105 conditions for participation established by the health insurer.

106 **SECTION 5.** Nothing in this act shall be construed to require
107 or prohibit the same reimbursement to different types of providers

109 this act be construed to require or prohibit coverage of the

111 **SECTION 6.** (1) A health care insurer shall not, directly or
112 indirectly:

113 (a) Impose a monetary advantage or penalty under a

133 (2) Nothing in this act shall prevent a health benefit plan
134 from instituting measures designed to maintain quality and to
135 control costs, including, but not limited to, the utilization of a
136 gatekeeper system, as long as such measures are imposed equally on
137 all providers in the same class.

138 **SECTION 7.** To the extent permitted by ERISA, the federal
139 Employees Retirement Income Security Act of 1974, as amended, 29

143 insurer and, upon prevailing, shall, in addition to injunctive
144 relief recover damages of not less than One Thousand Dollars
145 (\$1,000.00), attorney's fees and costs.

146 **SECTION 8.** (1) A health benefit plan delivered or issued
147 for delivery to any person in this state in violation of the
148 Patient Protection Act of 2006 but otherwise binding on the health
149 insurer, shall be held valid, but shall be construed as provided
150 in the Patient Protection Act of 2006.

151 (2) Any health benefit plan or related policy, rider or
152 endorsement issued and otherwise valid that contains any
153 condition, omission or provision not in compliance with the
154 requirements of the Patient Protection Act of 2006 shall not be
155 rendered invalid because of the noncompliance, but shall be
156 construed and applied in accordance with, such condition, omission
157 or provision as would have applied if it had been in full
158 compliance with the Patient Protection Act of 2006.

159 **SECTION 9.** The Mississippi Insurance Commissioner acting
160 through the department, shall:

161 (a) Enforce the state's any willing provider laws using
162 powers granted to the commissioner in the Mississippi Insurance
163 Code.

164 (b) Be entitled to seek an injunction against a health
165 insurer in a court of competent jurisdiction.

166 **SECTION 10.** (1) The state's any willing provider laws shall
167 not be construed:

168 (a) To require all physicians or a percentage of
169 physicians in the state or a locale to participate in the
170 provision of services for a health insurance organization; or

171 (b) To take away the authority of health maintenance
172 organizations that provide coverage of physician services to set
173 the terms and conditions for participation by physicians, though
174 health maintenance organizations shall apply such terms and
175 conditions in a nondiscriminatory manner.

176 (2) The state's any willing provider laws shall apply to:

183 be construed to cover or regulate health care provider networks
184 offered by noninsurers. If an employer sponsoring a self-insured
185 health benefit plan contracts directly with providers or contracts
186 for a health care provider network through a noninsurer, then the
187 any willing provider law does not apply. If a health insurer
188 subcontracts with a noninsurer whose health care network does not
189 meet the requirements of the any willing provider law, then the
190 noninsurer may, but is not required to, create a separate health
191 care provider network that meets the requirements of the any
192 willing provider law. If the noninsurer chooses not to create the
193 separate health care provider network, then the responsibility for
194 compliance with the any willing provider law is the obligation of
195 the health insurer to the extent permitted by ERISA.

196 **SECTION 11.** The department shall adopt regulations to
197 implement the provisions of the Patient Protection Act of 2006 and
198 may obtain any information from health benefit plans that is
199 necessary to determine if such plan should be certified or
200 enjoined.

201 **SECTION 12.** If any provision of this act or the application
202 thereof to any person or circumstance is held invalid, such
203 invalidity shall not affect other provisions or applications of
204 the act which can be given effect without the invalid provision or
205 application, and to this end the provisions of this act are
206 declared to be severable.

207 **SECTION 13.** Section 83-41-407, Mississippi Code of 1972, is
208 amended as follows:

209 83-41-407. The department shall establish a fee to cover the
210 costs of issuing and renewing the certifications authorized by
211 this article and the fees shall be used solely for the
212 administration of this article, and for the administration of the
213 Patient Protection Act of 2006, Senate Bill No. _____, 2006 Regular
214 Session.

215 **SECTION 14.** Section 83-41-409, Mississippi Code of 1972, is

218 this article, a managed care plan shall:

235 and process and policies with the State Department of Insurance to
236 be available upon request;

237 (d) Provide a participating provider with a copy of
238 his/her individual profile if economic or practice profiles, or
239 both, are used in the credentialing process upon request;

240 (e) When any provider application for participation is
241 denied or contract is terminated, the reasons for denial or
242 termination shall be reviewed by the managed care plan upon the
243 request of the provider; * * *

244 (f) Establish procedures to ensure that all applicable
245 state and federal laws designed to protect the confidentiality of
246 medical records are followed; and
