45 Fifty Dollars (\$450.00) per annum.

46 With the funds herein appropriated, it is the intention of
47 the Legislature that it shall be the agency's responsibility to
48 make certain that funds required to be appropriated for "Personal
49 Services" for Fiscal Year 2007 do not exceed Fiscal Year 2006
50 funds appropriated for that purpose, unless programs or positions
51 are added to the agency's Fiscal Year 2007 budget by the
52 Mississippi Legislature. Based on data provided by the
53 Legislative Budget Office, the State Personnel Board shall
54 determine and publish the projected annual cost to fully fund all
55 appropriated positions in compliance with the provisions of this

56 act. It shall be the responsibility of the agency head to insure
57 that no single personnel action increases this projected annual

59 Services" when annualized, with the exception of escalated funds.
60 If, at the time the agency takes any action to change "Personal
61 Services," the State Personnel Board determines that the agency
62 has taken an action which would cause the agency to exceed this
63 projected annual cost or the Fiscal Year 2006 "Personal Services"
64 appropriated level, when annualized, then only those actions which
65 reduce the projected annual cost and/or the appropriation
66 requirement will be processed by the State Personnel Board until
67 such time as the requirements of this provision are met.

68 Any transfers or escalations shall be made in accordance with
69 the terms, conditions and procedures established by law or

71 Personnel Board shall not escalate positions without written
72 approval from the Department of Finance and Administration. The
73 Department of Finance and Administration shall not provide written
74 approval to escalate any funds for salaries and/or positions
75 without proof of availability of new or additional funds above the
76 appropriated level.

77 No general funds authorized to be expended herein shall be
78 used to replace federal funds and/or other special funds which are
79 being used for salaries authorized under the provisions of this
80 act and which are withdrawn and no longer available.

81 **SECTION 4.** It is the intention of the Legislature that the
82 Department of Marine Resources shall maintain complete accounting
83 and personnel records related to the expenditure of all funds
84 appropriated under this act and that such records shall be in the
85 same format and level of detail as maintained for Fiscal Year
86 2005. It is further the intention of the Legislature that the
87 agency's budget request for Fiscal Year 2007 shall be submitted to

88 the Joint Legislative Budget Committee in a format and level of
89 detail comparable to the format and level of detail provided
90 during the Fiscal Year 2006 budget request process.

91 **SECTION 5.** It is the intention of the Legislature that the
92 Department of Marine Resources shall have the authority to
93 receive, budget and expend funds from any source that may become

96 manner consistent with the escalation of federal funds.

98 appropriated, the following sum, or so much thereof as may be
99 necessary, is hereby appropriated out of any money in the State
100 Treasury to the credit of the Tidelands Fund No. 3452 to the
