HOUSE BILL NO. 885
(As Sent to Governor)

AN ACT TO REQUIRE HEALTH INSURANCE POLICIES TO PROVIDE COVERAGE FOR AUTISM-RELATED TREATMENT; TO PROVIDE FOR THE LICENSURE AND REGULATION OF THE PRACTICE OF APPLIED BEHAVIOR ANALYSIS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. (1) Except as otherwise provided herein, a health insurance policy shall provide coverage for the screening, diagnosis, and treatment of autism spectrum disorder. To the extent that the screening, diagnosis, and treatment of autism spectrum disorder are not already covered by a health insurance policy, coverage under this section will be included in health insurance policies that are delivered, executed, issued, amended, adjusted, or renewed in this state, or outside this state if insuring residents of this state, on or after January 1, 2016. No insurer can terminate coverage, or refuse to deliver, execute, issue, amend, adjust, or renew coverage to an individual solely because the individual is diagnosed with or has received treatment for an autism spectrum disorder.
(2) Coverage under this section must not be subject to dollar limits, deductibles, or coinsurance provisions that are less favorable to an insured than the dollar limits, deductibles, or coinsurance provisions that apply to substantially all medical and surgical benefits under the health insurance policy, except as otherwise provided in subsection (5) of this section.

(3) This section shall not be construed as limiting benefits that are otherwise available to an individual under a health insurance policy.

(4) As used in this section:

(a) "Applied behavior analysis" means the individualized design, implementation, and evaluation of instructional and environmental modifications to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

(b) "Autism spectrum disorder" means any of the pervasive developmental disorders or autism spectrum disorders as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) or the edition that was in effect at the time of diagnosis.

(c) "Behavioral health treatment" means behavior modification and mental health counseling and treatment programs, including applied behavior analysis, that are:
(i) Necessary to develop or restore, to the maximum extent practicable, the functioning of an individual; and

(ii) Provided or supervised by a licensed behavior mental health professional, so long as the services performed are commensurate with the licensed mental health professional's competency area, training and supervised experience.

(d) "Diagnosis of autism spectrum disorder" means medically necessary assessment, evaluations, or tests to diagnose whether an individual has an autism spectrum disorder, as performed by a licensed psychologist or licensed physician.

(e) "Licensed behavior analyst" means a professional licensed under Section 8(d) of this act to practice applied behavior analysis in the State of Mississippi.

(f) "Health insurance policy" includes all individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization or preferred provider organization, all self-insured group arrangements to the extent not preempted by federal law, all plans for state and political subdivisions and all managed health care delivery entities of any type or description providing coverage to any resident of this state.

(g) "Pharmacy care" means medications approved by the United States Food and Drug Administration and prescribed by a
licensed physician, and any health-related services deemed medically necessary to determine the need or effectiveness of the medications.

(h) "Psychiatric care" means direct or consultative services provided by a psychiatrist licensed to practice in the State of Mississippi or as provided under the applicable health insurance policy.

(i) "Psychological care" means direct or consultative services provided by a psychologist licensed to practice in the State of Mississippi or as provided under the applicable health insurance policy.

(j) "Therapeutic care" means services provided by licensed speech-language pathologists, occupational therapists, or physical therapists as covered by the health insurance policy.

(k) "Treatment for autism spectrum disorder" means evidence-based care prescribed or ordered for an individual diagnosed with an autism spectrum disorder by a licensed physician or a licensed psychologist who determines the care to be medically necessary, including, but not limited to:

(i) Behavioral health treatment;
(ii) Pharmacy care;
(iii) Psychiatric care;
(iv) Psychological care; and
(v) Therapeutic care.
(1) "Treatment plan" means a written, comprehensive, and individualized intervention plan that incorporates specific treatment goals, individualized with objectives, data collection and analysis plan, and goal change procedures if goals are not met.

(5) Coverage under this section for applied behavior analysis shall be limited to twenty-five (25) hours per week, and shall not be required beyond the age of eight (8) years. No more than ten (10) hours per week shall be for the services of a licensed behavior analyst; however, all services must be provided under the supervision or direction of a licensed behavior analyst or licensed psychologist. Coverage for applied behavior analysis pursuant to an ongoing treatment plan may be extended beyond the limits provided in this subsection if medical necessity for the extension is determined to exist, or in the event of disagreement, the appeal rights under the applicable health insurance policy shall govern.

(6) Except for inpatient services, if an insured is receiving treatment for an autism spectrum disorder, an insurer shall have the right to review the treatment plan every six (6) months, unless the insurer and the insured's treating physician or psychologist agree that a more frequent review is necessary. The cost of obtaining any review of the treatment plan shall be borne by the insurer.
(7) This section shall not be construed to require an insurer to provide coverage for any services to an individual under an individualized family service plan, an individualized education program, or an individualized service plan, required by federal or state law to be performed by public schools, including, but not limited to, individualized education programs, special education services, Individuals with Disabilities Education Improvement Act programs, attention deficit-hyperactivity disorder classrooms, or autism spectrum disorder classrooms.

(8) Nothing in this section shall apply to nongrandfathered plans in the individual and small group markets that are required to include essential health benefits under the Patient Protection and Affordable Care Act or to Medicare supplement, accident-only, specified disease, hospital indemnity, disability income, long-term care, or other limited benefit hospital insurance policies.

(9) A small employer with one hundred (100) or fewer eligible employees that provides or offers a health insurance policy to its employees will offer coverage for the screening, diagnosis and treatment of autism spectrum disorder as provided in this section. The small employer may charge the plan participant with the cost of obtaining the additional coverage.

(10) In the event that any part of this legislation is rendered or declared invalid or unenforceable by a court of competent jurisdiction, such invalidation shall not invalidate the
remaining portions thereof, and they shall remain in full force and effect.

SECTION 2. License required. In order to safeguard life, health and property, no person shall practice applied behavior analysis in this state, or use the title "Licensed Behavior Analyst" or "Licensed Assistant Behavior Analyst," unless such person has secured a license under this chapter.

SECTION 3. Definitions. The following definitions apply as used in this chapter, unless the context otherwise requires:

(b) "Person" means any individual, organization or corporate body, except that only an individual may be licensed under this chapter.

(c) "Practice of applied behavior analysis" means interventions based on scientific research and the direct observation and measurement of behavior and the environment. SECTION 7. Financing administration of provisions. (1) The administration of the provisions of this chapter shall be financed from income accruing from fees, licenses and other charges assessed and collected by the board and from such other funds available to the board.

(2) The board shall receive and account for all funds received and shall keep such funds in a separate fund. Funds collected under the provisions of this chapter shall be used
solely for the expenses of the board and to administer the
provisions of this chapter, which may include full or partial
financing of continuing education programs promulgated by the
board under this chapter. Such funds shall be subject to audit by
the Auditor of the State of Mississippi.

(3) The board shall be assigned to the Office of the

the District of Columbia, or territory of the United States which maintains professional standards considered by the board to be equivalent to those set forth in this chapter. The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

SECTION 10. Temporary licenses. The board shall draft rules and regulations for the granting and renewal of temporary licenses for applicants who have met all eligibility requirements for certification by the Behavior Analyst Certification Board, have taken a certification examination, and are awaiting results of the examination, but otherwise meet the requirements of this chapter.

SECTION 11. License denial, suspension, or revocation. (1) The board, by an affirmative vote of at least three (3) of its five (5) members, shall withhold, deny, revoke or suspend any license issued or applied for in accordance with the provisions of this chapter, or otherwise discipline a licensed behavior analyst or licensed assistant behavior analyst upon finding that the applicant or licensee:

(2) The board may recover from any person disciplined under this chapter the costs of investigation, prosecution, and adjudication of the disciplinary action.

(3) Notice shall be effected by registered mail or personal service setting forth the particular reasons for the proposed action and fixing a date not less than thirty (30) days nor more than sixty (60) days from the date of such mailing or such service, at which time the applicant or licensee shall be given an opportunity for a prompt and fair hearing. For the purpose of such hearing the board, acting by and through its executive secretary, may exercise all authority granted to conduct investigations and hearings pursuant to Section 6(2)(a) and (b) of this act. At such hearing the applicant or licensee may appear by counsel and personally on his own behalf. On the basis of any such hearing, or upon default of applicant or licensee, the board shall make a determination specifying its findings of fact and conclusions of law. A copy of such determination shall be sent by registered mail or served personally upon the applicant or licensee. The decision of the board denying, revoking or suspending the license shall become final thirty (30) days after so mailed or served unless within that period the licensee appeals the decision to the Chancery Court of Madison or Rankin Counties, pursuant to the provisions hereof, and the proceedings in chancery shall be conducted as other matters coming before the court. All proceedings and evidence, together with exhibits, presented at
such hearing before the board in the event of appeal, shall be admissible in evidence in the court.

(4) Nothing in this subsection shall be interpreted to prohibit the board from immediately suspending any license prior to a hearing under subsection (3) of this section, when in its sole discretion the suspension is required for the instruction, safety or well-being of any member of the public.

(5) Every order and judgment of the board shall take effect immediately upon its promulgation unless the board in such order or judgment fixes a probationary period for applicant or licensee. Such order and judgment shall continue in effect unless upon appeal the court by proper order or decree terminates it earlier. The board may make public its order and judgments in such manner and form as it deems proper.

(6) Suspension by the board of a license issued under this chapter shall be for a period not to exceed one (1) year. At the end of this period the board shall reevaluate the suspension, and shall either reinstate or revoke the license. A person whose license has been revoked under the provisions of this section may reapply for license after more than two (2) years have elapsed from the date such revocation is legally effective.

(7) In addition to the reasons specified in subsection (1) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order
for support, in compliance with the procedures set forth in Sections 93-11-151 through 93-11-163.

The board shall issue a renewal of the license for a term of three (3) years to any licensee complying with the requirements of this section.

(3) A lapsed license under this chapter may be renewed within a period of two (2) years after the lapse, upon payment of all fees in arrears and verification by the board that the applicant is currently certified by the Behavior Analyst
Certification Board. An individual wishing to renew a license that has been lapsed for more than two (2) years shall be required to reapply for licensure.

SECTION 13. Duty to register behavior technicians. Licensed behavior analysts and licensed assistant behavior analysts must register with the board all behavior technicians providing services under their supervision. The licensed behavior analyst or licensed assistant behavior analyst shall update the board of the termination of supervision as required by the board.

SECTION 14. Offenses and penalties. Any person who violates any provision of this chapter shall, upon conviction, be guilty of a misdemeanor and shall be punished by a fine of not more than One Thousand Dollars ($1,000.00) or imprisoned in the county jail for a period not exceeding six (6) months, or both.

SECTION 15. Fees deposited in special fund. All fees collected by the board under this chapter and any penalties collected by the board for violations of this chapter shall be deposited in a special fund hereby created in the State Treasury and shall be used for the implementation and administration of this chapter when appropriated by the Legislature for such purpose.

SECTION 16. Section 1 of this act shall be codified as a new section in Chapter 9, Title 83, Mississippi Code of 1972. Sections 2 through 15 of this act shall be codified as a new chapter in Title 73, Mississippi Code of 1972.
SECTION 17. This act shall take effect and be in force from and after July 1, 2015.
