 30 AND FOR RELATED PURPOSES.

31 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

32 **SECTION 1.** Section 31-7-10, Mississippi Code of 1972, is
 33 amended as follows:

34 31-7-10. (1) For the purposes of this section, the term
 35 "equipment" shall mean equipment, furniture, and if applicable,
 36 associated software and other applicable direct costs associated
 37 with the acquisition. In addition to its other powers and duties,
 38 the Department of Finance and Administration shall have the
 39 authority to develop a master lease-purchase program and, pursuant
 40 to that program, shall have the authority to execute on behalf of
 41 the state master lease-purchase agreements for equipment to be

42 used by an agency, as provided in this section. Each agency
43 electing to acquire equipment by a lease-purchase agreement shall
44 participate in the Department of Finance and Administration's
45 master lease-purchase program, unless the Department of Finance
46 and Administration makes a determination that such equipment
47 cannot be obtained under the program or unless the equipment can
48 be obtained elsewhere at an overall cost lower than that for which
49 the equipment can be obtained under the program. Such
50 lease-purchase agreements may include the refinancing or
51 consolidation, or both, of any state agency lease-purchase
52 agreements entered into after June 30, 1990.

53 (2) All funds designated by agencies for procurement of
54 equipment and financing thereof under the master lease-purchase
55 program shall be paid into a special fund created in the State
56 Treasury known as the "Master Lease-Purchase Program Fund," which
57 shall be used by the Department of Finance and Administration for
58 payment to the lessors for equipment acquired under master
59 lease-purchase agreements.

60 (3) Upon final approval of an appropriation bill, each
61 agency shall submit to the Public Procurement Review Board a
62 schedule of proposed equipment acquisitions for the master
63 lease-purchase program. Upon approval of an equipment schedule by
64 the Public Procurement Review Board with the advice of the
65 Department of Information Technology Services, the Office of
66 Purchasing and Travel, and the Division of Energy and
67 Transportation of the Mississippi Development Authority as it
68 pertains to energy efficient climate control systems, the Public
69 Procurement Review Board shall forward a copy of the equipment
70 schedule to the Department of Finance and Administration.

71 (4) The level of lease-purchase debt recommended by the
72 Department of Finance and Administration shall be subject to
73 approval by the State Bond Commission. After such approval, the
74 Department of Finance and Administration shall be authorized to

75 advertise and solicit written competitive proposals for a lessor,
76 who will purchase the equipment pursuant to bid awards made by the
77 using agency under a given category and then transfer the
78 equipment to the Department of Finance and Administration as
79 lessee, pursuant to a master lease-purchase agreement.

80 The Department of Finance and Administration shall select the
81 successful proposer for the financing of equipment under the
82 master lease-purchase program with the approval of the State Bond
83 Commission.

84 (5) Each master lease-purchase agreement, and any subsequent
85 amendments, shall include such terms and conditions as the State
86 Bond Commission shall determine to be appropriate and in the
87 public interest, and may include any covenants deemed necessary or
88 desirable to protect the interests of the lessor, including, but
89 not limited to, provisions setting forth the interest rate (or
90 method for computing interest rates) for financing pursuant to
91 such agreement, covenants concerning application of payments and
92 funds held in the Master Lease-Purchase Program Fund, covenants to
93 maintain casualty insurance with respect to equipment subject to
94 the master lease-purchase agreement (and all state agencies are
95 specifically authorized to purchase any insurance required by a
96 master lease-purchase agreement) and covenants precluding or
97 limiting the right of the lessee or user to acquire equipment
98 within a specified time (not to exceed five (5) years) after
99 cancellation on the basis of a failure to appropriate funds for
100 payment of amounts due under a lease-purchase agreement covering
101 comparable equipment. The State Bond Commission shall transmit
102 copies of each such master lease-purchase agreement and each such
103 amendment to the Joint Legislative Budget Committee. To the
104 extent provided in any master lease-purchase agreement, title to
105 equipment leased pursuant thereto shall be deemed to be vested in
106 the state or the user of the equipment (as specified in such

107 master lease-purchase agreement), subject to default under or
108 termination of such master lease-purchase agreement.

109 A master lease-purchase agreement may provide for payment by
110 the lessor to the lessee of the purchase price of the equipment to
111 be acquired pursuant thereto prior to the date on which payment is
112 due to the vendor for such equipment and that the lease payments
113 by the lessee shall commence as though the equipment had been
114 provided on the date of payment. If the lessee, or lessee's
115 escrow agent, has sufficient funds for payment of equipment
116 purchases prior to payment due date to vendor of equipment, such
117 funds shall be held or utilized on an as-needed basis for payment
118 of equipment purchases either by the State Treasurer (in which
119 event the master lease-purchase agreement may include provisions
120 concerning the holding of such funds, the creation of a security
121 interest for the benefit of the lessor in such funds until
122 disbursed and other appropriate provisions approved by the Bond
123 Commission) or by a corporate trustee selected by the Department
124 of Finance and Administration (in which event the Department of
125 Finance and Administration shall have the authority to enter into
126 an agreement with such a corporate trustee containing terms and
127 conditions approved by the Bond Commission). Earnings on any
128 amount paid by the lessor prior to the acquisition of the
129 equipment may be used to make lease payments under the master
130 lease-purchase agreement or applied to pay costs and expenses
131 incurred in connection with such lease-purchase agreement. In
132 such event, the equipment use agreements with the user agency may
133 provide for lease payments to commence upon the date of payment by
134 the lessor and may also provide for a credit against such payments
135 to the extent that investment receipts from investment of the
136 purchase price are to be used to make lease-purchase payments.

137 (6) The annual rate of interest paid under any
138 lease-purchase agreement authorized under this section shall not

139 exceed the maximum interest rate to maturity on general obligation
140 indebtedness permitted under Section 75-17-101.

141 (7) The Department of Finance and Administration shall
142 furnish the equipment to the various agencies, also known as the
143 user, pursuant to an equipment-use agreement developed by the
144 Department of Finance and Administration. Such agreements shall
145 require that all monthly payments due from such agency be paid,
146 transferred or allocated into the Master Lease-Purchase Program
147 Fund pursuant to a schedule established by the Department of
148 Finance and Administration. In the event such sums are not paid
149 by the defined payment period, the Executive Director of the
150 Department of Finance and Administration shall issue a requisition
151 for a warrant to draw such amount as may be due from any funds
152 appropriated for the use of the agency which has failed to make
153 the payment as agreed.

154 (8) All master lease-purchase agreements executed under the
155 authority of this section shall contain the following annual
156 allocation dependency clause or an annual allocation dependency
157 clause which is substantially equivalent thereto: "The
158 continuation of each equipment schedule to this agreement is
159 contingent in whole or in part upon the appropriation of funds by
160 the Legislature to make the lease-purchase payments required under
161 such equipment schedule. If the Legislature fails to appropriate
162 sufficient funds to provide for the continuation of the
163 lease-purchase payments under any such equipment schedule, then
164 the obligations of the lessee and of the agency to make such
165 lease-purchase payments and the corresponding provisions of any
166 such equipment schedule to this agreement shall terminate on the
167 last day of the fiscal year for which appropriations were made."

168 (9) The maximum lease term for any equipment acquired under
169 the master lease-purchase program shall not exceed the useful life
170 of such equipment as determined according to the upper limit of
171 the asset depreciation range (ADR) guidelines for the Class Life

172 Asset Depreciation Range System established by the Internal
173 Revenue Service pursuant to the United States Internal Revenue
174 Code and Regulations thereunder as in effect on December 31, 1980,
175 or comparable depreciation guidelines with respect to any
176 equipment not covered by ADR guidelines. The Department of
177 Finance and Administration shall be deemed to have met the
178 requirements of this subsection if the term of a master
179 lease-purchase agreement does not exceed the weighted average
180 useful life of all equipment covered by such agreement and the
181 schedules thereto as determined by the Department of Finance and
182 Administration. For purposes of this subsection, the "term of a
183 master lease-purchase agreement" shall be the weighted average
184 maturity of all principal payments to be made under such master
185 lease-purchase agreement and all schedules thereto.

186 (10) Interest paid on any master lease-purchase agreement
187 under this section shall be exempt from State of Mississippi
188 income taxation. All equipment, and the purchase thereof by any
189 lessor, acquired under the master lease-purchase program and all
190 lease-purchase payments with respect thereto shall be exempt from
191 all Mississippi sales, use and ad valorem taxes.

192 (11) The Governor, in his annual executive budget to the
193 Legislature, shall recommend appropriations sufficient to provide
194 funds to pay all amounts due and payable during the applicable
195 fiscal year under master lease-purchase agreements entered into
196 pursuant to this section.

197 (12) Any master lease-purchase agreement reciting in
198 substance that such agreement has been entered into pursuant to
199 this section shall be conclusively deemed to have been entered
200 into in accordance with all of the provisions and conditions set
201 forth in this section. Any defect or irregularity arising with
202 respect to procedures applicable to the acquisition of any
203 equipment shall not invalidate or otherwise limit the obligation
204 of the Department of Finance and Administration, or the state or

205 any agency of the state, under any master lease-purchase agreement
206 or any equipment-use agreement.

207 (13) There shall be maintained by the Department of Finance
208 and Administration, with respect to each master lease-purchase
209 agreement, an itemized statement of the cash price, interest
210 rates, interest costs, commissions, debt service schedules and all
211 other costs and expenses paid by the state incident to the
212 lease-purchase of equipment under such agreement.

213 (14) Lease-purchase agreements entered into by the Board of
214 Trustees of State Institutions of Higher Learning pursuant to the
215 authority of Section 37-101-413 or by any other agency which has
216 specific statutory authority other than pursuant to Section
217 31-7-13(e) to acquire equipment by lease-purchase shall not be
218 made pursuant to the master lease-purchase program under this
219 section, unless the Board of Trustees of State Institutions of
220 Higher Learning or such other agency elects to participate as to
221 part or all of its lease-purchase acquisitions in the master
222 lease-purchase program pursuant to this section.

223 (15) The Department of Finance and Administration may
224 develop a master lease-purchase program for school districts and,
225 pursuant to that program, may execute on behalf of the school
226 districts master lease-purchase agreements for equipment to be
227 used by the school districts. The form and structure of this
228 program shall be substantially the same as set forth in this
229 section for the master lease-purchase program for state agencies.
230 If sums due from a school district under the master lease-purchase
231 program are not paid by the expiration of the defined payment
232 period, the Executive Director of the Department of Finance and
233 Administration may withhold such amount that is due from the
234 school district's minimum education or adequate education program
235 fund allotments.

236 (16) The Department of Finance and Administration may
237 develop a master lease-purchase program for community and junior

238 college districts and, pursuant to that program, may execute on
239 behalf of the community and junior college districts master
240 lease-purchase agreements for equipment to be used by the
241 community and junior college districts. The form and structure of
242 this program must be substantially the same as set forth in this
243 section for the master lease-purchase program for state agencies.
244 If sums due from a community or junior college district under the
245 master lease-purchase program are not paid by the expiration of
246 the defined payment period, the Executive Director of the
247 Department of Finance and Administration may withhold an amount
248 equal to the amount due under the program from any funds allocated
249 for that community or junior college district in the state
250 appropriations for the use and support of the community and junior
251 colleges.

252 (17) The Department of Finance and Administration may
253 develop a master lease-purchase program for counties and, pursuant
254 to that program, may execute on behalf of counties master
255 lease-purchase agreements for equipment to be used by the
256 counties. The form and structure of this program must be
257 substantially the same as set forth in this section for the master
258 lease-purchase program for state agencies. If sums due from a
259 county under the master lease-purchase program are not paid by the
260 expiration of the defined payment period, the Executive Director
261 of the Department of Finance and Administration may:

262 (a) Withhold an amount equal to the amount due under
263 the program from the county's portion of funds in the state
264 appropriations for homestead reimbursement; or

265 (b) Intercept, as provided in Section 27-51-107,
266 payments of the county's share of reimbursement for motor vehicle
267 ad valorem taxes that are lost as a result of the ad valorem tax
268 credit provided for in Section 27-51-103.

269 (18) The Department of Finance and Administration may
270 develop a master lease-purchase program for municipalities and,

271 pursuant to that program, may execute on behalf of municipalities
272 master lease-purchase agreements for equipment to be used by the
273 municipalities. The form and structure of this program must be
274 substantially the same as set forth in this section for the master
275 lease-purchase program for state agencies. If sums due from a
276 municipality under the master lease-purchase program are not paid
277 by the expiration of the defined payment period, the Executive
278 Director of the Department of Finance and Administration may:

279 (a) Withhold an amount equal to the amount due under
280 the program from the municipality's portion of funds in the state
281 appropriations for homestead reimbursement; or

282 (b) Intercept, as provided in Section 27-65-75, the
283 sales tax revenue allocated and paid to the municipality pursuant
284 to Section 27-65-75.

285 **SECTION 2.** Section 27-33-77, Mississippi Code of 1972, is
286 amended as follows:

287 27-33-77. Beginning with the 1985 supplemental roll, and for
288 each succeeding year's roll thereafter, the amount of tax loss to
289 be reimbursed because of exemptions provided for in this article
290 shall be Fifty Dollars (\$50.00) each for county taxes exempted and
291 school taxes exempted for a total of One Hundred Dollars (\$100.00)
292 per applicant qualifying for homestead exemption under this
293 article.

294 The reimbursement received by the county shall be distributed
295 by the county treasurer to the general fund.

296 Provided further, that tax losses sustained by municipalities
297 because of exemptions granted to homeowners described in
298 subsection (2) of Section 27-33-67 shall be reimbursed up to the
299 amount of the actual exemption allowed, not to exceed Two Hundred
300 Dollars (\$200.00) per qualified applicant.

301 The reimbursement received by a county, municipality or
302 school district may be pledged as security for a loan if the
303 reimbursement to the county or school district is otherwise

304 authorized or required by law to be pledged as security for such a
305 loan.

306 **SECTION 3.** Section 27-51-107, Mississippi Code of 1972, is
307 amended as follows:

308 27-51-107. (1) On or before February 10, 1995, and the
309 tenth day of each succeeding month thereafter, the State Tax
310 Commission shall make payments from the Motor Vehicle Ad Valorem
311 Tax Reduction Fund established in Section 27-51-105 to the county
312 tax collectors for distribution to the local taxing districts as
313 reimbursement for motor vehicle ad valorem taxes that are lost
314 during the preceding month as a result of the ad valorem tax
315 credit for private carriers of passengers and light carriers of
316 property that is provided for by Section 27-51-103. The amount
317 that each local taxing district will receive for each month under
318 this subsection shall be determined by the State Tax Commission
319 based on documentation provided by the tax collectors under
320 guidelines established by the commission.

321 (2) On or before the twentieth day of the month that the
322 payments from the commission under subsection (1) of this section
323 are received, the county tax collectors shall remit the
324 appropriate amount of such payments to the local taxing districts
325 for which the county tax collector collects motor vehicle ad
326 valorem taxes. When an ad valorem tax credit that is allowed to a
327 taxpayer is not paid by the commission in the payment for the
328 month in which such credit is allowed, the tax collector shall
329 remit the payment for such credit to the local taxing authority on
330 or before the twentieth day of the month that payment for such
331 credit is received from the commission.

332 (3) Funds received by local taxing districts from the
333 payments under subsection (1) of this section shall be considered
334 to be, and shall be used in the same manner as, the proceeds of
335 motor vehicle ad valorem taxes.

336 (4) (a) Funds due to be paid to the county for its share of
337 the payments required to be made by the State Tax Commission under
338 this section may be pledged as security for sums due under the
339 master lease-purchase program authorized under Section 31-7-10.

340 (b) If sums due from a county under the master
341 lease-purchase program authorized in Section 31-7-10 are not paid
342 by the expiration of the defined payment period and the county has
343 pledged payments made under this section as security for such
344 payments, the Executive Director of the Department of Finance and
345 Administration shall notify the State Tax Commission of the
346 delinquency and the State Tax Commission shall halt payments to
347 the county and pay the county's share of the payment to the
348 Department of Finance and Administration until such time as the
349 amount due under the master lease-purchase program is satisfied.

350 **SECTION 4.** Section 27-65-75, Mississippi Code of 1972, is
351 amended as follows:

352 27-65-75. On or before the fifteenth day of each month, the
353 revenue collected under the provisions of this chapter during the
354 preceding month shall be paid and distributed as follows:

355 (1) (a) On or before August 15, 1992, and each succeeding
356 month thereafter through July 15, 1993, eighteen percent (18%) of
357 the total sales tax revenue collected during the preceding month
358 under the provisions of this chapter, except that collected under
359 the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on
360 business activities within a municipal corporation shall be
361 allocated for distribution to the municipality and paid to the
362 municipal corporation. On or before August 15, 1993, and each
363 succeeding month thereafter, eighteen and one-half percent
364 (18-1/2%) of the total sales tax revenue collected during the
365 preceding month under the provisions of this chapter, except that
366 collected under the provisions of Sections 27-65-15, 27-65-19(3)
367 and 27-65-21, on business activities within a municipal

368 corporation shall be allocated for distribution to the
369 municipality and paid to the municipal corporation.

370 (b) A municipal corporation, for the purpose of
371 distributing the tax under this subsection, shall mean and include
372 all incorporated cities, towns and villages.

373 (c) Monies allocated for distribution and credited to a
374 municipal corporation under this subsection may be pledged as
375 security for a loan if the distribution received by the municipal
376 corporation is otherwise authorized or required by law to be
377 pledged as security for such a loan.

378 (d) (i) Monies allocated for distribution and credited
379 to a municipal corporation under this subsection may be pledged as
380 security for sums due under the master lease-purchase program
381 authorized under Section 31-7-10.

382 (ii) If sums due from a municipality under the
383 master lease-purchase program authorized in Section 31-7-10 are
384 not paid by the expiration of the defined payment period and the
385 municipality has pledged monies allocated for distribution and
386 credited to it under this subsection as security for such
387 payments, the Executive Director of the Department of Finance and
388 Administration shall notify the State Tax Commission of the
389 delinquency and the State Tax Commission shall halt distributions
390 to the municipality and pay the monies allocated to the
391 municipality to the Department of Finance and Administration until
392 such time as the amount due under the master lease-purchase
393 program is satisfied.

394 (e) In any county having a county seat that is not an
395 incorporated municipality, the distribution provided under this
396 subsection shall be made as though the county seat was an
397 incorporated municipality; however, the distribution to the
398 municipality shall be paid to the county treasury in which the
399 municipality is located, and those funds shall be used for road,
400 bridge and street construction or maintenance in the county.

401 (2) On or before September 15, 1987, and each succeeding
402 month thereafter, from the revenue collected under this chapter
403 during the preceding month, One Million One Hundred Twenty-five
404 Thousand Dollars (\$1,125,000.00) shall be allocated for
405 distribution to municipal corporations as defined under subsection
406 (1) of this section in the proportion that the number of gallons
407 of gasoline and diesel fuel sold by distributors to consumers and
408 retailers in each such municipality during the preceding fiscal
409 year bears to the total gallons of gasoline and diesel fuel sold
410 by distributors to consumers and retailers in municipalities
411 statewide during the preceding fiscal year. The State Tax
412 Commission shall require all distributors of gasoline and diesel
413 fuel to report to the commission monthly the total number of
414 gallons of gasoline and diesel fuel sold by them to consumers and
415 retailers in each municipality during the preceding month. The
416 State Tax Commission shall have the authority to promulgate such
417 rules and regulations as is necessary to determine the number of
418 gallons of gasoline and diesel fuel sold by distributors to
419 consumers and retailers in each municipality. In determining the
420 percentage allocation of funds under this subsection for the
421 fiscal year beginning July 1, 1987, and ending June 30, 1988, the
422 State Tax Commission may consider gallons of gasoline and diesel
423 fuel sold for a period of less than one (1) fiscal year. For the
424 purposes of this subsection, the term "fiscal year" means the
425 fiscal year beginning July 1 of a year.

426 (3) On or before September 15, 1987, and on or before the
427 fifteenth day of each succeeding month, until the date specified
428 in Section 65-39-35, the proceeds derived from contractors' taxes
429 levied under Section 27-65-21 on contracts for the construction or
430 reconstruction of highways designated under the highway program
431 created under Section 65-3-97 shall, except as otherwise provided
432 in Section 31-17-127, be deposited into the State Treasury to the
433 credit of the State Highway Fund to be used to fund that highway

434 program. The Mississippi Department of Transportation shall
435 provide to the State Tax Commission such information as is
436 necessary to determine the amount of proceeds to be distributed
437 under this subsection.

438 (4) On or before August 15, 1994, and on or before the
439 fifteenth day of each succeeding month through July 15, 1999, from
440 the proceeds of gasoline, diesel fuel or kerosene taxes as
441 provided in Section 27-5-101(a)(ii)1, Four Million Dollars
442 (\$4,000,000.00) shall be deposited in the State Treasury to the
443 credit of a special fund designated as the "State Aid Road Fund,"
444 created by Section 65-9-17. On or before August 15, 1999, and on
445 or before the fifteenth day of each succeeding month, from the
446 total amount of the proceeds of gasoline, diesel fuel or kerosene
447 taxes apportioned by Section 27-5-101(a)(ii)1, Four Million
448 Dollars (\$4,000,000.00) or an amount equal to twenty-three and
449 one-fourth percent (23-1/4%) of those funds, whichever is the
450 greater amount, shall be deposited in the State Treasury to the
451 credit of the "State Aid Road Fund," created by Section 65-9-17.
452 Those funds shall be pledged to pay the principal of and interest
453 on state aid road bonds heretofore issued under Sections 19-9-51
454 through 19-9-77, in lieu of and in substitution for the funds
455 previously allocated to counties under this section. Those funds
456 may not be pledged for the payment of any state aid road bonds
457 issued after April 1, 1981; however, this prohibition against the
