(e) If a claim is neither paid nor denied for valid and
proper reasons by the end of the time periods as specified above,
the Division of Medicaid's fiscal agent must pay the provider
interest on the claim at the rate of one and one-half percent
(1-1/2%) per month on the amount of such claim until it is finally settled or adjudicated.

(4) The date of receipt is the date the fiscal agent receives the claim as indicated by its date stamp on the claim or, for those claims filed electronically, the date of receipt is the date of transmission.

(5) The date of payment is the date of the check or, for those claims paid by electronic funds transfer, the date of the transfer.

(6) The above specified time limitations do not apply in the following circumstances:
   (a) Retroactive adjustments paid to providers reimbursed under a retrospective payment system;

(25) The division shall apply to the Centers for Medicare and Medicaid Services (CMS) for any necessary waivers to provide services to individuals who are sixty-five (65) years of age or older or are disabled as determined under Section 1614(a)(3) of the federal Social Security Act, as amended, and whose income does not exceed one hundred thirty-five percent (135%) of the nonfarm official poverty level as defined by the Office of Management and Budget and revised annually, and whose resources do not exceed those established by the Division of Medicaid.
Medicaid, and who are not otherwise covered by Medicare. Nothing contained in this paragraph (25) shall entitle an individual to benefits. The eligibility of individuals covered under this paragraph shall be determined by the Division of Medicaid.

(26) The division shall apply to the Centers for Medicare and Medicaid Services (CMS) for any necessary waivers to provide services to individuals who are sixty-five (65) years of age or older or are disabled as determined under Section 1614(a)(3) of the federal Social Security Act, as amended, who are end stage renal disease patients on dialysis, cancer patients on chemotherapy or organ transplant recipients on anti-rejection drugs, whose income does not exceed one hundred thirty-five percent (135%) of the nonfarm official poverty level as defined by the Office of Management and Budget and revised annually, and whose resources do not exceed those established by the division. Nothing contained in this paragraph (26) shall entitle an individual to benefits. The eligibility of individuals covered under this paragraph shall be determined by the Division of Medicaid.

(27) Individuals who are entitled to Medicare Part D and whose income does not exceed one hundred fifty percent (150%) of the nonfarm official poverty level as defined by the Office of Management and Budget and revised annually. Eligibility for payment of the Medicare Part D subsidy under this paragraph shall be determined by the division.

The division shall redetermine eligibility for all categories of recipients described in each paragraph of this section not less frequently than required by federal law.

**SECTION 5.** Section 43-13-116, Mississippi Code of 1972, is brought forward as follows:

43-13-116. (1) It shall be the duty of the Division of Medicaid to fully implement and carry out the administrative
functions of determining the eligibility of those persons who qualify for medical assistance under Section 43-13-115.

(2) In determining Medicaid eligibility, the Division of Medicaid is authorized to enter into an agreement with the Secretary of the Department of Health and Human Services for the purpose of securing the transfer of eligibility information from the Social Security Administration on those individuals receiving supplemental security income benefits under the federal Social Security Act and any other information necessary in determining Medicaid eligibility. The Division of Medicaid is further empowered to enter into contractual arrangements with its fiscal agent or with the State Department of Human Services in securing electronic data processing support as may be necessary.

(3) Administrative hearings shall be available to any applicant who requests it because his or her claim of eligibility for services is denied or is not acted upon with reasonable promptness or by any recipient who requests it because he or she believes the agency has erroneously taken action to deny, reduce, or terminate benefits. The agency need not grant a hearing if the sole issue is a federal or state law requiring an automatic change adversely affecting some or all recipients. Eligibility determinations that are made by other agencies and certified to the Division of Medicaid pursuant to Section 43-13-115 are not subject to the administrative hearing procedures of the Division of Medicaid but are subject to the administrative hearing procedures of the agency that determined eligibility.

(a) A request may be made either for a local regional office hearing or a state office hearing when the local regional office has made the initial decision that the claimant seeks to appeal or when the regional office has not acted with reasonable promptness in making a decision on a claim for eligibility or services. The only exception to requesting a local hearing is when the issue under appeal involves either (i) a disability or...
blindness denial, or termination, or (ii) a level of care denial or termination for a disabled child living at home. An appeal involving disability, blindness or level of care must be handled as a state level hearing. The decision from the local hearing may be appealed to the state office for a state hearing. A decision to deny, reduce or terminate benefits that is initially made at the state office may be appealed by requesting a state hearing.

(b) A request for a hearing, either state or local, must be made in writing by the claimant or claimant's legal representative. "Legal representative" includes the claimant's authorized representative, an attorney retained by the claimant or claimant's family to represent the claimant, a paralegal representative with a legal aid services, a parent of a minor child if the claimant is a child, a legal guardian or conservator or an individual with power of attorney for the claimant. The claimant may also be represented by anyone that he or she so designates but must give the designation to the Medicaid regional office or state office in writing, if the person is not the legal representative, legal guardian, or authorized representative.

(c) The claimant may make a request for a hearing in person at the regional office but an oral request must be put into written form. Regional office staff will determine from the claimant if a local or state hearing is requested and assist the claimant in completing and signing the appropriate form. Regional office staff may forward a state hearing request to the appropriate division in the state office or the claimant may mail the form to the address listed on the form. The claimant may make a written request for a hearing by letter. A simple statement requesting a hearing that is signed by the claimant or legal representative is sufficient; however, if possible, the claimant should state the reason for the request. The letter may be mailed to the regional office or it may be mailed to the state office. If the letter does not specify the type of hearing desired, local or
state, Medicaid staff will attempt to contact the claimant to
determine the level of hearing desired. If contact cannot be made
within three (3) days of receipt of the request, the request will
be assumed to be for a local hearing and scheduled accordingly. A
hearing will not be scheduled until either a letter or the
appropriate form is received by the regional or state office.

(d) When both members of a couple wish to appeal an
action or inaction by the agency that affects both applications or
cases similarly and arose from the same issue, one or both may
file the request for hearing, both may present evidence at the
hearing, and the agency's decision will be applicable to both. If
both file a request for hearing, two (2) hearings will be
registered but they will be conducted on the same day and in the
same place, either consecutively or jointly, as the couple wishes.
If they so desire, only one of the couple need attend the hearing.

(e) The procedure for administrative hearings shall be
as follows:

(i) The claimant has thirty (30) days from the
date the agency mails the appropriate notice to the claimant of
its decision regarding eligibility, services, or benefits to
request either a state or local hearing. This time period may be
extended if the claimant can show good cause for not filing within
thirty (30) days. Good cause includes, but may not be limited to,
ilness, failure to receive the notice, being out of state, or
some other reasonable explanation. If good cause can be shown, a
late request may be accepted provided the facts in the case remain
the same. If a claimant's circumstances have changed or if good
cause for filing a request beyond thirty (30) days is not shown, a
hearing request will not be accepted. If the claimant wishes to
have eligibility reconsidered, he or she may reapply.

(ii) If a claimant or representative requests a
hearing in writing during the advance notice period before
benefits are reduced or terminated, benefits must be continued or
reinstated to the benefit level in effect before the effective
date of the adverse action. Benefits will continue at the
original level until the final hearing decision is rendered. Any
hearing requested after the advance notice period will not be
accepted as a timely request in order for continuation of benefits
to apply.

(iii) Upon receipt of a written request for a
hearing, the request will be acknowledged in writing within twenty
(20) days and a hearing scheduled. The claimant or representative
will be given at least five (5) days' advance notice of the
hearing date. The local and/or state level hearings will be held
by telephone unless, at the hearing officer's discretion, it is
determined that an in-person hearing is necessary. If a local
hearing is requested, the regional office will notify the claimant
or representative in writing of the time of the local hearing. If
a state hearing is requested, the state office will notify the
claimant or representative in writing of the time of the state
hearing. If an in-person hearing is necessary, local hearings
will be held at the regional office and state hearings will be
held at the state office unless other arrangements are
necessitated by the claimant's inability to travel.

(iv) All persons attending a hearing will attend
for the purpose of giving information on behalf of the claimant or
rendering the claimant assistance in some other way, or for the
purpose of representing the Division of Medicaid.

(v) A state or local hearing request may be
withdrawn at any time before the scheduled hearing, or after the
hearing is held but before a decision is rendered. The withdrawal
must be in writing and signed by the claimant or representative.
A hearing request will be considered abandoned if the claimant or
representative fails to appear at a scheduled hearing without good
cause. If no one appears for a hearing, the appropriate office
will notify the claimant in writing that the hearing is dismissed.
unless good cause is shown for not attending. The proposed agency action will be taken on the case following failure to appear for a hearing if the action has not already been effected.

(vi) The claimant or his representative has the following rights in connection with a local or state hearing:

(A) The right to examine at a reasonable time before the date of the hearing and during the hearing the content of the claimant's case record;

(B) The right to have legal representation at the hearing and to bring witnesses;

(C) The right to produce documentary evidence and establish all facts and circumstances concerning eligibility, services, or benefits;

(D) The right to present an argument without undue interference;

(E) The right to question or refute any testimony or evidence including an opportunity to confront and cross-examine adverse witnesses.

(vii) When a request for a local hearing is received by the regional office or if the regional office is notified by the state office that a local hearing has been requested, the Medicaid specialist supervisor in the regional office will review the case record, reexamine the action taken on the case, and determine if policy and procedures have been followed. If any adjustments or corrections should be made, the Medicaid specialist supervisor will ensure that corrective action is taken. If the request for hearing was timely made such that continuation of benefits applies, the Medicaid specialist supervisor will ensure that benefits continue at the level before the proposed adverse action that is the subject of the appeal. The Medicaid specialist supervisor will also ensure that all needed information, verification, and evidence is in the case record for the hearing.
(viii) When a state hearing is requested that appeals the action or inaction of a regional office, the regional office will prepare copies of the case record and forward it to the appropriate division in the state office no later than five (5) days after receipt of the request for a state hearing. The original case record will remain in the regional office. Either the original case record in the regional office or the copy forwarded to the state office will be available for inspection by the claimant or claimant's representative a reasonable time before the date of the hearing.

(ix) The Medicaid specialist supervisor will serve as the hearing officer for a local hearing unless the Medicaid specialist supervisor actually participated in the eligibility, benefits, or services decision under appeal, in which case the Medicaid specialist supervisor must appoint a Medicaid specialist in the regional office who did not actually participate in the decision under appeal to serve as hearing officer. The local hearing will be an informal proceeding in which the claimant or representative may present new or additional information, may question the action taken on the client's case, and will hear an explanation from agency staff as to the regulations and requirements that were applied to claimant's case in making the decision.

(x) After the hearing, the hearing officer will prepare a written summary of the hearing procedure and file it with the case record. The hearing officer will consider the facts presented at the local hearing in reaching a decision. The claimant will be notified of the local hearing decision on the appropriate form that will state clearly the reason for the decision, the policy that governs the decision, the claimant's right to appeal the decision to the state office, and, if the original adverse action is upheld, the new effective date of the reduction or termination of benefits or services if continuation...
of benefits applied during the hearing process. The new effective
date of the reduction or termination of benefits or services must
be at the end of the fifteen-day advance notice period from the
mailing date of the notice of hearing decision. The notice to
claimant will be made part of the case record.

(xi) The claimant has the right to appeal a local
hearing decision by requesting a state hearing in writing within
fifteen (15) days of the mailing date of the notice of local
hearing decision. The state hearing request should be made to the
regional office. If benefits have been continued pending the
local hearing process, then benefits will continue throughout the
fifteen-day advance notice period for an adverse local hearing
decision. If a state hearing is timely requested within the
fifteen-day period, then benefits will continue pending the state
hearing process. State hearings requested after the fifteen-day
local hearing advance notice period will not be accepted unless
the initial thirty-day period for filing a hearing request has not
expired because the local hearing was held early, in which case a
state hearing request will be accepted as timely within the number
of days remaining of the unexpired initial thirty-day period in
addition to the fifteen-day time period. Continuation of benefits
during the state hearing process, however, will only apply if the
state hearing request is received within the fifteen-day advance
notice period.

(xii) When a request for a state hearing is
received in the regional office, the request will be made part of
the case record and the regional office will prepare the case
record and forward it to the appropriate division in the state
office within five (5) days of receipt of the state hearing
request. A request for a state hearing received in the state
office will be forwarded to the regional office for inclusion in
the case record and the regional office will prepare the case
record and forward it to the appropriate division in the state
office within five (5) days of receipt of the state hearing request.

(xiii) Upon receipt of the hearing record, an impartial hearing officer will be assigned to hear the case either by the Executive Director of the Division of Medicaid or his or her designee. Hearing officers will be individuals with appropriate expertise employed by the division and who have not been involved in any way with the action or decision on appeal in the case. The hearing officer will review the case record and if the review shows that an error was made in the action of the agency or in the interpretation of policy, or that a change of policy has been made, the hearing officer will discuss these matters with the appropriate agency personnel and request that an appropriate adjustment be made. Appropriate agency personnel will discuss the matter with the claimant and if the claimant is agreeable to the adjustment of the claim, then agency personnel will request in writing dismissal of the hearing and the reason therefore, to be placed in the case record. If the hearing is to go forward, it shall be scheduled by the hearing officer in the manner set forth in subparagraph (iii) of this paragraph (e).

(xiv) In conducting the hearing, the state hearing officer will inform those present of the following:

(A) That the hearing will be recorded on tape and that a transcript of the proceedings will be typed for the record;

(B) The action taken by the agency which prompted the appeal;

(C) An explanation of the claimant's rights during the hearing as outlined in subparagraph (vi) of this paragraph (e);

(D) That the purpose of the hearing is for the claimant to express dissatisfaction and present additional information or evidence;
(E) That the case record is available for review by the claimant or representative during the hearing;

(F) That the final hearing decision will be rendered by the Executive Director of the Division of Medicaid on the basis of facts presented at the hearing and the case record and that the claimant will be notified by letter of the final decision.

(xv) During the hearing, the claimant and/or representative will be allowed an opportunity to make a full statement concerning the appeal and will be assisted, if necessary, in disclosing all information on which the claim is based. All persons representing the claimant and those representing the Division of Medicaid will have the opportunity to state all facts pertinent to the appeal. The hearing officer may recess or continue the hearing for a reasonable time should additional information or facts be required or if some change in the claimant's circumstances occurs during the hearing process which impacts the appeal. When all information has been presented, the hearing officer will close the hearing and stop the recorder.

(xvi) Immediately following the hearing the hearing tape will be transcribed and a copy of the transcription forwarded to the regional office for filing in the case record. As soon as possible, the hearing officer shall review the evidence and record of the proceedings, testimony, exhibits, and other supporting documents, prepare a written summary of the facts as the hearing officer finds them, and prepare a written recommendation of action to be taken by the agency, citing appropriate policy and regulations that govern the recommendation. The decision cannot be based on any material, oral or written, not available to the claimant before or during the hearing. The hearing officer's recommendation will become part of the case record.
record which will be submitted to the Executive Director of the Division of Medicaid for further review and decision.

(xvii) The Executive Director of the Division of Medicaid, upon review of the recommendation, proceedings and the record, may sustain the recommendation of the hearing officer, reject the same, or remand the matter to the hearing officer to take additional testimony and evidence, in which case, the hearing officer thereafter shall submit to the executive director a new recommendation. The executive director shall prepare a written decision summarizing the facts and identifying policies and regulations that support the decision, which shall be mailed to the claimant and the representative, with a copy to the regional office if appropriate, as soon as possible after submission of a recommendation by the hearing officer. The decision notice will specify any action to be taken by the agency, specify any revised eligibility dates or, if continuation of benefits applies, will notify the claimant of the new effective date of reduction or termination of benefits or services, which will be fifteen (15) days from the mailing date of the notice of decision. The decision rendered by the Executive Director of the Division of Medicaid is final and binding. The claimant is entitled to seek judicial review in a court of proper jurisdiction.

(xviii) The Division of Medicaid must take final administrative action on a hearing, whether state or local, within ninety (90) days from the date of the initial request for a hearing.

(xix) A group hearing may be held for a number of claimants under the following circumstances:

(A) The Division of Medicaid may consolidate the cases and conduct a single group hearing when the only issue involved is one (1) of a single law or agency policy;
(B) The claimants may request a group hearing when there is one (1) issue of agency policy common to all of them.

In all group hearings, whether initiated by the Division of Medicaid or by the claimants, the policies governing fair hearings must be followed. Each claimant in a group hearing must be permitted to present his or her own case and be represented by his or her own representative, or to withdraw from the group hearing and have his or her appeal heard individually. As in individual hearings, the hearing will be conducted only on the issue being appealed, and each claimant will be expected to keep individual testimony within a reasonable time frame as a matter of consideration to the other claimants involved.

(xx) Any specific matter necessitating an administrative hearing not otherwise provided under this article or agency policy shall be afforded under the hearing procedures as outlined above. If the specific time frames of such a unique matter relating to requesting, granting, and concluding of the hearing is contrary to the time frames as set out in the hearing procedures above, the specific time frames will govern over the time frames as set out within these procedures.

(4) The Executive Director of the Division of Medicaid, with the approval of the Governor, shall be authorized to employ eligibility, technical, clerical and supportive staff as may be required in carrying out and fully implementing the determination of Medicaid eligibility, including conducting quality control reviews and the investigation of the improper receipt of medical assistance. Staffing needs will be set forth in the annual appropriation act for the division. Additional office space as needed in performing eligibility, quality control and investigative functions shall be obtained by the division.

SECTION 6. Section 43-13-117, Mississippi Code of 1972, is brought forward as follows:
Medicaid as authorized by this article shall include payment of part or all of the costs, at the discretion of the division, with approval of the Governor, of the following types of care and services rendered to eligible applicants who have been determined to be eligible for that care and services, within the limits of state appropriations and federal matching funds:

1. Inpatient hospital services.
   - The division shall allow thirty (30) days of inpatient hospital care annually for all Medicaid recipients. Precertification of inpatient days must be obtained as required by the division. The division may allow unlimited days in disproportionate hospitals as defined by the division for eligible infants and children under the age of six (6) years if certified as medically necessary as required by the division.

2. Outpatient hospital services.
   - Emergency services. The division shall allow six (6) medically necessary emergency room visits per beneficiary per fiscal year.

1045 43-13-117. Medicaid as authorized by this article shall include payment of part or all of the costs, at the discretion of the division, with approval of the Governor, of the following types of care and services rendered to eligible applicants who have been determined to be eligible for that care and services, within the limits of state appropriations and federal matching funds:

   1. Inpatient hospital services.
      - The division shall allow thirty (30) days of inpatient hospital care annually for all Medicaid recipients. Precertification of inpatient days must be obtained as required by the division. The division may allow unlimited days in disproportionate hospitals as defined by the division for eligible infants and children under the age of six (6) years if certified as medically necessary as required by the division.

   2. Outpatient hospital services.
      - Emergency services. The division shall allow six (6) medically necessary emergency room visits per beneficiary per fiscal year.
(b) Other outpatient hospital services. The division shall allow benefits for other medically necessary outpatient hospital services (such as chemotherapy, radiation, surgery and therapy). Where the same services are reimbursed as clinic services, the division may revise the rate or methodology of outpatient reimbursement to maintain consistency, efficiency, economy and quality of care.

(3) Laboratory and x-ray services.

(4) Nursing facility services.

(a) The division shall make full payment to nursing facilities for each day, not exceeding fifty-two (52) days per year, that a patient is absent from the facility on home leave. Payment may be made for the following home leave days in addition to the fifty-two-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving and the day after Thanksgiving.

(b) From and after July 1, 1997, the division shall implement the integrated case-mix payment and quality monitoring system, which includes the fair rental system for property costs and in which recapture of depreciation is eliminated. The division may reduce the payment for hospital leave and therapeutic home leave days to the lower of the case-mix category as computed for the resident on leave using the assessment being utilized for payment at that point in time, or a case-mix score of 1.000 for nursing facilities, and shall compute case-mix scores of residents so that only services provided at the nursing facility are considered in calculating a facility's per diem.

(c) From and after July 1, 1997, all state-owned nursing facilities shall be reimbursed on a full reasonable cost basis.

(d) When a facility of a category that does not require a certificate of need for construction and that could not
be eligible for Medicaid reimbursement is constructed to nursing facility specifications for licensure and certification, and the facility is subsequently converted to a nursing facility under a certificate of need that authorizes conversion only and the applicant for the certificate of need was assessed an application review fee based on capital expenditures incurred in constructing the facility, the division shall allow reimbursement for capital expenditures necessary for construction of the facility that were incurred within the twenty-four (24) consecutive calendar months immediately preceding the date that the certificate of need authorizing the conversion was issued, to the same extent that reimbursement would be allowed for construction of a new nursing facility under a certificate of need that authorizes that construction. The reimbursement authorized in this subparagraph (d) may be made only to facilities the construction of which was completed after June 30, 1989. Before the division shall be authorized to make the reimbursement authorized in this subparagraph (d), the division first must have received approval from the Centers for Medicare and Medicaid Services (CMS) of the change in the state Medicaid plan providing for the reimbursement.

(e) The division shall develop and implement, not later than January 1, 2001, a case-mix payment add-on determined by time studies and other valid statistical data that will reimburse a nursing facility for the additional cost of caring for a resident who has a diagnosis of Alzheimer's or other related dementia and exhibits symptoms that require special care. Any such case-mix add-on payment shall be supported by a determination of additional cost. The division shall also develop and implement as part of the fair rental reimbursement system for nursing facility beds, an Alzheimer's resident bed depreciation enhanced reimbursement system that will provide an incentive to encourage nursing facilities to convert or construct beds for residents with Alzheimer's or other related dementia.
(f) The division shall develop and implement an assessment process for long-term care services. The division may provide the assessment and related functions directly or through contract with the area agencies on aging.

The division shall apply for necessary federal waivers to assure that additional services providing alternatives to nursing facility care are made available to applicants for nursing facility care.

(5) Periodic screening and diagnostic services for individuals under age twenty-one (21) years as are needed to identify physical and mental defects and to provide health care treatment and other measures designed to correct or ameliorate defects and physical and mental illness and conditions discovered by the screening services, regardless of whether these services are included in the state plan. The division may include in its periodic screening and diagnostic program those discretionary services authorized under the federal regulations adopted to implement Title XIX of the federal Social Security Act, as amended. The division, in obtaining physical therapy services, occupational therapy services, and services for individuals with speech, hearing and language disorders, may enter into a cooperative agreement with the State Department of Education for the provision of those services to handicapped students by public school districts using state funds that are provided from the appropriation to the Department of Education to obtain federal matching funds through the division. The division, in obtaining medical and psychological evaluations for children in the custody of the State Department of Human Services may enter into a cooperative agreement with the State Department of Human Services for the provision of those services using state funds that are provided from the appropriation to the Department of Human Services to obtain federal matching funds through the division.
(6) Physician's services. The division shall allow twelve (12) physician visits annually. All fees for physicians' services that are covered only by Medicaid shall be reimbursed at ninety percent (90%) of the rate established on January 1, 1999, and as may be adjusted each July thereafter, under Medicare (Title XVIII of the federal Social Security Act, as amended). The division may develop and implement a different reimbursement model or schedule for physician's services provided by physicians based at an academic health care center and by physicians at rural health centers that are associated with an academic health care center.

(7) (a) Home health services for eligible persons, not to exceed in cost the prevailing cost of nursing facility services, not to exceed twenty-five (25) visits per year. All home health visits must be precertified as required by the division.

(b) Repealed.

(8) Emergency medical transportation services. On January 1, 1994, emergency medical transportation services shall be reimbursed at seventy percent (70%) of the rate established under Medicare (Title XVIII of the federal Social Security Act, as amended). "Emergency medical transportation services" shall mean, but shall not be limited to, the following services by a properly permitted ambulance operated by a properly licensed provider in accordance with the Emergency Medical Services Act of 1974 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids, (vi) disposable supplies, (vii) similar services.

(9) (a) Legend and other drugs as may be determined by the division.

The division shall establish a mandatory preferred drug list. Drugs not on the mandatory preferred drug list shall be made
available by utilizing prior authorization procedures established by the division.

The division may seek to establish relationships with other states in order to lower acquisition costs of prescription drugs to include single source and innovator multiple source drugs or generic drugs. In addition, if allowed by federal law or regulation, the division may seek to establish relationships with and negotiate with other countries to facilitate the acquisition of prescription drugs to include single source and innovator multiple source drugs or generic drugs, if that will lower the acquisition costs of those prescription drugs.

The division shall allow for a combination of prescriptions for single source and innovator multiple source drugs and generic drugs to meet the needs of the beneficiaries, not to exceed five (5) prescriptions per month for each noninstitutionalized Medicaid beneficiary, with not more than two (2) of those prescriptions being for single source or innovator multiple source drugs.

The executive director may approve specific maintenance drugs for beneficiaries with certain medical conditions, which may be prescribed and dispensed in three-month supply increments. The executive director may allow a state agency or agencies to be the sole source purchaser and distributor of hemophilia factor medications, HIV/AIDS medications and other medications as determined by the executive director as allowed by federal regulations.

Drugs prescribed for a resident of a psychiatric residential treatment facility must be provided in true unit doses when available. The division may require that drugs not covered by Medicare Part D for a resident of a long-term care facility be provided in true unit doses when available. Those drugs that were originally billed to the division but are not used by a resident in any of those facilities shall be returned to the billing pharmacy for credit to the division, in accordance with the
guidelines of the State Board of Pharmacy and any requirements of federal law and regulation. Drugs shall be dispensed to a recipient and only one (1) dispensing fee per month may be charged. The division shall develop a methodology for reimbursing for restocked drugs, which shall include a restock fee as determined by the division not exceeding Seven Dollars and Eighty-two Cents ($7.82).

The voluntary preferred drug list shall be expanded to function in the interim in order to have a manageable prior authorization system, thereby minimizing disruption of service to beneficiaries.

Except for those specific maintenance drugs approved by the executive director, the division shall not reimburse for any portion of a prescription that exceeds a thirty-one-day supply of the drug based on the daily dosage.

The division shall develop and implement a program of payment for additional pharmacist services, with payment to be based on demonstrated savings, but in no case shall the total payment exceed twice the amount of the dispensing fee.

All claims for drugs for dually eligible Medicare/Medicaid beneficiaries that are paid for by Medicare must be submitted to Medicare for payment before they may be processed by the division's on-line payment system.

The division shall develop a pharmacy policy in which drugs in tamper-resistant packaging that are prescribed for a resident of a nursing facility but are not dispensed to the resident shall be returned to the pharmacy and not billed to Medicaid, in accordance with guidelines of the State Board of Pharmacy.

The division shall develop and implement a method or methods by which the division will provide on a regular basis to Medicaid providers who are authorized to prescribe drugs, information about the costs to the Medicaid program of single source drugs and innovator multiple source drugs, and information about other drugs
that may be prescribed as alternatives to those single source
drugs and innovator multiple source drugs and the costs to the
Medicaid program of those alternative drugs.

Notwithstanding any law or regulation, information obtained
or maintained by the division regarding the prescription drug
program, including trade secrets and manufacturer or labeler
pricing, is confidential and not subject to disclosure except to
other state agencies.

(b) Payment by the division for covered
 multisource drugs shall be limited to the lower of the upper
limits established and published by the Centers for Medicare and
Medicaid Services (CMS) plus a dispensing fee, or the estimated
acquisition cost (EAC) as determined by the division, plus a
dispensing fee, or the providers' usual and customary charge to
the general public.

Payment for other covered drugs, other than multisource drugs
with CMS upper limits, shall not exceed the lower of the estimated
acquisition cost as determined by the division, plus a dispensing
fee or the providers' usual and customary charge to the general
public.

Payment for nonlegend or over-the-counter drugs covered by
the division shall be reimbursed at the lower of the division's
estimated shelf price or the providers' usual and customary charge
to the general public.

The dispensing fee for each new or refill prescription,
including nonlegend or over-the-counter drugs covered by the
division, shall be not less than Three Dollars and Ninety-one
Cents ($3.91), as determined by the division.

The division shall not reimburse for single source or
innovator multiple source drugs if there are equally effective
generic equivalents available and if the generic equivalents are
the least expensive.
It is the intent of the Legislature that the pharmacists
providers be reimbursed for the reasonable costs of filling and
dispensing prescriptions for Medicaid beneficiaries.

(10) Dental care that is an adjunct to treatment of an
acute medical or surgical condition; services of oral surgeons and
dentists in connection with surgery related to the jaw or any
structure contiguous to the jaw or the reduction of any fracture
of the jaw or any facial bone; and emergency dental extractions
and treatment related thereto. On July 1, 1999, all fees for
dental care and surgery under authority of this paragraph (10)
shall be increased to one hundred sixty percent (160%) of the
amount of the reimbursement rate that was in effect on June 30,
1999. It is the intent of the Legislature to encourage more
dentists to participate in the Medicaid program.

(11) Eyeglasses for all Medicaid beneficiaries who have
(a) had surgery on the eyeball or ocular muscle that results in a
vision change for which eyeglasses or a change in eyeglasses is
medically indicated within six (6) months of the surgery and is in
accordance with policies established by the division, or (b) one
(1) pair every five (5) years and in accordance with policies
established by the division. In either instance, the eyeglasses
must be prescribed by a physician skilled in diseases of the eye
or an optometrist, whichever the beneficiary may select.

(12) Intermediate care facility services.
(a) The division shall make full payment to all
intermediate care facilities for the mentally retarded for each
day, not exceeding eighty-four (84) days per year, that a patient
is absent from the facility on home leave. Payment may be made

Notwithstanding any provision of this article, no new groups or categories of recipients and new types of care and services may be added without enabling legislation from the Mississippi Legislature, except that the division may authorize those changes without enabling legislation when the addition of recipients or services is ordered by a court of proper authority.

(c) Subject to the limits imposed by this article, to submit a Medicaid plan to the United States Department of Health and Human Services for approval under the provisions of the federal Social Security Act, to act for the state in making negotiations relative to the submission and approval of that plan, to make such arrangements, not inconsistent with the law, as may be required by or under federal law to obtain and retain that approval and to secure for the state the benefits of the provisions of that law.

No agreements, specifically including the general plan for the operation of the Medicaid program in this state, shall be made by and between the division and the United States Department of Health and Human Services unless the Attorney General of the State of Mississippi has reviewed the agreements, specifically including the operational plan, and has certified in writing to the Governor and to the executive director of the division that the agreements, including the plan of operation, have been drawn strictly in accordance with the terms and requirements of this article;

(d) In accordance with the purposes and intent of this article and in compliance with its provisions, provide for aged persons otherwise eligible for the benefits provided under Title XVIII of the federal Social Security Act by expenditure of funds available for those purposes;

article and eliminating duplication and inefficiency in the
Medicaid program;

(h) Adopt and use an official seal of the division;

(i) Sue in its own name on behalf of the State of Mississippi and employ legal counsel on a contingency basis with the approval of the Attorney General;

(j) To recover any and all payments incorrectly made by the division to a recipient or provider from the recipient or provider receiving the payments. To recover those payments, the division may use the following methods, in addition to any other methods available to the division:

(i) The division shall report to the State Tax Commission the name of any current or former Medicaid recipient who has received medical services rendered during a period of established Medicaid ineligibility and who has not reimbursed the division for the related medical service payment(s). The State Tax Commission shall withhold from the state tax refund of the individual, and pay to the division, the amount of the payment(s) for medical services rendered to the ineligible individual that have not been reimbursed to the division for the related medical service payment(s).

(ii) The division shall report to the State Tax Commission the name of any Medicaid provider to whom payments were incorrectly made that the division has not been able to recover by other methods available to the division. (k) To recover any and all payments by the division fraudulently obtained by a recipient or provider. Additionally, if recovery of any payments fraudulently obtained by a recipient or provider is made in any court, then, upon motion of the
Governor, the judge of the court may award twice the payments recovered as damages;

(1) Have full, complete and plenary power and authority to conduct such investigations as it may deem necessary and requisite of alleged or suspected violations or abuses of the provisions of this article or of the regulations adopted under this article, including, but not limited to, fraudulent or unlawful act or deed by applicants for Medicaid or other benefits, or payments made to any person, firm or corporation under the terms, conditions and authority of this article, to suspend or disqualify any provider of services, applicant or recipient for gross abuse, fraudulent or unlawful acts for such periods, including permanently, and under such conditions as the division deems proper and just, including the imposition of a legal rate of interest on the amount improperly or incorrectly paid. Recipients who are found to have misused or abused Medicaid benefits may be locked into one (1) physician and/or one (1) pharmacy of the recipient's choice for a reasonable amount of time in order to educate and promote appropriate use of medical services, in accordance with federal regulations. If an administrative hearing becomes necessary, the division may, if the provider does not succeed in his or her defense, tax the costs of the administrative hearing, including the costs of the court reporter or stenographer and transcript, to the provider. The convictions of a recipient or a provider in a state or federal court for abuse, fraudulent or unlawful acts under this chapter shall constitute an automatic disqualification of the recipient or automatic disqualification of the provider from participation under the Medicaid program.

A conviction, for the purposes of this chapter, shall include a judgment entered on a plea of nolo contendere or a nonadjudicated guilty plea and shall have the same force as a judgment entered pursuant to a guilty plea or a conviction following trial. (n) To cooperate and contract with the federal government for the purpose of providing Medicaid to Vietnamese and Cambodian refugees, under the provisions of Public Law 94-23 and Public Law 94-24, including any amendments to those laws, only to the extent that the Medicaid assistance and the administrative cost related thereto are one hundred percent (100%) reimbursable by the federal government. For the purposes of Section 43-13-117, persons receiving Medicaid under Public Law 94-23 and Public Law 94-24, including any amendments to those laws, shall not be considered a new group or category of recipient; and

(o) The division shall impose penalties upon Medicaid only, Title XIX participating long-term care facilities found to be in noncompliance with division and certification standards in accordance with federal and state regulations, including interest at the same rate calculated by the United States Department of Health and Human Services and/or the Centers for Medicare and Medicaid Services (CMS) under federal regulations.

(2) The division also shall exercise such additional powers and perform such other duties as may be conferred upon the division by act of the Legislature.

In the absence of the voluntary submission of the books, papers, documents, medical charts, prescriptions and other records, the Governor, the executive director, or other designated person may issue and serve subpoenas instantly upon the provider, his or her agent, servant or employee for the production of the books, papers, documents, medical charts, prescriptions or other records.
during an audit or investigation of the provider. If any provider or his or her agent, servant or employee refuses to produce the records after being duly subpoenaed, the executive director may certify those facts and institute contempt proceedings in the manner, time and place as authorized by law for administrative proceedings. As an additional remedy, the division may recover all amounts paid to the provider covering the period of the audit or investigation, inclusive of a legal rate of interest and a reasonable attorney's fee and costs of court if suit becomes necessary. Division staff shall have immediate access to the provider's physical location, facilities, records, documents, books, and any other records relating to medical care and services rendered to recipients during regular business hours.

(5) If any person in proceedings before the division disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the hearing, or neglects to produce, after having been ordered to do so, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take the oath as a witness, or after having taken the oath refuses to be examined according to law, the executive director shall certify the facts to any court having jurisdiction in the place in which it is sitting, and the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and if the evidence so warrants, punish that person in the same manner and to the same extent as for a contempt committed before the court, or commit that person upon the same condition as if the doing of the forbidden act had occurred with reference to the process of, or in the presence of, the court.

(6) In suspending or terminating any provider from participation in the Medicaid program, the division shall preclude the provider from submitting claims for payment, either personally or through any clinic, group, corporation or other association to...
the division or its fiscal agents for any services or supplies provided under the Medicaid program except for those services or supplies provided before the suspension or termination. No clinic, group, corporation or other association that is a provider of services shall submit claims for payment to the division or its fiscal agents for any services or supplies provided by a person within that organization who has been suspended or terminated from participation in the Medicaid program except for those services or supplies provided before the suspension or termination. When this provision is violated by a provider of services that is a clinic, group, corporation or other association, the division may suspend or terminate that organization from participation. Suspension may be applied by the division to all known affiliates of a provider, provided that each decision to include an affiliate is made on a case-by-case basis after giving due regard to all relevant facts and circumstances. The violation, failure or inadequacy of performance may be imputed to a person with whom the provider is affiliated where that conduct was accomplished within the course of his or her official duty or was effectuated by him or her with the knowledge or approval of that person.

(7) The division may deny or revoke enrollment in the Medicaid program to a provider if any of the following are found to be applicable to the provider, his or her agent, a managing employee or any person having an ownership interest equal to five percent (5%) or greater in the provider:

(a) Failure to truthfully or fully disclose any and all information required, or the concealment of any and all information required, on a claim, a provider application or a provider agreement, or the making of a false or misleading statement to the division relative to the Medicaid program.

(b) Previous or current exclusion, suspension, termination from or the involuntary withdrawing from participation in the Medicaid program, any other state’s Medicaid program,
Medicare or any other public or private health or health insurance program. If the division ascertains that a provider has been convicted of a felony under federal or state law for an offense that the division determines is detrimental to the best interest of the program or of Medicaid beneficiaries, the division may refuse to enter into an agreement with that provider, or may terminate or refuse to renew an existing agreement.

(c) Conviction under federal or state law of a criminal offense relating to the delivery of any goods, services or supplies, including the performance of management or administrative services relating to the delivery of the goods, services or supplies, under the Medicaid program, any other state's Medicaid program, Medicare or any other public or private health or health insurance program.

(d) Conviction under federal or state law of a criminal offense relating to the neglect or abuse of a patient in connection with the delivery of any goods, services or supplies.

(e) Conviction under federal or state law of a criminal offense relating to the unlawful manufacture, distribution, prescription or dispensing of a controlled substance.

(f) Conviction under federal or state law of a criminal offense relating to fraud, theft, embezzlement, breach of fiduciary responsibility or other financial misconduct.

(g) Conviction under federal or state law of a criminal offense punishable by imprisonment of a year or more that involves moral turpitude, or acts against the elderly, children or infirm.

(h) Conviction under federal or state law of a criminal offense in connection with the interference or obstruction of any investigation into any criminal offense listed in paragraphs (c) through (i) of this subsection.

(i) Sanction for a violation of federal or state laws or rules relative to the Medicaid program, any other state's
Medicaid program, Medicare or any other public health care or health insurance program.

(j) Revocation of license or certification.

(k) Failure to pay recovery properly assessed or pursuant to an approved repayment schedule under the Medicaid program.

(l) Failure to meet any condition of enrollment.

SECTION 8. Section 43-13-122, Mississippi Code of 1972, is brought forward as follows:

43-13-122. (1) The division is authorized to apply to the Center for Medicare and Medicaid Services of the United States Department of Health and Human Services for waivers and research and demonstration grants.

(2) The division is further authorized to accept and expend any grants, donations or contributions from any public or private organization together with any additional federal matching funds that may accrue and, including, but not limited to, one hundred percent (100%) federal grant funds or funds from any governmental entity or instrumentality thereof in furthering the purposes and objectives of the Mississippi Medicaid program, provided that such receipts and expenditures are reported and otherwise handled in accordance with the General Fund Stabilization Act. The Department of Finance and Administration is authorized to transfer monies to the division from special funds in the State Treasury in amounts not exceeding the amounts authorized in the appropriation to the division.

SECTION 9. Section 43-13-123, Mississippi Code of 1972, is brought forward as follows:

43-13-123. The determination of the method of providing payment of claims under this article shall be made by the division, with approval of the Governor, which methods may be:

(a) By contract with insurance companies licensed to do business in the State of Mississippi or with nonprofit hospital
service corporations, medical or dental service corporations, authorized to do business in Mississippi to underwrite on an insured premium approach, such medical assistance benefits as may be available, and any carrier selected under the provisions of this article is expressly authorized and empowered to undertake the performance of the requirements of that contract.

(b) By contract with an insurance company licensed to do business in the State of Mississippi or with nonprofit hospital service, medical or dental service organizations, or other organizations including data processing companies, authorized to do business in Mississippi to act as fiscal agent.

The division shall obtain services to be provided under either of the above-described provisions in accordance with the Personal Service Contract Review Board Procurement Regulations.

The authorization of the foregoing methods shall not preclude other methods of providing payment of claims through direct operation of the program by the state or its agencies.

SECTION 10. Section 43-13-125, Mississippi Code of 1972, is brought forward as follows:

43-13-125. (1) If Medicaid is provided to a recipient under this article for injuries, disease or sickness caused under circumstances creating a cause of action in favor of the recipient against any person, firm or corporation, then the division shall be entitled to recover the proceeds that may result from the exercise of any rights of recovery that the recipient may have against any such person, firm or corporation to the extent of the Division of Medicaid's interest on behalf of the recipient. The recipient shall execute and deliver instruments and papers to do whatever is necessary to secure those rights and shall do nothing after Medicaid is provided to prejudice the subrogation rights of the division. Court orders or agreements for reimbursement of Medicaid's interest shall direct those payments to the Division of Medicaid, which shall be authorized to endorse any and all,
including, but not limited to, multi-payee checks, drafts, money orders, or other negotiable instruments representing Medicaid payment recoveries that are received. In accordance with Section 43-13-305, endorsement of multi-payee checks, drafts, money orders or other negotiable instruments by the Division of Medicaid shall be deemed endorsed by the recipient.

The division, with the approval of the Governor, may compromise or settle any such claim and execute a release of any claim it has by virtue of this section.

(2) The acceptance of Medicaid under this article or the making of a claim under this article shall not affect the right of a recipient or his or her legal representative to recover Medicaid's interest as an element of damages in any action at law; however, a copy of the pleadings shall be certified to the division at the time of the institution of suit, and proof of that notice shall be filed of record in that action. The division may, at any time before the trial on the facts, join in that action or may intervene in that action. Any amount recovered by a recipient or his or her legal representative shall be applied as follows:

(a) The reasonable costs of the collection, including attorney's fees, as approved and allowed by the court in which that action is pending, or in case of settlement without suit, by the legal representative of the division;

(b) The amount of Medicaid's interest on behalf of the recipient; or such pro rata amount as may be arrived at by the legal representative of the division and the recipient's attorney, or as set by the court having jurisdiction; and

(c) Any excess shall be awarded to the recipient.

(3) No compromise of any claim by the recipient or his or her legal representative shall be binding upon or affect the rights of the division against the third party unless the division, with the approval of the Governor, has entered into the
compromise. Any compromise effected by the recipient or his or her legal representative with the third party in the absence of advance notification to and approved by the division shall constitute conclusive evidence of the liability of the third party, and the division, in litigating its claim against the third party, shall be required only to prove the amount and correctness of its claim relating to the injury, disease or sickness. If the recipient or his or her legal representative fails to notify the division of the institution of legal proceedings against a third party for which the division has a cause of action, the facts relating to negligence and the liability of the third party, if judgment is rendered for the recipient, shall constitute conclusive evidence of liability in a subsequent action maintained by the division and only the amount and correctness of the division's claim relating to injuries, disease or sickness shall be tried before the court. The division shall be authorized in bringing that action against the third party and his or her insurer jointly or against the insurer alone.

(4) Nothing in this section shall be construed to diminish or otherwise restrict the subrogation rights of the Division of Medicaid against a third party for Medicaid provided by the Division of Medicaid to the recipient as a result of injuries, disease or sickness caused under circumstances creating a cause of action in favor of the recipient against such a third party.

(5) Any amounts recovered by the division under this section shall, by the division, be placed to the credit of the funds appropriated for benefits under this article proportionate to the amounts provided by the state and federal governments respectively.

SECTION 11. Section 43-13-127, Mississippi Code of 1972, is brought forward as follows:

43-13-127. (1) Within sixty (60) days after the end of each fiscal year and at each regular session of the Legislature, the
division shall make and publish a report to the Governor and to the Legislature, showing for the period of time covered the following:

(a) The total number of recipients;
(b) The total amount paid for medical assistance and care under this article;
(c) The total number of applications;
(d) The number of applications approved;
(e) The number of applications denied;
(f) The amount expended for administration of the provisions of this article;
(g) The amount of money received from the federal government, if any;
(h) The amount of money recovered by reason of collections from third persons by reason of assignment or subrogation, and the disposition of the same;
(i) The actions and activities of the division in detecting and investigating suspected or alleged fraudulent practices, violations and abuses of the program; and
(j) Any recommendations it may have as to expanding, enlarging, limiting or restricting the eligibility of persons covered by this article or services provided by this article, to make more effective the basic purposes of this article; to eliminate or curtail fraudulent practices and inequities in the plan or administration thereof; and to continue to participate in receiving federal funds for the furnishing of medical assistance under Title XIX of the Social Security Act or other federal law.

(2) In addition to the reports required by subsection (1) of this section, the division shall submit a report each month to the Chairmen of the Public Health and Welfare Committees of the Senate and the House of Representatives and to the Joint Legislative Budget Committee that contains the information specified in each paragraph of subsection (1) for the preceding month.
SECTION 12. Section 43-13-129, Mississippi Code of 1972, is brought forward as follows:

43-13-129. Any person making application for benefits under this article for himself or for another person, and any provider of services, who knowingly makes a false statement or false representation or fails to disclose a material fact to obtain or increase any benefit or payment under this article shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed five hundred dollars ($500.00) or imprisoned not to exceed one (1) year, or by both such fine and imprisonment. Each false statement or false representation or failure to disclose a material fact shall constitute a separate offense. This section shall not prohibit prosecution under any other criminal statutes of this state or the United States.

SECTION 13. Section 43-13-139, Mississippi Code of 1972, is brought forward as follows:

43-13-139. Nothing contained in this article shall be construed to prevent the Governor, in his discretion, from discontinuing or limiting medical assistance to any individuals who are classified or deemed to be within any optional group or optional category of recipients as prescribed under Title XIX of the federal Social Security Act or the implementing federal regulations. If the Congress or the United States Department of Health and Human Services ceases to provide federal matching funds for any group or category of recipients or any type of care and services, the division shall cease state funding for such group or category or such type of care and services, notwithstanding any provision of this article.

SECTION 14. Section 43-13-143, Mississippi Code of 1972, is brought forward as follows:

43-13-143. There is created in the State Treasury a special fund to be known as the "Medical Care Fund," which shall be comprised of monies transferred by public or private health care
providers, governing bodies of counties, municipalities, public or community hospitals and other political subdivisions of the state, individuals, corporations, associations and any other entities for the purpose of providing health care services. Any transfer made to the fund shall be paid to the State Treasurer for deposit into the fund, and all such transfers shall be considered as unconditional transfers to the fund. The monies in the Medical Care Fund shall be expended only for health care services, and may be expended only upon appropriation of the Legislature. All transfers of monies to the Division of Medicaid by health care providers and by governing bodies of counties, municipalities, public or community hospitals and other political subdivisions of the state shall be deposited into the fund. Unexpended monies remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on monies in the fund shall be deposited to the credit of the fund.

SECTION 15. Section 43-13-145, Mississippi Code of 1972, is brought forward as follows:

43-13-145. (1) (a) Upon each nursing facility licensed by the State of Mississippi, there is levied an assessment in an amount set by the division, not exceeding the maximum rate allowed by federal law or regulation, for each licensed and occupied bed of the facility.

(b) A nursing facility is exempt from the assessment levied under this subsection if the facility is operated under the direction and control of:

(i) The United States Veterans Administration or other agency or department of the United States government;

either provides its own state match through intergovernmental
transfer or certification of funds to the division.

(2) (a) Upon each intermediate care facility for the
mentally retarded licensed by the State of Mississippi, there is
levied an assessment in an amount set by the division, not
exceeding the maximum rate allowed by federal law or regulation,

retarded is exempt from the assessment levied under this
subsection if the facility is operated under the direction and

other agency or department of the United States government;
(ii) The State Veterans Affairs Board; or
(iii) The University of Mississippi Medical
Center.

(3) (a) Upon each psychiatric residential treatment
facility licensed by the State of Mississippi, there is levied an
assessment in an amount set by the division, not exceeding the
maximum rate allowed by federal law or regulation, for each
licensed and occupied bed of the facility.

(b) A psychiatric residential treatment facility is
exempt from the assessment levied under this subsection if the
facility is operated under the direction and control of:

(i) The United States Veterans Administration or
other agency or department of the United States government;
(ii) The University of Mississippi Medical Center;
(iii) A state agency or a state facility that
either provides its own state match through intergovernmental
transfer or certification of funds to the division.

(4) (a) Upon each hospital licensed by the State of
Mississippi, there is levied an assessment in the amount of Three
Dollars and Twenty-five Cents ($3.25) per bed for each licensed inpatient acute care bed of the hospital.

(b) A hospital is exempt from the assessment levied under this subsection if the hospital is operated under the direction and control of:

(i) The United States Veterans Administration or other agency or department of the United States government;

(ii) The University of Mississippi Medical Center;

or

(iii) A state agency or a state facility that either provides its own state match through intergovernmental transfer or certification of funds to the division.

(5) Each health care facility that is subject to the provisions of this section shall keep and preserve such suitable books and records as may be necessary to determine the amount of assessment for which it is liable under this section. The books and records shall be kept and preserved for a period of not less than five (5) years, and those books and records shall be open for examination during business hours by the division, the State Tax Commission, the Office of the Attorney General and the State Department of Health.

(6) The assessment levied under this section shall be collected by the division each month beginning on March 31, 2005.

(7) All assessments collected under this section shall be deposited in the Medical Care Fund created by Section 43-13-143.

(9) (a) If a health care facility that is liable for payment of an assessment levied by the division does not pay the assessment when it is due, the division shall give written notice to the health care facility by certified or registered mail.
demanding payment of the assessment within ten (10) days from the
date of delivery of the notice. If the health care facility
fails or refuses to pay the assessment after receiving the notice
and demand from the division, the division shall withhold from any
Medicaid reimbursement payments that are due to the health care
facility the amount of the unpaid assessment and a penalty of ten
percent (10%) of the amount of the assessment, plus the legal rate
of interest until the assessment is paid in full. If the health
care facility does not participate in the Medicaid program, the
division shall turn over to the Office of the Attorney General the
collection of the unpaid assessment by civil action. In any such
civil action, the Office of the Attorney General shall collect the

of the amount of the assessment, plus the legal rate of interest
until the assessment is paid in full.

(b) As an additional or alternative method for
collecting unpaid assessments levied by the division, if a health

in which the health care facility is located, for the amount of
the unpaid assessment and a penalty of ten percent (10%) of the

the assessment is paid in full. Immediately upon receipt of
notice of the tax lien for the assessment, the circuit clerk shall
enter the notice of the tax lien as a judgment upon the judgment
roll and show in the appropriate columns the name of the health
care facility as judgment debtor, the name of the division as
judgment creditor, the amount of the unpaid assessment, and the
date and time of enrollment. The judgment shall be valid as
against mortgagees, pledgees, entrusters, purchasers, judgment
creditors and other persons from the time of filing with the
clerk. The amount of the judgment shall be a debt due the State
of Mississippi and remain a lien upon the tangible property of the
health care facility until the judgment is satisfied. The
