BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. This act shall be known and may be cited as the "Smart State Act."

SECTION 2. (1) There is hereby created in the State Treasury a special fund to be designated as the "Municipalities Technology Improvements Fund," which shall consist of funds made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall...
not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund. Monies in the fund shall be used to make grants to municipalities for the purposes provided in this section.

(2) The Mississippi Development Authority shall establish a grant program to make grants to municipalities in this state to assist in paying costs associated with using technology to improve law enforcement and other public safety services, traffic control and systems, transportation systems, transportation infrastructure, and other infrastructure. The Mississippi Development Authority shall consult with the Jackson State University College of Science, Engineering and Technology for the purpose of establishing guidelines for the grant program. The maximum amount of a grant made to a municipality under this section cannot exceed the lesser of Three Million Dollars ($3,000,000.00) or seventy-five percent (75%) of the cost of the project for which assistance is requested. A municipality may apply to the Mississippi Development Authority for a grant under this section in the manner provided for in this section.

(3) A municipality desiring a grant under this section must submit an application to the Mississippi Development Authority. The application must include a description of the project for which the grant is requested, the cost of the project for which the grant is requested, the amount of the grant requested and any
other information required by the Mississippi Development Authority.

(4) The Mississippi Development Authority shall have all powers necessary to implement and administer the program established under this section, and the Mississippi Development Authority shall promulgate rules and regulations, in accordance with the Mississippi Administrative Procedures Law, necessary for the implementation of this section.

SECTION 3. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bonds means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The Mississippi Development Authority, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for the grant program authorized in Section 2 of this act. Upon the adoption of a resolution by the Mississippi
Development Authority, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the Mississippi Development Authority shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Fifty Million Dollars ($50,000,000.00). No bonds authorized under this section shall be issued after July 1, 2024.

(b) The proceeds of bonds issued pursuant to this section shall be deposited into the Municipalities Technology Improvements Fund created pursuant to Section 2 of this act. Any investment earnings on bonds issued pursuant to this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(3) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates
(not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary,
such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(6) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually. If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than
ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the Municipalities Technology Improvements Fund created in Section 2 of this act. The proceeds of such bonds shall be disbursed solely upon the order of the Mississippi Development Authority under such restrictions, if any, as may be
contained in the resolution providing for the issuance of the bonds.

(9) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be
performed, in order to provide for the payment of bonds and
interest thereon.

(12) All bonds issued under the provisions of this section
shall be legal investments for trustees and other fiduciaries, and
for savings banks, trust companies and insurance companies
organized under the laws of the State of Mississippi, and such
bonds shall be legal securities which may be deposited with and
shall be received by all public officers and bodies of this state
and all municipalities and political subdivisions for the purpose
of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and
income therefrom shall be exempt from all taxation in the State of
Mississippi.

(14) The proceeds of the bonds issued under this section
shall be used solely for the purposes therein provided, including
the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further
process of law, to certify to the Department of Finance and
Administration the necessity for warrants, and the Department of
Finance and Administration is authorized and directed to issue
such warrants, in such amounts as may be necessary to pay when due
the principal of, premium, if any, and interest on, or the
accreted value of, all bonds issued under this section; and the
State Treasurer shall forward the necessary amount to the
designated place or places of payment of such bonds in ample time
to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers therein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 4. (1) There is hereby created in the State Treasury a special fund to be designated as the "Mississippi Health Care Technology Improvements Fund," which shall consist of funds made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund. Monies in the fund shall be used to make grants to health care entities for the purposes provided in this section. For the purposes of this section, the term "health care entity" means a hospital, a health clinic affiliated with a community hospital as defined in Section 41-13-10, and a federally qualified health center.

(2) The State Department of Health shall establish a grant program to make grants to health care entities to assist in paying costs associated with using technology to improve the availability of health care services throughout the state. The State Department of Health shall consult with the Jackson State

The maximum amount of a grant made to a health care entity under this section cannot exceed the lesser of Three Million Dollars ($3,000,000.00) or seventy-five percent (75%) of the cost of the project for which assistance is requested.
