4 WHEREAS, on Monday, August 29, 2005, Hurricane Katrina, a
5 Category Four Hurricane, crashed with unrelenting and violent
6 force onto the entire Mississippi Gulf Coast, making landfall at
7 or around Waveland, Mississippi. In one day, the worst natural
8 disaster in our history struck us a grievous blow, leaving a

15 of downed wire, 300 downed transmission structures, 9,000 downed
16 distribution poles and 2,300 damaged transformers. The first day
17 after Hurricane Katrina, all of Mississippi Power's substations

22 daunting task of restoring electricity to its 195,000 customers in
23 23 counties in Southeast Mississippi; and

24 WHEREAS, in addition to the company's damaged infrastructure,
25 Mississippi Power also had over 700 of its employees who suffered
26 personal losses; and

27 WHEREAS, Mississippi Power demonstrated untiring commitment,
28 diligence and service to its customer base, as well as the state
29 as a whole, by restoring power in an efficient and prompt manner
30 after Hurricane Katrina; and

31 WHEREAS, despite all of the overwhelming challenges
32 Mississippi Power faced, it took only 12 days after Hurricane
33 Katrina hit the coast, for Mississippi Power Company to have 100%
34 of its customer base, who could receive power, back on line; and

35 WHEREAS, the incredible feat of restoring power to Southeast
36 Mississippi could not have occurred without the dedicated
37 Mississippi Power Company employees, along with nearly 11,000
38 outside personnel from our sister states who helped Mississippi
39 Power restore power in such an efficient and prompt manner; and

40 WHEREAS, the reliability of this dedicated corporate citizen
41 is reflected by Mississippi Power Company's goal to do whatever it
42 took to restore service for customers and take care of employees
43 affected by Hurricane Katrina and those working to restore power:

44 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF
