HOUSE BILL NO. 602

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
 2 TO PROHIBIT A MANAGED CARE ORGANIZATION UNDER ANY MANAGED CARE  
 3 PROGRAM IMPLEMENTED BY THE DIVISION OF MEDICAID FROM TRANSFERRING  
 4 A BENEFICIARY WHO IS ENROLLED WITH THE MANAGED CARE ORGANIZATION  
 5 TO ANOTHER MANAGED CARE ORGANIZATION OR TO A FEE-FOR-SERVICE  
 6 MEDICAID PROVIDER MORE OFTEN THAN ONE TIME IN A PERIOD OF TWELVE  
 7 MONTHS UNLESS THERE IS A SIGNIFICANT MEDICAL REASON FOR MAKING  
 8 ANOTHER TRANSFER WITHIN THE TWELVE-MONTH PERIOD, AS DETERMINED BY  
 9 THE DIVISION; AND FOR RELATED PURPOSES.

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

11 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
 12 amended as follows:

13 43-13-117. (A) Medicaid as authorized by this article shall  
 14 include payment of part or all of the costs, at the discretion of  
 15 the division, with approval of the Governor and the Centers for  
 16 Medicare and Medicaid Services, of the following types of care and  
 17 services rendered to eligible applicants who have been determined  
 18 to be eligible for that care and services, within the limits of  
 19 state appropriations and federal matching funds:

20 (1) Inpatient hospital services.

21 (a) The division is authorized to implement an All  
22 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement  
23 methodology for inpatient hospital services.

24 (b) No service benefits or reimbursement  
25 limitations in this subsection (A)(1) shall apply to payments  
26 under an APR-DRG or Ambulatory Payment Classification (APC) model  
27 or a managed care program or similar model described in subsection  
28 (H) of this section unless specifically authorized by the  
29 division.

30 (2) Outpatient hospital services.

31 (a) Emergency services.

32 (b) Other outpatient hospital services. The  
33 division shall allow benefits for other medically necessary  
34 outpatient hospital services (such as chemotherapy, radiation,  
35 surgery and therapy), including outpatient services in a clinic or  
36 other facility that is not located inside the hospital, but that  
37 has been designated as an outpatient facility by the hospital, and  
38 that was in operation or under construction on July 1, 2009,  
39 provided that the costs and charges associated with the operation  
40 of the hospital clinic are included in the hospital's cost report.  
41 In addition, the Medicare thirty-five-mile rule will apply to  
42 those hospital clinics not located inside the hospital that are  
43 constructed after July 1, 2009. Where the same services are  
44 reimbursed as clinic services, the division may revise the rate or

45 methodology of outpatient reimbursement to maintain consistency,  
46 efficiency, economy and quality of care.

47 (c) The division is authorized to implement an  
48 Ambulatory Payment Classification (APC) methodology for outpatient  
49 hospital services. The division shall give rural hospitals that  
50 have fifty (50) or fewer licensed beds the option to not be  
51 reimbursed for outpatient hospital services using the APC  
52 methodology, but reimbursement for outpatient hospital services  
53 provided by those hospitals shall be based on one hundred one  
54 percent (101%) of the rate established under Medicare for  
55 outpatient hospital services. Those hospitals choosing to not be  
56 reimbursed under the APC methodology shall remain under cost-based  
57 reimbursement for a two-year period.

58 (d) No service benefits or reimbursement  
59 limitations in this subsection (A)(2) shall apply to payments  
60 under an APR-DRG or APC model or a managed care program or similar  
61 model described in subsection (H) of this section unless  
62 specifically authorized by the division.

63 (3) Laboratory and x-ray services.

64 (4) Nursing facility services.

65 (a) The division shall make full payment to  
66 nursing facilities for each day, not exceeding forty-two (42) days  
67 per year, that a patient is absent from the facility on home  
68 leave. Payment may be made for the following home leave days in  
69 addition to the forty-two-day limitation: Christmas, the day

70 before Christmas, the day after Christmas, Thanksgiving, the day  
71 before Thanksgiving and the day after Thanksgiving.

72 (b) From and after July 1, 1997, the division  
73 shall implement the integrated case-mix payment and quality  
74 monitoring system, which includes the fair rental system for  
75 property costs and in which recapture of depreciation is  
76 eliminated. The division may reduce the payment for hospital  
77 leave and therapeutic home leave days to the lower of the case-mix  
78 category as computed for the resident on leave using the  
79 assessment being utilized for payment at that point in time, or a  
80 case-mix score of 1.000 for nursing facilities, and shall compute  
81 case-mix scores of residents so that only services provided at the  
82 nursing facility are considered in calculating a facility's per  
83 diem.

84 (c) From and after July 1, 1997, all state-owned  
85 nursing facilities shall be reimbursed on a full reasonable cost  
86 basis.

87 (d) On or after January 1, 2015, the division  
88 shall update the case-mix payment system resource utilization  
89 grouper and classifications and fair rental reimbursement system.  
90 The division shall develop and implement a payment add-on to  
91 reimburse nursing facilities for ventilator-dependent resident  
92 services.

93 (e) The division shall develop and implement, not  
94 later than January 1, 2001, a case-mix payment add-on determined

95 by time studies and other valid statistical data that will  
96 reimburse a nursing facility for the additional cost of caring for  
97 a resident who has a diagnosis of Alzheimer's or other related  
98 dementia and exhibits symptoms that require special care. Any  
99 such case-mix add-on payment shall be supported by a determination  
100 of additional cost. The division shall also develop and implement  
101 as part of the fair rental reimbursement system for nursing  
102 facility beds, an Alzheimer's resident bed depreciation enhanced  
103 reimbursement system that will provide an incentive to encourage  
104 nursing facilities to convert or construct beds for residents with  
105 Alzheimer's or other related dementia.

106 (f) The division shall develop and implement an  
107 assessment process for long-term care services. The division may  
108 provide the assessment and related functions directly or through  
109 contract with the area agencies on aging.

110 The division shall apply for necessary federal waivers to  
111 assure that additional services providing alternatives to nursing  
112 facility care are made available to applicants for nursing  
113 facility care.

114 (5) Periodic screening and diagnostic services for  
115 individuals under age twenty-one (21) years as are needed to  
116 identify physical and mental defects and to provide health care  
117 treatment and other measures designed to correct or ameliorate  
118 defects and physical and mental illness and conditions discovered  
119 by the screening services, regardless of whether these services

120 are included in the state plan. The division may include in its  
121 periodic screening and diagnostic program those discretionary  
122 services authorized under the federal regulations adopted to  
123 implement Title XIX of the federal Social Security Act, as  
124 amended. The division, in obtaining physical therapy services,  
125 occupational therapy services, and services for individuals with  
126 speech, hearing and language disorders, may enter into a  
127 cooperative agreement with the State Department of Education for  
128 the provision of those services to handicapped students by public  
129 school districts using state funds that are provided from the  
130 appropriation to the Department of Education to obtain federal  
131 matching funds through the division. The division, in obtaining  
132 medical and mental health assessments, treatment, care and  
133 services for children who are in, or at risk of being put in, the  
134 custody of the Mississippi Department of Human Services may enter  
135 into a cooperative agreement with the Mississippi Department of  
136 Human Services for the provision of those services using state  
137 funds that are provided from the appropriation to the Department  
138 of Human Services to obtain federal matching funds through the  
139 division.

140 (6) Physician services. Fees for physician's services  
141 that are covered only by Medicaid shall be reimbursed at ninety  
142 percent (90%) of the rate established on January 1, 2018, and as  
143 may be adjusted each July thereafter, under Medicare. The  
144 division may provide for a reimbursement rate for physician's

145 services of up to one hundred percent (100%) of the rate  
146 established under Medicare for physician's services that are  
147 provided after the normal working hours of the physician, as  
148 determined in accordance with regulations of the division. The  
149 division may reimburse eligible providers, as determined by the  
150 division, for certain primary care services at one hundred percent  
151 (100%) of the rate established under Medicare. The division shall  
152 reimburse obstetricians and gynecologists for certain primary care  
153 services as defined by the division at one hundred percent (100%)  
154 of the rate established under Medicare.

155 (7) (a) Home health services for eligible persons, not  
156 to exceed in cost the prevailing cost of nursing facility  
157 services. All home health visits must be precertified as required  
158 by the division. In addition to physicians, certified registered  
159 nurse practitioners, physician assistants and clinical nurse  
160 specialists are authorized to prescribe or order home health  
161 services and plans of care, sign home health plans of care,  
162 certify and recertify eligibility for home health services and  
163 conduct the required initial face-to-face visit with the recipient  
164 of the services.

165 (b) [Repealed]

166 (8) Emergency medical transportation services as  
167 determined by the division.

168 (9) Prescription drugs and other covered drugs and  
169 services as determined by the division.

170 The division shall establish a mandatory preferred drug list.  
171 Drugs not on the mandatory preferred drug list shall be made  
172 available by utilizing prior authorization procedures established  
173 by the division.

174 The division may seek to establish relationships with other  
175 states in order to lower acquisition costs of prescription drugs  
176 to include single-source and innovator multiple-source drugs or  
177 generic drugs. In addition, if allowed by federal law or  
178 regulation, the division may seek to establish relationships with  
179 and negotiate with other countries to facilitate the acquisition  
180 of prescription drugs to include single-source and innovator  
181 multiple-source drugs or generic drugs, if that will lower the  
182 acquisition costs of those prescription drugs.

183 The division may allow for a combination of prescriptions for  
184 single-source and innovator multiple-source drugs and generic  
185 drugs to meet the needs of the beneficiaries.

186 The executive director may approve specific maintenance drugs  
187 for beneficiaries with certain medical conditions, which may be  
188 prescribed and dispensed in three-month supply increments.

189 Drugs prescribed for a resident of a psychiatric residential  
190 treatment facility must be provided in true unit doses when  
191 available. The division may require that drugs not covered by  
192 Medicare Part D for a resident of a long-term care facility be  
193 provided in true unit doses when available. Those drugs that were  
194 originally billed to the division but are not used by a resident

195 in any of those facilities shall be returned to the billing  
196 pharmacy for credit to the division, in accordance with the  
197 guidelines of the State Board of Pharmacy and any requirements of  
198 federal law and regulation. Drugs shall be dispensed to a  
199 recipient and only one (1) dispensing fee per month may be  
200 charged. The division shall develop a methodology for reimbursing  
201 for restocked drugs, which shall include a restock fee as  
202 determined by the division not exceeding Seven Dollars and  
203 Eighty-two Cents (\$7.82).

204 Except for those specific maintenance drugs approved by the  
205 executive director, the division shall not reimburse for any  
206 portion of a prescription that exceeds a thirty-one-day supply of  
207 the drug based on the daily dosage.

208 The division is authorized to develop and implement a program  
209 of payment for additional pharmacist services as determined by the  
210 division.

211 All claims for drugs for dually eligible Medicare/Medicaid  
212 beneficiaries that are paid for by Medicare must be submitted to  
213 Medicare for payment before they may be processed by the  
214 division's online payment system.

215 The division shall develop a pharmacy policy in which drugs  
216 in tamper-resistant packaging that are prescribed for a resident  
217 of a nursing facility but are not dispensed to the resident shall  
218 be returned to the pharmacy and not billed to Medicaid, in  
219 accordance with guidelines of the State Board of Pharmacy.

220           The division shall develop and implement a method or methods  
221 by which the division will provide on a regular basis to Medicaid  
222 providers who are authorized to prescribe drugs, information about  
223 the costs to the Medicaid program of single-source drugs and  
224 innovator multiple-source drugs, and information about other drugs  
225 that may be prescribed as alternatives to those single-source  
226 drugs and innovator multiple-source drugs and the costs to the  
227 Medicaid program of those alternative drugs.

228           Notwithstanding any law or regulation, information obtained  
229 or maintained by the division regarding the prescription drug  
230 program, including trade secrets and manufacturer or labeler  
231 pricing, is confidential and not subject to disclosure except to  
232 other state agencies.

233           The dispensing fee for each new or refill prescription,  
234 including nonlegend or over-the-counter drugs covered by the  
235 division, shall be not less than Three Dollars and Ninety-one  
236 Cents (\$3.91), as determined by the division.

237           The division shall not reimburse for single-source or  
238 innovator multiple-source drugs if there are equally effective  
239 generic equivalents available and if the generic equivalents are  
240 the least expensive.

241           It is the intent of the Legislature that the pharmacists  
242 providers be reimbursed for the reasonable costs of filling and  
243 dispensing prescriptions for Medicaid beneficiaries.

244           The division shall allow certain drugs, including  
245 physician-administered drugs, and implantable drug system devices,  
246 and medical supplies, with limited distribution or limited access  
247 for beneficiaries and administered in an appropriate clinical  
248 setting, to be reimbursed as either a medical claim or pharmacy  
249 claim, as determined by the division.

250           It is the intent of the Legislature that the division and any  
251 managed care entity described in subsection (H) of this section  
252 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
253 prevent recurrent preterm birth.

254                   (10) Dental and orthodontic services to be determined  
255 by the division.

256           The division shall increase the amount of the reimbursement  
257 rate for diagnostic and preventative dental services for each of  
258 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
259 the amount of the reimbursement rate for the previous fiscal year.

260 It is the intent of the Legislature that the reimbursement rate  
261 revision for preventative dental services will be an incentive to  
262 increase the number of dentists who actively provide Medicaid  
263 services. This dental services reimbursement rate revision shall  
264 be known as the "James Russell Dumas Medicaid Dental Services  
265 Incentive Program."

266           The Medical Care Advisory Committee, assisted by the Division  
267 of Medicaid, shall annually determine the effect of this incentive  
268 by evaluating the number of dentists who are Medicaid providers,

269 the number who and the degree to which they are actively billing  
270 Medicaid, the geographic trends of where dentists are offering  
271 what types of Medicaid services and other statistics pertinent to  
272 the goals of this legislative intent. This data shall annually be  
273 presented to the Chair of the Senate Medicaid Committee and the  
274 Chair of the House Medicaid Committee.

275 The division shall include dental services as a necessary  
276 component of overall health services provided to children who are  
277 eligible for services.

278 (11) Eyeglasses for all Medicaid beneficiaries who have  
279 (a) had surgery on the eyeball or ocular muscle that results in a  
280 vision change for which eyeglasses or a change in eyeglasses is  
281 medically indicated within six (6) months of the surgery and is in  
282 accordance with policies established by the division, or (b) one  
283 (1) pair every five (5) years and in accordance with policies  
284 established by the division. In either instance, the eyeglasses  
285 must be prescribed by a physician skilled in diseases of the eye  
286 or an optometrist, whichever the beneficiary may select.

287 (12) Intermediate care facility services.

288 (a) The division shall make full payment to all  
289 intermediate care facilities for individuals with intellectual  
290 disabilities for each day, not exceeding sixty-three (63) days per  
291 year, that a patient is absent from the facility on home leave.  
292 Payment may be made for the following home leave days in addition  
293 to the sixty-three-day limitation: Christmas, the day before

294 Christmas, the day after Christmas, Thanksgiving, the day before  
295 Thanksgiving and the day after Thanksgiving.

296 (b) All state-owned intermediate care facilities  
297 for individuals with intellectual disabilities shall be reimbursed  
298 on a full reasonable cost basis.

299 (c) Effective January 1, 2015, the division shall  
300 update the fair rental reimbursement system for intermediate care  
301 facilities for individuals with intellectual disabilities.

302 (13) Family planning services, including drugs,  
303 supplies and devices, when those services are under the  
304 supervision of a physician or nurse practitioner.

305 (14) Clinic services. Preventive, diagnostic,  
306 therapeutic, rehabilitative or palliative services that are  
307 furnished by a facility that is not part of a hospital but is  
308 organized and operated to provide medical care to outpatients.  
309 Clinic services include, but are not limited to:

310 (a) Services provided by ambulatory surgical  
311 centers (ACSS) as defined in Section 41-75-1(a); and

312 (b) Dialysis center services.

313 (15) Home- and community-based services for the elderly  
314 and disabled, as provided under Title XIX of the federal Social  
315 Security Act, as amended, under waivers, subject to the  
316 availability of funds specifically appropriated for that purpose  
317 by the Legislature.

318           (16) Mental health services. Certain services provided  
319 by a psychiatrist shall be reimbursed at up to one hundred percent  
320 (100%) of the Medicare rate. Approved therapeutic and case  
321 management services (a) provided by an approved regional mental  
322 health/intellectual disability center established under Sections  
323 41-19-31 through 41-19-39, or by another community mental health  
324 service provider meeting the requirements of the Department of  
325 Mental Health to be an approved mental health/intellectual  
326 disability center if determined necessary by the Department of  
327 Mental Health, using state funds that are provided in the  
328 appropriation to the division to match federal funds, or (b)  
329 provided by a facility that is certified by the State Department  
330 of Mental Health to provide therapeutic and case management  
331 services, to be reimbursed on a fee for service basis, or (c)  
332 provided in the community by a facility or program operated by the  
333 Department of Mental Health. Any such services provided by a  
334 facility described in subparagraph (b) must have the prior  
335 approval of the division to be reimbursable under this section.

336           (17) Durable medical equipment services and medical  
337 supplies. Precertification of durable medical equipment and  
338 medical supplies must be obtained as required by the division.  
339 The Division of Medicaid may require durable medical equipment  
340 providers to obtain a surety bond in the amount and to the  
341 specifications as established by the Balanced Budget Act of 1997.

342           (18) (a) Notwithstanding any other provision of this  
343 section to the contrary, as provided in the Medicaid state plan  
344 amendment or amendments as defined in Section 43-13-145(10), the  
345 division shall make additional reimbursement to hospitals that  
346 serve a disproportionate share of low-income patients and that  
347 meet the federal requirements for those payments as provided in  
348 Section 1923 of the federal Social Security Act and any applicable  
349 regulations. It is the intent of the Legislature that the  
350 division shall draw down all available federal funds allotted to  
351 the state for disproportionate share hospitals. However, from and  
352 after January 1, 1999, public hospitals participating in the  
353 Medicaid disproportionate share program may be required to  
354 participate in an intergovernmental transfer program as provided  
355 in Section 1903 of the federal Social Security Act and any  
356 applicable regulations.

357           (b) (i) The division may establish a Medicare  
358 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
359 the federal Social Security Act and any applicable federal  
360 regulations, or an allowable delivery system or provider payment  
361 initiative authorized under 42 CFR 438.6(c), for hospitals,  
362 nursing facilities, physicians employed or contracted by  
363 hospitals, and emergency ambulance transportation providers.

364           (ii) The division shall assess each hospital,  
365 nursing facility, and emergency ambulance transportation provider  
366 for the sole purpose of financing the state portion of the

367 Medicare Upper Payment Limits Program or other program(s)  
368 authorized under this subsection (A) (18) (b). The hospital  
369 assessment shall be as provided in Section 43-13-145(4) (a), and  
370 the nursing facility and the emergency ambulance transportation  
371 assessments, if established, shall be based on Medicaid  
372 utilization or other appropriate method, as determined by the  
373 division, consistent with federal regulations. The assessments  
374 will remain in effect as long as the state participates in the  
375 Medicare Upper Payment Limits Program or other program(s)  
376 authorized under this subsection (A) (18) (b). In addition to the  
377 hospital assessment provided in Section 43-13-145(4) (a), hospitals  
378 with physicians participating in the Medicare Upper Payment Limits  
379 Program or other program(s) authorized under this subsection  
380 (A) (18) (b) shall be required to participate in an  
381 intergovernmental transfer or assessment, as determined by the  
382 division, for the purpose of financing the state portion of the  
383 physician UPL payments or other payment(s) authorized under this  
384 subsection (A) (18) (b).

385 (iii) Subject to approval by the Centers for  
386 Medicare and Medicaid Services (CMS) and the provisions of this  
387 subsection (A) (18) (b), the division shall make additional  
388 reimbursement to hospitals, nursing facilities, and emergency  
389 ambulance transportation providers for the Medicare Upper Payment  
390 Limits Program or other program(s) authorized under this  
391 subsection (A) (18) (b), and, if the program is established for

392 physicians, shall make additional reimbursement for physicians, as  
393 defined in Section 1902(a)(30) of the federal Social Security Act  
394 and any applicable federal regulations, provided the assessment in  
395 this subsection (A)(18)(b) is in effect.

396 (iv) Notwithstanding any other provision of  
397 this article to the contrary, effective upon implementation of the  
398 Mississippi Hospital Access Program (MHAP) provided in  
399 subparagraph (c)(i) below, the hospital portion of the inpatient  
400 Upper Payment Limits Program shall transition into and be replaced  
401 by the MHAP program. However, the division is authorized to  
402 develop and implement an alternative fee-for-service Upper Payment  
403 Limits model in accordance with federal laws and regulations if  
404 necessary to preserve supplemental funding. Further, the  
405 division, in consultation with the hospital industry shall develop  
406 alternative models for distribution of medical claims and  
407 supplemental payments for inpatient and outpatient hospital  
408 services, and such models may include, but shall not be limited to  
409 the following: increasing rates for inpatient and outpatient  
410 services; creating a low-income utilization pool of funds to  
411 reimburse hospitals for the costs of uncompensated care, charity  
412 care and bad debts as permitted and approved pursuant to federal  
413 regulations and the Centers for Medicare and Medicaid Services;  
414 supplemental payments based upon Medicaid utilization, quality,  
415 service lines and/or costs of providing such services to Medicaid  
416 beneficiaries and to uninsured patients. The goals of such

417 payment models shall be to ensure access to inpatient and  
418 outpatient care and to maximize any federal funds that are  
419 available to reimburse hospitals for services provided. Any such  
420 documents required to achieve the goals described in this  
421 paragraph shall be submitted to the Centers for Medicare and  
422 Medicaid Services, with a proposed effective date of July 1, 2019,  
423 to the extent possible, but in no event shall the effective date  
424 of such payment models be later than July 1, 2020. The Chairmen  
425 of the Senate and House Medicaid Committees shall be provided a  
426 copy of the proposed payment model(s) prior to submission.  
427 Effective July 1, 2018, and until such time as any payment  
428 model(s) as described above become effective, the division, in  
429 consultation with the hospital industry, is authorized to  
430 implement a transitional program for inpatient and outpatient  
431 payments and/or supplemental payments (including, but not limited  
432 to, MHAP and directed payments), to redistribute available  
433 supplemental funds among hospital providers, provided that when  
434 compared to a hospital's prior year supplemental payments,  
435 supplemental payments made pursuant to any such transitional  
436 program shall not result in a decrease of more than five percent  
437 (5%) and shall not increase by more than the amount needed to  
438 maximize the distribution of the available funds.

439 (c) (i) Not later than December 1, 2015, the

883 health plan may:

884 (a) Pay providers at a rate that is less than the  
885 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
886 reimbursement rate;

887 (b) Override the medical decisions of hospital  
888 physicians or staff regarding patients admitted to a hospital for  
889 an emergency medical condition as defined by 42 US Code Section  
890 1395dd. This restriction (b) does not prohibit the retrospective  
891 review of the appropriateness of the determination that an  
892 emergency medical condition exists by chart review or coding  
893 algorithm, nor does it prohibit prior authorization for  
894 nonemergency hospital admissions;

895 (c) Pay providers at a rate that is less than the  
896 normal Medicaid reimbursement rate. It is the intent of the  
897 Legislature that all managed care entities described in this  
898 subsection (H), in collaboration with the division, develop and  
899 implement innovative payment models that incentivize improvements  
900 in health care quality, outcomes, or value, as determined by the  
901 division. Participation in the provider network of any managed  
902 care, coordinated care, provider-sponsored health plan, or similar  
903 contractor shall not be conditioned on the provider's agreement to  
904 accept such alternative payment models;

905 (d) Implement a prior authorization and  
906 utilization review program for medical services, transportation  
907 services and prescription drugs that is more stringent than the  
908 prior authorization processes used by the division in its  
909 administration of the Medicaid program. Not later than December  
910 2, 2021, the contractors that are receiving capitated payments  
911 under a managed care delivery system established under this

912 subsection (H) shall submit a report to the Chairmen of the House  
913 and Senate Medicaid Committees on the status of the prior  
914 authorization and utilization review program for medical services,  
915 transportation services and prescription drugs that is required to  
916 be implemented under this subparagraph (d);

917 (e) [Deleted]

918 (f) Implement a preferred drug list that is more  
919 stringent than the mandatory preferred drug list established by  
920 the division under subsection (A) (9) of this section;

921 (g) Implement a policy which denies beneficiaries  
922 with hemophilia access to the federally funded hemophilia  
923 treatment centers as part of the Medicaid Managed Care network of  
924 providers.

925 Each health maintenance organization, coordinated care  
926 organization, provider-sponsored health plan, or other  
927 organization paid for services on a capitated basis by the  
928 division under any managed care program or coordinated care  
929 program implemented by the division under this section shall use a  
930 clear set of level of care guidelines in the determination of  
931 medical necessity and in all utilization management practices,  
932 including the prior authorization process, concurrent reviews,  
933 retrospective reviews and payments, that are consistent with  
934 widely accepted professional standards of care. Organizations  
935 participating in a managed care program or coordinated care  
936 program implemented by the division may not use any additional

937 criteria that would result in denial of care that would be  
938 determined appropriate and, therefore, medically necessary under  
939 those levels of care guidelines.

940 (2) Notwithstanding any provision of this section, the  
941 recipients eligible for enrollment into a Medicaid Managed Care  
942 Program authorized under this subsection (H) may include only  
943 those categories of recipients eligible for participation in the  
944 Medicaid Managed Care Program as of January 1, 2021, the  
945 Children's Health Insurance Program (CHIP), and the CMS-approved  
946 Section 1115 demonstration waivers in operation as of January 1,  
947 2021. No expansion of Medicaid Managed Care Program contracts may  
948 be implemented by the division without enabling legislation from  
949 the Mississippi Legislature.

950 (3) (a) Any contractors receiving capitated payments  
951 under a managed care delivery system established in this section  
952 shall provide to the Legislature and the division statistical data  
953 to be shared with provider groups in order to improve patient  
954 access, appropriate utilization, cost savings and health outcomes  
955 not later than October 1 of each year. Additionally, each  
956 contractor shall disclose to the Chairmen of the Senate and House  
957 Medicaid Committees the administrative expenses costs for the  
958 prior calendar year, and the number of full-equivalent employees  
959 located in the State of Mississippi dedicated to the Medicaid and  
960 CHIP lines of business as of June 30 of the current year.

961 (b) The division and the contractors participating  
962 in the managed care program, a coordinated care program or a  
963 provider-sponsored health plan shall be subject to annual program  
964 reviews or audits performed by the Office of the State Auditor,  
965 the PEER Committee, the Department of Insurance and/or independent  
966 third parties.

967 (c) Those reviews shall include, but not be  
968 limited to, at least two (2) of the following items:

969 (i) The financial benefit to the State of  
970 Mississippi of the managed care program,

971 (ii) The difference between the premiums paid  
972 to the managed care contractors and the payments made by those  
973 contractors to health care providers,

974 (iii) Compliance with performance measures  
975 required under the contracts,

976 (iv) Administrative expense allocation  
977 methodologies,

978 (v) Whether nonprovider payments assigned as  
979 medical expenses are appropriate,

980 (vi) Capitated arrangements with related  
981 party subcontractors,

982 (vii) Reasonableness of corporate  
983 allocations,

984 (viii) Value-added benefits and the extent to  
985 which they are used,

986 (ix) The effectiveness of subcontractor  
987 oversight, including subcontractor review,

988 (x) Whether health care outcomes have been  
989 improved, and

990 (xi) The most common claim denial codes to  
991 determine the reasons for the denials.

992 The audit reports shall be considered public documents and  
993 shall be posted in their entirety on the division's website.

994 (4) All health maintenance organizations, coordinated  
995 care organizations, provider-sponsored health plans, or other  
996 organizations paid for services on a capitated basis by the  
997 division under any managed care program or coordinated care  
998 program implemented by the division under this section shall  
999 reimburse all providers in those organizations at rates no lower  
1000 than those provided under this section for beneficiaries who are  
1001 not participating in those programs.

1002 (5) No health maintenance organization, coordinated  
1003 care organization, provider-sponsored health plan, or other  
1004 organization paid for services on a capitated basis by the  
1005 division under any managed care program or coordinated care  
1006 program implemented by the division under this section shall  
1007 require its providers or beneficiaries to use any pharmacy that  
1008 ships, mails or delivers prescription drugs or legend drugs or  
1009 devices.

1010           (6) (a) Not later than December 1, 2021, the  
1011 contractors who are receiving capitated payments under a managed  
1012 care delivery system established under this subsection (H) shall  
1013 develop and implement a uniform credentialing process for  
1014 providers. Under that uniform credentialing process, a provider  
1015 who meets the criteria for credentialing will be credentialed with  
1016 all of those contractors and no such provider will have to be  
1017 separately credentialed by any individual contractor in order to  
1018 receive reimbursement from the contractor. Not later than  
1019 December 2, 2021, those contractors shall submit a report to the  
1020 Chairmen of the House and Senate Medicaid Committees on the status  
1021 of the uniform credentialing process for providers that is  
1022 required under this subparagraph (a).

1023           (b) If those contractors have not implemented a  
1024 uniform credentialing process as described in subparagraph (a) by  
1025 December 1, 2021, the division shall develop and implement, not  
1026 later than July 1, 2022, a single, consolidated credentialing  
1027 process by which all providers will be credentialed. Under the  
1028 division's single, consolidated credentialing process, no such  
1029 contractor shall require its providers to be separately  
1030 credentialed by the contractor in order to receive reimbursement  
1031 from the contractor, but those contractors shall recognize the  
1032 credentialing of the providers by the division's credentialing  
1033 process.

1034 (c) The division shall require a uniform provider  
1035 credentialing application that shall be used in the credentialing  
1036 process that is established under subparagraph (a) or (b). If the  
1037 contractor or division, as applicable, has not approved or denied  
1038 the provider credentialing application within sixty (60) days of  
1039 receipt of the completed application that includes all required  
1040 information necessary for credentialing, then the contractor or  
1041 division, upon receipt of a written request from the applicant and  
1042 within five (5) business days of its receipt, shall issue a  
1043 temporary provider credential/enrollment to the applicant if the  
1044 applicant has a valid Mississippi professional or occupational  
1045 license to provide the health care services to which the  
1046 credential/enrollment would apply. The contractor or the division  
1047 shall not issue a temporary credential/enrollment if the applicant  
1048 has reported on the application a history of medical or other  
1049 professional or occupational malpractice claims, a history of  
1050 substance abuse or mental health issues, a criminal record, or a  
1051 history of medical or other licensing board, state or federal  
1052 disciplinary action, including any suspension from participation  
1053 in a federal or state program. The temporary  
1054 credential/enrollment shall be effective upon issuance and shall  
1055 remain in effect until the provider's credentialing/enrollment  
1056 application is approved or denied by the contractor or division.  
1057 The contractor or division shall render a final decision regarding  
1058 credentialing/enrollment of the provider within sixty (60) days

1059 from the date that the temporary provider credential/enrollment is  
1060 issued to the applicant.

1061 (d) If the contractor or division does not render  
1062 a final decision regarding credentialing/enrollment of the  
1063 provider within the time required in subparagraph (c), the  
1064 provider shall be deemed to be credentialed by and enrolled with  
1065 all of the contractors and eligible to receive reimbursement from  
1066 the contractors.

1067 (7) (a) Each contractor that is receiving capitated  
1068 payments under a managed care delivery system established under  
1069 this subsection (H) shall provide to each provider for whom the  
1070 contractor has denied the coverage of a procedure that was ordered  
1071 or requested by the provider for or on behalf of a patient, a  
1072 letter that provides a detailed explanation of the reasons for the  
1073 denial of coverage of the procedure and the name and the  
1074 credentials of the person who denied the coverage. The letter  
1075 shall be sent to the provider in electronic format.

1076 (b) After a contractor that is receiving capitated  
1077 payments under a managed care delivery system established under  
1078 this subsection (H) has denied coverage for a claim submitted by a  
1079 provider, the contractor shall issue to the provider within sixty  
1080 (60) days a final ruling of denial of the claim that allows the  
1081 provider to have a state fair hearing and/or agency appeal with  
1082 the division. If a contractor does not issue a final ruling of  
1083 denial within sixty (60) days as required by this subparagraph

1084 (b), the provider's claim shall be deemed to be automatically  
1085 approved and the contractor shall pay the amount of the claim to  
1086 the provider.

1087 (c) After a contractor has issued a final ruling  
1088 of denial of a claim submitted by a provider, the division shall  
1089 conduct a state fair hearing and/or agency appeal on the matter of  
1090 the disputed claim between the contractor and the provider within  
1091 sixty (60) days, and shall render a decision on the matter within  
1092 thirty (30) days after the date of the hearing and/or appeal.

1093 (8) It is the intention of the Legislature that the  
1094 division evaluate the feasibility of using a single vendor to  
1095 administer pharmacy benefits provided under a managed care  
1096 delivery system established under this subsection (H). Providers  
1097 of pharmacy benefits shall cooperate with the division in any  
1098 transition to a carve-out of pharmacy benefits under managed care.

1099 (9) It is the intention of the Legislature that the  
1100 division evaluate the feasibility of using a single vendor to  
1101 administer dental benefits provided under a managed care delivery  
1102 system established in this subsection (H). Providers of dental  
1103 benefits shall cooperate with the division in any transition to a  
1104 carve-out of dental benefits under managed care.

1105 (10) It is the intent of the Legislature that any  
1106 contractor receiving capitated payments under a managed care  
1107 delivery system established in this section shall implement

1108 innovative programs to improve the health and well-being of  
1109 members diagnosed with prediabetes and diabetes.

1110           (11) It is the intent of the Legislature that any  
1111 contractors receiving capitated payments under a managed care  
1112 delivery system established under this subsection (H) shall work  
1113 with providers of Medicaid services to improve the utilization of  
1114 long-acting reversible contraceptives (LARCs). Not later than  
1115 December 1, 2021, any contractors receiving capitated payments  
1116 under a managed care delivery system established under this  
1117 subsection (H) shall provide to the Chairmen of the House and  
1118 Senate Medicaid Committees and House and Senate Public Health  
1119 Committees a report of LARC utilization for State Fiscal Years  
1120 2018 through 2020 as well as any programs, initiatives, or efforts  
1121 made by the contractors and providers to increase LARC  
1122 utilization. This report shall be updated annually to include  
1123 information for subsequent state fiscal years.

1124           (12) The division is authorized to make not more than  
1125 one (1) emergency extension of the contracts that are in effect on  
1126 July 1, 2021, with contractors who are receiving capitated  
1127 payments under a managed care delivery system established under  
1128 this subsection (H), as provided in this paragraph (12). The  
1129 maximum period of any such extension shall be one (1) year, and  
1130 under any such extensions, the contractors shall be subject to all  
1131 of the provisions of this subsection (H). The extended contracts

1132 shall be revised to incorporate any provisions of this subsection  
1133 (H).

1134 (13) A health maintenance organization, coordinated  
1135 care organization, provider-sponsored health plan, or other  
1136 organization paid for services on a capitated basis by the  
1137 division under any managed care program or coordinated care  
1138 program implemented by the division under this section may not  
1139 transfer a beneficiary who is enrolled with the managed care  
1140 organization to another managed care organization or to a  
1141 fee-for-service Medicaid provider more often than one time in a  
1142 period of twelve (12) months unless there is a significant medical  
1143 reason for making another transfer within the twelve-month period,  
1144 as determined by the division.

1145 (I) [Deleted]

1146 (J) There shall be no cuts in inpatient and outpatient  
1147 hospital payments, or allowable days or volumes, as long as the  
1148 hospital assessment provided in Section 43-13-145 is in effect.  
1149 This subsection (J) shall not apply to decreases in payments that  
1150 are a result of: reduced hospital admissions, audits or payments  
1151 under the APR-DRG or APC models, or a managed care program or  
1152 similar model described in subsection (H) of this section.

1153 (K) In the negotiation and execution of such contracts  
1154 involving services performed by actuarial firms, the Executive  
1155 Director of the Division of Medicaid may negotiate a limitation on  
1156 liability to the state of prospective contractors.

1157 (L) This section shall stand repealed on July 1, 2024.

1158 **SECTION 2.** This act shall take effect and be in force from  
1159 and after July 1, 2022.
