SENATE BILL NO. 2605

1 2 3 4 5 6 7 8 9 10 11 12 13	AN ACT TO PRESCRIBE A PROCESS FOR THE EVALUATION OF A SITE FOR THE CONSTRUCTION OR EXPANSION OF A SCHOOL BUILDING OR FACILITY; TO REQUIRE LOCAL SCHOOL BOARDS TO ESTABLISH A SCHOOL SITING COMMITTEE TO EVALUATE AND MAKE RECOMMENDATIONS REGARDING PROPOSED SITES FOR SCHOOLS; TO PROVIDE THAT THE SCHOOL BOARD SHALI NOT PROCEED TO ACQUIRE OR PREPARE A SITE FOR CONSTRUCTION OR EXPANSION OF ANY SCHOOL UNTIL THE COMPLETION OF REQUIRED ENVIRONMENTAL EVALUATIONS APPROVED BY THE MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY; TO PROVIDE FOR AN ENVIRONMENTAL ASSESSMENT, A PRELIMINARY ENDANGERMENT ASSESSMENT (PEA) AND A SITE REMEDIATION PLAN AS REQUIRED COMPONENTS OF THE EVALUATION PROCESS; TO REQUIRE PUBLIC NOTICE AND COMMENT; TO AMEND SECTIONS 37-45-23, 37-47-15 AND 37-7-301, MISSISSIPPI CODE OF 1972, IN CONFORMITY THERETO; AND FOR RELATED PURPOSES.
15	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:
16	SECTION 1. School Siting Committee. The local board of each
17	school district shall establish a School Siting "Committee" to
18	recommend to the school board sites for building new schools
19	and/or expanding existing schools. The committee shall include at
20	least one (1) representatives from the following constituencies:
21	parents, teachers, school health officials (nurse or health
22	director), community members, local public health professionals,
23	environmental advocacy groups and age appropriate students. The
24	committee will be involved throughout the site selection process
25	up until final approval by the school board. The local school
26	superintendent shall serve as chairman of the committee, and shall
27	call any necessary meeting of the committee and shall organize the
28	committee for business.
29	SECTION 2. Categorical exclusions for school sites. Under
30	no circumstances shall a school be built on top of or within one
31	thousand (1,000) feet of a hazardous waste disposal site, a
32	garbage dump, or a site where construction and demolition

materials were disposed of. To determine whether the proposed

- 34 school site has been used for these purposes, a series of
- 35 environmental evaluations shall be undertaken: an initial
- 36 Environmental Assessment and a more extensive Preliminary
- 37 Endangerment Assessment (PEA). If either evaluation reveals that
- 38 the site has been used for these purposes, or if the site is
- 39 within one thousand (1,000) feet of any property used for these
- 40 purposes, the site must be abandoned.
- 41 SECTION 3. Process for evaluating sites. (1) The school
- 42 board shall not proceed to acquire the site or prepare the site
- 43 for construction of any school, including the expansion of an
- 44 existing school, until the school board completes the required
- 45 environmental evaluations and the Mississippi Department of
- 46 Environmental Quality approves the initial Environmental
- 47 Assessment, any required more extensive Preliminary Endangerment
- 48 Assessment (PEA), or the Site Remediation Plan submitted by the
- 49 school board, as more specifically provided in this section.
- 50 (2) Environmental Assessment. Once a site is proposed, the
- 51 school district must hire a licensed environmental assessor to
- 52 conduct a three-part environmental assessment that is designed to
- 53 collect information on current and past site uses and to conduct
- 54 initial environmental sampling at the site. This assessment shall
- 55 include:
- 56 (a) A site history by reviewing public and private
- 57 records of current and past land uses, historical aerial
- 58 photographs, environmental databases, federal, state and local
- 59 regulatory agencies' files; a site visit; and interviews with
- 60 persons familiar with the site's history.
- 61 (b) A small-scale grid sampling and analysis of soil,
- 62 soil gases (if any) and groundwater. Air should be sampled if
- 63 stationary sources of air pollution are near the proposed site,
- 64 potentially exposing children to higher levels of pollution than
- 65 found in their own communities. Any surface water should also be
- 66 sampled.

```
67
                   Identify any environmental hazards within two (2)
68
    miles of the site, including industrial sites, chemical storage
69
    facilities, facilities found in EPA's Toxic Release Inventory
70
    (TRI), waste treatment plants, landfills, military sites, research
71
    facilities, and Department of Energy sites.
72
         The Environmental Assessment shall conclude that either (i)
    no recognized environmental hazards were identified; (ii) the site
73
74
    was previously used for either hazardous or garbage waste
75
    disposal, for disposal of construction and demolition materials,
    or is within one thousand (1,000) feet of any property used for
76
77
    these purposes; or (iii) a more extensive site assessment, a
    Preliminary Endangerment Assessment (PEA), is necessary. If no
78
79
    environmental hazards were identified at the property then the
    property is suitable for school site development.
80
                                                        If the site was
81
    previously used for hazardous or garbage waste disposal, or for
    disposal of construction and demolition materials, or if it is
82
83
    within one thousand (1,000) feet of any property used for these
84
    purposes, the site must be abandoned.
         The Mississippi Department of Environmental Quality must
85
86
    review the Environmental Assessment. Depending on the
87
    thoroughness of the assessment, the department must either give
88
    preliminary approval to the assessment, disapprove the assessment,
```

When the Environmental Assessment is completed and has
received preliminary approval by the Department of Environmental
Quality, the school board shall publish a notice in newspapers of
general circulation (in the school district) that includes the
following information:

or request more information from the school board.

- 95 (a) A statement that an Environmental Assessment of the 96 site has been completed;
- 97 (b) A brief statement describing the results of the
 98 Environmental Assessment, such as a list of contaminants found in
 99 excess of regulatory standards, prior uses of site that might

- 100 raise health and safety issues, proximity of site to environmental
- 101 hazards, waste disposal sites and point sources of air pollution;
- 102 (c) A brief summary of the conclusions of the
- 103 Environmental Assessment;
- 104 (d) The location where people can review a copy of the
- 105 Environmental Assessment or an executive summary of the assessment
- 106 written in the appropriate foreign language; and
- 107 (e) An announcement of a thirty-day public comment
- 108 period on the Environmental Assessment, including an address where
- 109 public comments should be sent.
- 110 A copy of this notice shall also be posted in a conspicuous
- 111 place in every school within the school district (in multiple
- 112 languages if there is a significant number of non-English speaking
- 113 parents). A copy shall also be delivered to each parent-teacher
- 114 organization within the school district and each landowner within
- one thousand (1,000) feet of the proposed site.
- 116 The Mississippi Department of Environmental Quality will
- 117 review the Environmental Assessment and the public comments
- 118 received on the assessment. The department will either accept or
- 119 reject the conclusion of the assessment, determining whether the
- 120 site can be used without further remediation or study, whether the
- 121 site is categorically excluded for use as a school, or whether
- 122 further study or remediation of the site through conducting a
- 123 Preliminary Endangerment Assessment is required. The department
- 124 shall explain in detail the reasons for accepting or rejecting the
- 125 assessment.
- 126 (3) Preliminary Endangerment Assessment (PEA). After the
- 127 Mississippi Department of Environmental Quality has approved the
- 128 Environmental Assessment, the local School Siting Committee must
- 129 also review the assessment and public comments received. The
- 130 purpose of this review is for the School Siting Committee to make
- 131 a recommendation to either abandon the site or continue evaluating
- 132 the environmental hazards at the site with a Preliminary

- 133 Endangerment Assessment. A Preliminary Endangerment Assessment
- 134 shall be required if environmental hazards were identified in the
- 135 Environmental Assessment or:
- 136 (a) If the environmental sampling data collected as
- 137 part of the Environmental Assessment indicate that contamination
- 138 levels exceed regulatory safety standards; or
- 139 (b) If a proposed school site lies within one thousand
- 140 (1,000) feet of one (1) of the following potential sources of
- 141 contamination:
- 142 (i) A suspected hazardous, industrial waste, or
- 143 municipal waste disposal site;
- 144 (ii) Refineries, mines, scrap yards, factories,
- 145 dry cleaning, chemical spills and other contaminants;
- 146 (iii) Agricultural land;
- 147 (iv) Dust generators such as fertilizer, cement
- 148 plants or saw mills;
- 149 (v) Leaked gasoline or other products from
- 150 underground storage tanks;
- 151 (vi) Concentrated electrical magnetic fields from
- 152 high intensity power lines and communication towers;
- 153 (vii) Areas of high concentrations of vehicular
- 154 traffic such as freeways, highways, industrial plants and
- 155 facilities;
- 156 (viii) A United States Environmental Protection
- 157 Agency or state designated Brownfield site;
- 158 (ix) A railroad bed;
- 159 (x) An industry listed in Environmental Protection
- 160 Agency Toxic Release Inventory (TRI).
- 161 If a Preliminary Endangerment Assessment is required, the
- 162 School Siting Committee shall recommend to the school board
- 163 whether to abandon the site or proceed with a Preliminary
- 164 Endangerment Assessment. Then, the school board shall decide, by

```
166
     proceed with a Preliminary Endangerment Assessment.
167
          If a Preliminary Endangerment Assessment is to be conducted,
168
     the school board shall hire a licensed environmental assessor.
169
     The Mississippi Department of Environmental Quality shall oversee
170
     the Preliminary Endangerment Assessment process and issue
171
     regulations that prescribe the precise contents of the Preliminary
     Endangerment Assessment. The Preliminary Endangerment Assessment
172
     shall also be approved by the Mississippi Department of
173
174
     Environmental Quality. Before any work is done on the Preliminary
175
     Endangerment Assessment, the school board must develop a public
     participation plan that addresses the public participation
176
177
     activities that will be undertaken as part of the Preliminary
178
     Endangerment Assessment process. The plan shall indicate what
     mechanisms the school district will use to provide notice to the
179
     public about the use of the site as a school. Activities such as
180
181
     public meetings, workshops or fact-sheets may be appropriate ways
182
     to notify the public about the proposed Preliminary Endangerment
     Assessment investigation activities, including the taking of soil,
183
184
     groundwater and air samples. The Mississippi Department of
185
     Environmental Quality must approve the public participation plan
186
     before the school board can commence other Preliminary
187
     Endangerment Assessment-related activities.
188
          The primary objective of the Preliminary Endangerment
189
     Assessment shall be to determine if there has been a release or if
     there is a potential for a release of a hazardous substance that
190
191
     could pose a health threat to children, staff, or community
192
     members. As part of the Preliminary Endangerment Assessment,
     full-scale grid sampling and analysis of soil, soil gases (if any)
193
     and groundwater shall be undertaken to accurately quantify the
194
195
     type and extent of hazardous material contamination present on the
196
            The Preliminary Endangerment Assessment shall also contain
197
     an evaluation of the risks of actual or potential contamination

- 198 posed to children's health, public health, or the environment
- 199 based on the contamination found. The evaluation of risks shall
- 200 include:
- 201 (a) A description of health consequences of long-term
- 202 exposure to any hazardous substances found on site;
- 203 (b) A description of all possible pathways of exposure
- 204 to those substances by children attending school on site; and
- 205 (c) The identification of which pathways would more
- 206 likely result in children being exposed to those substances.
- 207 The Preliminary Endangerment Assessment shall conclude that
- 208 (a) there are no environmental hazards at the site which must be
- 209 abated through a cleanup plan; or (b) the site was previously used
- 210 for hazardous or garbage waste disposal, for the disposal of
- 211 construction and demolition materials, or is within one thousand
- 212 (1,000) feet of any property used for these purposes, or (c) the
- 213 site must be cleaned up if the site is to be used for a school.
- 214 If the site was previously used for hazardous or garbage waste
- 215 disposal, for the disposal of construction and demolition
- 216 materials, or is within one thousand (1,000) feet of any property
- 217 used for these purposes, the site must be abandoned. If the site
- 218 must be cleaned up, the Preliminary Endangerment Assessment shall
- 219 identify alternatives for cleaning the site to meet the applicable
- 220 safety standards. The Mississippi Department of Environmental
- 221 Quality shall review the Preliminary Endangerment Assessment.
- 222 Depending on the thoroughness of the assessment, the department
- 223 shall give preliminary approval to the assessment, disapprove the
- 224 assessment, or request more information from the school board.
- When the Preliminary Endangerment Assessment is completed and
- 226 has received preliminary approval by the department, the school
- 227 board shall publish a notice in newspapers of general circulation
- 228 in the school district that includes the following information:
- 229 (a) A statement that a Preliminary Endangerment
- 230 Assessment of the site has been completed;

- 231 A brief statement describing the results of the 232 Preliminary Endangerment Assessment, such as a list of 233 contaminants found in excess of regulatory standards, prior uses 234 of site that might raise health and safety issues, proximity of 235 site to environmental hazards, including waste disposal sites and 236 point sources of air pollution; 237 A brief summary of the conclusions of the (C) Preliminary Endangerment Assessment, including a list of 238 239 alternative cleanup methods; 240 (d) The location where the public can review a copy of 241 the Preliminary Endangerment Assessment or an executive summary of 242 the Preliminary Endangerment Assessment written in the appropriate 243 foreign language; and 244 An announcement of a thirty-day public comment (e) period, including an address where public comments should be sent. 245 246 A copy of this notice shall also be posted in a conspicuous place 247 in every school within the school district (in multiple languages 248 if there is a significant number of non-English speaking parents). A copy shall also be delivered to each parent-teacher organization 249 250 within the school district, and each landowner within one thousand 251 (1,000) feet of the proposed site. 252 The Mississippi Department of Environmental Quality shall 253 review the Preliminary Endangerment Assessment and the public 254 comments received on the Preliminary Endangerment Assessment. The 255 department shall either accept or reject the conclusion of the Preliminary Endangerment Assessment, determining whether the site 256 257 can be used without further remediation or study, whether the site 258 is categorically excluded for use as a school, or whether a Site 259 Remediation Plan is required. The department shall explain in 260 detail the reasons for accepting or rejecting the Preliminary
- 262 (3) **Site Remediation Plan**. If the Preliminary Endangerment
 263 Assessment indicates that the site has a significant hazardous

Endangerment Assessment.

264 materials contamination problem, the school board shall either

265 abandon the site or fund a cleanup plan that would reduce

266 contaminant levels to the applicable safety standard for each

267 contaminant. The school board shall abandon the site if the site

268 was previously used for hazardous or garbage waste disposal, for

269 disposal of construction and demolition materials, or is within

one thousand (1,000) feet of any property used for these purposes.

271 If the Preliminary Endangerment Assessment approved by the

272 Mississippi Department of Environmental Quality determines that

site remediation is necessary, the School Siting Committee shall

recommend to the school board whether to abandon the site or

275 proceed with the development of a remediation plan. Then, the

276 school board shall determine, by order entered upon its minutes,

277 whether to abandon the site or proceed with developing a

278 remediation plan.

273

274

282

279 If the school board chooses to prepare a Site Remediation

280 Plan, the plan must:

281 (a) Identify alternative methods for cleaning the site

to contamination levels that meet the applicable safety standards;

283 (b) Contain a financial analysis that estimates and

284 compares soil cleanup costs for the identified alternative cleanup

285 methods that will bring the site into compliance with applicable

286 safety standards;

287 (c) Recommend a cleanup plan from the alternatives

288 identified;

289 (d) Explain how the recommended cleanup alternative

290 will prevent children from being exposed to the hazardous

291 substances found at the site; and

(e) Evaluate the suitability of the site in light of

293 recommended alternative sites and alternative cleanup plans.

The school board shall submit the Site Remediation Plan to

295 the Mississippi Department of Environmental Quality for approval.

296 Before submitting the plan for approval, a draft remediation plan

297 shall be given to the School Siting Committee for review and

298 comment. Once the remediation plan is submitted to the department

- 299 for approval, the school board shall publish a notice in
- 300 newspapers of general circulation in the school district that
- 301 includes the following information:
- 302 (a) A statement that a site remediation plan has been
- 303 submitted to the Mississippi Department of Environmental Quality
- 304 for approval;
- 305 (b) A brief statement describing the Site Remediation
- 306 Plan, including a list of contaminants found in excess of
- 307 regulatory standards and a description of how the plan will reduce
- 308 the level of contamination to meet those regulatory standards;
- 309 (c) The location where people can review a copy of the
- 310 remediation plan or an executive summary of the remediation plan
- 311 written in the appropriate foreign language; and
- 312 (d) An announcement of a thirty-day public comment
- 313 period and the address of the Mississippi Department of
- 314 Environmental Quality where public comments should be sent. A
- 315 copy of this notice shall also be posted in a conspicuous place in
- 316 every school within the school district (in multiple languages if
- 317 there is a significant number of non-English speaking parents). A
- 318 copy shall also be delivered to each Parent-Teacher Organization
- 319 within the school district, and each landowner within one thousand
- 320 (1,000) feet of the proposed site.
- 321 At least thirty (30) days after the conclusion of the public
- 322 comment period, the Mississippi Department of Environmental
- 323 Quality shall conduct a public hearing on the remediation plan in
- 324 the neighborhood or school district where the proposed site is
- 325 located. The department in the school district shall publish a
- 326 notice of the hearing in newspapers of general circulation stating
- 327 the date, time and location of the hearing. The department shall
- 328 provide translators at the public hearing if the school district
- 329 has a sizable number of non-English speaking parents.

330 After the public hearing and after reviewing any comments 331 received during the public comment period, the Mississippi 332 Department of Environmental Quality shall either approve or 333 disapprove the Site Remediation Plan, or request additional 334 information from the school board. If the department requires 335 additional information, a copy of the letter requesting additional 336 information shall be sent to the School Siting Committee. Any 337 additional information submitted by the school board to the department shall also be given to the School Siting Committee. 338 After reviewing any additional information, the department shall 339 340 approve or reject the Site Remediation Plan. The department shall 341 explain in detail the reasons for accepting or rejecting the Site 342 Remediation Plan. 343 Once the department approves the Site Remediation Plan, the School Siting Committee shall recommend to the school board 344 345 whether to abandon the site or proceed with acquiring the site and 346 implementing the remediation plan. Then, the school board shall 347 determine, by order entered upon its minutes, whether to abandon the site or to acquire the site and implement the remediation 348 349 plan. Only upon voting to acquire the site and implement the 350 remediation plan may the school board take any action to acquire 351 the site and prepare the site for construction of a school. 352 SECTION 4. Section 37-45-23, Mississippi Code of 1972, is 353 amended as follows: 354 37-45-23. Subject to the provisions of any applicable statute, including specifically the requirements of Senate Bill 355 356 No. 2605, 2006 Regular Session, relating to the environmental 357 evaluation of sites for school building construction or expansion, 358 the commission shall formulate policies and approve or disapprove 359 plans for the location and construction of all necessary 360 elementary and secondary school buildings. 361 SECTION 5. Section 37-47-15, Mississippi Code of 1972, is

362

amended as follows:

S. B. No. 2605 06/SS26/R294 PAGE 11 *SS26/R294*

363 37-47-15. No grants accruing to any school district shall be 364 expended for any purpose unless such expenditure has been approved 365 by the commission. In order to guide the commission in passing 366 upon requests for the use of grants, the school boards of the 367 respective school districts are directed to prepare a survey of 368 necessary capital improvements and/or a plan for tax relief on 369 school indebtedness within each school district. Such surveys 370 shall show existing facilities, desirable consolidations, the new 371 construction and new facilities necessary and desirable for the efficient operation of the public schools of the school districts, 372 373 proper compliance with state energy conservation standards, and 374 the plan of tax reduction in the school districts by use of such 375 funds in retiring any outstanding indebtedness for school facilities. The commission shall not approve any application for 376 377 the use of funds of the said public school building fund from the 378 school board of any school district until such time as an 379 acceptable and reasonably satisfactory plan, looking particularly 380 to efficiency through consolidations of school attendance centers, has been submitted by the school board. 381 382 Furthermore, the commission shall not approve any application 383 for the use of funds of the public school building fund until such 384 time as an acceptable plan has been submitted by the appropriate 385 board which complies with improved design, heating, cooling, ventilation, lighting, insulation and architectural standards 386 387 provided by the State of Mississippi to promote maximum energy conservation in new and existing public buildings. 388 389 In addition, the commission shall not approve any application 390 which has not complied specifically with the provisions of Senate Bill No. 2605, 2006 Regular Session, relating to the environmental 391 evaluation of sites for school building construction or expansion. 392 393 All applications from school districts shall conform to the 394 plan of the school board.

SECTION 6. Section 37-7-301, Mississippi Code of 1972, is 395

396 amended as follows:

The school boards of all school districts shall 397 37-7-301. 398 have the following powers, authority and duties in addition to all 399 others imposed or granted by law, to wit:

- 400 To organize and operate the schools of the district 401 and to make such division between the high school grades and 402 elementary grades as, in their judgment, will serve the best interests of the school; 403
- (b) To introduce public school music, art, manual 404 405 training and other special subjects into either the elementary or 406 high school grades, as the board shall deem proper;
- 407 (c) To be the custodians of real and personal school 408 property and to manage, control and care for same, both during the 409 school term and during vacation;
- 410 (d) To have responsibility for the erection, repairing and equipping of school facilities and the making of necessary 411 412 school improvements; provided, however, that the approval of any 413 site for school building construction or expansion shall comply 414 with the provisions of Senate Bill No. 2605, 2006 Regular Session, relating to environmental evaluation by the Mississippi Department 415 416 of Environmental Quality and the appointment of a school siting 417 committee;
- To suspend or to expel a pupil or to change the 418 419 placement of a pupil to the school district's alternative school 420 or home-bound program for misconduct in the school or on school property, as defined in Section 37-11-29, on the road to and from 421 422 school, or at any school-related activity or event, or for conduct 423 occurring on property other than school property or other than at 424 a school-related activity or event when such conduct by a pupil, in the determination of the school superintendent or principal, 425 426 renders that pupil's presence in the classroom a disruption to the 427 educational environment of the school or a detriment to the best *SS26/R294* S. - 428 interest and welfare of the pupils and teacher of such class as a
- 429 whole, and to delegate such authority to the appropriate officials
- 430 of the school district;
- 431 (f) To visit schools in the district, in their
- 432 discretion, in a body for the purpose of determining what can be
- 433 done for the improvement of the school in a general way;
- 434 (g) To support, within reasonable limits, the
- 435 superintendent, principal and teachers where necessary for the
- 436 proper discipline of the school;
- 437 (h) To exclude from the schools students with what
- 438 appears to be infectious or contagious diseases; provided,
- 439 however, such student may be allowed to return to school upon
- 440 presenting a certificate from a public health officer, duly
- 441 licensed physician or nurse practitioner that the student is free
- 442 from such disease;
- 443 (i) To require those vaccinations specified by the
- 444 State Health Officer as provided in Section 41-23-37, Mississippi
- 445 Code of 1972;
- 446 (j) To see that all necessary utilities and services
- 447 are provided in the schools at all times when same are needed;

- 449 grounds for the holding of public meetings and gatherings of the
- 450 people under such regulations as may be prescribed by said board;
- (1) To prescribe and enforce rules and regulations not
- 452 inconsistent with law or with the regulations of the State Board
- 453 of Education for their own government and for the government of
- 454 the schools, and to transact their business at regular and special
- 455 meetings called and held in the manner provided by law;
- 456 (m) To maintain and operate all of the schools under
- 457 their control for such length of time during the year as may be
- 458 required;
