442 incurred within the twenty-four (24) consecutive calendar months
443 immediately preceding the date that the certificate of need
444 authorizing the conversion was issued, to the same extent that
445 reimbursement would be allowed for construction of a new nursing

458 a resident who has a diagnosis of Alzheimer's or other related
459 dementia and exhibits symptoms that require special care. Any
460 such case-mix add-on payment shall be supported by a determination
461 of additional cost. The division shall also develop and implement
462 as part of the fair rental reimbursement system for nursing
463 facility beds, an Alzheimer's resident bed depreciation enhanced
464 reimbursement system that will provide an incentive to encourage
465 nursing facilities to convert or construct beds for residents with
466 Alzheimer's or other related dementia.

467 (f) The division shall develop and implement an
468 assessment process for long-term care services. The division may
469 provide the assessment and related functions directly or through
470 contract with the area agencies on aging.

480 by the screening services, regardless of whether these services
481 are included in the state plan. The division may include in its
482 periodic screening and diagnostic program those discretionary
483 services authorized under the federal regulations adopted to
484 implement Title XIX of the federal Social Security Act, as

485 amended. The division, in obtaining physical therapy services,
486 occupational therapy services, and services for individuals with
487 speech, hearing and language disorders, may enter into a

491 appropriation to the Department of Education to obtain federal
492 matching funds through the division. The division, in obtaining
493 medical and psychological evaluations for children in the custody
494 of the State Department of Human Services may enter into a

503 and as may be adjusted each July thereafter, under Medicare (Title
504 XVIII of the federal Social Security Act, as amended) * * *. The
505 division may develop and implement a different reimbursement model

520 amended). "Emergency medical transportation services" shall mean,
521 but shall not be limited to, the following services by a properly

534 states in order to lower acquisition costs of prescription drugs
535 to include single source and innovator multiple source drugs or
536 generic drugs. In addition, if allowed by federal law or
537 regulation, the division may seek to establish relationships with
538 and negotiate with other countries to facilitate the acquisition
539 of prescription drugs to include single source and innovator
540 multiple source drugs or generic drugs, if that will lower the
541 acquisition costs of those prescription drugs.

542 The division shall allow for a combination of prescriptions
543 for single source and innovator multiple source drugs and generic
544 drugs to meet the needs of the beneficiaries, not to exceed five
545 (5) prescriptions * * * per month for each noninstitutionalized

558 available. The division may require that drugs not covered by
559 Medicare Part D for a resident of a long-term care facility be
560 provided in true unit doses when available. Those drugs that were
561 originally billed to the division but are not used by a resident
562 in any of those facilities shall be returned to the billing
563 pharmacy for credit to the division, in accordance with the
564 guidelines of the State Board of Pharmacy and any requirements of
565 federal law and regulation. Drugs shall be dispensed to a

569 determined by the division not exceeding Seven Dollars and
570 Eighty-two Cents (\$7.82).

571 The voluntary preferred drug list shall be expanded to
572 function in the interim in order to have a manageable prior
573 authorization system, thereby minimizing disruption of service to
574 beneficiaries.

575 Except for those specific maintenance drugs approved by the
576 executive director, the division shall not reimburse for any
577 portion of a prescription that exceeds a thirty-one-day supply of
578 the drug based on the daily dosage.

581 demonstrated savings, but in no case shall the total payment
582 exceed twice the amount of the dispensing fee.

583 All claims for drugs for dually eligible Medicare/Medicaid
584 beneficiaries that are paid for by Medicare must be submitted to
585 Medicare for payment before they may be processed by the

588 in tamper-resistant packaging that are prescribed for a resident
589 of a nursing facility but are not dispensed to the resident shall
590 be returned to the pharmacy and not billed to Medicaid, in
591 accordance with guidelines of the State Board of Pharmacy.

592 The division shall develop and implement a method or methods
593 by which the division will provide on a regular basis to Medicaid
594 providers who are authorized to prescribe drugs, information about
595 the costs to the Medicaid program of single source drugs and
596 innovator multiple source drugs, and information about other drugs
597 that may be prescribed as alternatives to those single source
598 drugs and innovator multiple source drugs and the costs to the
599 Medicaid program of those alternative drugs.

600 Notwithstanding any other state law, information obtained or
601 maintained by the division regarding the prescription drug
602 program, including trade secrets and manufacturer or labeler
603 pricing, is confidential and not subject to disclosure.

604 (b) Payment by the division for covered

622 division, shall be not less than Three Dollars and Ninety-one
623 Cents (\$3.91), as determined by the division.

624 The division shall not reimburse for single source or
625 innovator multiple source drugs if there are equally effective
626 generic equivalents available and if the generic equivalents are

937 under regulations adopted by the board, under regulations adopted
938 by the division. Reimbursement for those services shall not
939 exceed ninety percent (90%) of the reimbursement rate for
940 comparable services rendered by a physician.

941 (46) The division shall make application to the federal
942 Centers for Medicare and Medicaid Services (CMS) for a waiver to
943 develop and provide services for children with serious emotional
944 disturbances as defined in Section 43-14-1(1), which may include
945 home- and community-based services, case management services or

946 managed care services through mental health providers certified by
947 the Department of Mental Health. The division may implement and
948 provide services under this waived program only if funds for
949 these services are specifically appropriated for this purpose by
950 the Legislature, or if funds are voluntarily provided by affected
951 agencies.

952 (47) (a) Notwithstanding any other provision in this
953 article to the contrary, the division, in conjunction with the
954 State Department of Health, may develop and implement disease
955 management programs for individuals with high-cost chronic
956 diseases and conditions, including the use of grants, waivers,
957 demonstrations or other projects as necessary.

958 (b) Participation in any disease management
959 program implemented under this paragraph (47) is optional with the
960 individual. An individual must affirmatively elect to participate
961 in the disease management program in order to participate.

962 (c) An individual who participates in the disease
963 management program has the option of participating in the
964 prescription drug home delivery component of the program at any
965 time while participating in the program. An individual must
966 affirmatively elect to participate in the prescription drug home
967 delivery component in order to participate.

968 (d) An individual who participates in the disease
969 management program may elect to discontinue participation in the
970 program at any time. An individual who participates in the
971 prescription drug home delivery component may elect to discontinue
972 participation in the prescription drug home delivery component at
973 any time.

974 (e) The division shall send written notice to all
975 individuals who participate in the disease management program
976 informing them that they may continue using their local pharmacy
977 or any other pharmacy of their choice to obtain their prescription
978 drugs while participating in the program.

979 (f) Prescription drugs that are provided to
980 individuals under the prescription drug home delivery component
981 shall be limited only to those drugs that are used for the
982 treatment, management or care of asthma, diabetes or hypertension.

983 (48) Pediatric long-term acute care hospital services.

984 (a) Pediatric long-term acute care hospital
985 services means services provided to eligible persons under
986 twenty-one (21) years of age by a freestanding Medicare-certified
987 hospital that has an average length of inpatient stay greater than
988 twenty-five (25) days and that is primarily engaged in providing
989 chronic or long-term medical care to persons under twenty-one (21)
990 years of age.

991 (b) The services under this paragraph (48) shall
992 be reimbursed as a separate category of hospital services.

993 (49) The division shall establish co-payments and/or
994 coinsurance for all Medicaid services for which co-payments and/or
995 coinsurance are allowable under federal law or regulation, and
996 shall set the amount of the co-payment and/or coinsurance for each
997 of those services at the maximum amount allowable under federal
998 law or regulation.

999 (50) Services provided by the State Department of
1000 Rehabilitation Services for the care and rehabilitation of persons
1001 who are deaf and blind, as allowed under waivers from the United
1002 States Department of Health and Human Services to provide home-
1003 and community-based services using state funds that are provided
1004 from the appropriation to the State Department of Rehabilitation
1005 Services or if funds are voluntarily provided by another agency.

1006 (51) Upon determination of Medicaid eligibility and in
1007 association with annual redetermination of Medicaid eligibility,
1008 beneficiaries shall be encouraged to undertake a physical
1009 examination that will establish a base-line level of health and
1010 identification of a usual and customary source of care (a medical
1011 home) to aid utilization of disease management tools. This

1012 physical examination and utilization of these disease management
1013 tools shall be consistent with current United States Preventive
1014 Services Task Force or other recognized authority recommendations.

1015 For persons who are determined ineligible for Medicaid, the
1016 division will provide information and direction for accessing
1017 medical care and services in the area of their residence.

1018 (52) Notwithstanding any provisions of this article,
1019 the division may pay enhanced reimbursement fees related to trauma
1020 care, as determined by the division in conjunction with the State
1021 Department of Health, using funds appropriated to the State
1022 Department of Health for trauma care and services and used to
1023 match federal funds under a cooperative agreement between the
1024 division and the State Department of Health. The division, in
1025 conjunction with the State Department of Health, may use grants,
1026 waivers, demonstrations, or other projects as necessary in the
1027 development and implementation of this reimbursement program.

1028 (53) Targeted case management services for high-cost
1029 beneficiaries shall be developed by the division for all services
1030 under this section.

1031 Notwithstanding any other provision of this article to the
1032 contrary, the division shall reduce the rate of reimbursement to
1033 providers for any service provided under this section by five
1034 percent (5%) of the allowed amount for that service. However, the
1035 reduction in the reimbursement rates required by this paragraph
1036 shall not apply to inpatient hospital services, nursing facility
1037 services, intermediate care facility services, psychiatric
1038 residential treatment facility services, pharmacy services
1039 provided under paragraph (9) of this section, or any service
1040 provided by the University of Mississippi Medical Center or a
1041 state agency, a state facility or a public agency that either
1042 provides its own state match through intergovernmental transfer or
1043 certification of funds to the division, or a service for which the
1044 federal government sets the reimbursement methodology and rate.

1045 In addition, the reduction in the reimbursement rates required by
1046 this paragraph shall not apply to case management services and
1047 home-delivered meals provided under the home- and community-based
1048 services program for the elderly and disabled by a planning and
1049 development district (PDD). Planning and development districts
1050 participating in the home- and community-based services program
1051 for the elderly and disabled as case management providers shall be
1052 reimbursed for case management services at the maximum rate
1053 approved by the Centers for Medicare and Medicaid Services (CMS).

1054 The division may pay to those providers who participate in
1055 and accept patient referrals from the division's emergency room
1056 redirection program a percentage, as determined by the division,
1057 of savings achieved according to the performance measures and
1058 reduction of costs required of that program. Federally qualified
1059 health centers may participate in the emergency room redirection
1060 program, and the division may pay those centers a percentage of
1061 any savings to the Medicaid program achieved by the centers
1062 accepting patient referrals through the program, as provided in
1063 this paragraph.

1064 Notwithstanding any provision of this article, except as
1065 authorized in the following paragraph and in Section 43-13-139,
1066 neither (a) the limitations on quantity or frequency of use of or
1067 the fees or charges for any of the care or services available to
1068 recipients under this section, nor (b) the payments or rates of
1069 reimbursement to providers rendering care or services authorized
1070 under this section to recipients, may be increased, decreased or
1071 otherwise changed from the levels in effect on July 1, 1999,
1072 unless they are authorized by an amendment to this section by the
1073 Legislature. However, the restriction in this paragraph shall not
1074 prevent the division from changing the payments or rates of
1075 reimbursement to providers without an amendment to this section
1076 whenever those changes are required by federal law or regulation,
1077 or whenever those changes are necessary to correct administrative

1078 errors or omissions in calculating those payments or rates of
1079 reimbursement.

1080 Notwithstanding any provision of this article, no new groups
1081 or categories of recipients and new types of care and services may
1082 be added without enabling legislation from the Mississippi
1083 Legislature, except that the division may authorize those changes
1084 without enabling legislation when the addition of recipients or
1085 services is ordered by a court of proper authority.

1086 The executive director shall keep the Governor advised on a
1087 timely basis of the funds available for expenditure and the
1088 projected expenditures. If current or projected expenditures of
1089 the division * * * are reasonably anticipated to exceed the amount
1090 of * * * funds appropriated to the division for any fiscal year,
1091 the Governor, after consultation with the executive director,
1092 shall discontinue any or all of the payment of the types of care
1093 and services as provided in this section that are deemed to be
1094 optional services under Title XIX of the federal Social Security
1095 Act, as amended, and when necessary, shall institute any other
1096 cost containment measures on any program or programs authorized
1097 under the article to the extent allowed under the federal law
1098 governing that program or programs. However, the Governor shall
1099 not be authorized to discontinue or eliminate any service under
1100 this section that is mandatory under federal law, or to
1101 discontinue or eliminate, or adjust income limits or resource
1102 limits for, any eligibility category or group under Section
1103 43-13-115. It is the intent of the Legislature that the
1104 expenditures of the division during any fiscal year shall not
1105 exceed the amounts appropriated to the division for that fiscal
1106 year.

1107 Notwithstanding any other provision of this article, it shall
1108 be the duty of each nursing facility, intermediate care facility
1109 for the mentally retarded, psychiatric residential treatment
1110 facility, and nursing facility for the severely disabled that is

1111 participating in the Medicaid program to keep and maintain books,
1112 documents and other records as prescribed by the Division of
1113 Medicaid in substantiation of its cost reports for a period of
1114 three (3) years after the date of submission to the Division of
1115 Medicaid of an original cost report, or three (3) years after the
1116 date of submission to the Division of Medicaid of an amended cost
1117 report.

1119 **SECTION 3.** Section 43-13-145, Mississippi Code of 1972, is
1120 amended as follows:

1121 43-13-145. (1) (a) Upon each nursing facility * * *
1122 licensed by the State of Mississippi, there is levied an
1123 assessment in an amount set by division, not exceeding the maximum
1124 rate allowed by federal law or regulation, for each licensed and
1125 occupied bed of the facility.

1126 (b) A nursing facility * * * is exempt from the
1127 assessment levied under this subsection if the facility is
1128 operated under the direction and control of:

1129 (i) The United States Veterans Administration or
1130 other agency or department of the United States government;

1131 (ii) The State Veterans Affairs Board;

1132 (iii) The University of Mississippi Medical
1133 Center; or

1134 (iv) A state agency or a state facility that
1135 either provides its own state match through intergovernmental
1136 transfer or certification of funds to the division.

1137 (2) (a) Upon each intermediate care facility for the
1138 mentally retarded licensed by the State of Mississippi, there is
1139 levied an assessment in an amount set by the division, not
1140 exceeding the maximum rate allowed by federal law or regulation,
1141 for each licensed and occupied bed of the facility.

1142 (b) An intermediate care facility for the mentally
1143 retarded is exempt from the assessment levied under this

1144 subsection if the facility is operated under the direction and
1145 control of:

1146 (i) The United States Veterans Administration or
1147 other agency or department of the United States government;

1148 (ii) The State Veterans Affairs Board; or

1149 (iii) The University of Mississippi Medical
1150 Center.

1151 (3) (a) Upon each psychiatric residential treatment
1152 facility licensed by the State of Mississippi, there is levied an
1153 assessment in an amount set by the division, not exceeding the
1154 maximum rate allowed by federal law or regulation, for each
1155 licensed and occupied bed of the facility.

1156 (b) A psychiatric residential treatment facility is
1157 exempt from the assessment levied under this subsection if the
1158 facility is operated under the direction and control of:

1159 (i) The United States Veterans Administration or
1160 other agency or department of the United States government;

1161 (ii) The University of Mississippi Medical Center;

1162 (iii) A state agency or a state facility that
1163 either provides its own state match through intergovernmental
1164 transfer or certification of funds to the division.

1165 (4) (a) Upon each hospital licensed by the State of
1166 Mississippi, there is levied an assessment in the amount of Three
1167 Dollars and Twenty-five Cents (\$3.25) per bed for each licensed
1168 inpatient acute care bed of the hospital.

1169 (b) A hospital is exempt from the assessment levied
1170 under this subsection if the hospital is operated under the
1171 direction and control of:

1172 (i) The United States Veterans Administration or
1173 other agency or department of the United States government;

1174 (ii) The University of Mississippi Medical Center;

1175 or

1176 (iii) A state agency or a state facility that
1177 either provides its own state match through intergovernmental
1178 transfer or certification of funds to the division.

1179 (5) Each health care facility that is subject to the
1180 provisions of this section shall keep and preserve such suitable
1181 books and records as may be necessary to determine the amount of
1182 assessment for which it is liable under this section. The books
1183 and records shall be kept and preserved for a period of not less
1184 than five (5) years, and those books and records shall be open for
1185 examination during business hours by the division, the State Tax
1186 Commission, the Office of the Attorney General and the State
1187 Department of Health.

1188 (6) The assessment levied under this section shall be
1189 collected by the division each month beginning on the effective
1190 date of House Bill No. , First Extraordinary Session 2005.

1191 (7) All assessments collected under this section shall be
1192 deposited in the Medical Care Fund created by Section 43-13-143.

1193 (8) The assessment levied under this section shall be in
1194 addition to any other assessments, taxes or fees levied by law,
1195 and the assessment shall constitute a debt due the State of
1196 Mississippi from the time the assessment is due until it is paid.

1197 (9) (a) If a health care facility that is liable for
1198 payment of an assessment levied by the division does not pay the
1199 assessment when it is due, the division shall give written notice
1200 to the health care facility by certified or registered mail
1201 demanding payment of the assessment within ten (10) days from the
1202 date of delivery of the notice. If the health care facility
1203 fails or refuses to pay the assessment after receiving the notice
1204 and demand from the division, the division shall withhold from any
1205 Medicaid reimbursement payments that are due to the health care
1206 facility the amount of the unpaid assessment and a penalty of ten
1207 percent (10%) of the amount of the assessment, plus the legal rate
1208 of interest until the assessment is paid in full. If the health

1209 care facility does not participate in the Medicaid program, the
1210 division shall turn over to the Office of the Attorney General the
1211 collection of the unpaid assessment by civil action. In any such
1212 civil action, the Office of the Attorney General shall collect the
1213 amount of the unpaid assessment and a penalty of ten percent (10%)
1214 of the amount of the assessment, plus the legal rate of interest
1215 until the assessment is paid in full.

1216 (b) As an additional or alternative method for
1217 collecting unpaid assessments levied by the division, if a health
1218 care facility fails or refuses to pay the assessment after
1219 receiving notice and demand from the division, the division may
1220 file a notice of a tax lien with the circuit clerk of the county
1221 in which the health care facility is located, for the amount of
1222 the unpaid assessment and a penalty of ten percent (10%) of the
1223 amount of the assessment, plus the legal rate of interest until
1224 the assessment is paid in full. Immediately upon receipt of
1225 notice of the tax lien for the assessment, the circuit clerk shall
1226 enter the notice of the tax lien as a judgment upon the judgment
1227 roll and show in the appropriate columns the name of the health
1228 care facility as judgment debtor, the name of the division as
1229 judgment creditor, the amount of the unpaid assessment, and the
1230 date and time of enrollment. The judgment shall be valid as
1231 against mortgagees, pledgees, entrusters, purchasers, judgment
1232 creditors and other persons from the time of filing with the
1233 clerk. The amount of the judgment shall be a debt due the State
1234 of Mississippi and remain a lien upon the tangible property of the
1235 health care facility until the judgment is satisfied. The
1236 judgment shall be the equivalent of any enrolled judgment of a
1237 court of record and shall serve as authority for the issuance of
1238 writs of execution, writs of attachment or other remedial writs.

1239 **SECTION 4.** This act shall take effect and be in force from
1240 and after its passage.
