146 37-6-13.

147 (5) (a) Basic Education Course. Subject to the extent of
148 appropriations available for such purpose, the School Executive
149 Management Institute of the State Department of Education shall
150 prepare and conduct a course of training for basic education for
151 the local school board members of this state, in order for board
152 members to carry out their duties more effectively and be exposed
153 to new ideas involving school restructuring. The basic course
154 shall be known as the "School Board Member Training Course" and
155 shall consist of at least twelve (12) hours of training. The
156 School Executive Management Institute shall issue certificates of
157 completion to those school board members who complete the basic

159 (b) Continuing Education Course. The Mississippi
160 School Boards Association shall be responsible for preparing and

162 local school board members of this state, in order for board
163 members to carry out their duties more effectively and be exposed
164 to new ideas involving school restructuring. The continuing

166 Course for School Board Members" and shall consist of at least six
167 (6) hours of training.

169 certificates of completion to those school board members who
170 complete the continuing education course. All costs and expenses
171 for preparing and conducting the continuing education course
172 provided for in this paragraph shall be paid out of any funds

187 school principals of this state, in order for principals to carry
188 out their duties more effectively and be exposed to new ideas
189 involving school management. The continuing education course
190 shall be known as the "Continuing Education Course for Principals"
191 and shall consist of at least six (6) hours of training. The
192 content of the continuing education courses and the time and place
193 such courses are to be conducted shall be determined by the School
194 Executive Management Institute or the Mississippi School Boards
195 Association; however, to the extent practicable, such training
196 sessions shall be held within geographical proximity of local
197 districts in order that travel times and costs shall not be
198 prohibitive.

199 The institute shall issue certificates of completion to those
200 principals who complete such courses. All costs and expenses for
201 preparing and conducting the basic and continuing education
202 courses provided for in this subsection shall be paid out of any
203 funds which are made available to the institute upon authorization
204 and appropriation by the Legislature.

205 (8) Principals and other administrators with career level
206 certifications at schools meeting Level 4 or 5 accreditation
207 standards are exempt from the requirements of this section,
208 subject to approval of the local superintendent.

210 amended as follows:

211 37-3-46. * * * The State Department of Education, in regard
212 to any district not meeting Level 4 or 5 accreditation standards,
213 as defined by the State Board of Education, shall:

214 (a) Provide to local school districts financial,
215 training and other assistance to implement and maintain a state
216 program of educational accountability and assessment of
217 performance.

218 (b) Provide to local school districts technical
219 assistance and training in the development, implementation and
220 administration of a personnel appraisal and compensation system
221 for all school employees. * * *

222 (c) Provide to local school districts technical
223 assistance in the development, implementation and administration
224 of programs designed to keep children in school voluntarily and to
225 prevent dropouts.

226 * * *

227 **SECTION 6.** Section 37-3-49, Mississippi Code of 1972, is
228 amended as follows:

229 37-3-49. (1) The State Department of Education shall
230 provide an instructional program and establish guidelines and
231 procedures for managing such program in the public schools as part
232 of the State Program of Educational Accountability and Assessment
233 of Performance as prescribed in Section 37-3-46. Public school
234 districts may (a) elect to adopt the instructional program and
235 management system provided by the State Department of Education,
236 or (b) elect to adopt an instructional program and management
237 system which meets or exceeds criteria established by the State
238 Department of Education for such. This provision shall begin with
239 the courses taught in Grades K-8 which contain skills tested
240 through the Mississippi Basic Skills Assessment Program and shall
241 proceed through all secondary school courses mandated for
242 graduation and all secondary school courses in the Mississippi
243 end-of-course testing program. Other state core objectives must

244 be included in the district's instructional program as they are
245 provided by the State Department of Education along with
246 instructional practices, resources, evaluation items and
247 management procedures. Districts are encouraged to adapt this
248 program and accompanying procedures to all other instructional
249 areas. The department shall provide that such program and
250 guidelines, or a program and guidelines developed by a local
251 school district which incorporates the core objectives from the
252 curriculum structure are enforced through the performance-based
253 accreditation system. It is the intent of the Legislature that
254 every effort be made to protect the instructional time in the
255 classroom and reduce the amount of paperwork which must be
256 completed by teachers. The State Department of Education shall
257 take steps to insure that school districts properly use staff
258 development time to work on the districts' instructional
259 management plans.

260 (2) The State Department of Education shall provide such
261 instructional program and management guidelines which shall
262 require for every public school district that:

263 (a) All courses taught in Grades K-8 which contain
264 skills which are tested through the Mississippi Basic Skills
265 Assessment Program, all secondary school courses mandated for
266 graduation, and all courses in the end-of-course testing program
267 shall include the State Department of Education's written list of
268 learning objectives.

269 (b) The local school board must adopt the objectives
270 that will form the core curriculum which will be systematically
271 delivered throughout the district.

272 (c) The set of objectives provided by the State
273 Department of Education must be accompanied by suggested
274 instructional practices and resources that would help teachers
275 organize instruction so as to promote student learning of the
276 objectives. Objectives added by the school district must also be

277 accompanied by suggested instructional practices and resources
278 that would help teachers organize instruction. The instructional
279 practices and resources that are identified are to be used as
280 suggestions and not as requirements that teachers must follow.
281 The goal of the program is to have students to achieve the desired
282 objective and not to limit teachers in the way they teach.

283 (d) Standards for student performance must be
284 established for each core objective in the local program and those
285 standards establish the district's definition of mastery for each
286 objective.

287 (e) There shall be an annual review of student
288 performance in the instructional program against locally
289 established standards. When weaknesses exist in the local
290 instructional program, the district shall take action to improve
291 student performance.

292 (3) The State Board of Education and the board of trustees
293 of each school district shall adopt policies to limit and reduce
294 the number and length of written reports that classroom teachers
295 are required to prepare.

296 (4) This section shall not be construed to limit teachers
297 from using their own professional skills to help students master
298 instructional objectives, nor shall it be construed as a call for
299 more detailed or complex lesson plans or any increase in testing
300 at the local school district level.

301 (5) Districts meeting Level 4 or 5 accreditation standards,
302 as defined by the State Board of Education, shall be exempted from
303 the provisions of subsection (2) of this section.

304 **SECTION 7.** Section 37-7-337, Mississippi Code of 1972, is
305 amended as follows:

306 37-7-337. (1) The governing authorities of the county,
307 counties or city in which a school district is located and the
308 school board of each school district shall develop a five-year

309 plan to encourage community involvement with the schools in such
310 district. * * *

311 (2) Districts meeting Level 4 or 5 accreditation standards,
312 as defined by the State Board of Education, shall be exempted from
313 the mandatory provisions of this section.

314 **SECTION 8.** Section 37-17-8, Mississippi Code of 1972, is
315 amended as follows:

316 37-17-8. (1) The State Board of Education, through the
317 Commission on School Accreditation, shall establish criteria for
318 comprehensive in-service staff development plans. These criteria
319 shall: (a) include, but not be limited to, formula and guidelines
320 for allocating available state funds for in-service training to
321 local school districts; (b) require that a portion of the plans be
322 devoted exclusively for the purpose of providing staff development
323 training for beginning teachers within that local school district
324 and for no other purpose; and (c) require that a portion of the
325 school district's in-service training for administrators and
326 teachers be dedicated to the application and utilization of
327 various disciplinary techniques. The board shall each year make
328 recommendations to the Legislature concerning the amount of funds
329 which shall be appropriated for this purpose.

330 (2) * * * School districts shall not be required to submit
331 staff development plans to the Commission on School Accreditation
332 for approval. However, any school district accredited at Level 1
333 or Level 2 shall include, as a part of any required corrective
334 action plan, provisions to address staff development in accordance
335 with State Board of Education requirements. All school districts,
336 unless specifically exempt from this section, must maintain on
337 file staff development plans as required under this section. The
338 plan shall have been prepared by a district committee appointed by
339 the district superintendent and consisting of teachers,
340 administrators, school board members, and lay people, and it shall
341 have been approved by the district superintendent.

342 (3) In order to insure that teachers are not overburdened
343 with paperwork and written reports, local school districts and
344 the State Board of Education shall take such steps as may be
345 necessary to further the reduction of paperwork requirements on
346 teachers.

347 (4) Districts meeting Level 4 or 5 accreditation standards,
348 as defined by the State Board of Education, shall be exempted from
349 the mandatory provisions of this section relating to staff
350 development plans.

351 **SECTION 9.** Section 37-21-7, Mississippi Code of 1972, is
352 amended as follows:

353 37-21-7. (1) This section shall be referred to as the
354 "Mississippi Elementary Schools Assistant Teacher Program," the
355 purpose of which shall be to provide an early childhood education
356 program that assists in the instruction of basic skills. The
357 State Board of Education is authorized, empowered and directed to
358 implement a statewide system of assistant teachers in kindergarten
359 classes and in the first, second and third grades. The assistant
360 teacher shall assist pupils in actual instruction under the strict
361 supervision of a licensed teacher.

362 (2) (a) Except as otherwise authorized under subsection
363 (7), each school district shall employ the total number of
364 assistant teachers funded under subsection (6) of this section.
365 The superintendent of each district shall assign the assistant
366 teachers to the kindergarten, first-, second- and third-grade
367 classes in the district in a manner that will promote the maximum
368 efficiency, as determined by the superintendent, in the
369 instruction of skills such as verbal and linguistic skills,
370 logical and mathematical skills, and social skills.

371 (b) If a licensed teacher to whom an assistant teacher
372 has been assigned is required to be absent from the classroom, the
373 assistant teacher may assume responsibility for the classroom in
374 lieu of a substitute teacher. However, no assistant teacher shall

375 assume sole responsibility of the classroom for more than three
376 (3) consecutive school days. Further, in no event shall any
377 assistant teacher be assigned to serve as a substitute teacher for
378 any teacher other than the licensed teacher to whom that assistant
379 teacher has been assigned.

380 (3) Assistant teachers shall have, at a minimum, a high
381 school diploma or a GED equivalent, and shall show demonstratable
382 proficiency in reading and writing skills. The State Department
383 of Education shall develop a testing procedure for assistant
384 teacher applicants to be used in all school districts in the
385 state.

386 (4) (a) In order to receive funding, each school district
387 shall:

388 (i) Submit a plan on the implementation of a
389 reading improvement program to the State Department of Education;
390 and

391 (ii) Develop a plan of educational accountability
392 and assessment of performance, including pretests and posttests,
393 for reading in Grades 1 through 6.

394 (b) Additionally, each school district shall:

395 (i) Provide annually a mandatory preservice
396 orientation session, using an existing in-school service day, for
397 administrators and teachers on the effective use of assistant
398 teachers as part of a team in the classroom setting and on the
399 role of assistant teachers, with emphasis on program goals;

400 (ii) Hold periodic workshops for administrators
401 and teachers on the effective use and supervision of assistant
402 teachers;

403 (iii) Provide training annually on specific
404 instructional skills for assistant teachers;

405 (iv) Annually evaluate their program in accordance
406 with their educational accountability and assessment of
407 performance plan; and

408 (v) Designate the necessary personnel to supervise
409 and report on their program.

410 (5) The State Department of Education shall:

411 (a) Develop and assist in the implementation of a
412 statewide uniform training module, subject to the availability of
413 funds specifically appropriated therefor by the Legislature, which
414 shall be used in all school districts for training administrators,
415 teachers and assistant teachers. The module shall provide for the
416 consolidated training of each assistant teacher and teacher to
417 whom the assistant teacher is assigned, working together as a
418 team, and shall require further periodical training for
419 administrators, teachers and assistant teachers regarding the role
420 of assistant teachers;

421 (b) Annually evaluate the program on the district and
422 state level. Subject to the availability of funds specifically
423 appropriated therefor by the Legislature, the department shall
424 develop: (i) uniform evaluation reports, to be performed by the
425 principal or assistant principal, to collect data for the annual
426 overall program evaluation conducted by the department; or (ii) a
427 program evaluation model that, at a minimum, addresses process
428 evaluation; and

429 (c) Promulgate rules, regulations and such other
430 standards deemed necessary to effectuate the purposes of this
431 section. Noncompliance with the provisions of this section and
432 any rules, regulations or standards adopted by the department may
433 result in a violation of compulsory accreditation standards as
434 established by the State Board of Education and Commission on
435 School Accreditation.

436 (6) In addition to other funds allotted under the Minimum
437 Education or Adequate Education Program, each school district
438 shall be allotted sufficient funding for the purpose of employing
439 assistant teachers. No assistant teacher shall be paid less than
440 the amount he or she received in the prior school year. No school

441 district shall receive any funds under this section for any school
442 year during which the aggregate amount of the local contribution
443 to the salaries of assistant teachers by the district shall have
444 been reduced below such amount for the previous year.

445 * * *

446 For the 2005-2006 school year and school years thereafter,
447 the minimum salary for assistant teachers shall be Twelve Thousand
448 Dollars (\$12,000.00).

449 In addition, for each one percent (1%) that the Sine Die
450 General Fund Revenue Estimate Growth exceeds five percent (5%) in
451 fiscal year * * * 2006, as certified by the Legislative Budget
452 Office to the State Board of Education and subject to the specific
453 appropriation therefor by the Legislature, the State Board of
454 Education shall revise the salary scale in the appropriate year to
455 provide an additional one percent (1%) across the board increase
456 in the base salaries for assistant teachers. The State Board of
457 Education shall revise the salaries prescribed above for assistant
458 teachers to conform to any adjustments made in prior fiscal years
459 due to revenue growth over and above five percent (5%). The
460 assistant teachers shall not be restricted to working only in the
461 grades for which the funds were allotted, but may be assigned to
462 other classes as provided in subsection (2)(a) of this section.

463 (7) (a) As an alternative to employing assistant teachers,
464 any school district may use the allotment provided under
465 subsection (6) of this section for the purpose of employing
466 licensed teachers for kindergarten, first-, second- and
467 third-grade classes; however, no school district shall be
468 authorized to use the allotment for assistant teachers for the
469 purpose of employing licensed teachers unless the district has
470 established that the employment of licensed teachers using such
471 funds will reduce the teacher:student ratio in the kindergarten,
472 first-, second- and third-grade classes. All state funds for

473 assistant teachers shall be applied to reducing teacher:student
474 ratio in Grades K-3.

475 It is the intent of the Legislature that no school district
476 shall dismiss any assistant teacher for the purpose of using the
477 assistant teacher allotment to employ licensed teachers. School
478 districts may rely only upon normal attrition to reduce the number
479 of assistant teachers employed in that district.

480 (b) Districts meeting Level 4 or 5 accreditation
481 standards, as defined by the State Board of Education, shall be
482 exempted from the provisions of subsection (4) of this section.

483 **SECTION 10.** Section 37-13-61, Mississippi Code of 1972, is
484 amended as follows:

485 37-13-61. The local school board shall have the power and
486 authority to fix the date for the opening and closing of the
487 school term, subject to the minimum number of days which schools
488 must be in session during a scholastic year, as prescribed under
489 Section 37-13-63. * * * However, * * * local school boards are
490 authorized to keep school in session in excess of the minimum
491 number of days prescribed in Section 37-13-63.

492 **SECTION 11.** Section 37-13-67, Mississippi Code of 1972, is
493 amended as follows:

494 37-13-67. * * * The number of hours of actual teaching which
495 shall constitute a school day shall be determined and fixed by the
496 board of trustees of the school district at not less than five (5)
497 hours * * *.

498 **SECTION 12.** Section 37-13-69, Mississippi Code of 1972, is
499 amended as follows:

500 37-13-69. All public schools of this state may observe such
501 legal holidays as may be designated by the local school board, and
502 no sessions of school shall be held on holidays so designated and
503 observed. However, all schools shall operate for the full minimum
504 term required by law exclusive of the holidays authorized by this
505 section. The holidays thus observed shall not be deducted from

506 the reports of the superintendents, principals and teachers, and
507 such superintendents, principals and teachers shall be allowed pay
508 for full time as though they had taught on those holidays.
509 However, such holidays shall not be counted or included in any way
510 in determining the average daily attendance of the school.

511 **SECTION 13.** Section 37-41-53, Mississippi Code of 1972, is
512 amended as follows:

513 37-41-53. (1) Each school board, person, firm or
514 corporation transporting public school children on the public
515 roads, streets and highways of the state with motor vehicles shall
516 have the motor vehicles inspected according to the laws of the
517 state * * *. Each motor vehicle shall be inspected by a competent
518 mechanic to be safe for transporting pupils on the roads, streets
519 and highways of the state before it is released for such purpose.
520 If such motor vehicle is found to be unsafe for transporting
521 pupils, then it shall be properly repaired or adjusted as
522 necessary before being used to transport pupils. The provisions
523 of this subsection shall not apply to vehicles owned by
524 individuals and under private contract to the school district and
525 used exclusively for transporting members of their immediate
526 families.

527 (2) The State Department of Education may inspect, at its
528 discretion, * * * any school bus used for transporting pupils to
529 and from the public schools or for activity purposes to determine
530 the safety of such motor vehicle for operation on the roads,
531 streets and highways of this state. In the event a vehicle is
532 inspected and is found to be unsafe for transporting pupils, a
533 report shall be filed with the appropriate school official
534 indicating its deficiencies with recommendations for correcting
535 such deficiencies.

536 (3) If it is determined that any buses are in such defective
537 condition as to constitute an emergency safety hazard, those buses
538 may be condemned and removed from service and shall not be

539 returned to service until adequate repairs are completed and such
540 buses are reinspected by the State Department of Education. Any
541 school official who approves the operation of any school bus that
542 has been removed from service under the conditions listed above,
543 prior to being reinspected by the State Department of Education,
544 shall be guilty of a misdemeanor and upon conviction shall be
545 punished by imprisonment in the county jail for a period not to
546 exceed sixty (60) days, or a fine of not less than Five Hundred
547 Dollars (\$500.00) nor more than One Thousand Dollars (\$1,000.00),
548 or by both such fine and imprisonment, in the discretion of the
549 court.

550 **SECTION 14.** Section 37-7-301, Mississippi Code of 1972, is
551 amended as follows:

552 37-7-301. The school boards of all school districts shall
553 have the following powers, authority and duties in addition to all
554 others imposed or granted by law, to wit:

555 (a) To organize and operate the schools of the district
556 and to make such division between the high school grades and
557 elementary grades as, in their judgment, will serve the best
558 interests of the school;

559 (b) To introduce public school music, art, manual
560 training and other special subjects into either the elementary or
561 high school grades, as the board shall deem proper;

562 (c) To be the custodians of real and personal school
563 property and to manage, control and care for same, both during the
564 school term and during vacation;

565 (d) To have responsibility for the erection, repairing
566 and equipping of school facilities and the making of necessary
567 school improvements;

568 (e) To suspend or to expel a pupil or to change the
569 placement of a pupil to the school district's alternative school
570 or home-bound program for misconduct in the school or on school
571 property, as defined in Section 37-11-29, on the road to and from

572 school, or at any school-related activity or event, or for conduct
573 occurring on property other than school property or other than at
574 a school-related activity or event when such conduct by a pupil,
575 in the determination of the school superintendent or principal,
576 renders that pupil's presence in the classroom a disruption to the
577 educational environment of the school or a detriment to the best
578 interest and welfare of the pupils and teacher of such class as a
579 whole, and to delegate such authority to the appropriate officials
580 of the school district;

581 (f) To visit schools in the district, in their
582 discretion, in a body for the purpose of determining what can be
583 done for the improvement of the school in a general way;

584 (g) To support, within reasonable limits, the
585 superintendent, principal and teachers where necessary for the
586 proper discipline of the school;

587 (h) To exclude from the schools students with what
588 appears to be infectious or contagious diseases; provided,
589 however, such student may be allowed to return to school upon
590 presenting a certificate from a public health officer, duly
591 licensed physician or nurse practitioner that the student is free
592 from such disease;

593 (i) To require those vaccinations specified by the
594 State Health Officer as provided in Section 41-23-37;

595 (j) To see that all necessary utilities and services
596 are provided in the schools at all times when same are needed;

597 (k) To authorize the use of the school buildings and
598 grounds for the holding of public meetings and gatherings of the
599 people under such regulations as may be prescribed by said board;

600 (l) To prescribe and enforce rules and regulations not
601 inconsistent with law or with the regulations of the State Board
602 of Education for their own government and for the government of
603 the schools, and to transact their business at regular and special
604 meetings called and held in the manner provided by law;

605 (m) To maintain and operate all of the schools under
606 their control for such length of time during the year as may be
607 required;

608 (n) To enforce in the schools the courses of study and
609 the use of the textbooks prescribed by the proper authorities;

610 (o) To make orders directed to the superintendent of
611 schools for the issuance of pay certificates for lawful purposes
612 on any available funds of the district and to have full control of
613 the receipt, distribution, allotment and disbursement of all funds
614 provided for the support and operation of the schools of such
615 school district whether such funds be derived from state
616 appropriations, local ad valorem tax collections, or otherwise.
617 The local school board shall be authorized and empowered to
618 promulgate rules and regulations that specify the types of claims
619 and set limits of the dollar amount for payment of claims by the
620 superintendent of schools to be ratified by the board at the next
621 regularly scheduled meeting after payment has been made;

622 (p) To select all school district personnel in the
623 manner provided by law, and to provide for such employee fringe
624 benefit programs, including accident reimbursement plans, as may
625 be deemed necessary and appropriate by the board;

626 (q) To provide athletic programs and other school
627 activities and to regulate the establishment and operation of such
628 programs and activities;

629 (r) To join, in their discretion, any association of
630 school boards and other public school-related organizations, and
631 to pay from local funds other than minimum foundation funds, any
632 membership dues;

633 (s) To expend local school activity funds, or other
634 available school district funds, other than minimum education
635 program funds, for the purposes prescribed under this paragraph.
636 "Activity funds" shall mean all funds received by school officials
637 in all school districts paid or collected to participate in any

638 school activity, such activity being part of the school program
639 and partially financed with public funds or supplemented by public
640 funds. The term "activity funds" shall not include any funds
641 raised and/or expended by any organization unless commingled in a
642 bank account with existing activity funds, regardless of whether
643 the funds were raised by school employees or received by school
644 employees during school hours or using school facilities, and
645 regardless of whether a school employee exercises influence over
646 the expenditure or disposition of such funds. Organizations shall
647 not be required to make any payment to any school for the use of
648 any school facility if, in the discretion of the local school
649 governing board, the organization's function shall be deemed to be
650 beneficial to the official or extracurricular programs of the
651 school. For the purposes of this provision, the term
652 "organization" shall not include any organization subject to the
653 control of the local school governing board. Activity funds may
654 only be expended for any necessary expenses or travel costs,
655 including advances, incurred by students and their chaperons in
656 attending any in-state or out-of-state school-related programs,
657 conventions or seminars and/or any commodities, equipment, travel
658 expenses, purchased services or school supplies which the local
659 school governing board, in its discretion, shall deem beneficial
660 to the official or extracurricular programs of the district,
661 including items which may subsequently become the personal
662 property of individuals, including yearbooks, athletic apparel,
663 book covers and trophies. Activity funds may be used to pay
664 travel expenses of school district personnel. The local school
665 governing board shall be authorized and empowered to promulgate
666 rules and regulations specifically designating for what purposes
667 school activity funds may be expended. The local school governing
668 board shall provide (i) that such school activity funds shall be
669 maintained and expended by the principal of the school generating
670 the funds in individual bank accounts, or (ii) that such school

671 activity funds shall be maintained and expended by the
672 superintendent of schools in a central depository approved by the
673 board. The local school governing board shall provide that such
674 school activity funds be audited as part of the annual audit
675 required in Section 37-9-18. The State Department of Education
676 shall prescribe a uniform system of accounting and financial
677 reporting for all school activity fund transactions;

678 (t) To contract, on a shared savings, lease or
679 lease-purchase basis, for energy efficiency services and/or
680 equipment as provided for in Section 31-7-14, not to exceed ten
681 (10) years;

682 (u) To maintain accounts and issue pay certificates on
683 school food service bank accounts;

684 (v) (i) To lease a school building from an individual,
685 partnership, nonprofit corporation or a private for-profit
686 corporation for the use of such school district, and to expend
687 funds therefor as may be available from any nonminimum program
688 sources. The school board of the school district desiring to
689 lease a school building shall declare by resolution that a need
690 exists for a school building and that the school district cannot
691 provide the necessary funds to pay the cost or its proportionate
692 share of the cost of a school building required to meet the
693 present needs. The resolution so adopted by the school board
694 shall be published once each week for three (3) consecutive weeks
695 in a newspaper having a general circulation in the school district
696 involved, with the first publication thereof to be made not less
697 than thirty (30) days prior to the date upon which the school
698 board is to act on the question of leasing a school building. If
699 no petition requesting an election is filed prior to such meeting
700 as hereinafter provided, then the school board may, by resolution
701 spread upon its minutes, proceed to lease a school building. If
702 at any time prior to said meeting a petition signed by not less
703 than twenty percent (20%) or fifteen hundred (1500), whichever is

704 less, of the qualified electors of the school district involved
705 shall be filed with the school board requesting that an election
706 be called on the question, then the school board shall, not later
707 than the next regular meeting, adopt a resolution calling an
708 election to be held within such school district upon the question
709 of authorizing the school board to lease a school building. Such
710 election shall be called and held, and notice thereof shall be
711 given, in the same manner for elections upon the questions of the
712 issuance of the bonds of school districts, and the results thereof
713 shall be certified to the school board. If at least three-fifths
714 (3/5) of the qualified electors of the school district who voted
715 in such election shall vote in favor of the leasing of a school
716 building, then the school board shall proceed to lease a school
717 building. The term of the lease contract shall not exceed twenty
718 (20) years, and the total cost of such lease shall be either the
719 amount of the lowest and best bid accepted by the school board
720 after advertisement for bids or an amount not to exceed the
721 current fair market value of the lease as determined by the
722 averaging of at least two (2) appraisals by certified general
723 appraisers licensed by the State of Mississippi. The term "school
724 building" as used in this paragraph (v)(i) shall be construed to
725 mean any building or buildings used for classroom purposes in
726 connection with the operation of schools and shall include the
727 site therefor, necessary support facilities, and the equipment
728 thereof and appurtenances thereto such as heating facilities,
729 water supply, sewage disposal, landscaping, walks, drives and
730 playgrounds. The term "lease" as used in this paragraph (v)(i)
731 may include a lease/purchase contract;

732 (ii) If two (2) or more school districts propose
733 to enter into a lease contract jointly, then joint meetings of the
734 school boards having control may be held but no action taken shall
735 be binding on any such school district unless the question of
736 leasing a school building is approved in each participating school

737 district under the procedure hereinabove set forth in paragraph
738 (v)(i). All of the provisions of paragraph (v)(i) regarding the
739 term and amount of the lease contract shall apply to the school
740 boards of school districts acting jointly. Any lease contract
741 executed by two (2) or more school districts as joint lessees
742 shall set out the amount of the aggregate lease rental to be paid
743 by each, which may be agreed upon, but there shall be no right of
744 occupancy by any lessee unless the aggregate rental is paid as
745 stipulated in the lease contract. All rights of joint lessees
746 under the lease contract shall be in proportion to the amount of
747 lease rental paid by each;

748 (w) To employ all noninstructional and noncertificated
749 employees and fix the duties and compensation of such personnel
750 deemed necessary pursuant to the recommendation of the
751 superintendent of schools;

752 (x) To employ and fix the duties and compensation of
753 such legal counsel as deemed necessary;

754 (y) Subject to rules and regulations of the State Board
755 of Education, to purchase, own and operate trucks, vans and other
756 motor vehicles, which shall bear the proper identification
757 required by law;

758 (z) To expend funds for the payment of substitute
759 teachers and to adopt reasonable regulations for the employment
760 and compensation of such substitute teachers;

761 (aa) To acquire in its own name by purchase all real
762 property which shall be necessary and desirable in connection with
763 the construction, renovation or improvement of any public school
764 building or structure. Whenever the purchase price for such real
765 property is greater than Fifty Thousand Dollars (\$50,000.00), the
766 school board shall not purchase the property for an amount
767 exceeding the fair market value of such property as determined by
768 the average of at least two (2) independent appraisals by
769 certified general appraisers licensed by the State of Mississippi.

770 If the board shall be unable to agree with the owner of any such
771 real property in connection with any such project, the board shall
772 have the power and authority to acquire any such real property by
773 condemnation proceedings pursuant to Section 11-27-1 et seq.,
774 Mississippi Code of 1972, and for such purpose, the right of
775 eminent domain is hereby conferred upon and vested in said board.
776 Provided further, that the local school board is authorized to
777 grant an easement for ingress and egress over sixteenth section
778 land or lieu land in exchange for a similar easement upon
779 adjoining land where the exchange of easements affords substantial
780 benefit to the sixteenth section land; provided, however, the
781 exchange must be based upon values as determined by a competent
782 appraiser, with any differential in value to be adjusted by cash
783 payment. Any easement rights granted over sixteenth section land
784 under such authority shall terminate when the easement ceases to
785 be used for its stated purpose. No sixteenth section or lieu land
786 which is subject to an existing lease shall be burdened by any
787 such easement except by consent of the lessee or unless the school
788 district shall acquire the unexpired leasehold interest affected
789 by the easement;

790 (bb) To charge reasonable fees related to the
791 educational programs of the district, in the manner prescribed in
792 Section 37-7-335;

793 (cc) Subject to rules and regulations of the State
794 Board of Education, to purchase relocatable classrooms for the use
795 of such school district, in the manner prescribed in Section
796 37-1-13;

797 (dd) Enter into contracts or agreements with other
798 school districts, political subdivisions or governmental entities
799 to carry out one or more of the powers or duties of the school
800 board, or to allow more efficient utilization of limited resources
801 for providing services to the public;

802 (ee) To provide for in-service training for employees
803 of the district * * *;

804 (ff) As part of their duties to prescribe the use of
805 textbooks, to provide that parents and legal guardians shall be
806 responsible for the textbooks and for the compensation to the
807 school district for any books which are not returned to the proper
808 schools upon the withdrawal of their dependent child. If a
809 textbook is lost or not returned by any student who drops out of
810 the public school district, the parent or legal guardian shall
811 also compensate the school district for the fair market value of
812 the textbooks;

813 (gg) To conduct fund-raising activities on behalf of
814 the school district that the local school board, in its
815 discretion, deems appropriate or beneficial to the official or
816 extracurricular programs of the district; provided that:

817 (i) Any proceeds of the fund-raising activities
818 shall be treated as "activity funds" and shall be accounted for as
819 are other activity funds under this section; and

820 (ii) Fund-raising activities conducted or
821 authorized by the board for the sale of school pictures, the
822 rental of caps and gowns or the sale of graduation invitations for
823 which the school board receives a commission, rebate or fee shall
824 contain a disclosure statement advising that a portion of the
825 proceeds of the sales or rentals shall be contributed to the
826 student activity fund;

827 (hh) To allow individual lessons for music, art and
828 other curriculum-related activities for academic credit or
829 nonacademic credit during school hours and using school equipment
830 and facilities, subject to uniform rules and regulations adopted
831 by the school board;

832 (ii) To charge reasonable fees for participating in an
833 extracurricular activity for academic or nonacademic credit for

834 necessary and required equipment such as safety equipment, band
835 instruments and uniforms;

836 (jj) To conduct or participate in any fund-raising
837 activities on behalf of or in connection with a tax-exempt
838 charitable organization;

839 (kk) To exercise such powers as may be reasonably
840 necessary to carry out the provisions of this section;

841 (ll) To expend funds for the services of nonprofit arts
842 organizations or other such nonprofit organizations who provide
843 performances or other services for the students of the school
844 district;

845 (mm) To expend federal No Child Left Behind Act funds,
846 or any other available funds that are expressly designated and
847 authorized for that use, to pay training, educational expenses,
848 salary incentives and salary supplements to employees of local
849 school districts; except that incentives shall not be considered
850 part of the local supplement as defined in Section 37-151-5(o),
851 nor shall incentives be considered part of the local supplement
852 paid to an individual teacher for the purposes of Section
853 37-19-7(1). Mississippi Adequate Education Program funds or any
854 other state funds may not be used for salary incentives or salary
855 supplements as provided in this paragraph (mm);

856 (nn) To use any available funds, not appropriated or
857 designated for any other purpose, for reimbursement to the
858 state-licensed employees from both in-state and out-of-state, who
859 enter into a contract for employment in a school district, for the
860 expense of moving when the employment necessitates the relocation
861 of the licensed employee to a different geographical area than
862 that in which the licensed employee resides before entering into
863 the contract. The reimbursement shall not exceed One Thousand
864 Dollars (\$1,000.00) for the documented actual expenses incurred in
865 the course of relocating, including the expense of any
866 professional moving company or persons employed to assist with the

867 move, rented moving vehicles or equipment, mileage in the amount
868 authorized for county and municipal employees under Section
869 25-3-41 if the licensed employee used his personal vehicle or
870 vehicles for the move, meals and such other expenses associated
871 with the relocation. No licensed employee may be reimbursed for
872 moving expenses under this section on more than one (1) occasion
873 by the same school district. Nothing in this section shall be
874 construed to require the actual residence to which the licensed
875 employee relocates to be within the boundaries of the school
876 district that has executed a contract for employment in order for
877 the licensed employee to be eligible for reimbursement for the
878 moving expenses. However, the licensed employee must relocate
879 within the boundaries of the State of Mississippi. Any individual
880 receiving relocation assistance through the Critical Teacher
881 Shortage Act as provided in Section 37-159-5 shall not be eligible
882 to receive additional relocation funds as authorized in this
883 paragraph;

884 (oo) To use any available funds, not appropriated or
885 designated for any other purpose, to reimburse persons who
886 interview for employment as a licensed employee with the district
887 for the mileage and other actual expenses incurred in the course
888 of travel to and from the interview at the rate authorized for
889 county and municipal employees under Section 25-3-41;

890 (pp) Consistent with the report of the Task Force to
891 Conduct a Best Financial Management Practices Review, to improve
892 school district management and use of resources and identify cost
893 savings as established in Section 8 of Chapter 610, Laws of 2002,
894 local school boards are encouraged to conduct independent reviews
895 of the management and efficiency of schools and school districts.
896 Such management and efficiency reviews shall provide state and
897 local officials and the public with the following:

898 (i) An assessment of a school district's
899 governance and organizational structure;

900 (ii) An assessment of the school district's
901 financial and personnel management;

902 (iii) An assessment of revenue levels and sources;

903 (iv) An assessment of facilities utilization,
904 planning and maintenance;

905 (v) An assessment of food services, transportation
906 and safety/security systems;

907 (vi) An assessment of instructional and
908 administrative technology;

909 (vii) A review of the instructional management and
910 the efficiency and effectiveness of existing instructional
911 programs; and

912 (viii) Recommended methods for increasing
913 efficiency and effectiveness in providing educational services to
914 the public;

915 (qq) To enter into agreements with other local school
916 boards for the establishment of an educational service agency
917 (ESA) to provide for the cooperative needs of the region in which
918 the school district is located, as provided in Section 37-7-345.
919 This paragraph shall repeal on July 1, 2007;

920 (rr) To implement a financial literacy program for
921 students in Grades 10 and 11. The board may review the national
922 programs and obtain free literature from various nationally
923 recognized programs. After review of the different programs, the
924 board may certify a program that is most appropriate for the
925 school districts' needs. If a district implements a financial
926 literacy program, then any student in Grade 10 or 11 may
927 participate in the program. The financial literacy program shall
928 include, but is not limited to, instruction in the same areas of
929 personal business and finance as required under Section
930 37-1-3(2)(b). The school board may coordinate with volunteer
931 teachers from local community organizations, including, but not
932 limited to, the following: United States Department of

933 Agriculture Rural Development, United States Department of Housing
934 and Urban Development, Junior Achievement, bankers and other
935 nonprofit organizations. Nothing in this paragraph shall be
936 construed as to require school boards to implement a financial
937 literacy program;

938 (ss) To collaborate with the State Board of Education,
939 Community Action Agencies or the Department of Human Services to
940 develop and implement a voluntary program to provide services for
941 a full-day prekindergarten program that addresses the cognitive,
942 social, and emotional needs of four-year-old and three-year-old
943 children. The school board may utilize nonstate source special
944 funds, grants, donations or gifts to fund the voluntary program;

945 (tt) With respect to any lawful, written obligation of
946 a school district, including, but not limited to, leases
947 (excluding leases of sixteenth section public school trust land),
948 bonds, notes, or other agreement, to agree in writing with the
949 obligee that the State Tax Commission or any state agency,
950 department or commission created under state law may:
