(d) Any monies repaid to the state from loans authorized in Section 57-75-11(hh) shall be deposited into the Mississippi Major Economic Impact Authority Sinking Fund unless the State Bond Commission, at the request of the authority, shall determine that such loan repayments are needed to provide additional loans as authorized under Section 57-75-11(hh). For purposes of providing additional loans, there is hereby created the Mississippi Major Economic Impact Authority Revolving Loan Fund and loan repayments shall be deposited into the fund. The fund shall be maintained for such period as determined by the State Bond Commission for the sole purpose of making additional loans as authorized by Section 57-75-11(hh). (b) The proceeds of the money borrowed under this subsection may be utilized by the authority for the purpose of defraying all or a portion of the costs incurred by the authority with respect to acquisition options and planning, design and environmental impact studies with respect to a project defined in Section 57-75-5(f)(xi). The authority may escalate its budget and expend the proceeds of the money borrowed under this subsection in accordance with rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

(c) The authority shall request an appropriation or additional authority to issue general obligation bonds to repay the borrowed funds and establish a date for the repayment of the funds so borrowed.

(d) Borrowings made under the provisions of this subsection shall not exceed Five Hundred Thousand Dollars ($500,000.00) at any one time.

SECTION 4. As used in Sections 4 through 6 of this act, the following terms and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Approved project costs" means actual costs incurred by an approved participant for land acquisition, construction, engineering, design and other costs approved by the Mississippi Development Authority relating to a tourism project. The term "approved project costs" also may include, if approved by the Mississippi Development Authority, costs described above that are incurred by an approved participant within three (3) months after the date a tourism project opens for commercial operation. All costs must be verified by an independent third party approved

by the MDA. An approved participant shall pay the costs for the third party verification of costs.

(b) "Approved participant" means a person, corporation or other entity issued a certificate by the Mississippi Development Authority under Section 6 of this act.

(c) "MDA" means the Mississippi Development Authority.

(iv) A public golf course with a minimum private investment of Ten Million Dollars ($10,000,000.00).

In addition, in order for a tourism project to be eligible to qualify under the provisions of Sections 4 through 6 of this act, the tourism project must be located on a project site, and construction of the tourism project must begin no later than sixty (60) months after the date that construction for the initial phase

of development of the project site begins, or June 1, 2012, whichever date is earlier.

(e) "Project site" means a planned mixed use development located on at least four thousand (4,000) acres of land that will consist of commercial, recreational, resort, tourism and residential development, for which the initial phase of development shall begin no later than June 1, 2007.

(f) "State" means the State of Mississippi.

SECTION 5. (1) (a) There is created in the State Treasury a special fund to be known as the "Tourism Sales Tax Incentive Fund," into which shall be deposited such money as provided in Section 27-65-75(20). The monies in the fund shall be used for the purpose of making the incentive payments authorized in this section. The fund shall be administered by the MDA. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on or investment earnings on the amounts in the fund shall be deposited to the credit of the fund. The MDA may use not more than one percent (1%) of interest earned or investment earnings, or both, on amounts in the fund for administration and management of the incentive program authorized under Sections 4 through 6 of this act.

(b) Subject to the provisions of this section, incentive payments may be made by the MDA to an approved participant that incurs approved project costs to locate a tourism project in the state. The payments to an approved participant shall be for eighty percent (80%) of the amount of sales tax revenue collected from the operation of the tourism project, after making the diversions required in Section 27-65-75(7) and (8). The MDA shall make payments to an approved participant on a semiannual basis with payments being made in the months of January and July. The aggregate amount of incentive payments that an approved participant may receive shall not exceed thirty percent

(30%) of the approved project costs incurred by the approved participant for the tourism project. Expansions, enlargements or additional investments made by an approved participant will not increase authorized incentive payments certified by the MDA. The MDA shall make the calculations necessary to make the payments provided for in this section. The MDA shall cease making incentive payments to an approved participant on the occurrence of the earlier of (i) the date that an aggregate amount of thirty percent (30%) of the approved project costs incurred by the approved participant for the tourism project has been paid to the approved participant, or (ii) ten (10) years after the date the tourism project opens for commercial operation.

(c) If an approved participant does not use or need all of the incentive payments approved by the MDA for a tourism project, then the approved participant may request that the MDA allow the approved participant to transfer or assign part of such incentive payments to another tourism project that, because of the sales tax revenue generated by the tourism project, will produce aggregate incentive payments over the ten-year period of less than thirty percent (30%) of approved project costs incurred by the approved participant for that tourism project. There may be only one (1) such request for transfer or assignment approved by the MDA for a project site.

(d) The total amount of incentive payments authorized for all tourism projects located on a project site shall not exceed One Hundred Fifty Million Dollars ($150,000,000.00) in the aggregate.

(2) At such time as incentive payments are no longer required to be made to an approved participant, the MDA shall notify the State Tax Commission and the sales tax revenue collected from the tourism project shall no longer be deposited into the Tourism Sales Tax Incentive Fund. Any amounts remaining

in the fund that were collected from such project shall be transferred to the State General Fund.

SECTION 6. (1) The MDA shall develop, implement and administer the incentive program authorized in Sections 4 through 6 of this act and shall promulgate rules and regulations necessary for the development, implementation and administration of such program.

(2) A person, corporation or other entity desiring to participate in the incentive program authorized in Sections 4 through 6 of this act must submit an application to the MDA. Such application must contain (a) plans for the proposed tourism project; (b) a detailed description of the proposed tourism project; (c) the method of financing the proposed tourism project and the terms of such financing; and (d) any other information required by the MDA. An application must be submitted no later than sixty (60) months after the date that construction for the initial phase of development of a project site begins, or June 1, 2012, whichever date is earlier. The Executive Director of the MDA shall review the application and determine if it qualifies as a tourism project. If the executive director determines the proposed tourism project qualifies as a tourism project, he shall issue a certificate to the person, corporation or other entity designating such person, corporation or other entity as an approved participant and authorizing the approved participant to participate in the incentive program provided for in Sections 4 through 6 of this act.

(3) If a person, entity or other person submits an application to the MDA to participate in the incentive program authorized in Sections 4 through 6 of this act, a gaming license may not be issued by the state for any establishment located in the project site.

SECTION 7. Section 27-65-75, Mississippi Code of 1972, is amended as follows:

27-65-75. On or before the fifteenth day of each month, the revenue collected under the provisions of this chapter during the preceding month shall be paid and distributed as follows:

(1) (a) On or before August 15, 1992, and each succeeding month thereafter through July 15, 1993, eighteen percent (18%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to the municipality and paid to the municipal corporation. On or before August 15, 1993, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to the municipality and paid to the municipal corporation.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages.

Monies allocated for distribution and credited to a municipal corporation under this subsection may be pledged as security for a loan if the distribution received by the municipal corporation is otherwise authorized or required by law to be pledged as security for such a loan.

In any county having a county seat that is not an incorporated municipality, the distribution provided under this subsection shall be made as though the county seat was an incorporated municipality; however, the distribution to the municipality shall be paid to the county treasury in which the municipality is located, and those funds shall be used for road, bridge and street construction or maintenance in the county.

(b) On or before August 15, 2006, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities on the campus of a state institution of higher learning or community or junior college whose campus is not located within the corporate limits of a municipality, shall be allocated for distribution to the state institution of higher learning or community or junior college and paid to the state institution of higher learning or community or junior college.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars ($1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The State Tax Commission shall require all distributors of gasoline and diesel fuel to report to the commission monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The State Tax Commission shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the State Tax Commission may consider gallons of gasoline and diesel

fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. The Mississippi Department of Transportation shall provide to the State Tax Commission such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii)1, Four Million Dollars ($4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii)1, Four Million Dollars ($4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23-1/4%) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds

may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published, for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;

(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and

(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to the county for fiscal year 1994.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-65-75.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars ($1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. Those payments into that fund are to be made on the last day of each succeeding month hereafter.

(6) An amount each month beginning August 15, 1983, through November 15, 1986, as specified in Section 6 of Chapter 542, Laws of 1983, shall be paid into the special fund known as the Correctional Facilities Construction Fund created in Section 6 of Chapter 542, Laws of 1983.

(7) On or before August 15, 1992, and each succeeding month thereafter through July 15, 2000, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2) shall be deposited by the commission into the School Ad Valorem Tax Reduction Fund created under Section 37-61-35. On or before August 15, 2000, and each succeeding month thereafter, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2), shall be deposited into the School Ad Valorem Tax Reduction Fund created under Section 37-61-35 until such time that the total amount deposited into the fund during a fiscal year equals Forty-two Million Dollars ($42,000,000.00). Thereafter, the amounts diverted under this subsection (7) during the fiscal year in excess of Forty-two Million Dollars ($42,000,000.00) shall be deposited into the Education Enhancement Fund created under Section 37-61-33 for appropriation by the Legislature as other education needs and shall not be subject to the percentage appropriation requirements set forth in Section 37-61-33.

(8) On or before August 15, 1992, and each succeeding month thereafter, nine and seventy-three one-thousandths percent (9.073%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2), shall be deposited into the Education Enhancement Fund created under Section 37-61-33.

(12) Notwithstanding any other provision of this section to the contrary, on or before August 15, 1995, and each succeeding month thereafter, the sales tax revenue collected during the preceding month under the provisions of Section 27-65-17(1) on retail sales of private carriers of passengers and light carriers of property, as defined in Section 27-51-101 and the corresponding levy in Section 27-65-23 on the rental or lease of these vehicles,
