306 and those individuals determined eligible shall only receive
307 essential health benefits as described in the federal Patient
308 Protection and Affordable Care Act of 2010 as amended. This

312 frequently than required by federal law.

313 **SECTION 2.** Section 43-13-117, Mississippi Code of 1972, is
314 amended as follows:

315 43-13-117. (A) Medicaid as authorized by this article shall

319 have been determined to be eligible for that care and services,
320 within the limits of state appropriations and federal matching
321 funds:

323 (a) The division shall allow thirty (30) days of
324 inpatient hospital care annually for all Medicaid recipients.
325 Medicaid recipients requiring transplants shall not have those
326 days included in the transplant hospital stay count against the
327 thirty-day limit for inpatient hospital care. Precertification of
328 inpatient days must be obtained as required by the division.

329 (b) From and after July 1, 1994, the Executive
330 Director of the Division of Medicaid shall amend the Mississippi
331 Title XIX Inpatient Hospital Reimbursement Plan to remove the
332 occupancy rate penalty from the calculation of the Medicaid
333 Capital Cost Component utilized to determine total hospital costs
334 allocated to the Medicaid program.

335 (c) Hospitals will receive an additional payment
336 for the implantable programmable baclofen drug pump used to treat
337 spasticity that is implanted on an inpatient basis. The payment
338 pursuant to written invoice will be in addition to the facility's
339 per diem reimbursement and will represent a reduction of costs on
340 the facility's annual cost report, and shall not exceed Ten
341 Thousand Dollars (\$10,000.00) per year per recipient.

342 (d) The division is authorized to implement an
343 All-Patient Refined-Diagnosis Related Groups (APR-DRG)
344 reimbursement methodology for inpatient hospital services.

345 (e) No service benefits or reimbursement
346 limitations in this section shall apply to payments under an

348 managed care program or similar model described in subsection (H)
349 of this section.

350 (2) Outpatient hospital services.

351 (a) Emergency services.

352 (b) Other outpatient hospital services. The
353 division shall allow benefits for other medically necessary
354 outpatient hospital services (such as chemotherapy, radiation,
355 surgery and therapy), including outpatient services in a clinic or
356 other facility that is not located inside the hospital, but that
357 has been designated as an outpatient facility by the hospital, and
358 that was in operation or under construction on July 1, 2009,
359 provided that the costs and charges associated with the operation
360 of the hospital clinic are included in the hospital's cost report.
361 In addition, the Medicare thirty-five-mile rule will apply to
362 those hospital clinics not located inside the hospital that are
363 constructed after July 1, 2009. Where the same services are
364 reimbursed as clinic services, the division may revise the rate or
365 methodology of outpatient reimbursement to maintain consistency,
366 efficiency, economy and quality of care.

367 (c) The division is authorized to implement an
368 Ambulatory Payment Classification (APC) methodology for outpatient
369 hospital services.

370 (d) No service benefits or reimbursement
371 limitations in this section shall apply to payments under an
372 APR-DRG or APC model or a managed care program or similar model
373 described in subsection (H) of this section.

374 (3) Laboratory and x-ray services.

375 (4) Nursing facility services.

376 (a) The division shall make full payment to
377 nursing facilities for each day, not exceeding fifty-two (52) days
378 per year, that a patient is absent from the facility on home
379 leave. Payment may be made for the following home leave days in
380 addition to the fifty-two-day limitation: Christmas, the day
381 before Christmas, the day after Christmas, Thanksgiving, the day
382 before Thanksgiving and the day after Thanksgiving.

383 (b) From and after July 1, 1997, the division
384 shall implement the integrated case-mix payment and quality
385 monitoring system, which includes the fair rental system for
386 property costs and in which recapture of depreciation is
387 eliminated. The division may reduce the payment for hospital
388 leave and therapeutic home leave days to the lower of the case-mix
389 category as computed for the resident on leave using the
390 assessment being utilized for payment at that point in time, or a
391 case-mix score of 1.000 for nursing facilities, and shall compute

392 case-mix scores of residents so that only services provided at the
393 nursing facility are considered in calculating a facility's per
394 diem.

395 (c) From and after July 1, 1997, all state-owned
396 nursing facilities shall be reimbursed on a full reasonable cost
397 basis.

398 (d) On or after January 1, 2015, the division
399 shall update the case-mix payment system resource utilization
400 grouper and classifications and fair rental reimbursement system.
401 The division shall develop and implement a payment add-on to
402 reimburse nursing facilities for ventilator dependent resident
403 services.

404 (e) The division shall develop and implement, not
405 later than January 1, 2001, a case-mix payment add-on determined
406 by time studies and other valid statistical data that will
407 reimburse a nursing facility for the additional cost of caring for
408 a resident who has a diagnosis of Alzheimer's or other related
409 dementia and exhibits symptoms that require special care. Any
410 such case-mix add-on payment shall be supported by a determination
411 of additional cost. The division shall also develop and implement
412 as part of the fair rental reimbursement system for nursing
413 facility beds, an Alzheimer's resident bed depreciation enhanced
414 reimbursement system that will provide an incentive to encourage
415 nursing facilities to convert or construct beds for residents with
416 Alzheimer's or other related dementia.

417 (f) The division shall develop and implement an
418 assessment process for long-term care services. The division may
419 provide the assessment and related functions directly or through
420 contract with the area agencies on aging.

421 The division shall apply for necessary federal waivers to
422 assure that additional services providing alternatives to nursing
423 facility care are made available to applicants for nursing
424 facility care.

425 (5) Periodic screening and diagnostic services for
426 individuals under age twenty-one (21) years as are needed to
427 identify physical and mental defects and to provide health care
428 treatment and other measures designed to correct or ameliorate
429 defects and physical and mental illness and conditions discovered
430 by the screening services, regardless of whether these services
431 are included in the state plan. The division may include in its
432 periodic screening and diagnostic program those discretionary
433 services authorized under the federal regulations adopted to
434 implement Title XIX of the federal Social Security Act, as
435 amended. The division, in obtaining physical therapy services,
436 occupational therapy services, and services for individuals with
437 speech, hearing and language disorders, may enter into a
438 cooperative agreement with the State Department of Education for
439 the provision of those services to handicapped students by public
440 school districts using state funds that are provided from the
441 appropriation to the Department of Education to obtain federal

442 matching funds through the division. The division, in obtaining
443 medical and mental health assessments, treatment, care and
444 services for children who are in, or at risk of being put in, the
445 custody of the Mississippi Department of Human Services may enter
446 into a cooperative agreement with the Mississippi Department of
447 Human Services for the provision of those services using state
448 funds that are provided from the appropriation to the Department
449 of Human Services to obtain federal matching funds through the
450 division.

451 (6) Physician's services. The division shall allow
452 twelve (12) physician visits annually. The division may develop
453 and implement a different reimbursement model or schedule for
454 physician's services provided by physicians based at an academic
455 health care center and by physicians at rural health centers that
456 are associated with an academic health care center. From and
457 after January 1, 2010, all fees for physicians' services that are
458 covered only by Medicaid shall be increased to ninety percent
459 (90%) of the rate established on January 1, 2010, and as may be
460 adjusted each July thereafter, under Medicare. The division may
461 provide for a reimbursement rate for physician's services of up to
462 one hundred percent (100%) of the rate established under Medicare
463 for physician's services that are provided after the normal
464 working hours of the physician, as determined in accordance with
465 regulations of the division. The division may reimburse eligible
466 providers as determined by the Patient Protection and Affordable

467 Care Act for certain primary care services as defined by the act
468 at one hundred percent (100%) of the rate established under
469 Medicare.

470 (7) (a) Home health services for eligible persons, not
471 to exceed in cost the prevailing cost of nursing facility
472 services, not to exceed twenty-five (25) visits per year. All
473 home health visits must be precertified as required by the
474 division.

475 (b) [Repealed]

476 (8) Emergency medical transportation services. On
477 January 1, 1994, emergency medical transportation services shall
478 be reimbursed at seventy percent (70%) of the rate established
479 under Medicare (Title XVIII of the federal Social Security Act, as
480 amended). "Emergency medical transportation services" shall mean,
481 but shall not be limited to, the following services by a properly
482 permitted ambulance operated by a properly licensed provider in
483 accordance with the Emergency Medical Services Act of 1974
484 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
485 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
486 (vi) disposable supplies, (vii) similar services.

487 (9) (a) Legend and other drugs as may be determined by
488 the division.

489 The division shall establish a mandatory preferred drug list.
490 Drugs not on the mandatory preferred drug list shall be made

491 available by utilizing prior authorization procedures established
492 by the division.

493 The division may seek to establish relationships with other
494 states in order to lower acquisition costs of prescription drugs
495 to include single source and innovator multiple source drugs or
496 generic drugs. In addition, if allowed by federal law or
497 regulation, the division may seek to establish relationships with
498 and negotiate with other countries to facilitate the acquisition
499 of prescription drugs to include single source and innovator
500 multiple source drugs or generic drugs, if that will lower the
501 acquisition costs of those prescription drugs.

502 The division shall allow for a combination of prescriptions
503 for single source and innovator multiple source drugs and generic
504 drugs to meet the needs of the beneficiaries, not to exceed five
505 (5) prescriptions per month for each noninstitutionalized Medicaid
506 beneficiary, with not more than two (2) of those prescriptions
507 being for single source or innovator multiple source drugs unless
508 the single source or innovator multiple source drug is less
509 expensive than the generic equivalent.

510 The executive director may approve specific maintenance drugs
511 for beneficiaries with certain medical conditions, which may be
512 prescribed and dispensed in three-month supply increments.

513 Drugs prescribed for a resident of a psychiatric residential
514 treatment facility must be provided in true unit doses when
515 available. The division may require that drugs not covered by

516 Medicare Part D for a resident of a long-term care facility be
517 provided in true unit doses when available. Those drugs that were
518 originally billed to the division but are not used by a resident
519 in any of those facilities shall be returned to the billing
520 pharmacy for credit to the division, in accordance with the
521 guidelines of the State Board of Pharmacy and any requirements of
522 federal law and regulation. Drugs shall be dispensed to a
523 recipient and only one (1) dispensing fee per month may be
524 charged. The division shall develop a methodology for reimbursing
525 for restocked drugs, which shall include a restock fee as
526 determined by the division not exceeding Seven Dollars and
527 Eighty-two Cents (\$7.82).

528 The voluntary preferred drug list shall be expanded to
529 function in the interim in order to have a manageable prior
530 authorization system, thereby minimizing disruption of service to
531 beneficiaries.

532 Except for those specific maintenance drugs approved by the
533 executive director, the division shall not reimburse for any
534 portion of a prescription that exceeds a thirty-one-day supply of
535 the drug based on the daily dosage.

536 The division shall develop and implement a program of payment
537 for additional pharmacist services, with payment to be based on
538 demonstrated savings, but in no case shall the total payment
539 exceed twice the amount of the dispensing fee.

540 All claims for drugs for dually eligible Medicare/Medicaid
541 beneficiaries that are paid for by Medicare must be submitted to
542 Medicare for payment before they may be processed by the
543 division's online payment system.

544 The division shall develop a pharmacy policy in which drugs
545 in tamper-resistant packaging that are prescribed for a resident
546 of a nursing facility but are not dispensed to the resident shall
547 be returned to the pharmacy and not billed to Medicaid, in
548 accordance with guidelines of the State Board of Pharmacy.

549 The division shall develop and implement a method or methods
550 by which the division will provide on a regular basis to Medicaid
551 providers who are authorized to prescribe drugs, information about
552 the costs to the Medicaid program of single source drugs and
553 innovator multiple source drugs, and information about other drugs
554 that may be prescribed as alternatives to those single source
555 drugs and innovator multiple source drugs and the costs to the
556 Medicaid program of those alternative drugs.

557 Notwithstanding any law or regulation, information obtained
558 or maintained by the division regarding the prescription drug
559 program, including trade secrets and manufacturer or labeler
560 pricing, is confidential and not subject to disclosure except to
561 other state agencies.

562 (b) Payment by the division for covered
563 multisource drugs shall be limited to the lower of the upper
564 limits established and published by the Centers for Medicare and

565 Medicaid Services (CMS) plus a dispensing fee, or the estimated
566 acquisition cost (EAC) as determined by the division, plus a
567 dispensing fee, or the providers' usual and customary charge to
568 the general public.

569 Payment for other covered drugs, other than multisource drugs
570 with CMS upper limits, shall not exceed the lower of the estimated
571 acquisition cost as determined by the division, plus a dispensing
572 fee or the providers' usual and customary charge to the general
573 public.

574 Payment for nonlegend or over-the-counter drugs covered by
575 the division shall be reimbursed at the lower of the division's
576 estimated shelf price or the providers' usual and customary charge
577 to the general public.

578 The dispensing fee for each new or refill prescription,
579 including nonlegend or over-the-counter drugs covered by the
580 division, shall be not less than Three Dollars and Ninety-one
581 Cents (\$3.91), as determined by the division.

582 The division shall not reimburse for single source or
583 innovator multiple source drugs if there are equally effective
584 generic equivalents available and if the generic equivalents are
585 the least expensive.

586 It is the intent of the Legislature that the pharmacists
587 providers be reimbursed for the reasonable costs of filling and
588 dispensing prescriptions for Medicaid beneficiaries.

589 (10) (a) Dental care that is an adjunct to treatment
590 of an acute medical or surgical condition; services of oral
591 surgeons and dentists in connection with surgery related to the
592 jaw or any structure contiguous to the jaw or the reduction of any
593 fracture of the jaw or any facial bone; and emergency dental
594 extractions and treatment related thereto. On July 1, 2007, fees
595 for dental care and surgery under authority of this paragraph (10)
596 shall be reimbursed as provided in subparagraph (b). It is the
597 intent of the Legislature that this rate revision for dental
598 services will be an incentive designed to increase the number of
599 dentists who actively provide Medicaid services. This dental
600 services rate revision shall be known as the "James Russell Dumas
601 Medicaid Dental Incentive Program."

602 The division shall annually determine the effect of this
603 incentive by evaluating the number of dentists who are Medicaid
604 providers, the number who and the degree to which they are
605 actively billing Medicaid, the geographic trends of where dentists
606 are offering what types of Medicaid services and other statistics
607 pertinent to the goals of this legislative intent. This data
608 shall be presented to the Chair of the Senate Public Health and
609 Welfare Committee and the Chair of the House Medicaid Committee.

610 (b) The Division of Medicaid shall establish a fee
611 schedule, to be effective from and after July 1, 2007, for dental
612 services. The schedule shall provide for a fee for each dental
613 service that is equal to a percentile of normal and customary

614 private provider fees, as defined by the Ingenix Customized Fee
615 Analyzer Report, which percentile shall be determined by the
616 division. The schedule shall be reviewed annually by the division
617 and dental fees shall be adjusted to reflect the percentile
618 determined by the division.

619 (c) For fiscal year 2008, the amount of state
620 funds appropriated for reimbursement for dental care and surgery
621 shall be increased by ten percent (10%) of the amount of state
622 fund expenditures for that purpose for fiscal year 2007. For each
623 of fiscal years 2009 and 2010, the amount of state funds
624 appropriated for reimbursement for dental care and surgery shall
625 be increased by ten percent (10%) of the amount of state fund
626 expenditures for that purpose for the preceding fiscal year.

627 (d) The division shall establish an annual benefit
628 limit of Two Thousand Five Hundred Dollars (\$2,500.00) in dental
629 expenditures per Medicaid-eligible recipient; however, a recipient
630 may exceed the annual limit on dental expenditures provided in
631 this paragraph with prior approval of the division.

632 (e) The division shall include dental services as
633 a necessary component of overall health services provided to
634 children who are eligible for services.

635 (f) This paragraph (10) shall stand repealed on
636 July 1, 2016.

637 (11) Eyeglasses for all Medicaid beneficiaries who have
638 (a) had surgery on the eyeball or ocular muscle that results in a

639 vision change for which eyeglasses or a change in eyeglasses is
640 medically indicated within six (6) months of the surgery and is in
641 accordance with policies established by the division, or (b) one
642 (1) pair every five (5) years and in accordance with policies
643 established by the division. In either instance, the eyeglasses
644 must be prescribed by a physician skilled in diseases of the eye
645 or an optometrist, whichever the beneficiary may select.

646 (12) Intermediate care facility services.

647 (a) The division shall make full payment to all
648 intermediate care facilities for individuals with intellectual
649 disabilities for each day, not exceeding eighty-four (84) days per
650 year, that a patient is absent from the facility on home leave.
651 Payment may be made for the following home leave days in addition
652 to the eighty-four-day limitation: Christmas, the day before
653 Christmas, the day after Christmas, Thanksgiving, the day before
654 Thanksgiving and the day after Thanksgiving.

655 (b) All state-owned intermediate care facilities
656 for individuals with intellectual disabilities shall be reimbursed
657 on a full reasonable cost basis.

658 (c) Effective January 1, 2015, the division shall
659 update the fair rental reimbursement system for intermediate care
660 facilities for individuals with intellectual disabilities.

661 (13) Family planning services, including drugs,
662 supplies and devices, when those services are under the
663 supervision of a physician or nurse practitioner.

664 (14) Clinic services. Such diagnostic, preventive,
665 therapeutic, rehabilitative or palliative services furnished to an
666 outpatient by or under the supervision of a physician or dentist
667 in a facility that is not a part of a hospital but that is
668 organized and operated to provide medical care to outpatients.
669 Clinic services shall include any services reimbursed as
670 outpatient hospital services that may be rendered in such a
671 facility, including those that become so after July 1, 1991. On
672 July 1, 1999, all fees for physicians' services reimbursed under
673 authority of this paragraph (14) shall be reimbursed at ninety
674 percent (90%) of the rate established on January 1, 1999, and as
675 may be adjusted each July thereafter, under Medicare (Title XVIII
676 of the federal Social Security Act, as amended). The division may
677 develop and implement a different reimbursement model or schedule
678 for physician's services provided by physicians based at an
679 academic health care center and by physicians at rural health
680 centers that are associated with an academic health care center.
681 The division may provide for a reimbursement rate for physician's
682 clinic services of up to one hundred percent (100%) of the rate
683 established under Medicare for physician's services that are
684 provided after the normal working hours of the physician, as
685 determined in accordance with regulations of the division.

686 (15) Home- and community-based services for the elderly
687 and disabled, as provided under Title XIX of the federal Social
688 Security Act, as amended, under waivers, subject to the

689 availability of funds specifically appropriated for that purpose
690 by the Legislature.

691 (16) Mental health services. Approved therapeutic and
692 case management services (a) provided by an approved regional
693 mental health/intellectual disability center established under
694 Sections 41-19-31 through 41-19-39, or by another community mental
695 health service provider meeting the requirements of the Department
696 of Mental Health to be an approved mental health/intellectual
697 disability center if determined necessary by the Department of
698 Mental Health, using state funds that are provided in the
699 appropriation to the division to match federal funds, or (b)
700 provided by a facility that is certified by the State Department
701 of Mental Health to provide therapeutic and case management
702 services, to be reimbursed on a fee for service basis, or (c)
703 provided in the community by a facility or program operated by the
704 Department of Mental Health. Any such services provided by a
705 facility described in subparagraph (b) must have the prior
706 approval of the division to be reimbursable under this section.
707 After June 30, 1997, mental health services provided by regional
708 mental health/intellectual disability centers established under
709 Sections 41-19-31 through 41-19-39, or by hospitals as defined in

711 psychiatric residential treatment facilities as defined in Section
712 43-11-1, or by another community mental health service provider
713 meeting the requirements of the Department of Mental Health to be

714 an approved mental health/intellectual disability center if
715 determined necessary by the Department of Mental Health, shall not
716 be included in or provided under any capitated managed care pilot
717 program provided for under paragraph (24) of this section.

718 (17) Durable medical equipment services and medical
719 supplies. Precertification of durable medical equipment and
720 medical supplies must be obtained as required by the division.
721 The Division of Medicaid may require durable medical equipment
722 providers to obtain a surety bond in the amount and to the
723 specifications as established by the Balanced Budget Act of 1997.

724 (18) (a) Notwithstanding any other provision of this
725 section to the contrary, as provided in the Medicaid state plan
726 amendment or amendments as defined in Section 43-13-145(10), the
727 division shall make additional reimbursement to hospitals that
728 serve a disproportionate share of low-income patients and that
729 meet the federal requirements for those payments as provided in
730 Section 1923 of the federal Social Security Act and any applicable
731 regulations. It is the intent of the Legislature that the
732 division shall draw down all available federal funds allotted to
733 the state for disproportionate share hospitals. However, from and
734 after January 1, 1999, public hospitals participating in the
735 Medicaid disproportionate share program may be required to
736 participate in an intergovernmental transfer program as provided
737 in Section 1903 of the federal Social Security Act and any
738 applicable regulations.

739 (b) The division shall establish a Medicare Upper
740 Payment Limits Program, as defined in Section 1902(a)(30) of the
741 federal Social Security Act and any applicable federal
742 regulations, for hospitals, and may establish a Medicare Upper
743 Payment Limits Program for nursing facilities, and may establish a
744 Medicare Upper Payment Limits Program for physicians employed or
745 contracted by public hospitals. Upon successful implementation of
746 a Medicare Upper Payment program for physicians employed by public
747 hospitals, the division may develop a plan for implementing an
748 Upper Payment Limit program for physicians employed by other
749 classes of hospitals. The division shall assess each hospital
750 and, if the program is established for nursing facilities, shall
751 assess each nursing facility, for the sole purpose of financing
752 the state portion of the Medicare Upper Payment Limits Program.
753 The hospital assessment shall be as provided in Section
754 43-13-145(4)(a) and the nursing facility assessment, if
755 established, shall be based on Medicaid utilization or other
756 appropriate method consistent with federal regulations. The
757 assessment will remain in effect as long as the state participates
758 in the Medicare Upper Payment Limits Program. Public hospitals
759 with physicians participating in the Medicare Upper Payment Limits
760 Program shall be required to participate in an intergovernmental
761 transfer program. As provided in the Medicaid state plan
762 amendment or amendments as defined in Section 43-13-145(10), the
763 division shall make additional reimbursement to hospitals and, if

764 the program is established for nursing facilities, shall make
765 additional reimbursement to nursing facilities, for the Medicare
766 Upper Payment Limits, and, if the program is established for
767 physicians, shall make additional reimbursement for physicians, as
768 defined in Section 1902(a)(30) of the federal Social Security Act
769 and any applicable federal regulations.

775 who are determined to be at risk. Services to be performed
776 include case management, nutrition assessment/counseling,
777 psychosocial assessment/counseling and health education. The
778 division shall contract with the State Department of Health to
779 provide the services within this paragraph (Perinatal High Risk
780 Management/Infant Services System (PHRM/ISS)). The State
781 Department of Health as the agency for PHRM/ISS for the Division
782 of Medicaid shall be reimbursed on a full reasonable cost basis.

783 (b) Early intervention system services. The
784 division shall cooperate with the State Department of Health,
785 acting as lead agency, in the development and implementation of a
786 statewide system of delivery of early intervention services, under
787 Part C of the Individuals with Disabilities Education Act (IDEA).
788 The State Department of Health shall certify annually in writing

789 to the executive director of the division the dollar amount of
790 state early intervention funds available that will be utilized as
791 a certified match for Medicaid matching funds. Those funds then
792 shall be used to provide expanded targeted case management
793 services for Medicaid eligible children with special needs who are

813 pediatric nurse practitioners, obstetrics-gynecology nurse

814 practitioners and neonatal nurse practitioners, under regulations
815 adopted by the division. Reimbursement for those services shall
816 not exceed ninety percent (90%) of the reimbursement rate for
817 comparable services rendered by a physician. The division may
818 provide for a reimbursement rate for nurse practitioner services
819 of up to one hundred percent (100%) of the reimbursement rate for
820 comparable services rendered by a physician for nurse practitioner

822 nurse practitioner, as determined in accordance with regulations
823 of the division.

834 residential treatment facility, before the recipient reaches age
835 twenty-one (21) or, if the recipient was receiving the services
836 immediately before he or she reached age twenty-one (21), before
837 the earlier of the date he or she no longer requires the services
838 or the date he or she reaches age twenty-two (22), as provided by

839 federal regulations. From and after January 1, 2015, the division
840 shall update the fair rental reimbursement system for psychiatric
841 residential treatment facilities. Precertification of inpatient
842 days and residential treatment days must be obtained as required
843 by the division. From and after July 1, 2009, all state-owned and
844 state-operated facilities that provide inpatient psychiatric
845 services to persons under age twenty-one (21) who are eligible for
846 Medicaid reimbursement shall be reimbursed for those services on a
847 full reasonable cost basis.

851 "hospice care" means a coordinated program of active professional
852 medical attention within the home and outpatient and inpatient

855 program provides relief of severe pain or other physical symptoms
856 and supportive care to meet the special needs arising out of
857 physical, psychological, spiritual, social and economic stresses

944 Rehabilitation Services for the care and rehabilitation of persons
945 with spinal cord injuries or traumatic brain injuries, as allowed
946 under waivers from the United States Department of Health and
947 Human Services, using up to seventy-five percent (75%) of the
948 funds that are appropriated to the Department of Rehabilitation
949 Services from the Spinal Cord and Head Injury Trust Fund
950 established under Section 37-33-261 and used to match federal
951 funds under a cooperative agreement between the division and the
952 department.

953 (42) Notwithstanding any other provision in this
954 article to the contrary, the division may develop a population
955 health management program for women and children health services
956 through the age of one (1) year. This program is primarily for
957 obstetrical care associated with low birth weight and preterm
958 babies. The division may apply to the federal Centers for
959 Medicare and Medicaid Services (CMS) for a Section 1115 waiver or
960 any other waivers that may enhance the program. In order to
961 effect cost savings, the division may develop a revised payment
962 methodology that may include at-risk capitated payments, and may

963 require member participation in accordance with the terms and
964 conditions of an approved federal waiver.

965 (43) The division shall provide reimbursement,
966 according to a payment schedule developed by the division, for
967 smoking cessation medications for pregnant women during their
968 pregnancy and other Medicaid-eligible women who are of
969 child-bearing age.

970 (44) Nursing facility services for the severely
971 disabled.

972 (a) Severe disabilities include, but are not
973 limited to, spinal_cord injuries, closed-head injuries and
974 ventilator dependent patients.

975 (b) Those services must be provided in a long-term
976 care nursing facility dedicated to the care and treatment of
977 persons with severe disabilities.

978 (45) Physician assistant services. Services furnished
979 by a physician assistant who is licensed by the State Board of
980 Medical Licensure and is practicing with physician supervision
981 under regulations adopted by the board, under regulations adopted
982 by the division. Reimbursement for those services shall not
983 exceed ninety percent (90%) of the reimbursement rate for
984 comparable services rendered by a physician. The division may
985 provide for a reimbursement rate for physician assistant services
986 of up to one hundred percent (100%) or the reimbursement rate for
987 comparable services rendered by a physician for physician

988 assistant services that are provided after the normal working
989 hours of the physician assistant, as determined in accordance with
990 regulations of the division.

991 (46) The division shall make application to the federal
992 Centers for Medicare and Medicaid Services (CMS) for a waiver to
993 develop and provide services for children with serious emotional
994 disturbances as defined in Section 43-14-1(1), which may include
995 home- and community-based services, case management services or
996 managed care services through mental health providers certified by
997 the Department of Mental Health. The division may implement and
998 provide services under this waived program only if funds for
999 these services are specifically appropriated for this purpose by
1000 the Legislature, or if funds are voluntarily provided by affected
1001 agencies.

1002 (47) (a) Notwithstanding any other provision in this
1003 article to the contrary, the division may develop and implement
1004 disease management programs for individuals with high-cost chronic
1005 diseases and conditions, including the use of grants, waivers,
1006 demonstrations or other projects as necessary.

1007 (b) Participation in any disease management
1008 program implemented under this paragraph (47) is optional with the
1009 individual. An individual must affirmatively elect to participate
1010 in the disease management program in order to participate, and may
1011 elect to discontinue participation in the program at any time.

1012 (48) Pediatric long-term acute care hospital services.

1013 (a) Pediatric long-term acute care hospital
1014 services means services provided to eligible persons under
1015 twenty-one (21) years of age by a freestanding Medicare-certified
1016 hospital that has an average length of inpatient stay greater than
1017 twenty-five (25) days and that is primarily engaged in providing
1018 chronic or long-term medical care to persons under twenty-one (21)
1019 years of age.

1020 (b) The services under this paragraph (48) shall
1021 be reimbursed as a separate category of hospital services.

1022 (49) The division shall establish copayments and/or
1023 coinsurance for all Medicaid services for which copayments and/or
1024 coinsurance are allowable under federal law or regulation, and
1025 shall set the amount of the copayment and/or coinsurance for each
1026 of those services at the maximum amount allowable under federal
1027 law or regulation.

1028 (50) Services provided by the State Department of
1029 Rehabilitation Services for the care and rehabilitation of persons
1030 who are deaf and blind, as allowed under waivers from the United
1031 States Department of Health and Human Services to provide home-
1032 and community-based services using state funds that are provided
1033 from the appropriation to the State Department of Rehabilitation
1034 Services or if funds are voluntarily provided by another agency.

1035 (51) Upon determination of Medicaid eligibility and in
1036 association with annual redetermination of Medicaid eligibility,
1037 beneficiaries shall be encouraged to undertake a physical

1038 examination that will establish a base-line level of health and
1039 identification of a usual and customary source of care (a medical
1040 home) to aid utilization of disease management tools. This
1041 physical examination and utilization of these disease management
1042 tools shall be consistent with current United States Preventive
1043 Services Task Force or other recognized authority recommendations.

1044 For persons who are determined ineligible for Medicaid, the
1045 division will provide information and direction for accessing
1046 medical care and services in the area of their residence.

1047 (52) Notwithstanding any provisions of this article,
1048 the division may pay enhanced reimbursement fees related to trauma
1049 care, as determined by the division in conjunction with the State
1050 Department of Health, using funds appropriated to the State
1051 Department of Health for trauma care and services and used to
1052 match federal funds under a cooperative agreement between the
1053 division and the State Department of Health. The division, in
1054 conjunction with the State Department of Health, may use grants,
1055 waivers, demonstrations, or other projects as necessary in the
1056 development and implementation of this reimbursement program.

1057 (53) Targeted case management services for high-cost
1058 beneficiaries shall be developed by the division for all services
1059 under this section.

1060 (54) Adult foster care services pilot program. Social
1061 and protective services on a pilot program basis in an approved
1062 foster care facility for vulnerable adults who would otherwise

1063 need care in a long-term care facility, to be implemented in an
1064 area of the state with the greatest need for such program, under
1065 the Medicaid Waivers for the Elderly and Disabled program or an
1066 assisted living waiver. The division may use grants, waivers,
1067 demonstrations or other projects as necessary in the development
1068 and implementation of this adult foster care services pilot
1069 program.

1070 (55) Therapy services. The plan of care for therapy
1071 services may be developed to cover a period of treatment for up to
1072 six (6) months, but in no event shall the plan of care exceed a
1073 six-month period of treatment. The projected period of treatment
1074 must be indicated on the initial plan of care and must be updated
1075 with each subsequent revised plan of care. Based on medical
1076 necessity, the division shall approve certification periods for
1077 less than or up to six (6) months, but in no event shall the
1078 certification period exceed the period of treatment indicated on
1079 the plan of care. The appeal process for any reduction in therapy
1080 services shall be consistent with the appeal process in federal
1081 regulations.

1082 (56) Prescribed pediatric extended care centers
1083 services for medically dependent or technologically dependent
1084 children with complex medical conditions that require continual
1085 care as prescribed by the child's attending physician, as
1086 determined by the division.

1087 (57) No Medicaid benefit shall restrict coverage for
1088 medically appropriate treatment prescribed by a physician and
1089 agreed to by a fully informed individual, or if the individual
1090 lacks legal capacity to consent by a person who has legal
1091 authority to consent on his or her behalf, based on an
1092 individual's diagnosis with a terminal condition. As used in this
1093 paragraph (57), "terminal condition" means any aggressive
1094 malignancy, chronic end-stage cardiovascular or cerebral vascular
1095 disease, or any other disease, illness or condition which a
1096 physician diagnoses as terminal.

1097 (58) Beginning July 1, 2015, essential health benefits
1098 as described in the federal Patient Protection and Affordable Care
1099 Act of 2010 and as amended, for individuals eligible for Medicaid
1100 under the federal Patient Protection and Affordable Care Act of
1101 2010 as amended, as described in Section 43-13-115(28) of this
1102 article. These services shall be provided only so long as the
1103 Medicaid federal matching percentage is one hundred percent (100%)
1104 for Medicaid services to this population. This paragraph (58)
1105 shall stand repealed on December 31, 2017.

1106 (B) Notwithstanding any other provision of this article to
1107 the contrary, the division shall reduce the rate of reimbursement
1108 to providers for any service provided under this section by five
1109 percent (5%) of the allowed amount for that service. However, the
1110 reduction in the reimbursement rates required by this subsection
1111 (B) shall not apply to inpatient hospital services, nursing

1112 facility services, intermediate care facility services,
1113 psychiatric residential treatment facility services, pharmacy
1114 services provided under subsection (A)(9) of this section, or any
1115 service provided by the University of Mississippi Medical Center
1116 or a state agency, a state facility or a public agency that either
1117 provides its own state match through intergovernmental transfer or
1118 certification of funds to the division, or a service for which the
1119 federal government sets the reimbursement methodology and rate.
1120 From and after January 1, 2010, the reduction in the reimbursement
1121 rates required by this subsection (B) shall not apply to
1122 physicians' services. In addition, the reduction in the
1123 reimbursement rates required by this subsection (B) shall not
1124 apply to case management services and home-delivered meals
1125 provided under the home- and community-based services program for
1126 the elderly and disabled by a planning and development district
1127 (PDD). Planning and development districts participating in the
1128 home- and community-based services program for the elderly and
1129 disabled as case management providers shall be reimbursed for case
1130 management services at the maximum rate approved by the Centers
1131 for Medicare and Medicaid Services (CMS).

1132 (C) The division may pay to those providers who participate
1133 in and accept patient referrals from the division's emergency room
1134 redirection program a percentage, as determined by the division,
1135 of savings achieved according to the performance measures and
1136 reduction of costs required of that program. Federally qualified

1137 health centers may participate in the emergency room redirection
1138 program, and the division may pay those centers a percentage of
1139 any savings to the Medicaid program achieved by the centers'
1140 accepting patient referrals through the program, as provided in
1141 this subsection (C).

1142 (D) Notwithstanding any provision of this article, except as
1143 authorized in the following subsection and in Section 43-13-139,
1144 neither (a) the limitations on quantity or frequency of use of or
1145 the fees or charges for any of the care or services available to
1146 recipients under this section, nor (b) the payments, payment
1147 methodology as provided below in this subsection (D), or rates of
1148 reimbursement to providers rendering care or services authorized
1149 under this section to recipients, may be increased, decreased or
1150 otherwise changed from the levels in effect on July 1, 1999,
1151 unless they are authorized by an amendment to this section by the
1152 Legislature. However, the restriction in this subsection shall
1153 not prevent the division from changing the payments, payment
1154 methodology as provided below in this subsection (D), or rates of
1155 reimbursement to providers without an amendment to this section
1156 whenever those changes are required by federal law or regulation,
1157 or whenever those changes are necessary to correct administrative
1158 errors or omissions in calculating those payments or rates of
1159 reimbursement. The prohibition on any changes in payment
1160 methodology provided in this subsection (D) shall apply only to
1161 payment methodologies used for determining the rates of

1162 reimbursement for inpatient hospital services, outpatient hospital
1163 services, nursing facility services, and/or pharmacy services,
1164 except as required by federal law, and the federally mandated
1165 rebasing of rates as required by the Centers for Medicare and
1166 Medicaid Services (CMS) shall not be considered payment
1167 methodology for purposes of this subsection (D). No service
1168 benefits or reimbursement limitations in this section shall apply
1169 to payments under an APR-DRG or APC model or a managed care
1170 program or similar model described in subsection (H) of this
1171 section.

1172 (E) Notwithstanding any provision of this article, no new
1173 groups or categories of recipients and new types of care and
1174 services may be added without enabling legislation from the
1175 Mississippi Legislature, except that the division may authorize
1176 those changes without enabling legislation when the addition of
1177 recipients or services is ordered by a court of proper authority.

1178 (F) The executive director shall keep the Governor advised
1179 on a timely basis of the funds available for expenditure and the
1180 projected expenditures. If current or projected expenditures of
1181 the division are reasonably anticipated to exceed the amount of
1182 funds appropriated to the division for any fiscal year, the
1183 Governor, after consultation with the executive director, shall
1184 discontinue any or all of the payment of the types of care and
1185 services as provided in this section that are deemed to be
1186 optional services under Title XIX of the federal Social Security

1187 Act, as amended, and when necessary, shall institute any other
1188 cost containment measures on any program or programs authorized
1189 under the article to the extent allowed under the federal law
1190 governing that program or programs. However, the Governor shall
1191 not be authorized to discontinue or eliminate any service under
1192 this section that is mandatory under federal law, or to
1193 discontinue or eliminate, or adjust income limits or resource
1194 limits for, any eligibility category or group under Section
1195 43-13-115. Beginning in fiscal year 2010 and in fiscal years
1196 thereafter, when Medicaid expenditures are projected to exceed
1197 funds available for any quarter in the fiscal year, the division
1198 shall submit the expected shortfall information to the PEER
1199 Committee, which shall review the computations of the division and
1200 report its findings to the Legislative Budget Office within thirty
1201 (30) days of such notification by the division, and not later than
1202 January 7 in any year. If expenditure reductions or cost
1203 containments are implemented, the Governor may implement a maximum
1204 amount of state share expenditure reductions to providers, of
1205 which hospitals will be responsible for twenty-five percent (25%)
1206 of provider reductions as follows: in fiscal year 2010, the
1207 maximum amount shall be Twenty-four Million Dollars
1208 (\$24,000,000.00); in fiscal year 2011, the maximum amount shall be
1209 Thirty-two Million Dollars (\$32,000,000.00); and in fiscal year
1210 2012 and thereafter, the maximum amount shall be Forty Million
1211 Dollars (\$40,000,000.00). However, instead of implementing cuts,

1212 the hospital share shall be in the form of an additional
1213 assessment not to exceed Ten Million Dollars (\$10,000,000.00) as
1214 provided in Section 43-13-145(4)(a)(ii). If Medicaid expenditures
1215 are projected to exceed the amount of funds appropriated to the
1216 division in any fiscal year in excess of the expenditure
1217 reductions to providers, then funds shall be transferred by the
1218 State Fiscal Officer from the Health Care Trust Fund into the
1219 Health Care Expendable Fund and to the Governor's Office, Division
1220 of Medicaid, from the Health Care Expendable Fund, in the amount
1221 and at such time as requested by the Governor to reconcile the
1222 deficit. If the cost containment measures described above have
1223 been implemented and there are insufficient funds in the Health
1224 Care Trust Fund to reconcile any remaining deficit in any fiscal
1225 year, the Governor shall institute any other additional cost
1226 containment measures on any program or programs authorized under
1227 this article to the extent allowed under federal law. Hospitals
1228 shall be responsible for twenty-five percent (25%) of any
1229 additional imposed provider cuts. However, instead of
1230 implementing hospital expenditure reductions, the hospital
1231 reductions shall be in the form of an additional assessment not to
1232 exceed twenty-five percent (25%) of provider expenditure
1233 reductions as provided in Section 43-13-145(4)(a)(ii). It is the
1234 intent of the Legislature that the expenditures of the division
1235 during any fiscal year shall not exceed the amounts appropriated
1236 to the division for that fiscal year.

1237 (G) Notwithstanding any other provision of this article, it
1238 shall be the duty of each nursing facility, intermediate care
1239 facility for individuals with intellectual disabilities,
1240 psychiatric residential treatment facility, and nursing facility
1241 for the severely disabled that is participating in the Medicaid
1242 program to keep and maintain books, documents and other records as
1243 prescribed by the Division of Medicaid in substantiation of its
1244 cost reports for a period of three (3) years after the date of
1245 submission to the Division of Medicaid of an original cost report,
1246 or three (3) years after the date of submission to the Division of
1247 Medicaid of an amended cost report.

1248 (H) (1) Notwithstanding any other provision of this
1249 article, the division is authorized to implement (a) a managed
1250 care program, (b) a coordinated care program, (c) a coordinated
1251 care organization program, (d) a health maintenance organization
1252 program, (e) a patient-centered medical home program, (f) an
1253 accountable care organization program, or (g) any combination of
1254 the above programs. Managed care programs, coordinated care
1255 programs, coordinated care organization programs, health
1256 maintenance organization programs, patient-centered medical home
1257 programs, accountable care organization programs, or any
1258 combination of the above programs or other similar programs
1259 implemented by the division under this section shall be limited to
1260 the greater of (i) forty-five percent (45%) of the total
1261 enrollment of Medicaid beneficiaries, or (ii) the categories of

1262 beneficiaries participating in the program as of January 1, 2014,
1263 plus the categories of beneficiaries composed primarily of persons
1264 younger than nineteen (19) years of age, and the division is
1265 authorized to enroll categories of beneficiaries in such
1266 program(s) as long as the appropriate limitations are not exceeded
1267 in the aggregate. As a condition for the approval of any program
1268 under this * * * subsection (H) (1), the division shall require
1269 that no program may:

1270 (a) Pay providers at a rate that is less than the
1271 Medicaid All-Patient Refined-Diagnosis Related Groups (APR-DRG)
1272 reimbursement rate;

1273 (b) Override the medical decisions of hospital
1274 physicians or staff regarding patients admitted to a hospital.
1275 This restriction (b) does not prohibit prior authorization for
1276 nonemergency hospital visitation;

1277 (c) Result in any reduction in Medicare Upper
1278 Payment Limits (UPL) payments to hospital providers in the
1279 aggregate because of the program;

1280 (d) Pay providers at a rate that is less than the
1281 normal Medicaid reimbursement rate;

1282 (e) Implement a prior authorization program for
1283 prescription drugs that is more stringent than the prior
1284 authorization processes used by the division in its administration
1285 of the Medicaid program;

1286 (f) Implement a policy that does not comply with
1287 the prescription drugs payment requirements established in
1288 subsection (A) (9) of this section;

1289 (g) Implement a preferred drug list that is more
1290 stringent than the mandatory preferred drug list established by
1291 the division under subsection (A) (9) of this section;

1292 (h) Implement a policy which denies beneficiaries
1293 with hemophilia access to the federally funded hemophilia
1294 treatment centers as part of the Medicaid Managed Care network of
1295 providers. All Medicaid beneficiaries with hemophilia shall
1296 receive unrestricted access to anti-hemophilia factor products
1297 through noncapitated reimbursement programs.

1298 (2) No later than December 31, 2015, the division shall
1299 develop and submit to the Senate Public Health Committee and the
1300 House Medicaid Committee a proposed plan outlining the advantages
1301 and disadvantages of inpatient hospital services being included in
1302 a managed care program, including any effect on UPL payments to
1303 hospitals and ways to offset any reductions that might occur as a
1304 result of changes to the program.

1305 (3) Any contractors providing direct patient care under
1306 a managed care program established in this section shall provide
1307 to the Legislature and the division statistical data to be shared
1308 with provider groups in order to improve patient access,
1309 appropriate utilization, cost savings and health outcomes.

1310 (4) All health maintenance organizations, coordinated
1311 care organizations or other organizations paid for services on a
1312 capitated basis by the division under any managed care program or
1313 coordinated care program implemented by the division under this
1314 section shall reimburse all providers in those organizations at
1315 rates no lower than those provided under this section for
1316 beneficiaries who are not participating in those programs.

1317 (5) No health maintenance organization, coordinated
1318 care organization or other organization paid for services on a
1319 capitated basis by the division under any managed care program or
1320 coordinated care program implemented by the division under this
1321 section shall require its providers or beneficiaries to use any
1322 pharmacy that ships, mails or delivers prescription drugs or
1323 legend drugs or devices.

1324 (I) [Deleted]

1325 (J) There shall be no cuts in inpatient and outpatient
1326 hospital payments, or allowable days or volumes, as long as the
1327 hospital assessment provided in Section 43-13-145 is in effect.
1328 This subsection (J) shall not apply to decreases in payments that
1329 are a result of: reduced hospital admissions, audits or payments
1330 under the APR-DRG or APC models, or a managed care program or
1331 similar model described in subsection (G) of this section.

1332 (K) This section shall stand repealed on * * * December 31,
1333 2017.

1334 **SECTION 3.** This act shall take effect and be in force from
1335 and after July 1, 2015.
