## SENATE BILL NO. 2539

1 AN ACT TO AMEND SECTION 41-26-8, MISSISSIPPI CODE OF 1972, TO 2 REMOVE THE REPEALER ON CORROSION INHIBITOR LEVELS IN PUBLIC WATER 3 SYSTEMS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:
SECTION 1. Section 41-26-8, Mississippi Code of 1972, is
amended as follows:

7 41-26-8. (1) The director shall exercise general 8 supervision over the construction and operation of public water 9 systems throughout the state. The general supervision shall 10 include all of the features of construction and operation of 11 public water systems which do or may affect the sanitary quality 12 or the quantity of the water supply.

(2) (a) No person shall construct or change any community public water system or nontransient, noncommunity public water system until the plans for that construction or change have been submitted to and approved by the director. Plans for the construction or change must be prepared by a professional engineer registered in this state.

(b) In addition, each applicant for a new community public water system or nontransient, noncommunity public water system shall submit an operation and maintenance plan for review and approval by the director. The plan must be approved before beginning construction.

(c) In granting any approval under this section, the
director may specify any modifications, conditions or limitations
as may be required for the protection of the public health and
welfare.

28 (d) The director may also review the source of the 29 water and the quantity of water to be withdrawn.

(e) Records of construction, including plans and 30 31 descriptions of existing portions of a public water system, shall 32 be made available to the department upon request.

33 Each applicant for a new community public water (f) 34 system or nontransient, noncommunity public water system shall submit financial and managerial information as required by the 35 public utilities staff. Following review of that information, the 36 37 executive director of the public utilities staff shall certify in writing to the director the financial and managerial viability of 38 the system if the executive director determines the system is 39 The director shall not approve the construction until 40 viable. that certification is received. 41

42 The director shall not approve any plans for (g) 43 changes to an existing community public water system or 44 nontransient, noncommunity public water system, if the director determines the changes would threaten the viability of the system 45 or if the changes may overload the operational capabilities of the 46 47 system.

48 (h) Those public water systems determined by the 49 director to be appropriately providing corrosion control treatment 50 shall effectively operate and maintain the system's water treatment facilities in order to continuously provide the optimum 51 52 pH of the treated water or optimum dosage of corrosion inhibitor. \* \* \* 53

54 (3) Each semipublic water system shall notify the department of its location, a responsible party and the number of connections 55 The department shall, to the extent practicable, take 56 served. 57 appropriate actions to ensure that records on semipublic water systems are up-to-date. The board may require water well drillers 58 59 to provide information on wells drilled for use by semipublic The department shall at least annually collect a 60 water systems. \* SS02/ R707\* S. B.
