HOUSE BILL NO. 1673

AN ACT TO AMEND SECTION 27-7-15, MISSISSIPPI CODE OF 1972, TO REVISE THE NATIONAL GUARD COMPENSATION THAT IS PARTIALLY EXCLUDED FROM GROSS INCOME UNDER THE STATE INCOME TAX LAW; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 27-7-15, Mississippi Code of 1972, is amended as follows:

27-7-15. (1) For the purposes of this article, except as otherwise provided, the term "gross income" means and includes the income of a taxpayer derived from salaries, wages, fees or compensation for service, of whatever kind and in whatever form paid, including income from governmental agencies and subdivisions thereof; or from professions, vocations, trades, businesses, commerce or sales, or renting or dealing in property, or reacquired property; also from annuities, interest, rents, dividends, securities, insurance premiums, reinsurance premiums, considerations for supplemental insurance contracts, or the transaction of any business carried on for gain or profit, or gains, or profits, and income derived from any source whatever and in whatever form paid. The amount of all such items of income shall be included in the gross income for the taxable year in which received by the taxpayer. The amount by which an eligible employee's salary is reduced pursuant to a salary reduction agreement authorized under Section 25-17-5 shall be excluded from the term "gross income" within the meaning of this article.

(2) In determining gross income for the purpose of this section, the following, under regulations prescribed by the commissioner, shall be applicable:

(a) **Dealers in property.** Federal rules, regulations and revenue procedures shall be followed with respect to installment sales unless a transaction results in the shifting of income from inside the state to outside the state.

(b) **Casual sales of property.**

(i) Prior to January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except they shall be applied and administered as if H.R. 3594, the Installment Tax Correction Act of 2000 of the 106th Congress, had not been enacted. This provision will generally affect taxpayers, reporting on the accrual method of accounting, entering into installment note agreements on or after December 17, 1999. Any gain or profit resulting from the casual sale of property will be recognized in the year of sale.

(ii) From and after January 1, 2001, federal rules, regulations and revenue procedures shall be followed with respect to installment sales except as provided in this subparagraph (ii). Gain or profit from the casual sale of property shall be recognized in the year of sale. When a taxpayer recognizes gain on the casual sale of property in which the gain is deferred for federal income tax purposes, a taxpayer may elect to defer the payment of tax resulting from the gain as allowed and to the extent provided under regulations prescribed by the commissioner. If the payment of the tax is made on a deferred basis, the tax shall be computed based on the applicable rate for the income reported in the year the payment is made. Except as otherwise provided in subparagraph (iii) of this paragraph (b), deferring the payment of the tax shall not affect the liability for the tax. If at any time the installment note is sold, contributed, transferred or disposed of in any manner and for any purpose by the original note holder, or the original note holder is merged, liquidated, dissolved or withdrawn from this state, then all deferred tax payments under this section shall immediately become due and payable.

(iii) If the selling price of the property is reduced by any alteration in the terms of an installment note, including default by the purchaser, the gain to be recognized is recomputed based on the adjusted selling price in the same manner as for federal income tax purposes. The tax on this amount, less the previously paid tax on the recognized gain, is payable over the period of the remaining installments. If the tax on the previously recognized gain has been paid in full to this state, the return on which the payment was made may be amended for this purpose only. The statute of limitations in Section 27-7-49 shall not bar an amended return for this purpose.

(c) **Reserves of insurance companies.** In the case of insurance companies, any amounts in excess of the legally required reserves shall be included as gross income.

(d) **Affiliated companies or persons.** As regards sales, exchanges or payments for services from one to another of affiliated companies or persons or under other circumstances where the relation between the buyer and seller is such that gross proceeds from the sale or the value of the exchange or the payment for services are not indicative of the true value of the subject matter of the sale, exchange or payment for services, the commissioner shall prescribe uniform and equitable rules for determining the true value of the gross income, gross sales, exchanges or payment for services, or require consolidated returns of affiliates.

(e) **Alimony and separate maintenance payments.** The federal rules, regulations and revenue procedures in determining the deductibility and taxability of alimony payments shall be followed in this state.

(f) **Reimbursement for expenses of moving.** There shall be included in gross income (as compensation for services) any amount received or accrued, directly or indirectly, by an individual as a payment for or reimbursement of expenses of moving from one (1) residence to another residence which is attributable to employment or self-employment.

(3) In the case of taxpayers other than residents, gross income includes gross income from sources within this state.

(4) The words "gross income" do not include the following items of income which shall be exempt from taxation under this article:

(a) The proceeds of life insurance policies and contracts paid upon the death of the insured. However, the income from the proceeds of such policies or contracts shall be included in the gross income.

(b) The amount received by the insured as a return of premium or premiums paid by him under life insurance policies, endowment, or annuity contracts, either during the term or at maturity or upon surrender of the contract.

(c) The value of property acquired by gift, bequest, devise or descent, but the income from such property shall be included in the gross income.

(d) Interest upon the obligations of the United States or its possessions, or securities issued under the provisions of the Federal Farm Loan Act of 1916, or bonds issued by the War Finance Corporation, or obligations of the State of Mississippi or political subdivisions thereof.

(e) The amounts received through accident or health insurance as compensation for personal injuries or sickness, plus the amount of any damages received for such injuries or such sickness or injuries, or through the War Risk Insurance Act, or any law for the benefit or relief of injured or disabled members of the military or naval forces of the United States.

(f) Income received by any religious denomination or by any institution or trust for moral or mental improvements, religious, Bible, tract, charitable, benevolent, fraternal, missionary, hospital, infirmary, educational, scientific, literary, library, patriotic, historical or cemetery purposes or for two (2) or more of such purposes, if such income be used exclusively for carrying out one or more of such purposes.

(g) Income received by a domestic corporation which is "taxable in another state" as this term is defined in this article, derived from business activity conducted outside this state. Domestic corporations taxable both within and without the state shall determine Mississippi income on the same basis as provided for foreign corporations under the provisions of this article.
