379 With the funds herein appropriated, it is the intention of
380 the Legislature that it shall be the agency's responsibility to
381 make certain that funds required to be appropriated for "Personal
382 Services" for Fiscal Year 2006 do not exceed Fiscal Year 2005
383 funds appropriated for that purpose, unless programs or positions
384 are added to the agency's Fiscal Year 2006 budget by the
385 Mississippi Legislature. Based on data provided by the
386 Legislative Budget Office, the State Personnel Board shall
387 determine and publish the projected annual cost to fully fund all
388 appropriated positions in compliance with the provisions of this
389 act. It shall be the responsibility of the agency head to insure
390 that no single personnel action increases this projected annual
391 cost and/or the Fiscal Year 2005 appropriation for "Personal
392 Services" when annualized, with the exception of escalated funds.
393 If, at the time the agency takes any action to change "Personal
394 Services," the State Personnel Board determines that the agency
395 has taken an action which would cause the agency to exceed this
396 projected annual cost or the Fiscal Year 2005 "Personal Services"
397 appropriated level, when annualized, then only those actions which
398 reduce the projected annual cost and/or the appropriation

399 requirement will be processed by the State Personnel Board until
400 such time as the requirements of this provision are met.

401 Any transfers or escalations shall be made in accordance with
402 the terms, conditions and procedures established by law or
403 allowable under the terms set forth within this act. The State
404 Personnel Board shall not escalate positions without written
405 approval from the Department of Finance and Administration. The
406 Department of Finance and Administration shall not provide written
407 approval to escalate any funds for salaries and/or positions
408 without proof of availability of new or additional funds above the
409 appropriated level.

410 No general funds authorized to be expended herein shall be
411 used to replace federal funds and/or other special funds which are
412 being used for salaries authorized under the provisions of this
413 act and which are withdrawn and no longer available.

414 **SECTION 3.** Section 3, Chapter 111, Laws of 2004, is amended

509 the Legislature that it shall be the agency's responsibility to
510 make certain that funds required to be appropriated for "Personal
511 Services" for Fiscal Year 2006 do not exceed Fiscal Year 2005
512 funds appropriated for that purpose, unless programs or positions
513 are added to the agency's Fiscal Year 2006 budget by the
514 Mississippi Legislature. Based on data provided by the
515 Legislative Budget Office, the State Personnel Board shall

545 General Fund not otherwise appropriated, to the Mississippi
546 Emergency Management Agency for the purpose of defraying certain

883 With the funds herein appropriated, it is the intention of
884 the Legislature that it shall be the agency's responsibility to
885 make certain that funds required to be appropriated for "Personal
886 Services" for Fiscal Year 2006 do not exceed Fiscal Year 2005
887 funds appropriated for that purpose, unless programs or positions
888 are added to the agency's Fiscal Year 2006 budget by the
889 Mississippi Legislature. Based on data provided by the
890 Legislative Budget Office, the State Personnel Board shall
891 determine and publish the projected annual cost to fully fund all
892 appropriated positions in compliance with the provisions of this
893 act. It shall be the responsibility of the agency head to insure
894 that no single personnel action increases this projected annual
895 cost and/or the Fiscal Year 2005 appropriation for "Personal
896 Services" when annualized, with the exception of escalated funds.
897 If, at the time the agency takes any action to change "Personal
898 Services," the State Personnel Board determines that the agency
899 has taken an action which would cause the agency to exceed this
900 projected annual cost or the Fiscal Year 2005 "Personal Services"
901 appropriated level, when annualized, then only those actions which
902 reduce the projected annual cost and/or the appropriation
903 requirement will be processed by the State Personnel Board until
904 such time as the requirements of this provision are met.

905 Any transfers or escalations shall be made in accordance with
906 the terms, conditions and procedures established by law or
907 allowable under the terms set forth within this act. The State
908 Personnel Board shall not escalate positions without written
909 approval from the Department of Finance and Administration. The

910 Department of Finance and Administration shall not provide written
911 approval to escalate any funds for salaries and/or positions
912 without proof of availability of new or additional funds above the
913 appropriated level.

914 No general funds authorized to be expended herein shall be
915 used to replace federal funds and/or other special funds which are
916 being used for salaries authorized under the provisions of this
917 act and which are withdrawn and no longer available.

944 With the funds herein appropriated, it is the intention of
945 the Legislature that it shall be the agency's responsibility to
946 make certain that funds required to be appropriated for "Personal
947 Services" for Fiscal Year 2006 do not exceed Fiscal Year 2005
948 funds appropriated for that purpose, unless programs or positions
949 are added to the agency's Fiscal Year 2006 budget by the
950 Mississippi Legislature. Based on data provided by the
951 Legislative Budget Office, the State Personnel Board shall
952 determine and publish the projected annual cost to fully fund all
953 appropriated positions in compliance with the provisions of this
954 act. It shall be the responsibility of the agency head to insure
955 that no single personnel action increases this projected annual
956 cost and/or the Fiscal Year 2005 appropriation for "Personal
957 Services" when annualized, with the exception of escalated funds.
958 If, at the time the agency takes any action to change "Personal
959 Services," the State Personnel Board determines that the agency
960 has taken an action which would cause the agency to exceed this
961 projected annual cost or the Fiscal Year 2005 "Personal Services"
962 appropriated level, when annualized, then only those actions which
963 reduce the projected annual cost and/or the appropriation
964 requirement will be processed by the State Personnel Board until
965 such time as the requirements of this provision are met.

966 Any transfers or escalations shall be made in accordance with
967 the terms, conditions and procedures established by law or
968 allowable under the terms set forth within this act. The State
969 Personnel Board shall not escalate positions without written
970 approval from the Department of Finance and Administration. The
971 Department of Finance and Administration shall not provide written
972 approval to escalate any funds for salaries and/or positions

973 without proof of availability of new or additional funds above the
974 appropriated level.

975 No general funds authorized to be expended herein shall be
976 used to replace federal funds and/or other special funds which are
977 being used for salaries authorized under the provisions of this
978 act and which are withdrawn and no longer available.

979 **SECTION 8.** This act shall take effect and be in force from
980 and after its passage.

**Further, amend by striking the title in its entirety and
