37 a Mississippi licensed dentist in the employ of the public or
38 nonprofit governing authority.

39 (b) The recognized public or nonprofit governing
40 authority must obtain a public health supervision agreement with
41 the organized community program, be available to provide an
42 appropriate level of contact, communication, collaboration and
43 consultation with the dental hygienist; have specified standing
44 orders and policy guidelines for procedures that are to be
45 performed; and assure that those who self-report as not having a
46 dental provider are given information on how to obtain a
47 comprehensive dental examination.
