117       **SECTION 6.** With the funds herein appropriated, it is the  
118 intention of the Legislature that it shall be the agency's  
119 responsibility to make certain that funds required to be  
120 appropriated for "Personal Services" for Fiscal Year 2007 do not  
121 exceed Fiscal Year 2006 funds appropriated for that purpose,  
122 unless programs or positions are added to the agency's Fiscal Year  
123 2007 budget by the Mississippi Legislature. Based on data  
124 provided by the Legislative Budget Office, the State Personnel  
125 Board shall determine and publish the projected annual cost to  
126 fully fund all appropriated positions in compliance with the  
127 provisions of this act. It shall be the responsibility of the  
128 agency head to insure that no single personnel action increases  
129 this projected annual cost and/or the Fiscal Year 2006  
130 appropriation for "Personal Services" when annualized, with the  
131 exception of escalated funds. If, at the time the agency takes  
132 any action to change "Personal Services," the State Personnel  
133 Board determines that the agency has taken an action which would  
134 cause the agency to exceed this projected annual cost or the

Fiscal Year 2006 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

The agency shall not take any action to promote or otherwise award salary increases through reallocation, reclassification, realignment, education benchmark, career ladder, or any other means to increase salaries of employees or positions unless specifically exempted by the following conditions: the award of teacher pay increases, the advancement of a trainee/cadet to the next level of a bona fide career ladder, the award of an educational benchmark for the attainment of Certified Public Accountant License or higher level professional certification as determined by the State Personnel Board, the immediate replacement of a departing employee with an individual from within state service or a new hire at a salary level equivalent to that of the departing employee, and the emergency appointment of nurses, pharmacists or other health care professionals at a salary to be determined by the State Personnel Board, unless otherwise authorized in this act.

169       **SECTION 7.** The Bureau of Building, Grounds and Real Property  
170 Management of the Office of General Services is hereby expressly  
171 authorized and empowered to receive, budget and expend any state,  
172 local or other source funds designated for supplemental funding of  
173 construction and/or repairs and renovation projects.

174       **SECTION 8.** Of the funds appropriated under the provisions of  
175 Section 2, the following amounts are authorized to be spent out of  
176 the Statewide Cost Allocation Fund No. 3143 by the Department of  
177 Finance and Administration:

178       (a) Three Hundred Two Thousand Fifty Dollars (\$302,050.00)  
179       for the purpose of defraying computer expenses.

180       (b) One Million Eighty-seven Thousand One Hundred Twenty-  
181       eight Dollars (\$1,087,128.00) for the purpose of  
182       defraying the cost of the acquisition, development and  
183       implementation of the Statewide Automated Accounting  
184       System, which includes implementation and operation of  
185       an imaging/electronic processing system and records  
186       management.

187       (c) One Million One Hundred Ninety-eight Thousand Two  
188       Hundred Thirty-six Dollars (\$1,198,236.00) for the  
189       purpose of defraying the expenses of administration of  
190       the Statewide Cost Allocation Plan, utilities for the  
191       Capitol Complex, and Air Transport Services.

192       **SECTION 9.** It is the intention of the Legislature that the  
193 Department of Finance and Administration shall maintain complete  
194 accounting and personnel records related to the expenditure of all  
195 funds appropriated under this act and that such records shall be  
196 in the same format and level of detail as maintained for Fiscal  
197 Year 2005. It is further the intention of the Legislature that  
198 the agency's budget request for Fiscal Year 2007 shall be  
199 submitted to the Joint Legislative Budget Committee in a format  
200 and level of detail comparable to the format and level of detail  
201 provided during the Fiscal Year 2006 budget request process.

202       **SECTION 10.** It is the intention of the Legislature that the  
203 Executive Director of the Mississippi Department of Finance and

Administration may authorize increases in major objects of expenditure in total amounts not to exceed twenty-five percent (25%) of the appropriated amount of each major object of expenditure, provided that other major objects of expenditure are decreased by a corresponding dollar amount. However, no transfers shall be authorized which increase the major object of expenditure "Salaries, Wages and Fringe Benefits."

**SECTION 11.** The Department of Finance and Administration shall have the authority to enter into leases with the vendors at the property located in the northwest quadrant of the intersection of Woodrow Wilson Avenue and West Street in Jackson, Mississippi, commonly known as the Farmer's Market for a lease period not to exceed two (2) years. The Department of Finance and Administration is required to offer a lease agreement to each vendor that is occupying lease space as of April 1, 2005, at said location. Only those vendors which are current vendors of the Farmer's Market located in the northwest quadrant of the intersection of Woodrow Wilson Avenue and West Street in Jackson, Mississippi, at the time of passage may enter into leases with the Department of Finance and Administration. The funds derived from the rent proceeds of said property shall be deposited in the Capital Facilities Rent Fund (Fund 3131) in the State Treasury. The Department of Finance and Administration shall not increase the rent charged to vendors. It is the intention of the Legislature that the Department of Finance and Administration is hereby authorized to escalate, budget, and expend funds in an amount not to exceed Three Hundred Thousand Dollars (\$300,000.00) and four (4) permanent position for costs associated with maintaining, repairing, providing security, paying utilities, and related expenses for said property. The escalation authority granted in this section shall only be permitted with funds derived from rent revenues from leases on said properties.

**SECTION 12.** The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon

239 warrants issued by the State Fiscal Officer; and the State Fiscal  
240 Officer shall issue his warrants upon requisitions signed by the  
241 proper person, officer or officers, in the manner provided by law.
