

By: Representative Currie

To: Medicaid

HOUSE BILL NO. 1155

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
 2 TO DIRECT THE DIVISION OF MEDICAID TO ESTABLISH A FIVE-YEAR PILOT
 3 PROGRAM TO EVALUATE A PROVIDER-SPONSORED HEALTH PLAN AS A
 4 PARTICIPANT IN THE MANAGED CARE PROGRAM OPERATED BY THE DIVISION;
 5 TO PROVIDE THAT IN ORDER TO QUALIFY FOR SELECTION IN THE PILOT
 6 PROGRAM, A PROVIDER-SPONSORED HEALTH PLAN MUST BE ESTABLISHED AND
 7 DULY LICENSED BY THE DEPARTMENT OF INSURANCE ON THE EFFECTIVE DATE
 8 OF THIS ACT; TO REQUIRE THAT THE PROVIDER-SPONSORED HEALTH PLAN
 9 SELECTED FOR THE PILOT PROGRAM BE OPERATIONAL ON JANUARY 1, 2019;
 10 TO STATE THAT THE PURPOSE OF THE PILOT PROGRAM IS TO COMPARE THE
 11 PERFORMANCE OF THE PROVIDER-SPONSORED HEALTH PLAN TO OTHER PLANS
 12 IN THE CERTAIN AREAS; TO REQUIRE THE DIVISION TO MAKE ANNUAL
 13 REPORTS TO CERTAIN LEGISLATIVE COMMITTEES DETAILING COMPARATIVE
 14 RESULTS IN THOSE AREAS; TO EXTEND THE DATE OF THE REPEALER ON THIS
 15 SECTION; AND FOR RELATED PURPOSES.

16 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

17 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
 18 amended as follows:

19 43-13-117. (A) Medicaid as authorized by this article shall
 20 include payment of part or all of the costs, at the discretion of
 21 the division, with approval of the Governor, of the following
 22 types of care and services rendered to eligible applicants who
 23 have been determined to be eligible for that care and services,

24 within the limits of state appropriations and federal matching
25 funds:

26 (1) Inpatient hospital services.

27 (a) The division shall allow thirty (30) days of
28 inpatient hospital care annually for all Medicaid recipients.
29 Medicaid recipients requiring transplants shall not have those
30 days included in the transplant hospital stay count against the
31 thirty-day limit for inpatient hospital care. Precertification of
32 inpatient days must be obtained as required by the division.

33 (b) From and after July 1, 1994, the Executive
34 Director of the Division of Medicaid shall amend the Mississippi
35 Title XIX Inpatient Hospital Reimbursement Plan to remove the
36 occupancy rate penalty from the calculation of the Medicaid
37 Capital Cost Component utilized to determine total hospital costs
38 allocated to the Medicaid program.

39 (c) Hospitals will receive an additional payment
40 for the implantable programmable baclofen drug pump used to treat
41 spasticity that is implanted on an inpatient basis. The payment
42 pursuant to written invoice will be in addition to the facility's
43 per diem reimbursement and will represent a reduction of costs on
44 the facility's annual cost report, and shall not exceed Ten
45 Thousand Dollars (\$10,000.00) per year per recipient.

46 (d) The division is authorized to implement an
47 All-Patient Refined-Diagnosis Related Groups (APR-DRG)
48 reimbursement methodology for inpatient hospital services.

49 (e) No service benefits or reimbursement
50 limitations in this section shall apply to payments under an
51 APR-DRG or Ambulatory Payment Classification (APC) model or a
52 managed care program or similar model described in subsection (H)
53 of this section.

54 (2) Outpatient hospital services.

55 (a) Emergency services.

56 (b) Other outpatient hospital services. The
57 division shall allow benefits for other medically necessary
58 outpatient hospital services (such as chemotherapy, radiation,
59 surgery and therapy), including outpatient services in a clinic or
60 other facility that is not located inside the hospital, but that
61 has been designated as an outpatient facility by the hospital, and
62 that was in operation or under construction on July 1, 2009,
63 provided that the costs and charges associated with the operation
64 of the hospital clinic are included in the hospital's cost report.
65 In addition, the Medicare thirty-five-mile rule will apply to
66 those hospital clinics not located inside the hospital that are
67 constructed after July 1, 2009. Where the same services are
68 reimbursed as clinic services, the division may revise the rate or
69 methodology of outpatient reimbursement to maintain consistency,
70 efficiency, economy and quality of care.

71 (c) The division is authorized to implement an
72 Ambulatory Payment Classification (APC) methodology for outpatient
73 hospital services.

74 (d) No service benefits or reimbursement
75 limitations in this section shall apply to payments under an
76 APR-DRG or APC model or a managed care program or similar model
77 described in subsection (H) of this section.

78 (3) Laboratory and x-ray services.

79 (4) Nursing facility services.

80 (a) The division shall make full payment to
81 nursing facilities for each day, not exceeding fifty-two (52) days
82 per year, that a patient is absent from the facility on home
83 leave. Payment may be made for the following home leave days in
84 addition to the fifty-two-day limitation: Christmas, the day
85 before Christmas, the day after Christmas, Thanksgiving, the day
86 before Thanksgiving and the day after Thanksgiving.

87 (b) From and after July 1, 1997, the division
88 shall implement the integrated case-mix payment and quality
89 monitoring system, which includes the fair rental system for
90 property costs and in which recapture of depreciation is
91 eliminated. The division may reduce the payment for hospital
92 leave and therapeutic home leave days to the lower of the case-mix
93 category as computed for the resident on leave using the
94 assessment being utilized for payment at that point in time, or a
95 case-mix score of 1.000 for nursing facilities, and shall compute
96 case-mix scores of residents so that only services provided at the
97 nursing facility are considered in calculating a facility's per
98 diem.

99 (c) From and after July 1, 1997, all state-owned
100 nursing facilities shall be reimbursed on a full reasonable cost
101 basis.

102 (d) On or after January 1, 2015, the division
103 shall update the case-mix payment system resource utilization
104 grouper and classifications and fair rental reimbursement system.
105 The division shall develop and implement a payment add-on to
106 reimburse nursing facilities for ventilator dependent resident
107 services.

108 (e) The division shall develop and implement, not
109 later than January 1, 2001, a case-mix payment add-on determined
110 by time studies and other valid statistical data that will
111 reimburse a nursing facility for the additional cost of caring for
112 a resident who has a diagnosis of Alzheimer's or other related
113 dementia and exhibits symptoms that require special care. Any
114 such case-mix add-on payment shall be supported by a determination
115 of additional cost. The division shall also develop and implement
116 as part of the fair rental reimbursement system for nursing
117 facility beds, an Alzheimer's resident bed depreciation enhanced
118 reimbursement system that will provide an incentive to encourage
119 nursing facilities to convert or construct beds for residents with
120 Alzheimer's or other related dementia.

121 (f) The division shall develop and implement an
122 assessment process for long-term care services. The division may

123 provide the assessment and related functions directly or through
124 contract with the area agencies on aging.

125 The division shall apply for necessary federal waivers to
126 assure that additional services providing alternatives to nursing
127 facility care are made available to applicants for nursing
128 facility care.

129 (5) Periodic screening and diagnostic services for
130 individuals under age twenty-one (21) years as are needed to
131 identify physical and mental defects and to provide health care
132 treatment and other measures designed to correct or ameliorate
133 defects and physical and mental illness and conditions discovered
134 by the screening services, regardless of whether these services
135 are included in the state plan. The division may include in its
136 periodic screening and diagnostic program those discretionary
137 services authorized under the federal regulations adopted to
138 implement Title XIX of the federal Social Security Act, as
139 amended. The division, in obtaining physical therapy services,
140 occupational therapy services, and services for individuals with
141 speech, hearing and language disorders, may enter into a
142 cooperative agreement with the State Department of Education for
143 the provision of those services to handicapped students by public
144 school districts using state funds that are provided from the
145 appropriation to the Department of Education to obtain federal
146 matching funds through the division. The division, in obtaining
147 medical and mental health assessments, treatment, care and

148 services for children who are in, or at risk of being put in, the
149 custody of the Mississippi Department of Human Services may enter
150 into a cooperative agreement with the Mississippi Department of
151 Human Services for the provision of those services using state
152 funds that are provided from the appropriation to the Department
153 of Human Services to obtain federal matching funds through the
154 division.

155 (6) Physician's services. The division shall allow
156 twelve (12) physician visits annually. The division may develop
157 and implement a different reimbursement model or schedule for
158 physician's services provided by physicians based at an academic
159 health care center and by physicians at rural health centers that
160 are associated with an academic health care center. From and
161 after January 1, 2010, all fees for physician's services that are
162 covered only by Medicaid shall be increased to ninety percent
163 (90%) of the rate established on January 1, 2010, and as may be
164 adjusted each July thereafter, under Medicare. The division may
165 provide for a reimbursement rate for physician's services of up to
166 one hundred percent (100%) of the rate established under Medicare
167 for physician's services that are provided after the normal
168 working hours of the physician, as determined in accordance with
169 regulations of the division. The division may reimburse eligible
170 providers as determined by the Patient Protection and Affordable
171 Care Act for certain primary care services as defined by the act

172 at one hundred percent (100%) of the rate established under
173 Medicare.

174 (7) (a) Home health services for eligible persons, not
175 to exceed in cost the prevailing cost of nursing facility
176 services, not to exceed twenty-five (25) visits per year. All
177 home health visits must be precertified as required by the
178 division.

179 (b) [Repealed]

180 (8) Emergency medical transportation services. On
181 January 1, 1994, emergency medical transportation services shall
182 be reimbursed at seventy percent (70%) of the rate established
183 under Medicare (Title XVIII of the federal Social Security Act, as
184 amended). "Emergency medical transportation services" shall mean,
185 but shall not be limited to, the following services by a properly
186 permitted ambulance operated by a properly licensed provider in
187 accordance with the Emergency Medical Services Act of 1974
188 (Section 41-59-1 et seq.): (i) basic life support, (ii) advanced
189 life support, (iii) mileage, (iv) oxygen, (v) intravenous fluids,
190 (vi) disposable supplies, (vii) similar services.

191 (9) (a) Legend and other drugs as may be determined by
192 the division.

193 The division shall establish a mandatory preferred drug list.
194 Drugs not on the mandatory preferred drug list shall be made
195 available by utilizing prior authorization procedures established
196 by the division.

197 The division may seek to establish relationships with other
198 states in order to lower acquisition costs of prescription drugs
199 to include single source and innovator multiple source drugs or
200 generic drugs. In addition, if allowed by federal law or
201 regulation, the division may seek to establish relationships with
202 and negotiate with other countries to facilitate the acquisition
203 of prescription drugs to include single source and innovator
204 multiple source drugs or generic drugs, if that will lower the
205 acquisition costs of those prescription drugs.

206 The division shall allow for a combination of prescriptions
207 for single source and innovator multiple source drugs and generic
208 drugs to meet the needs of the beneficiaries, not to exceed five
209 (5) prescriptions per month for each noninstitutionalized Medicaid
210 beneficiary, with not more than two (2) of those prescriptions
211 being for single source or innovator multiple source drugs unless
212 the single source or innovator multiple source drug is less
213 expensive than the generic equivalent.

214 The executive director may approve specific maintenance drugs
215 for beneficiaries with certain medical conditions, which may be
216 prescribed and dispensed in three-month supply increments.

217 Drugs prescribed for a resident of a psychiatric residential
218 treatment facility must be provided in true unit doses when
219 available. The division may require that drugs not covered by
220 Medicare Part D for a resident of a long-term care facility be
221 provided in true unit doses when available. Those drugs that were

222 originally billed to the division but are not used by a resident
223 in any of those facilities shall be returned to the billing
224 pharmacy for credit to the division, in accordance with the
225 guidelines of the State Board of Pharmacy and any requirements of
226 federal law and regulation. Drugs shall be dispensed to a
227 recipient and only one (1) dispensing fee per month may be
228 charged. The division shall develop a methodology for reimbursing
229 for restocked drugs, which shall include a restock fee as
230 determined by the division not exceeding Seven Dollars and
231 Eighty-two Cents (\$7.82).

232 The voluntary preferred drug list shall be expanded to
233 function in the interim in order to have a manageable prior
234 authorization system, thereby minimizing disruption of service to
235 beneficiaries.

236 Except for those specific maintenance drugs approved by the
237 executive director, the division shall not reimburse for any
238 portion of a prescription that exceeds a thirty-one-day supply of
239 the drug based on the daily dosage.

240 The division shall develop and implement a program of payment
241 for additional pharmacist services, with payment to be based on
242 demonstrated savings, but in no case shall the total payment
243 exceed twice the amount of the dispensing fee.

244 All claims for drugs for dually eligible Medicare/Medicaid
245 beneficiaries that are paid for by Medicare must be submitted to

246 Medicare for payment before they may be processed by the
247 division's online payment system.

248 The division shall develop a pharmacy policy in which drugs
249 in tamper-resistant packaging that are prescribed for a resident
250 of a nursing facility but are not dispensed to the resident shall
251 be returned to the pharmacy and not billed to Medicaid, in
252 accordance with guidelines of the State Board of Pharmacy.

253 The division shall develop and implement a method or methods
254 by which the division will provide on a regular basis to Medicaid
255 providers who are authorized to prescribe drugs, information about
256 the costs to the Medicaid program of single source drugs and
257 innovator multiple source drugs, and information about other drugs
258 that may be prescribed as alternatives to those single source
259 drugs and innovator multiple source drugs and the costs to the
260 Medicaid program of those alternative drugs.

261 Notwithstanding any law or regulation, information obtained
262 or maintained by the division regarding the prescription drug
263 program, including trade secrets and manufacturer or labeler
264 pricing, is confidential and not subject to disclosure except to
265 other state agencies.

266 (b) Payment by the division for covered
267 multisource drugs shall be limited to the lower of the upper
268 limits established and published by the Centers for Medicare and
269 Medicaid Services (CMS) plus a dispensing fee, or the estimated
270 acquisition cost (EAC) as determined by the division, plus a

271 dispensing fee, or the providers' usual and customary charge to
272 the general public.

273 Payment for other covered drugs, other than multisource drugs
274 with CMS upper limits, shall not exceed the lower of the estimated
275 acquisition cost as determined by the division, plus a dispensing
276 fee or the providers' usual and customary charge to the general
277 public.

278 Payment for nonlegend or over-the-counter drugs covered by
279 the division shall be reimbursed at the lower of the division's
280 estimated shelf price or the providers' usual and customary charge
281 to the general public.

282 The dispensing fee for each new or refill prescription,
283 including nonlegend or over-the-counter drugs covered by the
284 division, shall be not less than Three Dollars and Ninety-one
285 Cents (\$3.91), as determined by the division.

286 The division shall not reimburse for single source or
287 innovator multiple source drugs if there are equally effective
288 generic equivalents available and if the generic equivalents are
289 the least expensive.

290 It is the intent of the Legislature that the pharmacists
291 providers be reimbursed for the reasonable costs of filling and
292 dispensing prescriptions for Medicaid beneficiaries.

293 (10) (a) Dental care that is an adjunct to treatment
294 of an acute medical or surgical condition; services of oral
295 surgeons and dentists in connection with surgery related to the

296 jaw or any structure contiguous to the jaw or the reduction of any
297 fracture of the jaw or any facial bone; and emergency dental
298 extractions and treatment related thereto. On July 1, 2007, fees
299 for dental care and surgery under authority of this paragraph (10)
300 shall be reimbursed as provided in subparagraph (b). It is the
301 intent of the Legislature that this rate revision for dental
302 services will be an incentive designed to increase the number of
303 dentists who actively provide Medicaid services. This dental
304 services rate revision shall be known as the "James Russell Dumas
305 Medicaid Dental Incentive Program."

306 The division shall annually determine the effect of this
307 incentive by evaluating the number of dentists who are Medicaid
308 providers, the number who and the degree to which they are
309 actively billing Medicaid, the geographic trends of where dentists
310 are offering what types of Medicaid services and other statistics
311 pertinent to the goals of this legislative intent. This data
312 shall be presented to the Chair of the Senate Public Health and
313 Welfare Committee and the Chair of the House Medicaid Committee.

314 (b) The Division of Medicaid shall establish a fee
315 schedule, to be effective from and after July 1, 2007, for dental
316 services. The schedule shall provide for a fee for each dental
317 service that is equal to a percentile of normal and customary
318 private provider fees, as defined by the Ingenix Customized Fee
319 Analyzer Report, which percentile shall be determined by the
320 division. The schedule shall be reviewed annually by the division

321 and dental fees shall be adjusted to reflect the percentile
322 determined by the division.

323 (c) For fiscal year 2008, the amount of state
324 funds appropriated for reimbursement for dental care and surgery
325 shall be increased by ten percent (10%) of the amount of state
326 fund expenditures for that purpose for fiscal year 2007. For each
327 of fiscal years 2009 and 2010, the amount of state funds
328 appropriated for reimbursement for dental care and surgery shall
329 be increased by ten percent (10%) of the amount of state fund
330 expenditures for that purpose for the preceding fiscal year.

331 (d) The division shall establish an annual benefit
332 limit of Two Thousand Five Hundred Dollars (\$2,500.00) in dental
333 expenditures per Medicaid-eligible recipient; however, a recipient
334 may exceed the annual limit on dental expenditures provided in
335 this paragraph with prior approval of the division.

336 (e) The division shall include dental services as
337 a necessary component of overall health services provided to
338 children who are eligible for services.

339 (f) This paragraph (10) shall stand repealed on
340 July 1, 2016.

341 (11) Eyeglasses for all Medicaid beneficiaries who have
342 (a) had surgery on the eyeball or ocular muscle that results in a
343 vision change for which eyeglasses or a change in eyeglasses is
344 medically indicated within six (6) months of the surgery and is in
345 accordance with policies established by the division, or (b) one

346 (1) pair every five (5) years and in accordance with policies
347 established by the division. In either instance, the eyeglasses
348 must be prescribed by a physician skilled in diseases of the eye
349 or an optometrist, whichever the beneficiary may select.

350 (12) Intermediate care facility services.

351 (a) The division shall make full payment to all
352 intermediate care facilities for individuals with intellectual
353 disabilities for each day, not exceeding eighty-four (84) days per
354 year, that a patient is absent from the facility on home leave.
355 Payment may be made for the following home leave days in addition
356 to the eighty-four-day limitation: Christmas, the day before
357 Christmas, the day after Christmas, Thanksgiving, the day before
358 Thanksgiving and the day after Thanksgiving.

359 (b) All state-owned intermediate care facilities
360 for individuals with intellectual disabilities shall be reimbursed
361 on a full reasonable cost basis.

362 (c) Effective January 1, 2015, the division shall
363 update the fair rental reimbursement system for intermediate care
364 facilities for individuals with intellectual disabilities.

365 (13) Family planning services, including drugs,
366 supplies and devices, when those services are under the
367 supervision of a physician or nurse practitioner.

368 (14) Clinic services. Such diagnostic, preventive,
369 therapeutic, rehabilitative or palliative services furnished to an
370 outpatient by or under the supervision of a physician or dentist

371 in a facility that is not a part of a hospital but that is
372 organized and operated to provide medical care to outpatients.
373 Clinic services shall include any services reimbursed as
374 outpatient hospital services that may be rendered in such a
375 facility, including those that become so after July 1, 1991. On
376 July 1, 1999, all fees for physicians' services reimbursed under
377 authority of this paragraph (14) shall be reimbursed at ninety
378 percent (90%) of the rate established on January 1, 1999, and as
379 may be adjusted each July thereafter, under Medicare (Title XVIII
380 of the federal Social Security Act, as amended). The division may
381 develop and implement a different reimbursement model or schedule
382 for physician's services provided by physicians based at an
383 academic health care center and by physicians at rural health
384 centers that are associated with an academic health care center.
385 The division may provide for a reimbursement rate for physician's
386 clinic services of up to one hundred percent (100%) of the rate
387 established under Medicare for physician's services that are
388 provided after the normal working hours of the physician, as
389 determined in accordance with regulations of the division.

390 (15) Home- and community-based services for the elderly
391 and disabled, as provided under Title XIX of the federal Social
392 Security Act, as amended, under waivers, subject to the
393 availability of funds specifically appropriated for that purpose
394 by the Legislature.

395 The Division of Medicaid is directed to apply for a waiver
396 amendment to increase payments for all adult day care facilities
397 based on acuity of individual patients, with a maximum of
398 Seventy-five Dollars (\$75.00) per day for the most acute patients.

399 (16) Mental health services. Approved therapeutic and
400 case management services (a) provided by an approved regional
401 mental health/intellectual disability center established under
402 Sections 41-19-31 through 41-19-39, or by another community mental
403 health service provider meeting the requirements of the Department
404 of Mental Health to be an approved mental health/intellectual
405 disability center if determined necessary by the Department of
406 Mental Health, using state funds that are provided in the
407 appropriation to the division to match federal funds, or (b)
408 provided by a facility that is certified by the State Department
409 of Mental Health to provide therapeutic and case management
410 services, to be reimbursed on a fee for service basis, or (c)
411 provided in the community by a facility or program operated by the
412 Department of Mental Health. Any such services provided by a
413 facility described in subparagraph (b) must have the prior
414 approval of the division to be reimbursable under this
415 section. * * *

416 (17) Durable medical equipment services and medical
417 supplies. Precertification of durable medical equipment and
418 medical supplies must be obtained as required by the division.
419 The Division of Medicaid may require durable medical equipment

420 providers to obtain a surety bond in the amount and to the
421 specifications as established by the Balanced Budget Act of 1997.

422 (18) (a) Notwithstanding any other provision of this
423 section to the contrary, as provided in the Medicaid state plan
424 amendment or amendments as defined in Section 43-13-145(10), the
425 division shall make additional reimbursement to hospitals that
426 serve a disproportionate share of low-income patients and that
427 meet the federal requirements for those payments as provided in
428 Section 1923 of the federal Social Security Act and any applicable
429 regulations. It is the intent of the Legislature that the
430 division shall draw down all available federal funds allotted to
431 the state for disproportionate share hospitals. However, from and
432 after January 1, 1999, public hospitals participating in the
433 Medicaid disproportionate share program may be required to
434 participate in an intergovernmental transfer program as provided
435 in Section 1903 of the federal Social Security Act and any
436 applicable regulations.

437 (b) The division shall establish a Medicare Upper
438 Payment Limits Program, as defined in Section 1902(a)(30) of the
439 federal Social Security Act and any applicable federal
440 regulations, for hospitals, and may establish a Medicare Upper
441 Payment Limits Program for nursing facilities, and may establish a
442 Medicare Upper Payment Limits Program for physicians employed or
443 contracted by public hospitals. Upon successful implementation of
444 a Medicare Upper Payment Limits Program for physicians employed by

445 public hospitals, the division may develop a plan for implementing
446 an Upper Payment Limits Program for physicians employed by other
447 classes of hospitals. The division shall assess each hospital
448 and, if the program is established for nursing facilities, shall
449 assess each nursing facility, for the sole purpose of financing
450 the state portion of the Medicare Upper Payment Limits Program.
451 The hospital assessment shall be as provided in Section
452 43-13-145(4) (a) and the nursing facility assessment, if
453 established, shall be based on Medicaid utilization or other
454 appropriate method consistent with federal regulations. The
455 assessment will remain in effect as long as the state participates
456 in the Medicare Upper Payment Limits Program. Public hospitals
457 with physicians participating in the Medicare Upper Payment Limits
458 Program shall be required to participate in an intergovernmental
459 transfer program. As provided in the Medicaid state plan
460 amendment or amendments as defined in Section 43-13-145(10), the
461 division shall make additional reimbursement to hospitals and, if
462 the program is established for nursing facilities, shall make
463 additional reimbursement to nursing facilities, for the Medicare
464 Upper Payment Limits, and, if the program is established for
465 physicians, shall make additional reimbursement for physicians, as
466 defined in Section 1902(a) (30) of the federal Social Security Act
467 and any applicable federal regulations. Effective upon
468 implementation of the Mississippi Hospital Access Program (MHAP)
469 provided in subparagraph (c) (i) below, the hospital portion of the

470 inpatient Upper Payment Limits Program shall transition into and
471 be replaced by the MHAP program.

472 (c) (i) Not later than December 1, 2015, the
473 division shall, subject to approval by the Centers for Medicare
474 and Medicaid Services (CMS), establish, implement and operate a
475 Mississippi Hospital Access Program (MHAP) for the purpose of
476 protecting patient access to hospital care through hospital
477 inpatient reimbursement programs provided in this section designed
478 to maintain total hospital reimbursement for inpatient services
479 rendered by in-state hospitals and the out-of-state hospital that
480 is authorized by federal law to submit intergovernmental transfers
481 (IGTs) to the State of Mississippi and is classified as Level I
482 trauma center located in a county contiguous to the state line at
483 the maximum levels permissible under applicable federal statutes
484 and regulations, at which time the current inpatient Medicare
485 Upper Payment Limits (UPL) Program for hospital inpatient services
486 shall transition to the MHAP.

487 (ii) Subject only to approval by the Centers
488 for Medicare and Medicaid Services (CMS) where required, the MHAP
489 shall provide increased inpatient capitation (PMPM) payments to
490 managed care entities contracting with the division pursuant to
491 subsection (H) of this section to support availability of hospital
492 services or such other payments permissible under federal law
493 necessary to accomplish the intent of this subsection. For
494 inpatient services rendered after July 1, 2015, but prior to the

495 effective date of CMS approval and full implementation of this
496 program, the division may pay lump-sum enhanced, transition
497 payments, prorated inpatient UPL payments based upon fiscal year
498 2015 June distribution levels, enhanced hospital access (PMPM)
499 payments or such other methodologies as are approved by CMS such
500 that the level of additional reimbursement required by this
501 section is paid for all Medicaid hospital inpatient services
502 delivered in fiscal year 2016.

503 (iii) The intent of this subparagraph (c) is
504 that effective for all inpatient hospital Medicaid services during
505 state fiscal year 2016, and so long as this provision shall remain
506 in effect hereafter, the division shall to the fullest extent
507 feasible replace the additional reimbursement for hospital
508 inpatient services under the inpatient Medicare Upper Payment
509 Limits (UPL) Program with additional reimbursement under the MHAP.

510 (iv) The division shall assess each hospital
511 as provided in Section 43-13-145(4) (a) for the purpose of
512 financing the state portion of the MHAP and such other purposes as
513 specified in Section 43-13-145. The assessment will remain in
514 effect as long as the MHAP is in effect.

515 (v) In the event that the MHAP program under
516 this subparagraph (c) is not approved by CMS, the inpatient UPL
517 program under subparagraph (b) shall immediately become restored
518 in the manner required to provide the maximum permissible level of

519 UPL payments to hospital providers for all inpatient services
520 rendered from and after July 1, 2015.

521 (19) (a) Perinatal risk management services. The
522 division shall promulgate regulations to be effective from and
523 after October 1, 1988, to establish a comprehensive perinatal
524 system for risk assessment of all pregnant and infant Medicaid
525 recipients and for management, education and follow-up for those
526 who are determined to be at risk. Services to be performed
527 include case management, nutrition assessment/counseling,
528 psychosocial assessment/counseling and health education. The
529 division shall contract with the State Department of Health to
530 provide the services within this paragraph (Perinatal High Risk
531 Management/Infant Services System (PHRM/ISS)). The State
532 Department of Health as the agency for PHRM/ISS for the Division
533 of Medicaid shall be reimbursed on a full reasonable cost basis.

534 (b) Early intervention system services. The
535 division shall cooperate with the State Department of Health,
536 acting as lead agency, in the development and implementation of a
537 statewide system of delivery of early intervention services, under
538 Part C of the Individuals with Disabilities Education Act (IDEA).
539 The State Department of Health shall certify annually in writing
540 to the executive director of the division the dollar amount of
541 state early intervention funds available that will be utilized as
542 a certified match for Medicaid matching funds. Those funds then
543 shall be used to provide expanded targeted case management

544 services for Medicaid eligible children with special needs who are
545 eligible for the state's early intervention system.

546 Qualifications for persons providing service coordination shall be
547 determined by the State Department of Health and the Division of
548 Medicaid.

549 (20) Home- and community-based services for physically
550 disabled approved services as allowed by a waiver from the United
551 States Department of Health and Human Services for home- and
552 community-based services for physically disabled people using
553 state funds that are provided from the appropriation to the State
554 Department of Rehabilitation Services and used to match federal
555 funds under a cooperative agreement between the division and the
556 department, provided that funds for these services are
557 specifically appropriated to the Department of Rehabilitation
558 Services.

559 (21) Nurse practitioner services. Services furnished
560 by a registered nurse who is licensed and certified by the
561 Mississippi Board of Nursing as a nurse practitioner, including,
562 but not limited to, nurse anesthetists, nurse midwives, family
563 nurse practitioners, family planning nurse practitioners,
564 pediatric nurse practitioners, obstetrics-gynecology nurse
565 practitioners and neonatal nurse practitioners, under regulations
566 adopted by the division. Reimbursement for those services shall
567 not exceed ninety percent (90%) of the reimbursement rate for
568 comparable services rendered by a physician. The division may

569 provide for a reimbursement rate for nurse practitioner services
570 of up to one hundred percent (100%) of the reimbursement rate for
571 comparable services rendered by a physician for nurse practitioner
572 services that are provided after the normal working hours of the
573 nurse practitioner, as determined in accordance with regulations
574 of the division.

575 (22) Ambulatory services delivered in federally
576 qualified health centers, rural health centers and clinics of the
577 local health departments of the State Department of Health for
578 individuals eligible for Medicaid under this article based on
579 reasonable costs as determined by the division.

580 (23) Inpatient psychiatric services. Inpatient
581 psychiatric services to be determined by the division for
582 recipients under age twenty-one (21) that are provided under the
583 direction of a physician in an inpatient program in a licensed
584 acute care psychiatric facility or in a licensed psychiatric
585 residential treatment facility, before the recipient reaches age
586 twenty-one (21) or, if the recipient was receiving the services
587 immediately before he or she reached age twenty-one (21), before
588 the earlier of the date he or she no longer requires the services
589 or the date he or she reaches age twenty-two (22), as provided by
590 federal regulations. From and after January 1, 2015, the division
591 shall update the fair rental reimbursement system for psychiatric
592 residential treatment facilities. Precertification of inpatient
593 days and residential treatment days must be obtained as required

594 by the division. From and after July 1, 2009, all state-owned and
595 state-operated facilities that provide inpatient psychiatric
596 services to persons under age twenty-one (21) who are eligible for
597 Medicaid reimbursement shall be reimbursed for those services on a
598 full reasonable cost basis.

599 (24) [Deleted]

600 (25) [Deleted]

601 (26) Hospice care. As used in this paragraph, the term
602 "hospice care" means a coordinated program of active professional
603 medical attention within the home and outpatient and inpatient
604 care that treats the terminally ill patient and family as a unit,
605 employing a medically directed interdisciplinary team. The
606 program provides relief of severe pain or other physical symptoms
607 and supportive care to meet the special needs arising out of
608 physical, psychological, spiritual, social and economic stresses
609 that are experienced during the final stages of illness and during
610 dying and bereavement and meets the Medicare requirements for
611 participation as a hospice as provided in federal regulations.

612 (27) Group health plan premiums and cost-sharing if it
613 is cost-effective as defined by the United States Secretary of
614 Health and Human Services.

615 (28) Other health insurance premiums that are
616 cost-effective as defined by the United States Secretary of Health
617 and Human Services. Medicare eligible must have Medicare Part B
618 before other insurance premiums can be paid.

619 (29) The Division of Medicaid may apply for a waiver
620 from the United States Department of Health and Human Services for
621 home- and community-based services for developmentally disabled
622 people using state funds that are provided from the appropriation
623 to the State Department of Mental Health and/or funds transferred
624 to the department by a political subdivision or instrumentality of
625 the state and used to match federal funds under a cooperative
626 agreement between the division and the department, provided that
627 funds for these services are specifically appropriated to the
628 Department of Mental Health and/or transferred to the department
629 by a political subdivision or instrumentality of the state.

630 (30) Pediatric skilled nursing services for eligible
631 persons under twenty-one (21) years of age.

632 (31) Targeted case management services for children
633 with special needs, under waivers from the United States
634 Department of Health and Human Services, using state funds that
635 are provided from the appropriation to the Mississippi Department
636 of Human Services and used to match federal funds under a
637 cooperative agreement between the division and the department.

638 (32) Care and services provided in Christian Science
639 Sanatoria listed and certified by the Commission for Accreditation
640 of Christian Science Nursing Organizations/Facilities, Inc.,
641 rendered in connection with treatment by prayer or spiritual means
642 to the extent that those services are subject to reimbursement
643 under Section 1903 of the federal Social Security Act.

644 (33) Podiatrist services.

645 (34) Assisted living services as provided through
646 home- and community-based services under Title XIX of the federal
647 Social Security Act, as amended, subject to the availability of
648 funds specifically appropriated for that purpose by the
649 Legislature.

650 (35) Services and activities authorized in Sections
651 43-27-101 and 43-27-103, using state funds that are provided from
652 the appropriation to the Mississippi Department of Human Services
653 and used to match federal funds under a cooperative agreement
654 between the division and the department.

655 (36) Nonemergency transportation services for
656 Medicaid-eligible persons, to be provided by the Division of
657 Medicaid. The division may contract with additional entities to
658 administer nonemergency transportation services as it deems
659 necessary. All providers shall have a valid driver's license,
660 vehicle inspection sticker, valid vehicle license tags and a
661 standard liability insurance policy covering the vehicle. The
662 division may pay providers a flat fee based on mileage tiers, or
663 in the alternative, may reimburse on actual miles traveled. The
664 division may apply to the Center for Medicare and Medicaid
665 Services (CMS) for a waiver to draw federal matching funds for
666 nonemergency transportation services as a covered service instead
667 of an administrative cost. The PEER Committee shall conduct a
668 performance evaluation of the nonemergency transportation program

669 to evaluate the administration of the program and the providers of
670 transportation services to determine the most cost-effective ways
671 of providing nonemergency transportation services to the patients
672 served under the program. The performance evaluation shall be
673 completed and provided to the members of the Senate Public Health
674 and Welfare Committee and the House Medicaid Committee not later
675 than January 15, 2008.

676 (37) [Deleted]

677 (38) Chiropractic services. A chiropractor's manual
678 manipulation of the spine to correct a subluxation, if x-ray
679 demonstrates that a subluxation exists and if the subluxation has
680 resulted in a neuromusculoskeletal condition for which
681 manipulation is appropriate treatment, and related spinal x-rays
682 performed to document these conditions. Reimbursement for
683 chiropractic services shall not exceed Seven Hundred Dollars
684 (\$700.00) per year per beneficiary.

685 (39) Dually eligible Medicare/Medicaid beneficiaries.
686 The division shall pay the Medicare deductible and coinsurance
687 amounts for services available under Medicare, as determined by
688 the division. From and after July 1, 2009, the division shall
689 reimburse crossover claims for inpatient hospital services and
690 crossover claims covered under Medicare Part B in the same manner
691 that was in effect on January 1, 2008, unless specifically
692 authorized by the Legislature to change this method.

693 (40) [Deleted]

694 (41) Services provided by the State Department of
695 Rehabilitation Services for the care and rehabilitation of persons
696 with spinal cord injuries or traumatic brain injuries, as allowed
697 under waivers from the United States Department of Health and
698 Human Services, using up to seventy-five percent (75%) of the
699 funds that are appropriated to the Department of Rehabilitation
700 Services from the Spinal Cord and Head Injury Trust Fund
701 established under Section 37-33-261 and used to match federal
702 funds under a cooperative agreement between the division and the
703 department.

704 (42) Notwithstanding any other provision in this
705 article to the contrary, the division may develop a population
706 health management program for women and children health services
707 through the age of one (1) year. This program is primarily for
708 obstetrical care associated with low birth weight and preterm
709 babies. The division may apply to the federal Centers for
710 Medicare and Medicaid Services (CMS) for a Section 1115 waiver or
711 any other waivers that may enhance the program. In order to
712 effect cost savings, the division may develop a revised payment
713 methodology that may include at-risk capitated payments, and may
714 require member participation in accordance with the terms and
715 conditions of an approved federal waiver.

716 (43) The division shall provide reimbursement,
717 according to a payment schedule developed by the division, for
718 smoking cessation medications for pregnant women during their

719 pregnancy and other Medicaid-eligible women who are of
720 child-bearing age.

721 (44) Nursing facility services for the severely
722 disabled.

723 (a) Severe disabilities include, but are not
724 limited to, spinal cord injuries, closed-head injuries and
725 ventilator dependent patients.

726 (b) Those services must be provided in a long-term
727 care nursing facility dedicated to the care and treatment of
728 persons with severe disabilities.

729 (45) Physician assistant services. Services furnished
730 by a physician assistant who is licensed by the State Board of
731 Medical Licensure and is practicing with physician supervision
732 under regulations adopted by the board, under regulations adopted
733 by the division. Reimbursement for those services shall not
734 exceed ninety percent (90%) of the reimbursement rate for
735 comparable services rendered by a physician. The division may
736 provide for a reimbursement rate for physician assistant services
737 of up to one hundred percent (100%) or the reimbursement rate for
738 comparable services rendered by a physician for physician
739 assistant services that are provided after the normal working
740 hours of the physician assistant, as determined in accordance with
741 regulations of the division.

742 (46) The division shall make application to the federal
743 Centers for Medicare and Medicaid Services (CMS) for a waiver to

744 develop and provide services for children with serious emotional
745 disturbances as defined in Section 43-14-1(1), which may include
746 home- and community-based services, case management services or
747 managed care services through mental health providers certified by
748 the Department of Mental Health. The division may implement and
749 provide services under this waived program only if funds for
750 these services are specifically appropriated for this purpose by
751 the Legislature, or if funds are voluntarily provided by affected
752 agencies.

753 (47) (a) Notwithstanding any other provision in this
754 article to the contrary, the division may develop and implement
755 disease management programs for individuals with high-cost chronic
756 diseases and conditions, including the use of grants, waivers,
757 demonstrations or other projects as necessary.

758 (b) Participation in any disease management
759 program implemented under this paragraph (47) is optional with the
760 individual. An individual must affirmatively elect to participate
761 in the disease management program in order to participate, and may
762 elect to discontinue participation in the program at any time.

763 (48) Pediatric long-term acute care hospital services.

764 (a) Pediatric long-term acute care hospital
765 services means services provided to eligible persons under
766 twenty-one (21) years of age by a freestanding Medicare-certified
767 hospital that has an average length of inpatient stay greater than
768 twenty-five (25) days and that is primarily engaged in providing

769 chronic or long-term medical care to persons under twenty-one (21)
770 years of age.

771 (b) The services under this paragraph (48) shall
772 be reimbursed as a separate category of hospital services.

773 (49) The division shall establish copayments and/or
774 coinsurance for all Medicaid services for which copayments and/or
775 coinsurance are allowable under federal law or regulation, and
776 shall set the amount of the copayment and/or coinsurance for each
777 of those services at the maximum amount allowable under federal
778 law or regulation.

779 (50) Services provided by the State Department of
780 Rehabilitation Services for the care and rehabilitation of persons
781 who are deaf and blind, as allowed under waivers from the United
782 States Department of Health and Human Services to provide
783 home- and community-based services using state funds that are
784 provided from the appropriation to the State Department of
785 Rehabilitation Services or if funds are voluntarily provided by
786 another agency.

787 (51) Upon determination of Medicaid eligibility and in
788 association with annual redetermination of Medicaid eligibility,
789 beneficiaries shall be encouraged to undertake a physical
790 examination that will establish a base-line level of health and
791 identification of a usual and customary source of care (a medical
792 home) to aid utilization of disease management tools. This
793 physical examination and utilization of these disease management

794 tools shall be consistent with current United States Preventive
795 Services Task Force or other recognized authority recommendations.

796 For persons who are determined ineligible for Medicaid, the
797 division will provide information and direction for accessing
798 medical care and services in the area of their residence.

799 (52) Notwithstanding any provisions of this article,
800 the division may pay enhanced reimbursement fees related to trauma
801 care, as determined by the division in conjunction with the State
802 Department of Health, using funds appropriated to the State
803 Department of Health for trauma care and services and used to
804 match federal funds under a cooperative agreement between the
805 division and the State Department of Health. The division, in
806 conjunction with the State Department of Health, may use grants,
807 waivers, demonstrations, or other projects as necessary in the
808 development and implementation of this reimbursement program.

809 (53) Targeted case management services for high-cost
810 beneficiaries shall be developed by the division for all services
811 under this section.

812 (54) Adult foster care services pilot program. Social
813 and protective services on a pilot program basis in an approved
814 foster care facility for vulnerable adults who would otherwise
815 need care in a long-term care facility, to be implemented in an
816 area of the state with the greatest need for such program, under
817 the Medicaid Waivers for the Elderly and Disabled program or an
818 assisted living waiver. The division may use grants, waivers,

819 demonstrations or other projects as necessary in the development
820 and implementation of this adult foster care services pilot
821 program.

822 (55) Therapy services. The plan of care for therapy
823 services may be developed to cover a period of treatment for up to
824 six (6) months, but in no event shall the plan of care exceed a
825 six-month period of treatment. The projected period of treatment
826 must be indicated on the initial plan of care and must be updated
827 with each subsequent revised plan of care. Based on medical
828 necessity, the division shall approve certification periods for
829 less than or up to six (6) months, but in no event shall the
830 certification period exceed the period of treatment indicated on
831 the plan of care. The appeal process for any reduction in therapy
832 services shall be consistent with the appeal process in federal
833 regulations.

834 (56) Prescribed pediatric extended care centers
835 services for medically dependent or technologically dependent
836 children with complex medical conditions that require continual
837 care as prescribed by the child's attending physician, as
838 determined by the division.

839 (57) No Medicaid benefit shall restrict coverage for
840 medically appropriate treatment prescribed by a physician and
841 agreed to by a fully informed individual, or if the individual
842 lacks legal capacity to consent by a person who has legal
843 authority to consent on his or her behalf, based on an

844 individual's diagnosis with a terminal condition. As used in this
845 paragraph (57), "terminal condition" means any aggressive
846 malignancy, chronic end-stage cardiovascular or cerebral vascular
847 disease, or any other disease, illness or condition which a
848 physician diagnoses as terminal.

849 (B) Notwithstanding any other provision of this article to
850 the contrary, the division shall reduce the rate of reimbursement
851 to providers for any service provided under this section by five
852 percent (5%) of the allowed amount for that service. However, the
853 reduction in the reimbursement rates required by this subsection
854 (B) shall not apply to inpatient hospital services, nursing
855 facility services, intermediate care facility services,
856 psychiatric residential treatment facility services, pharmacy
857 services provided under subsection (A)(9) of this section, or any
858 service provided by the University of Mississippi Medical Center
859 or a state agency, a state facility or a public agency that either
860 provides its own state match through intergovernmental transfer or
861 certification of funds to the division, or a service for which the
862 federal government sets the reimbursement methodology and rate.
863 From and after January 1, 2010, the reduction in the reimbursement
864 rates required by this subsection (B) shall not apply to
865 physicians' services. In addition, the reduction in the
866 reimbursement rates required by this subsection (B) shall not
867 apply to case management services and home-delivered meals
868 provided under the home- and community-based services program for

869 the elderly and disabled by a planning and development district
870 (PDD). Planning and development districts participating in the
871 home- and community-based services program for the elderly and
872 disabled as case management providers shall be reimbursed for case
873 management services at the maximum rate approved by the Centers
874 for Medicare and Medicaid Services (CMS).

875 (C) The division may pay to those providers who participate
876 in and accept patient referrals from the division's emergency room
877 redirection program a percentage, as determined by the division,
878 of savings achieved according to the performance measures and
879 reduction of costs required of that program. Federally qualified
880 health centers may participate in the emergency room redirection
881 program, and the division may pay those centers a percentage of
882 any savings to the Medicaid program achieved by the centers'
883 accepting patient referrals through the program, as provided in
884 this subsection (C).

885 (D) Notwithstanding any provision of this article, except as
886 authorized in the following subsection and in Section 43-13-139,
887 neither * * * (1) the limitations on quantity or frequency of use
888 of or the fees or charges for any of the care or services
889 available to recipients under this section, nor * * * (2) the
890 payments, payment methodology as provided below in this subsection
891 (D), or rates of reimbursement to providers rendering care or
892 services authorized under this section to recipients, may be
893 increased, decreased or otherwise changed from the levels in

894 effect on July 1, 1999, unless they are authorized by an amendment
895 to this section by the Legislature. However, the restriction in
896 this subsection shall not prevent the division from changing the
897 payments, payment methodology as provided below in this subsection
898 (D), or rates of reimbursement to providers without an amendment
899 to this section whenever those changes are required by federal law
900 or regulation, or whenever those changes are necessary to correct
901 administrative errors or omissions in calculating those payments
902 or rates of reimbursement. The prohibition on any changes in
903 payment methodology provided in this subsection (D) shall apply
904 only to payment methodologies used for determining the rates of
905 reimbursement for inpatient hospital services, outpatient hospital
906 services, nursing facility services, and/or pharmacy services,
907 except as required by federal law, and the federally mandated
908 rebasing of rates as required by the Centers for Medicare and
909 Medicaid Services (CMS) shall not be considered payment
910 methodology for purposes of this subsection (D). No service
911 benefits or reimbursement limitations in this section shall apply
912 to payments under an APR-DRG or APC model or a managed care
913 program or similar model described in subsection (H) of this
914 section.

915 (E) Notwithstanding any provision of this article, no new
916 groups or categories of recipients and new types of care and
917 services may be added without enabling legislation from the
918 Mississippi Legislature, except that the division may authorize

919 those changes without enabling legislation when the addition of
920 recipients or services is ordered by a court of proper authority.

921 (F) The executive director shall keep the Governor advised
922 on a timely basis of the funds available for expenditure and the
923 projected expenditures. If current or projected expenditures of
924 the division are reasonably anticipated to exceed the amount of
925 funds appropriated to the division for any fiscal year, the
926 Governor, after consultation with the executive director, shall
927 discontinue any or all of the payment of the types of care and
928 services as provided in this section that are deemed to be
929 optional services under Title XIX of the federal Social Security
930 Act, as amended, and when necessary, shall institute any other
931 cost containment measures on any program or programs authorized
932 under the article to the extent allowed under the federal law
933 governing that program or programs. However, the Governor shall
934 not be authorized to discontinue or eliminate any service under
935 this section that is mandatory under federal law, or to
936 discontinue or eliminate, or adjust income limits or resource
937 limits for, any eligibility category or group under Section
938 43-13-115. Beginning in fiscal year 2010 and in fiscal years
939 thereafter, when Medicaid expenditures are projected to exceed
940 funds available for any quarter in the fiscal year, the division
941 shall submit the expected shortfall information to the PEER
942 Committee, which shall review the computations of the division and
943 report its findings to the Legislative Budget Office within thirty

944 (30) days of such notification by the division, and not later than
945 January 7 in any year. If expenditure reductions or cost
946 containments are implemented, the Governor may implement a maximum
947 amount of state share expenditure reductions to providers, of
948 which hospitals will be responsible for twenty-five percent (25%)
949 of provider reductions as follows: in fiscal year 2010, the
950 maximum amount shall be Twenty-four Million Dollars
951 (\$24,000,000.00); in fiscal year 2011, the maximum amount shall be
952 Thirty-two Million Dollars (\$32,000,000.00); and in fiscal year
953 2012 and thereafter, the maximum amount shall be Forty Million
954 Dollars (\$40,000,000.00). However, instead of implementing cuts,
955 the hospital share shall be in the form of an additional
956 assessment not to exceed Ten Million Dollars (\$10,000,000.00) as
957 provided in Section 43-13-145(4)(a)(ii). If Medicaid expenditures
958 are projected to exceed the amount of funds appropriated to the
959 division in any fiscal year in excess of the expenditure
960 reductions to providers, then funds shall be transferred by the
961 State Fiscal Officer from the Health Care Trust Fund into the
962 Health Care Expendable Fund and to the Governor's Office, Division
963 of Medicaid, from the Health Care Expendable Fund, in the amount
964 and at such time as requested by the Governor to reconcile the
965 deficit. If the cost containment measures described above have
966 been implemented and there are insufficient funds in the Health
967 Care Trust Fund to reconcile any remaining deficit in any fiscal
968 year, the Governor shall institute any other additional cost

969 containment measures on any program or programs authorized under
970 this article to the extent allowed under federal law. Hospitals
971 shall be responsible for twenty-five percent (25%) of any
972 additional imposed provider cuts. However, instead of
973 implementing hospital expenditure reductions, the hospital
974 reductions shall be in the form of an additional assessment not to
975 exceed twenty-five percent (25%) of provider expenditure
976 reductions as provided in Section 43-13-145(4) (a) (ii). It is the
977 intent of the Legislature that the expenditures of the division
978 during any fiscal year shall not exceed the amounts appropriated
979 to the division for that fiscal year.

980 (G) Notwithstanding any other provision of this article, it
981 shall be the duty of each nursing facility, intermediate care
982 facility for individuals with intellectual disabilities,
983 psychiatric residential treatment facility, and nursing facility
984 for the severely disabled that is participating in the Medicaid
985 program to keep and maintain books, documents and other records as
986 prescribed by the Division of Medicaid in substantiation of its
987 cost reports for a period of three (3) years after the date of
988 submission to the Division of Medicaid of an original cost report,
989 or three (3) years after the date of submission to the Division of
990 Medicaid of an amended cost report.

991 (H) (1) Notwithstanding any other provision of this
992 article, the division is authorized to implement (a) a managed
993 care program, (b) a coordinated care program, (c) a coordinated

994 care organization program, (d) a health maintenance organization
995 program, (e) a patient-centered medical home program, (f) an
996 accountable care organization program, (g) provider-sponsored
997 health plan, or (h) any combination of the above programs.
998 Managed care programs, coordinated care programs, coordinated care
999 organization programs, health maintenance organization programs,
1000 patient-centered medical home programs, accountable care
1001 organization programs, provider-sponsored health plans, or any
1002 combination of the above programs or other similar programs
1003 implemented by the division under this section shall be limited to
1004 the greater of (i) forty-five percent (45%) of the total
1005 enrollment of Medicaid beneficiaries, or (ii) the categories of
1006 beneficiaries participating in the program as of January 1, 2014,
1007 plus the categories of beneficiaries composed primarily of persons
1008 younger than nineteen (19) years of age, and the division is
1009 authorized to enroll categories of beneficiaries in such
1010 program(s) as long as the appropriate limitations are not exceeded
1011 in the aggregate. As a condition for the approval of any program
1012 under this subsection (H) (1), the division shall require that no
1013 program may:

1014 (a) Pay providers at a rate that is less than the
1015 Medicaid All-Patient Refined-Diagnosis Related Groups (APR-DRG)
1016 reimbursement rate;

1017 (b) Override the medical decisions of hospital
1018 physicians or staff regarding patients admitted to a hospital for

1019 an emergency medical condition as defined by 42 US Code Section
1020 1395dd. This restriction (b) does not prohibit the retrospective
1021 review of the appropriateness of the determination that an
1022 emergency medical condition exists by chart review or coding
1023 algorithm, nor does it prohibit prior authorization for
1024 nonemergency hospital admissions;

1025 (c) Pay providers at a rate that is less than the
1026 normal Medicaid reimbursement rate; however, the division may
1027 approve use of innovative payment models that recognize
1028 alternative payment models, including quality and value-based
1029 payments, provided both parties mutually agree and the Division of
1030 Medicaid approves of said models. Participation in the provider
1031 network of any managed care, coordinated care, provider-sponsored
1032 health plan, or similar contractor shall not be conditioned on the
1033 provider's agreement to accept such alternative payment models;

1034 (d) Implement a prior authorization program for
1035 prescription drugs that is more stringent than the prior
1036 authorization processes used by the division in its administration
1037 of the Medicaid program;

1038 (e) Implement a policy that does not comply with
1039 the prescription drugs payment requirements established in
1040 subsection (A) (9) of this section;

1041 (f) Implement a preferred drug list that is more
1042 stringent than the mandatory preferred drug list established by
1043 the division under subsection (A) (9) of this section;

1044 (g) Implement a policy which denies beneficiaries
1045 with hemophilia access to the federally funded hemophilia
1046 treatment centers as part of the Medicaid Managed Care network of
1047 providers. All Medicaid beneficiaries with hemophilia shall
1048 receive unrestricted access to anti-hemophilia factor products
1049 through noncapitated reimbursement programs.

1050 (2) Any contractors providing direct patient care under
1051 a managed care program established in this section shall provide
1052 to the Legislature and the division statistical data to be shared
1053 with provider groups in order to improve patient access,
1054 appropriate utilization, cost savings and health outcomes.

1055 (3) All health maintenance organizations, coordinated
1056 care organizations, provider-sponsored health plans, or other
1057 organizations paid for services on a capitated basis by the
1058 division under any managed care program or coordinated care
1059 program implemented by the division under this section shall
1060 reimburse all providers in those organizations at rates no lower
1061 than those provided under this section for beneficiaries who are
1062 not participating in those programs.

1063 (4) No health maintenance organization, coordinated
1064 care organization, provider-sponsored health plan, or other
1065 organization paid for services on a capitated basis by the
1066 division under any managed care program or coordinated care
1067 program implemented by the division under this section shall
1068 require its providers or beneficiaries to use any pharmacy that

1069 ships, mails or delivers prescription drugs or legend drugs or
1070 devices.

1071 (5) On January 1, 2019, the division shall establish a
1072 pilot program for a period of five (5) years to evaluate a
1073 provider-sponsored health plan as a participant in the program(s)
1074 authorized in paragraph (1) of this subsection (H). The division
1075 shall select a provider-sponsored health plan as defined in
1076 Section 83-5-603 to cover not less than twenty percent (20%) of
1077 the population enrolled in the program(s) authorized in paragraph
1078 (1) of this subsection (H) for the five (5) years of the pilot
1079 program. In order to qualify for selection in this pilot program,
1080 a provider-sponsored health plan must be established and duly
1081 licensed by the Department of Insurance on the effective date of
1082 this act. The provider-sponsored health plan selected for this
1083 pilot program shall be operational on January 1, 2019. The
1084 purpose of this pilot program is to compare the performance of the
1085 provider-sponsored health plan to other plans in the following
1086 areas: improving health outcomes for covered lives,
1087 administrative costs, provider satisfaction, and provider
1088 participation. In December 2020 and each December thereafter, the
1089 division shall provide a report to the Chairman of the House
1090 Medicaid Committee and the Chairman of the Senate Medicaid
1091 Committee detailing comparative results in these areas.

1092 (I) [Deleted]

1093 (J) There shall be no cuts in inpatient and outpatient
1094 hospital payments, or allowable days or volumes, as long as the
1095 hospital assessment provided in Section 43-13-145 is in effect.
1096 This subsection (J) shall not apply to decreases in payments that
1097 are a result of: reduced hospital admissions, audits or payments
1098 under the APR-DRG or APC models, or a managed care program or
1099 similar model described in subsection (H) of this section.

1100 (K) This section shall stand repealed on * * * July 1, 2021.

1101 **SECTION 2.** This act shall take effect and be in force from
1102 and after its passage.
