(b) The balance, if any, of such excess funds shall be invested in interest-bearing time certificates of deposit for the same maturity periods and at the same rate of interest as prescribed in paragraph (a) of this section in <u>or through</u> state depositories located in such county which are willing to accept the same, to the same extent as such depositories are eligible for invested state funds.

(c) To the extent that the board of supervisors finds 36 that such excess funds cannot be invested pursuant to paragraphs 37 38 (a) and (b) of this section for the stated maturity of from 39 fourteen (14) days to one (1) year, the board of supervisors may invest such funds in any bonds or other direct obligations of the 40 United States of America, the State of Mississippi, or any county, 41 42 municipality or school district of this state, if such county, municipal or school district bonds have been approved by a 43 44 reputable bond attorney or have been validated by a decree of the 45 chancery court, or the board of supervisors may invest such funds, together with any other funds required for current operation, in 46 47 obligations issued or guaranteed in full as to principal and interest by the United States of America which are subject to a 48 49 repurchase agreement with a county or state depository, or the 50 board of supervisors may deposit such funds in interest-bearing 51 accounts with a county or state depository. Such bonds or obligations purchased may have any maturity date, provided that 52 53 they shall mature or be redeemable prior to the time that the 54 funds so invested will be needed for expenditure.

Any excess funds invested in certificates of deposit or interest-bearing accounts with county or state depositories under this section shall be secured in the manner required by Section 27-105-315. The proceeds of such certificates of deposit shall be immediately reinvested on the date of maturity in accordance with paragraphs (a), (b) and (c) of this section, unless the board of

When bonds or other obligations have been purchased, the same 63 64 may be sold or surrendered for redemption at any time, except 65 certificates of deposit which must mature, by order or resolution 66 of such board of supervisors. The president of the board of 67 supervisors, when authorized by such order or resolution, shall have the power and authority to execute all instruments and take 68 such other action as may be necessary to effectuate the sale or 69 70 redemption thereof. When such bonds or other obligations are sold or redeemed, the proceeds thereof, including accrued interest 71 72 thereon, shall be paid into the same fund as that from which the 73 investment was made and shall in all respects be dealt with as are other monies in such fund. Except as hereinafter provided, any 74 75 interest derived from the investments authorized in this section 76 may, as an alternative, be deposited into the general fund of the 77 county. Any interest derived from the investment of sums received under the terms of the federal State and Local Fiscal Assistance 78 79 Act of 1972 and any subsequent revisions or reenactments of that 80 act shall be paid into the same fund as that from which the 81 investment was made. Any interest derived from the investment of 82 school bond funds shall be handled as provided in Section 83 37-59-43. Any interest derived from investment of other bond proceeds or from investment of any bond and interest fund, bond 84 85 reserve fund or bond redemption sinking fund shall be deposited either in the same fund from which the investment was made or in 86 87 the bond and interest fund established for payment of the principal or interest on the bonds. Any interest derived from 88 89 special purpose funds which are outside the function of general 90 county government shall be paid into that special purpose fund. SECTION 2. In any event the bonds or obligations in 109 which such funds are invested shall mature or be redeemable prior to the time the funds so invested will be needed for expenditure. 110 111 However, such excess funds may first be offered for investment in 112 interest-bearing time certificates of deposit with or through 113 municipal depositories serving in accordance with Section 114 27-105-353 at a rate of interest not less than a simple interest 115 rate numerically equal to the average bank discount rate on United States Treasury bills of comparable maturity. The rate of 116 117 interest established herein shall be the minimum rate of interest and there shall be no maximum rate of interest. Such excess funds 118 119 may also be invested in time certificates of deposit in or through 120 state depositories located in such municipality to the same extent as such depositories are eligible for invested state funds. 121 When 122 bonds or other obligations have been so purchased, the same may be sold or surrendered for redemption at any time by order or 123 124 resolution of the governing authorities of the municipality, and 125 the mayor of the municipality, when authorized by such order or * SS02/ R1035* S. B. No. 2830

07/SS02/R1035 PAGE 4 126 resolution, shall have the power and authority to execute all 127 instruments and take such other action as may be necessary to effectuate the sale or redemption thereof. When such bonds or 128 129 other obligations are sold or redeemed, the proceeds thereof, 130 including accrued interest thereon, shall be paid into the same 131 fund as that from which the investment was made and shall in all respects be dealt with as are other monies in such fund. 132 Except as hereinafter provided, any interest derived from the investments 133 authorized in this section may, as an alternative, be deposited 134 135 into the general fund of the municipality. Any interest derived 136 from the investment of sums received under the terms of the 137 federal State and Local Fiscal Assistance Act of 1972 and any subsequent revisions or reenactments of that act shall be paid 138 into the same fund as that from which the investment was made. 139 Any interest derived from the investment of school bond funds 140 141 shall be handled as provided in Section 37-59-43. Any interest 142 derived from investment of other bond proceeds or from investment of any bond and interest fund, bond reserve fund or bond 143 144 redemption sinking fund shall be deposited either in the same fund 145 from which the investment was made or in the bond and interest 146 fund established for payment of the principal or interest on the 147 bonds. Any interest derived from special purpose funds which are 148 outside the function of general municipal government shall be paid into that special purpose fund. The authority granted by this 149 150 section shall be cumulative and in addition to any other law relating to the investment of funds by municipalities. 151

159 Federal Deposit Insurance Corporation or the Federal Savings and 160 Loan Insurance Corporation, or in or through some of them doing business in the several counties, provided that where there is no 161 162 such financial institution in a county qualifying as a depository, 163 some such financial institution in an adjoining county may qualify 164 as a depository. All such deposits shall be subject to payment 165 when demanded on warrant issued by the clerk of the board of supervisors on the order of the said board or on the allowance of 166 a court authorized to allow the same. Where more than one (1) financial institution in a county offers to qualify as a depository, the 173 174 board of supervisors may allocate such money to each qualified 175 financial institution as nearly as practicable in proportion to 176 their respective net worth, and may adopt the rules for receiving 177 such deposits.

178 **SECTION 4.** Section 27-105-365, Mississippi Code of 1972, is 179 amended as follows:

180 27-105-365. (1) The commissioners or board of trustees of 181 any hospital owned and operated separately or jointly by one or 182 more counties, cities, towns, supervisors districts, or election 183 districts or combinations thereof, including hospitals established under the authority of Sections 41-13-1 through 41-13-9, as now or 184 185 hereafter amended, are hereby authorized and empowered to deposit 186 the funds of such hospital in or through one or more financial 187 institutions whose accounts are insured by the Federal Deposit 188 Insurance Corporation, selected by the board of trustees in the 189 same manner as county depositories are selected by boards of 190 supervisors pursuant to Section 27-105-305, located in its county

191 or counties, except as otherwise provided in the following 192 paragraphs.

At the regular December meeting of the board of trustees in 193 194 1995, or at any regular December meeting of the board thereafter, 195 the board may, in its discretion, give notice by publication to 196 all financial institutions in its county or counties whose 197 accounts are insured by the Federal Deposit Insurance Corporation, that bids will be received from financial institutions at the 198 following January meeting, or some subsequent meeting, for the 199 200 privilege of keeping the hospital funds or any part thereof for a 201 period of three (3) years, subject to earlier termination as authorized in this subsection. Such bids shall be submitted and 202 203 accepted in the same manner as provided in Section 27-105-305. 204 After the board has selected a depository or depositories as 205 provided in this subsection, the board may, at any regular 206 December meeting during the three-year period, give notice to and 207 receive bids from financial institutions in the manner provided in this subsection, for the privilege of keeping the hospital funds 208 209 or any part thereof for a period of three (3) years, subject to 210 earlier termination as authorized in this subsection; and after 211 receiving such bids, the board may reject all bids and elect to 212 keep the funds in the current depository or depositories for the 213 remainder of the three-year period under the terms originally 214 agreed to with the depository or depositories, or if the board 215 determines it to be in the best interests of the hospital, it may 216 terminate the agreement with the current depository or 217 depositories and select a new depository or depositories or the same depository or depositories from the bids received, choosing 218 the bid or bids proposing the best terms for the hospital. 219 220 Such hospital funds, when so deposited, shall have the same security and protection as required for county funds in Section 221 222 27-105-315. When more than one (1) depository of whatever type is authorized, the commissioners or board of trustees may select one 223

If there is no financial institution located within such county or counties, the commissioners or board of trustees of such hospital may select, in their or its discretion, a depository located outside of such county or counties.

The commissioners or boards of trustees of such community hospitals shall deposit the funds of such hospital into the depository selected under this section on the day when they are received or collected, or on the next business day thereafter.

234 (2) The commissioners or board of trustees of any such 235 hospital may, in their or its discretion, maintain one or more 236 special funds for the purpose of making necessary repairs, 237 necessary purchases of equipment, meeting operational and maintenance expenses, allowing for depreciation, providing 238 239 contingent funds for emergencies, funding hospital improvements, 240 or providing for other special needs, and may deposit any part of such special fund in accordance with the provisions contained in 241 242 subsection (1) for the deposit of other funds of such hospital. 243 Said commissioners or board of trustees may also invest any part 244 of such special fund, any funds derived from the sale of bonds, or 245 any other funds in excess of the sums which will be required to 246 meet the current needs and demands of no more than seven (7) 247 business days in the following:

497 SECTION 7. Section 27-105-33, Mississippi Code of 1972, is 498 amended as follows:

499 27-105-33. It shall be the duty of the State Treasurer and 500 the Executive Director of the Department of Finance and 501 Administration on or about the tenth day of each month, and in 502 their discretion at any other time, to analyze carefully the 503 amount of cash in the General Fund of the state and in all special 504 funds credited to any special purpose designated by the State 505 Legislature or held to meet the budgets or appropriations for 506 maintenance, improvements and services of the several 507 institutions, boards, departments, commissions, agencies, persons 508 or entities of the state, and to determine in their opinion when 509 the cash in such funds is in excess of the amount required to meet 510 the current needs and demands of no more than seven (7) business 511 days on such funds and report their findings to the Governor. 518 The State Treasurer is hereby authorized, empowered and 519 directed to invest all such excess general and special funds of 520 the state in the following manner:

521 Funds shall be allocated equally among all (a) 522 qualified state depositories which do not have demand accounts in 523 excess of One Hundred Fifty Thousand Dollars (\$150,000.00) until 524 each qualified depository willing to accept the same shall have on 525 deposit or in security repurchase agreements or in other 526 securities authorized in paragraph (d) of this section at interest 527 the sum of Three Hundred Thousand Dollars (\$300,000.00). 530 The balance, if any, of such excess general and (b) special funds shall be offered to qualified depositories of the 531 state on a pro rata basis as provided in Section 27-105-9. 532 For 533 the purposes of this subsection, the pro rata share of each 534 depository shall be reduced by the amount of the average daily collected earning balance of demand deposits maintained by the 535 536 State Treasurer pursuant to Section 27-105-9 during the preceding 537 calendar year, and such reduction shall be allocated pro rata 538 among other eligible depositories.

566 (ii) Direct United States Treasury obligations,
567 the principal and interest of which are fully guaranteed by the
568 government of the United States.
