

REPORT OF CONFERENCE COMMITTEE

MADAM PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2416: Adult foster care facilities; define for licensure purposes and authorize Medicaid pilot program.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

14 **SECTION 1.** Section 43-11-1, Mississippi Code of 1972, is
15 amended as follows:

16 43-11-1. When used in this chapter, the following words
17 shall have the following meaning:

18 (a) "Institutions for the aged or infirm" means a place
19 either governmental or private which provides group living
20 arrangements for four (4) or more persons who are unrelated to the
21 operator and who are being provided food, shelter and personal
22 care whether any such place be organized or operated for profit or
23 not. The term "institution for aged or infirm" includes nursing
24 homes, pediatric skilled nursing facilities, psychiatric
25 residential treatment facilities, convalescent homes, homes for
26 the aged and adult foster care facilities, provided that these
27 institutions fall within the scope of the definitions set forth
28 above. The term "institution for the aged or infirm" does not
29 include hospitals, clinics or mental institutions devoted
30 primarily to providing medical service.

31 (b) "Person" means any individual, firm, partnership,
32 corporation, company, association or joint stock association, or
33 any licensee herein or the legal successor thereof.

34 (c) "Personal care" means assistance rendered by
35 personnel of the home to aged or infirm residents in performing
36 one or more of the activities of daily living, which includes, but
37 is not limited to, the bathing, walking, excretory functions,
38 feeding, personal grooming and dressing of such residents.

39 (d) "Psychiatric residential treatment facility" means
40 any nonhospital establishment with permanent facilities which
41 provides a twenty-four-hour program of care by qualified
42 therapists, including, but not limited to, duly licensed mental
43 health professionals, psychiatrists, psychologists,
44 psychotherapists and licensed certified social workers, for
45 emotionally disturbed children and adolescents referred to such
46 facility by a court, local school district or by the Department of
47 Human Services, who are not in an acute phase of illness requiring
48 the services of a psychiatric hospital, and are in need of such
49 restorative treatment services. For purposes of this paragraph,
50 the term "emotionally disturbed" means a condition exhibiting one
51 or more of the following characteristics over a long period of
52 time and to a marked degree, which adversely affects educational
53 performance:

54 1. An inability to learn which cannot be explained
55 by intellectual, sensory or health factors;

56 2. An inability to build or maintain satisfactory
57 relationships with peers and teachers;

58 3. Inappropriate types of behavior or feelings
59 under normal circumstances;

60 4. A general pervasive mood of unhappiness or
61 depression; or

62 5. A tendency to develop physical symptoms or
63 fears associated with personal or school problems. An
64 establishment furnishing primarily domiciliary care is not within
65 this definition.

66 (e) "Pediatric skilled nursing facility" means an
67 institution or a distinct part of an institution that is primarily
68 engaged in providing to inpatients skilled nursing care and
69 related services for persons under twenty-one (21) years of age
70 who require medical or nursing care or rehabilitation services for
71 the rehabilitation of injured, disabled or sick persons.

72 (f) "Licensing agency" means the State Department of
73 Health.

74 (g) "Medical records" mean, without restriction, those
75 medical histories, records, reports, summaries, diagnoses and
76 prognoses, records of treatment and medication ordered and given,
77 notes, entries, x-rays and other written or graphic data prepared,
78 kept, made or maintained in institutions for the aged or infirm
79 that pertain to residency in, or services rendered to residents
80 of, an institution for the aged or infirm.

81 (h) "Adult foster care facility" means a home setting
82 for vulnerable adults in the community who are unable to live
83 independently due to physical, emotional, developmental or mental
84 impairments, or in need of emergency and continuing protective
85 social services for purposes of preventing further abuse or
86 neglect and for safeguarding and enhancing the welfare of the
87 abused or neglected vulnerable adult. Adult foster care programs
88 shall be designed to meet the needs of vulnerable adults with
89 impairments through individual plans of care, which provide a
90 variety of health, social and related support services in a
91 protective setting, enabling participants to live in the
92 community. Adult foster care programs may be (i) traditional,
93 where the foster care provider lives in the residence and is the
94 primary caregiver to clients in the home; (ii) corporate, where
95 the foster care home is operated by a corporation with shift staff
96 delivery services to clients; or (iii) shelter, where the foster

97 care home accepts clients on an emergency short-term basis for up
98 to thirty (30) days.

99 **SECTION 2.** Section 43-11-13, Mississippi Code of 1972, is
100 amended as follows:

101 43-11-13. (1) The licensing agency shall adopt, amend,
102 promulgate and enforce such rules, regulations and standards,
103 including classifications, with respect to all institutions for
104 the aged or infirm to be licensed under this chapter as may be
105 designed to further the accomplishment of the purpose of this
106 chapter in promoting adequate care of individuals in those
107 institutions in the interest of public health, safety and welfare.
108 Those rules, regulations and standards shall be adopted and
109 promulgated by the licensing agency and shall be recorded and
110 indexed in a book to be maintained by the licensing agency in its
111 main office in the State of Mississippi, entitled "Rules,
112 Regulations and Minimum Standards for Institutions for the Aged or
113 Infirm" and the book shall be open and available to all
114 institutions for the aged or infirm and the public generally at
115 all reasonable times. Upon the adoption of those rules,
116 regulations and standards, the licensing agency shall mail copies
117 thereof to all those institutions in the state that have filed
118 with the agency their names and addresses for this purpose, but
119 the failure to mail the same or the failure of the institutions to
120 receive the same shall in no way affect the validity thereof. The
121 rules, regulations and standards may be amended by the licensing
122 agency, from time to time, as necessary to promote the health,
123 safety and welfare of persons living in those institutions.

124 (2) The licensee shall keep posted in a conspicuous place on
125 the licensed premises all current rules, regulations and minimum
126 standards applicable to fire protection measures as adopted by the
127 licensing agency. The licensee shall furnish to the licensing
128 agency at least once each six (6) months a certificate of approval

129 and inspection by state or local fire authorities. Failure to
130 comply with state laws and/or municipal ordinances and current
131 rules, regulations and minimum standards as adopted by the
132 licensing agency, relative to fire prevention measures, shall be
133 prima facie evidence for revocation of license.

134 (3) The State Board of Health shall promulgate rules and
135 regulations restricting the storage, quantity and classes of drugs
136 allowed in personal care homes and adult foster care facilities.
137 Residents requiring administration of Schedule II Narcotics as
138 defined in the Uniform Controlled Substances Law may be admitted
139 to a personal care home. Schedule drugs may only be allowed in a
140 personal care home if they are administered or stored utilizing
141 proper procedures under the direct supervision of a licensed
142 physician or nurse.

143 (4) (a) Notwithstanding any determination by the licensing
144 agency that skilled nursing services would be appropriate for a
145 resident of a personal care home, that resident, the resident's
146 guardian or the legally recognized responsible party for the
147 resident may consent in writing for the resident to continue to
148 reside in the personal care home, if approved in writing by a
149 licensed physician. However, no personal care home shall allow
150 more than two (2) residents, or ten percent (10%) of the total
151 number of residents in the facility, whichever is greater, to
152 remain in the personal care home under the provisions of this
153 subsection (4). This consent shall be deemed to be appropriately
154 informed consent as described in the regulations promulgated by
155 the licensing agency. After that written consent has been
156 obtained, the resident shall have the right to continue to reside
157 in the personal care home for as long as the resident meets the
158 other conditions for residing in the personal care home. A copy
159 of the written consent and the physician's approval shall be
160 forwarded by the personal care home to the licensing agency.

161 (b) The State Board of Health shall promulgate rules
162 and regulations restricting the handling of a resident's personal
163 deposits by the director of a personal care home. Any funds given
164 or provided for the purpose of supplying extra comforts,
165 conveniences or services to any resident in any personal care
166 home, and any funds otherwise received and held from, for or on
167 behalf of any such resident, shall be deposited by the director or
168 other proper officer of the personal care home to the credit of
169 that resident in an account that shall be known as the Resident's
170 Personal Deposit Fund. No more than one (1) month's charge for
171 the care, support, maintenance and medical attention of the
172 resident shall be applied from the account at any one time. After
173 the death, discharge or transfer of any resident for whose benefit
174 any such fund has been provided, any unexpended balance remaining
175 in his personal deposit fund shall be applied for the payment of
176 care, cost of support, maintenance and medical attention that is
177 accrued. If any unexpended balance remains in that resident's
178 personal deposit fund after complete reimbursement has been made
179 for payment of care, support, maintenance and medical attention,
180 and the director or other proper officer of the personal care home
181 has been or shall be unable to locate the person or persons
182 entitled to the unexpended balance, the director or other proper
183 officer may, after the lapse of one (1) year from the date of that
184 death, discharge or transfer, deposit the unexpended balance to
185 the credit of the personal care home's operating fund.

186 (c) The State Board of Health shall promulgate rules
187 and regulations requiring personal care homes to maintain records
188 relating to health condition, medicine dispensed and administered,
189 and any reaction to that medicine. The director of the personal
190 care home shall be responsible for explaining the availability of
191 those records to the family of the resident at any time upon
192 reasonable request.

193 (d) The State Board of Health shall evaluate the
194 effects of this section as it promotes adequate care of
195 individuals in personal care homes in the interest of public
196 health, safety and welfare. It shall report its findings to the
197 Chairmen of the Public Health and Welfare Committees of the House
198 and Senate by January 1, 2003. This subsection (4) shall stand
199 repealed on June 30, 2008.

200 (5) (a) For the purposes of this subsection (5):

201 (i) "Licensed entity" means a hospital, nursing
202 home, personal care home, home health agency or hospice;

203 (ii) "Covered entity" means a licensed entity or a
204 health care professional staffing agency;

205 (iii) "Employee" means any individual employed by
206 a covered entity, and also includes any individual who by contract
207 provides to the patients, residents or clients being served by the
208 covered entity direct, hands-on, medical patient care in a
209 patient's, resident's or client's room or in treatment or recovery
210 rooms. The term "employee" does not include health care
211 professional/vocational technical students, as defined in Section
212 37-29-232, performing clinical training in a licensed entity under
213 contracts between their schools and the licensed entity, and does
214 not include students at high schools located in Mississippi who
215 observe the treatment and care of patients in a licensed entity as
216 part of the requirements of an allied-health course taught in the
217 high school, if:

218 1. The student is under the supervision of a
219 licensed health care provider; and

220 2. The student has signed an affidavit that
221 is on file at the student's school stating that he or she has not
222 been convicted of or pleaded guilty or nolo contendere to a felony
223 listed in paragraph (d) of this subsection (5), or that any such
224 conviction or plea was reversed on appeal or a pardon was granted

225 for the conviction or plea. Before any student may sign such an
226 affidavit, the student's school shall provide information to the
227 student explaining what a felony is and the nature of the felonies
228 listed in paragraph (d) of this subsection (5).

229 However, the health care professional/vocational technical
230 academic program in which the student is enrolled may require the
231 student to obtain criminal history record checks under the
232 provisions of Section 37-29-232.

233 (b) Under regulations promulgated by the State Board of
234 Health, the licensing agency shall require to be performed a
235 criminal history record check on (i) every new employee of a
236 covered entity who provides direct patient care or services and
237 who is employed on or after July 1, 2003, and (ii) every employee
238 of a covered entity employed before July 1, 2003, who has a
239 documented disciplinary action by his or her present employer. In
240 addition, the licensing agency shall require the covered entity to
241 perform a disciplinary check with the professional licensing
242 agency of each employee, if any, to determine if any disciplinary
243 action has been taken against the employee by that agency.

244 Except as otherwise provided in paragraph (c) of this
245 subsection (5), no such employee hired on or after July 1, 2003,
246 shall be permitted to provide direct patient care until the
247 results of the criminal history record check have revealed no
248 disqualifying record or the employee has been granted a waiver.
249 In order to determine the employee applicant's suitability for
250 employment, the applicant shall be fingerprinted. Fingerprints
251 shall be submitted to the licensing agency from scanning, with the
252 results processed through the Department of Public Safety's
253 Criminal Information Center. If no disqualifying record is
254 identified at the state level, the fingerprints shall be forwarded
255 by the Department of Public Safety to the Federal Bureau of
256 Investigation for a national criminal history record check. The

257 licensing agency shall notify the covered entity of the results of
258 an employee applicant's criminal history record check. If the
259 criminal history record check discloses a felony conviction,
260 guilty plea or plea of nolo contendere to a felony of possession
261 or sale of drugs, murder, manslaughter, armed robbery, rape,
262 sexual battery, sex offense listed in Section 45-33-23(g), child
263 abuse, arson, grand larceny, burglary, gratification of lust or
264 aggravated assault, or felonious abuse and/or battery of a
265 vulnerable adult that has not been reversed on appeal or for which
266 a pardon has not been granted, the employee applicant shall not be
267 eligible to be employed by the covered entity.

268 (c) Any such new employee applicant may, however, be
269 employed on a temporary basis pending the results of the criminal
270 history record check, but any employment contract with the new
271 employee shall be voidable if the new employee receives a
272 disqualifying criminal history record check and no waiver is
273 granted as provided in this subsection (5).

274 (d) Under regulations promulgated by the State Board of
275 Health, the licensing agency shall require every employee of a
276 covered entity employed before July 1, 2003, to sign an affidavit
277 stating that he or she has not been convicted of or pleaded guilty
278 or nolo contendere to a felony of possession or sale of drugs,
279 murder, manslaughter, armed robbery, rape, sexual battery, any sex
280 offense listed in Section 45-33-23(g), child abuse, arson, grand
281 larceny, burglary, gratification of lust, aggravated assault, or
282 felonious abuse and/or battery of a vulnerable adult, or that any
283 such conviction or plea was reversed on appeal or a pardon was
284 granted for the conviction or plea. No such employee of a covered
285 entity hired before July 1, 2003, shall be permitted to provide
286 direct patient care until the employee has signed the affidavit
287 required by this paragraph (d). All such existing employees of
288 covered entities must sign the affidavit required by this

289 paragraph (d) within six (6) months of the final adoption of the
290 regulations promulgated by the State Board of Health. If a person
291 signs the affidavit required by this paragraph (d), and it is
292 later determined that the person actually had been convicted of or
293 pleaded guilty or nolo contendere to any of the offenses listed in
294 this paragraph (d) and the conviction or plea has not been
295 reversed on appeal or a pardon has not been granted for the
296 conviction or plea, the person is guilty of perjury. If the
297 offense that the person was convicted of or pleaded guilty or nolo
298 contendere to was a violent offense, the person, upon a conviction
299 of perjury under this paragraph, shall be punished as provided in
300 Section 97-9-61. If the offense that the person was convicted of
301 or pleaded guilty or nolo contendere to was a nonviolent offense,
302 the person, upon a conviction of perjury under this paragraph,
303 shall be punished by a fine of not more than Five Hundred Dollars
304 (\$500.00), or by imprisonment in the county jail for not more than
305 six (6) months, or by both such fine and imprisonment.

306 (e) The covered entity may, in its discretion, allow
307 any employee who is unable to sign the affidavit required by
308 paragraph (d) of this subsection (5) or any employee applicant
309 aggrieved by an employment decision under this subsection (5) to
310 appear before the covered entity's hiring officer, or his or her
311 designee, to show mitigating circumstances that may exist and
312 allow the employee or employee applicant to be employed by the
313 covered entity. The covered entity, upon report and
314 recommendation of the hiring officer, may grant waivers for those
315 mitigating circumstances, which shall include, but not be limited
316 to: (i) age at which the crime was committed; (ii) circumstances
317 surrounding the crime; (iii) length of time since the conviction
318 and criminal history since the conviction; (iv) work history; (v)
319 current employment and character references; and (vi) other
320 evidence demonstrating the ability of the individual to perform

321 the employment responsibilities competently and that the
322 individual does not pose a threat to the health or safety of the
323 patients of the covered entity.

324 (f) The licensing agency may charge the covered entity
325 submitting the fingerprints a fee not to exceed Fifty Dollars
326 (\$50.00), which covered entity may, in its discretion, charge the
327 same fee, or a portion thereof, to the employee applicant. Any
328 costs incurred by a covered entity implementing this subsection
329 (5) shall be reimbursed as an allowable cost under Section
330 43-13-116.

331 (g) If the results of an employee applicant's criminal
332 history record check reveals no disqualifying event, then the
333 covered entity shall, within two (2) weeks of the notification of
334 no disqualifying event, provide the employee applicant with a
335 notarized letter signed by the chief executive officer of the
336 covered entity, or his or her authorized designee, confirming the
337 employee applicant's suitability for employment based on his or
338 her criminal history record check. An employee applicant may use
339 that letter for a period of two (2) years from the date of the
340 letter to seek employment with any covered entity without the
341 necessity of an additional criminal history record check. Any
342 covered entity presented with the letter may rely on the letter
343 with respect to an employee applicant's criminal background and is
344 not required for a period of two (2) years from the date of the
345 letter to conduct or have conducted a criminal history record
346 check as required in this subsection (5).

347 (h) The licensing agency, the covered entity, and their
348 agents, officers, employees, attorneys and representatives, shall
349 be presumed to be acting in good faith for any employment decision
350 or action taken under this subsection (5). The presumption of
351 good faith may be overcome by a preponderance of the evidence in
352 any civil action. No licensing agency, covered entity, nor their

353 agents, officers, employees, attorneys and representatives shall
354 be held liable in any employment decision or action based in whole
355 or in part on compliance with or attempts to comply with the
356 requirements of this subsection (5).

357 (i) The licensing agency shall promulgate regulations
358 to implement this subsection (5).

359 (j) The provisions of this subsection (5) shall not
360 apply to:

361 (i) Applicants and employees of the University of
362 Mississippi Medical Center for whom criminal history record checks
363 and fingerprinting are obtained in accordance with Section
364 37-115-41; or

365 (ii) Health care professional/vocational technical
366 students for whom criminal history record checks and
367 fingerprinting are obtained in accordance with Section 37-29-232.

368 (6) The State Board of Health shall promulgate rules,
369 regulations and standards regarding the operation of adult foster
370 care facilities.

371 **SECTION 3.** The following provision shall be codified as
372 Section 43-11-8, Mississippi Code of 1972:

373 43-11-8. (1) An application for a license for an adult
374 foster care facility shall be made to the licensing agency upon
375 forms provided by it and shall contain such information as the
376 licensing agency reasonably requires, which may include
377 affirmative evidence of ability to comply with such reasonable
378 standards, rules and regulations as are lawfully prescribed
379 hereunder. Each application for a license for an adult foster
380 care facility shall be accompanied by a license fee of Ten Dollars
381 (\$10.00) for each person or bed of licensed capacity, with a
382 minimum fee per home or institution of Fifty Dollars (\$50.00),
383 which shall be paid to the licensing agency.

384 (2) A license, unless suspended or revoked, shall be
385 renewable annually upon payment by the licensee of an adult foster
386 care facility, except for personal care homes, of a renewal fee of
387 Ten Dollars (\$10.00) for each person or bed of licensed capacity
388 in the institution, with a minimum renewal fee per institution of
389 Fifty Dollars (\$50.00), which shall be paid to the licensing
390 agency, and upon filing by the licensee and approval by the
391 licensing agency of an annual report upon such uniform dates and
392 containing such information in such form as the licensing agency
393 prescribes by regulation. Each license shall be issued only for
394 the premises and person or persons or other legal entity or
395 entities named in the application and shall not be transferable or
396 assignable except with the written approval of the licensing
397 agency. Licenses shall be posted in a conspicuous place on the
398 licensed premises.

399 **SECTION 4.** Section 43-13-117, Mississippi Code of 1972, is
400 amended as follows:

401 43-13-117. Medicaid as authorized by this article shall
402 include payment of part or all of the costs, at the discretion of
403 the division, with approval of the Governor, of the following
404 types of care and services rendered to eligible applicants who
405 have been determined to be eligible for that care and services,
406 within the limits of state appropriations and federal matching
407 funds:

408 (1) Inpatient hospital services.

409 (a) The division shall allow thirty (30) days of
410 inpatient hospital care annually for all Medicaid recipients.
411 Precertification of inpatient days must be obtained as required by
412 the division. The division may allow unlimited days in
413 disproportionate hospitals as defined by the division for eligible
414 infants and children under the age of six (6) years if certified
415 as medically necessary as required by the division.

416 (b) From and after July 1, 1994, the Executive
417 Director of the Division of Medicaid shall amend the Mississippi
418 Title XIX Inpatient Hospital Reimbursement Plan to remove the
419 occupancy rate penalty from the calculation of the Medicaid
420 Capital Cost Component utilized to determine total hospital costs
421 allocated to the Medicaid program.

422 (c) Hospitals will receive an additional payment
423 for the implantable programmable baclofen drug pump used to treat
424 spasticity that is implanted on an inpatient basis. The payment
425 pursuant to written invoice will be in addition to the facility's
426 per diem reimbursement and will represent a reduction of costs on
427 the facility's annual cost report, and shall not exceed Ten
428 Thousand Dollars (\$10,000.00) per year per recipient.

429 (2) Outpatient hospital services.

430 (a) Emergency services. The division shall allow
431 six (6) medically necessary emergency room visits per beneficiary
432 per fiscal year.

433 (b) Other outpatient hospital services. The
434 division shall allow benefits for other medically necessary
435 outpatient hospital services (such as chemotherapy, radiation,
436 surgery and therapy). Where the same services are reimbursed as
437 clinic services, the division may revise the rate or methodology
438 of outpatient reimbursement to maintain consistency, efficiency,
439 economy and quality of care.

440 (3) Laboratory and x-ray services.

441 (4) Nursing facility services.

442 (a) The division shall make full payment to
443 nursing facilities for each day, not exceeding fifty-two (52) days
444 per year, that a patient is absent from the facility on home
445 leave. Payment may be made for the following home leave days in
446 addition to the fifty-two-day limitation: Christmas, the day

447 before Christmas, the day after Christmas, Thanksgiving, the day
448 before Thanksgiving and the day after Thanksgiving.

449 (b) From and after July 1, 1997, the division
450 shall implement the integrated case-mix payment and quality
451 monitoring system, which includes the fair rental system for
452 property costs and in which recapture of depreciation is
453 eliminated. The division may reduce the payment for hospital
454 leave and therapeutic home leave days to the lower of the case-mix
455 category as computed for the resident on leave using the
456 assessment being utilized for payment at that point in time, or a
457 case-mix score of 1.000 for nursing facilities, and shall compute
458 case-mix scores of residents so that only services provided at the
459 nursing facility are considered in calculating a facility's per
460 diem.

461 (c) From and after July 1, 1997, all state-owned
462 nursing facilities shall be reimbursed on a full reasonable cost
463 basis.

464 (d) When a facility of a category that does not
465 require a certificate of need for construction and that could not
466 be eligible for Medicaid reimbursement is constructed to nursing
467 facility specifications for licensure and certification, and the
468 facility is subsequently converted to a nursing facility under a
469 certificate of need that authorizes conversion only and the
470 applicant for the certificate of need was assessed an application
471 review fee based on capital expenditures incurred in constructing
472 the facility, the division shall allow reimbursement for capital
473 expenditures necessary for construction of the facility that were
474 incurred within the twenty-four (24) consecutive calendar months
475 immediately preceding the date that the certificate of need
476 authorizing the conversion was issued, to the same extent that
477 reimbursement would be allowed for construction of a new nursing
478 facility under a certificate of need that authorizes that

479 construction. The reimbursement authorized in this subparagraph
480 (d) may be made only to facilities the construction of which was
481 completed after June 30, 1989. Before the division shall be
482 authorized to make the reimbursement authorized in this
483 subparagraph (d), the division first must have received approval
484 from the Centers for Medicare and Medicaid Services (CMS) of the
485 change in the state Medicaid plan providing for the reimbursement.

486 (e) The division shall develop and implement, not
487 later than January 1, 2001, a case-mix payment add-on determined
488 by time studies and other valid statistical data that will
489 reimburse a nursing facility for the additional cost of caring for
490 a resident who has a diagnosis of Alzheimer's or other related
491 dementia and exhibits symptoms that require special care. Any
492 such case-mix add-on payment shall be supported by a determination
493 of additional cost. The division shall also develop and implement
494 as part of the fair rental reimbursement system for nursing
495 facility beds, an Alzheimer's resident bed depreciation enhanced
496 reimbursement system that will provide an incentive to encourage
497 nursing facilities to convert or construct beds for residents with
498 Alzheimer's or other related dementia.

499 (f) The division shall develop and implement an
500 assessment process for long-term care services. The division may
501 provide the assessment and related functions directly or through
502 contract with the area agencies on aging.

503 The division shall apply for necessary federal waivers to
504 assure that additional services providing alternatives to nursing
505 facility care are made available to applicants for nursing
506 facility care.

507 (5) Periodic screening and diagnostic services for
508 individuals under age twenty-one (21) years as are needed to
509 identify physical and mental defects and to provide health care
510 treatment and other measures designed to correct or ameliorate

511 defects and physical and mental illness and conditions discovered
512 by the screening services, regardless of whether these services
513 are included in the state plan. The division may include in its
514 periodic screening and diagnostic program those discretionary
515 services authorized under the federal regulations adopted to
516 implement Title XIX of the federal Social Security Act, as
517 amended. The division, in obtaining physical therapy services,
518 occupational therapy services, and services for individuals with
519 speech, hearing and language disorders, may enter into a
520 cooperative agreement with the State Department of Education for
521 the provision of those services to handicapped students by public
522 school districts using state funds that are provided from the
523 appropriation to the Department of Education to obtain federal
524 matching funds through the division. The division, in obtaining
525 medical and psychological evaluations for children in the custody
526 of the State Department of Human Services may enter into a
527 cooperative agreement with the State Department of Human Services
528 for the provision of those services using state funds that are
529 provided from the appropriation to the Department of Human
530 Services to obtain federal matching funds through the division.

531 (6) Physician's services. The division shall allow
532 twelve (12) physician visits annually. All fees for physicians'
533 services that are covered only by Medicaid shall be reimbursed at
534 ninety percent (90%) of the rate established on January 1, 1999,
535 and as may be adjusted each July thereafter, under Medicare (Title
536 XVIII of the federal Social Security Act, as amended). The
537 division may develop and implement a different reimbursement model
538 or schedule for physician's services provided by physicians based
539 at an academic health care center and by physicians at rural
540 health centers that are associated with an academic health care
541 center.

542 (7) (a) Home health services for eligible persons, not
543 to exceed in cost the prevailing cost of nursing facility

546 division.

547 (b) Repealed.

548 (8) Emergency medical transportation services. On
549 January 1, 1994, emergency medical transportation services shall
550 be reimbursed at seventy percent (70%) of the rate established
551 under Medicare (Title XVIII of the federal Social Security Act, as
552 amended). "Emergency medical transportation services" shall mean,
553 but shall not be limited to, the following services by a properly
554 permitted ambulance operated by a properly licensed provider in
555 accordance with the Emergency Medical Services Act of 1974
556 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
557 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
558 (vi) disposable supplies, (vii) similar services.

559 (9) (a) Legend and other drugs as may be determined by
560 the division.

562 Drugs not on the mandatory preferred drug list shall be made
563 available by utilizing prior authorization procedures established
564 by the division.

565 The division may seek to establish relationships with other
566 states in order to lower acquisition costs of prescription drugs
567 to include single source and innovator multiple source drugs or
568 generic drugs. In addition, if allowed by federal law or
569 regulation, the division may seek to establish relationships with
570 and negotiate with other countries to facilitate the acquisition
571 of prescription drugs to include single source and innovator
572 multiple source drugs or generic drugs, if that will lower the
573 acquisition costs of those prescription drugs.

574 The division shall allow for a combination of prescriptions
575 for single source and innovator multiple source drugs and generic
576 drugs to meet the needs of the beneficiaries, not to exceed five
577 (5) prescriptions per month for each noninstitutionalized Medicaid
578 beneficiary, with not more than two (2) of those prescriptions
579 being for single source or innovator multiple source drugs.

580 The executive director may approve specific maintenance drugs
581 for beneficiaries with certain medical conditions, which may be
582 prescribed and dispensed in three-month supply increments. The
583 executive director may allow a state agency or agencies to be the
584 sole source purchaser and distributor of hemophilia factor
585 medications, HIV/AIDS medications and other medications as
586 determined by the executive director as allowed by federal
587 regulations.

588 Drugs prescribed for a resident of a psychiatric residential
589 treatment facility must be provided in true unit doses when
590 available. The division may require that drugs not covered by
591 Medicare Part D for a resident of a long-term care facility be
592 provided in true unit doses when available. Those drugs that were
593 originally billed to the division but are not used by a resident
594 in any of those facilities shall be returned to the billing
595 pharmacy for credit to the division, in accordance with the
596 guidelines of the State Board of Pharmacy and any requirements of
597 federal law and regulation. Drugs shall be dispensed to a
598 recipient and only one (1) dispensing fee per month may be
599 charged. The division shall develop a methodology for reimbursing
600 for restocked drugs, which shall include a restock fee as
601 determined by the division not exceeding Seven Dollars and
602 Eighty-two Cents (\$7.82).

603 The voluntary preferred drug list shall be expanded to
604 function in the interim in order to have a manageable prior

605 authorization system, thereby minimizing disruption of service to
606 beneficiaries.

607 Except for those specific maintenance drugs approved by the
608 executive director, the division shall not reimburse for any
609 portion of a prescription that exceeds a thirty-one-day supply of
610 the drug based on the daily dosage.

611 The division shall develop and implement a program of payment
612 for additional pharmacist services, with payment to be based on
613 demonstrated savings, but in no case shall the total payment
614 exceed twice the amount of the dispensing fee.

615 All claims for drugs for dually eligible Medicare/Medicaid
616 beneficiaries that are paid for by Medicare must be submitted to
617 Medicare for payment before they may be processed by the
618 division's on-line payment system.

619 The division shall develop a pharmacy policy in which drugs
620 in tamper-resistant packaging that are prescribed for a resident
621 of a nursing facility but are not dispensed to the resident shall
622 be returned to the pharmacy and not billed to Medicaid, in
623 accordance with guidelines of the State Board of Pharmacy.

624 The division shall develop and implement a method or methods
625 by which the division will provide on a regular basis to Medicaid
626 providers who are authorized to prescribe drugs, information about
627 the costs to the Medicaid program of single source drugs and
628 innovator multiple source drugs, and information about other drugs
629 that may be prescribed as alternatives to those single source
630 drugs and innovator multiple source drugs and the costs to the
631 Medicaid program of those alternative drugs.

632 Notwithstanding any law or regulation, information obtained
633 or maintained by the division regarding the prescription drug
634 program, including trade secrets and manufacturer or labeler
635 pricing, is confidential and not subject to disclosure except to
636 other state agencies.

637 (b) Payment by the division for covered
638 multisource drugs shall be limited to the lower of the upper
639 limits established and published by the Centers for Medicare and

645 with CMS upper limits, shall not exceed the lower of the estimated
646 acquisition cost as determined by the division, plus a dispensing
647 fee or the providers' usual and customary charge to the general
648 public.

649 Payment for nonlegend or over-the-counter drugs covered by
650 the division shall be reimbursed at the lower of the division's
651 estimated shelf price or the providers' usual and customary charge
652 to the general public.

653 The dispensing fee for each new or refill prescription,
654 including nonlegend or over-the-counter drugs covered by the
655 division, shall be not less than Three Dollars and Ninety-one
656 Cents (\$3.91), as determined by the division.

657 The division shall not reimburse for single source or
658 innovator multiple source drugs if there are equally effective
659 generic equivalents available and if the generic equivalents are
660 the least expensive.

661 It is the intent of the Legislature that the pharmacists

668 of the jaw or any facial bone; and emergency dental extractions

669 and treatment related thereto. On July 1, 1999, all fees for
670 dental care and surgery under authority of this paragraph (10)
671 shall be increased to one hundred sixty percent (160%) of the

961 limited to, spinal cord injuries, closed head injuries and
962 ventilator dependent patients.

963 (b) Those services must be provided in a long-term
964 care nursing facility dedicated to the care and treatment of
965 persons with severe disabilities, and shall be reimbursed as a
966 separate category of nursing facilities.

967 (45) Physician assistant services. Services furnished
968 by a physician assistant who is licensed by the State Board of
969 Medical Licensure and is practicing with physician supervision
970 under regulations adopted by the board, under regulations adopted
971 by the division. Reimbursement for those services shall not
972 exceed ninety percent (90%) of the reimbursement rate for
973 comparable services rendered by a physician.

974 (46) The division shall make application to the federal
975 Centers for Medicare and Medicaid Services (CMS) for a waiver to
976 develop and provide services for children with serious emotional
977 disturbances as defined in Section 43-14-1(1), which may include
978 home- and community-based services, case management services or
979 managed care services through mental health providers certified by
980 the Department of Mental Health. The division may implement and
981 provide services under this waived program only if funds for
982 these services are specifically appropriated for this purpose by
983 the Legislature, or if funds are voluntarily provided by affected
984 agencies.

985 (47) (a) Notwithstanding any other provision in this
986 article to the contrary, the division, in conjunction with the
987 State Department of Health, may develop and implement disease

988 management programs for individuals with high-cost chronic
989 diseases and conditions, including the use of grants, waivers,
990 demonstrations or other projects as necessary.

991 (b) Participation in any disease management
992 program implemented under this paragraph (47) is optional with the
993 individual. An individual must affirmatively elect to participate
994 in the disease management program in order to participate.

995 (c) An individual who participates in the disease
996 management program has the option of participating in the
997 prescription drug home delivery component of the program at any
998 time while participating in the program. An individual must
999 affirmatively elect to participate in the prescription drug home
1000 delivery component in order to participate.

1001 (d) An individual who participates in the disease
1002 management program may elect to discontinue participation in the
1003 program at any time. An individual who participates in the
1004 prescription drug home delivery component may elect to discontinue
1005 participation in the prescription drug home delivery component at
1006 any time.

1007 (e) The division shall send written notice to all
1008 individuals who participate in the disease management program
1009 informing them that they may continue using their local pharmacy
1010 or any other pharmacy of their choice to obtain their prescription
1011 drugs while participating in the program.

1012 (f) Prescription drugs that are provided to
1013 individuals under the prescription drug home delivery component
1014 shall be limited only to those drugs that are used for the
1015 treatment, management or care of asthma, diabetes or hypertension.

1016 (48) Pediatric long-term acute care hospital services.

1017 (a) Pediatric long-term acute care hospital
1018 services means services provided to eligible persons under
1019 twenty-one (21) years of age by a freestanding Medicare-certified

1020 hospital that has an average length of inpatient stay greater than
1021 twenty-five (25) days and that is primarily engaged in providing
1022 chronic or long-term medical care to persons under twenty-one (21)
1023 years of age.

1024 (b) The services under this paragraph (48) shall
1025 be reimbursed as a separate category of hospital services.

1026 (49) The division shall establish co-payments and/or
1027 coinsurance for all Medicaid services for which co-payments and/or
1028 coinsurance are allowable under federal law or regulation, and
1029 shall set the amount of the co-payment and/or coinsurance for each
1030 of those services at the maximum amount allowable under federal
1031 law or regulation.

1032 (50) Services provided by the State Department of
1033 Rehabilitation Services for the care and rehabilitation of persons
1034 who are deaf and blind, as allowed under waivers from the United
1035 States Department of Health and Human Services to provide home-
1036 and community-based services using state funds that are provided
1037 from the appropriation to the State Department of Rehabilitation
1038 Services or if funds are voluntarily provided by another agency.

1039 (51) Upon determination of Medicaid eligibility and in
1040 association with annual redetermination of Medicaid eligibility,
1041 beneficiaries shall be encouraged to undertake a physical
1042 examination that will establish a base-line level of health and
1043 identification of a usual and customary source of care (a medical
1044 home) to aid utilization of disease management tools. This
1045 physical examination and utilization of these disease management
1046 tools shall be consistent with current United States Preventive
1047 Services Task Force or other recognized authority recommendations.

1048 For persons who are determined ineligible for Medicaid, the
1049 division will provide information and direction for accessing
1050 medical care and services in the area of their residence.

1051 (52) Notwithstanding any provisions of this article,
1052 the division may pay enhanced reimbursement fees related to trauma
1053 care, as determined by the division in conjunction with the State
1054 Department of Health, using funds appropriated to the State
1055 Department of Health for trauma care and services and used to
1056 match federal funds under a cooperative agreement between the
1057 division and the State Department of Health. The division, in
1058 conjunction with the State Department of Health, may use grants,
1059 waivers, demonstrations, or other projects as necessary in the
1060 development and implementation of this reimbursement program.

1061 (53) Targeted case management services for high-cost
1062 beneficiaries shall be developed by the division for all services
1063 under this section.

1064 (54) Adult foster care services pilot program. Social
1065 and protective services on a pilot program basis in an approved
1066 foster care facility for vulnerable adults who would otherwise
1067 need care in a long-term care facility, to be implemented in an
1068 area of the state with the greatest need for such program, under
1069 the Medicaid Waivers for the Elderly and Disabled program or an
1070 assisted living waiver. The division may use grants, waivers,
1071 demonstrations or other projects as necessary in the development
1072 and implementation of this adult foster care services pilot
1073 program.

1074 Notwithstanding any other provision of this article to the
1075 contrary, the division shall reduce the rate of reimbursement to
1076 providers for any service provided under this section by five
1077 percent (5%) of the allowed amount for that service. However, the
1078 reduction in the reimbursement rates required by this paragraph
1079 shall not apply to inpatient hospital services, nursing facility
1080 services, intermediate care facility services, psychiatric
1081 residential treatment facility services, pharmacy services
1082 provided under paragraph (9) of this section, or any service

1083 provided by the University of Mississippi Medical Center or a
1084 state agency, a state facility or a public agency that either
1085 provides its own state match through intergovernmental transfer or
1086 certification of funds to the division, or a service for which the
1087 federal government sets the reimbursement methodology and rate.
1088 In addition, the reduction in the reimbursement rates required by
1089 this paragraph shall not apply to case management services and
1090 home-delivered meals provided under the home- and community-based
1091 services program for the elderly and disabled by a planning and
1092 development district (PDD). Planning and development districts
1093 participating in the home- and community-based services program
1094 for the elderly and disabled as case management providers shall be
1095 reimbursed for case management services at the maximum rate
1096 approved by the Centers for Medicare and Medicaid Services (CMS).

1097 The division may pay to those providers who participate in
1098 and accept patient referrals from the division's emergency room
1099 redirection program a percentage, as determined by the division,
1100 of savings achieved according to the performance measures and
1101 reduction of costs required of that program. Federally qualified
1102 health centers may participate in the emergency room redirection
1103 program, and the division may pay those centers a percentage of
1104 any savings to the Medicaid program achieved by the centers'
1105 accepting patient referrals through the program, as provided in
1106 this paragraph.

1107 Notwithstanding any provision of this article, except as
1108 authorized in the following paragraph and in Section 43-13-139,
1109 neither (a) the limitations on quantity or frequency of use of or
1110 the fees or charges for any of the care or services available to
1111 recipients under this section, nor (b) the payments or rates of
1112 reimbursement to providers rendering care or services authorized
1113 under this section to recipients, may be increased, decreased or
1114 otherwise changed from the levels in effect on July 1, 1999,

1115 unless they are authorized by an amendment to this section by the
1116 Legislature. However, the restriction in this paragraph shall not
1117 prevent the division from changing the payments or rates of
1118 reimbursement to providers without an amendment to this section
1119 whenever those changes are required by federal law or regulation,
1120 or whenever those changes are necessary to correct administrative
1121 errors or omissions in calculating those payments or rates of
1122 reimbursement.

1123 Notwithstanding any provision of this article, no new groups
1124 or categories of recipients and new types of care and services may
1125 be added without enabling legislation from the Mississippi
1126 Legislature, except that the division may authorize those changes
1127 without enabling legislation when the addition of recipients or
1128 services is ordered by a court of proper authority.

1129 The executive director shall keep the Governor advised on a
1130 timely basis of the funds available for expenditure and the
1131 projected expenditures. If current or projected expenditures of
1132 the division are reasonably anticipated to exceed the amount of
1133 funds appropriated to the division for any fiscal year, the
1134 Governor, after consultation with the executive director, shall
1135 discontinue any or all of the payment of the types of care and
1136 services as provided in this section that are deemed to be
1137 optional services under Title XIX of the federal Social Security
1138 Act, as amended, and when necessary, shall institute any other
1139 cost containment measures on any program or programs authorized
1140 under the article to the extent allowed under the federal law
1141 governing that program or programs. However, the Governor shall
1142 not be authorized to discontinue or eliminate any service under
1143 this section that is mandatory under federal law, or to
1144 discontinue or eliminate, or adjust income limits or resource
1145 limits for, any eligibility category or group under Section
1146 43-13-115. It is the intent of the Legislature that the

1147 expenditures of the division during any fiscal year shall not
1148 exceed the amounts appropriated to the division for that fiscal
1149 year.

1150 Notwithstanding any other provision of this article, it shall
1151 be the duty of each nursing facility, intermediate care facility
1152 for the mentally retarded, psychiatric residential treatment
1153 facility, and nursing facility for the severely disabled that is
1154 participating in the Medicaid program to keep and maintain books,
1155 documents and other records as prescribed by the Division of
1156 Medicaid in substantiation of its cost reports for a period of
1157 three (3) years after the date of submission to the Division of
1158 Medicaid of an original cost report, or three (3) years after the
1159 date of submission to the Division of Medicaid of an amended cost
1160 report.

1161 **SECTION 5.** This act shall take effect and be in force from
1162 and after July 1, 2007.

**Further, amend by striking the title in its entirety and
inserting in lieu thereof the following:**

1 AN ACT TO AMEND SECTION 43-11-1, MISSISSIPPI CODE OF 1972, TO
2 DEFINE THE TERM "ADULT FOSTER CARE FACILITY" TO PROVIDE PROTECTIVE
3 SERVICES FOR VULNERABLE ADULTS FOR PURPOSES OF LICENSURE BY THE
4 STATE DEPARTMENT OF HEALTH; TO AMEND SECTION 43-11-13, MISSISSIPPI
5 CODE OF 1972, TO DIRECT THE STATE BOARD OF HEALTH TO PROMULGATE
6 RULES, REGULATIONS AND STANDARDS REGARDING THE OPERATION OF ADULT
7 FOSTER CARE FACILITIES; TO CODIFY SECTION 43-11-8, MISSISSIPPI
8 CODE OF 1972, TO PRESCRIBE FEES FOR ADULT FOSTER CARE FACILITY
9 LICENSURE; TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
10 TO AUTHORIZE THE DIVISION OF MEDICAID-OFFICE OF THE GOVERNOR TO
11 APPLY FOR WAIVERS FOR ADULTS TO RECEIVE CARE IN ADULT FOSTER CARE
12 UNDER THE MEDICAID PROGRAM; AND FOR RELATED PURPOSES.
