(ii) The name and date of birth provided by the voter matches the name and date of birth that is on file with the Mississippi Department of Public Safety; and
(iii) The information provided by the elector matches the information on file with the Mississippi Department of Public Safety.

* * *

(* * *2) The Secretary of State and the Department of Public Safety shall enter into a memorandum of understanding providing for the sharing of information required to facilitate the requirements of this section.

(3) A person may register to vote by online application using the procedures set forth in this section if the person:

   (a) Is qualified to register to vote in the State of Mississippi; and

   (b) Has a current and valid Mississippi driver's license or photo identification card issued by the Mississippi Department of Public Safety.

(4) The following procedure shall be used in the registration of electors by online application:

   (a) A qualified elector may register to vote by submitting a completed online registration application to the secure website established in subsection (1) of this section thirty (30) days before any election. However, if the thirtieth day to register before an election falls on a Sunday or legal holiday, the registration applications submitted on the business day immediately following the Sunday or legal holiday shall be accepted and entered into the Statewide Elections Management
System for the purpose of enabling voters to vote in the next election. The date the completed application is submitted to the secure website shall be the applicant's date of registration.

(b) Any online voter registration application shall be reviewed by the county registrar of the elector's county of residence. Within fourteen (14) days of receipt, the county registrar shall complete action on the application, including any attempts to notify the applicant of the status of his or her application.

(c) If the county registrar determines that the applicant is qualified and his or her application is complete, the county registrar shall mail the applicant written notification that the application has been approved, specifying the county voting precinct, municipal voting precinct, if any, polling place and supervisor district in which the person shall vote. This written notification of approval containing the specified information shall be the voter's registration card. The registration card shall be provided by the county registrar to the applicant in accordance with Section 23-15-39. Upon entry of the voter registration information into the Statewide Elections Management System, the system shall assign a voter registration number to the applicant. The assigned voter registration number shall be clearly shown on the written notification of approval. In mailing the written notification, the county registrar shall note the following on the envelope: "DO NOT FORWARD". If any
registration notification form is returned as undeliverable, the voter's registration shall be void.

(d) An online application shall be rejected for any of the following reasons:

(i) An incomplete portion of the application makes it impossible for the registrar to determine the eligibility of the applicant to register;

(ii) The county registrar is unable to determine, from the address and information provided on the application, the precinct in which the voter should be assigned or the supervisor district in which he or she is entitled to vote;

(iii) The person is not qualified to register to vote under Section 23-15-11;

(iv) The online registration software is unable to verify the person's application in the manner provided in subsection (1)(b) of this section;

(v) The county registrar determines that the applicant is already registered as a qualified elector of the county.

(e) If the online application of a person is subject to rejection for any of the reasons set forth in paragraphs (d)(i) through (iv) of this subsection, the county registrar shall provide the written notice described in this paragraph within fourteen (14) days of receiving the application. The county registrar shall give the applicant written notice of the rejection
and provide the reason for the rejection. The county registrar shall further inform the applicant that he or she has a right to attempt to register by appearing in person, by filing a mail-in application or by filing another online application.

(f) If an online application is subject to rejection for the reason stated in paragraph (d)(v) of this subsection and the "present home address" portion of the application is different from the residence address for the applicant found in the Statewide Elections Management System, the online application shall be deemed a written request to update the voter's registration under Section 23-15-13. The county registrar or the election commissioners shall update the voter's residence address in the Statewide Elections Management System and, if necessary, advise the voter of a change in the location of his or her county or municipal polling place by mailing the voter a new voter registration card. If the "present home address" portion of the application does not match the address on file with the Mississippi Department of Public Safety, the request to update the voter's registration information shall be rejected.

(5) If the applicant indicates on the application that he or she resides within the city limits of a city or town in the county of registration, the county registrar shall enter the information into the Statewide Elections Management System.

(6) If the voter indicates on the application that he or she has previously registered to vote in another county of this state.
or another state, notice to the voter's previous county of registration in this state shall be provided through the Statewide Elections Management System. If the voter's previous place of registration was in another state, notice shall be provided to the voter's previous state of residence.

(7) The instructions and the form of the online voter application shall be established by rule duly adopted by the Secretary of State.

(8) Any person who attempts to register to vote online or who attempts to change registration information under this section shall be subject to the penalties for false registration provided for in Section 23-15-17.

The county registrar shall send this county voting precinct information by United States first-class mail, postage prepaid, to the person at the address provided on the application. Any mailing costs incurred by the municipal clerk or the county registrar in effectuating this subsection (2) shall be paid by the county board of supervisors.
