434 authority under this act; and may contain such other provisions
435 and requirements as the parties thereto may determine to be
436 appropriate or necessary. Such contracts may extend over any
437 period of time, notwithstanding any provisions of law to the
438 contrary, and may extend beyond the life of the respective
439 systems, or any part thereof, or the term of the bonds sold with
440 respect to such facilities or improvements thereto.

441 (8) The obligations of a public agency arising under the
442 terms of any contract referred to in this act, whether or not
443 payable solely from a pledge of revenues, shall not be included
444 within the indebtedness limitations of the public agency for
445 purposes of any constitutional or statutory limitation or
446 provision. To the extent provided in such contract and to the
447 extent such obligations of the public agency are payable wholly or
448 in part from the revenues and other monies derived by the public
449 agency from the operation of its systems or of its combined
450 systems, or any part thereof, such obligations shall be treated as
451 expenses of operating such systems.

453 for payments in the form of contributions to defray the cost of
454 any purpose set forth in the contracts and as advances for the
455 respective systems or any part thereof subject to repayment by the
456 authority. A public agency may make such contributions or
457 advances from its general fund or surplus fund or from special
458 assessments or from any monies legally available therefor.

459 (10) Payments made, or to be made, to the authority by a
460 public agency or other person under a contract for any of its

466 and perform any and all acts or things necessary, convenient or
467 desirable to carry out the purposes of such contracts, including
468 the fixing, charging, collecting, maintaining and revising of
469 rates, fees, assessments and other charges for the services
470 rendered to any user of any of the properties or systems operated
471 or maintained by the authority, whether or not such systems are
472 owned by the authority.

476 authority as set forth hereinafter in this subsection (12) to
477 acquire such property, easements, rights-of-way and other property
478 interests as may be required and requested by the board of
479 directors.

480 The authority may reimburse or pay all costs, including
481 professional fees, along with damages awarded in connection with
482 the exercise of such eminent domain power to the entity which has
483 agreed to exercise its eminent domain powers under the terms of
484 this act.

485 The amount and character of interest in land, other property,
486 and easements thus to be acquired shall be determined by the board
487 of directors, and their determination shall be conclusive and
488 shall not be subject to attack in the absence of manifold abuse of
489 discretion or fraud on the part of such board in making such
490 determination, however:

491 (a) In acquiring lands, either by negotiation or
492 eminent domain through action of the public agency, the authority
493 shall not acquire mineral rights or royalties, provided that sand
494 and gravel shall not be considered as minerals within the meaning
495 of this section;

496 (b) No person or persons owning the drilling rights or
497 the right to share in production shall be prevented from
498 exploring, developing or producing oil or gas with necessary
499 rights-of-way for ingress and egress, pipelines and other means of
500 transporting such interests on any land or interest thereon of the
501 authority held or used for the purposes of this act, but any such
502 activities shall be subject to and secondary to such reasonable
503 regulations by the board of directors as will adequately protect
504 the systems of the authority contemplated by this act; and

505 (c) In acquiring lands, either by negotiation or
506 eminent domain through action of the public agency, the authority
507 shall acquire only any interest or rights in such facilities,
508 components and systems which are part of the authority's plan
509 implemented by the authority.

510 (13) No provision of this act shall be construed to prohibit
511 any public agency, otherwise permitted by law to issue bonds, from
512 issuing bonds in the manner provided by law for the construction,
513 renovation, repair or development of any of the authority's
514 systems, or any part thereof, owned or operated by such public
515 agency.

516 **SECTION 8.** Whenever a public agency shall have executed a
517 contract under this act and the payments thereunder are to be made
518 either wholly or partly from the revenues of the public agency's
519 systems, or any part thereof, or a combination of such systems,
520 the duty is hereby imposed on the public agency to establish and
521 maintain and from time to time to adjust the rate or fees charged
522 by the public agency for the services of such systems, so that the
523 revenues therefrom, together with any taxes and special

524 assessments levied in support thereof, will be sufficient at all
525 times to pay: (a) the expense of operating and maintaining such
526 properties or systems, including all of the public agency's
527 obligations to the authority, its successors or assigns under such
528 contract; and (b) all of the public agency's obligations under and
529 in connection with bonds theretofore issued, or which may be
530 issued thereafter and secured by the revenues of such systems.
531 Any such contract may require the use of consulting engineers and
532 financial experts to advise the public agency whether and when
533 such rates and fees are to be adjusted.

534 **SECTION 9.** (1) Notwithstanding the provisions of Sections
535 77-3-21 and 77-3-23, Mississippi Code of 1972, the certificate of
536 public convenience and necessity held by any municipality, public
537 agency, district, public utility or other person authorized by law
538 to provide water, sewer and wastewater services may be canceled
539 and its powers, duties and responsibilities transferred to the
540 authority in the manner provided by this section.

541 (2) Any entity described in subsection (1) of this section
542 desiring to have its certificate of public convenience and
543 necessity canceled and its powers, duties and responsibilities
544 transferred to the authority shall make a determination to that
545 effect on its official minutes if a public entity, or by affidavit
546 if not a public entity, and transmit such determination to the
547 authority.

548 (3) Upon receipt of the document evidencing such
549 determination from an entity to transfer its powers, duties and
550 responsibilities to the authority, the authority shall by
551 resolution declare whether it is willing and able to accept such
552 transfer from the entity.

553 (4) Upon completion of the requirements of subsections (2)
554 and (3) herein and agreement by both parties to the transfer, the
555 holder of the certificate of public convenience and necessity and
556 the authority shall jointly petition the Public Service Commission

557 to cancel the certificate of public convenience and necessity.
558 The petition must be accompanied by copies of the official
559 minutes, affidavit or resolution, as the case may be, reflecting
560 the actions of the petitioners. After review of the petition and
561 any other evidence as the Public Service Commission deems
562 necessary, the commission may issue an order canceling the
563 certificate and transferring to the authority the powers, duties
564 and responsibilities granted by the certificate, including all
565 assets and debts of the transferor petitioner related to such
566 certificated services, real or personal, or both, if it finds
567 that:

568 (a) Subsections (2) and (3) of this section have been
569 complied with; and

570 (b) Such action is in the public interest.

571 (5) The authority and providers of water, sewer, or
572 wastewater services that are not holders of a certificate of a
573 public convenience and necessity from the Public Service
574 Commission may enter into agreements for the provision of such
575 services, including, but not limited to, the transfer to the
576 authority of such provider's powers, duties, responsibilities,
577 assets and debts.

578 **SECTION 10.** (1) Any system of a municipality, public agency
579 or person that becomes subject to the jurisdiction of the
580 authority and this act shall not impair, invalidate or abrogate
581 any liens, bonds or other certificates of indebtedness related to
582 water, storm water or wastewater facilities and systems incurred
583 prior to becoming subject to the jurisdiction of the authority.

584 (2) The authority may do and perform any and all acts
585 necessary, convenient or desirable to ensure the payment,
586 redemption or satisfaction of such liens, bonds or other
587 certificates of indebtedness.

588 **SECTION 11.** (1) Sections 11 through 20 of this act apply to
589 all bonds to be issued after the effective date of this act and

590 such provisions shall not affect, limit or alter the rights and
591 powers of any authority under this act or any law of Mississippi
592 to conduct the activities referred to herein in any way pertinent
593 to the interests of the bondholders, including, without
594 limitation, such authority's right to charge and collect rates,
595 fees and charges and to fulfill the terms of any covenants made
596 with the registered owners of any existing bonds, or in any other
597 way impair the rights and remedies of the registered owners of any
598 existing bonds, unless provision for full payment of such bonds,
599 by escrow or otherwise, has been made pursuant to the terms of the
600 bonds or the resolution, trust indenture or security interest
601 securing the bonds.

602 (2) The authority shall have the power and is hereby
603 authorized, from time to time, to borrow money and to issue
604 revenue bonds and interim notes in such principal amounts as the
605 authority may determine to be necessary to provide sufficient
606 funds for achieving one or more of the purposes of this act,
607 including, without limiting the generality of the foregoing, to
608 defray all the costs of the project, the cost of the acquisition,
609 construction, improvement, repair or extension of a system, or any
610 part thereof, whether or not such facilities are owned by the
611 authority, the payment of interest on bonds of the authority
612 issued pursuant to this act, establishment of reserves to secure
613 such bonds and payment of the interest thereon, expenses incident
614 to the issuance of such bonds and to the implementation of the
615 authority's system, and all other expenditures of the authority
616 incident to or necessary or convenient to carry out the purposes
617 of this act.

618 (3) Before issuing bonds, other than interim notes or
619 refunding bonds as provided in Section 12 of this act, the board
620 of directors of the authority shall adopt a resolution declaring
621 its intention to issue such bonds and stating the maximum
622 principal amount of bonds proposed to be issued, a general generic

623 description of the proposed improvements and the proposed location
624 thereof and the date, time and place at which the board of
625 directors proposes to take further action with respect to the
626 issuance of such bonds. The resolution of the authority shall be
627 published once a week for at least three (3) consecutive weeks in
628 at least one (1) newspaper having a general circulation within the
629 geographical limits of all of the public agencies which have
630 contracted with the authority pursuant to this act.

631 (4) Bonds of the authority issued pursuant to this act shall
632 be payable from and secured by a pledge of all or any part of the
633 revenues under one or more contracts entered into pursuant to this
634 act between the authority and one or more of its contracting
635 public agencies and from all or any part of the revenues derived
636 from the operation of any designated system or any part or parts
637 thereof and any other monies legally available and designated
638 therefor, as may be determined by such authority, subject only to
639 any agreement with the purchasers of the bonds. Such bonds may be
640 further secured by a trust indenture between such authority and a
641 corporate trustee, which may be any trust company or bank having
642 powers of a trust company without or within the state.

643 (5) Bonds of the authority issued pursuant to this act shall
644 be authorized by a resolution or resolutions adopted by a majority
645 affirmative vote of the total membership of the board of directors
646 of the authority. Such bonds may be issued in series, and each
647 series of such bonds shall bear such date or dates, mature at such
648 time or times, bear interest at such rate or rates (not exceeding
649 the maximum rate set out in Section 75-17-103, Mississippi Code of
650 1972), be in such denomination or denominations, be in such form,
651 carry such conversion privileges, have such rank or priority, be
652 executed in such manner and by such officers, be payable from such
653 sources in such medium of payment at such place or places within
654 or without the state, provided that one such place shall be within
655 the state, and be subject to such terms of redemption prior to

656 maturity, all as may be provided by resolution or resolutions of
657 the board of directors. The term of such bonds issued pursuant to
658 this act shall not exceed forty (40) years.

659 (6) Bonds of the authority issued pursuant to this act may
660 be sold at such price or prices, at public or private sale, in
661 such manner and at such times as may be determined by the
662 authority to be in the public interest, and the authority may pay
663 all expenses, premiums, fees and commissions which it may deem
664 necessary and advantageous in connection with the issuance and
665 sale thereof.

666 (7) Any pledge of earnings, revenues or other monies made by
667 the authority shall be valid and binding from the time the pledge
668 is made. The earnings, revenues or other monies so pledged and
669 thereafter received by the authority shall immediately be subject
670 to the lien of such pledge without any physical delivery thereof
671 or further act, and the lien of any such pledge shall be valid and
672 binding as against all parties having claims of any kind in tort,
673 contract or otherwise against such authority irrespective of
674 whether such parties have notice thereof. Neither the resolution
675 nor any other instrument by which a pledge is created need be
676 recorded.

677 (8) Neither the members of the board of directors nor any
678 person executing the bonds shall be personally liable on the bonds
679 or be subject to any personal liability or accountability by
680 reason of the issuance thereof.

681 (9) Proceeds from the sale of bonds of the authority may be
682 invested, pending their use, in such securities as may be
683 specified in the resolution authorizing the issuance of the bonds
684 or the trust indenture securing them, and the earnings on such
685 investments applied as provided in such resolution or trust
686 indenture.

687 (10) Whenever any bonds shall have been signed by the
688 officer(s) designated by the resolution of the board of directors

689 to sign the bonds who were in office at the time of such signing
690 but who may have ceased to be such officer(s) prior to the sale
691 and delivery of such bonds, or who may not have been in office on
692 the date such bonds may bear, the manual or facsimile signatures
693 of such officer(s) upon such bonds shall nevertheless be valid and
694 sufficient for all purposes and have the same effect as if the
695 person so officially executing such bonds had remained in office
696 until the delivery of the same to the purchaser or had been in
697 office on the date such bonds may bear.

698 (11) The authority has the discretion to advance or borrow
699 funds needed to satisfy any short-term cash flow demands or
700 deficiencies or to cover start-up costs until such time as
701 sufficient bonds, assets and revenues have been secured to satisfy
702 the needs of the authority.

703 **SECTION 12.** (1) The authority may, by resolution adopted by
704 its board of directors, issue refunding bonds for the purpose of
705 paying any of its bonds at or prior to maturity or upon
706 acceleration or redemption. Refunding bonds may be issued at such
707 time prior to the maturity or redemption of the refunded bonds as
708 the board of directors deems to be in the public interest, without
709 an election on the question of the issuance thereof. The
710 refunding bonds may be issued in sufficient amounts to pay or
711 provide the principal of the bonds being refunded, together with
712 any redemption premium thereon, any interest accrued or to accrue
713 to the date of payment of such bonds, the expenses of issue of the
714 refunding bonds, the expenses of redeeming the bonds being
715 refunded, and such reserves for debt service or other capital or
716 current expenses from the proceeds of such refunding bonds as may
717 be required by the resolution, trust indenture or other security
718 instruments. The issue of refunding bonds, the maturities and
719 other details thereof, the security therefor, the rights of the
720 holders and the rights, duties and obligations of the authority in
721 respect of the same shall be governed by the provisions of this

722 act relating to the issue of bonds other than refunding bonds
723 insofar as the same may be applicable. Any such refunding may be
724 effected, whether the obligations to be refunded shall have then
725 matured or shall thereafter mature, either by the exchange of the
726 refunding bonds for the obligations to be refunded thereby with
727 the consent of the holders of the obligations so to be refunded,
728 or by sale of the refunding bonds and the application of the
729 proceeds thereof to the payment of the obligations proposed to be
730 refunded thereby, and regardless of whether the obligations
731 proposed to be refunded shall be payable on the same date or
732 different dates or shall be due serially or otherwise.

733 (2) Borrowing by the authority may be made by the delivery
734 of interim notes to any person or public agency or financial
735 institution by a simple majority vote of the board of directors.

736 **SECTION 13.** All bonds (other than refunding bonds, interim
737 notes and certificates of indebtedness, which may be validated)
738 issued pursuant to this act shall be validated as now provided by
739 law in Sections 31-13-1 through 31-13-11, Mississippi Code of
740 1972; however, notice of such validation proceedings shall be
741 addressed to the citizens of the respective public agencies (a)
742 which have contracted with the authority pursuant to this act, and
743 (b) whose contracts and the payments to be made by the public
744 agencies thereunder constitute security for the bonds of the
745 authority proposed to be issued, and that such notice shall be
746 published at least once in a newspaper or newspapers having a
747 general circulation within the geographical boundaries of each of
748 the contracting public agencies to whose citizens the notice is
749 addressed. Such validation proceedings shall be instituted in any
750 chancery courts within the boundaries of the authority. The
751 validity of the bonds so validated and of the contracts and
752 payments to be made by the public agencies thereunder constituting
753 security for the bonds shall be forever conclusive against the
754 authority and the public agencies which are parties to the

755 contracts; and the validity of the bonds, the contracts and the
756 payments to be made thereunder shall never be called in question
757 in any court in this state.

758 **SECTION 14.** Bonds issued under the provisions of this act
759 shall not be deemed to constitute, within the meaning of any
760 constitutional or statutory limitation, an indebtedness of the
761 authority. Such bonds shall be payable solely from the revenues
762 or assets of the authority pledged therefor. Each bond issued
763 under this act shall contain on the face thereof a statement to
764 the effect that the authority shall not be obligated to pay the
765 same nor the interest thereon except from the revenues or assets
766 pledged therefor.

767 **SECTION 15.** The authority shall have power in connection
768 with the issuance of its bonds pursuant to this act to:

769 (a) Covenant as to the use of any or all of its
770 property, real or personal;

771 (b) Redeem the bonds, to covenant for their redemption
772 and to provide the terms and conditions thereof;

773 (c) Covenant to charge rates, fees and charges
774 sufficient to meet operating and maintenance expenses, renewals
775 and replacements, principal and debt service on bonds, creation
776 and maintenance of any reserves required by a bond resolution,
777 trust indenture or other security instrument and to provide for
778 any margins or coverages over and above debt service on the bonds
779 deemed desirable for the marketability of the bonds;

780 (d) Covenant and prescribe as to events of default and
781 terms and conditions upon which any or all of its bonds shall
782 become or may be declared due before maturity, as to the terms and
783 conditions upon which such declaration and its consequences may be
784 waived and as to the consequences of default and the remedies of
785 the registered owners of the bonds;

786 (e) Covenant as to the mortgage or pledge of or the
787 grant of a security interest in any real or personal property and

788 all or any part of the revenues from any designated system or any
789 part thereof or any revenue-producing contract or contracts made
790 by such authority with any person to secure the payment of bonds,
791 subject to such agreements with the registered owners of bonds as
792 may then exist;

793 (f) Covenant as to the custody, collection, securing,
794 investment and payment of any revenues, assets, monies, funds or
795 property with respect to which such authority may have any rights
796 or interest;

797 (g) Covenant as to the purposes to which the proceeds
798 from the sale of any bonds then or thereafter to be issued may be
799 applied, and the pledge of such proceeds to secure the payment of
800 the bonds;

801 (h) Covenant as to the limitations on the issuance of
802 any additional bonds, the terms upon which additional bonds may be
803 issued and secured, and the refunding of outstanding bonds;

804 (i) Covenant as to the rank or priority of any bonds
805 with respect to any lien or security;

806 (j) Covenant as to the procedure by which the terms of
807 any contract with or for the benefit of the registered owners of
808 bonds may be amended or abrogated, the amount of bonds the
809 registered owners of which must consent thereto, and the manner in
810 which such consent may be given;

811 (k) Covenant as to the custody of any of its properties
812 or investments, the safekeeping thereof, the insurance to be
813 carried thereon, and the use and disposition of insurance
814 proceeds;

815 (l) Covenant as to the vesting in a trustee or
816 trustees, within or outside the state, of such properties, rights,
817 powers and duties in trust as the authority may determine;

818 (m) Covenant as to the appointing and providing for the
819 duties and obligations of a paying agent or paying agents or other
820 fiduciaries within or outside the state;

821 (n) Make all other covenants and to do any and all such
822 acts and things as may be necessary or convenient or desirable in
823 order to secure its bonds, or in the absolute discretion of the
824 authority tend to make the bonds more marketable, notwithstanding
825 that such covenants, acts or things may not be enumerated herein;
826 it being the intention hereof to give the authority power to do
827 all things in the issuance of bonds and in the provisions for
828 security thereof which are not inconsistent with the constitution
829 of the state; and

830 (o) Execute all instruments necessary or convenient in
831 the exercise of the powers herein granted or in the performance of
832 covenants or duties, which may contain such covenants and
833 provisions, as any purchaser of the bonds of the authority may
834 reasonably require.

835 **SECTION 16.** The authority may, in any authorizing resolution
836 of the board of directors, trust indenture or other security
837 instrument relating to its bonds issued pursuant to this act,
838 provide for the appointment of a trustee who shall have such
839 powers as are provided therein to represent the registered owners
840 of any issue of bonds in the enforcement or protection of their
841 rights under any such resolution, trust indenture or security
842 instrument. The authority may also provide in such resolution,
843 trust indenture or other security instrument that the trustee, or
844 in the event that the trustee so appointed shall fail or decline
845 to so protect and enforce such registered owners' rights then such
846 percentage of registered owners as shall be set forth in, and
847 subject to the provisions of, such resolution, trust indenture or
848 other security interest, may petition the court of proper
849 jurisdiction for the appointment of a receiver of the authority's
850 systems, the revenues of which are pledged to the payment of the
851 principal of and interest on the bonds of such registered owners.
852 Such receiver may exercise any power as may be granted in any such
853 resolution, trust indenture or security instrument to enter upon

854 and take possession of, acquire, construct or reconstruct or
855 operate and maintain such system, fix charges for services of the
856 system and enforce collection thereof, and receive all revenues
857 derived from such system or facilities and perform the public
858 duties and carry out the contracts and obligations of such
859 authority in the same manner as such authority itself might do,
860 all under the direction of such court.

861 **SECTION 17.** (1) The exercise of the powers granted by this
862 act will be in all respects for the benefit of the people of the
863 state, for their well-being and prosperity and for the improvement
864 of their social and economic conditions, and the authority shall
865 not be required to pay any tax or assessment on any property owned
866 by the authority under the provisions of this act or upon the
867 income therefrom; nor shall the authority be required to pay any
868 recording fee or transfer tax of any kind on account of
869 instruments recorded by it or on its behalf.

870 (2) Any bonds issued by the authority under and pursuant to
871 the provisions of this act, their transfer and the income
872 therefrom shall at all times be free from taxation by the state or
873 any local unit or political subdivision or other instrumentality
874 of the state, except inheritance and gift taxes.

875 **SECTION 18.** All bonds issued under the provisions of this
876 act shall be legal investments for trustees, other fiduciaries,
877 savings banks, trust companies and insurance companies organized
878 under the laws of the State of Mississippi; and such bonds shall
879 be legal securities which may be deposited with and shall be
880 received by all public officers and bodies of the state and all
881 municipalities and other political subdivisions thereof for the
882 purpose of securing the deposit of public funds.

883 **SECTION 19.** The state hereby covenants with the registered
884 owners of any bonds of any authority that so long as the bonds are
885 outstanding and unpaid the state will not limit or alter the
886 rights and powers of any authority under this act to conduct the

887 activities referred to herein in any way pertinent to the
888 interests of the bondholders, including, without limitation, such
889 authority's right to charge and collect rates, fees, assessments
890 and charges and to fulfill the terms of any covenants made with
891 the registered owners of the bonds, or in any other way impair the
892 rights and remedies of the registered owners of the bonds, unless
893 provision for full payment of such bonds, by escrow or otherwise,
894 has been made pursuant to the terms of the bonds or the
895 resolution, trust indenture or security interest securing the
896 bonds.

897 **SECTION 20.** For the purposes of satisfying any temporary
898 cash flow demands and deficiencies, and to maintain a working
899 balance for the authority, the county, municipalities or public
900 agencies within the geographic boundaries of the authority, or
901 other persons, subject to their lawful authority to do so, are
902 authorized to advance, at any time, such funds which, in its
903 discretion, are necessary, or borrow such funds by issuance of
904 notes, for initial capital contribution and to cover start-up
905 costs until such times as sufficient bonds, assets and revenues
906 have been secured to satisfy the needs of the authority for its
907 management, operation and formation. To this end, the county,
908 municipality, public agency or person, subject to their lawful
909 authority to do so, shall advance such funds, or borrow such funds
910 by issuance of notes, under such terms and conditions as may be
911 provided by resolution of the governing body, or other persons as
912 defined in this act, subject to their lawful authority to do so,
913 except that each such resolution shall state:

914 (a) The need for the proceeds advanced or borrowed;

915 (b) The amount to be advanced or the amount to be
916 borrowed;

917 (c) The maximum principal amount of any note issued the
918 interest rate or maximum interest rate to be incurred, and the
919 maturity date of said note;

920 (d) In addition, the governing body, or other persons
921 as defined in this act, subject to their lawful authority to do
922 so, may arrange for lines of credit with any bank, firm or person
923 for the purpose of providing an additional source of repayment for
924 notes issued pursuant to this section. Amounts drawn on a line of
925 credit may be evidenced by negotiable or nonnegotiable notes or
926 other evidences of indebtedness and contain such terms and
927 conditions as the governing body, or other persons as defined in
928 this act, subject to their lawful authority to do so, may
929 authorize in the resolution approving the same;

930 (e) The governing body of the county, municipalities or
931 other persons as defined in this act, subject to their lawful
932 authority to do so, may authorize the repayment of such advances,
933 notes, lines of credit and other debt incurred under this section,
934 along with all costs associated with the same, including, but not
935 limited to, rating agency fees, printing costs, legal fees, bank
936 or trust company fees, line of credit fees and other charges to be
937 reimbursed by the authority under such terms and conditions as are
938 reasonable and are to be provided for by resolution of the
939 governing body, or terms agreed upon with other persons as defined
940 in this act, subject to their lawful authority to do so;

941 (f) In addition, the governing body of the county,
942 municipality or public agency may lease or donate office space and
943 equipment to the authority under such terms and conditions as are
944 reasonable and are to be provided for by resolution of the
945 governing body, or terms agreed upon by the authority.

946 **SECTION 21.** If any clause, sentence, paragraph, section or
947 part of the provisions of this act shall be adjudged by any court
948 of competent jurisdiction to be invalid, such judgment shall not
949 affect, impair or invalidate the remainder thereof directly
