HOUSE BILL NO. 454

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO INCREASE THE RATE OF REIMBURSEMENT FOR PROVIDERS OF ASSISTED  
3 LIVING SERVICES UNDER THE MEDICAID PROGRAM; AND FOR RELATED  
4 PURPOSES.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

6 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
7 amended as follows:

8 43-13-117. (A) Medicaid as authorized by this article shall  
9 include payment of part or all of the costs, at the discretion of  
10 the division, with approval of the Governor and the Centers for  
11 Medicare and Medicaid Services, of the following types of care and  
12 services rendered to eligible applicants who have been determined  
13 to be eligible for that care and services, within the limits of  
14 state appropriations and federal matching funds:

15 (1) Inpatient hospital services.

16 (a) The division is authorized to implement an All  
17 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement  
18 methodology for inpatient hospital services.

19 (b) No service benefits or reimbursement  
20 limitations in this subsection (A)(1) shall apply to payments  
21 under an APR-DRG or Ambulatory Payment Classification (APC) model  
22 or a managed care program or similar model described in subsection  
23 (H) of this section unless specifically authorized by the  
24 division.

25 (2) Outpatient hospital services.

26 (a) Emergency services.

27 (b) Other outpatient hospital services. The  
28 division shall allow benefits for other medically necessary  
29 outpatient hospital services (such as chemotherapy, radiation,  
30 surgery and therapy), including outpatient services in a clinic or  
31 other facility that is not located inside the hospital, but that  
32 has been designated as an outpatient facility by the hospital, and  
33 that was in operation or under construction on July 1, 2009,  
34 provided that the costs and charges associated with the operation  
35 of the hospital clinic are included in the hospital's cost report.  
36 In addition, the Medicare thirty-five-mile rule will apply to  
37 those hospital clinics not located inside the hospital that are  
38 constructed after July 1, 2009. Where the same services are  
39 reimbursed as clinic services, the division may revise the rate or  
40 methodology of outpatient reimbursement to maintain consistency,  
41 efficiency, economy and quality of care.

42 (c) The division is authorized to implement an  
43 Ambulatory Payment Classification (APC) methodology for outpatient

44 hospital services. The division shall give rural hospitals that  
45 have fifty (50) or fewer licensed beds the option to not be  
46 reimbursed for outpatient hospital services using the APC  
47 methodology, but reimbursement for outpatient hospital services  
48 provided by those hospitals shall be based on one hundred one  
49 percent (101%) of the rate established under Medicare for  
50 outpatient hospital services. Those hospitals choosing to not be  
51 reimbursed under the APC methodology shall remain under cost-based  
52 reimbursement for a two-year period.

53 (d) No service benefits or reimbursement  
54 limitations in this subsection (A) (2) shall apply to payments  
55 under an APR-DRG or APC model or a managed care program or similar  
56 model described in subsection (H) of this section unless  
57 specifically authorized by the division.

58 (3) Laboratory and x-ray services.

59 (4) Nursing facility services.

60 (a) The division shall make full payment to  
61 nursing facilities for each day, not exceeding forty-two (42) days  
62 per year, that a patient is absent from the facility on home  
63 leave. Payment may be made for the following home leave days in  
64 addition to the forty-two-day limitation: Christmas, the day  
65 before Christmas, the day after Christmas, Thanksgiving, the day  
66 before Thanksgiving and the day after Thanksgiving.

67 (b) From and after July 1, 1997, the division  
68 shall implement the integrated case-mix payment and quality

69 monitoring system, which includes the fair rental system for  
70 property costs and in which recapture of depreciation is  
71 eliminated. The division may reduce the payment for hospital  
72 leave and therapeutic home leave days to the lower of the case-mix  
73 category as computed for the resident on leave using the  
74 assessment being utilized for payment at that point in time, or a  
75 case-mix score of 1.000 for nursing facilities, and shall compute  
76 case-mix scores of residents so that only services provided at the  
77 nursing facility are considered in calculating a facility's per  
78 diem.

79 (c) From and after July 1, 1997, all state-owned  
80 nursing facilities shall be reimbursed on a full reasonable cost  
81 basis.

82 (d) On or after January 1, 2015, the division  
83 shall update the case-mix payment system resource utilization  
84 grouper and classifications and fair rental reimbursement system.  
85 The division shall develop and implement a payment add-on to  
86 reimburse nursing facilities for ventilator-dependent resident  
87 services.

88 (e) The division shall develop and implement, not  
89 later than January 1, 2001, a case-mix payment add-on determined  
90 by time studies and other valid statistical data that will  
91 reimburse a nursing facility for the additional cost of caring for  
92 a resident who has a diagnosis of Alzheimer's or other related  
93 dementia and exhibits symptoms that require special care. Any

94 such case-mix add-on payment shall be supported by a determination  
95 of additional cost. The division shall also develop and implement  
96 as part of the fair rental reimbursement system for nursing  
97 facility beds, an Alzheimer's resident bed depreciation enhanced  
98 reimbursement system that will provide an incentive to encourage  
99 nursing facilities to convert or construct beds for residents with  
100 Alzheimer's or other related dementia.

101 (f) The division shall develop and implement an  
102 assessment process for long-term care services. The division may  
103 provide the assessment and related functions directly or through  
104 contract with the area agencies on aging.

105 The division shall apply for necessary federal waivers to  
106 assure that additional services providing alternatives to nursing  
107 facility care are made available to applicants for nursing  
108 facility care.

109 (5) Periodic screening and diagnostic services for  
110 individuals under age twenty-one (21) years as are needed to  
111 identify physical and mental defects and to provide health care  
112 treatment and other measures designed to correct or ameliorate  
113 defects and physical and mental illness and conditions discovered  
114 by the screening services, regardless of whether these services  
115 are included in the state plan. The division may include in its  
116 periodic screening and diagnostic program those discretionary  
117 services authorized under the federal regulations adopted to  
118 implement Title XIX of the federal Social Security Act, as

119 amended. The division, in obtaining physical therapy services,  
120 occupational therapy services, and services for individuals with  
121 speech, hearing and language disorders, may enter into a  
122 cooperative agreement with the State Department of Education for  
123 the provision of those services to handicapped students by public  
124 school districts using state funds that are provided from the  
125 appropriation to the Department of Education to obtain federal  
126 matching funds through the division. The division, in obtaining  
127 medical and mental health assessments, treatment, care and  
128 services for children who are in, or at risk of being put in, the  
129 custody of the Mississippi Department of Human Services may enter  
130 into a cooperative agreement with the Mississippi Department of  
131 Human Services for the provision of those services using state  
132 funds that are provided from the appropriation to the Department  
133 of Human Services to obtain federal matching funds through the  
134 division.

135 (6) Physician services. Fees for physician's services  
136 that are covered only by Medicaid shall be reimbursed at ninety  
137 percent (90%) of the rate established on January 1, 2018, and as  
138 may be adjusted each July thereafter, under Medicare. The  
139 division may provide for a reimbursement rate for physician's  
140 services of up to one hundred percent (100%) of the rate  
141 established under Medicare for physician's services that are  
142 provided after the normal working hours of the physician, as  
143 determined in accordance with regulations of the division. The

144 division may reimburse eligible providers, as determined by the  
145 division, for certain primary care services at one hundred percent  
146 (100%) of the rate established under Medicare. The division shall  
147 reimburse obstetricians and gynecologists for certain primary care  
148 services as defined by the division at one hundred percent (100%)  
149 of the rate established under Medicare.

150 (7) (a) Home health services for eligible persons, not  
151 to exceed in cost the prevailing cost of nursing facility  
152 services. All home health visits must be precertified as required  
153 by the division. In addition to physicians, certified registered  
154 nurse practitioners, physician assistants and clinical nurse  
155 specialists are authorized to prescribe or order home health  
156 services and plans of care, sign home health plans of care,  
157 certify and recertify eligibility for home health services and  
158 conduct the required initial face-to-face visit with the recipient  
159 of the services.

160 (b) [Repealed]

161 (8) Emergency medical transportation services as  
162 determined by the division.

163 (9) Prescription drugs and other covered drugs and  
164 services as determined by the division.

165 The division shall establish a mandatory preferred drug list.  
166 Drugs not on the mandatory preferred drug list shall be made  
167 available by utilizing prior authorization procedures established  
168 by the division.

169           The division may seek to establish relationships with other  
170 states in order to lower acquisition costs of prescription drugs  
171 to include single-source and innovator multiple-source drugs or  
172 generic drugs. In addition, if allowed by federal law or  
173 regulation, the division may seek to establish relationships with  
174 and negotiate with other countries to facilitate the acquisition  
175 of prescription drugs to include single-source and innovator  
176 multiple-source drugs or generic drugs, if that will lower the  
177 acquisition costs of those prescription drugs.

178           The division may allow for a combination of prescriptions for  
179 single-source and innovator multiple-source drugs and generic  
180 drugs to meet the needs of the beneficiaries.

181           The executive director may approve specific maintenance drugs  
182 for beneficiaries with certain medical conditions, which may be  
183 prescribed and dispensed in three-month supply increments.

184           Drugs prescribed for a resident of a psychiatric residential  
185 treatment facility must be provided in true unit doses when  
186 available. The division may require that drugs not covered by  
187 Medicare Part D for a resident of a long-term care facility be  
188 provided in true unit doses when available. Those drugs that were  
189 originally billed to the division but are not used by a resident  
190 in any of those facilities shall be returned to the billing  
191 pharmacy for credit to the division, in accordance with the  
192 guidelines of the State Board of Pharmacy and any requirements of  
193 federal law and regulation. Drugs shall be dispensed to a

194 recipient and only one (1) dispensing fee per month may be  
195 charged. The division shall develop a methodology for reimbursing  
196 for restocked drugs, which shall include a restock fee as  
197 determined by the division not exceeding Seven Dollars and  
198 Eighty-two Cents (\$7.82).

199 Except for those specific maintenance drugs approved by the  
200 executive director, the division shall not reimburse for any  
201 portion of a prescription that exceeds a thirty-one-day supply of  
202 the drug based on the daily dosage.

203 The division is authorized to develop and implement a program  
204 of payment for additional pharmacist services as determined by the  
205 division.

206 All claims for drugs for dually eligible Medicare/Medicaid  
207 beneficiaries that are paid for by Medicare must be submitted to  
208 Medicare for payment before they may be processed by the  
209 division's online payment system.

210 The division shall develop a pharmacy policy in which drugs  
211 in tamper-resistant packaging that are prescribed for a resident  
212 of a nursing facility but are not dispensed to the resident shall  
213 be returned to the pharmacy and not billed to Medicaid, in  
214 accordance with guidelines of the State Board of Pharmacy.

215 The division shall develop and implement a method or methods  
216 by which the division will provide on a regular basis to Medicaid  
217 providers who are authorized to prescribe drugs, information about  
218 the costs to the Medicaid program of single-source drugs and

219 innovator multiple-source drugs, and information about other drugs  
220 that may be prescribed as alternatives to those single-source  
221 drugs and innovator multiple-source drugs and the costs to the  
222 Medicaid program of those alternative drugs.

223 Notwithstanding any law or regulation, information obtained  
224 or maintained by the division regarding the prescription drug  
225 program, including trade secrets and manufacturer or labeler  
226 pricing, is confidential and not subject to disclosure except to  
227 other state agencies.

228 The dispensing fee for each new or refill prescription,  
229 including nonlegend or over-the-counter drugs covered by the  
230 division, shall be not less than Three Dollars and Ninety-one  
231 Cents (\$3.91), as determined by the division.

232 The division shall not reimburse for single-source or  
233 innovator multiple-source drugs if there are equally effective  
234 generic equivalents available and if the generic equivalents are  
235 the least expensive.

236 It is the intent of the Legislature that the pharmacists  
237 providers be reimbursed for the reasonable costs of filling and  
238 dispensing prescriptions for Medicaid beneficiaries.

239 The division shall allow certain drugs, including  
240 physician-administered drugs, and implantable drug system devices,  
241 and medical supplies, with limited distribution or limited access  
242 for beneficiaries and administered in an appropriate clinical

243 setting, to be reimbursed as either a medical claim or pharmacy  
244 claim, as determined by the division.

245 It is the intent of the Legislature that the division and any  
246 managed care entity described in subsection (H) of this section  
247 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
248 prevent recurrent preterm birth.

249 (10) Dental and orthodontic services to be determined  
250 by the division.

251 The division shall increase the amount of the reimbursement  
252 rate for diagnostic and preventative dental services for each of  
253 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
254 the amount of the reimbursement rate for the previous fiscal year.  
255 It is the intent of the Legislature that the reimbursement rate  
256 revision for preventative dental services will be an incentive to  
257 increase the number of dentists who actively provide Medicaid  
258 services. This dental services reimbursement rate revision shall  
259 be known as the "James Russell Dumas Medicaid Dental Services  
260 Incentive Program."

261 The Medical Care Advisory Committee, assisted by the Division  
262 of Medicaid, shall annually determine the effect of this incentive  
263 by evaluating the number of dentists who are Medicaid providers,  
264 the number who and the degree to which they are actively billing  
265 Medicaid, the geographic trends of where dentists are offering  
266 what types of Medicaid services and other statistics pertinent to  
267 the goals of this legislative intent. This data shall annually be

268 presented to the Chair of the Senate Medicaid Committee and the  
269 Chair of the House Medicaid Committee.

270 The division shall include dental services as a necessary  
271 component of overall health services provided to children who are  
272 eligible for services.

273 (11) Eyeglasses for all Medicaid beneficiaries who have  
274 (a) had surgery on the eyeball or ocular muscle that results in a  
275 vision change for which eyeglasses or a change in eyeglasses is  
276 medically indicated within six (6) months of the surgery and is in  
277 accordance with policies established by the division, or (b) one  
278 (1) pair every five (5) years and in accordance with policies  
279 established by the division. In either instance, the eyeglasses  
280 must be prescribed by a physician skilled in diseases of the eye  
281 or an optometrist, whichever the beneficiary may select.

282 (12) Intermediate care facility services.

283 (a) The division shall make full payment to all  
284 intermediate care facilities for individuals with intellectual  
285 disabilities for each day, not exceeding sixty-three (63) days per  
286 year, that a patient is absent from the facility on home leave.  
287 Payment may be made for the following home leave days in addition  
288 to the sixty-three-day limitation: Christmas, the day before  
289 Christmas, the day after Christmas, Thanksgiving, the day before  
290 Thanksgiving and the day after Thanksgiving.

291 (b) All state-owned intermediate care facilities  
292 for individuals with intellectual disabilities shall be reimbursed  
293 on a full reasonable cost basis.

294 (c) Effective January 1, 2015, the division shall  
295 update the fair rental reimbursement system for intermediate care  
296 facilities for individuals with intellectual disabilities.

297 (13) Family planning services, including drugs,  
298 supplies and devices, when those services are under the  
299 supervision of a physician or nurse practitioner.

300 (14) Clinic services. Preventive, diagnostic,  
301 therapeutic, rehabilitative or palliative services that are  
302 furnished by a facility that is not part of a hospital but is  
303 organized and operated to provide medical care to outpatients.  
304 Clinic services include, but are not limited to:

305 (a) Services provided by ambulatory surgical  
306 centers (ACSS) as defined in Section 41-75-1(a); and

307 (b) Dialysis center services.

308 (15) Home- and community-based services for the elderly  
309 and disabled, as provided under Title XIX of the federal Social  
310 Security Act, as amended, under waivers, subject to the  
311 availability of funds specifically appropriated for that purpose  
312 by the Legislature.

313 (16) Mental health services. Certain services provided  
314 by a psychiatrist shall be reimbursed at up to one hundred percent  
315 (100%) of the Medicare rate. Approved therapeutic and case

316 management services (a) provided by an approved regional mental  
317 health/intellectual disability center established under Sections  
318 41-19-31 through 41-19-39, or by another community mental health  
319 service provider meeting the requirements of the Department of  
320 Mental Health to be an approved mental health/intellectual  
321 disability center if determined necessary by the Department of  
322 Mental Health, using state funds that are provided in the  
323 appropriation to the division to match federal funds, or (b)  
324 provided by a facility that is certified by the State Department  
325 of Mental Health to provide therapeutic and case management  
326 services, to be reimbursed on a fee for service basis, or (c)  
327 provided in the community by a facility or program operated by the  
328 Department of Mental Health. Any such services provided by a  
329 facility described in subparagraph (b) must have the prior  
330 approval of the division to be reimbursable under this section.

331 (17) Durable medical equipment services and medical  
332 supplies. Precertification of durable medical equipment and  
333 medical supplies must be obtained as required by the division.  
334 The Division of Medicaid may require durable medical equipment  
335 providers to obtain a surety bond in the amount and to the  
336 specifications as established by the Balanced Budget Act of 1997.

337 (18) (a) Notwithstanding any other provision of this  
338 section to the contrary, as provided in the Medicaid state plan  
339 amendment or amendments as defined in Section 43-13-145(10), the  
340 division shall make additional reimbursement to hospitals that

341 serve a disproportionate share of low-income patients and that  
342 meet the federal requirements for those payments as provided in  
343 Section 1923 of the federal Social Security Act and any applicable  
344 regulations. It is the intent of the Legislature that the  
345 division shall draw down all available federal funds allotted to  
346 the state for disproportionate share hospitals. However, from and  
347 after January 1, 1999, public hospitals participating in the  
348 Medicaid disproportionate share program may be required to  
349 participate in an intergovernmental transfer program as provided  
350 in Section 1903 of the federal Social Security Act and any  
351 applicable regulations.

352 (b) (i) The division may establish a Medicare  
353 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
354 the federal Social Security Act and any applicable federal  
355 regulations, or an allowable delivery system or provider payment  
356 initiative authorized under 42 CFR 438.6(c), for hospitals,  
357 nursing facilities, physicians employed or contracted by  
358 hospitals, and emergency ambulance transportation providers.

359 (ii) The division shall assess each hospital,  
360 nursing facility, and emergency ambulance transportation provider  
361 for the sole purpose of financing the state portion of the  
362 Medicare Upper Payment Limits Program or other program(s)  
363 authorized under this subsection (A)(18)(b). The hospital  
364 assessment shall be as provided in Section 43-13-145(4)(a), and  
365 the nursing facility and the emergency ambulance transportation

366 assessments, if established, shall be based on Medicaid  
367 utilization or other appropriate method, as determined by the  
368 division, consistent with federal regulations. The assessments  
369 will remain in effect as long as the state participates in the  
370 Medicare Upper Payment Limits Program or other program(s)  
371 authorized under this subsection (A) (18) (b). In addition to the  
372 hospital assessment provided in Section 43-13-145(4) (a), hospitals  
373 with physicians participating in the Medicare Upper Payment Limits  
374 Program or other program(s) authorized under this subsection  
375 (A) (18) (b) shall be required to participate in an  
376 intergovernmental transfer or assessment, as determined by the  
377 division, for the purpose of financing the state portion of the  
378 physician UPL payments or other payment(s) authorized under this  
379 subsection (A) (18) (b).

380 (iii) Subject to approval by the Centers for  
381 Medicare and Medicaid Services (CMS) and the provisions of this  
382 subsection (A) (18) (b), the division shall make additional  
383 reimbursement to hospitals, nursing facilities, and emergency  
384 ambulance transportation providers for the Medicare Upper Payment  
385 Limits Program or other program(s) authorized under this  
386 subsection (A) (18) (b), and, if the program is established for  
387 physicians, shall make additional reimbursement for physicians, as  
388 defined in Section 1902(a) (30) of the federal Social Security Act  
389 and any applicable federal regulations, provided the assessment in  
390 this subsection (A) (18) (b) is in effect.

391 (iv) Notwithstanding any other provision of  
392 this article to the contrary, effective upon implementation of the  
393 Mississippi Hospital Access Program (MHAP) provided in  
394 subparagraph (c)(i) below, the hospital portion of the inpatient  
395 Upper Payment Limits Program shall transition into and be replaced  
396 by the MHAP program. However, the division is authorized to  
397 develop and implement an alternative fee-for-service Upper Payment  
398 Limits model in accordance with federal laws and regulations if  
399 necessary to preserve supplemental funding. Further, the  
400 division, in consultation with the hospital industry shall develop  
401 alternative models for distribution of medical claims and  
402 supplemental payments for inpatient and outpatient hospital  
403 services, and such models may include, but shall not be limited to  
404 the following: increasing rates for inpatient and outpatient  
405 services; creating a low-income utilization pool of funds to  
406 reimburse hospitals for the costs of uncompensated care, charity  
407 care and bad debts as permitted and approved pursuant to federal  
408 regulations and the Centers for Medicare and Medicaid Services;  
409 supplemental payments based upon Medicaid utilization, quality,  
410 service lines and/or costs of providing such services to Medicaid  
411 beneficiaries and to uninsured patients. The goals of such  
412 payment models shall be to ensure access to inpatient and  
413 outpatient care and to maximize any federal funds that are  
414 available to reimburse hospitals for services provided. Any such  
415 documents required to achieve the goals described in this

416 paragraph shall be submitted to the Centers for Medicare and  
417 Medicaid Services, with a proposed effective date of July 1, 2019,  
418 to the extent possible, but in no event shall the effective date  
419 of such payment models be later than July 1, 2020. The Chairmen  
420 of the Senate and House Medicaid Committees shall be provided a  
421 copy of the proposed payment model(s) prior to submission.  
422 Effective July 1, 2018, and until such time as any payment  
423 model(s) as described above become effective, the division, in  
424 consultation with the hospital industry, is authorized to  
425 implement a transitional program for inpatient and outpatient  
426 payments and/or supplemental payments (including, but not limited  
427 to, MHAP and directed payments), to redistribute available  
428 supplemental funds among hospital providers, provided that when  
429 compared to a hospital's prior year supplemental payments,  
430 supplemental payments made pursuant to any such transitional  
431 program shall not result in a decrease of more than five percent  
432 (5%) and shall not increase by more than the amount needed to  
433 maximize the distribution of the available funds.

434 (c) (i) Not later than December 1, 2015, the  
435 division shall, subject to approval by the Centers for Medicare  
436 and Medicaid Services (CMS), establish, implement and operate a  
437 Mississippi Hospital Access Program (MHAP) for the purpose of  
438 protecting patient access to hospital care through hospital  
439 inpatient reimbursement programs provided in this section designed  
440 to maintain total hospital reimbursement for inpatient services

441 rendered by in-state hospitals and the out-of-state hospital that  
442 is authorized by federal law to submit intergovernmental transfers  
443 (IGTs) to the State of Mississippi and is classified as Level I

888 1395dd. This restriction (b) does not prohibit the retrospective  
889 review of the appropriateness of the determination that an  
890 emergency medical condition exists by chart review or coding  
891 algorithm, nor does it prohibit prior authorization for  
892 nonemergency hospital admissions;

893 (c) Pay providers at a rate that is less than the  
894 normal Medicaid reimbursement rate. It is the intent of the  
895 Legislature that all managed care entities described in this  
896 subsection (H), in collaboration with the division, develop and  
897 implement innovative payment models that incentivize improvements  
898 in health care quality, outcomes, or value, as determined by the  
899 division. Participation in the provider network of any managed  
900 care, coordinated care, provider-sponsored health plan, or similar  
901 contractor shall not be conditioned on the provider's agreement to  
902 accept such alternative payment models;

903 (d) Implement a prior authorization and  
904 utilization review program for medical services, transportation  
905 services and prescription drugs that is more stringent than the  
906 prior authorization processes used by the division in its  
907 administration of the Medicaid program. Not later than December  
908 2, 2021, the contractors that are receiving capitated payments  
909 under a managed care delivery system established under this  
910 subsection (H) shall submit a report to the Chairmen of the House  
911 and Senate Medicaid Committees on the status of the prior  
912 authorization and utilization review program for medical services,

913 transportation services and prescription drugs that is required to  
914 be implemented under this subparagraph (d);

915 (e) [Deleted]

916 (f) Implement a preferred drug list that is more  
917 stringent than the mandatory preferred drug list established by  
918 the division under subsection (A) (9) of this section;

919 (g) Implement a policy which denies beneficiaries  
920 with hemophilia access to the federally funded hemophilia  
921 treatment centers as part of the Medicaid Managed Care network of  
922 providers.

923 Each health maintenance organization, coordinated care  
924 organization, provider-sponsored health plan, or other  
925 organization paid for services on a capitated basis by the  
926 division under any managed care program or coordinated care  
927 program implemented by the division under this section shall use a  
928 clear set of level of care guidelines in the determination of  
929 medical necessity and in all utilization management practices,  
930 including the prior authorization process, concurrent reviews,  
931 retrospective reviews and payments, that are consistent with  
932 widely accepted professional standards of care. Organizations  
933 participating in a managed care program or coordinated care  
934 program implemented by the division may not use any additional  
935 criteria that would result in denial of care that would be  
936 determined appropriate and, therefore, medically necessary under  
937 those levels of care guidelines.

938           (2) Notwithstanding any provision of this section, the  
939 recipients eligible for enrollment into a Medicaid Managed Care  
940 Program authorized under this subsection (H) may include only  
941 those categories of recipients eligible for participation in the  
942 Medicaid Managed Care Program as of January 1, 2021, the  
943 Children's Health Insurance Program (CHIP), and the CMS-approved  
944 Section 1115 demonstration waivers in operation as of January 1,  
945 2021. No expansion of Medicaid Managed Care Program contracts may  
946 be implemented by the division without enabling legislation from  
947 the Mississippi Legislature.

948           (3) (a) Any contractors receiving capitated payments  
949 under a managed care delivery system established in this section  
950 shall provide to the Legislature and the division statistical data  
951 to be shared with provider groups in order to improve patient  
952 access, appropriate utilization, cost savings and health outcomes  
953 not later than October 1 of each year. Additionally, each  
954 contractor shall disclose to the Chairmen of the Senate and House  
955 Medicaid Committees the administrative expenses costs for the  
956 prior calendar year, and the number of full-equivalent employees  
957 located in the State of Mississippi dedicated to the Medicaid and  
958 CHIP lines of business as of June 30 of the current year.

959           (b) The division and the contractors participating  
960 in the managed care program, a coordinated care program or a  
961 provider-sponsored health plan shall be subject to annual program  
962 reviews or audits performed by the Office of the State Auditor,

963 the PEER Committee, the Department of Insurance and/or independent  
964 third parties.

965 (c) Those reviews shall include, but not be  
966 limited to, at least two (2) of the following items:

967 (i) The financial benefit to the State of  
968 Mississippi of the managed care program,

969 (ii) The difference between the premiums paid  
970 to the managed care contractors and the payments made by those  
971 contractors to health care providers,

972 (iii) Compliance with performance measures  
973 required under the contracts,

974 (iv) Administrative expense allocation  
975 methodologies,

976 (v) Whether nonprovider payments assigned as  
977 medical expenses are appropriate,

978 (vi) Capitated arrangements with related  
979 party subcontractors,

980 (vii) Reasonableness of corporate  
981 allocations,

982 (viii) Value-added benefits and the extent to  
983 which they are used,

984 (ix) The effectiveness of subcontractor  
985 oversight, including subcontractor review,

986 (x) Whether health care outcomes have been  
987 improved, and

988 (xi) The most common claim denial codes to  
989 determine the reasons for the denials.

990 The audit reports shall be considered public documents and  
991 shall be posted in their entirety on the division's website.

992 (4) All health maintenance organizations, coordinated  
993 care organizations, provider-sponsored health plans, or other  
994 organizations paid for services on a capitated basis by the  
995 division under any managed care program or coordinated care  
996 program implemented by the division under this section shall  
997 reimburse all providers in those organizations at rates no lower  
998 than those provided under this section for beneficiaries who are  
999 not participating in those programs.

1000 (5) No health maintenance organization, coordinated  
1001 care organization, provider-sponsored health plan, or other  
1002 organization paid for services on a capitated basis by the  
1003 division under any managed care program or coordinated care  
1004 program implemented by the division under this section shall  
1005 require its providers or beneficiaries to use any pharmacy that  
1006 ships, mails or delivers prescription drugs or legend drugs or  
1007 devices.

1008 (6) (a) Not later than December 1, 2021, the  
1009 contractors who are receiving capitated payments under a managed  
1010 care delivery system established under this subsection (H) shall  
1011 develop and implement a uniform credentialing process for  
1012 providers. Under that uniform credentialing process, a provider

1013 who meets the criteria for credentialing will be credentialed with  
1014 all of those contractors and no such provider will have to be  
1015 separately credentialed by any individual contractor in order to  
1016 receive reimbursement from the contractor. Not later than  
1017 December 2, 2021, those contractors shall submit a report to the  
1018 Chairmen of the House and Senate Medicaid Committees on the status  
1019 of the uniform credentialing process for providers that is  
1020 required under this subparagraph (a).

1021 (b) If those contractors have not implemented a  
1022 uniform credentialing process as described in subparagraph (a) by  
1023 December 1, 2021, the division shall develop and implement, not  
1024 later than July 1, 2022, a single, consolidated credentialing  
1025 process by which all providers will be credentialed. Under the  
1026 division's single, consolidated credentialing process, no such  
1027 contractor shall require its providers to be separately  
1028 credentialed by the contractor in order to receive reimbursement  
1029 from the contractor, but those contractors shall recognize the  
1030 credentialing of the providers by the division's credentialing  
1031 process.

1032 (c) The division shall require a uniform provider  
1033 credentialing application that shall be used in the credentialing  
1034 process that is established under subparagraph (a) or (b). If the  
1035 contractor or division, as applicable, has not approved or denied  
1036 the provider credentialing application within sixty (60) days of  
1037 receipt of the completed application that includes all required

1038 information necessary for credentialing, then the contractor or  
1039 division, upon receipt of a written request from the applicant and  
1040 within five (5) business days of its receipt, shall issue a  
1041 temporary provider credential/enrollment to the applicant if the  
1042 applicant has a valid Mississippi professional or occupational  
1043 license to provide the health care services to which the  
1044 credential/enrollment would apply. The contractor or the division  
1045 shall not issue a temporary credential/enrollment if the applicant  
1046 has reported on the application a history of medical or other  
1047 professional or occupational malpractice claims, a history of  
1048 substance abuse or mental health issues, a criminal record, or a  
1049 history of medical or other licensing board, state or federal  
1050 disciplinary action, including any suspension from participation  
1051 in a federal or state program. The temporary  
1052 credential/enrollment shall be effective upon issuance and shall  
1053 remain in effect until the provider's credentialing/enrollment  
1054 application is approved or denied by the contractor or division.  
1055 The contractor or division shall render a final decision regarding  
1056 credentialing/enrollment of the provider within sixty (60) days  
1057 from the date that the temporary provider credential/enrollment is  
1058 issued to the applicant.

1059 (d) If the contractor or division does not render  
1060 a final decision regarding credentialing/enrollment of the  
1061 provider within the time required in subparagraph (c), the  
1062 provider shall be deemed to be credentialed by and enrolled with

1063 all of the contractors and eligible to receive reimbursement from  
1064 the contractors.

1065 (7) (a) Each contractor that is receiving capitated  
1066 payments under a managed care delivery system established under  
1067 this subsection (H) shall provide to each provider for whom the  
1068 contractor has denied the coverage of a procedure that was ordered  
1069 or requested by the provider for or on behalf of a patient, a  
1070 letter that provides a detailed explanation of the reasons for the  
1071 denial of coverage of the procedure and the name and the  
1072 credentials of the person who denied the coverage. The letter  
1073 shall be sent to the provider in electronic format.

1074 (b) After a contractor that is receiving capitated  
1075 payments under a managed care delivery system established under  
1076 this subsection (H) has denied coverage for a claim submitted by a  
1077 provider, the contractor shall issue to the provider within sixty  
1078 (60) days a final ruling of denial of the claim that allows the  
1079 provider to have a state fair hearing and/or agency appeal with  
1080 the division. If a contractor does not issue a final ruling of  
1081 denial within sixty (60) days as required by this subparagraph  
1082 (b), the provider's claim shall be deemed to be automatically  
1083 approved and the contractor shall pay the amount of the claim to  
1084 the provider.

1085 (c) After a contractor has issued a final ruling  
1086 of denial of a claim submitted by a provider, the division shall  
1087 conduct a state fair hearing and/or agency appeal on the matter of

1088 the disputed claim between the contractor and the provider within  
1089 sixty (60) days, and shall render a decision on the matter within  
1090 thirty (30) days after the date of the hearing and/or appeal.

1091 (8) It is the intention of the Legislature that the  
1092 division evaluate the feasibility of using a single vendor to  
1093 administer pharmacy benefits provided under a managed care  
1094 delivery system established under this subsection (H). Providers  
1095 of pharmacy benefits shall cooperate with the division in any  
1096 transition to a carve-out of pharmacy benefits under managed care.

1097 (9) It is the intention of the Legislature that the  
1098 division evaluate the feasibility of using a single vendor to  
1099 administer dental benefits provided under a managed care delivery  
1100 system established in this subsection (H). Providers of dental  
1101 benefits shall cooperate with the division in any transition to a  
1102 carve-out of dental benefits under managed care.

1103 (10) It is the intent of the Legislature that any  
1104 contractor receiving capitated payments under a managed care  
1105 delivery system established in this section shall implement  
1106 innovative programs to improve the health and well-being of  
1107 members diagnosed with prediabetes and diabetes.

1108 (11) It is the intent of the Legislature that any  
1109 contractors receiving capitated payments under a managed care  
1110 delivery system established under this subsection (H) shall work  
1111 with providers of Medicaid services to improve the utilization of  
1112 long-acting reversible contraceptives (LARCs). Not later than

1113 December 1, 2021, any contractors receiving capitated payments  
1114 under a managed care delivery system established under this  
1115 subsection (H) shall provide to the Chairmen of the House and  
1116 Senate Medicaid Committees and House and Senate Public Health  
1117 Committees a report of LARC utilization for State Fiscal Years  
1118 2018 through 2020 as well as any programs, initiatives, or efforts  
1119 made by the contractors and providers to increase LARC  
1120 utilization. This report shall be updated annually to include  
1121 information for subsequent state fiscal years.

1122 (12) The division is authorized to make not more than  
1123 one (1) emergency extension of the contracts that are in effect on  
1124 July 1, 2021, with contractors who are receiving capitated  
1125 payments under a managed care delivery system established under  
1126 this subsection (H), as provided in this paragraph (12). The  
1127 maximum period of any such extension shall be one (1) year, and  
1128 under any such extensions, the contractors shall be subject to all  
1129 of the provisions of this subsection (H). The extended contracts  
1130 shall be revised to incorporate any provisions of this subsection  
1131 (H).

1132 (I) [Deleted]

1133 (J) There shall be no cuts in inpatient and outpatient  
1134 hospital payments, or allowable days or volumes, as long as the  
1135 hospital assessment provided in Section 43-13-145 is in effect.  
1136 This subsection (J) shall not apply to decreases in payments that  
1137 are a result of: reduced hospital admissions, audits or payments

1138 under the APR-DRG or APC models, or a managed care program or  
1139 similar model described in subsection (H) of this section.

1140 (K) In the negotiation and execution of such contracts  
1141 involving services performed by actuarial firms, the Executive  
1142 Director of the Division of Medicaid may negotiate a limitation on  
1143 liability to the state of prospective contractors.

1144 (L) This section shall stand repealed on July 1, 2024.

1145 **SECTION 2.** This act shall take effect and be in force from  
1146 and after July 1, 2022.
