HOUSE BILL NO. 986

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
 2 TO PROVIDE THAT SERVICES RELATED TO ORGAN TRANSPLANTS SHALL BE  
 3 REIMBURSABLE UNDER MEDICAID; TO AUTHORIZE THE DIVISION OF MEDICAID  
 4 TO PAY ENHANCED RATES OF REIMBURSEMENT TO PROVIDERS FOR THOSE  
 5 SERVICES; TO AUTHORIZE THE DIVISION TO NEGOTIATE WITH HOSPITALS  
 6 WITHIN AND OUTSIDE OF MISSISSIPPI REGARDING THE RATES OF  
 7 REIMBURSEMENT THAT THE DIVISION WILL PAY FOR THOSE SERVICES; AND  
 8 FOR RELATED PURPOSES.

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

10 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
 11 amended as follows:

12 43-13-117. Medicaid as authorized by this article shall  
 13 include payment of part or all of the costs, at the discretion of  
 14 the division, with approval of the Governor, of the following  
 15 types of care and services rendered to eligible applicants who  
 16 have been determined to be eligible for that care and services,  
 17 within the limits of state appropriations and federal matching  
 18 funds:

19 (1) Inpatient hospital services.

20 (a) The division shall allow thirty (30) days of  
 21 inpatient hospital care annually for all Medicaid recipients.  
 22 Precertification of inpatient days must be obtained as required by  
 23 the division. The division may allow unlimited days in  
 24 disproportionate hospitals as defined by the division for eligible  
 25 infants and children under the age of six (6) years if certified  
 26 as medically necessary as required by the division.

27 (b) From and after July 1, 1994, the Executive  
 28 Director of the Division of Medicaid shall amend the Mississippi  
 29 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
 30 occupancy rate penalty from the calculation of the Medicaid

31 Capital Cost Component utilized to determine total hospital costs  
32 allocated to the Medicaid program.

33 (c) Hospitals will receive an additional payment  
34 for the implantable programmable baclofen drug pump used to treat  
35 spasticity that is implanted on an inpatient basis. The payment  
36 pursuant to written invoice will be in addition to the facility's  
37 per diem reimbursement and will represent a reduction of costs on  
38 the facility's annual cost report, and shall not exceed Ten  
39 Thousand Dollars (\$10,000.00) per year per recipient.

40 (2) Outpatient hospital services.

41 (a) Emergency services. The division shall allow  
42 six (6) medically necessary emergency room visits per beneficiary  
43 per fiscal year.

44 (b) Other outpatient hospital services. The  
45 division shall allow benefits for other medically necessary  
46 outpatient hospital services (such as chemotherapy, radiation,  
47 surgery and therapy). Where the same services are reimbursed as  
48 clinic services, the division may revise the rate or methodology  
49 of outpatient reimbursement to maintain consistency, efficiency,  
50 economy and quality of care.

51 (3) Laboratory and x-ray services.

52 (4) Nursing facility services.

53 (a) The division shall make full payment to  
54 nursing facilities for each day, not exceeding fifty-two (52) days  
55 per year, that a patient is absent from the facility on home  
56 leave. Payment may be made for the following home leave days in  
57 addition to the fifty-two-day limitation: Christmas, the day  
58 before Christmas, the day after Christmas, Thanksgiving, the day  
59 before Thanksgiving and the day after Thanksgiving.

60 (b) From and after July 1, 1997, the division  
61 shall implement the integrated case-mix payment and quality  
62 monitoring system, which includes the fair rental system for  
63 property costs and in which recapture of depreciation is

64 eliminated. The division may reduce the payment for hospital  
65 leave and therapeutic home leave days to the lower of the case-mix  
66 category as computed for the resident on leave using the  
67 assessment being utilized for payment at that point in time, or a  
68 case-mix score of 1.000 for nursing facilities, and shall compute  
69 case-mix scores of residents so that only services provided at the  
70 nursing facility are considered in calculating a facility's per  
71 diem.

72 (c) From and after July 1, 1997, all state-owned  
73 nursing facilities shall be reimbursed on a full reasonable cost  
74 basis.

75 (d) When a facility of a category that does not  
76 require a certificate of need for construction and that could not  
77 be eligible for Medicaid reimbursement is constructed to nursing  
78 facility specifications for licensure and certification, and the  
79 facility is subsequently converted to a nursing facility under a  
80 certificate of need that authorizes conversion only and the  
81 applicant for the certificate of need was assessed an application  
82 review fee based on capital expenditures incurred in constructing  
83 the facility, the division shall allow reimbursement for capital  
84 expenditures necessary for construction of the facility that were  
85 incurred within the twenty-four (24) consecutive calendar months  
86 immediately preceding the date that the certificate of need  
87 authorizing the conversion was issued, to the same extent that  
88 reimbursement would be allowed for construction of a new nursing  
89 facility under a certificate of need that authorizes that  
90 construction. The reimbursement authorized in this subparagraph  
91 (d) may be made only to facilities the construction of which was  
92 completed after June 30, 1989. Before the division shall be  
93 authorized to make the reimbursement authorized in this  
94 subparagraph (d), the division first must have received approval  
95 from the Centers for Medicare and Medicaid Services (CMS) of the  
96 change in the state Medicaid plan providing for the reimbursement.

97                   (e) The division shall develop and implement, not  
98 later than January 1, 2001, a case-mix payment add-on determined  
99 by time studies and other valid statistical data that will  
100 reimburse a nursing facility for the additional cost of caring for  
101 a resident who has a diagnosis of Alzheimer's or other related  
102 dementia and exhibits symptoms that require special care. Any  
103 such case-mix add-on payment shall be supported by a determination  
104 of additional cost. The division shall also develop and implement  
105 as part of the fair rental reimbursement system for nursing  
106 facility beds, an Alzheimer's resident bed depreciation enhanced  
107 reimbursement system that will provide an incentive to encourage  
108 nursing facilities to convert or construct beds for residents with  
109 Alzheimer's or other related dementia.

110                   (f) The division shall develop and implement an  
111 assessment process for long-term care services. The division may  
112 provide the assessment and related functions directly or through  
113 contract with the area agencies on aging.

114           The division shall apply for necessary federal waivers to  
115 assure that additional services providing alternatives to nursing  
116 facility care are made available to applicants for nursing  
117 facility care.

118                   (5) Periodic screening and diagnostic services for  
119 individuals under age twenty-one (21) years as are needed to  
120 identify physical and mental defects and to provide health care  
121 treatment and other measures designed to correct or ameliorate  
122 defects and physical and mental illness and conditions discovered  
123 by the screening services, regardless of whether these services  
124 are included in the state plan. The division may include in its  
125 periodic screening and diagnostic program those discretionary  
126 services authorized under the federal regulations adopted to  
127 implement Title XIX of the federal Social Security Act, as  
128 amended. The division, in obtaining physical therapy services,  
129 occupational therapy services, and services for individuals with

130 speech, hearing and language disorders, may enter into a  
131 cooperative agreement with the State Department of Education for  
132 the provision of those services to handicapped students by public  
133 school districts using state funds that are provided from the  
134 appropriation to the Department of Education to obtain federal  
135 matching funds through the division. The division, in obtaining  
136 medical and psychological evaluations for children in the custody  
137 of the State Department of Human Services may enter into a  
138 cooperative agreement with the State Department of Human Services  
139 for the provision of those services using state funds that are  
140 provided from the appropriation to the Department of Human  
141 Services to obtain federal matching funds through the division.

142 (6) Physician's services. The division shall allow  
143 twelve (12) physician visits annually. All fees for physicians'  
144 services that are covered only by Medicaid shall be reimbursed at  
145 ninety percent (90%) of the rate established on January 1, 1999,  
146 and as may be adjusted each July thereafter, under Medicare (Title  
147 XVIII of the federal Social Security Act, as amended). The  
148 division may develop and implement a different reimbursement model  
149 or schedule for physician's services provided by physicians based  
150 at an academic health care center and by physicians at rural  
151 health centers that are associated with an academic health care  
152 center.

153 (7) (a) Home health services for eligible persons, not  
154 to exceed in cost the prevailing cost of nursing facility  
155 services, not to exceed twenty-five (25) visits per year. All  
156 home health visits must be precertified as required by the  
157 division.

158 (b) Repealed.

159 (8) Emergency medical transportation services. On  
160 January 1, 1994, emergency medical transportation services shall  
161 be reimbursed at seventy percent (70%) of the rate established  
162 under Medicare (Title XVIII of the federal Social Security Act, as

163 amended). "Emergency medical transportation services" shall mean,  
164 but shall not be limited to, the following services by a properly  
165 permitted ambulance operated by a properly licensed provider in  
166 accordance with the Emergency Medical Services Act of 1974  
167 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
168 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
169 (vi) disposable supplies, (vii) similar services.

170 (9) (a) Legend and other drugs as may be determined by  
171 the division.

172 The division shall establish a mandatory preferred drug list.  
173 Drugs not on the mandatory preferred drug list shall be made  
174 available by utilizing prior authorization procedures established  
175 by the division.

176 The division may seek to establish relationships with other  
177 states in order to lower acquisition costs of prescription drugs  
178 to include single source and innovator multiple source drugs or  
179 generic drugs. In addition, if allowed by federal law or  
180 regulation, the division may seek to establish relationships with  
181 and negotiate with other countries to facilitate the acquisition  
182 of prescription drugs to include single source and innovator  
183 multiple source drugs or generic drugs, if that will lower the  
184 acquisition costs of those prescription drugs.

185 The division shall allow for a combination of prescriptions  
186 for single source and innovator multiple source drugs and generic  
187 drugs to meet the needs of the beneficiaries, not to exceed five  
188 (5) prescriptions per month for each noninstitutionalized Medicaid  
189 beneficiary, with not more than two (2) of those prescriptions  
190 being for single source or innovator multiple source drugs.

191 The executive director may approve specific maintenance drugs  
192 for beneficiaries with certain medical conditions, which may be  
193 prescribed and dispensed in three-month supply increments. The  
194 executive director may allow a state agency or agencies to be the  
195 sole source purchaser and distributor of hemophilia factor

196 medications, HIV/AIDS medications and other medications as  
197 determined by the executive director as allowed by federal  
198 regulations.

199       Drugs prescribed for a resident of a psychiatric residential  
200 treatment facility must be provided in true unit doses when  
201 available. The division may require that drugs not covered by  
202 Medicare Part D for a resident of a long-term care facility be  
203 provided in true unit doses when available. Those drugs that were  
204 originally billed to the division but are not used by a resident  
205 in any of those facilities shall be returned to the billing  
206 pharmacy for credit to the division, in accordance with the  
207 guidelines of the State Board of Pharmacy and any requirements of  
208 federal law and regulation. Drugs shall be dispensed to a  
209 recipient and only one (1) dispensing fee per month may be  
210 charged. The division shall develop a methodology for reimbursing  
211 for restocked drugs, which shall include a restock fee as  
212 determined by the division not exceeding Seven Dollars and  
213 Eighty-two Cents (\$7.82).

214       The voluntary preferred drug list shall be expanded to  
215 function in the interim in order to have a manageable prior  
216 authorization system, thereby minimizing disruption of service to  
217 beneficiaries.

218       Except for those specific maintenance drugs approved by the  
219 executive director, the division shall not reimburse for any  
220 portion of a prescription that exceeds a thirty-one-day supply of  
221 the drug based on the daily dosage.

222       The division shall develop and implement a program of payment  
223 for additional pharmacist services, with payment to be based on  
224 demonstrated savings, but in no case shall the total payment  
225 exceed twice the amount of the dispensing fee.

226       All claims for drugs for dually eligible Medicare/Medicaid  
227 beneficiaries that are paid for by Medicare must be submitted to

228 Medicare for payment before they may be processed by the  
229 division's on-line payment system.

230 The division shall develop a pharmacy policy in which drugs  
231 in tamper-resistant packaging that are prescribed for a resident  
232 of a nursing facility but are not dispensed to the resident shall  
233 be returned to the pharmacy and not billed to Medicaid, in  
234 accordance with guidelines of the State Board of Pharmacy.

235 The division shall develop and implement a method or methods  
236 by which the division will provide on a regular basis to Medicaid  
237 providers who are authorized to prescribe drugs, information about  
238 the costs to the Medicaid program of single source drugs and  
239 innovator multiple source drugs, and information about other drugs  
240 that may be prescribed as alternatives to those single source  
241 drugs and innovator multiple source drugs and the costs to the  
242 Medicaid program of those alternative drugs.

243 Notwithstanding any law or regulation, information obtained  
244 or maintained by the division regarding the prescription drug  
245 program, including trade secrets and manufacturer or labeler  
246 pricing, is confidential and not subject to disclosure except to  
247 other state agencies.

248 (b) Payment by the division for covered  
249 multisource drugs shall be limited to the lower of the upper  
250 limits established and published by the Centers for Medicare and  
251 Medicaid Services (CMS) plus a dispensing fee, or the estimated  
252 acquisition cost (EAC) as determined by the division, plus a  
253 dispensing fee, or the providers' usual and customary charge to  
254 the general public.

255 Payment for other covered drugs, other than multisource drugs  
256 with CMS upper limits, shall not exceed the lower of the estimated  
257 acquisition cost as determined by the division, plus a dispensing  
258 fee or the providers' usual and customary charge to the general  
259 public.

260 Payment for nonlegend or over-the-counter drugs covered by  
261 the division shall be reimbursed at the lower of the division's  
262 estimated shelf price or the providers' usual and customary charge  
263 to the general public.

264 The dispensing fee for each new or refill prescription,  
265 including nonlegend or over-the-counter drugs covered by the  
266 division, shall be not less than Three Dollars and Ninety-one  
267 Cents (\$3.91), as determined by the division.

268 The division shall not reimburse for single source or  
269 innovator multiple source drugs if there are equally effective  
270 generic equivalents available and if the generic equivalents are  
271 the least expensive.

272 It is the intent of the Legislature that the pharmacists  
273 providers be reimbursed for the reasonable costs of filling and  
274 dispensing prescriptions for Medicaid beneficiaries.

275 (10) Dental care that is an adjunct to treatment of an  
276 acute medical or surgical condition; services of oral surgeons and  
277 dentists in connection with surgery related to the jaw or any  
278 structure contiguous to the jaw or the reduction of any fracture  
279 of the jaw or any facial bone; and emergency dental extractions  
280 and treatment related thereto. On July 1, 1999, all fees for  
281 dental care and surgery under authority of this paragraph (10)  
282 shall be increased to one hundred sixty percent (160%) of the  
283 amount of the reimbursement rate that was in effect on June 30,  
284 1999. It is the intent of the Legislature to encourage more  
285 dentists to participate in the Medicaid program.

286 (11) Eyeglasses for all Medicaid beneficiaries who have  
287 (a) had surgery on the eyeball or ocular muscle that results in a  
288 vision change for which eyeglasses or a change in eyeglasses is  
289 medically indicated within six (6) months of the surgery and is in  
290 accordance with policies established by the division, or (b) one  
291 (1) pair every five (5) years and in accordance with policies  
292 established by the division. In either instance, the eyeglasses

293 must be prescribed by a physician skilled in diseases of the eye  
294 or an optometrist, whichever the beneficiary may select.

295 (12) Intermediate care facility services.

296 (a) The division shall make full payment to all  
297 intermediate care facilities for the mentally retarded for each  
298 day, not exceeding eighty-four (84) days per year, that a patient  
299 is absent from the facility on home leave. Payment may be made  
300 for the following home leave days in addition to the  
301 eighty-four-day limitation: Christmas, the day before Christmas,  
302 the day after Christmas, Thanksgiving, the day before Thanksgiving  
303 and the day after Thanksgiving.

304 (b) All state-owned intermediate care facilities  
305 for the mentally retarded shall be reimbursed on a full reasonable  
306 cost basis.

307 (13) Family planning services, including drugs,  
308 supplies and devices, when those services are under the  
309 supervision of a physician or nurse practitioner.

310 (14) Clinic services. Such diagnostic, preventive,  
311 therapeutic, rehabilitative or palliative services furnished to an  
312 outpatient by or under the supervision of a physician or dentist  
313 in a facility that is not a part of a hospital but that is  
314 organized and operated to provide medical care to outpatients.  
315 Clinic services shall include any services reimbursed as  
316 outpatient hospital services that may be rendered in such a  
317 facility, including those that become so after July 1, 1991. On  
318 July 1, 1999, all fees for physicians' services reimbursed under  
319 authority of this paragraph (14) shall be reimbursed at ninety  
320 percent (90%) of the rate established on January 1, 1999, and as  
321 may be adjusted each July thereafter, under Medicare (Title XVIII  
322 of the federal Social Security Act, as amended). The division may  
323 develop and implement a different reimbursement model or schedule  
324 for physician's services provided by physicians based at an  
325 academic health care center and by physicians at rural health

326 centers that are associated with an academic health care center.  
327 On July 1, 1999, all fees for dentists' services reimbursed under  
328 authority of this paragraph (14) shall be increased to one hundred  
329 sixty percent (160%) of the amount of the reimbursement rate that  
330 was in effect on June 30, 1999.

331 (15) Home- and community-based services for the elderly  
332 and disabled, as provided under Title XIX of the federal Social  
333 Security Act, as amended, under waivers, subject to the  
334 availability of funds specifically appropriated for that purpose  
335 by the Legislature.

336 (16) Mental health services. Approved therapeutic and  
337 case management services (a) provided by an approved regional  
338 mental health/retardation center established under Sections  
339 41-19-31 through 41-19-39, or by another community mental health  
340 service provider meeting the requirements of the Department of  
341 Mental Health to be an approved mental health/retardation center  
342 if determined necessary by the Department of Mental Health, using  
343 state funds that are provided from the appropriation to the State  
344 Department of Mental Health and/or funds transferred to the  
345 department by a political subdivision or instrumentality of the  
346 state and used to match federal funds under a cooperative  
347 agreement between the division and the department, or (b) provided  
348 by a facility that is certified by the State Department of Mental  
349 Health to provide therapeutic and case management services, to be  
350 reimbursed on a fee for service basis, or (c) provided in the  
351 community by a facility or program operated by the Department of  
352 Mental Health. Any such services provided by a facility described  
353 in subparagraph (b) must have the prior approval of the division  
354 to be reimbursable under this section. After June 30, 1997,  
355 mental health services provided by regional mental  
356 health/retardation centers established under Sections 41-19-31  
357 through 41-19-39, or by hospitals as defined in Section 41-9-3(a)  
358 and/or their subsidiaries and divisions, or by psychiatric

359 residential treatment facilities as defined in Section 43-11-1, or  
360 by another community mental health service provider meeting the  
361 requirements of the Department of Mental Health to be an approved  
362 mental health/retardation center if determined necessary by the  
363 Department of Mental Health, shall not be included in or provided  
364 under any capitated managed care pilot program provided for under  
365 paragraph (24) of this section.

366 (17) Durable medical equipment services and medical  
367 supplies. Precertification of durable medical equipment and  
368 medical supplies must be obtained as required by the division.  
369 The Division of Medicaid may require durable medical equipment  
370 providers to obtain a surety bond in the amount and to the  
371 specifications as established by the Balanced Budget Act of 1997.

372 (18) (a) Notwithstanding any other provision of this  
373 section to the contrary, the division shall make additional  
374 reimbursement to hospitals that serve a disproportionate share of  
375 low-income patients and that meet the federal requirements for  
376 those payments as provided in Section 1923 of the federal Social  
377 Security Act and any applicable regulations. However, from and  
378 after January 1, 1999, no public hospital shall participate in the  
379 Medicaid disproportionate share program unless the public hospital  
380 participates in an intergovernmental transfer program as provided  
381 in Section 1903 of the federal Social Security Act and any  
382 applicable regulations.

383 (b) The division shall establish a Medicare Upper  
384 Payment Limits Program, as defined in Section 1902(a)(30) of the  
385 federal Social Security Act and any applicable federal  
386 regulations, for hospitals, and may establish a Medicare Upper  
387 Payments Limits Program for nursing facilities. The division  
388 shall assess each hospital and, if the program is established for  
389 nursing facilities, shall assess each nursing facility, based on  
390 Medicaid utilization or other appropriate method consistent with  
391 federal regulations. The assessment will remain in effect as long

392 as the state participates in the Medicare Upper Payment Limits  
393 Program. The division shall make additional reimbursement to  
394 hospitals and, if the program is established for nursing  
395 facilities, shall make additional reimbursement to nursing  
396 facilities, for the Medicare Upper Payment Limits, as defined in  
397 Section 1902(a)(30) of the federal Social Security Act and any  
398 applicable federal regulations.

399 (19) (a) Perinatal risk management services. The  
400 division shall promulgate regulations to be effective from and  
401 after October 1, 1988, to establish a comprehensive perinatal  
402 system for risk assessment of all pregnant and infant Medicaid  
403 recipients and for management, education and follow-up for those  
404 who are determined to be at risk. Services to be performed  
405 include case management, nutrition assessment/counseling,  
406 psychosocial assessment/counseling and health education.

407 (b) Early intervention system services. The  
408 division shall cooperate with the State Department of Health,  
409 acting as lead agency, in the development and implementation of a  
410 statewide system of delivery of early intervention services, under  
411 Part C of the Individuals with Disabilities Education Act (IDEA).  
412 The State Department of Health shall certify annually in writing  
413 to the executive director of the division the dollar amount of  
414 state early intervention funds available that will be utilized as  
415 a certified match for Medicaid matching funds. Those funds then  
416 shall be used to provide expanded targeted case management  
417 services for Medicaid eligible children with special needs who are  
418 eligible for the state's early intervention system.  
419 Qualifications for persons providing service coordination shall be  
420 determined by the State Department of Health and the Division of  
421 Medicaid.

422 (20) Home- and community-based services for physically  
423 disabled approved services as allowed by a waiver from the United  
424 States Department of Health and Human Services for home- and

425 community-based services for physically disabled people using  
426 state funds that are provided from the appropriation to the State  
427 Department of Rehabilitation Services and used to match federal  
428 funds under a cooperative agreement between the division and the  
429 department, provided that funds for these services are  
430 specifically appropriated to the Department of Rehabilitation  
431 Services.

432           (21) Nurse practitioner services. Services furnished  
433 by a registered nurse who is licensed and certified by the  
434 Mississippi Board of Nursing as a nurse practitioner, including,  
435 but not limited to, nurse anesthetists, nurse midwives, family  
436 nurse practitioners, family planning nurse practitioners,  
437 pediatric nurse practitioners, obstetrics-gynecology nurse  
438 practitioners and neonatal nurse practitioners, under regulations  
439 adopted by the division. Reimbursement for those services shall  
440 not exceed ninety percent (90%) of the reimbursement rate for

653 examination that will establish a base-line level of health and  
654 identification of a usual and customary source of care (a medical  
655 home) to aid utilization of disease management tools. This

656 physical examination and utilization of these disease management  
657 tools shall be consistent with current United States Preventive  
658 Services Task Force or other recognized authority recommendations.

659 For persons who are determined ineligible for Medicaid, the  
660 division will provide information and direction for accessing  
661 medical care and services in the area of their residence.

662 (52) Notwithstanding any provisions of this article,  
663 the division may pay enhanced reimbursement fees related to trauma  
664 care, as determined by the division in conjunction with the State  
665 Department of Health, using funds appropriated to the State  
666 Department of Health for trauma care and services and used to  
667 match federal funds under a cooperative agreement between the  
668 division and the State Department of Health. The division, in  
669 conjunction with the State Department of Health, may use grants,  
670 waivers, demonstrations, or other projects as necessary in the  
671 development and implementation of this reimbursement program.

672 (53) Targeted case management services for high-cost  
673 beneficiaries shall be developed by the division for all services  
674 under this section.

675 (54) Services related to organ transplants. The  
676 division may pay enhanced rates of reimbursement to providers for  
677 those services, including the rates for surgery and the hospital  
678 per diem. The division is authorized to negotiate with hospitals  
679 within and outside of Mississippi regarding the rates of  
680 reimbursement that the division will pay for those services.

681 Notwithstanding any other provision of this article to the  
682 contrary, the division shall reduce the rate of reimbursement to  
683 providers for any service provided under this section by five  
684 percent (5%) of the allowed amount for that service. However, the  
685 reduction in the reimbursement rates required by this paragraph  
686 shall not apply to inpatient hospital services, nursing facility  
687 services, intermediate care facility services, psychiatric  
688 residential treatment facility services, pharmacy services

689 provided under paragraph (9) of this section, or any service  
690 provided by the University of Mississippi Medical Center or a  
691 state agency, a state facility or a public agency that either  
692 provides its own state match through intergovernmental transfer or  
693 certification of funds to the division, or a service for which the  
694 federal government sets the reimbursement methodology and rate.  
695 In addition, the reduction in the reimbursement rates required by  
696 this paragraph shall not apply to case management services and  
697 home-delivered meals provided under the home- and community-based  
698 services program for the elderly and disabled by a planning and  
699 development district (PDD). Planning and development districts  
700 participating in the home- and community-based services program  
701 for the elderly and disabled as case management providers shall be  
702 reimbursed for case management services at the maximum rate  
703 approved by the Centers for Medicare and Medicaid Services (CMS).

704 The division may pay to those providers who participate in  
705 and accept patient referrals from the division's emergency room  
706 redirection program a percentage, as determined by the division,  
707 of savings achieved according to the performance measures and  
708 reduction of costs required of that program. Federally qualified  
709 health centers may participate in the emergency room redirection  
710 program, and the division may pay those centers a percentage of  
711 any savings to the Medicaid program achieved by the centers'  
712 accepting patient referrals through the program, as provided in  
713 this paragraph.

714 Notwithstanding any provision of this article, except as  
715 authorized in the following paragraph and in Section 43-13-139,  
716 neither (a) the limitations on quantity or frequency of use of or  
717 the fees or charges for any of the care or services available to  
718 recipients under this section, nor (b) the payments or rates of  
719 reimbursement to providers rendering care or services authorized  
720 under this section to recipients, may be increased, decreased or  
721 otherwise changed from the levels in effect on July 1, 1999,

722 unless they are authorized by an amendment to this section by the  
723 Legislature. However, the restriction in this paragraph shall not  
724 prevent the division from changing the payments or rates of  
725 reimbursement to providers without an amendment to this section  
726 whenever those changes are required by federal law or regulation,  
727 or whenever those changes are necessary to correct administrative  
728 errors or omissions in calculating those payments or rates of  
729 reimbursement.

730 Notwithstanding any provision of this article, no new groups  
731 or categories of recipients and new types of care and services may  
732 be added without enabling legislation from the Mississippi  
733 Legislature, except that the division may authorize those changes  
734 without enabling legislation when the addition of recipients or  
735 services is ordered by a court of proper authority.

736 The executive director shall keep the Governor advised on a  
737 timely basis of the funds available for expenditure and the  
738 projected expenditures. If current or projected expenditures of  
739 the division are reasonably anticipated to exceed the amount of  
740 funds appropriated to the division for any fiscal year, the  
741 Governor, after consultation with the executive director, shall  
742 discontinue any or all of the payment of the types of care and  
743 services as provided in this section that are deemed to be  
744 optional services under Title XIX of the federal Social Security  
745 Act, as amended, and when necessary, shall institute any other  
746 cost containment measures on any program or programs authorized  
747 under the article to the extent allowed under the federal law  
748 governing that program or programs. However, the Governor shall  
749 not be authorized to discontinue or eliminate any service under  
750 this section that is mandatory under federal law, or to  
751 discontinue or eliminate, or adjust income limits or resource  
752 limits for, any eligibility category or group under Section  
753 43-13-115. It is the intent of the Legislature that the  
754 expenditures of the division during any fiscal year shall not

755 exceed the amounts appropriated to the division for that fiscal  
756 year.

757         Notwithstanding any other provision of this article, it shall  
758 be the duty of each nursing facility, intermediate care facility  
759 for the mentally retarded, psychiatric residential treatment  
760 facility, and nursing facility for the severely disabled that is  
761 participating in the Medicaid program to keep and maintain books,  
762 documents and other records as prescribed by the Division of  
763 Medicaid in substantiation of its cost reports for a period of  
764 three (3) years after the date of submission to the Division of  
765 Medicaid of an original cost report, or three (3) years after the  
766 date of submission to the Division of Medicaid of an amended cost  
767 report.

768         **SECTION 2.** This act shall take effect and be in force from  
769 and after July 1, 2006.
