Such a simplified means of procuring emergency services will result in the saving of life, a reduction in the 21 22 destruction of property, quicker apprehension of criminals, and ultimately the saving of monies. At any time after a 138 139 majority of the qualified electors of the county, voting in an 140 election held therefor, have approved the levy of a service charge not to exceed five percent (5%) of the tariff rate, the board of 141 supervisors, upon the request of the commission, may levy such 142 143 service charge on a flat rate or fixed rate basis, provided that 144 such flat rate or fixed rate shall not exceed the amount which would be produced by a service charge of five percent (5%) of the 145 146 tariff rate. The board of supervisors may, upon its own initiative, call such a special election in the manner provided by 147 148 law for special elections. Any such service charge shall have uniform application and shall be imposed throughout the entirety 149 of the district to the greatest extent possible in conformity with 150 151 availability of such service in any area of the district.

If the proceeds generated by the emergency telephone 152 (2) 153 service charge exceed the amount of monies necessary to fund the service, the board of supervisors shall reduce the service charge 154 rate to an amount adequate to fund the service, unless such excess 155 156 funds are spent for the purposes authorized by subsection (6) of 157 this section. In lieu of reducing the service charge rate, the 158 board of supervisors may temporarily or permanently suspend such 159 service charge, if the revenues generated therefrom exceed the *SS02/R1359* S. 164 (3) An emergency telephone service charge shall be imposed 165 only upon the amount received from the tariff rate exchange access 166 lines or on a flat rate or fixed rate basis, provided that such 167 flat rate or fixed rate shall not exceed the amount which would be 168 produced by a service charge of five percent (5%) of the tariff 169 rate. The amounts collected by the service supplier 199 (5) 200 attributable to any emergency telephone service charge shall be 201 due the county treasury quarterly. The amount of service charge 202 collected in one (1) calendar quarter by the service supplier 203 shall be remitted to the county no later than sixty (60) days 204 after the close of a calendar quarter. The board of supervisors and commission 211 212 shall receive an annual audit of the service supplier's books and records with respect to the collection and remittance of the 213 214 service charge. From the gross receipts to be remitted to the county, the service supplier shall be entitled to retain as an 215 216 administrative fee, an amount equal to one percent (1%) thereof. 217 The board of supervisors, in its discretion, may expend (6) funds generated under the provisions of this act which are in 218 219 excess of the amount of funds determined by the commission to be 220 needed for the operation and services of the district for the
