AN ACT MAKING AN APPROPRIATION TO DEFRAY THE EXPENSES OF THE
MISSISSIPPI EMERGENCY MANAGEMENT AGENCY, AND FOR THE PURPOSE OF
ESTABLISHING A DISASTER RELIEF RESERVE FUND AND DEFRAYING THE
COSTS RELATED TO CERTAIN DISASTER ASSISTANCE PROGRAMS FOR FISCAL
YEAR 2021.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. The following sum, or so much thereof as may be
necessary, is hereby appropriated out of any funds in the State
General Fund not otherwise appropriated, for the purpose of
defraying the expenses of the Mississippi Emergency Management
Agency in accordance with the provisions of Section 33-15-1 et
seq., Mississippi Code of 1972, for the fiscal year beginning
July 1, 2020, and ending June 30, 2021. $3,794,801.00.

SECTION 2. The following sum, or so much thereof as may be
necessary, is hereby appropriated out of any money in the special
fund in the State Treasury to the credit of the Mississippi
Emergency Management Agency which is comprised of special source
funds collected by or otherwise available to the agency, for the
support and maintenance of the agency for the fiscal year
beginning July 1, 2020, and ending June 30, 2021..................

..............................................$    36,442,415.00.

**SECTION 3.** Of the funds appropriated in Sections 1 and 2,
the following positions are authorized:

AUTHORIZED POSITIONS:

Permanent:  
Full Time.............  123
Part Time.............  0

Time-Limited:  
Full Time.............  65
Part Time.............  0

With the funds herein appropriated, it shall be the agency's
responsibility to make certain that funds required to be
appropriated for "Personal Services" for Fiscal Year 2022 do not
exceed Fiscal Year 2021 funds appropriated for that purpose unless
programs or positions are added to the agency's Fiscal Year 2021
budget by the Mississippi Legislature. Based on data provided by
the Legislative Budget Office, the State Personnel Board shall
determine and publish the projected annual cost to fully fund all
appropriated positions in compliance with the provisions of this
act. Absent a special situation or circumstance approved by the
State Personnel Board, or unless otherwise authorized by this act,
no state agency shall take any action to promote or otherwise
award salary increases through reallocation, reclassification, or
realignment. If the State Personnel Board determines a special
situation or circumstance exists and approves an action, then the
agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the Chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2021 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2021 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions.
without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. It is the intention of the Legislature that the Director of the Mississippi Emergency Management Agency may, upon the request of a local public emergency management organization in an area which has suffered a natural disaster, supply equipment to rural water associations to enable their continued operation when the local emergency management organization determines that such private entities provide services essential to the welfare of the community.

SECTION 5. It is the intention of the Legislature that the Director of the Mississippi Emergency Management Agency shall provide enhanced training to local governments, supervisors, mayors, civil defense groups and municipal associations in disaster management.

SECTION 6. The following sum, or so much thereof as may be necessary, is hereby appropriated out of any money in the State
General Fund not otherwise appropriated, to the Mississippi Emergency Management Agency for the purpose of defraying certain administrative expenses and the state share of the cost of disaster assistance programs, including, but not being limited to, public assistance programs, individual and family grant programs, and mitigation programs, for the fiscal year beginning July 1, 2020, and ending June 30, 2021.
