Senate Bill No. 2834

BY: Committee

**Amend by striking all after the enacting clause and inserting
in lieu thereof the following:**

16 SECTION 1. (1) There is created in the State Treasury a
17 special fund to be known as the "Mississippi Historic Site
18 Preservation Fund," hereafter referred to as "the Fund." The Fund
19 shall be included in the budget of the Mississippi Department of
20 Archives and History and implemented by the Historic Preservation
21 Division of the department. The Fund shall consist of general
22 funds appropriated by the Legislature and funds received as
23 grants, endowments or gifts from the federal government, its
24 agencies and instrumentalities and funds from any other available
25 sources, public or private. All such funds shall be paid into the

26 State Treasury and credited to the Fund. Interest earned on
27 monies in the Fund shall remain in the Fund and be credited to it.
28 Any monies remaining in the Fund, including interest thereon, at
29 the end of each fiscal year shall not lapse to the State General
30 Fund but shall remain in the Fund.

31 (2) Monies in the Fund shall be used by the Department of
32 Archives and History, subject to appropriation by the Legislature,
33 solely for the purpose of making grants to nonprofit organizations
34 that have obtained Section 501(c)(3) tax-exempt status from the
35 Internal Revenue Service, hereafter referred to as "organizations"
36 or local governmental entities, to match federal and other
37 matching funds. All such grants shall be made solely for the fee
38 simple purchase of, or purchase of protective interests in (a) any
39 Native American archeology site, (b) any endangered Mississippi
40 battlefield property, and/or (c) any endangered Mississippi Civil
41 Rights Movement historic site. To be eligible for a grant, a site
42 must be individually listed in the National Register of Historic
43 Places, identified as nationally significant in a National Park
44 Service Special Resource Study, or listed in the Report on the
45 Nation's Civil War Battlefields by the Civil War Sites Advisory
46 Commission, National Park Service, as amended, and such sites
47 shall be specified by the Legislature in the annual appropriation
48 to the department. Expenditures and disbursements from the Fund
49 shall be made by the State Treasurer on warrants issued by the

50 State Fiscal Officer upon written request of the Director of the
51 Department of Archives and History.

52 (3) The Director of the Department of Archives and History
53 shall establish, administer, manage, and make expenditures and
54 allocations from the Fund.

55 (4) Organizations seeking grant funding from the Fund shall
56 be required to provide at least One Dollar (\$1.00) in matching
57 funds for each One Dollar (\$1.00) received from the Fund for the
58 proposed project. As used in this subsection, the term "matching
59 funds" shall include both cash and the value of any contribution
60 due to a bargain sale or the donation of land or interest therein
61 made by the landowner as part of the proposed project. No state
62 funds may be included in determining the amount of the match.

63 (5) Eligible costs for which monies from the Fund may be
64 allocated to include acquisition of land and any improvements
65 thereon (collectively referred to in this section as "land") or
66 permanent protective interests, such as perpetual conservation
67 easements, and costs associated with such acquisitions, including
68 the cost of appraisals, environmental reports, any survey, title
69 searches and title insurance, and other closing costs.

70 (6) Grants from the Fund shall not exceed fifty percent
71 (50%) of the appraised value of the land or permanent protective
72 interest therein.

73 (7) Grants from the Fund may be awarded for prospective
74 purchases or for acquisitions on which the applicant has closed.
75 In the latter case the applicant shall demonstrate:

76 (a) The closing occurred no more than twelve (12)
77 months prior to the date of application for the grant; and

78 (b) An identifiable threat to the resource or
79 compelling need for preservation existed at the time of the
80 purchase.

81 (8) Any eligible organization making an acquisition of land
82 or interest therein pursuant to this section shall grant to the
83 Department of Archives and History or other holder a perpetual
84 easement placing restrictions on the use or development of the
85 land. In cases where the easement is granted to a holder other
86 than the Department of Archives and History, all terms and
87 conditions of the easement shall be reviewed by and found by the
88 department to accomplish the perpetual preservation of the
89 property. Such other holder shall demonstrate to the department
90 that it has the capacity and expertise to manage and enforce the
91 terms of the easement.

92 (9) Nothing in this section shall preclude the subsequent
93 transfer or assignment by a state agency or other owner or holder
94 of any property interest acquired pursuant to this section to the
95 United States of America to be incorporated into a national park,
96 national forest, national wildlife refuge, or other national
97 conservation area in accordance with 54 USC Section 100101, 16 USC

98 Section 551, the Fish and Wildlife Act of 1956 (16 USC Section
99 742a et seq.), or 16 USC Section 1131, as amended and applicable.
100 The Department of Archives and History shall facilitate transfers
101 and assignments of any such interests held by the department. The
102 United States of America shall be considered a "public body" for
103 the purposes of any transfer or assignment to the United States of
104 America of any easement granted under this section.

105 (10) The Director of Archives and History shall establish,
106 administer, manage, and make expenditures and allocations from the
107 Fund and shall establish guidelines for applications, evaluation,
108 and award of grants from the Fund in consultation with appropriate
109 preservation interests.

110 (11) Eligible costs for which monies from the Fund may be
111 allocated include:

- 115 (d) Costs of appraisals;
- 116 (e) Environmental reports;
- 117 (f) Surveys;
- 118 (g) Title searches and title insurance; and

122 to the sites identified:

123 (a) The significance of the site;
124 (b) The location of the proposed project;
125 (c) The proximity to other protected lands;
126 (d) The threat to and integrity of the features
127 associated with the historic significance of the site; and
128 (e) The financial and administrative capacity of the
129 applicant to complete the project and to maintain and manage the

131 interest, including:

- 132 (i) Education;
- 133 (ii) Recreation;
- 134 (iii) Research;

146 cultural, natural and scenic resources, the Department of Archives
147 and History may provide technical assistance, to the extent that a

148 recipient of technical assistance is engaged in the protection,
149 interpretation or commemoration of historically significant
150 resources in the area in and around the historic site.
