169 the American Association of Family and Consumer Sciences (AAFCS).
170 Effective July 1, 2016, for initial elementary education

171 licensure, a teacher candidate must earn a passing score on a

187 Academic Skills for Educators examination; and

188 2. No less than 2.75 GPA on pre-major
189 coursework of the institution's approved teacher education program
190 provided that the accepted cohort of candidates meets or exceeds a
191 3.0 GPA on pre-major coursework.

192 (b) **Standard License - Nontraditional Teaching Route.**

193 From and after September 30, 2015, no teacher candidate shall be
194 licensed to teach in Mississippi under the alternate route who did
195 not meet the following criteria:

201 at or above the national recommended score provided that the
202 accepted cohort of candidates of the institution's teacher
203 education program meets or exceeds a 3.0 GPA on pre-major
204 coursework.

205 Beginning January 1, 2004, an individual who has a passing
206 score on the Praxis I Basic Skills and Praxis II Specialty Area
207 Test in the requested area of endorsement may apply for the Teach
208 Mississippi Institute (TMI) program to teach students in Grades 7
209 through 12 if the individual meets the requirements of this
210 paragraph (b). The State Board of Education shall adopt rules
211 requiring that teacher preparation institutions which provide the
212 Teach Mississippi Institute (TMI) program for the preparation of
213 nontraditional teachers shall meet the standards and comply with
214 the provisions of this paragraph.

215 (i) The Teach Mississippi Institute (TMI) shall
216 include an intensive eight-week, nine-semester-hour summer program
217 or a curriculum of study in which the student matriculates in the
218 fall or spring semester, which shall include, but not be limited
219 to, instruction in education, effective teaching strategies,
220 classroom management, state curriculum requirements, planning and

221 instruction, instructional methods and pedagogy, using test
222 results to improve instruction, and a one (1) semester three-hour
223 supervised internship to be completed while the teacher is
224 employed as a full-time teacher intern in a local school district.
225 The TMI shall be implemented on a pilot program basis, with
226 courses to be offered at up to four (4) locations in the state,
227 with one (1) TMI site to be located in each of the three (3)
228 Mississippi Supreme Court districts.

229 (ii) The school sponsoring the teacher intern
230 shall enter into a written agreement with the institution
231 providing the Teach Mississippi Institute (TMI) program, under
232 terms and conditions as agreed upon by the contracting parties,
233 providing that the school district shall provide teacher interns
234 seeking a nontraditional provisional teaching license with a
235 one-year classroom teaching experience. The teacher intern shall
236 successfully complete the one (1) semester three-hour intensive
237 internship in the school district during the semester immediately
238 following successful completion of the TMI and * * * before the
239 end of the one-year classroom teaching experience.

240 (iii) Upon completion of the nine-semester-hour
241 TMI or the fall or spring semester option, the individual shall
242 submit his or her transcript to the commission for provisional
243 licensure of the intern teacher, and the intern teacher shall be
244 issued a provisional teaching license by the commission, which
245 will allow the individual to legally serve as a teacher while the

246 person completes a nontraditional teacher preparation internship
247 program.

248 (iv) During the semester of internship in the
249 school district, the teacher preparation institution shall monitor
250 the performance of the intern teacher. The school district that
251 employs the provisional teacher shall supervise the provisional
252 teacher during the teacher's intern year of employment under a
253 nontraditional provisional license, and shall, in consultation
254 with the teacher intern's mentor at the school district of
255 employment, submit to the commission a comprehensive evaluation of
256 the teacher's performance sixty (60) days * * * before the
257 expiration of the nontraditional provisional license. If the
258 comprehensive evaluation establishes that the provisional teacher
259 intern's performance fails to meet the standards of the approved
260 nontraditional teacher preparation internship program, the
261 individual shall not be approved for a standard license.

262 (v) An individual issued a provisional teaching
263 license under this nontraditional route shall successfully
264 complete, at a minimum, a one-year beginning teacher mentoring and
265 induction program administered by the employing school district
266 with the assistance of the * * * Division of Public Education.

267 (vi) Upon successful completion of the TMI and the
268 internship provisional license period, applicants for a Standard
269 License - Nontraditional Route shall submit to the commission a
270 transcript of successful completion of the twelve (12) semester

271 hours required in the internship program, and the employing school
272 district shall submit to the commission a recommendation for
273 standard licensure of the intern. If the school district
274 recommends licensure, the applicant shall be issued a Standard
275 License - Nontraditional Route which shall be valid for a
276 five-year period and be renewable.

277 (vii) At the discretion of the teacher preparation
278 institution, the individual shall be allowed to credit the twelve
279 (12) semester hours earned in the nontraditional teacher
280 internship program toward the graduate hours required for a Master
281 of Arts in Teacher (MAT) Degree.

282 (viii) The local school district in which the
283 nontraditional teacher intern or provisional licensee is employed
284 shall compensate such teacher interns at Step 1 of the required
285 salary level during the period of time such individual is
286 completing teacher internship requirements and shall compensate
287 such Standard License - Nontraditional Route teachers at Step 3 of
288 the required salary level when they complete license requirements.

289 Implementation of the TMI program provided for under this
290 paragraph (b) shall be contingent upon the availability of funds
291 appropriated specifically for such purpose by the Legislature.
292 Such implementation of the TMI program may not be deemed to
293 prohibit the State Board of Education from developing and
294 implementing additional alternative route teacher licensure
295 programs, as deemed appropriate by the board. The emergency

296 certification program in effect prior to July 1, 2002, shall
297 remain in effect.

298 A Standard License - Approved Program Route shall be issued
299 for a five-year period, and may be renewed. Recognizing teaching
300 as a profession, a hiring preference shall be granted to persons
301 holding a Standard License - Approved Program Route or Standard
302 License - Nontraditional Teaching Route over persons holding any
303 other license.

304 (c) **Special License - Expert Citizen.** In order to
305 allow a school district to offer specialized or technical courses,
306 the * * * Division of Public Education, in accordance with rules
307 and regulations established by the State Board of Education, may
308 grant a one-year expert citizen-teacher license to local business
309 or other professional personnel to teach in a public school or
310 nonpublic school accredited or approved by the state. Such person
311 may begin teaching upon his or her employment by the local school
312 board and licensure by the * * * Division of Public Education.
313 The board shall adopt rules and regulations to administer the
314 expert citizen-teacher license. A Special License - Expert
315 Citizen may be renewed in accordance with the established rules
316 and regulations of the * * * Division of Public Education.

317 (d) **Special License - Nonrenewable.** The State Board of
318 Education is authorized to establish rules and regulations to
319 allow those educators not meeting requirements in paragraph (a),
320 (b) or (c) of this subsection (6) to be licensed for a period of

321 not more than three (3) years, except by special approval of the
322 State Board of Education.

323 (e) **Nonlicensed Teaching Personnel.** A nonlicensed
324 person may teach for a maximum of three (3) periods per teaching
325 day in a public school district or a nonpublic school
326 accredited/approved by the state. Such person shall submit to
327 the * * * division a transcript or record of his or her education
328 and experience which substantiates his or her preparation for the
329 subject to be taught and shall meet other qualifications specified
330 by the commission and approved by the State Board of Education.
331 In no case shall any local school board hire nonlicensed personnel
332 as authorized under this paragraph in excess of five percent (5%)
333 of the total number of licensed personnel in any single school.

334 (f) **Special License - Transitional Bilingual Education.**
335 Beginning July 1, 2003, the commission shall grant special
336 licenses to teachers of transitional bilingual education who
337 possess such qualifications as are prescribed in this section.
338 Teachers of transitional bilingual education shall be compensated
339 by local school boards at not less than one (1) step on the
340 regular salary schedule applicable to permanent teachers licensed
341 under this section. The commission shall grant special licenses
342 to teachers of transitional bilingual education who present the
343 commission with satisfactory evidence that they (i) possess a
344 speaking and reading ability in a language, other than English, in
345 which bilingual education is offered and communicative skills in

346 English; (ii) are in good health and sound moral character; (iii)
347 possess a bachelor's degree or an associate's degree in teacher
348 education from an accredited institution of higher education; (iv)
349 meet such requirements as to courses of study, semester hours
350 therein, experience and training as may be required by the
351 commission; and (v) are legally present in the United States and
352 possess legal authorization for employment. A teacher of
353 transitional bilingual education serving under a special license
354 shall be under an exemption from standard licensure if he or she
355 achieves the requisite qualifications therefor. Two (2) years of
356 service by a teacher of transitional bilingual education under
357 such an exemption shall be credited to the teacher in acquiring a
358 Standard Educator License. Nothing in this paragraph shall be
359 deemed to prohibit a local school board from employing a teacher
360 licensed in an appropriate field as approved by the * * * Division
361 of Public Education to teach in a program in transitional
362 bilingual education.

363 (g) In the event any school district meets the highest
364 accreditation standards as defined by the State Board of Education
365 in the accountability system, the State Board of Education, * * *
366 with the approval of the Governor, may exempt such school district
367 from any restrictions in paragraph (e) relating to the employment
368 of nonlicensed teaching personnel.

369 (h) **Highly Qualified Teachers.** Beginning July 1, 2006,
370 any teacher from any state meeting the federal definition of

371 highly qualified, as described in the No Child Left Behind Act,
372 must be granted a standard five-year license by the * * * Division
373 of Public Education.

374 (7) **Administrator License.** The State Board of Education is
375 authorized to establish rules and regulations and to administer
376 the licensure process of the school administrators in the State of
377 Mississippi. There will be four (4) categories of administrator
378 licensure with exceptions only through special approval of the
379 State Board of Education.

380 (a) **Administrator License - Nonpracticing.** Those
381 educators holding administrative endorsement but having no
382 administrative experience or not serving in an administrative
383 position on January 15, 1997.

384 (b) **Administrator License - Entry Level.** Those
385 educators holding administrative endorsement and having met
386 the * * * division's qualifications to be eligible for employment
387 in a Mississippi school district. Administrator License - Entry
388 Level shall be issued for a five-year period and shall be
389 nonrenewable.

390 (c) **Standard Administrator License - Career Level.** An
391 administrator who has met all the requirements of the * * *
392 division for standard administrator licensure.

393 (d) **Administrator License - Nontraditional Route.** The
394 board may establish a nontraditional route for licensing
395 administrative personnel. Such nontraditional route for

396 administrative licensure shall be available for persons holding,
397 but not limited to, a master of business administration degree, a
398 master of public administration degree, a master of public
399 planning and policy degree or a doctor of jurisprudence degree
400 from an accredited college or university, with five (5) years of
401 administrative or supervisory experience. Successful completion
402 of the requirements of alternate route licensure for
403 administrators shall qualify the person for a standard
404 administrator license.

405 Individuals seeking school administrator licensure under
406 paragraph (b), (c) or (d) shall successfully complete a training
407 program and an assessment process prescribed by the State Board of
408 Education. All applicants for school administrator licensure
409 shall meet all requirements prescribed by the * * * division under
410 paragraph (b), (c) or (d), and the cost of the assessment process
411 required shall be paid by the applicant.

412 (8) **Reciprocity.** (a) The * * * division shall grant a
413 standard license to any individual who possesses a valid standard
414 license from another state and meets minimum Mississippi license
415 requirements or equivalent requirements as determined by the State
416 Board of Education. The issuance of a license by reciprocity to a
417 military-trained applicant or military spouse shall be subject to
418 the provisions of Section 73-50-1.

419 (b) The * * * division shall grant a nonrenewable
420 special license to any individual who possesses a credential which

421 is less than a standard license or certification from another
422 state. Such special license shall be valid for the current school
423 year plus one (1) additional school year to expire on June 30 of
424 the second year, not to exceed a total period of twenty-four (24)
425 months, during which time the applicant shall be required to
426 complete the requirements for a standard license in Mississippi.

427 (9) **Renewal and Reinstatement of Licenses.** The State Board
428 of Education is authorized to establish rules and regulations for
429 the renewal and reinstatement of educator and administrator
430 licenses. Effective May 15, 1997, the valid standard license held
431 by an educator shall be extended five (5) years beyond the
432 expiration date of the license in order to afford the educator
433 adequate time to fulfill new renewal requirements
434 established * * * under this subsection. An educator completing a
435 master of education, educational specialist or doctor of education
436 degree in May 1997 for the purpose of upgrading the educator's
437 license to a higher class shall be given this extension of five
438 (5) years plus five (5) additional years for completion of a
439 higher degree.

440 (10) All controversies involving the issuance, revocation,
441 suspension or any change whatsoever in the licensure of an
442 educator required to hold a license shall be initially heard in a
443 hearing de novo, by the commission or by a subcommittee
444 established by the commission and composed of commission members
445 for the purpose of holding hearings. Any complaint seeking the

446 denial of issuance, revocation or suspension of a license shall be
447 by sworn affidavit filed with the Commission on Teacher and
448 Administrator Education, Certification and Licensure and
449 Development. The decision thereon by the commission or its
450 subcommittee shall be final, unless the aggrieved party shall
451 appeal to the State Board of Education, within ten (10) days, of
452 the decision of the committee or its subcommittee. An appeal to
453 the State Board of Education shall be on the record previously
454 made before the commission or its subcommittee unless otherwise
455 provided by rules and regulations adopted by the board. The State
456 Board of Education in its authority may reverse, or remand with
457 instructions, the decision of the committee or its subcommittee.
458 The decision of the State Board of Education shall be final.

459 (11) The State Board of Education, acting through the
460 commission, may deny an application for any teacher or
461 administrator license for one or more of the following:

462 (a) Lack of qualifications which are prescribed by law
463 or regulations adopted by the State Board of Education;

464 (b) The applicant has a physical, emotional or mental
465 disability that renders the applicant unfit to perform the duties
466 authorized by the license, as certified by a licensed psychologist
467 or psychiatrist;

468 (c) The applicant is actively addicted to or actively
469 dependent on alcohol or other habit-forming drugs or is a habitual
470 user of narcotics, barbiturates, amphetamines, hallucinogens or

471 other drugs having similar effect, at the time of application for
472 a license;

473 (d) Revocation, suspension or surrender of an
474 applicant's certificate or license by another state shall result
475 in immediate denial of licensure until such time that the records
476 predicated the revocation, suspension or surrender in the prior
477 state have been cleared;

478 (e) Fraud or deceit committed by the applicant in
479 securing or attempting to secure such certification and license;

480 (f) Failing or refusing to furnish reasonable evidence
481 of identification;

482 (g) The applicant has been convicted, has pled guilty
483 or entered a plea of nolo contendere to a felony, as defined by
484 federal or state law;

493 shall result in the immediate denial of licensure application
494 until expiration of the probationary or post-release supervision
495 period.

496 (12) The State Board of Education, acting through the
497 commission, may revoke, suspend or refuse to renew any teacher or
498 administrator license for specified periods of time or may place
499 on probation, censure, reprimand a licensee, or take other
500 disciplinary action with regard to any license issued under this
501 chapter for one or more of the following:

502 (a) Breach of contract or abandonment of employment may
503 result in the suspension of the license for one (1) school year as
504 provided in Section 37-9-57;

505 (b) Obtaining a license by fraudulent means shall
506 result in immediate suspension and continued suspension for one
507 (1) year after correction is made;

508 (c) Suspension or revocation of a certificate or
509 license by another state shall result in immediate suspension or
510 revocation and shall continue until records in the prior state
511 have been cleared;

512 (d) The license holder has been convicted, has pled
513 guilty or entered a plea of nolo contendere to a felony, as
514 defined by federal or state law. For purposes of this paragraph,
515 a "guilty plea" includes a plea of guilty, entry of a plea of nolo

517 diversion;

518 (e) The license holder has been convicted, has pled
519 guilty or entered a plea of nolo contendere to a sex offense, as

520 defined by federal or state law, shall result in immediate
521 suspension or revocation;

522 (f) The license holder has received probation or
523 post-release supervision for a felony or sex offense conviction,
524 as defined by federal or state law, which shall result in
525 immediate suspension or revocation until expiration of the
526 probationary or post-release supervision period;

527 (g) The license holder knowingly and willfully
528 committing any of the acts affecting validity of mandatory uniform
529 test results as provided in Section 37-16-4(1);

530 (h) The license holder has engaged in unethical conduct
531 relating to an educator/student relationship as identified by the
532 State Board of Education in its rules;

533 (i) The license holder has fondled a student as
534 described in Section 97-5-23, or had any type of sexual
535 involvement with a student as described in Section 97-3-95;

536 (j) The license holder has failed to report sexual
537 involvement of a school employee with a student as required by
538 Section 97-5-24;

539 (k) The license holder served as superintendent or
540 principal in a school district during the time preceding and/or
541 that resulted in the Governor declaring a state of emergency and
542 the State Board of Education appointing a conservator;

543 (l) The license holder submitted a false certification
544 to the * * * Division of Public Education that a statewide test

545 was administered in strict accordance with the Requirements of the
546 Mississippi Statewide Assessment System; or

547 (m) The license holder has failed to comply with the
548 Procedures for Reporting Infractions as promulgated by the
549 commission and approved by the State Board of Education pursuant
550 to subsection (15) of this section.

551 (13) (a) Dismissal or suspension of a licensed employee by
552 a local school board pursuant to Section 37-9-59 may result in the
553 suspension or revocation of a license for a length of time which
554 shall be determined by the commission and based upon the severity
555 of the offense.

556 (b) Any offense committed or attempted in any other
557 state shall result in the same penalty as if committed or
558 attempted in this state.

559 (c) A person may voluntarily surrender a license. The
560 surrender of such license may result in the commission
561 recommending any of the above penalties without the necessity of a
562 hearing. However, any such license which has voluntarily been
563 surrendered by a licensed employee may only be reinstated by a
564 majority vote of all members of the commission present at the
565 meeting called for such purpose.

566 (14) (a) A person whose license has been revoked or
567 surrendered on any grounds except criminal grounds may petition
568 for reinstatement of the license after one (1) year from the date
569 of revocation or surrender, or after one-half (1/2) of the revoked

570 or surrendered time has lapsed, whichever is greater. A person
571 whose license has been suspended on any grounds or violations
572 under subsection (12) of this section may be reinstated
573 automatically or approved for a reinstatement hearing, upon
574 submission of a written request to the commission. A license
575 suspended, revoked or surrendered on criminal grounds may be
576 reinstated upon petition to the commission filed after expiration
577 of the sentence and parole or probationary period imposed upon
578 conviction. A revoked, suspended or surrendered license may be
579 reinstated upon satisfactory showing of evidence of
580 rehabilitation. The commission shall require all who petition for
581 reinstatement to furnish evidence satisfactory to the commission
582 of good character, good mental, emotional and physical health and
583 such other evidence as the commission may deem necessary to
584 establish the petitioner's rehabilitation and fitness to perform
585 the duties authorized by the license.

586 (b) A person whose license expires while under
587 investigation by the Office of Educator Misconduct for an alleged
588 violation may not be reinstated without a hearing before the
589 commission if required based on the results of the investigation.

590 (15) Reporting procedures and hearing procedures for dealing
591 with infractions under this section shall be promulgated by the
592 commission, subject to the approval of the State Board of
593 Education. The revocation or suspension of a license shall be
594 effected at the time indicated on the notice of suspension or

595 revocation. The commission shall immediately notify the
596 superintendent of the school district or school board where the
597 teacher or administrator is employed of any disciplinary action
598 and also notify the teacher or administrator of such revocation or
599 suspension and shall maintain records of action taken. The State
600 Board of Education may reverse or remand with instructions any
601 decision of the commission regarding a petition for reinstatement
602 of a license, and any such decision of the State Board of
603 Education shall be final.

604 (16) An appeal from the action of the State Board of
605 Education in denying an application, revoking or suspending a
606 license or otherwise disciplining any person under the provisions
607 of this section shall be filed in the Chancery Court of the First
608 Judicial District of Hinds County, Mississippi, on the record
609 made, including a verbatim transcript of the testimony at the
610 hearing. The appeal shall be filed within thirty (30) days after
611 notification of the action of the board is mailed or served and
612 the proceedings in chancery court shall be conducted as other
613 matters coming before the court. The appeal shall be perfected
614 upon filing notice of the appeal and by the prepayment of all
615 costs, including the cost of preparation of the record of the
616 proceedings by the State Board of Education, and the filing of a
617 bond in the sum of Two Hundred Dollars (\$200.00) conditioned that
618 if the action of the board be affirmed by the chancery court, the

619 applicant or license holder shall pay the costs of the appeal and
620 the action of the chancery court.

621 (17) All such programs, rules, regulations, standards and
622 criteria recommended or authorized by the commission shall become
623 effective upon approval by the State Board of Education as
624 designated by appropriate orders entered upon the minutes thereof.

625 (18) The granting of a license shall not be deemed a
626 property right nor a guarantee of employment in any public school
627 district. A license is a privilege indicating minimal eligibility
628 for teaching in the public school districts of Mississippi. This
629 section shall in no way alter or abridge the authority of local
630 school districts to require greater qualifications or standards of
631 performance as a prerequisite of initial or continued employment
632 in such districts.

633 (19) In addition to the reasons specified in subsections
634 (12) and (13) of this section, the board shall be authorized to
635 suspend the license of any licensee for being out of compliance
636 with an order for support, as defined in Section 93-11-153. The
637 procedure for suspension of a license for being out of compliance
638 with an order for support, and the procedure for the reissuance or
639 reinstatement of a license suspended for that purpose, and the
640 payment of any fees for the reissuance or reinstatement of a
641 license suspended for that purpose, shall be governed by Section
642 93-11-157 or 93-11-163, as the case may be. Actions taken by the
643 board in suspending a license when required by Section 93-11-157

644 or 93-11-163 are not actions from which an appeal may be taken
645 under this section. Any appeal of a license suspension that is
646 required by Section 93-11-157 or 93-11-163 shall be taken in
647 accordance with the appeal procedure specified in Section
648 93-11-157 or 93-11-163, as the case may be, rather than the
649 procedure specified in this section. If there is any conflict
650 between any provision of Section 93-11-157 or 93-11-163 and any
651 provision of this chapter, the provisions of Section 93-11-157 or
652 93-11-163, as the case may be, shall control.

653 **SECTION 3.** Section 37-3-3, Mississippi Code of 1972, is
654 amended as follows:

655 37-3-3. The office of the * * * Division of Public Education

671 approval of the State Board of Education, shall assign sufficient
672 staff members from the * * * Division of Public Education to the
673 institute.

674 (2) It shall be the purpose and duty of the institute to
675 conduct thorough empirical studies and analyses of the school
676 management needs of the local school districts throughout the
677 state, to make recommendations to the State Board of Education
678 regarding standards and programs of training that aid in the
679 development of administrative and management skills of local
680 school administrators, and to conduct such programs related to
681 these purposes as they are implemented under guidelines
682 established by the State Board of Education.

683 (3) The State Board of Education shall develop and implement
684 through the School Executive Management Institute a program for
685 the development of administrative and management skills of local
686 school administrators under which all local school administrators
687 employed by a school district shall be required to participate.
688 Subject to the extent of appropriations available for such
689 purpose, the School Executive Management Institute or the
690 Mississippi School Boards Association shall be required to offer
691 courses at least twice a year on the uses of technology to school
692 district principals, superintendents and other administrative

693 personnel. These courses shall relate to the application of
694 technology to learning, as well as administrative problems.

695 (4) (a) The institute shall have an advisory board composed
696 of ten (10) qualified members appointed by the State Board of
697 Education after consultation with the State Superintendent of
698 Public Education. This advisory board will offer recommendations
699 to the institute on the types of training to be instituted and
700 supported. The membership of the advisory board shall be composed
701 of the following members, two (2) to be appointed from each
702 congressional district: three (3) school administrators; one (1)
703 representative of public community/junior colleges within the
704 state; one (1) representative of a school of education in an
705 institution of higher learning within the state; two (2) local
706 school board members; one (1) classroom teacher; and two (2)
707 laypersons. In making the initial appointments, three (3) members
708 shall be appointed for a term of one (1) year, three (3) members
709 shall be appointed for a term of two (2) years, two (2) members
710 shall be appointed for a term of three (3) years, and two (2)
711 members shall be appointed for a term of four (4) years.
712 Thereafter, all members shall be appointed for a term of four (4)
713 years. The advisory board shall meet when called by the director,
714 but in no event fewer than three (3) times per year. The members
715 of the advisory board shall be compensated at the per diem rate
716 authorized by Section 25-3-69 and reimbursed for actual and
717 necessary expenses as authorized by Section 25-3-41.

718 (b) Board members of the Oxford-Lafayette Business and
719 Industrial Complex shall be paid per diem and reimbursed for
720 expenses and mileage from local funds in accordance with Section
721 37-6-13.

722 (5) (a) Basic Education Course. The Mississippi School
723 Boards Association shall be responsible for preparing and
724 conducting a course of training for basic education for the local
725 school board members of this state, in order for board members to
726 carry out their duties more effectively and be exposed to new
727 ideas involving school restructuring. The basic course shall be
728 known as the "School Board Member Training Course" and shall
729 consist of at least twelve (12) hours of training. The
730 Mississippi School Boards Association shall issue certificates of
731 completion to those school board members who complete the basic
732 education course.

733 (b) Continuing Education Course. The Mississippi
734 School Boards Association shall be responsible for preparing and
735 conducting a course of training for continuing education for the
736 local school board members of this state, in order for board
737 members to carry out their duties more effectively and be exposed
738 to new ideas involving school restructuring. The continuing
739 education course shall be known as the "Continuing Education
740 Course for School Board Members" and shall consist of at least six
741 (6) hours of training.

742 (c) Additional Required Training. Effective July 1,
743 2009, local school board members and the local superintendent that
744 serve in a district with one or more failing schools as determined
745 by the Mississippi Board of Education accountability system as
746 provided for in Section 37-17-6, or serving in a school district
747 that has a serious financial condition as determined by the State
748 Auditor as provided for in Section 37-9-18, shall annually attend
749 additional training provided by the Mississippi School Boards
750 Association.

751 The Mississippi School Boards Association shall, subject to
752 appropriation, develop and conduct training specific to the local
753 boards' role in improving learning outcomes and effective
754 financial management. Such training shall be known as "Improving
755 Student Outcomes and Academic Success" which shall consist of not
756 less than six (6) hours of training and "Effective Financial
757 Management In Local School Districts" which shall consist of not
758 less than six (6) hours of training. Any local board members and
759 the local superintendent that serve in a school district that
760 meets the criteria for both of the training modules shall annually
761 attend both training sessions for a total of not less than twelve
762 (12) hours of training. At such time the school district is
763 determined to no longer have failing schools; or no longer has a
764 serious financial condition, such board member and the local
765 superintendent shall no longer be required to attend the training
766 as provided herein. The training as required under subsection (c)

767 shall not replace, but is in addition to, the training required
768 for new school board members and continuing board members as
769 required under Section 37-7-306.

770 The Mississippi School Boards Association shall issue
771 certificates of completion to those school board members who
772 complete the continuing education course. All costs and expenses
773 for preparing and conducting the basic education course and the
774 continuing education course provided for in this paragraph shall
775 be paid out of any funds which are made available to the
776 Mississippi School Boards Association upon authorization and
777 appropriation by the Legislature to the * * * Division of Public
778 Education.

779 (6) The Mississippi School Boards Association shall prepare
780 and submit a report each year to the State Board of Education, the
781 Governor and to the respective Chairs of the House and Senate
782 Education Committees describing the activities and providing an
783 evaluation of the continuing education programs offered by the
784 association each year.

785 (7) The School Executive Management Institute of the * * *
786 Division of Public Education, or the Mississippi School Boards
787 Association with the oversight of the State Board of Education, at
788 least twice a year, shall prepare and conduct required courses of
789 training for continuing education for the elementary and secondary
790 school principals employed by the school districts of this state,
791 in order for those principals to carry out their duties more

792 effectively and be exposed to new ideas involving school
793 management. The continuing education course shall be known as the
794 "Continuing Education Course for Principals" and shall consist of
795 at least six (6) hours of training. The content of the continuing
796 education courses and the time and place such courses are to be
797 conducted shall be determined by the School Executive Management
798 Institute or the Mississippi School Boards Association; however,
799 to the extent practicable, such training sessions shall be held
800 within geographical proximity of local districts in order that
801 travel times and costs shall not be prohibitive.

802 The institute shall issue certificates of completion to those
803 principals who complete such courses. All costs and expenses for
804 preparing and conducting the basic and continuing education
805 courses provided for in this subsection shall be paid out of any
806 funds which are made available to the institute upon authorization
807 and appropriation by the Legislature.

808 (8) School district principals and other administrators with
809 career level certifications at schools meeting the highest levels
810 of accreditation standards, as defined by the State Board of
811 Education, are exempt from the requirements of this section,
812 subject to approval of the local school district superintendent.

813 **SECTION 5.** Section 37-3-5, Mississippi Code of 1972, is
814 amended as follows:

815 37-3-5. The * * * State Department of Education is hereby
816 charged with the execution of all laws relating to the

817 administrative, supervisory and consultative services to the
818 public schools and agricultural high schools of the school
819 districts throughout the State of Mississippi. The * * * State
820 Department of Education is also authorized to grant property to
821 public school districts and agricultural high schools of the State
822 of Mississippi.

823 Subject to the direction of the State Board of Education as
824 provided by law, the administration, management and control of

834 public school buildings and other school facilities in this state.
835 Such study and survey shall have as its purpose and object the
836 development and ascertainment of the amount of insurance premiums
837 paid by the school districts of this state for fire, extended
838 coverage and other hazard insurance upon public school buildings
839 and other school facilities in this state, the amount of losses
840 paid by insurance companies under and by virtue of such insurance,
841 the ratio of losses with respect to premiums collected, and such

842 other facts and information with reference to the insurance of
843 public school buildings and other school facilities and the cost
844 thereof as shall be necessary and desirable.

845 (2) In making such study and survey, the * * * Division of
846 Public Education shall be authorized and empowered to inspect and
847 examine the financial records and accounts of the school districts
848 of this state and of such other local, county and state agencies
849 and instrumentalities as shall be deemed to be proper and
850 desirable. It shall be the duty and obligation of all such school
851 districts to prepare and file with the * * * Division of Public
852 Education such reports relative to insurance premiums paid, losses
853 sustained or incurred, and other pertinent information with
854 reference to the problem of insurance on school buildings and
855 other school facilities as the * * * Division of Public Education
856 shall request.

857 (3) It shall be the duty and obligation of the State

859 of the State of Mississippi and the State Rating Bureau to
860 cooperate with and assist the * * * Division of Public Education
861 in the making of the study and survey herein provided for to the
862 end that complete and accurate information shall be developed,
863 and, for such purpose, it shall be the duty and obligation of all
864 such agencies to furnish, upon request of the * * * Division of
865 Public Education, all information, material and statistics

866 relating to such study and survey as shall be within the keeping
867 and possession of such agency.

868 (4) The information developed by the * * * Division of
869 Public Education shall be a public record and shall be available
870 for inspection by any interested party at all proper times.

872 amended as follows:

873 37-3-9. (1) There shall be a State Superintendent of Public
874 Education who shall be appointed by the State Board of Education,
875 subject to the Governor's approval, and with the advice and
876 consent of the Senate, and serve at the * * * Governor's will and
877 pleasure. He or she shall be the Chief Administrative Officer for
878 the * * * Division of Public Education and shall administer
879 the * * * division in accordance with the policies established by
880 the State Board of Education. * * * The salary of the State

1054 **SECTION 13.** Section 37-3-46, Mississippi Code of 1972, is
1055 amended as follows:

1056 37-3-46. (1) The * * * Division of Public Education, in
1057 regard to any school within a school district or any school

1059 standards, as defined by the State Board of Education, shall,
1060 subject to appropriation:

1070 (c) Provide to local school districts, or specific
1071 schools within those districts, technical assistance in the

1075 (2) Schools or school districts receiving assistance from
1076 the * * * Division of Public Education as outlined in subsection
1077 (1) of this section shall be required to implement any training,
1078 programs, and any other requirements as specified by the State
1079 Superintendent of Public Education.

1080 **SECTION 14.** Section 37-3-49, Mississippi Code of 1972, is
1081 amended as follows:

1082 37-3-49. (1) The * * * Division of Public Education shall
1083 provide an instructional program and establish guidelines and
1084 procedures for managing such program in the public schools within
1085 the school districts throughout the state as part of the State
1086 Program of Educational Accountability and Assessment of
1087 Performance as prescribed in Section 37-3-46. Public school
1088 districts may (a) elect to adopt the instructional program and
1089 management system provided by the * * * Division of Public

1090 Education, or (b) elect to adopt an instructional program and
1091 management system which meets or exceeds criteria established by
1092 the * * * Division of Public Education for such. This provision
1093 shall begin with the courses taught in Grades K-8 which contain
1094 skills tested through the Mississippi Basic Skills Assessment
1095 Program and shall proceed through all secondary school courses
1096 mandated for graduation and all secondary school courses in the
1097 Mississippi end-of-course testing program. Other state core
1098 objectives must be included in the district's instructional
1099 program as they are provided by the * * * Division of Public
1100 Education along with instructional practices, resources,
1101 evaluation items and management procedures. Districts are
1102 encouraged to adapt this program and accompanying procedures to
1103 all other instructional areas. The * * * division shall provide
1104 that such program and guidelines, or a program and guidelines
1105 developed by a local school district which incorporates the core
1106 objectives from the curriculum structure are enforced through the
1107 performance-based accreditation system. It is the intent of the
1108 Legislature that every effort be made to protect the instructional
1109 time in the classroom and reduce the amount of paperwork which
1110 must be completed by teachers. The * * * Division of Public
1111 Education shall take steps to * * * ensure that school districts
1112 properly use staff development time to work on the districts'
1113 instructional management plans.

1114 (2) The * * * Division of Public Education shall provide
1115 such instructional program and management guidelines which shall
1116 require for every public school district that:

1117 (a) All courses taught in Grades K-8 which contain
1118 skills which are tested through the Mississippi Basic Skills
1119 Assessment Program, all secondary school courses mandated for
1120 graduation, and all courses in the end-of-course testing program
1121 shall include the * * * Division of Public Education's written
1122 list of learning objectives.

1123 (b) The local school board must adopt the objectives
1124 that will form the core curriculum which will be systematically
1125 delivered throughout the district.

1126 (c) The set of objectives provided by the * * *
1127 Division of Public Education must be accompanied by suggested
1128 instructional practices and resources that would help teachers
1129 organize instruction so as to promote student learning of the
1130 objectives. Objectives added by the school district must also be
1131 accompanied by suggested instructional practices and resources
1132 that would help teachers organize instruction. The instructional
1133 practices and resources that are identified are to be used as
1134 suggestions and not as requirements that teachers must follow.
1135 The goal of the program is to have students to achieve the desired
1136 objective and not to limit teachers in the way they teach.

1137 (d) Standards for student performance must be
1138 established for each core objective in the local program and those

1139 standards establish the district's definition of mastery for each
1140 objective.

1141 (e) There shall be an annual review of student
1142 performance in the instructional program against locally
1143 established standards. When weaknesses exist in the local
1144 instructional program, the district shall take action to improve
1145 student performance.

1146 (3) The State Board of Education and the board of trustees
1147 of each school district shall adopt policies to limit and reduce
1148 the number and length of written reports that classroom teachers
1149 are required to prepare.

1150 (4) This section shall not be construed to limit teachers
1151 from using their own professional skills to help students master
1152 instructional objectives, nor shall it be construed as a call for
1153 more detailed or complex lesson plans or any increase in testing
1154 at the local school district level.

1155 (5) Districts meeting the highest levels of accreditation
1156 standards, as defined by the State Board of Education, shall be
1157 exempted from the provisions of subsection (2) of this section.

1158 **SECTION 15.** Section 37-3-51, Mississippi Code of 1972, is
1159 amended as follows:

1160 37-3-51. (1) Upon the conviction of any licensed personnel,
1161 as defined in Section 37-9-1, employed by a public school district
1162 or any person employed by a charter or private elementary or
1163 secondary school in a position that requires licensure in the

1164 public school districts, of any felony, or of a sex offense as
1165 defined in subsection (2) of this section, the district attorney
1166 or other prosecuting attorney shall identify those defendants for
1167 the circuit clerk. Each circuit clerk shall provide the * * *
1168 Division of Public Education with notice of the conviction of any
1169 such personnel of a felony or a sex offense. In addition, if the
1170 convicted person is an employee of a charter school, the circuit
1171 clerk must provide the same notice to the Mississippi Charter
1172 School Authorizer Board.

1173 (2) "Sex offense" shall mean any of the following offenses:

1174 (a) Section 97-3-65, * * * relating to the carnal
1175 knowledge of a child under fourteen (14) years of age;

1176 (b) Section 97-3-95, * * * relating to sexual battery;

1177 (c) Section 97-5-21, * * * relating to seduction of a
1178 child under age eighteen (18);

1179 (d) Section 97-5-23, * * * relating to the touching of
1180 a child for lustful purposes;

1181 (e) Section 97-5-27, * * * relating to the
1182 dissemination of sexually oriented material to children;

1183 (f) Section 97-5-33, * * * relating to the exploitation
1184 of children;

1185 (g) Section 97-5-41, * * * relating to the carnal
1186 knowledge of a stepchild, adopted child, or child of a
1187 cohabitating partner;

1188 (h) Section 97-29-59, * * * relating to unnatural
1189 intercourse; or

1190 (i) Any other offense committed in another jurisdiction
1191 which, if committed in this state, would be deemed to be such a
1192 crime without regard to its designation elsewhere.

1193 (3) In addition, the * * * Division of Public Education is
1194 considered to be the employer of such personnel for purposes of
1195 requesting criminal record background checks.

1196 **SECTION 16.** Section 37-3-53, Mississippi Code of 1972, is
1197 amended as follows:

1198 37-3-53. (1) (a) Each school year, the State Board of
1199 Education, acting through the Office of Educational
1200 Accountability, shall develop a public school reporting system, or
1201 "Mississippi Report Card," on the performance of students and
1202 public schools, including charter schools, at the local, district
1203 and state level. In developing the report card, the Office of
1204 Educational Accountability shall collect school, district and
1205 state level student achievement data in the appropriate grades as
1206 designated by the State Board of Education in all core subjects,
1207 and compare the data with national standards to identify students'
1208 strengths and weaknesses. The Mississippi Report Card shall
1209 provide more than reports to parents on the level at which their
1210 children are performing; the report shall provide clear and
1211 comparable public information on the level at which schools,
1212 school districts and the state public education system are

1213 performing. The Office of Educational Accountability shall
1214 encourage local school districts and the general public to use
1215 Mississippi Report Card information along with local individual
1216 student data to assess the quality of instructional programs and
1217 the performance of schools and to plan and implement programs of
1218 instructional improvement.

1219 (b) Beginning with the 1998-1999 school year, the
1220 Mississippi Report Card shall include information, as compiled by
1221 the Office of Compulsory School Attendance Enforcement, which
1222 demonstrates clearly the absenteeism and dropout rates in each
1223 school district, charter school and the state as a whole and
1224 whether those rates reflect a positive or negative change from the
1225 same information as reported in the previous year's Mississippi
1226 Report Card.

1227 (c) Each local school district shall be required to
1228 develop and publish an annual report as prescribed by the State
1229 Board of Education. By November 1 of each year, as prescribed by
1230 the State Board of Education, the report shall be published in a
1231 newspaper having general circulation in the county and posted on
1232 the school district's website in a printable format. The public
1233 notice shall include information on the report's availability on
1234 the district's website, with the website address, and the
1235 location(s) in the school district where a copy of the report can
1236 be obtained.

1237 (2) The * * * Division of Public Education may benefit from
1238 the use of performance data from the Mississippi Report Card in
1239 making evaluations under Section 37-19-9.

1240 **SECTION 17.** Section 37-3-79, Mississippi Code of 1972, is
1241 amended as follows:

1242 37-3-79. The * * * Division of Public Education shall employ
1243 a Curriculum Coordinator of Music and Art Education who holds
1244 certification as a music and/or art teacher. The supervisor's
1245 responsibilities shall include the oversight of the elementary
1246 music/art programs as well as secondary programs.

1247 **SECTION 18.** Section 37-3-81, Mississippi Code of 1972, is
1248 amended as follows:

1249 37-3-81. The * * * Division of Public Education, using only
1250 existing staff and resources, shall establish and maintain a
1251 School Safety Center, which shall operate a statewide information
1252 clearinghouse that: (a) provides assistance to school districts
1253 and communities during school crises; and (b) provides technical
1254 assistance, training and current resources to public school
1255 officials and parents who need assistance in researching,
1256 developing and implementing school safety plans and in maintaining
1257 a safe school environment. However, no monies from the Temporary
1258 Assistance for Needy Families grant may be used for the School
1259 Safety Center.

1260 **SECTION 19.** Section 37-3-82, Mississippi Code of 1972, is
1261 amended as follows:

1262 37-3-82. (1) There is hereby established the Mississippi
1263 Community Oriented Policing Services in Schools (MCOPS) grant
1264 program in the * * * Division of Public Education to provide
1265 funding, pursuant to specific appropriation by the Legislature
1266 therefor, to assist law enforcement agencies in providing
1267 additional School Resource Officers to engage in community
1268 policing in and around primary and secondary schools. The MCOPS
1269 program shall authorize the * * * Division of Public Education to
1270 make grants to increase deployment of law enforcement officers in
1271 order (a) to increase or enhance community policing in this state,
1272 (b) that trained, sworn enforcement officers assigned to schools
1273 play an integral part in the development and/or enhancement of a
1274 comprehensive school safety plan, and (c) that the presence of
1275 these officers shall provide schools with a direct link to local
1276 law enforcement agencies.

1277 (2) The MCOPS program shall meet the following requirements
1278 and standards:

1279 (a) This program shall provide an incentive for law
1280 enforcement agencies to build collaborative partnerships with the
1281 school community and to use community policing efforts to combat
1282 school violence and implement educational programs to improve
1283 student and school safety.

1284 (b) The additional School Resource Officers must devote
1285 at least seventy-five percent (75%) of their time to work in and
1286 around primary and secondary schools, in addition to the time that

1287 School Resource Officers are devoting in the absence of the MCOPS
1288 in Schools grant.

1289 (c) The MCOPS in Schools program shall provide a
1290 maximum state contribution of up to Ten Thousand Dollars
1291 (\$10,000.00) per officer position over the one-year grant period,
1292 to be matched from local funds on a 50/50 matching basis.
1293 Officers paid with MCOPS funds may be employed by the local law
1294 enforcement agency or by the local school district. MCOPS funds
1295 may be used to pay for entry-level salaries and benefits of newly
1296 trained additional School Resource Officers and may be used to pay
1297 the salaries and benefits of School Resource Officers
1298 employed * * * before July 1, 2013. All jurisdictions that apply
1299 must demonstrate that they have primary law enforcement authority
1300 over the school(s) identified in their application and demonstrate

1304 (including other School Resource Officers or other sworn officers
1305 assigned to the schools) as a result of applying for or receiving
1306 MCOPS in Schools grant funding. MCOPS in Schools funding may be
1307 used to rehire sworn officers previously employed who have been
1308 laid off for financial reasons unrelated to the availability of
1309 the MCOPS in Schools grant, but must obtain prior written approval
1310 from the * * * Division of Public Education.

1311 (* * *d) School Resource Officers (SROs) may serve in
1312 a variety of roles, including, but not limited to, that of a law
1313 enforcement officer/safety specialist, law-related educator, and
1314 problem-solver/community liaison. These officers may teach
1315 programs such as crime prevention, substance abuse prevention, and
1316 gang resistance as well as monitor and assist troubled students
1317 through mentoring programs. The School Resource Officer(s) may
1318 also identify physical changes in the environment that may reduce
1319 crime in and around the schools, as well as assist in developing
1320 school policies which address criminal activity and school safety.
1321 The application must also include a Memorandum of Understanding
1322 (MOU), signed by the law enforcement executive and the appropriate
1323 school official(s), to document the roles and responsibilities to
1324 be undertaken by the law enforcement agency and the educational
1325 school partner(s) through this collaborative effort. The
1326 application must also include a Narrative Addendum to document
1327 that the School Resource Officer(s) will be assigned to work in
1328 and around primary or secondary schools and provide supporting
1329 documentation in the following areas: problem identification and
1330 justification, community policing strategies to be used by the
1331 officers, quality and level of commitment to the effort, and the
1332 link to community policing.

1333 (* * *e) All agencies receiving awards through the
1334 MCOPS in Schools program are required to send the School Resource
1335 Officer position(s) funded by this grant, to the Mississippi Law

1336 Enforcement Officers' Training Academy where they shall be
1337 required to participate in training through the Advanced Law
1338 Enforcement Rapid Response Training Program at the academy, with
1339 the cost to be defrayed from the MCOPS program. The MCOPS Office
1340 of the * * * Division of Public Education will reimburse grantees
1341 for training, per diem, travel, and lodging costs for attendance
1342 of required participants up to a maximum of One Thousand Two
1343 Hundred Dollars (\$1,200.00) per person attending. Applicants

1347 before the end of twelve-month grant funding for officer
1348 positions.

1349 (3) The * * * Division of Public Education shall promulgate
1350 rules and regulations prescribing procedures for the application,
1351 expenditure requirements and the administration of the Mississippi
1352 Community Oriented Policing Services in Schools (MCOPS) program
1353 established in this section * * *.

1354 **SECTION 20.** Section 37-3-83, Mississippi Code of 1972, is
1355 amended as follows:

1356 37-3-83. (1) There is established within the * * * Division
1357 of Public Education, using only existing staff and resources, a
1358 School Safety Grant Program, available to all eligible public
1359 school districts, to assist in financing programs to provide
1360 school safety. However, no monies from the Temporary Assistance

1361 for Needy Families grant may be used for the School Safety Grant
1362 Program.

1363 (2) The school board of each school district, with the
1364 assistance of the * * * Division of Public Education School Safety
1365 Center, shall adopt a comprehensive local school district school
1366 safety plan and shall update the plan on an annual basis.

1367 (3) Subject to the extent of appropriations available, the
1368 School Safety Grant Program shall offer any of the following
1369 specific preventive services, and other additional services
1370 appropriate to the most current school district school safety
1371 plan:

1372 (a) Metal detectors;

1373 (b) Video surveillance cameras, communications
1374 equipment and monitoring equipment for classrooms, school
1375 buildings, school grounds and school buses;

1376 (c) Crisis management/action teams responding to school
1377 violence;

1378 (d) Violence prevention training, conflict resolution
1379 training, and other appropriate training designated by the * * *

1381 (e) School safety personnel.

1382 (4) Each local school district of this state may annually
1383 apply for school safety grant funds subject to appropriations by
1384 the Legislature. School safety grants shall include a base grant
1385 amount plus an additional amount per student in average daily

1386 attendance in the school or school district. The base grant
1387 amount and amount per student shall be determined by the State
1388 Board of Education, subject to specific appropriation therefor by
1389 the Legislature. In order to be eligible for such program, each

1394 School Safety Task Force to involve members of the community in
1395 the school safety effort. The * * * Division of Public Education
1396 shall determine by July 1 of each succeeding year which local
1397 school districts have submitted approved applications for school
1398 safety grants.

1399 (5) As part of the School Safety Grant Program, the * * *
1400 Division of Public Education may conduct a pilot program to
1401 research the feasibility of using video camera equipment in the
1402 classroom to address the following:

1403 (a) Determine if video cameras in the classroom reduce
1404 student disciplinary problems;

1405 (b) Enable teachers to present clear and convincing
1406 evidence of a student's disruptive behavior to the student, the
1407 principal, the superintendent and the student's parents; and

1408 (c) Enable teachers to review teaching performance and
1409 receive diagnostic feedback for developmental purposes.

1410 (6) Any local school district may use
1411 audio/visual-monitoring equipment in classrooms, hallways,
1412 buildings, grounds and buses for the purpose of monitoring school
1413 disciplinary problems.

1414 (7) As a component of the comprehensive local school
1415 district school safety plan required under subsection (2) of this
1416 section, the school board of a school district may adopt and
1417 implement a policy addressing sexual abuse of children, to be
1418 known as "Erin's Law Awareness." Any policy adopted under this
1419 subsection may include or address, but need not be limited to, the
1420 following:

1421 (a) Methods for increasing teacher, student and
1422 parental awareness of issues regarding sexual abuse of children,
1423 including knowledge of likely warning signs indicating that a
1424 child may be a victim of sexual abuse;

1425 (b) Educational information for parents or guardians,
1426 which may be included in the school handbook, on the warning signs
1427 of a child being abused, along with any needed assistance,
1428 referral or resource information;

1429 (c) Training for school personnel on child sexual
1430 abuse;

1431 (d) Age-appropriate curriculum for students in
1432 prekindergarten through fifth grade;

1433 (e) Actions that a child who is a victim of sexual
1434 abuse should take to obtain assistance and intervention;

1435 (f) Counseling and resources available for students
1436 affected by sexual abuse; and

1437 (g) Emotional and educational support for a child who
1438 has been abused to enable the child to be successful in school.

1439 **SECTION 21.** Section 37-3-85, Mississippi Code of 1972, is
1440 amended as follows:

1441 37-3-85. (1) The Legislature finds that:

1442 (a) Students who are serious behavior problems in
1443 school are at risk of becoming juvenile and adult offenders;

1444 (b) Growing numbers of children live in conditions that
1445 place them at risk of school failure;

1446 (c) The provision of school and support services to
1447 these children and their families by public and nonprofit agencies
1448 is fragmented and does not prepare these children to learn
1449 effectively and have a successful school experience;

1450 (d) The lack of collaboration among schools, families,
1451 local agencies and other groups involved in family support and
1452 youth development activities results in the inefficient and
1453 ineffective use of resources to meet the needs of these children;

1454 (e) Schools are dedicating an increasing amount of
1455 their time and resources to responding to disruptive and violent
1456 behavior rather than fulfilling their mission to challenge with
1457 high expectations each child to learn, to achieve and to fulfill
1458 his or her potential;

1459 (f) Responding to the needs of students who are at risk
1460 of school failure and providing for a safe and secure learning
1461 environment are cost-effective because it enables the state to
1462 substitute preventive measures for expensive crisis intervention;
1463 and

1464 (g) Differing local needs and local resources
1465 necessitate the development of locally generated, community-based
1466 plans that coordinate and leverage existing resources, not the
1467 imposition of uniform and inflexible, state-mandated plans.

1468 (2) There is established within the * * * Division of Public
1469 Education the Support Our Students (S.O.S.) program. The purpose
1470 of the program is to award grants to neighborhood- and
1471 community-based organizations to establish local S.O.S. programs
1472 that provide high quality after-school mentoring activities for
1473 school-aged children and provide for comprehensive, collaborative
1474 delivery of mentoring services by public and nonpublic agencies to
1475 these children. These services shall be designed to enrich and
1476 make a positive impact on the lives of school-aged children.
1477 These after-school activities may include activities after the
1478 regular school day and activities on days that students are not
1479 required to attend school.

1480 (3) The goals of the S.O.S. program are to:

1481 (a) Reduce juvenile crime in local communities served
1482 by the program;

1483 (b) Recruit community volunteers to provide positive
1484 adult role models for school-aged children and to help supervise
1485 after-school activities;

1486 (c) Reduce the number of students who are unsupervised
1487 after school, otherwise known as "latchkey" children;

1488 (d) Improve the academic performance of students
1489 participating in the program;

1490 (e) Meet the physical, intellectual, emotional and
1491 social needs of students participating in the program and improve
1492 their attitudes and behavior; and

1493 (f) Improve coordination of existing resources and
1494 enhance collaboration so as to provide services to school-aged
1495 children effectively and efficiently.

1496 (4) As used in this section, "school-aged children" means
1497 children enrolled in kindergarten through the ninth grade.

1498 (5) The * * * Division of Public Education shall develop and
1499 implement the Support Our Students (S.O.S.) program. The * * *
1500 division shall:

1501 (a) Sponsor a statewide conference each year for teams
1502 of interested representatives to provide background information
1503 and assistance regarding all aspects of the program;

1504 (b) Disseminate information regarding the program to
1505 interested neighborhood and community groups;

1506 (c) Develop and disseminate a request for applications
1507 to establish local S.O.S. programs;

1508 (d) Provide initial technical assistance to grant
1509 applicants and ongoing technical assistance as grants are
1510 implemented;

1511 (e) Administer funds appropriated by the Legislature;

1512 (f) Monitor the grants funded;

1513 (g) Revoke a grant if necessary or appropriate;

1514 (h) Develop and implement a performance-based
1515 evaluation system to evaluate the program;

1516 (i) Report on the program implementation to the
1517 Legislature and the Office of the Governor;

1518 (j) Adopt any rules necessary to implement this
1519 section.

1520 (6) A community- or neighborhood-based 501(c)(3) entity or a
1521 consortium consisting of one or more local 501(c)(3) entities and
1522 one or more local school districts may apply for a grant.

1523 (7) Applicants for grants shall submit to the * * * Division
1524 of Public Education an application that includes the following
1525 information:

1526 (a) Identification of one or more neighborhoods to be
1527 served by the local S.O.S. program, based on a needs assessment of
1528 existing conditions for school-aged children to be served. Data
1529 used in the needs assessment may include for each neighborhood to
1530 be served by a local program (i) dropout statistics, (ii) the
1531 number and percentage of school-aged children who participate in
1532 the federal subsidized lunch program, (iii) the number of

1533 suspensions and expulsions involving school-aged children, (iv)
1534 the number of children to be served, (v) the number and percentage
1535 of students with two (2) working parents or one (1) single parent
1536 to be served at a site; (vi) the incidence of juvenile crime in
1537 the neighborhood, and (vii) any other relevant or unique local
1538 demographic data.

1539 Local authorities shall provide this or related information
1540 on a timely basis to local 501(c)(3) entities submitting
1541 applications to establish local S.O.S. programs;

1542 (b) A three-year plan that addresses data used in the
1543 needs assessment and that includes proposed goals and anticipated
1544 outcomes of the local S.O.S. program. The plan shall be prepared
1545 after consultation with local after-school programs, schools,
1546 community organizations or groups which have as their purpose
1547 assisting or helping school-aged children who are at risk of
1548 failing in school or entering the juvenile justice system, or
1549 other appropriate groups. In addition, the three-year plan shall
1550 provide for regular collaborative efforts to seek input and advice
1551 from parents of the students being served and from other citizens
1552 who reflect the demographic conditions of the students being
1553 served;

1554 (c) A statement of how grant funds would be used to
1555 address local problems and what other resources would be used to
1556 address the problems. This statement should include a list of
1557 services to be offered that are related to the goals and outcomes

1558 and should include plans for recruiting volunteers to assist in
1559 the program's activities; and

1560 (d) A process for assessing on an annual basis the
1561 success of the local plan for addressing the goals of the local
1562 S.O.S. program.

1563 (8) The * * * division shall develop and disseminate a
1564 request for applications and establish procedures to be followed
1565 in developing and submitting applications to establish local
1566 S.O.S. programs and administering grants to establish local S.O.S.
1567 programs.

1568 In reviewing grant applications, the State Superintendent of
1569 Education shall consider the prevalence of under-served students
1570 and families in low-income neighborhoods and in isolated rural
1571 areas in the area for which the grant is requested, the severity
1572 of the local problems with regard to children at risk of school
1573 failure and with regard to school discipline, whether the proposed
1574 program meets state standards, and the likelihood that the locally
1575 designed plan will deal with the problems successfully. During
1576 the review process, the superintendent may recommend modifications
1577 in grant applications to applicants. The superintendent shall
1578 submit recommendations to the State Board of Education on which
1579 applicants should receive grants and the amount they should
1580 receive.

1581 In selecting grant recipients, the State Board of Education
1582 shall consider (a) the recommendations of the superintendent, (b)

1583 the geographic location of the applicants, and (c) the demographic
1584 profile of the applicants. After considering these factors, the
1585 State Board of Education shall give priority to grant applications
1586 that will serve areas that have a high incidence of juvenile crime
1587 and that propose different approaches that can serve as models for
1588 other communities. The State Board of Education shall select the
1589 grant recipients * * * before July 1 * * * for the appropriate
1590 school year.

1591 A grant recipient may request a modification of a grant or
1592 additional funds to implement a grant through the grant
1593 application process. The request shall be reviewed and accepted
1594 or rejected in the same manner as a grant application.

1595 (9) The * * * Division of Public Education shall administer
1596 the grant program under the direction of the State Board of
1597 Education. The * * * Division of Public Education shall provide
1598 technical assistance to grant applicants and recipients.

1599 (10) All agencies of the state and local government,
1600 including departments of human services, health departments, local
1601 mental health, and intellectual disability commissions, court
1602 personnel, law enforcement agencies and cities and counties shall
1603 cooperate with the * * * Division of Public Education and local
1604 school boards that receive grants in coordinating the S.O.S.
1605 program at the state level and in implementing the S.O.S. program
1606 at the local level.

1607 (11) The * * * Division of Public Education shall develop
1608 and implement an evaluation system, under the direction of the
1609 State Board of Education, that will assess the efficiency and
1610 effectiveness of the S.O.S. program. However, private schools
1611 shall not be included under the provisions of this section.

1612 **SECTION 22.** Section 37-3-87, Mississippi Code of 1972, is
1613 amended as follows:

1614 37-3-87. (1) The * * * Division of Public Education is
1615 hereby authorized and empowered to establish a student vision
1616 screening program to make eye screening services available to
1617 students in Grades K-12 in the public schools in order to detect
1618 vision problems which can lead to academic problems. Such eye
1619 screening service shall be based on a process that is screening in
1620 nature, and not diagnostic, which is intended to identify with a
1621 reasonably high probability, students with a wide range of eye
1622 problems who should seek the services of an eye care professional
1623 for examination, diagnosis and corrective recommendation. Such
1624 eye screening service shall provide each student screened with a
1625 report of the student's screening results to be taken home. Each
1626 school shall be provided with a list of the students screened, and
1627 their results. Statistical summaries of the screening results
1628 shall be provided to each school, and composite statistics by
1629 school system, county or district shall be provided to the * * *
1630 Division of Public Education. The * * * Division of Public
1631 Education may contract with any legal entity to administer the

1632 student vision screening program on the school district level, and
1633 such contract shall be let on a competitive basis. State funding
1634 for * * * the program shall only be available subject to
1635 appropriation by the Legislature.

1636 (2) The school board of any local school district shall
1637 cooperate with the * * * Division of Public Education and any
1638 entity under contract with the * * * division to implement the
1639 student vision screening program established under this section.

1640 (3) Before September 1, 1996, an advisory committee for the
1641 student vision screening program comprised of six (6) eye care
1642 professionals shall be appointed. The Governor, Lieutenant
1643 Governor and Speaker of the House of Representatives each shall
1644 appoint one (1) member from a list of nominees submitted by the
1645 Mississippi Optometric Association and one (1) member from a list
1646 of nominees submitted by the Mississippi Eye, Ear, Nose and Throat
1647 Association, so that the advisory committee consists of three (3)
1648 representatives from each organization. The members of the
1649 committee shall serve for a term of four (4) years, to run
1650 concurrent with the term of the Governor after the expiration of
1651 the initial term.

1652 In order to protect the health, safety and welfare of
1653 students as related to eye care, the advisory committee shall
1654 review the procedures, methodology and nature of the vision
1655 screening services offered under any contract entered into by
1656 the * * * Division of Public Education for the administration of

1657 the student vision screening program. Any advisory opinions
1658 adopted by the committee on the vision screening process may be
1659 submitted to the State Board of Education and the State Board of
1660 Health for consideration or any appropriate action.

1661 The advisory committee shall determine the times and
1662 locations of its meetings. Members of the advisory committee
1663 shall serve without compensation.

1664 **SECTION 23.** Section 37-3-91, Mississippi Code of 1972, is
1665 amended as follows:

1666 37-3-91. (1) Subject to the availability of funds
1667 appropriated for such purpose, the * * * Division of Public
1668 Education may establish regional behavioral institutes for the
1669 purpose of providing state-of-the-art training to teachers and
1670 administrators in discipline and classroom management strategies.

1671 (2) Any school district may volunteer to participate in a
1672 regional behavioral institute. However, the * * * Division of
1673 Public Education may require a school district to participate in a
1674 regional behavioral institute if the * * * division determines
1675 that such participation is in the best interest of the school
1676 district based upon:

1677 (a) Complaints received and determined by the * * *
1678 division to be valid which relate to disciplinary problems in the
1679 school district;

1680 (b) Any visit to the school by representatives of
1681 the * * * division which indicates disciplinary problems in the
1682 school district; or

1683 (c) A review of reports submitted by a school district
1684 to the * * * division which indicates disciplinary problems in the
1685 school district.

1686 **SECTION 24.** Section 37-3-93, Mississippi Code of 1972, is
1687 amended as follows:

1688 37-3-93. (1) Subject to the availability of funding
1689 specifically appropriated for such purpose, there is established a
1690 School Crisis Management Program under the * * * Division of
1691 Public Education. This program is to be initiated and executed by
1692 the * * * division using only existing staff and resources. Under
1693 this program, the * * * Division of Public Education shall create
1694 an office making available a quick response team of personnel
1695 trained in school safety and crisis management to respond to
1696 traumatic or violent situations that impact students and faculty
1697 in the public schools in Mississippi. The School Crisis
1698 Management Program shall operate in accordance with the following:

1699 (a) The basic response team shall consist of those
1700 personnel designated by the State Superintendent of Public
1701 Education, or their designees, depending on the size of the school
1702 and the nature of the event.

1703 (b) In order to access the services of a response team,
1704 the request must be made by the local school principal or the

1705 superintendent of schools, who shall make the request to the * * *
1706 Division of Public Education or its contact designee.

1707 (c) A response team shall enter a school to work with
1708 students and faculty for a period of no more than three (3) days,
1709 unless otherwise requested by the school district.

1710 (d) The * * * Division of Public Education, or its
1711 designee, shall operate a toll-free incoming wide area telephone
1712 service for the purpose of receiving reports of suspected cases of
1713 school violence and other traumatic situations impacting on
1714 students and faculty in the public schools.

1715 (e) The request made by a school district to access the
1716 services of a response team following a school safety incident may
1717 seek a review of the local school district's safety plan, and the
1718 results of this evaluation may be published by the local school
1719 board in a newspaper with wide circulation in the district.

1720 (f) Subject to the availability of funds specifically
1721 appropriated therefor by the Legislature, the expenses of the
1722 quick response teams and their administrative support shall be
1723 provided from state funds. The * * * Division of Public Education
1724 may apply for and expend funds for the support and maintenance of
1725 this program from private and other funding sources.

1726 (2) Local school districts, school superintendents and
1727 principals may request and * * * use the services of quick
1728 response teams provided for under this section; however, this

1729 section does not require school officials to request the services
1730 of quick response teams.

1731 **SECTION 25.** Section 37-3-95, Mississippi Code of 1972, is
1732 amended as follows:

1733 37-3-95. (1) Subject to the availability of funding for
1734 such purpose, the State Superintendent of Public Education shall
1735 employ within the * * * Division of Public Education or, in the
1736 alternative, contract with the Mississippi Military Department for

1794 annually thereafter, the * * * Division of Public Education shall
1795 require that local school districts conduct in-service training on
1796 suicide prevention education for all newly employed school
1797 district employees. The Mississippi Department of Mental Health
1798 will be responsible for development of the content of the

1817 amended as follows:

1818 37-1-1. * * * There shall be a State Board of Education

1872 37-1-2. The Legislature finds and determines that the
1873 quality of public education and its effect upon the social,
1874 cultural and economic enhancement of the people of Mississippi is
1875 a matter of public policy, the object of which is the education
1876 and performance of its children and youth. The Legislature hereby

1877 declares the following to be the policy of the State of

1878 Mississippi:

1879 (a) That the students, parents, general citizenry,
1880 local schoolteachers and administrators, local governments, local
1881 school boards, and state government have a joint and shared
1882 responsibility for the quality of education delivered through the
1883 public education system in the State of Mississippi;

1884 (b) To produce a functionally literate school
1885 population;

1910 (k) That the investment in public education can be

1912 both to the individual and to society, recognizing that the return

1925 that all children be encouraged to continue their education until
1926 they have completed high school;

1927 (o) To establish an accreditation system based upon
1928 measurable elements in school known to be related to instructional
1929 effectiveness, to establish a credible process for measuring and
1930 rating schools, to establish a method for monitoring continued
1931 performance, and to provide for a state response when performance
1932 is inadequate;

1933 (p) That the teachers of this state, to the extent
1934 possible, receive salaries that are at least equal to the average
1935 of the salaries received by teachers in the southeastern United
