(b) "Eligible property" means property located in Mississippi and offered or used for residential or business purposes; however, the term "eligible property" shall not include a single-family dwelling unless:

(i) A certificate evidencing the eligible credit has been issued to the taxpayer by the department prior to July 1, 2016, that applies to such dwelling; or

(ii) The dwelling is designated as a National Historic Landmark under the National Historic Landmarks Program.

(c) "Structure in a certified historic district" means a structure (and its structural components) located in Mississippi which:

(i) Is listed in the National Register of Historic Places; or

(ii) Has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section, and is certified by the Secretary of the United States Department of the Interior as being of historic significance to the district; or

(iv) Is certified by the Mississippi Department of Archives and History as contributing to the historic significance of:

1. A certified historic district listed on the National Register of Historic Places; or

3. A local district that has been certified by the United States Department of the Interior.

(d) "Department" means the Department of Archives and History.

(2) Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or a structure in a certified historic district, shall be entitled to a credit against the taxes imposed pursuant to this chapter in an amount equal to twenty-five percent (25%) of the total costs and expenses of rehabilitation incurred after January
1, 2006, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder:

(a) If the costs and expenses associated with rehabilitation exceed:

   (i) Five Thousand Dollars ($5,000.00) in the case of an owner-occupied dwelling; or

   (ii) Fifty percent (50%) of the total basis in the property in the case of all other properties; and

(b) The rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior as determined by the department.

(3) Any taxpayer eligible for the credit authorized by this section may claim the credit in phases if:

(a) There is a written set of architectural plans and specifications for all phases of the rehabilitation (written plans outlining and describing all phases of the rehabilitation shall be accepted as written plans and specifications);

(b) The written set of architectural plans and specifications are completed before the physical work on the rehabilitation begins; and

(c) It can reasonably be expected that all phases of the rehabilitation will be completed.
(4) (a) (i) If the amount of the tax credit established by this section exceeds the total state income tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the total state income tax liability may be carried forward for the ten (10) succeeding tax years.

(ii) ** The taxpayer may elect to claim a refund in the amount of seventy-five percent (75%) of the excess credit in lieu of the ten-year carryforward. The election must be made in the year in which the rehabilitated property is placed in service. Refunds will be paid in equal installments over a two-year period and shall be made from current collections.

(iii) Refund requests shall be submitted to the Department of Revenue on forms prescribed by the department. Refunds shall be made from current tax collections.

(b) Not-for-profit entities, including, but not limited to, nonprofit corporations organized under Section 79-11-101 et seq. shall be ineligible for the credit authorized by this section. Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners on a pro rata basis or pursuant to an executed agreement among the partners, members or owners documenting an alternative distribution method. Partners, members or other owners of a pass-through entity are not eligible to elect a refund of excess credit in lieu of a carryforward of the credit. However, a
partnership or limited liability company taxed as a partnership may elect to claim a refund of excess credit at the entity level on a form prescribed by the Department of Revenue. Additionally, excess tax credits that are attributable to rehabilitated property that was placed in service by a pass-through entity prior to January 1, 2011, and that have previously been allocated to and are held by another pass-through entity prior to January 1, 2011, may be refunded to such other pass-through entity.

(5) (a) To claim the credit authorized pursuant to this section, the taxpayer shall apply to the department which shall determine the amount of eligible rehabilitation costs and expenses and whether the rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior. The department shall issue a certificate evidencing the eligible credit if the taxpayer is found to be eligible for the tax credit. The taxpayer shall attach the certificate to all income tax returns on which the credit is claimed. The department shall not issue certificates evidencing the eligible credit which, when combined with certificates of eligible credits issued prior to July 1, 2016, will result in credits being awarded in excess of Twelve Million Dollars ($12,000,000.00) in any one (1) state fiscal year.

(b) The aggregate amount of tax credits that may be awarded under this section shall not exceed * * * One Hundred Eighty Million Dollars ($180,000,000.00). A taxpayer who was
issued a certificate evidencing the eligible credit by the department prior to July 1, 2020, but who was unable to be awarded the credit due to the limit on the aggregate amount of credits authorized under this section prior to July 1, 2020:

(i) May be awarded the credit so long as the award does not cause the aggregate amount of tax credits awarded to exceed the amount authorized in this paragraph; and

(ii) Shall be given priority for tax credits awarded after July 1, 2020.

(6) (a) The credit received by a taxpayer pursuant to this section is subject to recapture if:

(i) The property is one that has been determined eligible for the National Register of Historic Places but is not listed on the National Register of Historic Places within thirty (30) months of claiming the credit authorized by this section;

(ii) The potential district in which the property is located is not listed on the National Register of Historic Places within thirty (30) months of claiming the credit authorized by this section; or

(iii) The rehabilitation of the property for which the credit was granted is abandoned.

(b) The taxpayer shall notify the department and the Department of Revenue if any of the situations that subject the credit to recapture occur.
(7) (a) The board of trustees of the department shall establish fees to be charged for the services performed by the department under this section and shall publish the fee schedule. The fees contained in the schedule shall be in amounts reasonably calculated to recover the costs incurred by the department for the administration of this section. Any taxpayer desiring to participate in the tax credits authorized by this section shall pay the appropriate fee as contained in the fee schedule to the department, which shall be used by the department, without appropriation, to offset the administrative costs of the department associated with its duties under this section.

(b) There is hereby created within the State Treasury a special fund into which shall be deposited all the fees collected by the department pursuant to this section. Money deposited into the fund shall not lapse at the end of any fiscal year and investment earnings on the proceeds in such special fund shall be deposited into such fund. Money from the fund shall be disbursed upon warrants issued by the State Fiscal Officer upon requisitions signed by the executive director of the department to assist the department in carrying out its duties under this section.

(8) This section shall only apply to taxpayers:

(a) Who have been issued a certificate evidencing the eligible credit before December 31, * * * 2030; or

(b) Who, before December 31, * * * 2030, have received a determination in writing from the Mississippi Department of
Archives and History, in accordance with the department's Historic Preservation Certificate Application, Part 2, that the rehabilitation is consistent with the historic character of the property and that the property meets the United States Secretary of the Interior's Standards for Rehabilitation, or will meet the standards if certain specified conditions are met, and, who are issued a certificate evidencing the eligible credit on or after December 31, ***2030.

SECTION 2. Section 27-7-22.41, Mississippi Code of 1972, is amended as follows:

27-7-22.41. (1) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Department" means the Department of Revenue.
(b) "Eligible charitable organization" means an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is:

(i) Licensed by or under contract or agreement with the Department of Child Protection Services and provides services for:

1. The prevention and diversion of children from custody with the Department of Child Protection Services,
2. The safety, care and well-being of children in custody with the Department of Child Protection Services, or
3. The express purpose of creating permanency for children through adoption; or

(ii) Certified by the department as a job training, workforce development or educational services charitable organization and provides services to:

1. Children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model, or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services,

2. Children who have a chronic illness or physical, intellectual, developmental or emotional disability, or

3. Children eligible for free or reduced price meals programs under Section 37-11-7, or selected for participation in the Promise Neighborhoods Program sponsored by the U.S. Department of Education.

(2) (a) The tax credit authorized in this section shall be available only to a taxpayer who is a business enterprise engaged in commercial, industrial or professional activities and operating as a corporation, limited liability company, partnership or sole proprietorship. Except as otherwise provided in this section, a credit is allowed against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123, for voluntary cash contributions made by a taxpayer during the taxable year to an
eligible charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by such sections of law. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(b) A contribution to an eligible charitable organization for which a credit is claimed under this section does not qualify for and shall not be included in any credit that may be claimed under Section 27-7-22.39.

(c) A contribution for which a credit is claimed under this section may not be used as a deduction by the taxpayer for state income tax purposes.

(3) Taxpayers taking a credit authorized by this section shall provide the name of the eligible charitable organization and the amount of the contribution to the department on forms provided by the department.

(4) An eligible charitable organization shall provide the department with a written certification that it meets all criteria to be considered an eligible charitable organization. The organization shall also notify the department of any changes that may affect eligibility under this section.
The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(c) Any other information that the department requires to administer this section.

The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the
partners, members or shareholders mutually agree as provided in an executed document.

(8) (a) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.
(b) A taxpayer who applied for a tax credit under this section during calendar year 2020, but who was unable to be awarded the credit due to the limit on the aggregate amount of credits authorized for calendar year 2020, shall be given priority for tax credits authorized to be allocated to taxpayers under this section by Section 27-7-22.39.

(9) The aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Five Million Dollars ($5,000,000.00), and not more than fifty percent (50%) of tax credits allocated during a calendar year may be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. However, for calendar year 2021, and for each calendar year thereafter, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Ten Million Dollars ($10,000,000.00). SECTION 3. Section 27-7-22.39, Mississippi Code of 1972, is amended as follows:

27-7-22.39. (1) As used in this section:

(a) "Low-income residents" means persons whose household income is less than one hundred fifty percent (150%) of the federal poverty level.

(b) "Qualifying charitable organization" means a charitable organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code or is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901. The organization must spend at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits or low-income residents of...
this state and their households or to children who have a chronic
ilness or physical, intellectual, developmental or emotional
disability who are residents of this state. A charitable
organization that is exempt from federal income tax under Section
501(c)(3) of the Internal Revenue Code and that meets all other
requirements of this paragraph except that it does not spend at
least fifty percent (50%) of its overall budget in Mississippi may
be a qualifying charitable organization if it spends at least
fifty percent (50%) of its Mississippi budget on services to
qualified individuals in Mississippi and it certifies to the
department that one hundred percent (100%) of the voluntary cash
contributions from the taxpayer will be spent on services to
qualified individuals in Mississippi. Taxpayers choosing to make
donations through an umbrella charitable organization that
collects donations on behalf of member charities shall designate
that the donation be directed to a member charitable organization
that would qualify under this section on a stand-alone basis.
Qualifying charitable organization does not include any entity
that provides, pays for or provides coverage of abortions or that
financially supports any other entity that provides, pays for or
provides coverage of abortions.

(c) "Qualifying foster care charitable organization"
means a qualifying charitable organization that each operating
year provides services to at least one hundred (100) qualified
individuals in this state and spends at least fifty percent (50%)
of its budget on services to qualified individuals in this state. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying foster care charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. For the purposes of this paragraph, "qualified individual" means a child in a foster care placement program established by the Department of Child Protection Services, a child placed under the Safe Families for Children model, or a child at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(d) "Services" means:

(i) Cash assistance, medical care, child care, food, clothing, shelter, and job-placement services or any other assistance that is reasonably necessary to meet immediate basic needs and that is provided and used in this state;

(ii) Job-training or education services or funding for parents, foster parents or guardians; or
(iii) Job-training or education services or funding provided as part of a foster care independent living program.

(2) Except as provided in subsections (3) and (4) of this section, a credit is allowed against the taxes imposed by this chapter for voluntary cash contributions by the taxpayer during the taxable year to a qualifying charitable organization, other than a qualifying foster care charitable organization, not to exceed:

(a) The lesser of Four Hundred Dollars ($400.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(b) The lesser of Eight Hundred Dollars ($800.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(3) A separate credit is allowed against the taxes imposed by this chapter for voluntary cash contributions during the taxable year to a qualifying foster care charitable organization. A contribution to a qualifying foster care charitable organization does not qualify for, and shall not be included in, any credit amount under subsection (2) of this section. If the voluntary cash contribution by the taxpayer is to a qualifying foster care charitable organization, the credit shall not exceed:
(a) The lesser of Five Hundred Dollars ($500.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(b) The lesser of One Thousand Dollars ($1,000.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(4) Subsections (2) and (3) of this section provide separate credits against taxes imposed by this chapter depending on the recipients of the contributions. A taxpayer, including a married couple filing a joint return, in the same taxable year, may either or both:

(a) Contribute to a qualifying charitable organization, other than a qualifying foster care charitable organization, and claim a credit under subsection (2) of this section.

(b) Contribute to a qualifying foster care charitable organization and claim a credit under subsection (3) of this section.

(5) A husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half (1/2) of the tax credit that would have been allowed for a joint return.

(6) If the allowable tax credit exceeds the taxes otherwise due under this chapter on the claimant's income, or if there are no taxes due under this chapter, the taxpayer may carry forward the amount of the claim not used to offset the taxes under this
chapter for not more than five (5) consecutive taxable years' income tax liability.

(7) The credit allowed by this section is in lieu of a deduction pursuant to Section 170 of the Internal Revenue Code and taken for state tax purposes.

(8) Taxpayers taking a credit authorized by this section shall provide the name of the qualifying charitable organization and the amount of the contribution to the department on forms provided by the department.

(9) A qualifying charitable organization shall provide the department with a written certification that it meets all criteria to be considered a qualifying charitable organization. The organization shall also notify the department of any changes that may affect the qualifications under this section.

(10) The charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code or verification that the organization is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901.

(b) Financial data indicating the organization's budget for the organization's prior operating year and the amount of that budget spent on services to residents of this state who either:
(i) Receive temporary assistance for needy families benefits;

(ii) Are low-income residents of this state;

(iii) Are children who have a chronic illness or physical, intellectual, developmental or emotional disability; or

(iv) Are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(c) A statement that the organization plans to continue spending at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits, who are low-income residents of this state, who are children who have a chronic illness or physical, intellectual, developmental or emotional disability or who are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements for a qualifying charitable organization or qualifying foster care
charitable organization except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi shall submit a statement that it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and that one hundred percent (100%) of the voluntary cash contributions it receives from Mississippi taxpayers will be spent on services to qualified individuals in Mississippi.

(d) In the case of a foster care charitable organization, a statement that each operating year it provides services to at least one hundred (100) qualified individuals in this state.

(e) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions.

(f) Any other information that the department requires to administer this section.

(11) The department shall review each written certification and determine whether the organization meets all the criteria to be considered a qualifying charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of the qualifying charitable organizations.
(12) The aggregate amount of tax credits that may be awarded under this section in any calendar year shall not exceed Three Million Dollars ($3,000,000.00). However, for calendar year 2021, and for each calendar year thereafter, the aggregate amount of tax credits that may be awarded under this section in any calendar year shall not exceed One Million Dollars ($1,000,000.00). In addition, any tax credits not awarded under this section before June 1, 2020, may be allocated during calendar year 2020 under Section 27-7-22.41 for contributions by taxpayers to eligible charitable organizations described in Section 27-7-22.41(1)(b)(ii) as provided under such section, notwithstanding any limitation on the percentage of tax credits that may be allocated for such contributions.

(13) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to
the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(14) This section shall be repealed from and after January 1, * * * 2025.

SECTION 4. Section 27-7-22.32, Mississippi Code of 1972, is amended as follows:
