392 Funds are provided herein to adjust the Variable Compensation
393 Plan to ensure that all full-time employees receive a pay increase
394 equal to the realignment component of the Variable Compensation
395 Plan or One Thousand Dollars (\$1,000.00), or Three Percent (3%)
396 whichever is greater, to be awarded on July 1, 2007.

397 With the funds herein appropriated, it is the intention of
398 the Legislature that it shall be the agency's responsibility to
399 make certain that funds required to be appropriated for "Personal
400 Services" for Fiscal Year 2009 do not exceed Fiscal Year 2008
401 funds appropriated for that purpose, unless programs or positions
402 are added to the agency's Fiscal Year 2009 budget by the
403 Mississippi Legislature. Based on data provided by the
404 Legislative Budget Office, the State Personnel Board shall
405 determine and publish the projected annual cost to fully fund all
406 appropriated positions in compliance with the provisions of this
407 act. It shall be the responsibility of the agency head to insure
408 that no single personnel action increases this projected annual
409 cost and/or the Fiscal Year 2008 appropriation for "Personal
410 Services" when annualized, with the exception of escalated funds.
411 If, at the time the agency takes any action to change "Personal
412 Services," the State Personnel Board determines that the agency
413 has taken an action which would cause the agency to exceed this
414 projected annual cost or the Fiscal Year 2008 "Personal Services"
415 appropriated level, when annualized, then only those actions which
416 reduce the projected annual cost and/or the appropriation
417 requirement will be processed by the State Personnel Board until
418 such time as the requirements of this provision are met.

419 Any transfers or escalations shall be made in accordance with
420 the terms, conditions and procedures established by law or
421 allowable under the terms set forth within this act. The State

422 Personnel Board shall not escalate positions without written
423 approval from the Department of Finance and Administration. The
424 Department of Finance and Administration shall not provide written
425 approval to escalate any funds for salaries and/or positions
426 without proof of availability of new or additional funds above the
427 appropriated level.

428 No general funds authorized to be expended herein shall be
429 used to replace federal funds and/or other special funds which are
430 being used for salaries authorized under the provisions of this
431 act and which are withdrawn and no longer available.

432 The agency shall not take any action to promote or otherwise
433 award salary increases through reallocation, reclassification,
434 realignment, education benchmark, career ladder, or any other
435 means to increase salaries of employees or positions unless
436 specifically exempted by the following conditions: the award of
437 teacher pay increases, the advancement of a trainee/cadet to the
438 next level of a bona fide career ladder, the award of an
439 educational benchmark for the attainment of Certified Public
440 Accountant License or higher level professional certification as
441 determined by the State Personnel Board, the immediate replacement
442 of a departing employee with an individual from within state
443 service or a new hire at a salary level equivalent to that of the
444 departing employee, and the emergency appointment of nurses,
445 pharmacists or other health care professionals at a salary to be
446 determined by the State Personnel Board, unless otherwise
447 authorized in this act.
