HOUSE BILL NO. 344

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
2 TO PROVIDE THAT A NONRESIDENT PERSON WHO IS ADMITTED TO A
3 PEDIATRIC SKILLED NURSING FACILITY IN MISSISSIPPI SHALL NOT BE
4 ELIGIBLE FOR MISSISSIPPI MEDICAID COVERAGE FOR PEDIATRIC SKILLED
5 NURSING SERVICES BUT MUST CONTINUE TO BE COVERED FOR THOSE
6 SERVICES BY THE MEDICAID PROGRAM OF THE STATE OF WHICH THE PERSON
7 IS A RESIDENT; AND FOR RELATED PURPOSES.

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

9 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
10 amended as follows:

11 43-13-117. (A) Medicaid as authorized by this article shall
12 include payment of part or all of the costs, at the discretion of
13 the division, with approval of the Governor and the Centers for
14 Medicare and Medicaid Services, of the following types of care and
15 services rendered to eligible applicants who have been determined
16 to be eligible for that care and services, within the limits of
17 state appropriations and federal matching funds:

18 (1) Inpatient hospital services.

19 (a) The division shall allow thirty (30) days of
20 inpatient hospital care annually for all Medicaid recipients.

21 Medicaid recipients requiring transplants shall not have those
22 days included in the transplant hospital stay count against the
23 thirty-day limit for inpatient hospital care. Precertification of
24 inpatient days must be obtained as required by the division.

25 (b) From and after July 1, 1994, the Executive
26 Director of the Division of Medicaid shall amend the Mississippi
27 Title XIX Inpatient Hospital Reimbursement Plan to remove the
28 occupancy rate penalty from the calculation of the Medicaid
29 Capital Cost Component utilized to determine total hospital costs
30 allocated to the Medicaid program.

31 (c) Hospitals may receive an additional payment
32 for the implantable programmable baclofen drug pump used to treat
33 spasticity that is implanted on an inpatient basis. The payment
34 pursuant to written invoice will be in addition to the facility's
35 per diem reimbursement and will represent a reduction of costs on
36 the facility's annual cost report, and shall not exceed Ten
37 Thousand Dollars (\$10,000.00) per year per recipient.

38 (d) The division is authorized to implement an All
39 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement
40 methodology for inpatient hospital services.

41 (e) No service benefits or reimbursement
42 limitations in this section shall apply to payments under an
43 APR-DRG or Ambulatory Payment Classification (APC) model or a
44 managed care program or similar model described in subsection (H)
45 of this section unless specifically authorized by the division.

46 (2) Outpatient hospital services.

47 (a) Emergency services.

48 (b) Other outpatient hospital services. The

49 division shall allow benefits for other medically necessary

50 outpatient hospital services (such as chemotherapy, radiation,

51 surgery and therapy), including outpatient services in a clinic or

52 other facility that is not located inside the hospital, but that

53 has been designated as an outpatient facility by the hospital, and

54 that was in operation or under construction on July 1, 2009,

55 provided that the costs and charges associated with the operation

56 of the hospital clinic are included in the hospital's cost report.

57 In addition, the Medicare thirty-five-mile rule will apply to

58 those hospital clinics not located inside the hospital that are

59 constructed after July 1, 2009. Where the same services are

60 reimbursed as clinic services, the division may revise the rate or

61 methodology of outpatient reimbursement to maintain consistency,

62 efficiency, economy and quality of care.

63 (c) The division is authorized to implement an

64 Ambulatory Payment Classification (APC) methodology for outpatient

65 hospital services. The division may give rural hospitals that

66 have fifty (50) or fewer licensed beds the option to not be

67 reimbursed for outpatient hospital services using the APC

68 methodology, but reimbursement for outpatient hospital services

69 provided by those hospitals shall be based on one hundred one

70 percent (101%) of the rate established under Medicare for

71 outpatient hospital services. Those hospitals choosing to not be
72 reimbursed under the APC methodology shall remain under cost-based
73 reimbursement for a two-year period.

74 (d) No service benefits or reimbursement
75 limitations in this section shall apply to payments under an
76 APR-DRG or APC model or a managed care program or similar model
77 described in subsection (H) of this section.

78 (3) Laboratory and x-ray services.

79 (4) Nursing facility services.

80 (a) The division shall make full payment to
81 nursing facilities for each day, not exceeding forty-two (42) days
82 per year, that a patient is absent from the facility on home
83 leave. Payment may be made for the following home leave days in
84 addition to the forty-two-day limitation: Christmas, the day
85 before Christmas, the day after Christmas, Thanksgiving, the day
86 before Thanksgiving and the day after Thanksgiving.

87 (b) From and after July 1, 1997, the division
88 shall implement the integrated case-mix payment and quality
89 monitoring system, which includes the fair rental system for
90 property costs and in which recapture of depreciation is
91 eliminated. The division may reduce the payment for hospital
92 leave and therapeutic home leave days to the lower of the case-mix
93 category as computed for the resident on leave using the
94 assessment being utilized for payment at that point in time, or a
95 case-mix score of 1.000 for nursing facilities, and shall compute

96 case-mix scores of residents so that only services provided at the
97 nursing facility are considered in calculating a facility's per
98 diem.

99 (c) From and after July 1, 1997, all state-owned
100 nursing facilities shall be reimbursed on a full reasonable cost
101 basis.

102 (d) On or after January 1, 2015, the division
103 shall update the case-mix payment system resource utilization
104 grouper and classifications and fair rental reimbursement system.
105 The division shall develop and implement a payment add-on to
106 reimburse nursing facilities for ventilator-dependent resident
107 services.

108 (e) The division shall develop and implement, not
109 later than January 1, 2001, a case-mix payment add-on determined
110 by time studies and other valid statistical data that will
111 reimburse a nursing facility for the additional cost of caring for
112 a resident who has a diagnosis of Alzheimer's or other related
113 dementia and exhibits symptoms that require special care. Any
114 such case-mix add-on payment shall be supported by a determination
115 of additional cost. The division shall also develop and implement
116 as part of the fair rental reimbursement system for nursing
117 facility beds, an Alzheimer's resident bed depreciation enhanced
118 reimbursement system that will provide an incentive to encourage
119 nursing facilities to convert or construct beds for residents with
120 Alzheimer's or other related dementia.

121 (f) The division shall develop and implement an
122 assessment process for long-term care services. The division may
123 provide the assessment and related functions directly or through
124 contract with the area agencies on aging.

125 The division shall apply for necessary federal waivers to
126 assure that additional services providing alternatives to nursing
127 facility care are made available to applicants for nursing
128 facility care.

129 (5) Periodic screening and diagnostic services for
130 individuals under age twenty-one (21) years as are needed to
131 identify physical and mental defects and to provide health care
132 treatment and other measures designed to correct or ameliorate
133 defects and physical and mental illness and conditions discovered
134 by the screening services, regardless of whether these services
135 are included in the state plan. The division may include in its
136 periodic screening and diagnostic program those discretionary
137 services authorized under the federal regulations adopted to
138 implement Title XIX of the federal Social Security Act, as
139 amended. The division, in obtaining physical therapy services,
140 occupational therapy services, and services for individuals with
141 speech, hearing and language disorders, may enter into a
142 cooperative agreement with the State Department of Education for
143 the provision of those services to handicapped students by public
144 school districts using state funds that are provided from the
145 appropriation to the Department of Education to obtain federal

146 matching funds through the division. The division, in obtaining
147 medical and mental health assessments, treatment, care and
148 services for children who are in, or at risk of being put in, the
149 custody of the Mississippi Department of Human Services may enter
150 into a cooperative agreement with the Mississippi Department of
151 Human Services for the provision of those services using state
152 funds that are provided from the appropriation to the Department
153 of Human Services to obtain federal matching funds through the
154 division.

155 (6) Physician's services. Physician visits as
156 determined by the division and in accordance with federal laws and
157 regulations. The division may develop and implement a different
158 reimbursement model or schedule for physician's services provided
159 by physicians based at an academic health care center and by
160 physicians at rural health centers that are associated with an
161 academic health care center. From and after January 1, 2010, all
162 fees for physician's services that are covered only by Medicaid
163 shall be increased to ninety percent (90%) of the rate established
164 on January 1, 2018, and as may be adjusted each July thereafter,
165 under Medicare. The division may provide for a reimbursement rate
166 for physician's services of up to one hundred percent (100%) of
167 the rate established under Medicare for physician's services that
168 are provided after the normal working hours of the physician, as
169 determined in accordance with regulations of the division. The
170 division may reimburse eligible providers as determined by the

171 Patient Protection and Affordable Care Act for certain primary
172 care services as defined by the act at one hundred percent (100%)
173 of the rate established under Medicare. Additionally, the
174 division shall reimburse obstetricians and gynecologists for
175 certain primary care services as defined by the division at one
176 hundred percent (100%) of the rate established under Medicare.

177 (7) (a) Home health services for eligible persons, not
178 to exceed in cost the prevailing cost of nursing facility
179 services. All home health visits must be precertified as required
180 by the division.

181 (b) [Repealed]

182 (8) Emergency medical transportation services as
183 determined by the division.

184 (9) Prescription drugs and other covered drugs and
185 services as may be determined by the division.

186 The division shall establish a mandatory preferred drug list.
187 Drugs not on the mandatory preferred drug list shall be made
188 available by utilizing prior authorization procedures established
189 by the division.

190 The division may seek to establish relationships with other
191 states in order to lower acquisition costs of prescription drugs
192 to include single-source and innovator multiple-source drugs or
193 generic drugs. In addition, if allowed by federal law or
194 regulation, the division may seek to establish relationships with
195 and negotiate with other countries to facilitate the acquisition

196 of prescription drugs to include single-source and innovator
197 multiple-source drugs or generic drugs, if that will lower the
198 acquisition costs of those prescription drugs.

199 The division may allow for a combination of prescriptions for
200 single-source and innovator multiple-source drugs and generic
201 drugs to meet the needs of the beneficiaries.

202 The executive director may approve specific maintenance drugs
203 for beneficiaries with certain medical conditions, which may be
204 prescribed and dispensed in three-month supply increments.

205 Drugs prescribed for a resident of a psychiatric residential
206 treatment facility must be provided in true unit doses when
207 available. The division may require that drugs not covered by
208 Medicare Part D for a resident of a long-term care facility be
209 provided in true unit doses when available. Those drugs that were
210 originally billed to the division but are not used by a resident
211 in any of those facilities shall be returned to the billing
212 pharmacy for credit to the division, in accordance with the
213 guidelines of the State Board of Pharmacy and any requirements of
214 federal law and regulation. Drugs shall be dispensed to a
215 recipient and only one (1) dispensing fee per month may be
216 charged. The division shall develop a methodology for reimbursing
217 for restocked drugs, which shall include a restock fee as
218 determined by the division not exceeding Seven Dollars and
219 Eighty-two Cents (\$7.82).

220 Except for those specific maintenance drugs approved by the
221 executive director, the division shall not reimburse for any
222 portion of a prescription that exceeds a thirty-one-day supply of
223 the drug based on the daily dosage.

224 The division is authorized to develop and implement a program
225 of payment for additional pharmacist services as may be determined
226 by the division.

227 All claims for drugs for dually eligible Medicare/Medicaid
228 beneficiaries that are paid for by Medicare must be submitted to
229 Medicare for payment before they may be processed by the
230 division's online payment system.

231 The division shall develop a pharmacy policy in which drugs
232 in tamper-resistant packaging that are prescribed for a resident
233 of a nursing facility but are not dispensed to the resident shall
234 be returned to the pharmacy and not billed to Medicaid, in
235 accordance with guidelines of the State Board of Pharmacy.

236 The division shall develop and implement a method or methods
237 by which the division will provide on a regular basis to Medicaid
238 providers who are authorized to prescribe drugs, information about
239 the costs to the Medicaid program of single-source drugs and
240 innovator multiple-source drugs, and information about other drugs
241 that may be prescribed as alternatives to those single-source
242 drugs and innovator multiple-source drugs and the costs to the
243 Medicaid program of those alternative drugs.

244 Notwithstanding any law or regulation, information obtained
245 or maintained by the division regarding the prescription drug
246 program, including trade secrets and manufacturer or labeler
247 pricing, is confidential and not subject to disclosure except to
248 other state agencies.

249 The dispensing fee for each new or refill prescription,
250 including nonlegend or over-the-counter drugs covered by the
251 division, shall be not less than Three Dollars and Ninety-one
252 Cents (\$3.91), as determined by the division.

253 The division shall not reimburse for single-source or
254 innovator multiple-source drugs if there are equally effective
255 generic equivalents available and if the generic equivalents are
256 the least expensive.

257 It is the intent of the Legislature that the pharmacists
258 providers be reimbursed for the reasonable costs of filling and
259 dispensing prescriptions for Medicaid beneficiaries.

260 The division may allow certain drugs, implantable drug system
261 devices, and medical supplies, with limited distribution or
262 limited access for beneficiaries and administered in an
263 appropriate clinical setting, to be reimbursed as either a medical
264 claim or pharmacy claim, as determined by the division.

265 Notwithstanding any other provision of this article, the
266 division shall allow physician-administered drugs to be billed and
267 reimbursed as either a medical claim or pharmacy point-of-sale to
268 allow greater access to care.

269 It is the intent of the Legislature that the division and any
270 managed care entity described in subsection (H) of this section
271 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to
272 prevent recurrent preterm birth.

273 (10) Dental and orthodontic services to be determined
274 by the division.

275 This dental services program under this paragraph shall be
276 known as the "James Russell Dumas Medicaid Dental Services
277 Program."

278 The Medical Care Advisory Committee, assisted by the Division
279 of Medicaid, shall annually determine the effect of this incentive
280 by evaluating the number of dentists who are Medicaid providers,
281 the number who and the degree to which they are actively billing
282 Medicaid, the geographic trends of where dentists are offering
283 what types of Medicaid services and other statistics pertinent to
284 the goals of this legislative intent. This data shall annually be
285 presented to the Chair of the Senate Medicaid Committee and the
286 Chair of the House Medicaid Committee.

287 The division shall include dental services as a necessary
288 component of overall health services provided to children who are
289 eligible for services.

290 (11) Eyeglasses for all Medicaid beneficiaries who have
291 (a) had surgery on the eyeball or ocular muscle that results in a
292 vision change for which eyeglasses or a change in eyeglasses is
293 medically indicated within six (6) months of the surgery and is in

294 accordance with policies established by the division, or (b) one
295 (1) pair every five (5) years and in accordance with policies
296 established by the division. In either instance, the eyeglasses
297 must be prescribed by a physician skilled in diseases of the eye
298 or an optometrist, whichever the beneficiary may select.

299 (12) Intermediate care facility services.

300 (a) The division shall make full payment to all
301 intermediate care facilities for individuals with intellectual
302 disabilities for each day, not exceeding sixty-three (63) days per
303 year, that a patient is absent from the facility on home leave.
304 Payment may be made for the following home leave days in addition
305 to the sixty-three-day limitation: Christmas, the day before
306 Christmas, the day after Christmas, Thanksgiving, the day before
307 Thanksgiving and the day after Thanksgiving.

308 (b) All state-owned intermediate care facilities
309 for individuals with intellectual disabilities shall be reimbursed
310 on a full reasonable cost basis.

311 (c) Effective January 1, 2015, the division shall
312 update the fair rental reimbursement system for intermediate care
313 facilities for individuals with intellectual disabilities.

314 (13) Family planning services, including drugs,
315 supplies and devices, when those services are under the
316 supervision of a physician or nurse practitioner.

317 (14) Clinic services. Such diagnostic, preventive,
318 therapeutic, rehabilitative or palliative services furnished to an

319 outpatient by or under the supervision of a physician or dentist
320 in a facility that is not a part of a hospital but that is
321 organized and operated to provide medical care to outpatients.
322 Clinic services shall include any services reimbursed as
323 outpatient hospital services that may be rendered in such a
324 facility, including those that become so after July 1, 1991. On
325 July 1, 1999, all fees for physicians' services reimbursed under
326 authority of this paragraph (14) shall be reimbursed at ninety
327 percent (90%) of the rate established on January 1, 1999, and as
328 may be adjusted each July thereafter, under Medicare (Title XVIII
329 of the federal Social Security Act, as amended). The division may
330 develop and implement a different reimbursement model or schedule
331 for physician's services provided by physicians based at an
332 academic health care center and by physicians at rural health
333 centers that are associated with an academic health care center.
334 The division may provide for a reimbursement rate for physician's
335 clinic services of up to one hundred percent (100%) of the rate
336 established under Medicare for physician's services that are
337 provided after the normal working hours of the physician, as
338 determined in accordance with regulations of the division.

339 (15) Home- and community-based services for the elderly
340 and disabled, as provided under Title XIX of the federal Social
341 Security Act, as amended, under waivers, subject to the
342 availability of funds specifically appropriated for that purpose
343 by the Legislature.

344 The Division of Medicaid is directed to apply for a waiver
345 amendment to increase payments for all adult day care facilities
346 based on acuity of individual patients, with a maximum of
347 Seventy-five Dollars (\$75.00) per day for the most acute patients.

348 (16) Mental health services. Certain services provided
349 by a psychiatrist shall be reimbursed at up to one hundred percent
350 (100%) of the Medicare rate. Approved therapeutic and case
351 management services (a) provided by an approved regional mental
352 health/intellectual disability center established under Sections
353 41-19-31 through 41-19-39, or by another community mental health
354 service provider meeting the requirements of the Department of
355 Mental Health to be an approved mental health/intellectual
356 disability center if determined necessary by the Department of
357 Mental Health, using state funds that are provided in the
358 appropriation to the division to match federal funds, or (b)
359 provided by a facility that is certified by the State Department
360 of Mental Health to provide therapeutic and case management
361 services, to be reimbursed on a fee for service basis, or (c)
362 provided in the community by a facility or program operated by the
363 Department of Mental Health. Any such services provided by a
364 facility described in subparagraph (b) must have the prior
365 approval of the division to be reimbursable under this section.

366 (17) Durable medical equipment services and medical
367 supplies. Precertification of durable medical equipment and
368 medical supplies must be obtained as required by the division.

369 The Division of Medicaid may require durable medical equipment
370 providers to obtain a surety bond in the amount and to the
371 specifications as established by the Balanced Budget Act of 1997.

372 (18) (a) Notwithstanding any other provision of this
373 section to the contrary, as provided in the Medicaid state plan
374 amendment or amendments as defined in Section 43-13-145(10), the
375 division shall make additional reimbursement to hospitals that
376 serve a disproportionate share of low-income patients and that
377 meet the federal requirements for those payments as provided in
378 Section 1923 of the federal Social Security Act and any applicable
379 regulations. It is the intent of the Legislature that the
380 division shall draw down all available federal funds allotted to
381 the state for disproportionate share hospitals. However, from and
382 after January 1, 1999, public hospitals participating in the
383 Medicaid disproportionate share program may be required to
384 participate in an intergovernmental transfer program as provided
385 in Section 1903 of the federal Social Security Act and any
386 applicable regulations.

387 (b) The division may establish a Medicare Upper
388 Payment Limits Program, as defined in Section 1902(a)(30) of the
389 federal Social Security Act and any applicable federal
390 regulations, for hospitals, and may establish a Medicare Upper
391 Payment Limits Program for nursing facilities, and may establish a
392 Medicare Upper Payment Limits Program for physicians employed or
393 contracted by public hospitals. Upon successful implementation of

394 a Medicare Upper Payment Limits Program for physicians employed by
395 public hospitals, the division may develop a plan for implementing
396 an Upper Payment Limits Program for physicians employed by other
397 classes of hospitals. The division shall assess each hospital
398 and, if the program is established for nursing facilities, shall
399 assess each nursing facility, for the sole purpose of financing
400 the state portion of the Medicare Upper Payment Limits Program.
401 The hospital assessment shall be as provided in Section
402 43-13-145(4) (a) and the nursing facility assessment, if
403 established, shall be based on Medicaid utilization or other
404 appropriate method consistent with federal regulations. The
405 assessment will remain in effect as long as the state participates
406 in the Medicare Upper Payment Limits Program. Public hospitals
407 with physicians participating in the Medicare Upper Payment Limits
408 Program shall be required to participate in an intergovernmental
409 transfer program for the purpose of financing the state portion of
410 the physician UPL payments. As provided in the Medicaid state
411 plan amendment or amendments as defined in Section 43-13-145(10),
412 the division shall make additional reimbursement to hospitals and,
413 if the program is established for nursing facilities, shall make
414 additional reimbursement to nursing facilities, for the Medicare
415 Upper Payment Limits, and, if the program is established for
416 physicians, shall make additional reimbursement for physicians, as
417 defined in Section 1902(a) (30) of the federal Social Security Act
418 and any applicable federal regulations. Notwithstanding any other

419 provision of this article to the contrary, effective upon
420 implementation of the Mississippi Hospital Access Program (MHAP)
421 provided in subparagraph (c)(i) below, the hospital portion of the
422 inpatient Upper Payment Limits Program shall transition into and
423 be replaced by the MHAP program. However, the division is
424 authorized to develop and implement an alternative fee-for-service
425 Upper Payment Limits model in accordance with federal laws and
426 regulations if necessary to preserve supplemental funding.
427 Further, the division, in consultation with the Mississippi
428 Hospital Association and a governmental hospital located in a
429 county bordering the Gulf of Mexico and the State of Alabama shall
430 develop alternative models for distribution of medical claims and
431 supplemental payments for inpatient and outpatient hospital
432 services, and such models may include, but shall not be limited to
433 the following: increasing rates for inpatient and outpatient
434 services; creating a low-income utilization pool of funds to
435 reimburse hospitals for the costs of uncompensated care, charity
436 care and bad debts as permitted and approved pursuant to federal
437 regulations and the Centers for Medicare and Medicaid Services;
438 supplemental payments based upon Medicaid utilization, quality,
439 service lines and/or costs of providing such services to Medicaid
440 beneficiaries and to uninsured patients. The goals of such
441 payment models shall be to ensure access to inpatient and
442 outpatient care and to maximize any federal funds that are
443 available to reimburse hospitals for services provided. Any such

444 documents required to achieve the goals described in this
445 paragraph shall be submitted to the Centers for Medicare and
446 Medicaid Services, with a proposed effective date of July 1, 2019,
447 to the extent possible, but in no event shall the effective date
448 of such payment models be later than July 1, 2020. The Chairmen
449 of the Senate and House Medicaid Committees shall be provided a
450 copy of the proposed payment model(s) prior to submission.
451 Effective July 1, 2018, and until such time as any payment
452 model(s) as described above become effective, the division, in
453 consultation with the Mississippi Hospital Association and a
454 governmental hospital located in a county bordering the Gulf of
455 Mexico and the State of Alabama is authorized to implement a
456 transitional program for inpatient and outpatient payments and/or
457 supplemental payments (including, but not limited to, MHAP and
458 directed payments), to redistribute available supplemental funds
459 among hospital providers, provided that when compared to a
460 hospital's prior year supplemental payments, supplemental payments
461 made pursuant to any such transitional program shall not result in
462 a decrease of more than five percent (5%) and shall not increase
463 by more than the amount needed to maximize the distribution of the
464 available funds.

465 (c) (i) Not later than December 1, 2015, the
466 division shall, subject to approval by the Centers for Medicare
467 and Medicaid Services (CMS), establish, implement and operate a
468 Mississippi Hospital Access Program (MHAP) for the purpose of

469 protecting patient access to hospital care through hospital
470 inpatient reimbursement programs provided in this section designed
471 to maintain total hospital reimbursement for inpatient services
472 rendered by in-state hospitals and the out-of-state hospital that
473 is authorized by federal law to submit intergovernmental transfers
474 (IGTs) to the State of Mississippi and is classified as Level I
475 trauma center located in a county contiguous to the state line at
476 the maximum levels permissible under applicable federal statutes
477 and regulations, at which time the current inpatient Medicare
478 Upper Payment Limits (UPL) Program for hospital inpatient services
479 shall transition to the MHAP.

480 (ii) Subject only to approval by the Centers
481 for Medicare and Medicaid Services (CMS) where required, the MHAP
482 shall provide increased inpatient capitation (PMPM) payments to
483 managed care entities contracting with the division pursuant to
484 subsection (H) of this section to support availability of hospital
485 services or such other payments permissible under federal law
486 necessary to accomplish the intent of this subsection.

829 reduction in the reimbursement rates required by this subsection
830 (B) shall not apply to inpatient hospital services, outpatient

882 recipients or services is ordered by a court of proper authority.

883 (F) The executive director shall keep the Governor advised
884 on a timely basis of the funds available for expenditure and the
885 projected expenditures. Notwithstanding any other provisions of
886 this article, if current or projected expenditures of the division
887 are reasonably anticipated to exceed the amount of funds
888 appropriated to the division for any fiscal year, the Governor,
889 after consultation with the executive director, shall take all
890 appropriate measures to reduce costs, which may include, but are
891 not limited to:

893 are deemed to be optional under Title XIX of the Social Security
894 Act;

895 (2) Reducing reimbursement rates for any or all service
896 types;

897 (3) Imposing additional assessments on health care
898 providers; or

899 (4) Any additional cost-containment measures deemed
900 appropriate by the Governor.

901 Beginning in fiscal year 2010 and in fiscal years thereafter,
902 when Medicaid expenditures are projected to exceed funds available
903 for the fiscal year, the division shall submit the expected
904 shortfall information to the PEER Committee not later than
905 December 1 of the year in which the shortfall is projected to
906 occur. PEER shall review the computations of the division and
907 report its findings to the Legislative Budget Office not later
908 than January 7 in any year.

909 (G) Notwithstanding any other provision of this article, it
910 shall be the duty of each provider participating in the Medicaid
911 program to keep and maintain books, documents and other records as
912 prescribed by the Division of Medicaid in substantiation of its
913 cost reports for a period of three (3) years after the date of
914 submission to the Division of Medicaid of an original cost report,
915 or three (3) years after the date of submission to the Division of
916 Medicaid of an amended cost report.

917 (H) (1) Notwithstanding any other provision of this
918 article, the division is authorized to implement (a) a managed
919 care program, (b) a coordinated care program, (c) a coordinated
920 care organization program, (d) a health maintenance organization
921 program, (e) a patient-centered medical home program, (f) an
922 accountable care organization program, (g) provider-sponsored

925 organization programs, health maintenance organization programs,
926 patient-centered medical home programs, accountable care
927 organization programs, provider-sponsored health plans, or any
928 combination of the above programs or other similar programs
929 implemented by the division under this section shall be limited to
930 the greater of (i) forty-five percent (45%) of the total
931 enrollment of Medicaid beneficiaries, or (ii) the categories of
932 beneficiaries participating in the program as of January 1, 2014,
933 plus the categories of beneficiaries composed primarily of persons
934 younger than nineteen (19) years of age, and the division is
935 authorized to enroll categories of beneficiaries in such
936 program(s) as long as the appropriate limitations are not exceeded
937 in the aggregate. As a condition for the approval of any program
938 under this subsection (H) (1), the division shall require that no
939 program may:

944 physicians or staff regarding patients admitted to a hospital for
945 an emergency medical condition as defined by 42 US Code Section
946 1395dd. This restriction (b) does not prohibit the retrospective
947 review of the appropriateness of the determination that an
948 emergency medical condition exists by chart review or coding
949 algorithm, nor does it prohibit prior authorization for
950 nonemergency hospital admissions;

951 (c) Pay providers at a rate that is less than the
952 normal Medicaid reimbursement rate. It is the intent of the
953 Legislature that all managed care entities described in this
954 subsection (H), in collaboration with the division, develop and
955 implement innovative payment models that incentivize improvements
956 in health care quality, outcomes, or value, as determined by the
957 division. Participation in the provider network of any managed
958 care, coordinated care, provider-sponsored health plan, or similar
959 contractor shall not be conditioned on the provider's agreement to
960 accept such alternative payment models;

961 (d) Implement a prior authorization program for
962 prescription drugs that is more stringent than the prior
963 authorization processes used by the division in its administration
964 of the Medicaid program;

967 stringent than the mandatory preferred drug list established by
968 the division under subsection (A)(9) of this section;

969 (g) Implement a policy which denies beneficiaries
970 with hemophilia access to the federally funded hemophilia
971 treatment centers as part of the Medicaid Managed Care network of
972 providers. All Medicaid beneficiaries with hemophilia shall
973 receive unrestricted access to anti-hemophilia factor products
974 through noncapitated reimbursement programs.

975 (2) Notwithstanding any provision of this section, no
976 expansion of Medicaid managed care program contracts may be
977 implemented by the division without enabling legislation from the
978 Mississippi Legislature. There is hereby established the
