

## REPORT OF CONFERENCE COMMITTEE

**MR. PRESIDENT AND MR. SPEAKER:**

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2588: Mississippi Medicaid law; bring forward sections on services and assessments.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

25           **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
26 amended as follows:

27           43-13-117. (A) Medicaid as authorized by this article shall  
28 include payment of part or all of the costs, at the discretion of  
29 the division, with approval of the Governor, of the following  
30 types of care and services rendered to eligible applicants who  
31 have been determined to be eligible for that care and services,  
32 within the limits of state appropriations and federal matching  
33 funds:

34                   (1) Inpatient hospital services.

35                           (a) The division shall allow thirty (30) days of  
36 inpatient hospital care annually for all Medicaid recipients.  
37 Medicaid recipients requiring transplants shall not have those  
38 days included in the transplant hospital stay count against the

39 thirty-day limit for inpatient hospital care. Precertification of  
40 inpatient days must be obtained as required by the division.

41 (b) From and after July 1, 1994, the Executive  
42 Director of the Division of Medicaid shall amend the Mississippi  
43 Title XIX Inpatient Hospital Reimbursement Plan to remove the  
44 occupancy rate penalty from the calculation of the Medicaid  
45 Capital Cost Component utilized to determine total hospital costs  
46 allocated to the Medicaid program.

47 (c) Hospitals will receive an additional payment  
48 for the implantable programmable baclofen drug pump used to treat  
49 spasticity that is implanted on an inpatient basis. The payment  
50 pursuant to written invoice will be in addition to the facility's  
51 per diem reimbursement and will represent a reduction of costs on  
52 the facility's annual cost report, and shall not exceed Ten  
53 Thousand Dollars (\$10,000.00) per year per recipient.

54 (d) The division is authorized to implement an  
55 All-Patient Refined-Diagnosis Related Groups (APR-DRG)  
56 reimbursement methodology for inpatient hospital services.

57 (e) No service benefits or reimbursement  
58 limitations in this section shall apply to payments under an  
59 APR-DRG or Ambulatory Payment Classification (APC) model or a  
60 managed care program or similar model described in subsection (H)  
61 of this section.

62 (2) Outpatient hospital services.

63 (a) Emergency services.

64 (b) Other outpatient hospital services. The  
65 division shall allow benefits for other medically necessary  
66 outpatient hospital services (such as chemotherapy, radiation,  
67 surgery and therapy), including outpatient services in a clinic or  
68 other facility that is not located inside the hospital, but that  
69 has been designated as an outpatient facility by the hospital, and  
70 that was in operation or under construction on July 1, 2009,  
71 provided that the costs and charges associated with the operation  
72 of the hospital clinic are included in the hospital's cost report.  
73 In addition, the Medicare thirty-five-mile rule will apply to  
74 those hospital clinics not located inside the hospital that are  
75 constructed after July 1, 2009. Where the same services are  
76 reimbursed as clinic services, the division may revise the rate or  
77 methodology of outpatient reimbursement to maintain consistency,  
78 efficiency, economy and quality of care.

79 (c) The division is authorized to implement an  
80 Ambulatory Payment Classification (APC) methodology for outpatient  
81 hospital services.

82 (d) No service benefits or reimbursement  
83 limitations in this section shall apply to payments under an  
84 APR-DRG or APC model or a managed care program or similar model  
85 described in subsection (H) of this section.

86 (3) Laboratory and x-ray services.

87 (4) Nursing facility services.

88 (a) The division shall make full payment to  
89 nursing facilities for each day, not exceeding fifty-two (52) days  
90 per year, that a patient is absent from the facility on home  
91 leave. Payment may be made for the following home leave days in  
92 addition to the fifty-two-day limitation: Christmas, the day  
93 before Christmas, the day after Christmas, Thanksgiving, the day  
94 before Thanksgiving and the day after Thanksgiving.

95 (b) From and after July 1, 1997, the division  
96 shall implement the integrated case-mix payment and quality  
97 monitoring system, which includes the fair rental system for  
98 property costs and in which recapture of depreciation is  
99 eliminated. The division may reduce the payment for hospital  
100 leave and therapeutic home leave days to the lower of the case-mix  
101 category as computed for the resident on leave using the  
102 assessment being utilized for payment at that point in time, or a  
103 case-mix score of 1.000 for nursing facilities, and shall compute  
104 case-mix scores of residents so that only services provided at the  
105 nursing facility are considered in calculating a facility's per  
106 diem.

107 (c) From and after July 1, 1997, all state-owned  
108 nursing facilities shall be reimbursed on a full reasonable cost  
109 basis.

110 (d) On or after January 1, 2015, the division  
111 shall update the case-mix payment system resource utilization  
112 grouper and classifications and fair rental reimbursement system.

113 The division shall develop and implement a payment add-on to  
114 reimburse nursing facilities for ventilator dependent resident  
115 services.

116 (e) The division shall develop and implement, not  
117 later than January 1, 2001, a case-mix payment add-on determined  
118 by time studies and other valid statistical data that will  
119 reimburse a nursing facility for the additional cost of caring for  
120 a resident who has a diagnosis of Alzheimer's or other related  
121 dementia and exhibits symptoms that require special care. Any  
122 such case-mix add-on payment shall be supported by a determination  
123 of additional cost. The division shall also develop and implement  
124 as part of the fair rental reimbursement system for nursing  
125 facility beds, an Alzheimer's resident bed depreciation enhanced  
126 reimbursement system that will provide an incentive to encourage  
127 nursing facilities to convert or construct beds for residents with  
128 Alzheimer's or other related dementia.

129 (f) The division shall develop and implement an  
130 assessment process for long-term care services. The division may  
131 provide the assessment and related functions directly or through  
132 contract with the area agencies on aging.

133 The division shall apply for necessary federal waivers to  
134 assure that additional services providing alternatives to nursing  
135 facility care are made available to applicants for nursing  
136 facility care.

137           (5) Periodic screening and diagnostic services for  
138 individuals under age twenty-one (21) years as are needed to  
139 identify physical and mental defects and to provide health care  
140 treatment and other measures designed to correct or ameliorate  
141 defects and physical and mental illness and conditions discovered  
142 by the screening services, regardless of whether these services  
143 are included in the state plan. The division may include in its  
144 periodic screening and diagnostic program those discretionary  
145 services authorized under the federal regulations adopted to  
146 implement Title XIX of the federal Social Security Act, as  
147 amended. The division, in obtaining physical therapy services,  
148 occupational therapy services, and services for individuals with  
149 speech, hearing and language disorders, may enter into a  
150 cooperative agreement with the State Department of Education for  
151 the provision of those services to handicapped students by public  
152 school districts using state funds that are provided from the  
153 appropriation to the Department of Education to obtain federal  
154 matching funds through the division. The division, in obtaining  
155 medical and mental health assessments, treatment, care and  
156 services for children who are in, or at risk of being put in, the  
157 custody of the Mississippi Department of Human Services may enter  
158 into a cooperative agreement with the Mississippi Department of  
159 Human Services for the provision of those services using state  
160 funds that are provided from the appropriation to the Department

161 of Human Services to obtain federal matching funds through the  
162 division.

163 (6) Physician's services. The division shall allow  
164 twelve (12) physician visits annually. The division may develop  
165 and implement a different reimbursement model or schedule for  
166 physician's services provided by physicians based at an academic  
167 health care center and by physicians at rural health centers that  
168 are associated with an academic health care center. From and  
169 after January 1, 2010, all fees for physicians' services that are  
170 covered only by Medicaid shall be increased to ninety percent  
171 (90%) of the rate established on January 1, 2010, and as may be  
172 adjusted each July thereafter, under Medicare. The division may  
173 provide for a reimbursement rate for physician's services of up to  
174 one hundred percent (100%) of the rate established under Medicare  
175 for physician's services that are provided after the normal  
176 working hours of the physician, as determined in accordance with  
177 regulations of the division. The division may reimburse eligible  
178 providers as determined by the Patient Protection and Affordable  
179 Care Act for certain primary care services as defined by the act  
180 at one hundred percent (100%) of the rate established under  
181 Medicare.

182 (7) (a) Home health services for eligible persons, not  
183 to exceed in cost the prevailing cost of nursing facility  
184 services, not to exceed twenty-five (25) visits per year. All

185 home health visits must be precertified as required by the  
186 division.

187 (b) [Repealed]

188 (8) Emergency medical transportation services. On  
189 January 1, 1994, emergency medical transportation services shall  
190 be reimbursed at seventy percent (70%) of the rate established  
191 under Medicare (Title XVIII of the federal Social Security Act, as  
192 amended). "Emergency medical transportation services" shall mean,  
193 but shall not be limited to, the following services by a properly  
194 permitted ambulance operated by a properly licensed provider in  
195 accordance with the Emergency Medical Services Act of 1974  
196 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced  
197 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,  
198 (vi) disposable supplies, (vii) similar services.

199 (9) (a) Legend and other drugs as may be determined by  
200 the division.

201 The division shall establish a mandatory preferred drug list.  
202 Drugs not on the mandatory preferred drug list shall be made  
203 available by utilizing prior authorization procedures established  
204 by the division.

205 The division may seek to establish relationships with other  
206 states in order to lower acquisition costs of prescription drugs  
207 to include single source and innovator multiple source drugs or  
208 generic drugs. In addition, if allowed by federal law or  
209 regulation, the division may seek to establish relationships with

210 and negotiate with other countries to facilitate the acquisition  
211 of prescription drugs to include single source and innovator  
212 multiple source drugs or generic drugs, if that will lower the  
213 acquisition costs of those prescription drugs.

214 The division shall allow for a combination of prescriptions  
215 for single source and innovator multiple source drugs and generic  
216 drugs to meet the needs of the beneficiaries, not to exceed five  
217 (5) prescriptions per month for each noninstitutionalized Medicaid  
218 beneficiary, with not more than two (2) of those prescriptions  
219 being for single source or innovator multiple source drugs unless  
220 the single source or innovator multiple source drug is less  
221 expensive than the generic equivalent.

222 The executive director may approve specific maintenance drugs  
223 for beneficiaries with certain medical conditions, which may be  
224 prescribed and dispensed in three-month supply increments.

225 Drugs prescribed for a resident of a psychiatric residential  
226 treatment facility must be provided in true unit doses when  
227 available. The division may require that drugs not covered by  
228 Medicare Part D for a resident of a long-term care facility be  
229 provided in true unit doses when available. Those drugs that were  
230 originally billed to the division but are not used by a resident  
231 in any of those facilities shall be returned to the billing  
232 pharmacy for credit to the division, in accordance with the  
233 guidelines of the State Board of Pharmacy and any requirements of  
234 federal law and regulation. Drugs shall be dispensed to a

235 recipient and only one (1) dispensing fee per month may be  
236 charged. The division shall develop a methodology for reimbursing  
237 for restocked drugs, which shall include a restock fee as  
238 determined by the division not exceeding Seven Dollars and  
239 Eighty-two Cents (\$7.82).

240 The voluntary preferred drug list shall be expanded to  
241 function in the interim in order to have a manageable prior  
242 authorization system, thereby minimizing disruption of service to  
243 beneficiaries.

244 Except for those specific maintenance drugs approved by the  
245 executive director, the division shall not reimburse for any  
246 portion of a prescription that exceeds a thirty-one-day supply of  
247 the drug based on the daily dosage.

248 The division shall develop and implement a program of payment  
249 for additional pharmacist services, with payment to be based on  
250 demonstrated savings, but in no case shall the total payment  
251 exceed twice the amount of the dispensing fee.

252 All claims for drugs for dually eligible Medicare/Medicaid  
253 beneficiaries that are paid for by Medicare must be submitted to  
254 Medicare for payment before they may be processed by the  
255 division's online payment system.

256 The division shall develop a pharmacy policy in which drugs  
257 in tamper-resistant packaging that are prescribed for a resident  
258 of a nursing facility but are not dispensed to the resident shall

259 be returned to the pharmacy and not billed to Medicaid, in  
260 accordance with guidelines of the State Board of Pharmacy.

261 The division shall develop and implement a method or methods  
262 by which the division will provide on a regular basis to Medicaid  
263 providers who are authorized to prescribe drugs, information about  
264 the costs to the Medicaid program of single source drugs and  
265 innovator multiple source drugs, and information about other drugs  
266 that may be prescribed as alternatives to those single source  
267 drugs and innovator multiple source drugs and the costs to the  
268 Medicaid program of those alternative drugs.

269 Notwithstanding any law or regulation, information obtained  
270 or maintained by the division regarding the prescription drug  
271 program, including trade secrets and manufacturer or labeler  
272 pricing, is confidential and not subject to disclosure except to  
273 other state agencies.

274 (b) Payment by the division for covered  
275 multisource drugs shall be limited to the lower of the upper  
276 limits established and published by the Centers for Medicare and  
277 Medicaid Services (CMS) plus a dispensing fee, or the estimated  
278 acquisition cost (EAC) as determined by the division, plus a  
279 dispensing fee, or the providers' usual and customary charge to  
280 the general public.

281 Payment for other covered drugs, other than multisource drugs  
282 with CMS upper limits, shall not exceed the lower of the estimated  
283 acquisition cost as determined by the division, plus a dispensing

284 fee or the providers' usual and customary charge to the general  
285 public.

286 Payment for nonlegend or over-the-counter drugs covered by  
287 the division shall be reimbursed at the lower of the division's  
288 estimated shelf price or the providers' usual and customary charge  
289 to the general public.

290 The dispensing fee for each new or refill prescription,  
291 including nonlegend or over-the-counter drugs covered by the  
292 division, shall be not less than Three Dollars and Ninety-one  
293 Cents (\$3.91), as determined by the division.

294 The division shall not reimburse for single source or  
295 innovator multiple source drugs if there are equally effective  
296 generic equivalents available and if the generic equivalents are  
297 the least expensive.

298 It is the intent of the Legislature that the pharmacists  
299 providers be reimbursed for the reasonable costs of filling and  
300 dispensing prescriptions for Medicaid beneficiaries.

301 (10) (a) Dental care that is an adjunct to treatment  
302 of an acute medical or surgical condition; services of oral  
303 surgeons and dentists in connection with surgery related to the  
304 jaw or any structure contiguous to the jaw or the reduction of any  
305 fracture of the jaw or any facial bone; and emergency dental  
306 extractions and treatment related thereto. On July 1, 2007, fees  
307 for dental care and surgery under authority of this paragraph (10)  
308 shall be reimbursed as provided in subparagraph (b). It is the

309 intent of the Legislature that this rate revision for dental  
310 services will be an incentive designed to increase the number of  
311 dentists who actively provide Medicaid services. This dental  
312 services rate revision shall be known as the "James Russell Dumas  
313 Medicaid Dental Incentive Program."

314 The division shall annually determine the effect of this  
315 incentive by evaluating the number of dentists who are Medicaid  
316 providers, the number who and the degree to which they are  
317 actively billing Medicaid, the geographic trends of where dentists  
318 are offering what types of Medicaid services and other statistics  
319 pertinent to the goals of this legislative intent. This data  
320 shall be presented to the Chair of the Senate Public Health and  
321 Welfare Committee and the Chair of the House Medicaid Committee.

322 (b) The Division of Medicaid shall establish a fee  
323 schedule, to be effective from and after July 1, 2007, for dental  
324 services. The schedule shall provide for a fee for each dental  
325 service that is equal to a percentile of normal and customary  
326 private provider fees, as defined by the Ingenix Customized Fee  
327 Analyzer Report, which percentile shall be determined by the  
328 division. The schedule shall be reviewed annually by the division  
329 and dental fees shall be adjusted to reflect the percentile  
330 determined by the division.

331 (c) For fiscal year 2008, the amount of state  
332 funds appropriated for reimbursement for dental care and surgery  
333 shall be increased by ten percent (10%) of the amount of state

334 fund expenditures for that purpose for fiscal year 2007. For each  
335 of fiscal years 2009 and 2010, the amount of state funds  
336 appropriated for reimbursement for dental care and surgery shall  
337 be increased by ten percent (10%) of the amount of state fund  
338 expenditures for that purpose for the preceding fiscal year.

339 (d) The division shall establish an annual benefit  
340 limit of Two Thousand Five Hundred Dollars (\$2,500.00) in dental  
341 expenditures per Medicaid-eligible recipient; however, a recipient  
342 may exceed the annual limit on dental expenditures provided in  
343 this paragraph with prior approval of the division.

344 (e) The division shall include dental services as  
345 a necessary component of overall health services provided to  
346 children who are eligible for services.

347 (f) This paragraph (10) shall stand repealed on  
348 July 1, 2016.

349 (11) Eyeglasses for all Medicaid beneficiaries who have  
350 (a) had surgery on the eyeball or ocular muscle that results in a  
351 vision change for which eyeglasses or a change in eyeglasses is  
352 medically indicated within six (6) months of the surgery and is in  
353 accordance with policies established by the division, or (b) one  
354 (1) pair every five (5) years and in accordance with policies  
355 established by the division. In either instance, the eyeglasses  
356 must be prescribed by a physician skilled in diseases of the eye  
357 or an optometrist, whichever the beneficiary may select.

358 (12) Intermediate care facility services.

359                   (a) The division shall make full payment to all  
360 intermediate care facilities for individuals with intellectual  
361 disabilities for each day, not exceeding eighty-four (84) days per  
362 year, that a patient is absent from the facility on home leave.  
363 Payment may be made for the following home leave days in addition  
364 to the eighty-four-day limitation: Christmas, the day before  
365 Christmas, the day after Christmas, Thanksgiving, the day before  
366 Thanksgiving and the day after Thanksgiving.

367                   (b) All state-owned intermediate care facilities  
368 for individuals with intellectual disabilities shall be reimbursed  
369 on a full reasonable cost basis.

370                   (c) Effective January 1, 2015, the division shall  
371 update the fair rental reimbursement system for intermediate care  
372 facilities for individuals with intellectual disabilities.

373                   (13) Family planning services, including drugs,  
374 supplies and devices, when those services are under the  
375 supervision of a physician or nurse practitioner.

376                   (14) Clinic services. Such diagnostic, preventive,  
377 therapeutic, rehabilitative or palliative services furnished to an  
378 outpatient by or under the supervision of a physician or dentist  
379 in a facility that is not a part of a hospital but that is  
380 organized and operated to provide medical care to outpatients.  
381 Clinic services shall include any services reimbursed as  
382 outpatient hospital services that may be rendered in such a  
383 facility, including those that become so after July 1, 1991. On

384 July 1, 1999, all fees for physicians' services reimbursed under  
385 authority of this paragraph (14) shall be reimbursed at ninety  
386 percent (90%) of the rate established on January 1, 1999, and as  
387 may be adjusted each July thereafter, under Medicare (Title XVIII  
388 of the federal Social Security Act, as amended). The division may  
389 develop and implement a different reimbursement model or schedule  
390 for physician's services provided by physicians based at an  
391 academic health care center and by physicians at rural health  
392 centers that are associated with an academic health care center.  
393 The division may provide for a reimbursement rate for physician's  
394 clinic services of up to one hundred percent (100%) of the rate  
395 established under Medicare for physician's services that are  
396 provided after the normal working hours of the physician, as  
397 determined in accordance with regulations of the division.

398 (15) Home- and community-based services for the elderly  
399 and disabled, as provided under Title XIX of the federal Social  
400 Security Act, as amended, under waivers, subject to the  
401 availability of funds specifically appropriated for that purpose  
402 by the Legislature.

403 The Division of Medicaid is directed to apply for a waiver  
404 amendment to increase payments for all adult day care facilities  
405 based on acuity of individual patients, with a maximum of  
406 Seventy-Five Dollars (\$75.00) per day for the most acute patients.

407 (16) Mental health services. Approved therapeutic and  
408 case management services (a) provided by an approved regional

409 mental health/intellectual disability center established under  
410 Sections 41-19-31 through 41-19-39, or by another community mental  
411 health service provider meeting the requirements of the Department  
412 of Mental Health to be an approved mental health/intellectual  
413 disability center if determined necessary by the Department of  
414 Mental Health, using state funds that are provided in the  
415 appropriation to the division to match federal funds, or (b)  
416 provided by a facility that is certified by the State Department  
417 of Mental Health to provide therapeutic and case management  
418 services, to be reimbursed on a fee for service basis, or (c)  
419 provided in the community by a facility or program operated by the  
420 Department of Mental Health. Any such services provided by a  
421 facility described in subparagraph (b) must have the prior  
422 approval of the division to be reimbursable under this section.  
423 After June 30, 1997, mental health services provided by regional  
424 mental health/intellectual disability centers established under  
425 Sections 41-19-31 through 41-19-39, or by hospitals as defined in  
426 Section 41-9-3(a) and/or their subsidiaries and divisions, or by  
427 psychiatric residential treatment facilities as defined in Section  
428 43-11-1, or by another community mental health service provider  
429 meeting the requirements of the Department of Mental Health to be  
430 an approved mental health/intellectual disability center if  
431 determined necessary by the Department of Mental Health, shall not  
432 be included in or provided under any capitated managed care pilot  
433 program provided for under paragraph (24) of this section.

434 (17) Durable medical equipment services and medical  
435 supplies. Precertification of durable medical equipment and  
436 medical supplies must be obtained as required by the division.  
437 The Division of Medicaid may require durable medical equipment  
438 providers to obtain a surety bond in the amount and to the  
439 specifications as established by the Balanced Budget Act of 1997.

440 (18) (a) Notwithstanding any other provision of this  
441 section to the contrary, as provided in the Medicaid state plan  
442 amendment or amendments as defined in Section 43-13-145(10), the  
443 division shall make additional reimbursement to hospitals that  
444 serve a disproportionate share of low-income patients and that  
445 meet the federal requirements for those payments as provided in  
446 Section 1923 of the federal Social Security Act and any applicable  
447 regulations. It is the intent of the Legislature that the  
448 division shall draw down all available federal funds allotted to  
449 the state for disproportionate share hospitals. However, from and  
450 after January 1, 1999, public hospitals participating in the  
451 Medicaid disproportionate share program may be required to  
452 participate in an intergovernmental transfer program as provided  
453 in Section 1903 of the federal Social Security Act and any  
454 applicable regulations.

455 (b) The division shall establish a Medicare Upper

890 disabled as case management providers shall be reimbursed for case  
891 management services at the maximum rate approved by the Centers  
892 for Medicare and Medicaid Services (CMS).

893 (C) The division may pay to those providers who participate  
894 in and accept patient referrals from the division's emergency room  
895 redirection program a percentage, as determined by the division,  
896 of savings achieved according to the performance measures and  
897 reduction of costs required of that program. Federally qualified  
898 health centers may participate in the emergency room redirection  
899 program, and the division may pay those centers a percentage of  
900 any savings to the Medicaid program achieved by the centers'  
901 accepting patient referrals through the program, as provided in  
902 this subsection (C).

903 (D) Notwithstanding any provision of this article, except as  
904 authorized in the following subsection and in Section 43-13-139,  
905 neither (a) the limitations on quantity or frequency of use of or  
906 the fees or charges for any of the care or services available to

907 recipients under this section, nor (b) the payments, payment  
908 methodology as provided below in this subsection (D), or rates of  
909 reimbursement to providers rendering care or services authorized  
910 under this section to recipients, may be increased, decreased or  
911 otherwise changed from the levels in effect on July 1, 1999,  
912 unless they are authorized by an amendment to this section by the  
913 Legislature. However, the restriction in this subsection shall  
914 not prevent the division from changing the payments, payment  
915 methodology as provided below in this subsection (D), or rates of  
916 reimbursement to providers without an amendment to this section  
917 whenever those changes are required by federal law or regulation,  
918 or whenever those changes are necessary to correct administrative  
919 errors or omissions in calculating those payments or rates of  
920 reimbursement. The prohibition on any changes in payment  
921 methodology provided in this subsection (D) shall apply only to  
922 payment methodologies used for determining the rates of  
923 reimbursement for inpatient hospital services, outpatient hospital  
924 services, nursing facility services, and/or pharmacy services,  
925 except as required by federal law, and the federally mandated  
926 rebasing of rates as required by the Centers for Medicare and  
927 Medicaid Services (CMS) shall not be considered payment  
928 methodology for purposes of this subsection (D). No service  
929 benefits or reimbursement limitations in this section shall apply  
930 to payments under an APR-DRG or APC model or a managed care

931 program or similar model described in subsection (H) of this  
932 section.

933 (E) Notwithstanding any provision of this article, no new  
934 groups or categories of recipients and new types of care and  
935 services may be added without enabling legislation from the  
936 Mississippi Legislature, except that the division may authorize  
937 those changes without enabling legislation when the addition of  
938 recipients or services is ordered by a court of proper authority.

939 (F) The executive director shall keep the Governor advised  
940 on a timely basis of the funds available for expenditure and the  
941 projected expenditures. If current or projected expenditures of  
942 the division are reasonably anticipated to exceed the amount of  
943 funds appropriated to the division for any fiscal year, the  
944 Governor, after consultation with the executive director, shall  
945 discontinue any or all of the payment of the types of care and  
946 services as provided in this section that are deemed to be  
947 optional services under Title XIX of the federal Social Security  
948 Act, as amended, and when necessary, shall institute any other  
949 cost containment measures on any program or programs authorized  
950 under the article to the extent allowed under the federal law  
951 governing that program or programs. However, the Governor shall  
952 not be authorized to discontinue or eliminate any service under  
953 this section that is mandatory under federal law, or to  
954 discontinue or eliminate, or adjust income limits or resource  
955 limits for, any eligibility category or group under Section

956 43-13-115. Beginning in fiscal year 2010 and in fiscal years  
957 thereafter, when Medicaid expenditures are projected to exceed  
958 funds available for any quarter in the fiscal year, the division  
959 shall submit the expected shortfall information to the PEER  
960 Committee, which shall review the computations of the division and  
961 report its findings to the Legislative Budget Office within thirty  
962 (30) days of such notification by the division, and not later than  
963 January 7 in any year. If expenditure reductions or cost  
964 containments are implemented, the Governor may implement a maximum  
965 amount of state share expenditure reductions to providers, of  
966 which hospitals will be responsible for twenty-five percent (25%)  
967 of provider reductions as follows: in fiscal year 2010, the  
968 maximum amount shall be Twenty-four Million Dollars  
969 (\$24,000,000.00); in fiscal year 2011, the maximum amount shall be  
970 Thirty-two Million Dollars (\$32,000,000.00); and in fiscal year  
971 2012 and thereafter, the maximum amount shall be Forty Million  
972 Dollars (\$40,000,000.00). However, instead of implementing cuts,  
973 the hospital share shall be in the form of an additional  
974 assessment not to exceed Ten Million Dollars (\$10,000,000.00) as  
975 provided in Section 43-13-145(4)(a)(ii). If Medicaid expenditures  
976 are projected to exceed the amount of funds appropriated to the  
977 division in any fiscal year in excess of the expenditure  
978 reductions to providers, then funds shall be transferred by the  
979 State Fiscal Officer from the Health Care Trust Fund into the  
980 Health Care Expendable Fund and to the Governor's Office, Division

981 of Medicaid, from the Health Care Expendable Fund, in the amount  
982 and at such time as requested by the Governor to reconcile the  
983 deficit. If the cost containment measures described above have  
984 been implemented and there are insufficient funds in the Health  
985 Care Trust Fund to reconcile any remaining deficit in any fiscal  
986 year, the Governor shall institute any other additional cost  
987 containment measures on any program or programs authorized under  
988 this article to the extent allowed under federal law. Hospitals  
989 shall be responsible for twenty-five percent (25%) of any  
990 additional imposed provider cuts. However, instead of  
991 implementing hospital expenditure reductions, the hospital  
992 reductions shall be in the form of an additional assessment not to  
993 exceed twenty-five percent (25%) of provider expenditure  
994 reductions as provided in Section 43-13-145(4)(a)(ii). It is the  
995 intent of the Legislature that the expenditures of the division  
996 during any fiscal year shall not exceed the amounts appropriated  
997 to the division for that fiscal year.

998 (G) Notwithstanding any other provision of this article, it  
999 shall be the duty of each nursing facility, intermediate care  
1000 facility for individuals with intellectual disabilities,  
1001 psychiatric residential treatment facility, and nursing facility  
1002 for the severely disabled that is participating in the Medicaid  
1003 program to keep and maintain books, documents and other records as  
1004 prescribed by the Division of Medicaid in substantiation of its  
1005 cost reports for a period of three (3) years after the date of

1006 submission to the Division of Medicaid of an original cost report,  
1007 or three (3) years after the date of submission to the Division of  
1008 Medicaid of an amended cost report.

1009 (H) (1) Notwithstanding any other provision of this  
1010 article, the division is authorized to implement (a) a managed  
1011 care program, (b) a coordinated care program, (c) a coordinated  
1012 care organization program, (d) a health maintenance organization  
1013 program, (e) a patient-centered medical home program, (f) an  
1014 accountable care organization program, \* \* \* (g)  
1015 provider-sponsored health plan, or (h) any combination of the  
1016 above programs. Managed care programs, coordinated care programs,  
1017 coordinated care organization programs, health maintenance  
1018 organization programs, patient-centered medical home programs,  
1019 accountable care organization programs, provider-sponsored health  
1020 plans, or any combination of the above programs or other similar  
1021 programs implemented by the division under this section shall be  
1022 limited to the greater of (i) forty-five percent (45%) of the  
1023 total enrollment of Medicaid beneficiaries, or (ii) the categories  
1024 of beneficiaries participating in the program as of January 1,  
1025 2014, plus the categories of beneficiaries composed primarily of  
1026 persons younger than nineteen (19) years of age, and the division  
1027 is authorized to enroll categories of beneficiaries in such  
1028 program(s) as long as the appropriate limitations are not exceeded  
1029 in the aggregate. As a condition for the approval of any program

1030 under this \* \* \* subsection (H)(1), the division shall require  
1031 that no program may:

1032 (a) Pay providers at a rate that is less than the  
1033 Medicaid All-Patient Refined-Diagnosis Related Groups (APR-DRG)  
1034 reimbursement rate;

1035 (b) Override the medical decisions of hospital  
1036 physicians or staff regarding patients admitted to a hospital for  
1037 an emergency medical condition as defined by 42 US Code Section  
1038 1395dd. This restriction (b) does not prohibit \* \* \* the  
1039 retrospective review of the appropriateness of the determination  
1040 that an emergency medical condition exists by chart review or  
1041 coding algorithm, nor does it prohibit prior authorization for  
1042 nonemergency hospital admissions;

1043 \* \* \*

1044 ( \* \* \* c) Pay providers at a rate that is less  
1045 than the normal Medicaid reimbursement rate; however, the division  
1046 may approve use of innovative payment models that recognize  
1047 alternative payment models, including quality and value-based  
1048 payments, provided both parties mutually agree and the Division of  
1049 Medicaid approves of said models. Participation in the provider  
1050 network of any managed care, coordinated care, provider-sponsored  
1051 health plan, or similar contractor shall not be conditioned on the  
1052 provider's agreement to accept such alternative payment models;

1053 ( \* \* \* d) Implement a prior authorization program  
1054 for prescription drugs that is more stringent than the prior

1055 authorization processes used by the division in its administration  
1056 of the Medicaid program;

1057 ( \* \* \*e) Implement a policy that does not comply  
1058 with the prescription drugs payment requirements established in  
1059 subsection (A) (9) of this section;

1060 ( \* \* \*f) Implement a preferred drug list that is  
1061 more stringent than the mandatory preferred drug list established  
1062 by the division under subsection (A) (9) of this section;

1063 ( \* \* \*g) Implement a policy which denies  
1064 beneficiaries with hemophilia access to the federally funded  
1065 hemophilia treatment centers as part of the Medicaid Managed Care  
1066 network of providers. All Medicaid beneficiaries with hemophilia  
1067 shall receive unrestricted access to anti-hemophilia factor  
1068 products through noncapitated reimbursement programs.

1069 \* \* \*

1070 ( \* \* \*2) Any contractors providing direct patient care  
1071 under a managed care program established in this section shall  
1072 provide to the Legislature and the division statistical data to be  
1073 shared with provider groups in order to improve patient access,  
1074 appropriate utilization, cost savings and health outcomes.

1075 ( \* \* \*3) All health maintenance organizations,  
1076 coordinated care organizations, provider-sponsored health plans,  
1077 or other organizations paid for services on a capitated basis by  
1078 the division under any managed care program or coordinated care  
1079 program implemented by the division under this section shall

1080 reimburse all providers in those organizations at rates no lower  
1081 than those provided under this section for beneficiaries who are  
1082 not participating in those programs.

1083 ( \* \* \*4) No health maintenance organization,  
1084 coordinated care organization, provider-sponsored health plan, or  
1085 other organization paid for services on a capitated basis by the  
1086 division under any managed care program or coordinated care  
1087 program implemented by the division under this section shall  
1088 require its providers or beneficiaries to use any pharmacy that  
1089 ships, mails or delivers prescription drugs or legend drugs or  
1090 devices.

1091 (I) [Deleted]

1092 (J) There shall be no cuts in inpatient and outpatient  
1093 hospital payments, or allowable days or volumes, as long as the  
1094 hospital assessment provided in Section 43-13-145 is in effect.  
1095 This subsection (J) shall not apply to decreases in payments that  
1096 are a result of: reduced hospital admissions, audits or payments  
1097 under the APR-DRG or APC models, or a managed care program or  
1098 similar model described in subsection ( \* \* \*H) of this section.

1099 (K) This section shall stand repealed on \* \* \* June 30,  
1100 2018.

1101 **SECTION 2.** Section 43-13-145, Mississippi Code of 1972, is  
1102 amended as follows:

1103 43-13-145. (1) (a) Upon each nursing facility licensed by  
1104 the State of Mississippi, there is levied an assessment in an

1105 amount set by the division, equal to the maximum rate allowed by  
1106 federal law or regulation, for each licensed and occupied bed of  
1107 the facility.

1108 (b) A nursing facility is exempt from the assessment  
1109 levied under this subsection if the facility is operated under the  
1110 direction and control of:

1111 (i) The United States Veterans Administration or  
1112 other agency or department of the United States government;

1113 (ii) The State Veterans Affairs Board; or

1114 (iii) The University of Mississippi Medical  
1115 Center.

1116 (2) (a) Upon each intermediate care facility for  
1117 individuals with intellectual disabilities licensed by the State  
1118 of Mississippi, there is levied an assessment in an amount set by  
1119 the division, equal to the maximum rate allowed by federal law or  
1120 regulation, for each licensed and occupied bed of the facility.

1121 (b) An intermediate care facility for individuals with  
1122 intellectual disabilities is exempt from the assessment levied  
1123 under this subsection if the facility is operated under the  
1124 direction and control of:

1125 (i) The United States Veterans Administration or  
1126 other agency or department of the United States government;

1127 (ii) The State Veterans Affairs Board; or

1128 (iii) The University of Mississippi Medical  
1129 Center.

1130 (3) (a) Upon each psychiatric residential treatment  
1131 facility licensed by the State of Mississippi, there is levied an  
1132 assessment in an amount set by the division, equal to the maximum  
1133 rate allowed by federal law or regulation, for each licensed and  
1134 occupied bed of the facility.

1135 (b) A psychiatric residential treatment facility is  
1136 exempt from the assessment levied under this subsection if the  
1137 facility is operated under the direction and control of:

1138 (i) The United States Veterans Administration or  
1139 other agency or department of the United States government;

1140 (ii) The University of Mississippi Medical Center;  
1141 or

1142 (iii) A state agency or a state facility that  
1143 either provides its own state match through intergovernmental  
1144 transfer or certification of funds to the division.

1145 (4) Hospital assessment.

1146 (a) (i) Subject to and upon fulfillment of the  
1147 requirements and conditions of paragraph (f) below, and  
1148 notwithstanding any other provisions of this section, effective  
1149 for state fiscal year \* \* \* 2016, fiscal year 2017 and fiscal year  
1150 2018, an annual assessment on each hospital licensed in the state  
1151 is imposed on each non-Medicare hospital inpatient day as defined  
1152 below at a rate that is determined by dividing the sum prescribed  
1153 in this subparagraph (i), plus the nonfederal share necessary to  
1154 maximize the Disproportionate Share Hospital (DSH) and inpatient

1155 Medicare Upper Payment Limits (UPL) payments and inpatient  
1156 hospital access payments, by the total number of non-Medicare  
1157 hospital inpatient days as defined below for all licensed  
1158 Mississippi hospitals, except as provided in paragraph (d) below.  
1159 If the state matching funds percentage for the Mississippi  
1160 Medicaid program is sixteen percent (16%) or less, the sum used in  
1161 the formula under this subparagraph (i) shall be Seventy-four  
1162 Million Dollars (\$74,000,000.00). If the state matching funds  
1163 percentage for the Mississippi Medicaid program is twenty-four  
1164 percent (24%) or higher, the sum used in the formula under this  
1165 subparagraph (i) shall be One Hundred Four Million Dollars  
1166 (\$104,000,000.00). If the state matching funds percentage for the  
1167 Mississippi Medicaid program is between sixteen percent (16%) and  
1168 twenty-four percent (24%), the sum used in the formula under this  
1169 subparagraph (i) shall be a pro rata amount determined as follows:  
1170 the current state matching funds percentage rate minus sixteen  
1171 percent (16%) divided by eight percent (8%) multiplied by Thirty  
1172 Million Dollars (\$30,000,000.00) and add that amount to  
1173 Seventy-four Million Dollars (\$74,000,000.00). However, no  
1174 assessment in a quarter under this subparagraph (i) may exceed the  
1175 assessment in the previous quarter by more than Three Million  
1176 Seven Hundred Fifty Thousand Dollars (\$3,750,000.00) (which would  
1177 be Fifteen Million Dollars (\$15,000,000.00) on an annualized  
1178 basis). The division shall publish the state matching funds  
1179 percentage rate applicable to the Mississippi Medicaid program on

1180 the tenth day of the first month of each quarter and the  
1181 assessment determined under the formula prescribed above shall be  
1182 applicable in the quarter following any adjustment in that state  
1183 matching funds percentage rate. The division shall notify each  
1184 hospital licensed in the state as to any projected increases or  
1185 decreases in the assessment determined under this subparagraph  
1186 (i). However, if the Centers for Medicare and Medicaid Services  
1187 (CMS) does not approve the provision in Section 43-13-117(39)  
1188 requiring the division to reimburse crossover claims for inpatient  
1189 hospital services and crossover claims covered under Medicare Part  
1190 B for dually eligible beneficiaries in the same manner that was in  
1191 effect on January 1, 2008, the sum that otherwise would have been  
1192 used in the formula under this subparagraph (i) shall be reduced  
1193 by Seven Million Dollars (\$7,000,000.00).

1194 (ii) In addition to the assessment provided under  
1195 subparagraph (i), effective for state fiscal year \* \* \* 2016,  
1196 fiscal year 2017 and fiscal year 2018, an additional annual  
1197 assessment on each hospital licensed in the state is imposed on  
1198 each non-Medicare hospital inpatient day as defined below at a  
1199 rate that is determined by dividing twenty-five percent (25%) of  
1200 any provider reductions in the Medicaid program as authorized in  
1201 Section 43-13-117(F) for that fiscal year up to the following  
1202 maximum amount, plus the nonfederal share necessary to maximize  
1203 the Disproportionate Share Hospital (DSH) and inpatient Medicare  
1204 Upper Payment Limits (UPL) payments and inpatient hospital access

1205 payments, by the total number of non-Medicare hospital inpatient  
1206 days as defined below for all licensed Mississippi hospitals: in  
1207 fiscal year 2010, the maximum amount shall be Twenty-four Million  
1208 Dollars (\$24,000,000.00); in fiscal year 2011, the maximum amount  
1209 shall be Thirty-two Million Dollars (\$32,000,000.00); and in  
1210 fiscal year 2012 and thereafter, the maximum amount shall be Forty  
1211 Million Dollars (\$40,000,000.00). Any such deficit in the  
1212 Medicaid program shall be reviewed by the PEER Committee as  
1213 provided in Section 43-13-117(F).

1214 (iii) In addition to the assessments provided in  
1215 subparagraphs (i) and (ii), effective for state fiscal year \* \* \*  
1216 2016, fiscal year 2017 and fiscal year 2018, an additional annual  
1217 assessment on each hospital licensed in the state is imposed  
1218 pursuant to the provisions of Section 43-13-117(F) if the cost  
1219 containment measures described therein have been implemented and  
1220 there are insufficient funds in the Health Care Trust Fund to  
1221 reconcile any remaining deficit in any fiscal year. If the  
1222 Governor institutes any other additional cost containment measures  
1223 on any program or programs authorized under the Medicaid program  
1224 pursuant to Section 43-13-117(F), hospitals shall be responsible  
1225 for twenty-five percent (25%) of any such additional imposed  
1226 provider cuts, which shall be in the form of an additional  
1227 assessment not to exceed the twenty-five percent (25%) of provider  
1228 expenditure reductions. Such additional assessment shall be  
1229 imposed on each non-Medicare hospital inpatient day in the same

1230 manner as assessments are imposed under subparagraphs (i) and  
1231 (ii).

1232 (b) Payment and definitions.

1233 (i) \* \* \* The hospital assessment as described in  
1234 subsection (4) above shall be assessed and collected monthly no  
1235 later than the fifteenth calendar day of each month; provided,  
1236 however, that the first three (3) monthly payments shall be  
1237 assessed but not be collected until collection is satisfied for  
1238 the third monthly (September) payment and the second three (3)  
1239 monthly payments shall be assessed but not be collected until  
1240 collection is satisfied for the sixth monthly (December) payment  
1241 and provided that the portion of the assessment related to the DSH  
1242 payments shall be paid in three (3) one-third (1/3) installments  
1243 due no later than the fifteenth calendar day of the payment month  
1244 of the DSH payments required by Section 43-13-117(A)(18), which  
1245 shall be paid during the second, third and fourth quarters of the  
1246 state fiscal year, and provided that the assessment related to any  
1247 inpatient UPL payment(s) shall be paid no later than the fifteenth  
1248 calendar day of the payment month of the UPL payment(s) and  
1249 provided assessments related to inpatient hospital access payments  
1250 will be collected beginning the initial month that the division  
1251 funds MHAP.

1252 (ii) Definitions. For purposes of this subsection  
1253 (4):

1254 1. "Non-Medicare hospital inpatient day"  
1255 means total hospital inpatient days including subcomponent days  
1256 less Medicare inpatient days including subcomponent days from the  
1257 hospital's 2013 Medicare cost report on file with CMS.

1258 a. Total hospital inpatient days shall  
1259 be the sum of Worksheet S-3, Part 1, column \* \* \* 8 row \* \* \* 14,  
1260 column \* \* \* 8 row \* \* \* 16, and column \* \* \* 8 row \* \* \* 17,  
1261 excluding column \* \* \* 8 rows \* \* \* 5 and \* \* \* 6.

1262 b. Hospital Medicare inpatient days  
1263 shall be the sum of Worksheet S-3, Part 1, column \* \* \* 6  
1264 row \* \* \* 14, column \* \* \* 6 row \* \* \* 16.00, and column \* \* \* 6  
1265 row \* \* \* 17, excluding column \* \* \* 6 rows \* \* \* 5 and \* \* \* 6.

1266 c. Inpatient days shall not include  
1267 residential treatment or long-term care days.

1268 2. "Subcomponent inpatient day" means the  
1269 number of days of care charged to a beneficiary for inpatient  
1270 hospital rehabilitation and psychiatric care services in units of  
1271 full days. A day begins at midnight and ends twenty-four (24)  
1272 hours later. A part of a day, including the day of admission and  
1273 day on which a patient returns from leave of absence, counts as a  
1274 full day. However, the day of discharge, death, or a day on which  
1275 a patient begins a leave of absence is not counted as a day unless  
1276 discharge or death occur on the day of admission. If admission  
1277 and discharge or death occur on the same day, the day is

1278 considered a day of admission and counts as one (1) subcomponent  
1279 inpatient day.

1280 (c) The assessment provided in this subsection is  
1281 intended to satisfy and not be in addition to the assessment and  
1282 intergovernmental transfers provided in Section 43-13-117(A)(18).  
1283 Nothing in this section shall be construed to authorize any state  
1284 agency, division or department, or county, municipality or other  
1285 local governmental unit to license for revenue, levy or impose any  
1286 other tax, fee or assessment upon hospitals in this state not  
1287 authorized by a specific statute.

1288 (d) Hospitals operated by the United States Department  
1289 of Veterans Affairs and state-operated facilities that provide  
1290 only inpatient and outpatient psychiatric services shall not be  
1291 subject to the hospital assessment provided in this subsection.

1292 (e) Multihospital systems, closure, merger and new  
1293 hospitals.

1294 (i) If a hospital conducts, operates or maintains  
1295 more than one (1) hospital licensed by the State Department of  
1296 Health, the provider shall pay the hospital assessment for each  
1297 hospital separately.

1298 (ii) Notwithstanding any other provision in this  
1299 section, if a hospital subject to this assessment operates or  
1300 conducts business only for a portion of a fiscal year, the  
1301 assessment for the state fiscal year shall be adjusted by  
1302 multiplying the assessment by a fraction, the numerator of which

1303 is the number of days in the year during which the hospital  
1304 operates, and the denominator of which is three hundred sixty-five  
1305 (365). Immediately upon ceasing to operate, the hospital shall  
1306 pay the assessment for the year as so adjusted (to the extent not  
1307 previously paid).

1308 (f) Applicability.

1309 The hospital assessment imposed by this subsection shall not  
1310 take effect and/or shall cease to be imposed if:

1311 (i) The assessment is determined to be an  
1312 impermissible tax under Title XIX of the Social Security Act; or

1313 (ii) CMS revokes its approval of the division's  
1314 2009 Medicaid State Plan Amendment for the methodology for  
1315 DSH \* \* \* payments to hospitals under Section 43-13-117(A)(18).

1316 This subsection (4) is repealed on July 1, \* \* \* 2018.

1317 (5) Each health care facility that is subject to the  
1318 provisions of this section shall keep and preserve such suitable  
1319 books and records as may be necessary to determine the amount of  
1320 assessment for which it is liable under this section. The books  
1321 and records shall be kept and preserved for a period of not less  
1322 than five (5) years, during which time those books and records  
1323 shall be open for examination during business hours by the  
1324 division, the Department of Revenue, the Office of the Attorney  
1325 General and the State Department of Health.

1326 (6) Except as provided in subsection (4) of this section,  
1327 the assessment levied under this section shall be collected by the  
1328 division each month beginning on March 31, 2005.

1329 (7) All assessments collected under this section shall be  
1330 deposited in the Medical Care Fund created by Section 43-13-143.

1331 (8) The assessment levied under this section shall be in  
1332 addition to any other assessments, taxes or fees levied by law,  
1333 and the assessment shall constitute a debt due the State of  
1334 Mississippi from the time the assessment is due until it is paid.

1335 (9) (a) If a health care facility that is liable for  
1336 payment of an assessment levied by the division does not pay the  
1337 assessment when it is due, the division shall give written notice  
1338 to the health care facility by certified or registered mail  
1339 demanding payment of the assessment within ten (10) days from the  
1340 date of delivery of the notice. If the health care facility fails  
1341 or refuses to pay the assessment after receiving the notice and  
1342 demand from the division, the division shall withhold from any  
1343 Medicaid reimbursement payments that are due to the health care  
1344 facility the amount of the unpaid assessment and a penalty of ten  
1345 percent (10%) of the amount of the assessment, plus the legal rate  
1346 of interest until the assessment is paid in full. If the health  
1347 care facility does not participate in the Medicaid program, the  
1348 division shall turn over to the Office of the Attorney General the  
1349 collection of the unpaid assessment by civil action. In any such  
1350 civil action, the Office of the Attorney General shall collect the

1351 amount of the unpaid assessment and a penalty of ten percent (10%)  
1352 of the amount of the assessment, plus the legal rate of interest  
1353 until the assessment is paid in full.

1354 (b) As an additional or alternative method for  
1355 collecting unpaid assessments levied by the division, if a health  
1356 care facility fails or refuses to pay the assessment after  
1357 receiving notice and demand from the division, the division may  
1358 file a notice of a tax lien with the chancery clerk of the county  
1359 in which the health care facility is located, for the amount of  
1360 the unpaid assessment and a penalty of ten percent (10%) of the  
1361 amount of the assessment, plus the legal rate of interest until  
1362 the assessment is paid in full. Immediately upon receipt of  
1363 notice of the tax lien for the assessment, the chancery clerk  
1364 shall forward the notice to the circuit clerk who shall enter the  
1365 notice of the tax lien as a judgment upon the judgment roll and  
1366 show in the appropriate columns the name of the health care  
1367 facility as judgment debtor, the name of the division as judgment  
1368 creditor, the amount of the unpaid assessment, and the date and  
1369 time of enrollment. The judgment shall be valid as against  
1370 mortgagees, pledgees, entrusters, purchasers, judgment creditors  
1371 and other persons from the time of filing with the clerk. The  
1372 amount of the judgment shall be a debt due the State of  
1373 Mississippi and remain a lien upon the tangible property of the  
1374 health care facility until the judgment is satisfied. The  
1375 judgment shall be the equivalent of any enrolled judgment of a

1376 court of record and shall serve as authority for the issuance of  
1377 writs of execution, writs of attachment or other remedial writs.

1378 (10) As soon as possible after July 1, 2009, the Division of  
1379 Medicaid shall submit to the Centers for Medicare and Medicaid  
1380 Services (CMS) a state plan amendment or amendments (SPA)  
1381 regarding the hospital assessment established under subsection (4)  
1382 of this section. In addition to defining the assessment  
1383 established in subsection (4) of this section, the state plan  
1384 amendment or amendments shall include any amendments necessary to  
1385 provide for the following additional annual Medicare Upper Payment  
1386 Limits (UPL) and Disproportionate Share Hospital (DSH) payments to  
1387 hospitals located in Mississippi that participate in the Medicaid  
1388 program:

1389 (a) Privately operated and nonstate government operated  
1390 hospitals, within the meaning of 42 CFR Section 447.272, that have  
1391 fifty (50) or fewer licensed beds as of January 1, 2009, shall  
1392 receive an additional inpatient UPL payment equal to sixty-five  
1393 percent (65%) of their fiscal year 2013 hospital specific  
1394 inpatient UPL gap, before any payments under this subsection.

1395 (b) General acute care hospitals licensed within the  
1396 class of state hospitals shall receive an additional inpatient UPL  
1397 payment equal to twenty-eight percent (28%) of their fiscal year  
1398 2013 inpatient payments, excluding DSH and UPL payments.

1399 (c) General acute care hospitals licensed within the  
1400 class of nonstate government hospitals shall receive an additional

1401 inpatient UPL payment determined by multiplying inpatient  
1402 payments, excluding DSH and UPL, by the uniform percentage  
1403 necessary to exhaust the maximum amount of inpatient UPL payments  
1404 permissible under federal regulations. (For state fiscal year  
1405 2015 and fiscal year 2016, the state shall use 2013 inpatient  
1406 payment data).

1407 (d) In addition to other payments provided above, all  
1408 hospitals licensed within the class of private hospitals shall  
1409 receive an additional inpatient UPL payment determined by  
1410 multiplying inpatient payments, excluding DSH and UPL, by the  
1411 uniform percentage necessary to exhaust the maximum amount of UPL  
1412 inpatient payments permissible under federal regulations. For  
1413 state fiscal year 2015 and fiscal year 2016, the state shall use  
1414 2013 data.

1415 (e) All hospitals satisfying the minimum federal DSH  
1416 eligibility requirements (Section 1923(d) of the Social Security  
1417 Act) shall, subject to OBRA 1993 payment limitations, receive an  
1418 additional DSH payment. This additional DSH payment shall expend  
1419 the balance of the federal DSH allotment and associated state  
1420 share not utilized in DSH payments to state-owned institutions for  
1421 treatment of mental diseases. The payment to each hospital shall  
1422 be calculated by applying a uniform percentage to the uninsured  
1423 costs of each eligible hospital, excluding state-owned  
1424 institutions for treatment of mental diseases; however, that

1425 percentage for a state-owned teaching hospital located in Hinds  
1426 County shall be multiplied by a factor of two (2).

1427 (11) The portion of the hospital assessment provided in  
1428 subsection (4) of this section associated with the MHAP shall not  
1429 be in effect or implemented until the \* \* \* approval by CMS for  
1430 the MHAP is obtained.

1431 (12) The division shall implement DSH and UPL calculation  
1432 methodologies that result in the maximization of available federal  
1433 funds.

1434 (13) The DSH and inpatient UPL payments shall be paid on or  
1435 before December 31, March 31, and June 30 of each fiscal year, in  
1436 increments of one-third (1/3) of the total calculated DSH and  
1437 inpatient UPL amounts.

1438 (14) The hospital assessment as described in subsection (4)  
1439 above shall be assessed and collected \* \* \* monthly no later than  
1440 the fifteenth calendar day of each month; provided, however, that  
1441 the first \* \* \* three (3) monthly payments shall be assessed but  
1442 not be collected until collection is \* \* \* satisfied for the \* \* \*  
1443 third monthly (September) payment and the second three (3) monthly  
1444 payments shall be assessed but not be collected until collection  
1445 is satisfied for the sixth monthly (December) payment and provided  
1446 that the portion of the assessment related to the DSH payments  
1447 shall be paid in three (3) one-third (1/3) installments due no  
1448 later than the fifteenth calendar day of the payment month of the  
1449 DSH payments required by Section 43-13-117(A) (18), which shall be

1450 paid during the second, third and fourth quarters of the state  
1451 fiscal year, and provided that the assessment related to any  
1452 inpatient UPL payment(s) shall be paid no later than the fifteenth  
1453 calendar day of the payment month of the UPL payment(s) and  
1454 provided assessments related to MHAP will be collected beginning  
1455 the initial month that the division funds MHAP.

1456 (15) If for any reason any part of the plan for additional  
1457 annual DSH and inpatient UPL payments to hospitals provided under  
1458 subsection (10) of this section is not approved by CMS, the  
1459 remainder of the plan shall remain in full force and effect.

1460 (16) Nothing in this section shall prevent the Division of  
1461 Medicaid from facilitating participation in Medicaid supplemental  
1462 hospital payment programs by a hospital located in a county  
1463 contiguous to the State of Mississippi that is also authorized by  
1464 federal law to submit intergovernmental transfers (IGTs) to the  
1465 State of Mississippi to fund the state share of the hospital's  
1466 supplemental and/or MHAP payments.

1467 (17) Subsections (10) through (16) of this section shall  
1468 stand repealed on July 1, \* \* \* 2018.

1469 **SECTION 3.** This act shall take effect and be in force from  
1470 and after its passage.

**Further, amend by striking the title in its entirety and  
inserting in lieu thereof the following:**

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 RELATING TO HEALTH CARE SERVICES AUTHORIZED FOR REIMBURSEMENT

4 WAIVERS TO REIMBURSE FOR ADULT DAY CARE FACILITIES SERVICES; TO

7 HOSPITAL INPATIENT REIMBURSEMENT PAYMENTS IN LIEU OF THE INPATIENT  
8 UPPER PAYMENT LIMITS PROGRAM SUBJECT TO THE APPROVAL OF THE  
9 CENTERS FOR MEDICARE AND MEDICAID SERVICES; TO AUTHORIZE THE  
10 DIVISION TO IMPLEMENT A PROVIDER-SPONSORED HEALTH PLAN; TO PROVIDE  
11 THAT NO HEALTH PLAN IMPLEMENTED BY THE DIVISION MAY OVERRIDE THE  
12 MEDICAL DECISIONS OF HOSPITAL PHYSICIANS OR STAFF REGARDING  
13 EMERGENCY ROOM PATIENTS; TO PROVIDE THAT NO HEALTH PLAN  
14 IMPLEMENTED BY THE DIVISION MAY PAY PROVIDERS AT A RATE THAT IS  
15 LESS THAN THE NORMAL MEDICAID REIMBURSEMENT RATE; TO EXTEND THE  
16 AUTOMATIC REPEALER ON SAID SECTION; TO AMEND SECTION 43-13-145,  
17 MISSISSIPPI CODE OF 1972, RELATING TO ASSESSMENTS UPON HEALTH CARE  
18 FACILITIES FOR THE SUPPORT OF THE MEDICAID PROGRAM; TO PRESCRIBE  
19 THE METHOD AND RATE OF THE HOSPITAL ASSESSMENT AND TO PROVIDE THAT  
20 ASSESSMENTS RELATED TO INPATIENT HOSPITAL PAYMENTS WILL BE  
21 COLLECTED BEGINNING THE INITIAL MONTH THAT THE DIVISION FUNDS THE  
22 MHAP PROGRAM; TO EXTEND THE AUTOMATIC REPEALER ON SAID SECTION;  
23 AND FOR RELATED PURPOSES.
