the
638 development and implementation of this reimbursement program.

639 Notwithstanding any other provision of this article to the
640 contrary, the division shall reduce the rate of reimbursement to
641 providers for any service provided under this section by five
642 percent (5%) of the allowed amount for that service. However, the
643 reduction in the reimbursement rates required by this paragraph
644 shall not apply to inpatient hospital services, nursing facility
645 services, intermediate care facility services, psychiatric
646 residential treatment facility services, pharmacy services
647 provided under paragraph (9) of this section, or any service
648 provided by the University of Mississippi Medical Center or a
649 state agency, a state facility or a public agency that either
650 provides its own state match through intergovernmental transfer or
651 certification of funds to the division, or a service for which the
652 federal government sets the reimbursement methodology and rate.

654 this paragraph shall not apply to case management services and
655 home-delivered meals provided under the home- and community-based
656 services program for the elderly and disabled by a planning and
657 development district (PDD). Planning and development districts

667 Notwithstanding any provision of this article, except as
668 authorized in the following paragraph and in Section 43-13-139,
669 neither (a) the limitations on quantity or frequency of use of or
670 the fees or charges for any of the care or services available to
671 recipients under this section, nor (b) the payments or rates of
672 reimbursement to providers rendering care or services authorized
673 under this section to recipients, may be increased, decreased or
674 otherwise changed from the levels in effect on July 1, 1999,
675 unless they are authorized by an amendment to this section by the
676 Legislature. However, the restriction in this paragraph shall not
677 prevent the division from changing the payments or rates of
678 reimbursement to providers without an amendment to this section
679 whenever those changes are required by federal law or regulation,
680 or whenever those changes are necessary to correct administrative
681 errors or omissions in calculating those payments or rates of
682 reimbursement.

683 Notwithstanding any provision of this article, no new groups
684 or categories of recipients and new types of care and services may
685 be added without enabling legislation from the Mississippi
686 Legislature, except that the division may authorize those changes

687 without enabling legislation when the addition of recipients or
688 services is ordered by a court of proper authority. The executive
689 director shall keep the Governor advised on a timely basis of the
690 funds available for expenditure and the projected expenditures.

695 first allotment period of the fiscal year, the Governor, after
696 consultation with the executive director, may discontinue any or
697 all of the payment of the types of care and services as provided
698 in this section that are deemed to be optional services under
699 Title XIX of the federal Social Security Act, as amended, and when
700 necessary may institute any other cost containment measures on any
701 program or programs authorized under the article to the extent
702 allowed under the federal law governing that program or programs.
703 If current or projected expenditures of the division during the
704 first six (6) months of any fiscal year can be reasonably
705 anticipated to exceed the amount of the appropriated funds that is
706 authorized to be expended during the first allotment period of the
707 fiscal year by more than twelve percent (12%), the Governor, after
708 consultation with the executive director, shall discontinue any or
709 all of the payment of the types of care and services as provided
710 in this section that are deemed to be optional services under
711 Title XIX of the federal Social Security Act, as amended, for any
712 period necessary to ensure that the actual expenditures of the
713 division will not exceed the amount of the appropriated funds that
714 is authorized to be expended during the first allotment period of
715 the fiscal year by more than twelve percent (12%), and when
716 necessary shall institute any other cost containment measures on
717 any program or programs authorized under the article to the extent
718 allowed under the federal law governing that program or programs.
719 If current or projected expenditures of the division during the

720 last six (6) months of any fiscal year can be reasonably
721 anticipated to exceed the amount of the appropriated funds that is
722 authorized to be expended during the second allotment period of
723 the fiscal year, the Governor, after consultation with the
724 executive director, shall discontinue any or all of the payment of
725 the types of care and services as provided in this section that
726 are deemed to be optional services under Title XIX of the federal
727 Social Security Act, as amended, for any period necessary to
728 ensure that the actual expenditures of the division will not
729 exceed the amount of the appropriated funds that is authorized to
730 be expended during the second allotment period of the fiscal year,
731 and when necessary shall institute any other cost containment
732 measures on any program or programs authorized under the article
733 to the extent allowed under the federal law governing that program
734 or programs. It is the intent of the Legislature that the
735 expenditures of the division during any fiscal year shall not
736 exceed the amounts appropriated to the division for that fiscal
737 year.

738 Notwithstanding any other provision of this article, it shall
739 be the duty of each nursing facility, intermediate care facility
740 for the mentally retarded, psychiatric residential treatment
741 facility, and nursing facility for the severely disabled that is
742 participating in the Medicaid program to keep and maintain books,
743 documents and other records as prescribed by the Division of
744 Medicaid in substantiation of its cost reports for a period of
745 three (3) years after the date of submission to the Division of
746 Medicaid of an original cost report, or three (3) years after the
747 date of submission to the Division of Medicaid of an amended cost
748 report.

749 This section shall stand repealed on July 1, 2007.

750 **SECTION 2.** This act shall take effect and be in force from
751 and after July 1, 2005.
