HOUSE BILL NO. 898

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
 2 TO DELETE THE REPEALER LANGUAGE ON CERTAIN DENTAL CARE SERVICES
 3 BEING COVERED UNDER MEDICAID AND TO EXTEND THE REPEALER ON THE
 4 COMPREHENSIVE LIST OF THE TYPES OF CARE AND SERVICES COVERED BY
 5 MEDICAID; TO AMEND SECTION 43-13-145, MISSISSIPPI CODE OF 1972, TO
 6 EXTEND THE DATE OF THE REPEALERS ON PROVISIONS RELATING TO THE
 7 ANNUAL ASSESSMENT ON LICENSED HOSPITALS IN MISSISSIPPI TO PROVIDE
 8 FUNDING FOR THE MEDICAID PROGRAM, THE ADMINISTRATION OF THE
 9 HOSPITAL ASSESSMENT, AND THE PAYMENT OF ADDITIONAL ANNUAL MEDICARE
 10 UPPER PAYMENT LIMITS AND DISPROPORTIONATE SHARE HOSPITAL PAYMENTS
 11 TO MISSISSIPPI HOSPITALS THAT PARTICIPATE IN THE MEDICAID PROGRAM;
 12 AND FOR RELATED PURPOSES.

13 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

14 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
 15 amended as follows:

16 43-13-117. (A) Medicaid as authorized by this article shall
 17 include payment of part or all of the costs, at the discretion of
 18 the division, with approval of the Governor, of the following
 19 types of care and services rendered to eligible applicants who
 20 have been determined to be eligible for that care and services,
 21 within the limits of state appropriations and federal matching
 22 funds:

23 (1) Inpatient hospital services.

24 (a) The division shall allow thirty (30) days of
25 inpatient hospital care annually for all Medicaid recipients.
26 Medicaid recipients requiring transplants shall not have those
27 days included in the transplant hospital stay count against the
28 thirty-day limit for inpatient hospital care. Precertification of
29 inpatient days must be obtained as required by the division.

30 (b) From and after July 1, 1994, the Executive
31 Director of the Division of Medicaid shall amend the Mississippi
32 Title XIX Inpatient Hospital Reimbursement Plan to remove the
33 occupancy rate penalty from the calculation of the Medicaid
34 Capital Cost Component utilized to determine total hospital costs
35 allocated to the Medicaid program.

36 (c) Hospitals will receive an additional payment
37 for the implantable programmable baclofen drug pump used to treat
38 spasticity that is implanted on an inpatient basis. The payment
39 pursuant to written invoice will be in addition to the facility's
40 per diem reimbursement and will represent a reduction of costs on
41 the facility's annual cost report, and shall not exceed Ten
42 Thousand Dollars (\$10,000.00) per year per recipient.

43 (d) The division is authorized to implement an
44 All-Patient Refined-Diagnosis Related Groups (APR-DRG)
45 reimbursement methodology for inpatient hospital services.

46 (e) No service benefits or reimbursement
47 limitations in this section shall apply to payments under an
48 APR-DRG or Ambulatory Payment Classification (APC) model or a

49 managed care program or similar model described in subsection (H)
50 of this section.

51 (2) Outpatient hospital services.

52 (a) Emergency services.

53 (b) Other outpatient hospital services. The
54 division shall allow benefits for other medically necessary
55 outpatient hospital services (such as chemotherapy, radiation,
56 surgery and therapy), including outpatient services in a clinic or
57 other facility that is not located inside the hospital, but that
58 has been designated as an outpatient facility by the hospital, and
59 that was in operation or under construction on July 1, 2009,
60 provided that the costs and charges associated with the operation
61 of the hospital clinic are included in the hospital's cost report.
62 In addition, the Medicare thirty-five-mile rule will apply to
63 those hospital clinics not located inside the hospital that are
64 constructed after July 1, 2009. Where the same services are
65 reimbursed as clinic services, the division may revise the rate or
66 methodology of outpatient reimbursement to maintain consistency,
67 efficiency, economy and quality of care.

68 (c) The division is authorized to implement an
69 Ambulatory Payment Classification (APC) methodology for outpatient
70 hospital services.

71 (d) No service benefits or reimbursement
72 limitations in this section shall apply to payments under an

73 APR-DRG or APC model or a managed care program or similar model
74 described in subsection (H) of this section.

75 (3) Laboratory and x-ray services.

76 (4) Nursing facility services.

77 (a) The division shall make full payment to
78 nursing facilities for each day, not exceeding fifty-two (52) days
79 per year, that a patient is absent from the facility on home
80 leave. Payment may be made for the following home leave days in
81 addition to the fifty-two-day limitation: Christmas, the day
82 before Christmas, the day after Christmas, Thanksgiving, the day
83 before Thanksgiving and the day after Thanksgiving.

84 (b) From and after July 1, 1997, the division
85 shall implement the integrated case-mix payment and quality
86 monitoring system, which includes the fair rental system for
87 property costs and in which recapture of depreciation is
88 eliminated. The division may reduce the payment for hospital
89 leave and therapeutic home leave days to the lower of the case-mix
90 category as computed for the resident on leave using the
91 assessment being utilized for payment at that point in time, or a
92 case-mix score of 1.000 for nursing facilities, and shall compute
93 case-mix scores of residents so that only services provided at the
94 nursing facility are considered in calculating a facility's per
95 diem.

96 (c) From and after July 1, 1997, all state-owned
97 nursing facilities shall be reimbursed on a full reasonable cost
98 basis.

99 (d) On or after January 1, 2015, the division
100 shall update the case-mix payment system resource utilization
101 grouper and classifications and fair rental reimbursement system.
102 The division shall develop and implement a payment add-on to
103 reimburse nursing facilities for ventilator dependent resident
104 services.

105 (e) The division shall develop and implement, not
106 later than January 1, 2001, a case-mix payment add-on determined
107 by time studies and other valid statistical data that will
108 reimburse a nursing facility for the additional cost of caring for
109 a resident who has a diagnosis of Alzheimer's or other related
110 dementia and exhibits symptoms that require special care. Any
111 such case-mix add-on payment shall be supported by a determination
112 of additional cost. The division shall also develop and implement
113 as part of the fair rental reimbursement system for nursing
114 facility beds, an Alzheimer's resident bed depreciation enhanced
115 reimbursement system that will provide an incentive to encourage
116 nursing facilities to convert or construct beds for residents with
117 Alzheimer's or other related dementia.

118 (f) The division shall develop and implement an
119 assessment process for long-term care services. The division may

120 provide the assessment and related functions directly or through
121 contract with the area agencies on aging.

122 The division shall apply for necessary federal waivers to
123 assure that additional services providing alternatives to nursing
124 facility care are made available to applicants for nursing
125 facility care.

126 (5) Periodic screening and diagnostic services for
127 individuals under age twenty-one (21) years as are needed to
128 identify physical and mental defects and to provide health care
129 treatment and other measures designed to correct or ameliorate
130 defects and physical and mental illness and conditions discovered
131 by the screening services, regardless of whether these services
132 are included in the state plan. The division may include in its
133 periodic screening and diagnostic program those discretionary
134 services authorized under the federal regulations adopted to
135 implement Title XIX of the federal Social Security Act, as
136 amended. The division, in obtaining physical therapy services,
137 occupational therapy services, and services for individuals with
138 speech, hearing and language disorders, may enter into a
139 cooperative agreement with the State Department of Education for
140 the provision of those services to handicapped students by public
141 school districts using state funds that are provided from the
142 appropriation to the Department of Education to obtain federal
143 matching funds through the division. The division, in obtaining
144 medical and mental health assessments, treatment, care and

145 services for children who are in, or at risk of being put in, the
146 custody of the Mississippi Department of Human Services may enter
147 into a cooperative agreement with the Mississippi Department of
148 Human Services for the provision of those services using state
149 funds that are provided from the appropriation to the Department
150 of Human Services to obtain federal matching funds through the
151 division.

152 (6) Physician's services. The division shall allow
153 twelve (12) physician visits annually. The division may develop
154 and implement a different reimbursement model or schedule for
155 physician's services provided by physicians based at an academic
156 health care center and by physicians at rural health centers that
157 are associated with an academic health care center. From and
158 after January 1, 2010, all fees for physician's services that are
159 covered only by Medicaid shall be increased to ninety percent
160 (90%) of the rate established on January 1, 2010, and as may be
161 adjusted each July thereafter, under Medicare. The division may
162 provide for a reimbursement rate for physician's services of up to
163 one hundred percent (100%) of the rate established under Medicare
164 for physician's services that are provided after the normal
165 working hours of the physician, as determined in accordance with
166 regulations of the division. The division may reimburse eligible
167 providers as determined by the Patient Protection and Affordable
168 Care Act for certain primary care services as defined by the act

169 at one hundred percent (100%) of the rate established under
170 Medicare.

171 (7) (a) Home health services for eligible persons, not
172 to exceed in cost the prevailing cost of nursing facility
173 services, not to exceed twenty-five (25) visits per year. All
174 home health visits must be precertified as required by the
175 division.

176 (b) [Repealed]

177 (8) Emergency medical transportation services. On
178 January 1, 1994, emergency medical transportation services shall
179 be reimbursed at seventy percent (70%) of the rate established
180 under Medicare (Title XVIII of the federal Social Security Act, as
181 amended). "Emergency medical transportation services" shall mean,
182 but shall not be limited to, the following services by a properly
183 permitted ambulance operated by a properly licensed provider in
184 accordance with the Emergency Medical Services Act of 1974
185 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
186 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
187 (vi) disposable supplies, (vii) similar services.

188 (9) (a) Legend and other drugs as may be determined by
189 the division.

190 The division shall establish a mandatory preferred drug list.
191 Drugs not on the mandatory preferred drug list shall be made
192 available by utilizing prior authorization procedures established
193 by the division.

194 The division may seek to establish relationships with other
195 states in order to lower acquisition costs of prescription drugs
196 to include single source and innovator multiple source drugs or
197 generic drugs. In addition, if allowed by federal law or
198 regulation, the division may seek to establish relationships with
199 and negotiate with other countries to facilitate the acquisition
200 of prescription drugs to include single source and innovator
201 multiple source drugs or generic drugs, if that will lower the
202 acquisition costs of those prescription drugs.

203 The division shall allow for a combination of prescriptions
204 for single source and innovator multiple source drugs and generic
205 drugs to meet the needs of the beneficiaries, not to exceed five
206 (5) prescriptions per month for each noninstitutionalized Medicaid
207 beneficiary, with not more than two (2) of those prescriptions
208 being for single source or innovator multiple source drugs unless
209 the single source or innovator multiple source drug is less
210 expensive than the generic equivalent.

211 The executive director may approve specific maintenance drugs
212 for beneficiaries with certain medical conditions, which may be
213 prescribed and dispensed in three-month supply increments.

214 Drugs prescribed for a resident of a psychiatric residential
215 treatment facility must be provided in true unit doses when
216 available. The division may require that drugs not covered by
217 Medicare Part D for a resident of a long-term care facility be
218 provided in true unit doses when available. Those drugs that were

219 originally billed to the division but are not used by a resident
220 in any of those facilities shall be returned to the billing
221 pharmacy for credit to the division, in accordance with the
222 guidelines of the State Board of Pharmacy and any requirements of
223 federal law and regulation. Drugs shall be dispensed to a
224 recipient and only one (1) dispensing fee per month may be
225 charged. The division shall develop a methodology for reimbursing
226 for restocked drugs, which shall include a restock fee as
227 determined by the division not exceeding Seven Dollars and
228 Eighty-two Cents (\$7.82).

229 The voluntary preferred drug list shall be expanded to
230 function in the interim in order to have a manageable prior
231 authorization system, thereby minimizing disruption of service to
232 beneficiaries.

233 Except for those specific maintenance drugs approved by the
234 executive director, the division shall not reimburse for any
235 portion of a prescription that exceeds a thirty-one-day supply of
236 the drug based on the daily dosage.

237 The division shall develop and implement a program of payment
238 for additional pharmacist services, with payment to be based on
239 demonstrated savings, but in no case shall the total payment
240 exceed twice the amount of the dispensing fee.

241 All claims for drugs for dually eligible Medicare/Medicaid
242 beneficiaries that are paid for by Medicare must be submitted to

243 Medicare for payment before they may be processed by the
244 division's online payment system.

245 The division shall develop a pharmacy policy in which drugs
246 in tamper-resistant packaging that are prescribed for a resident
247 of a nursing facility but are not dispensed to the resident shall
248 be returned to the pharmacy and not billed to Medicaid, in
249 accordance with guidelines of the State Board of Pharmacy.

250 The division shall develop and implement a method or methods
251 by which the division will provide on a regular basis to Medicaid
252 providers who are authorized to prescribe drugs, information about
253 the costs to the Medicaid program of single source drugs and
254 innovator multiple source drugs, and information about other drugs
255 that may be prescribed as alternatives to those single source
256 drugs and innovator multiple source drugs and the costs to the
257 Medicaid program of those alternative drugs.

258 Notwithstanding any law or regulation, information obtained
259 or maintained by the division regarding the prescription drug
260 program, including trade secrets and manufacturer or labeler
261 pricing, is confidential and not subject to disclosure except to
262 other state agencies.

263 (b) Payment by the division for covered
264 multisource drugs shall be limited to the lower of the upper
265 limits established and published by the Centers for Medicare and
266 Medicaid Services (CMS) plus a dispensing fee, or the estimated
267 acquisition cost (EAC) as determined by the division, plus a

268 dispensing fee, or the providers' usual and customary charge to
269 the general public.

270 Payment for other covered drugs, other than multisource drugs
271 with CMS upper limits, shall not exceed the lower of the estimated
272 acquisition cost as determined by the division, plus a dispensing
273 fee or the providers' usual and customary charge to the general
274 public.

275 Payment for nonlegend or over-the-counter drugs covered by
276 the division shall be reimbursed at the lower of the division's
277 estimated shelf price or the providers' usual and customary charge
278 to the general public.

279 The dispensing fee for each new or refill prescription,
280 including nonlegend or over-the-counter drugs covered by the
281 division, shall be not less than Three Dollars and Ninety-one
282 Cents (\$3.91), as determined by the division.

283 The division shall not reimburse for single source or
284 innovator multiple source drugs if there are equally effective
285 generic equivalents available and if the generic equivalents are
286 the least expensive.

287 It is the intent of the Legislature that the pharmacists
288 providers be reimbursed for the reasonable costs of filling and
289 dispensing prescriptions for Medicaid beneficiaries.

290 (10) (a) Dental care that is an adjunct to treatment
291 of an acute medical or surgical condition; services of oral
292 surgeons and dentists in connection with surgery related to the

293 jaw or any structure contiguous to the jaw or the reduction of any
294 fracture of the jaw or any facial bone; and emergency dental
295 extractions and treatment related thereto. On July 1, 2007, fees
296 for dental care and surgery under authority of this paragraph (10)
297 shall be reimbursed as provided in subparagraph (b). It is the
298 intent of the Legislature that this rate revision for dental
299 services will be an incentive designed to increase the number of
300 dentists who actively provide Medicaid services. This dental
301 services rate revision shall be known as the "James Russell Dumas
302 Medicaid Dental Incentive Program."

303 The division shall annually determine the effect of this
304 incentive by evaluating the number of dentists who are Medicaid
305 providers, the number who and the degree to which they are
306 actively billing Medicaid, the geographic trends of where dentists
307 are offering what types of Medicaid services and other statistics
308 pertinent to the goals of this legislative intent. This data
309 shall be presented to the Chair of the Senate Public Health and
310 Welfare Committee and the Chair of the House Medicaid Committee.

311 (b) The Division of Medicaid shall establish a fee
312 schedule, to be effective from and after July 1, 2007, for dental
313 services. The schedule shall provide for a fee for each dental
314 service that is equal to a percentile of normal and customary
315 private provider fees, as defined by the Ingenix Customized Fee
316 Analyzer Report, which percentile shall be determined by the
317 division. The schedule shall be reviewed annually by the division

318 and dental fees shall be adjusted to reflect the percentile
319 determined by the division.

320 (c) For fiscal year 2008, the amount of state
321 funds appropriated for reimbursement for dental care and surgery
322 shall be increased by ten percent (10%) of the amount of state
323 fund expenditures for that purpose for fiscal year 2007. For each
324 of fiscal years 2009 and 2010, the amount of state funds
325 appropriated for reimbursement for dental care and surgery shall
326 be increased by ten percent (10%) of the amount of state fund
327 expenditures for that purpose for the preceding fiscal year.

328 (d) The division shall establish an annual benefit
329 limit of Two Thousand Five Hundred Dollars (\$2,500.00) in dental
330 expenditures per Medicaid-eligible recipient; however, a recipient
331 may exceed the annual limit on dental expenditures provided in
332 this paragraph with prior approval of the division.

333 (e) The division shall include dental services as
334 a necessary component of overall health services provided to
335 children who are eligible for services.

336 * * *

337 (11) Eyeglasses for all Medicaid beneficiaries who have
338 (a) had surgery on the eyeball or ocular muscle that results in a
339 vision change for which eyeglasses or a change in eyeglasses is
340 medically indicated within six (6) months of the surgery and is in
341 accordance with policies established by the division, or (b) one
342 (1) pair every five (5) years and in accordance with policies

343 established by the division. In either instance, the eyeglasses
344 must be prescribed by a physician skilled in diseases of the eye
345 or an optometrist, whichever the beneficiary may select.

346 (12) Intermediate care facility services.

347 (a) The division shall make full payment to all
348 intermediate care facilities for individuals with intellectual
349 disabilities for each day, not exceeding eighty-four (84) days per
350 year, that a patient is absent from the facility on home leave.
351 Payment may be made for the following home leave days in addition
352 to the eighty-four-day limitation: Christmas, the day before
353 Christmas, the day after Christmas, Thanksgiving, the day before
354 Thanksgiving and the day after Thanksgiving.

355 (b) All state-owned intermediate care facilities
356 for individuals with intellectual disabilities shall be reimbursed
357 on a full reasonable cost basis.

358 (c) Effective January 1, 2015, the division shall
359 update the fair rental reimbursement system for intermediate care
360 facilities for individuals with intellectual disabilities.

361 (13) Family planning services, including drugs,
362 supplies and devices, when those services are under the
363 supervision of a physician or nurse practitioner.

364 (14) Clinic services. Such diagnostic, preventive,
365 therapeutic, rehabilitative or palliative services furnished to an
366 outpatient by or under the supervision of a physician or dentist
367 in a facility that is not a part of a hospital but that is

368 organized and operated to provide medical care to outpatients.
369 Clinic services shall include any services reimbursed as
370 outpatient hospital services that may be rendered in such a
371 facility, including those that become so after July 1, 1991. On
372 July 1, 1999, all fees for physicians' services reimbursed under
373 authority of this paragraph (14) shall be reimbursed at ninety
374 percent (90%) of the rate established on January 1, 1999, and as
375 may be adjusted each July thereafter, under Medicare (Title XVIII
376 of the federal Social Security Act, as amended). The division may
377 develop and implement a different reimbursement model or schedule
378 for physician's services provided by physicians based at an
379 academic health care center and by physicians at rural health
380 centers that are associated with an academic health care center.
381 The division may provide for a reimbursement rate for physician's
382 clinic services of up to one hundred percent (100%) of the rate
383 established under Medicare for physician's services that are
384 provided after the normal working hours of the physician, as
385 determined in accordance with regulations of the division.

386 (15) Home- and community-based services for the elderly
387 and disabled, as provided under Title XIX of the federal Social
388 Security Act, as amended, under waivers, subject to the
389 availability of funds specifically appropriated for that purpose
390 by the Legislature.

391 The Division of Medicaid is directed to apply for a waiver
392 amendment to increase payments for all adult day care facilities

393 based on acuity of individual patients, with a maximum of
394 Seventy-five Dollars (\$75.00) per day for the most acute patients.

395 (16) Mental health services. Approved therapeutic and
396 case management services (a) provided by an approved regional
397 mental health/intellectual disability center established under
398 Sections 41-19-31 through 41-19-39, or by another community mental
399 health service provider meeting the requirements of the Department
400 of Mental Health to be an approved mental health/intellectual
401 disability center if determined necessary by the Department of
402 Mental Health, using state funds that are provided in the
403 appropriation to the division to match federal funds, or (b)
404 provided by a facility that is certified by the State Department
405 of Mental Health to provide therapeutic and case management
406 services, to be reimbursed on a fee for service basis, or (c)
407 provided in the community by a facility or program operated by the
408 Department of Mental Health. Any such services provided by a
409 facility described in subparagraph (b) must have the prior
410 approval of the division to be reimbursable under this
411 section. * * *

412 (17) Durable medical equipment services and medical
413 supplies. Precertification of durable medical equipment and
414 medical supplies must be obtained as required by the division.
415 The Division of Medicaid may require durable medical equipment
416 providers to obtain a surety bond in the amount and to the
417 specifications as established by the Balanced Budget Act of 1997.

418 (18) (a) Notwithstanding any other provision of this
419 section to the contrary, as provided in the Medicaid state plan
420 amendment or amendments as defined in Section 43-13-145(10), the
421 division shall make additional reimbursement to hospitals that
422 serve a disproportionate share of low-income patients and that
423 meet the federal requirements for those payments as provided in
424 Section 1923 of the federal Social Security Act and any applicable
425 regulations. It is the intent of the Legislature that the
426 division shall draw down all available federal funds allotted to
427 the state for disproportionate share hospitals. However, from and
428 after January 1, 1999, public hospitals participating in the
429 Medicaid disproportionate share program may be required to
430 participate in an intergovernmental transfer program as provided
431 in Section 1903 of the federal Social Security Act and any
432 applicable regulations.

433 (b) The division shall establish a Medicare Upper
434 Payment Limits Program, as defined in Section 1902(a)(30) of the
435 federal Social Security Act and any applicable federal
436 regulations, for hospitals, and may establish a Medicare Upper
437 Payment Limits Program for nursing facilities, and may establish a
438 Medicare Upper Payment Limits Program for physicians employed or
439 contracted by public hospitals. Upon successful implementation of
440 a Medicare Upper Payment Limits Program for physicians employed by
441 public hospitals, the division may develop a plan for implementing
442 an Upper Payment Limits Program for physicians employed by other

443 classes of hospitals. The division shall assess each hospital
444 and, if the program is established for nursing facilities, shall
445 assess each nursing facility, for the sole purpose of financing
446 the state portion of the Medicare Upper Payment Limits Program.
447 The hospital assessment shall be as provided in Section
448 43-13-145(4) (a) and the nursing facility assessment, if
449 established, shall be based on Medicaid utilization or other
450 appropriate method consistent with federal regulations. The
451 assessment will remain in effect as long as the state participates
452 in the Medicare Upper Payment Limits Program. Public hospitals
453 with physicians participating in the Medicare Upper Payment Limits
454 Program shall be required to participate in an intergovernmental
455 transfer program. As provided in the Medicaid state plan
456 amendment or amendments as defined in Section 43-13-145(10), the
457 division shall make additional reimbursement to hospitals and, if
458 the program is established for nursing facilities, shall make
459 additional reimbursement to nursing facilities, for the Medicare
460 Upper Payment Limits, and, if the program is established for
461 physicians, shall make additional reimbursement for physicians, as
462 defined in Section 1902(a) (30) of the federal Social Security Act
463 and any applicable federal regulations. Effective upon
464 implementation of the Mississippi Hospital Access Program (MHAP)
465 provided in subparagraph (c) (i) below, the hospital portion of the
466 inpatient Upper Payment Limits Program shall transition into and
467 be replaced by the MHAP program.

468 (c) (i) Not later than December 1, 2015, the
469 division shall, subject to approval by the Centers for Medicare
470 and Medicaid Services (CMS), establish, implement and operate a
471 Mississippi Hospital Access Program (MHAP) for the purpose of
472 protecting patient access to hospital care through hospital
473 inpatient reimbursement programs provided in this section designed
474 to maintain total hospital reimbursement for inpatient services
475 rendered by in-state hospitals and the out-of-state hospital that
476 is authorized by federal law to submit intergovernmental transfers
477 (IGTs) to the State of Mississippi and is classified as Level I
478 trauma center located in a county contiguous to the state line at
479 the maximum levels permissible under applicable federal statutes
480 and regulations, at which time the current inpatient Medicare
481 Upper Payment Limits (UPL) Program for hospital inpatient services
482 shall transition to the MHAP.

784 association with annual redetermination of Medicaid eligibility,
785 beneficiaries shall be encouraged to undertake a physical
786 examination that will establish a base-line level of health and
787 identification of a usual and customary source of care (a medical
788 home) to aid utilization of disease management tools. This
789 physical examination and utilization of these disease management

790 tools shall be consistent with current United States Preventive
791 Services Task Force or other recognized authority recommendations.

813 the Medicaid Waivers for the Elderly and Disabled program or an
814 assisted living waiver. The division may use grants, waivers,

819 services may be developed to cover a period of treatment for up to
820 six (6) months, but in no event shall the plan of care exceed a
821 six-month period of treatment. The projected period of treatment
822 must be indicated on the initial plan of care and must be updated
823 with each subsequent revised plan of care. Based on medical
824 necessity, the division shall approve certification periods for
825 less than or up to six (6) months, but in no event shall the
826 certification period exceed the period of treatment indicated on
827 the plan of care. The appeal process for any reduction in therapy
828 services shall be consistent with the appeal process in federal
829 regulations.

834 determined by the division.

835 (57) No Medicaid benefit shall restrict coverage for
836 medically appropriate treatment prescribed by a physician and
837 agreed to by a fully informed individual, or if the individual
838 lacks legal capacity to consent by a person who has legal

845 (B) Notwithstanding any other provision of this article to
846 the contrary, the division shall reduce the rate of reimbursement
847 to providers for any service provided under this section by five
848 percent (5%) of the allowed amount for that service. However, the
849 reduction in the reimbursement rates required by this subsection
850 (B) shall not apply to inpatient hospital services, nursing
851 facility services, intermediate care facility services,
852 psychiatric residential treatment facility services, pharmacy
853 services provided under subsection (A)(9) of this section, or any

856 provides its own state match through intergovernmental transfer or
857 certification of funds to the division, or a service for which the
858 federal government sets the reimbursement methodology and rate.
859 From and after January 1, 2010, the reduction in the reimbursement
860 rates required by this subsection (B) shall not apply to
861 physicians' services. In addition, the reduction in the
862 reimbursement rates required by this subsection (B) shall not
863 apply to case management services and home-delivered meals
864 provided under the home- and community-based services program for

865 the elderly and disabled by a planning and development district
866 (PDD). Planning and development districts participating in the
867 home- and community-based services program for the elderly and

872 in and accept patient referrals from the division's emergency room

874 of savings achieved according to the performance measures and
875 reduction of costs required of that program. Federally qualified
876 health centers may participate in the emergency room redirection
877 program, and the division may pay those centers a percentage of
878 any savings to the Medicaid program achieved by the centers'
879 accepting patient referrals through the program, as provided in
880 this subsection (C).

881 (D) Notwithstanding any provision of this article, except as
882 authorized in the following subsection and in Section 43-13-139,
883 neither * * * (1) the limitations on quantity or frequency of use
884 of or the fees or charges for any of the care or services
885 available to recipients under this section, nor * * * (2) the
886 payments, payment methodology as provided below in this subsection
887 (D), or rates of reimbursement to providers rendering care or
888 services authorized under this section to recipients, may be
889 increased, decreased or otherwise changed from the levels in

890 effect on July 1, 1999, unless they are authorized by an amendment
891 to this section by the Legislature. However, the restriction in
892 this subsection shall not prevent the division from changing the
893 payments, payment methodology as provided below in this subsection
894 (D), or rates of reimbursement to providers without an amendment
895 to this section whenever those changes are required by federal law
896 or regulation, or whenever those changes are necessary to correct
897 administrative errors or omissions in calculating those payments
898 or rates of reimbursement. The prohibition on any changes in
899 payment methodology provided in this subsection (D) shall apply
900 only to payment methodologies used for determining the rates of
901 reimbursement for inpatient hospital services, outpatient hospital
902 services, nursing facility services, and/or pharmacy services,
903 except as required by federal law, and the federally mandated
904 rebasing of rates as required by the Centers for Medicare and
905 Medicaid Services (CMS) shall not be considered payment
906 methodology for purposes of this subsection (D). No service
907 benefits or reimbursement limitations in this section shall apply
908 to payments under an APR-DRG or APC model or a managed care
909 program or similar model described in subsection (H) of this
910 section.

911 (E) Notwithstanding any provision of this article, no new
912 groups or categories of recipients and new types of care and
913 services may be added without enabling legislation from the
914 Mississippi Legislature, except that the division may authorize

915 those changes without enabling legislation when the addition of
916 recipients or services is ordered by a court of proper authority.

917 (F) The executive director shall keep the Governor advised
918 on a timely basis of the funds available for expenditure and the
919 projected expenditures. If current or projected expenditures of
920 the division are reasonably anticipated to exceed the amount of
921 funds appropriated to the division for any fiscal year, the
922 Governor, after consultation with the executive director, shall
923 discontinue any or all of the payment of the types of care and
924 services as provided in this section that are deemed to be
925 optional services under Title XIX of the federal Social Security
926 Act, as amended, and when necessary, shall institute any other
927 cost containment measures on any program or programs authorized
928 under the article to the extent allowed under the federal law
929 governing that program or programs. However, the Governor shall
930 not be authorized to discontinue or eliminate any service under
931 this section that is mandatory under federal law, or to
932 discontinue or eliminate, or adjust income limits or resource
933 limits for, any eligibility category or group under Section
934 43-13-115. Beginning in fiscal year 2010 and in fiscal years
935 thereafter, when Medicaid expenditures are projected to exceed
936 funds available for any quarter in the fiscal year, the division
937 shall submit the expected shortfall information to the PEER
938 Committee, which shall review the computations of the division and
939 report its findings to the Legislative Budget Office within thirty

940 (30) days of such notification by the division, and not later than
941 January 7 in any year. If expenditure reductions or cost
942 containments are implemented, the Governor may implement a maximum
943 amount of state share expenditure reductions to providers, of
944 which hospitals will be responsible for twenty-five percent (25%)
945 of provider reductions as follows: in fiscal year 2010, the
946 maximum amount shall be Twenty-four Million Dollars
947 (\$24,000,000.00); in fiscal year 2011, the maximum amount shall be
948 Thirty-two Million Dollars (\$32,000,000.00); and in fiscal year
949 2012 and thereafter, the maximum amount shall be Forty Million
950 Dollars (\$40,000,000.00). However, instead of implementing cuts,
951 the hospital share shall be in the form of an additional
952 assessment not to exceed Ten Million Dollars (\$10,000,000.00) as
953 provided in Section 43-13-145(4)(a)(ii). If Medicaid expenditures
954 are projected to exceed the amount of funds appropriated to the
955 division in any fiscal year in excess of the expenditure
956 reductions to providers, then funds shall be transferred by the
957 State Fiscal Officer from the Health Care Trust Fund into the
958 Health Care Expendable Fund and to the Governor's Office, Division
959 of Medicaid, from the Health Care Expendable Fund, in the amount
960 and at such time as requested by the Governor to reconcile the
961 deficit. If the cost containment measures described above have
962 been implemented and there are insufficient funds in the Health
963 Care Trust Fund to reconcile any remaining deficit in any fiscal
964 year, the Governor shall institute any other additional cost

965 containment measures on any program or programs authorized under
966 this article to the extent allowed under federal law. Hospitals
967 shall be responsible for twenty-five percent (25%) of any
968 additional imposed provider cuts. However, instead of
969 implementing hospital expenditure reductions, the hospital
970 reductions shall be in the form of an additional assessment not to
971 exceed twenty-five percent (25%) of provider expenditure
972 reductions as provided in Section 43-13-145(4)(a)(ii). It is the
973 intent of the Legislature that the expenditures of the division
974 during any fiscal year shall not exceed the amounts appropriated
975 to the division for that fiscal year.

976 (G) Notwithstanding any other provision of this article, it
977 shall be the duty of each nursing facility, intermediate care
978 facility for individuals with intellectual disabilities,
979 psychiatric residential treatment facility, and nursing facility
980 for the severely disabled that is participating in the Medicaid
981 program to keep and maintain books, documents and other records as
982 prescribed by the Division of Medicaid in substantiation of its
983 cost reports for a period of three (3) years after the date of
984 submission to the Division of Medicaid of an original cost report,
985 or three (3) years after the date of submission to the Division of
986 Medicaid of an amended cost report.

987 (H) (1) Notwithstanding any other provision of this
988 article, the division is authorized to implement (a) a managed
989 care program, (b) a coordinated care program, (c) a coordinated

990 care organization program, (d) a health maintenance organization
991 program, (e) a patient-centered medical home program, (f) an
992 accountable care organization program, (g) provider-sponsored
993 health plan, or (h) any combination of the above programs.
994 Managed care programs, coordinated care programs, coordinated care
995 organization programs, health maintenance organization programs,
996 patient-centered medical home programs, accountable care
997 organization programs, provider-sponsored health plans, or any
998 combination of the above programs or other similar programs
999 implemented by the division under this section shall be limited to
1000 the greater of (i) forty-five percent (45%) of the total
1001 enrollment of Medicaid beneficiaries, or (ii) the categories of
1002 beneficiaries participating in the program as of January 1, 2014,
1003 plus the categories of beneficiaries composed primarily of persons
1004 younger than nineteen (19) years of age, and the division is
1005 authorized to enroll categories of beneficiaries in such
1006 program(s) as long as the appropriate limitations are not exceeded
1007 in the aggregate. As a condition for the approval of any program
1008 under this subsection (H) (1), the division shall require that no
1009 program may:

1010 (a) Pay providers at a rate that is less than the
1011 Medicaid All-Patient Refined-Diagnosis Related Groups (APR-DRG)
1012 reimbursement rate;

1013 (b) Override the medical decisions of hospital
1014 physicians or staff regarding patients admitted to a hospital for

1015 an emergency medical condition as defined by 42 US Code Section
1016 1395dd. This restriction (b) does not prohibit the retrospective
1017 review of the appropriateness of the determination that an
1018 emergency medical condition exists by chart review or coding
1019 algorithm, nor does it prohibit prior authorization for
1020 nonemergency hospital admissions;

1021 (c) Pay providers at a rate that is less than the
1022 normal Medicaid reimbursement rate; however, the division may
1023 approve use of innovative payment models that recognize
1024 alternative payment models, including quality and value-based
1025 payments, provided both parties mutually agree and the Division of
1026 Medicaid approves of said models. Participation in the provider
1027 network of any managed care, coordinated care, provider-sponsored
1028 health plan, or similar contractor shall not be conditioned on the
1029 provider's agreement to accept such alternative payment models;

1030 (d) Implement a prior authorization program for
1031 prescription drugs that is more stringent than the prior
1032 authorization processes used by the division in its administration
1033 of the Medicaid program;

1034 (e) Implement a policy that does not comply with
1035 the prescription drugs payment requirements established in
1036 subsection (A) (9) of this section;

1037 (f) Implement a preferred drug list that is more
1038 stringent than the mandatory preferred drug list established by
1039 the division under subsection (A) (9) of this section;

1040 (g) Implement a policy which denies beneficiaries
1041 with hemophilia access to the federally funded hemophilia
1042 treatment centers as part of the Medicaid Managed Care network of
1043 providers. All Medicaid beneficiaries with hemophilia shall
1044 receive unrestricted access to anti-hemophilia factor products
1045 through noncapitated reimbursement programs.

1046 (2) Any contractors providing direct patient care under
1047 a managed care program established in this section shall provide
1048 to the Legislature and the division statistical data to be shared
1049 with provider groups in order to improve patient access,
1050 appropriate utilization, cost savings and health outcomes.

1051 (3) All health maintenance organizations, coordinated
1052 care organizations, provider-sponsored health plans, or other
1053 organizations paid for services on a capitated basis by the
1054 division under any managed care program or coordinated care
1055 program implemented by the division under this section shall
1056 reimburse all providers in those organizations at rates no lower
1057 than those provided under this section for beneficiaries who are
1058 not participating in those programs.

1059 (4) No health maintenance organization, coordinated
1060 care organization, provider-sponsored health plan, or other
1061 organization paid for services on a capitated basis by the
1062 division under any managed care program or coordinated care
1063 program implemented by the division under this section shall
1064 require its providers or beneficiaries to use any pharmacy that

1065 ships, mails or delivers prescription drugs or legend drugs or
1066 devices.

1067 (I) [Deleted]

1068 (J) There shall be no cuts in inpatient and outpatient
1069 hospital payments, or allowable days or volumes, as long as the
1070 hospital assessment provided in Section 43-13-145 is in effect.

1071 This subsection (J) shall not apply to decreases in payments that
1072 are a result of: reduced hospital admissions, audits or payments
1073 under the APR-DRG or APC models, or a managed care program or
1074 similar model described in subsection (H) of this section.

1075 (K) This section shall stand repealed on June 30, * * *
1076 2021.

1077 **SECTION 2.** Section 43-13-145, Mississippi Code of 1972, is
1078 amended as follows:

1079 43-13-145. (1) (a) Upon each nursing facility licensed by
1080 the State of Mississippi, there is levied an assessment in an
1081 amount set by the division, equal to the maximum rate allowed by
1082 federal law or regulation, for each licensed and occupied bed of
1083 the facility.

1084 (b) A nursing facility is exempt from the assessment
1085 levied under this subsection if the facility is operated under the
1086 direction and control of:

1087 (i) The United States Veterans Administration or
1088 other agency or department of the United States government;

1089 (ii) The State Veterans Affairs Board; or

1090 (iii) The University of Mississippi Medical
1091 Center.

1092 (2) (a) Upon each intermediate care facility for
1093 individuals with intellectual disabilities licensed by the State
1094 of Mississippi, there is levied an assessment in an amount set by
1095 the division, equal to the maximum rate allowed by federal law or
1096 regulation, for each licensed and occupied bed of the facility.

1097 (b) An intermediate care facility for individuals with
1098 intellectual disabilities is exempt from the assessment levied
1099 under this subsection if the facility is operated under the
1100 direction and control of:

1101 (i) The United States Veterans Administration or
1102 other agency or department of the United States government;

1103 (ii) The State Veterans Affairs Board; or

1104 (iii) The University of Mississippi Medical
1105 Center.

1106 (3) (a) Upon each psychiatric residential treatment
1107 facility licensed by the State of Mississippi, there is levied an
1108 assessment in an amount set by the division, equal to the maximum
1109 rate allowed by federal law or regulation, for each licensed and
1110 occupied bed of the facility.

1111 (b) A psychiatric residential treatment facility is
1112 exempt from the assessment levied under this subsection if the
1113 facility is operated under the direction and control of:

1114 (i) The United States Veterans Administration or
1115 other agency or department of the United States government;
1116 (ii) The University of Mississippi Medical Center;
1117 or
1118 (iii) A state agency or a state facility that
1119 either provides its own state match through intergovernmental
1120 transfer or certification of funds to the division.

1121 (4) Hospital assessment.

1122 (a) (i) Subject to and upon fulfillment of the
1123 requirements and conditions of paragraph (f) below, and
1124 notwithstanding any other provisions of this section, effective
1125 for state fiscal year 2016, fiscal year 2017 and fiscal year 2018,
1126 an annual assessment on each hospital licensed in the state is
1127 imposed on each non-Medicare hospital inpatient day as defined
1128 below at a rate that is determined by dividing the sum prescribed
1129 in this subparagraph (i), plus the nonfederal share necessary to
1130 maximize the Disproportionate Share Hospital (DSH) and inpatient
1131 Medicare Upper Payment Limits (UPL) Program payments and inpatient
1132 hospital access payments, by the total number of non-Medicare
1133 hospital inpatient days as defined below for all licensed
1134 Mississippi hospitals, except as provided in paragraph (d) below.
1135 If the state matching funds percentage for the Mississippi
1136 Medicaid program is sixteen percent (16%) or less, the sum used in
1137 the formula under this subparagraph (i) shall be Seventy-four
1138 Million Dollars (\$74,000,000.00). If the state matching funds

1139 percentage for the Mississippi Medicaid program is twenty-four
1140 percent (24%) or higher, the sum used in the formula under this
1141 subparagraph (i) shall be One Hundred Four Million Dollars
1142 (\$104,000,000.00). If the state matching funds percentage for the
1143 Mississippi Medicaid program is between sixteen percent (16%) and
1144 twenty-four percent (24%), the sum used in the formula under this
1145 subparagraph (i) shall be a pro rata amount determined as follows:
1146 the current state matching funds percentage rate minus sixteen
1147 percent (16%) divided by eight percent (8%) multiplied by Thirty
1148 Million Dollars (\$30,000,000.00) and add that amount to
1149 Seventy-four Million Dollars (\$74,000,000.00). However, no
1150 assessment in a quarter under this subparagraph (i) may exceed the
1151 assessment in the previous quarter by more than Three Million
1152 Seven Hundred Fifty Thousand Dollars (\$3,750,000.00) (which would
1153 be Fifteen Million Dollars (\$15,000,000.00) on an annualized
1154 basis). The division shall publish the state matching funds
1155 percentage rate applicable to the Mississippi Medicaid program on
1156 the tenth day of the first month of each quarter and the
1157 assessment determined under the formula prescribed above shall be
1158 applicable in the quarter following any adjustment in that state
1159 matching funds percentage rate. The division shall notify each
1160 hospital licensed in the state as to any projected increases or
1161 decreases in the assessment determined under this subparagraph
1162 (i). However, if the Centers for Medicare and Medicaid Services
1163 (CMS) does not approve the provision in Section 43-13-117(39)

1164 requiring the division to reimburse crossover claims for inpatient
1165 hospital services and crossover claims covered under Medicare Part
1166 B for dually eligible beneficiaries in the same manner that was in
1167 effect on January 1, 2008, the sum that otherwise would have been
1168 used in the formula under this subparagraph (i) shall be reduced
1169 by Seven Million Dollars (\$7,000,000.00).

1170 (ii) In addition to the assessment provided under
1171 subparagraph (i), effective for state fiscal year 2016, fiscal
1172 year 2017 and fiscal year 2018, an additional annual assessment on
1173 each hospital licensed in the state is imposed on each
1174 non-Medicare hospital inpatient day as defined below at a rate
1175 that is determined by dividing twenty-five percent (25%) of any
1176 provider reductions in the Medicaid program as authorized in
1177 Section 43-13-117(F) for that fiscal year up to the following
1178 maximum amount, plus the nonfederal share necessary to maximize
1179 the Disproportionate Share Hospital (DSH) and inpatient Medicare
1180 Upper Payment Limits (UPL) Program payments and inpatient hospital
1181 access payments, by the total number of non-Medicare hospital
1182 inpatient days as defined below for all licensed Mississippi
1183 hospitals: in fiscal year 2010, the maximum amount shall be
1184 Twenty-four Million Dollars (\$24,000,000.00); in fiscal year 2011,
1185 the maximum amount shall be Thirty-two Million Dollars
1186 (\$32,000,000.00); and in fiscal year 2012 and thereafter, the
1187 maximum amount shall be Forty Million Dollars (\$40,000,000.00).

1188 Any such deficit in the Medicaid program shall be reviewed by the
1189 PEER Committee as provided in Section 43-13-117(F).

1190 (iii) In addition to the assessments provided in
1191 subparagraphs (i) and (ii), effective for state fiscal year 2016,
1192 fiscal year 2017 and fiscal year 2018, an additional annual
1193 assessment on each hospital licensed in the state is imposed
1194 pursuant to the provisions of Section 43-13-117(F) if the cost
1195 containment measures described therein have been implemented and
1196 there are insufficient funds in the Health Care Trust Fund to
1197 reconcile any remaining deficit in any fiscal year. If the
1198 Governor institutes any other additional cost containment measures
1199 on any program or programs authorized under the Medicaid program
1200 pursuant to Section 43-13-117(F), hospitals shall be responsible
1201 for twenty-five percent (25%) of any such additional imposed
1202 provider cuts, which shall be in the form of an additional
1203 assessment not to exceed the twenty-five percent (25%) of provider
1204 expenditure reductions. Such additional assessment shall be
1205 imposed on each non-Medicare hospital inpatient day in the same
1206 manner as assessments are imposed under subparagraphs (i) and
1207 (ii).

1208 (b) Payment and definitions.

1209 (i) The hospital assessment as described in this
1210 subsection (4) * * * shall be assessed and collected monthly no
1211 later than the fifteenth calendar day of each month; provided,
1212 however, that the first three (3) monthly payments shall be

1213 assessed but not be collected until collection is satisfied for
1214 the third monthly (September) payment and the second three (3)
1215 monthly payments shall be assessed but not be collected until
1216 collection is satisfied for the sixth monthly (December) payment
1217 and provided that the portion of the assessment related to the DSH
1218 payments shall be paid in three (3) one-third (1/3) installments
1219 due no later than the fifteenth calendar day of the payment month
1220 of the DSH payments required by Section 43-13-117(A)(18), which
1221 shall be paid during the second, third and fourth quarters of the
1222 state fiscal year, and provided that the assessment related to any
1223 inpatient UPL payment(s) shall be paid no later than the fifteenth
1224 calendar day of the payment month of the UPL payment(s) and
1225 provided assessments related to inpatient hospital access payments
1226 will be collected beginning the initial month that the division
1227 funds MHAP.

1228 (ii) Definitions. For purposes of this subsection
1229 (4):

1230 1. "Non-Medicare hospital inpatient day"
1231 means total hospital inpatient days including subcomponent days
1232 less Medicare inpatient days including subcomponent days from the
1233 hospital's 2013 Medicare cost report on file with CMS.

1234 a. Total hospital inpatient days shall
1235 be the sum of Worksheet S-3, Part 1, column 8 row 14, column 8 row
1236 16, and column 8 row 17, excluding column 8 rows 5 and 6.

1237 b. Hospital Medicare inpatient days
1238 shall be the sum of Worksheet S-3, Part 1, column 6 row 14, column
1239 6 row 16.00, and column 6 row 17, excluding column 6 rows 5 and 6.

1240 c. Inpatient days shall not include
1241 residential treatment or long-term care days.

1242 2. "Subcomponent inpatient day" means the
1243 number of days of care charged to a beneficiary for inpatient
1244 hospital rehabilitation and psychiatric care services in units of
1245 full days. A day begins at midnight and ends twenty-four (24)
1246 hours later. A part of a day, including the day of admission and
1247 day on which a patient returns from leave of absence, counts as a
1248 full day. However, the day of discharge, death, or a day on which
1249 a patient begins a leave of absence is not counted as a day unless
1250 discharge or death occur on the day of admission. If admission
1251 and discharge or death occur on the same day, the day is
1252 considered a day of admission and counts as one (1) subcomponent
1253 inpatient day.

1254 (c) The assessment provided in this subsection is
1255 intended to satisfy and not be in addition to the assessment and
1256 intergovernmental transfers provided in Section 43-13-117(A)(18).
1257 Nothing in this section shall be construed to authorize any state
1258 agency, division or department, or county, municipality or other
1259 local governmental unit to license for revenue, levy or impose any
1260 other tax, fee or assessment upon hospitals in this state not
1261 authorized by a specific statute.

1262 (d) Hospitals operated by the United States Department
1263 of Veterans Affairs and state-operated facilities that provide
1264 only inpatient and outpatient psychiatric services shall not be
1265 subject to the hospital assessment provided in this subsection.

1266 (e) Multihospital systems, closure, merger and new
1267 hospitals.

1268 (i) If a hospital conducts, operates or maintains
1269 more than one (1) hospital licensed by the State Department of
1270 Health, the provider shall pay the hospital assessment for each
1271 hospital separately.

1272 (ii) Notwithstanding any other provision in this
1273 section, if a hospital subject to this assessment operates or
1274 conducts business only for a portion of a fiscal year, the
1275 assessment for the state fiscal year shall be adjusted by
1276 multiplying the assessment by a fraction, the numerator of which
1277 is the number of days in the year during which the hospital
1278 operates, and the denominator of which is three hundred sixty-five
1279 (365). Immediately upon ceasing to operate, the hospital shall
1280 pay the assessment for the year as so adjusted (to the extent not
1281 previously paid).

1282 (f) Applicability.

1283 The hospital assessment imposed by this subsection shall not
1284 take effect and/or shall cease to be imposed if:

1285 (i) The assessment is determined to be an
1286 impermissible tax under Title XIX of the Social Security Act; or

1287 (ii) CMS revokes its approval of the division's
1288 2009 Medicaid State Plan Amendment for the methodology for DSH
1289 payments to hospitals under Section 43-13-117(A) (18).

1290 This subsection (4) is repealed on July 1, * * * 2021.

1291 (5) Each health care facility that is subject to the
1292 provisions of this section shall keep and preserve such suitable
1293 books and records as may be necessary to determine the amount of
1294 assessment for which it is liable under this section. The books
1295 and records shall be kept and preserved for a period of not less
1296 than five (5) years, during which time those books and records
1297 shall be open for examination during business hours by the
1298 division, the Department of Revenue, the Office of the Attorney
1299 General and the State Department of Health.

1300 (6) Except as provided in subsection (4) of this section,
1301 the assessment levied under this section shall be collected by the
1302 division each month beginning on March 31, 2005.

1303 (7) All assessments collected under this section shall be
1304 deposited in the Medical Care Fund created by Section 43-13-143.

1305 (8) The assessment levied under this section shall be in
1306 addition to any other assessments, taxes or fees levied by law,
1307 and the assessment shall constitute a debt due the State of
1308 Mississippi from the time the assessment is due until it is paid.

1309 (9) (a) If a health care facility that is liable for
1310 payment of an assessment levied by the division does not pay the
1311 assessment when it is due, the division shall give written notice

1312 to the health care facility by certified or registered mail
1313 demanding payment of the assessment within ten (10) days from the
1314 date of delivery of the notice. If the health care facility fails
1315 or refuses to pay the assessment after receiving the notice and
1316 demand from the division, the division shall withhold from any
1317 Medicaid reimbursement payments that are due to the health care
1318 facility the amount of the unpaid assessment and a penalty of ten
1319 percent (10%) of the amount of the assessment, plus the legal rate
1320 of interest until the assessment is paid in full. If the health
1321 care facility does not participate in the Medicaid program, the
1322 division shall turn over to the Office of the Attorney General the
1323 collection of the unpaid assessment by civil action. In any such
1324 civil action, the Office of the Attorney General shall collect the
1325 amount of the unpaid assessment and a penalty of ten percent (10%)
1326 of the amount of the assessment, plus the legal rate of interest
1327 until the assessment is paid in full.

1328 (b) As an additional or alternative method for
1329 collecting unpaid assessments levied by the division, if a health
1330 care facility fails or refuses to pay the assessment after
1331 receiving notice and demand from the division, the division may
1332 file a notice of a tax lien with the chancery clerk of the county
1333 in which the health care facility is located, for the amount of
1334 the unpaid assessment and a penalty of ten percent (10%) of the
1335 amount of the assessment, plus the legal rate of interest until
1336 the assessment is paid in full. Immediately upon receipt of

1337 notice of the tax lien for the assessment, the chancery clerk
1338 shall forward the notice to the circuit clerk who shall enter the
1339 notice of the tax lien as a judgment upon the judgment roll and
1340 show in the appropriate columns the name of the health care
1341 facility as judgment debtor, the name of the division as judgment
1342 creditor, the amount of the unpaid assessment, and the date and
1343 time of enrollment. The judgment shall be valid as against
1344 mortgagees, pledgees, entrusters, purchasers, judgment creditors
1345 and other persons from the time of filing with the clerk. The
1346 amount of the judgment shall be a debt due the State of
1347 Mississippi and remain a lien upon the tangible property of the
1348 health care facility until the judgment is satisfied. The
1349 judgment shall be the equivalent of any enrolled judgment of a
1350 court of record and shall serve as authority for the issuance of
1351 writs of execution, writs of attachment or other remedial writs.

1352 (10) As soon as possible after July 1, 2009, the Division of
1353 Medicaid shall submit to the Centers for Medicare and Medicaid
1354 Services (CMS) a state plan amendment or amendments (SPA)
1355 regarding the hospital assessment established under subsection (4)
1356 of this section. In addition to defining the assessment
1357 established in subsection (4) of this section, the state plan
1358 amendment or amendments shall include any amendments necessary to
1359 provide for the following additional annual Medicare Upper Payment
1360 Limits (UPL) Program and Disproportionate Share Hospital (DSH)

1361 payments to hospitals located in Mississippi that participate in
1362 the Medicaid program:

1363 (a) Privately operated and nonstate government operated
1364 hospitals, within the meaning of 42 CFR Section 447.272, that have
1365 fifty (50) or fewer licensed beds as of January 1, 2009, shall
1366 receive an additional inpatient UPL payment equal to sixty-five
1367 percent (65%) of their fiscal year 2013 hospital specific
1368 inpatient UPL gap, before any payments under this subsection.

1369 (b) General acute care hospitals licensed within the
1370 class of state hospitals shall receive an additional inpatient UPL
1371 payment equal to twenty-eight percent (28%) of their fiscal year
1372 2013 inpatient payments, excluding DSH and UPL payments.

1373 (c) General acute care hospitals licensed within the
1374 class of nonstate government hospitals shall receive an additional
1375 inpatient UPL payment determined by multiplying inpatient
1376 payments, excluding DSH and UPL, by the uniform percentage
1377 necessary to exhaust the maximum amount of inpatient UPL payments
1378 permissible under federal regulations. (For state fiscal year
1379 2015 and fiscal year 2016, the state shall use 2013 inpatient
1380 payment data).

1381 (d) In addition to other payments provided above, all
1382 hospitals licensed within the class of private hospitals shall
1383 receive an additional inpatient UPL payment determined by
1384 multiplying inpatient payments, excluding DSH and UPL, by the
1385 uniform percentage necessary to exhaust the maximum amount of UPL

1386 inpatient payments permissible under federal regulations. For
1387 state fiscal year 2015 and fiscal year 2016, the state shall use
1388 2013 data.

1389 (e) All hospitals satisfying the minimum federal DSH
1390 eligibility requirements (Section 1923(d) of the Social Security
1391 Act) shall, subject to OBRA 1993 payment limitations, receive an
1392 additional DSH payment. This additional DSH payment shall expend
1393 the balance of the federal DSH allotment and associated state
1394 share not utilized in DSH payments to state-owned institutions for
