

By: Representative Hood

To: Medicaid

HOUSE BILL NO. 658
(As Passed the House)

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,
2 TO DELETE THE PROVISION IN THE MEDICAID SERVICES SECTION THAT
3 FREEZES MEDICAID PROVIDER RATES OF REIMBURSEMENT AT THE LEVELS IN
4 EFFECT ON JULY 1, 2021; TO ESTABLISH A PROCEDURE FOR THE MEDICAID
5 AND APPROPRIATIONS COMMITTEES OF THE HOUSE AND SENATE TO REVIEW
6 PROPOSED CHANGES IN PROVIDER RATES OF REIMBURSEMENT BY THE
7 DIVISION OF MEDICAID BEFORE THE CHANGES WILL TAKE EFFECT; TO
8 PROVIDE THAT THE COMMITTEES HAVE NO AUTHORITY TO VETO OR REVISE
9 ANY PROPOSED RATE CHANGE, BUT ARE LIMITED TO REVIEWING, MAKING
10 OBJECTIONS TO AND MAKING RECOMMENDATIONS FOR SUGGESTED CHANGES TO
11 RATE CHANGES PROPOSED BY THE DIVISION; TO PROHIBIT THE DIVISION OF
12 MEDICAID FROM EXECUTING A CONTRACT OR MAKING CAPITATED PAYMENTS
13 FOR SERVICES WITH ANY ENTITY THAT HAS EXECUTED A SETTLEMENT
14 AGREEMENT WITH THE STATE OF MISSISSIPPI OR ANY OTHER STATE RELATED
15 TO ALLEGATIONS OF FRAUD, WASTE, ABUSE OR OVERPAYMENTS IN THE
16 STATE'S MEDICAID PROGRAM; TO DIRECT THE DIVISION OF MEDICAID TO
17 SELECT A MISSISSIPPI NONPROFIT CORPORATION IN ADDITION TO THE
18 MANAGED CARE ENTITIES WITH WHICH THE DIVISION HAS CONTRACTED AS OF
19 JANUARY 1, 2022, TO PROVIDE MEDICAID SERVICES ON A CAPITATED BASIS
20 UNDER A MANAGED CARE PROGRAM OR COORDINATED CARE PROGRAM
21 IMPLEMENTED BY THE DIVISION; AND FOR RELATED PURPOSES.

22 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

23 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is
24 amended as follows:

25 43-13-117. (A) Medicaid as authorized by this article shall
26 include payment of part or all of the costs, at the discretion of
27 the division, with approval of the Governor and the Centers for

28 Medicare and Medicaid Services, of the following types of care and
29 services rendered to eligible applicants who have been determined
30 to be eligible for that care and services, within the limits of
31 state appropriations and federal matching funds:

32 (1) Inpatient hospital services.

33 (a) The division is authorized to implement an All
34 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement
35 methodology for inpatient hospital services.

36 (b) No service benefits or reimbursement
37 limitations in this subsection (A)(1) shall apply to payments
38 under an APR-DRG or Ambulatory Payment Classification (APC) model
39 or a managed care program or similar model described in subsection
40 (H) of this section unless specifically authorized by the
41 division.

42 (2) Outpatient hospital services.

43 (a) Emergency services.

44 (b) Other outpatient hospital services. The
45 division shall allow benefits for other medically necessary
46 outpatient hospital services (such as chemotherapy, radiation,
47 surgery and therapy), including outpatient services in a clinic or
48 other facility that is not located inside the hospital, but that
49 has been designated as an outpatient facility by the hospital, and
50 that was in operation or under construction on July 1, 2009,
51 provided that the costs and charges associated with the operation
52 of the hospital clinic are included in the hospital's cost report.

53 In addition, the Medicare thirty-five-mile rule will apply to
54 those hospital clinics not located inside the hospital that are
55 constructed after July 1, 2009. Where the same services are
56 reimbursed as clinic services, the division may revise the rate or
57 methodology of outpatient reimbursement to maintain consistency,
58 efficiency, economy and quality of care.

59 (c) The division is authorized to implement an
60 Ambulatory Payment Classification (APC) methodology for outpatient
61 hospital services. The division shall give rural hospitals that
62 have fifty (50) or fewer licensed beds the option to not be
63 reimbursed for outpatient hospital services using the APC
64 methodology, but reimbursement for outpatient hospital services
65 provided by those hospitals shall be based on one hundred one
66 percent (101%) of the rate established under Medicare for
67 outpatient hospital services. Those hospitals choosing to not be
68 reimbursed under the APC methodology shall remain under cost-based
69 reimbursement for a two-year period.

70 (d) No service benefits or reimbursement
71 limitations in this subsection (A)(2) shall apply to payments
72 under an APR-DRG or APC model or a managed care program or similar
73 model described in subsection (H) of this section unless
74 specifically authorized by the division.

75 (3) Laboratory and x-ray services.

76 (4) Nursing facility services.

77 (a) The division shall make full payment to
78 nursing facilities for each day, not exceeding forty-two (42) days
79 per year, that a patient is absent from the facility on home
80 leave. Payment may be made for the following home leave days in
81 addition to the forty-two-day limitation: Christmas, the day
82 before Christmas, the day after Christmas, Thanksgiving, the day
83 before Thanksgiving and the day after Thanksgiving.

84 (b) From and after July 1, 1997, the division
85 shall implement the integrated case-mix payment and quality
86 monitoring system, which includes the fair rental system for
87 property costs and in which recapture of depreciation is
88 eliminated. The division may reduce the payment for hospital
89 leave and therapeutic home leave days to the lower of the case-mix
90 category as computed for the resident on leave using the
91 assessment being utilized for payment at that point in time, or a
92 case-mix score of 1.000 for nursing facilities, and shall compute
93 case-mix scores of residents so that only services provided at the
94 nursing facility are considered in calculating a facility's per
95 diem.

96 (c) From and after July 1, 1997, all state-owned
97 nursing facilities shall be reimbursed on a full reasonable cost
98 basis.

99 (d) On or after January 1, 2015, the division
100 shall update the case-mix payment system resource utilization
101 grouper and classifications and fair rental reimbursement system.

102 The division shall develop and implement a payment add-on to
103 reimburse nursing facilities for ventilator-dependent resident
104 services.

105 (e) The division shall develop and implement, not
106 later than January 1, 2001, a case-mix payment add-on determined
107 by time studies and other valid statistical data that will
108 reimburse a nursing facility for the additional cost of caring for
109 a resident who has a diagnosis of Alzheimer's or other related
110 dementia and exhibits symptoms that require special care. Any
111 such case-mix add-on payment shall be supported by a determination
112 of additional cost. The division shall also develop and implement
113 as part of the fair rental reimbursement system for nursing
114 facility beds, an Alzheimer's resident bed depreciation enhanced
115 reimbursement system that will provide an incentive to encourage
116 nursing facilities to convert or construct beds for residents with
117 Alzheimer's or other related dementia.

118 (f) The division shall develop and implement an
119 assessment process for long-term care services. The division may
120 provide the assessment and related functions directly or through
121 contract with the area agencies on aging.

122 The division shall apply for necessary federal waivers to
123 assure that additional services providing alternatives to nursing
124 facility care are made available to applicants for nursing
125 facility care.

126 (5) Periodic screening and diagnostic services for
127 individuals under age twenty-one (21) years as are needed to
128 identify physical and mental defects and to provide health care
129 treatment and other measures designed to correct or ameliorate
130 defects and physical and mental illness and conditions discovered
131 by the screening services, regardless of whether these services
132 are included in the state plan. The division may include in its
133 periodic screening and diagnostic program those discretionary
134 services authorized under the federal regulations adopted to
135 implement Title XIX of the federal Social Security Act, as
136 amended. The division, in obtaining physical therapy services,
137 occupational therapy services, and services for individuals with
138 speech, hearing and language disorders, may enter into a
139 cooperative agreement with the State Department of Education for
140 the provision of those services to handicapped students by public
141 school districts using state funds that are provided from the
142 appropriation to the Department of Education to obtain federal
143 matching funds through the division. The division, in obtaining
144 medical and mental health assessments, treatment, care and
145 services for children who are in, or at risk of being put in, the
146 custody of the Mississippi Department of Human Services may enter
147 into a cooperative agreement with the Mississippi Department of
148 Human Services for the provision of those services using state
149 funds that are provided from the appropriation to the Department

150 of Human Services to obtain federal matching funds through the
151 division.

152 (6) Physician services. Fees for physician's services
153 that are covered only by Medicaid shall be reimbursed at ninety
154 percent (90%) of the rate established on January 1, 2018, and as
155 may be adjusted each July thereafter, under Medicare. The
156 division may provide for a reimbursement rate for physician's
157 services of up to one hundred percent (100%) of the rate
158 established under Medicare for physician's services that are
159 provided after the normal working hours of the physician, as
160 determined in accordance with regulations of the division. The
161 division may reimburse eligible providers, as determined by the
162 division, for certain primary care services at one hundred percent
163 (100%) of the rate established under Medicare. The division shall
164 reimburse obstetricians and gynecologists for certain primary care
165 services as defined by the division at one hundred percent (100%)
166 of the rate established under Medicare.

167 (7) (a) Home health services for eligible persons, not
168 to exceed in cost the prevailing cost of nursing facility
169 services. All home health visits must be precertified as required
170 by the division. In addition to physicians, certified registered
171 nurse practitioners, physician assistants and clinical nurse
172 specialists are authorized to prescribe or order home health
173 services and plans of care, sign home health plans of care,
174 certify and recertify eligibility for home health services and

175 conduct the required initial face-to-face visit with the recipient
176 of the services.

177 (b) [Repealed]

178 (8) Emergency medical transportation services as
179 determined by the division.

180 (9) Prescription drugs and other covered drugs and
181 services as determined by the division.

182 The division shall establish a mandatory preferred drug list.
183 Drugs not on the mandatory preferred drug list shall be made
184 available by utilizing prior authorization procedures established
185 by the division.

186 The division may seek to establish relationships with other
187 states in order to lower acquisition costs of prescription drugs
188 to include single-source and innovator multiple-source drugs or
189 generic drugs. In addition, if allowed by federal law or
190 regulation, the division may seek to establish relationships with
191 and negotiate with other countries to facilitate the acquisition
192 of prescription drugs to include single-source and innovator
193 multiple-source drugs or generic drugs, if that will lower the
194 acquisition costs of those prescription drugs.

195 The division may allow for a combination of prescriptions for
196 single-source and innovator multiple-source drugs and generic
197 drugs to meet the needs of the beneficiaries.

198 The executive director may approve specific maintenance drugs
199 for beneficiaries with certain medical conditions, which may be
200 prescribed and dispensed in three-month supply increments.

201 Drugs prescribed for a resident of a psychiatric residential
202 treatment facility must be provided in true unit doses when
203 available. The division may require that drugs not covered by
204 Medicare Part D for a resident of a long-term care facility be
205 provided in true unit doses when available. Those drugs that were
206 originally billed to the division but are not used by a resident
207 in any of those facilities shall be returned to the billing
208 pharmacy for credit to the division, in accordance with the
209 guidelines of the State Board of Pharmacy and any requirements of
210 federal law and regulation. Drugs shall be dispensed to a
211 recipient and only one (1) dispensing fee per month may be
212 charged. The division shall develop a methodology for reimbursing
213 for restocked drugs, which shall include a restock fee as
214 determined by the division not exceeding Seven Dollars and
215 Eighty-two Cents (\$7.82).

216 Except for those specific maintenance drugs approved by the
217 executive director, the division shall not reimburse for any
218 portion of a prescription that exceeds a thirty-one-day supply of
219 the drug based on the daily dosage.

220 The division is authorized to develop and implement a program
221 of payment for additional pharmacist services as determined by the
222 division.

223 All claims for drugs for dually eligible Medicare/Medicaid
224 beneficiaries that are paid for by Medicare must be submitted to
225 Medicare for payment before they may be processed by the
226 division's online payment system.

227 The division shall develop a pharmacy policy in which drugs
228 in tamper-resistant packaging that are prescribed for a resident
229 of a nursing facility but are not dispensed to the resident shall
230 be returned to the pharmacy and not billed to Medicaid, in
231 accordance with guidelines of the State Board of Pharmacy.

232 The division shall develop and implement a method or methods
233 by which the division will provide on a regular basis to Medicaid
234 providers who are authorized to prescribe drugs, information about
235 the costs to the Medicaid program of single-source drugs and
236 innovator multiple-source drugs, and information about other drugs
237 that may be prescribed as alternatives to those single-source
238 drugs and innovator multiple-source drugs and the costs to the
239 Medicaid program of those alternative drugs.

240 Notwithstanding any law or regulation, information obtained
241 or maintained by the division regarding the prescription drug
242 program, including trade secrets and manufacturer or labeler
243 pricing, is confidential and not subject to disclosure except to
244 other state agencies.

245 The dispensing fee for each new or refill prescription,
246 including nonlegend or over-the-counter drugs covered by the

247 division, shall be not less than Three Dollars and Ninety-one
248 Cents (\$3.91), as determined by the division.

249 The division shall not reimburse for single-source or
250 innovator multiple-source drugs if there are equally effective
251 generic equivalents available and if the generic equivalents are
252 the least expensive.

253 It is the intent of the Legislature that the pharmacists
254 providers be reimbursed for the reasonable costs of filling and
255 dispensing prescriptions for Medicaid beneficiaries.

256 The division shall allow certain drugs, including
257 physician-administered drugs, and implantable drug system devices,
258 and medical supplies, with limited distribution or limited access
259 for beneficiaries and administered in an appropriate clinical
260 setting, to be reimbursed as either a medical claim or pharmacy
261 claim, as determined by the division.

262 It is the intent of the Legislature that the division and any
263 managed care entity described in subsection (H) of this section
264 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to
265 prevent recurrent preterm birth.

266 (10) Dental and orthodontic services to be determined
267 by the division.

268 The division shall increase the amount of the reimbursement
269 rate for diagnostic and preventative dental services for each of
270 the fiscal years 2022, 2023 and 2024 by five percent (5%) above
271 the amount of the reimbursement rate for the previous fiscal year.

272 It is the intent of the Legislature that the reimbursement rate
273 revision for preventative dental services will be an incentive to
274 increase the number of dentists who actively provide Medicaid
275 services. This dental services reimbursement rate revision shall
276 be known as the "James Russell Dumas Medicaid Dental Services
277 Incentive Program."

278 The Medical Care Advisory Committee, assisted by the Division
279 of Medicaid, shall annually determine the effect of this incentive
280 by evaluating the number of dentists who are Medicaid providers,
281 the number who and the degree to which they are actively billing
282 Medicaid, the geographic trends of where dentists are offering
283 what types of Medicaid services and other statistics pertinent to
284 the goals of this legislative intent. This data shall annually be
285 presented to the Chair of the Senate Medicaid Committee and the
286 Chair of the House Medicaid Committee.

287 The division shall include dental services as a necessary
288 component of overall health services provided to children who are
289 eligible for services.

290 (11) Eyeglasses for all Medicaid beneficiaries who have
291 (a) had surgery on the eyeball or ocular muscle that results in a
292 vision change for which eyeglasses or a change in eyeglasses is
293 medically indicated within six (6) months of the surgery and is in
294 accordance with policies established by the division, or (b) one
295 (1) pair every five (5) years and in accordance with policies
296 established by the division. In either instance, the eyeglasses

297 must be prescribed by a physician skilled in diseases of the eye
298 or an optometrist, whichever the beneficiary may select.

299 (12) Intermediate care facility services.

300 (a) The division shall make full payment to all
301 intermediate care facilities for individuals with intellectual
302 disabilities for each day, not exceeding sixty-three (63) days per
303 year, that a patient is absent from the facility on home leave.
304 Payment may be made for the following home leave days in addition
305 to the sixty-three-day limitation: Christmas, the day before
306 Christmas, the day after Christmas, Thanksgiving, the day before
307 Thanksgiving and the day after Thanksgiving.

308 (b) All state-owned intermediate care facilities
309 for individuals with intellectual disabilities shall be reimbursed
310 on a full reasonable cost basis.

311 (c) Effective January 1, 2015, the division shall
312 update the fair rental reimbursement system for intermediate care
313 facilities for individuals with intellectual disabilities.

314 (13) Family planning services, including drugs,
315 supplies and devices, when those services are under the
316 supervision of a physician or nurse practitioner.

317 (14) Clinic services. Preventive, diagnostic,
318 therapeutic, rehabilitative or palliative services that are
319 furnished by a facility that is not part of a hospital but is
320 organized and operated to provide medical care to outpatients.
321 Clinic services include, but are not limited to:

322 (a) Services provided by ambulatory surgical
323 centers (ACSS) as defined in Section 41-75-1(a); and

324 (b) Dialysis center services.

325 (15) Home- and community-based services for the elderly
326 and disabled, as provided under Title XIX of the federal Social
327 Security Act, as amended, under waivers, subject to the
328 availability of funds specifically appropriated for that purpose
329 by the Legislature.

330 (16) Mental health services. Certain services provided
331 by a psychiatrist shall be reimbursed at up to one hundred percent
332 (100%) of the Medicare rate. Approved therapeutic and case
333 management services (a) provided by an approved regional mental
334 health/intellectual disability center established under Sections
335 41-19-31 through 41-19-39, or by another community mental health
336 service provider meeting the requirements of the Department of
337 Mental Health to be an approved mental health/intellectual
338 disability center if determined necessary by the Department of
339 Mental Health, using state funds that are provided in the
340 appropriation to the division to match federal funds, or (b)
341 provided by a facility that is certified by the State Department
342 of Mental Health to provide therapeutic and case management
343 services, to be reimbursed on a fee for service basis, or (c)
344 provided in the community by a facility or program operated by the
345 Department of Mental Health. Any such services provided by a

346 facility described in subparagraph (b) must have the prior
347 approval of the division to be reimbursable under this section.

348 (17) Durable medical equipment services and medical
349 supplies. Precertification of durable medical equipment and
350 medical supplies must be obtained as required by the division.
351 The Division of Medicaid may require durable medical equipment
352 providers to obtain a surety bond in the amount and to the
353 specifications as established by the Balanced Budget Act of 1997.

354 (18) (a) Notwithstanding any other provision of this
355 section to the contrary, as provided in the Medicaid state plan
356 amendment or amendments as defined in Section 43-13-145(10), the
357 division shall make additional reimbursement to hospitals that
358 serve a disproportionate share of low-income patients and that
359 meet the federal requirements for those payments as provided in
360 Section 1923 of the federal Social Security Act and any applicable
361 regulations. It is the intent of the Legislature that the
362 division shall draw down all available federal funds allotted to
363 the state for disproportionate share hospitals. However, from and
364 after January 1, 1999, public hospitals participating in the
365 Medicaid disproportionate share program may be required to
366 participate in an intergovernmental transfer program as provided
367 in Section 1903 of the federal Social Security Act and any
368 applicable regulations.

369 (b) (i) The division may establish a Medicare
370 Upper Payment Limits Program, as defined in Section 1902(a)(30) of

371 the federal Social Security Act and any applicable federal
372 regulations, or an allowable delivery system or provider payment
373 initiative authorized under 42 CFR 438.6(c), for hospitals,
374 nursing facilities, physicians employed or contracted by
375 hospitals, and emergency ambulance transportation providers.

376 (ii) The division shall assess each hospital,
377 nursing facility, and emergency ambulance transportation provider
378 for the sole purpose of financing the state portion of the
379 Medicare Upper Payment Limits Program or other program(s)
380 authorized under this subsection (A) (18) (b). The hospital
381 assessment shall be as provided in Section 43-13-145(4) (a), and
382 the nursing facility and the emergency ambulance transportation
383 assessments, if established, shall be based on Medicaid
384 utilization or other appropriate method, as determined by the
385 division, consistent with federal regulations. The assessments
386 will remain in effect as long as the state participates in the
387 Medicare Upper Payment Limits Program or other program(s)
388 authorized under this subsection (A) (18) (b). In addition to the
389 hospital assessment provided in Section 43-13-145(4) (a), hospitals
390 with physicians participating in the Medicare Upper Payment Limits
391 Program or other program(s) authorized under this subsection
392 (A) (18) (b) shall be required to participate in an
393 intergovernmental transfer or assessment, as determined by the
394 division, for the purpose of financing the state portion of the

395 physician UPL payments or other payment(s) authorized under this
396 subsection (A) (18) (b) .

397 (iii) Subject to approval by the Centers for
398 Medicare and Medicaid Services (CMS) and the provisions of this
399 subsection (A) (18) (b) , the division shall make additional
400 reimbursement to hospitals, nursing facilities, and emergency
401 ambulance transportation providers for the Medicare Upper Payment
402 Limits Program or other program(s) authorized under this
403 subsection (A) (18) (b) , and, if the program is established for
404 physicians, shall make additional reimbursement for physicians, as
405 defined in Section 1902(a) (30) of the federal Social Security Act
406 and any applicable federal regulations, provided the assessment in
407 this subsection (A) (18) (b) is in effect.

408 (iv) Notwithstanding any other provision of
409 this article to the contrary, effective upon implementation of the
410 Mississippi Hospital Access Program (MHAP) provided in
411 subparagraph (c) (i) below, the hospital portion of the inpatient
412 Upper Payment Limits Program shall transition into and be replaced
413 by the MHAP program. However, the division is authorized to
414 develop and implement an alternative fee-for-service Upper Payment
415 Limits model in accordance with federal laws and regulations if
416 necessary to preserve supplemental funding. Further, the
417 division, in consultation with the hospital industry shall develop
418 alternative models for distribution of medical claims and
419 supplemental payments for inpatient and outpatient hospital

420 services, and such models may include, but shall not be limited to
421 the following: increasing rates for inpatient and outpatient
422 services; creating a low-income utilization pool of funds to
423 reimburse hospitals for the costs of uncompensated care, charity
424 care and bad debts as permitted and approved pursuant to federal
425 regulations and the Centers for Medicare and Medicaid Services;
426 supplemental payments based upon Medicaid utilization, quality,
427 service lines and/or costs of providing such services to Medicaid
428 beneficiaries and to uninsured patients. The goals of such
429 payment models shall be to ensure access to inpatient and
430 outpatient care and to maximize any federal funds that are
431 available to reimburse hospitals for services provided. Any such
432 documents required to achieve the goals described in this
433 paragraph shall be submitted to the Centers for Medicare and
434 Medicaid Services, with a proposed effective date of July 1, 2019,
435 to the extent possible, but in no event shall the effective date
436 of such payment models be later than July 1, 2020. The Chairmen
437 of the Senate and House Medicaid Committees shall be provided a
438 copy of the proposed payment model(s) prior to submission.
439 Effective July 1, 2018, and until such time as any payment
440 model(s) as described above become effective, the division, in
441 consultation with the hospital industry, is authorized to
442 implement a transitional program for inpatient and outpatient
443 payments and/or supplemental payments (including, but not limited
444 to, MHAP and directed payments), to redistribute available

445 supplemental funds among hospital providers, provided that when
446 compared to a hospital's prior year supplemental payments,
447 supplemental payments made pursuant to any such transitional
448 program shall not result in a decrease of more than five percent
449 (5%) and shall not increase by more than the amount needed to
450 maximize the distribution of the available funds.

451 (c) (i) Not later than December 1, 2015, the
452 division shall, subject to approval by the Centers for Medicare
453 and Medicaid Services (CMS), establish, implement and operate a
454 Mississippi Hospital Access Program (MHAP) for the purpose of
455 protecting patient access to hospital care through hospital
456 inpatient reimbursement programs provided in this section designed
457 to maintain total hospital reimbursement for inpatient services
458 rendered by in-state hospitals and the out-of-state hospital that
459 is authorized by federal law to submit intergovernmental transfers
460 (IGTs) to the State of Mississippi and is classified as Level I
461 trauma center located in a county contiguous to the state line at
462 the maximum levels permissible under applicable federal statutes
463 and regulations, at which time the current inpatient Medicare
464 Upper Payment Limits (UPL) Program for hospital inpatient services
465 shall transition to the MHAP.

466 (ii) Subject to approval by the Centers for
467 Medicare and Medicaid Services (CMS), the MHAP shall provide
468 increased inpatient capitation (PMPM) payments to managed care
469 entities contracting with the division pursuant to subsection (H)

470 of this section to support availability of hospital services or
471 such other payments permissible under federal law necessary to
472 accomplish the intent of this subsection.

473 (iii) The intent of this subparagraph (c) is
474 that effective for all inpatient hospital Medicaid services during
475 state fiscal year 2016, and so long as this provision shall remain
476 in effect hereafter, the division shall to the fullest extent
477 feasible replace the additional reimbursement for hospital
478 inpatient services under the inpatient Medicare Upper Payment
479 Limits (UPL) Program with additional reimbursement under the MHAP
480 and other payment programs for inpatient and/or outpatient
481 payments which may be developed under the authority of this
482 paragraph.

483 (iv) The division shall assess each hospital
484 as provided in Section 43-13-145(4) (a) for the purpose of
485 financing the state portion of the MHAP, supplemental payments and
486 such other purposes as specified in Section 43-13-145. The
487 assessment will remain in effect as long as the MHAP and
488 supplemental payments are in effect.

489 (19) (a) Perinatal risk management services. The
490 division shall promulgate regulations to be effective from and
491 after October 1, 1988, to establish a comprehensive perinatal
492 system for risk assessment of all pregnant and infant Medicaid
493 recipients and for management, education and follow-up for those
494 who are determined to be at risk. Services to be performed

495 include case management, nutrition assessment/counseling,
496 psychosocial assessment/counseling and health education. The
497 division shall contract with the State Department of Health to
498 provide services within this paragraph (Perinatal High Risk
499 Management/Infant Services System (PHRM/ISS)). The State
500 Department of Health shall be reimbursed on a full reasonable cost
501 basis for services provided under this subparagraph (a).

502 (b) Early intervention system services. The
503 division shall cooperate with the State Department of Health,
504 acting as lead agency, in the development and implementation of a
505 statewide system of delivery of early intervention services, under
506 Part C of the Individuals with Disabilities Education Act (IDEA).
507 The State Department of Health shall certify annually in writing
508 to the executive director of the division the dollar amount of
509 state early intervention funds available that will be utilized as
510 a certified match for Medicaid matching funds. Those funds then
511 shall be used to provide expanded targeted case management
512 services for Medicaid eligible children with special needs who are
513 eligible for the state's early intervention system.

514 Qualifications for persons providing service coordination shall be
515 determined by the State Department of Health and the Division of
516 Medicaid.

517 (20) Home- and community-based services for physically
518 disabled approved services as allowed by a waiver from the United
519 States Department of Health and Human Services for home- and

520 community-based services for physically disabled people using
521 state funds that are provided from the appropriation to the State
522 Department of Rehabilitation Services and used to match federal
523 funds under a cooperative agreement between the division and the
524 department, provided that funds for these services are
525 specifically appropriated to the Department of Rehabilitation
526 Services.

527 (21) Nurse practitioner services. Services furnished
528 by a registered nurse who is licensed and certified by the
529 Mississippi Board of Nursing as a nurse practitioner, including,
530 but not limited to, nurse anesthetists, nurse midwives, family
531 nurse practitioners, family planning nurse practitioners,
532 pediatric nurse practitioners, obstetrics-gynecology nurse
533 practitioners and neonatal nurse practitioners, under regulations
534 adopted by the division. Reimbursement for those services shall
535 not exceed ninety percent (90%) of the reimbursement rate for
536 comparable services rendered by a physician. The division may
537 provide for a reimbursement rate for nurse practitioner services
538 of up to one hundred percent (100%) of the reimbursement rate for
539 comparable services rendered by a physician for nurse practitioner
540 services that are provided after the normal working hours of the
541 nurse practitioner, as determined in accordance with regulations
542 of the division.

543 (22) Ambulatory services delivered in federally
544 qualified health centers, rural health centers and clinics of the

545 local health departments of the State Department of Health for
546 individuals eligible for Medicaid under this article based on
547 reasonable costs as determined by the division. Federally
548 qualified health centers shall be reimbursed by the Medicaid
549 prospective payment system as approved by the Centers for Medicare
550 and Medicaid Services. The division shall recognize federally
551 qualified health centers (FQHCs), rural health clinics (RHCs) and
552 community mental health centers (CMHCs) as both an originating and
553 distant site provider for the purposes of telehealth
554 reimbursement. The division is further authorized and directed to
555 reimburse FQHCs, RHCs and CMHCs for both distant site and
556 originating site services when such services are appropriately
557 provided by the same organization.

558 (23) Inpatient psychiatric services.

559 (a) Inpatient psychiatric services to be
560 determined by the division for recipients under age twenty-one
561 (21) that are provided under the direction of a physician in an
562 inpatient program in a licensed acute care psychiatric facility or
563 in a licensed psychiatric residential treatment facility, before
564 the recipient reaches age twenty-one (21) or, if the recipient was
565 receiving the services immediately before he or she reached age
566 twenty-one (21), before the earlier of the date he or she no
567 longer requires the services or the date he or she reaches age
568 twenty-two (22), as provided by federal regulations. From and
569 after January 1, 2015, the division shall update the fair rental

570 reimbursement system for psychiatric residential treatment
571 facilities. Precertification of inpatient days and residential
572 treatment days must be obtained as required by the division. From
573 and after July 1, 2009, all state-owned and state-operated
574 facilities that provide inpatient psychiatric services to persons
575 under age twenty-one (21) who are eligible for Medicaid
576 reimbursement shall be reimbursed for those services on a full
577 reasonable cost basis.

578 (b) The division may reimburse for services
579 provided by a licensed freestanding psychiatric hospital to
580 Medicaid recipients over the age of twenty-one (21) in a method
581 and manner consistent with the provisions of Section 43-13-117.5.

582 (24) [Deleted]

583 (25) [Deleted]

584 (26) Hospice care. As used in this paragraph, the term
585 "hospice care" means a coordinated program of active professional
586 medical attention within the home and outpatient and inpatient
587 care that treats the terminally ill patient and family as a unit,
588 employing a medically directed interdisciplinary team. The
589 program provides relief of severe pain or other physical symptoms
590 and supportive care to meet the special needs arising out of
591 physical, psychological, spiritual, social and economic stresses
592 that are experienced during the final stages of illness and during
593 dying and bereavement and meets the Medicare requirements for
594 participation as a hospice as provided in federal regulations.

595 (27) Group health plan premiums and cost-sharing if it
596 is cost-effective as defined by the United States Secretary of
597 Health and Human Services.

598 (28) Other health insurance premiums that are
599 cost-effective as defined by the United States Secretary of Health
600 and Human Services. Medicare eligible must have Medicare Part B
601 before other insurance premiums can be paid.

602 (29) The Division of Medicaid may apply for a waiver
603 from the United States Department of Health and Human Services for
604 home- and community-based services for developmentally disabled
605 people using state funds that are provided from the appropriation
606 to the State Department of Mental Health and/or funds transferred
607 to the department by a political subdivision or instrumentality of
608 the state and used to match federal funds under a cooperative
609 agreement between the division and the department, provided that
610 funds for these services are specifically appropriated to the
611 Department of Mental Health and/or transferred to the department
612 by a political subdivision or instrumentality of the state.

613 (30) Pediatric skilled nursing services as determined
614 by the division and in a manner consistent with regulations
615 promulgated by the Mississippi State Department of Health.

616 (31) Targeted case management services for children
617 with special needs, under waivers from the United States
618 Department of Health and Human Services, using state funds that
619 are provided from the appropriation to the Mississippi Department

620 of Human Services and used to match federal funds under a
621 cooperative agreement between the division and the department.

622 (32) Care and services provided in Christian Science
623 Sanatoria listed and certified by the Commission for Accreditation
624 of Christian Science Nursing Organizations/Facilities, Inc.,
625 rendered in connection with treatment by prayer or spiritual means
626 to the extent that those services are subject to reimbursement
627 under Section 1903 of the federal Social Security Act.

628 (33) Podiatrist services.

629 (34) Assisted living services as provided through
630 home- and community-based services under Title XIX of the federal
631 Social Security Act, as amended, subject to the availability of
632 funds specifically appropriated for that purpose by the
633 Legislature.

634 (35) Services and activities authorized in Sections
635 43-27-101 and 43-27-103, using state funds that are provided from
636 the appropriation to the Mississippi Department of Human Services
637 and used to match federal funds under a cooperative agreement
638 between the division and the department.

639 (36) Nonemergency transportation services for
640 Medicaid-eligible persons as determined by the division. The PEER
641 Committee shall conduct a performance evaluation of the
642 nonemergency transportation program to evaluate the administration
643 of the program and the providers of transportation services to
644 determine the most cost-effective ways of providing nonemergency

645 transportation services to the patients served under the program.
646 The performance evaluation shall be completed and provided to the
647 members of the Senate Medicaid Committee and the House Medicaid
648 Committee not later than January 1, 2019, and every two (2) years
649 thereafter.

650 (37) [Deleted]

651 (38) Chiropractic services. A chiropractor's manual
652 manipulation of the spine to correct a subluxation, if x-ray
653 demonstrates that a subluxation exists and if the subluxation has
654 resulted in a neuromusculoskeletal condition for which
655 manipulation is appropriate treatment, and related spinal x-rays
656 performed to document these conditions. Reimbursement for
657 chiropractic services shall not exceed Seven Hundred Dollars
658 (\$700.00) per year per beneficiary.

659 (39) Dually eligible Medicare/Medicaid beneficiaries.
660 The division shall pay the Medicare deductible and coinsurance
661 amounts for services available under Medicare, as determined by
662 the division. From and after July 1, 2009, the division shall
663 reimburse crossover claims for inpatient hospital services and
664 crossover claims covered under Medicare Part B in the same manner
665 that was in effect on January 1, 2008, unless specifically
666 authorized by the Legislature to change this method.

667 (40) [Deleted]

668 (41) Services provided by the State Department of
669 Rehabilitation Services for the care and rehabilitation of persons

670 with spinal cord injuries or traumatic brain injuries, as allowed
671 under waivers from the United States Department of Health and
672 Human Services, using up to seventy-five percent (75%) of the
673 funds that are appropriated to the Department of Rehabilitation
674 Services from the Spinal Cord and Head Injury Trust Fund
675 established under Section 37-33-261 and used to match federal
676 funds under a cooperative agreement between the division and the
677 department.

678 (42) [Deleted]

679 (43) The division shall provide reimbursement,
680 according to a payment schedule developed by the division, for
681 smoking cessation medications for pregnant women during their
682 pregnancy and other Medicaid-eligible women who are of
683 child-bearing age.

684 (44) Nursing facility services for the severely
685 disabled.

686 (a) Severe disabilities include, but are not
687 limited to, spinal cord injuries, closed-head injuries and
688 ventilator-dependent patients.

689 (b) Those services must be provided in a long-term
690 care nursing facility dedicated to the care and treatment of
691 persons with severe disabilities.

692 (45) Physician assistant services. Services furnished
693 by a physician assistant who is licensed by the State Board of
694 Medical Licensure and is practicing with physician supervision

695 under regulations adopted by the board, under regulations adopted
696 by the division. Reimbursement for those services shall not
697 exceed ninety percent (90%) of the reimbursement rate for
698 comparable services rendered by a physician. The division may
699 provide for a reimbursement rate for physician assistant services
700 of up to one hundred percent (100%) or the reimbursement rate for
701 comparable services rendered by a physician for physician
702 assistant services that are provided after the normal working
703 hours of the physician assistant, as determined in accordance with
704 regulations of the division.

705 (46) The division shall make application to the federal
706 Centers for Medicare and Medicaid Services (CMS) for a waiver to
707 develop and provide services for children with serious emotional
708 disturbances as defined in Section 43-14-1(1), which may include
709 home- and community-based services, case management services or
710 managed care services through mental health providers certified by
711 the Department of Mental Health. The division may implement and
712 provide services under this waived program only if funds for
713 these services are specifically appropriated for this purpose by
714 the Legislature, or if funds are voluntarily provided by affected
715 agencies.

716 (47) (a) The division may develop and implement
717 disease management programs for individuals with high-cost chronic
718 diseases and conditions, including the use of grants, waivers,
719 demonstrations or other projects as necessary.

720 (b) Participation in any disease management
721 program implemented under this paragraph (47) is optional with the
722 individual. An individual must affirmatively elect to participate
723 in the disease management program in order to participate, and may
724 elect to discontinue participation in the program at any time.

725 (48) Pediatric long-term acute care hospital services.

726 (a) Pediatric long-term acute care hospital
727 services means services provided to eligible persons under
728 twenty-one (21) years of age by a freestanding Medicare-certified
729 hospital that has an average length of inpatient stay greater than
730 twenty-five (25) days and that is primarily engaged in providing
731 chronic or long-term medical care to persons under twenty-one (21)
732 years of age.

733 (b) The services under this paragraph (48) shall
734 be reimbursed as a separate category of hospital services.

735 (49) The division may establish copayments and/or
736 coinsurance for any Medicaid services for which copayments and/or
737 coinsurance are allowable under federal law or regulation.

738 (50) Services provided by the State Department of
739 Rehabilitation Services for the care and rehabilitation of persons
740 who are deaf and blind, as allowed under waivers from the United
741 States Department of Health and Human Services to provide home-
742 and community-based services using state funds that are provided
743 from the appropriation to the State Department of Rehabilitation
744 Services or if funds are voluntarily provided by another agency.

745 (51) Upon determination of Medicaid eligibility and in
746 association with annual redetermination of Medicaid eligibility,
747 beneficiaries shall be encouraged to undertake a physical
748 examination that will establish a base-line level of health and
749 identification of a usual and customary source of care (a medical
750 home) to aid utilization of disease management tools. This
751 physical examination and utilization of these disease management
752 tools shall be consistent with current United States Preventive
753 Services Task Force or other recognized authority recommendations.

754 For persons who are determined ineligible for Medicaid, the
755 division will provide information and direction for accessing
756 medical care and services in the area of their residence.

757 (52) Notwithstanding any provisions of this article,
758 the division may pay enhanced reimbursement fees related to trauma
759 care, as determined by the division in conjunction with the State
760 Department of Health, using funds appropriated to the State
761 Department of Health for trauma care and services and used to
762 match federal funds under a cooperative agreement between the
763 division and the State Department of Health. The division, in
764 conjunction with the State Department of Health, may use grants,
765 waivers, demonstrations, enhanced reimbursements, Upper Payment
766 Limits Programs, supplemental payments, or other projects as
767 necessary in the development and implementation of this
768 reimbursement program.

769 (53) Targeted case management services for high-cost
770 beneficiaries may be developed by the division for all services
771 under this section.

772 (54) [Deleted]

773 (55) Therapy services. The plan of care for therapy
774 services may be developed to cover a period of treatment for up to
775 six (6) months, but in no event shall the plan of care exceed a
776 six-month period of treatment. The projected period of treatment
777 must be indicated on the initial plan of care and must be updated
778 with each subsequent revised plan of care. Based on medical
779 necessity, the division shall approve certification periods for
780 less than or up to six (6) months, but in no event shall the
781 certification period exceed the period of treatment indicated on
782 the plan of care. The appeal process for any reduction in therapy
783 services shall be consistent with the appeal process in federal
784 regulations.

785 (56) Prescribed pediatric extended care centers
786 services for medically dependent or technologically dependent
787 children with complex medical conditions that require continual
788 care as prescribed by the child's attending physician, as
789 determined by the division.

790 (57) No Medicaid benefit shall restrict coverage for
791 medically appropriate treatment prescribed by a physician and
792 agreed to by a fully informed individual, or if the individual
793 lacks legal capacity to consent by a person who has legal

794 authority to consent on his or her behalf, based on an
795 individual's diagnosis with a terminal condition. As used in this
796 paragraph (57), "terminal condition" means any aggressive
797 malignancy, chronic end-stage cardiovascular or cerebral vascular
798 disease, or any other disease, illness or condition which a
799 physician diagnoses as terminal.

800 (58) Treatment services for persons with opioid
801 dependency or other highly addictive substance use disorders. The
802 division is authorized to reimburse eligible providers for
803 treatment of opioid dependency and other highly addictive
804 substance use disorders, as determined by the division. Treatment
805 related to these conditions shall not count against any physician
806 visit limit imposed under this section.

807 (59) The division shall allow beneficiaries between the
808 ages of ten (10) and eighteen (18) years to receive vaccines
809 through a pharmacy venue. The division and the State Department
810 of Health shall coordinate and notify OB-GYN providers that the
811 Vaccines for Children program is available to providers free of
812 charge.

813 (B) [Deleted]

814 (C) The division may pay to those providers who participate
815 in and accept patient referrals from the division's emergency room
816 redirection program a percentage, as determined by the division,
817 of savings achieved according to the performance measures and
818 reduction of costs required of that program. Federally qualified

819 health centers may participate in the emergency room redirection
820 program, and the division may pay those centers a percentage of
821 any savings to the Medicaid program achieved by the centers'
822 accepting patient referrals through the program, as provided in
823 this subsection (C).

824 (D) (1) * * * As used in this subsection, the following
825 terms shall be defined as provided in this paragraph, except as
826 otherwise provided in this subsection:

827 (a) "Committees" means the Medicaid Committees and
828 the Appropriations Committees of the House of Representatives and
829 the Senate. As used in paragraphs (3) and (4) of this subsection,
830 the term "committees" means one (1) of the committees or two (2)
831 or more of the committees jointly.

832 (b) "Rate change" means an increase, decrease or
833 other change to the payments, payment methodologies or rates of
834 reimbursement to any Medicaid providers that render any services
835 authorized to be provided to Medicaid recipients under this
836 article.

837 (2) * * * Whenever the Division of Medicaid proposes a
838 rate change, the division shall give notice to the chairmen and
839 other members of the committees at least thirty (30) calendar days
840 before the proposed rate change is scheduled to take effect. The
841 division shall furnish each member of the committees with a copy
842 and summary of each proposed rate change along with the notice.
843 The division also shall provide a copy and summary of each

844 proposed rate change to any other member of the Legislature upon
845 request.

846 (3) (a) The committees may hold meetings to review a
847 proposed rate change. If the committees decide to hold meetings,
848 they shall notify the division of their intention in writing
849 within seven (7) calendar days after receipt of the notice from
850 the division under paragraph (2) of this subsection, and shall set
851 the dates and times for the meetings in the notice to the
852 division, which shall not be later than fourteen (14) calendar
853 days after receipt of the notice from the division. The
854 committees may hold public hearings on any proposed rate change as
855 part of their meetings.

856 (b) After the committees have held their meetings,
857 the committees may object to the proposed rate change or any part
858 thereof. The committees shall notify the division of any
859 objection and shall provide the division with the reasons for
860 their objection in writing not later than seven (7) calendar days
861 after the meeting. The committees may make written
862 recommendations to the division for suggested changes to be made
863 to a proposed rate change.

864 (c) If the committees do not hold meetings to
865 review a proposed rate change, the proposed rate change will take
866 effect on the date as scheduled by the division.

867 (4) (a) If there are any objections to a proposed rate
868 change or any part thereof from the committees, the division may

869 withdraw the proposed rate change, make any of the suggested
870 changes to the proposed rate change that are recommended by the
871 committees, or not make any changes to the proposed rate change.

872 (b) If the division does not make any changes to
873 the proposed rate change, it shall notify the members of the
874 committees of that fact in writing, and the proposed rate change
875 shall take effect on the original date as scheduled by the
876 division, or on such later date as specified by the division.

877 (c) If the division makes any changes to the
878 proposed rate change, the division shall notify the committees of
879 its actions in writing, and the revised proposed rate change shall
880 take effect on the date as specified by the division.

881 (5) Nothing in this subsection (D) shall be construed
882 as giving the committees any authority to veto, nullify or revise
883 any rate change proposed by the division. The authority of the
884 committees under this subsection shall be limited to reviewing,
885 making objections to and making recommendations for suggested
886 changes to rate changes proposed by the division.

887 (E) Notwithstanding any provision of this article, no new
888 groups or categories of recipients and new types of care and
889 services may be added without enabling legislation from the
890 Mississippi Legislature, except that the division may authorize
891 those changes without enabling legislation when the addition of
892 recipients or services is ordered by a court of proper authority.

893 (F) The executive director shall keep the Governor advised
894 on a timely basis of the funds available for expenditure and the
895 projected expenditures. Notwithstanding any other provisions of
896 this article, if current or projected expenditures of the division
897 are reasonably anticipated to exceed the amount of funds
898 appropriated to the division for any fiscal year, the Governor,
899 after consultation with the executive director, shall take all
900 appropriate measures to reduce costs, which may include, but are
901 not limited to:

902 (1) Reducing or discontinuing any or all services that
903 are deemed to be optional under Title XIX of the Social Security
904 Act;

905 (2) Reducing reimbursement rates for any or all service
906 types;

907 (3) Imposing additional assessments on health care
908 providers; or

909 (4) Any additional cost-containment measures deemed
910 appropriate by the Governor.

911 To the extent allowed under federal law, any reduction to
912 services or reimbursement rates under this subsection (F) shall be
913 accompanied by a reduction, to the fullest allowable amount, to
914 the profit margin and administrative fee portions of capitated
915 payments to organizations described in paragraph (1) of subsection
916 (H).

917 Beginning in fiscal year 2010 and in fiscal years thereafter,
918 when Medicaid expenditures are projected to exceed funds available
919 for the fiscal year, the division shall submit the expected
920 shortfall information to the PEER Committee not later than
921 December 1 of the year in which the shortfall is projected to
922 occur. PEER shall review the computations of the division and
923 report its findings to the Legislative Budget Office not later
924 than January 7 in any year.

925 (G) Notwithstanding any other provision of this article, it
926 shall be the duty of each provider participating in the Medicaid
927 program to keep and maintain books, documents and other records as
928 prescribed by the Division of Medicaid in accordance with federal
929 laws and regulations.

930 (H) (1) Notwithstanding any other provision of this
931 article, the division is authorized to implement (a) a managed
932 care program, (b) a coordinated care program, (c) a coordinated
933 care organization program, (d) a health maintenance organization
934 program, (e) a patient-centered medical home program, (f) an
935 accountable care organization program, (g) provider-sponsored
936 health plan, or (h) any combination of the above programs. As a
937 condition for the approval of any program under this subsection
938 (H) (1), the division shall require that no managed care program,
939 coordinated care program, coordinated care organization program,
940 health maintenance organization program, or provider-sponsored
941 health plan may:

942 (a) Pay providers at a rate that is less than the
943 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)
944 reimbursement rate;

945 (b) Override the medical decisions of hospital
946 physicians or staff regarding patients admitted to a hospital for
947 an emergency medical condition as defined by 42 US Code Section
948 1395dd. This restriction (b) does not prohibit the retrospective
949 review of the appropriateness of the determination that an
950 emergency medical condition exists by chart review or coding
951 algorithm, nor does it prohibit prior authorization for
952 nonemergency hospital admissions;

953 (c) Pay providers at a rate that is less than the
954 normal Medicaid reimbursement rate. It is the intent of the
955 Legislature that all managed care entities described in this
956 subsection (H), in collaboration with the division, develop and
957 implement innovative payment models that incentivize improvements
958 in health care quality, outcomes, or value, as determined by the
959 division. Participation in the provider network of any managed
960 care, coordinated care, provider-sponsored health plan, or similar
961 contractor shall not be conditioned on the provider's agreement to
962 accept such alternative payment models;

963 (d) Implement a prior authorization and
964 utilization review program for medical services, transportation
965 services and prescription drugs that is more stringent than the
966 prior authorization processes used by the division in its

967 administration of the Medicaid program. Not later than December
968 2, 2021, the contractors that are receiving capitated payments
969 under a managed care delivery system established under this
970 subsection (H) shall submit a report to the Chairmen of the House
971 and Senate Medicaid Committees on the status of the prior
972 authorization and utilization review program for medical services,
973 transportation services and prescription drugs that is required to
974 be implemented under this subparagraph (d);

975 (e) [Deleted]

976 (f) Implement a preferred drug list that is more
977 stringent than the mandatory preferred drug list established by
978 the division under subsection (A) (9) of this section;

979 (g) Implement a policy which denies beneficiaries
980 with hemophilia access to the federally funded hemophilia
981 treatment centers as part of the Medicaid Managed Care network of
982 providers.

983 Each health maintenance organization, coordinated care
984 organization, provider-sponsored health plan, or other
985 organization paid for services on a capitated basis by the
986 division under any managed care program or coordinated care
987 program implemented by the division under this section shall use a
988 clear set of level of care guidelines in the determination of
989 medical necessity and in all utilization management practices,
990 including the prior authorization process, concurrent reviews,
991 retrospective reviews and payments, that are consistent with

992 widely accepted professional standards of care. Organizations
993 participating in a managed care program or coordinated care
994 program implemented by the division may not use any additional
995 criteria that would result in denial of care that would be
996 determined appropriate and, therefore, medically necessary under
997 those levels of care guidelines.

998 (2) Notwithstanding any provision of this section, the
999 recipients eligible for enrollment into a Medicaid Managed Care
1000 Program authorized under this subsection (H) may include only
1001 those categories of recipients eligible for participation in the
1002 Medicaid Managed Care Program as of January 1, 2021, the
1003 Children's Health Insurance Program (CHIP), and the CMS-approved
1004 Section 1115 demonstration waivers in operation as of January 1,
1005 2021. No expansion of Medicaid Managed Care Program contracts may
1006 be implemented by the division without enabling legislation from
1007 the Mississippi Legislature.

1008 (3) (a) Any contractors receiving capitated payments
1009 under a managed care delivery system established in this section
1010 shall provide to the Legislature and the division statistical data
1011 to be shared with provider groups in order to improve patient
1012 access, appropriate utilization, cost savings and health outcomes
1013 not later than October 1 of each year. Additionally, each
1014 contractor shall disclose to the Chairmen of the Senate and House
1015 Medicaid Committees the administrative expenses costs for the
1016 prior calendar year, and the number of full-equivalent employees

1017 located in the State of Mississippi dedicated to the Medicaid and
1018 CHIP lines of business as of June 30 of the current year.

1019 (b) The division and the contractors participating
1020 in the managed care program, a coordinated care program or a
1021 provider-sponsored health plan shall be subject to annual program
1022 reviews or audits performed by the Office of the State Auditor,
1023 the PEER Committee, the Department of Insurance and/or independent
1024 third parties.

1025 (c) Those reviews shall include, but not be
1026 limited to, at least two (2) of the following items:

1027 (i) The financial benefit to the State of
1028 Mississippi of the managed care program,

1029 (ii) The difference between the premiums paid
1030 to the managed care contractors and the payments made by those
1031 contractors to health care providers,

1032 (iii) Compliance with performance measures
1033 required under the contracts,

1034 (iv) Administrative expense allocation
1035 methodologies,

1036 (v) Whether nonprovider payments assigned as
1037 medical expenses are appropriate,

1038 (vi) Capitated arrangements with related
1039 party subcontractors,

1040 (vii) Reasonableness of corporate
1041 allocations,

1042 (viii) Value-added benefits and the extent to
1043 which they are used,
1044 (ix) The effectiveness of subcontractor
1045 oversight, including subcontractor review,
1046 (x) Whether health care outcomes have been
1047 improved, and
1048 (xi) The most common claim denial codes to
1049 determine the reasons for the denials.

1050 The audit reports shall be considered public documents and
1051 shall be posted in their entirety on the division's website.

1052 (4) All health maintenance organizations, coordinated
1053 care organizations, provider-sponsored health plans, or other
1054 organizations paid for services on a capitated basis by the
1055 division under any managed care program or coordinated care
1056 program implemented by the division under this section shall
1057 reimburse all providers in those organizations at rates no lower
1058 than those provided under this section for beneficiaries who are
1059 not participating in those programs.

1060 (5) No health maintenance organization, coordinated
1061 care organization, provider-sponsored health plan, or other
1062 organization paid for services on a capitated basis by the
1063 division under any managed care program or coordinated care
1064 program implemented by the division under this section shall
1065 require its providers or beneficiaries to use any pharmacy that

1066 ships, mails or delivers prescription drugs or legend drugs or
1067 devices.

1068 (6) (a) Not later than December 1, 2021, the
1069 contractors who are receiving capitated payments under a managed
1070 care delivery system established under this subsection (H) shall
1071 develop and implement a uniform credentialing process for
1072 providers. Under that uniform credentialing process, a provider
1073 who meets the criteria for credentialing will be credentialed with
1074 all of those contractors and no such provider will have to be
1075 separately credentialed by any individual contractor in order to
1076 receive reimbursement from the contractor. Not later than
1077 December 2, 2021, those contractors shall submit a report to the
1078 Chairmen of the House and Senate Medicaid Committees on the status
1079 of the uniform credentialing process for providers that is
1080 required under this subparagraph (a).

1081 (b) If those contractors have not implemented a
1082 uniform credentialing process as described in subparagraph (a) by
1083 December 1, 2021, the division shall develop and implement, not
1084 later than July 1, 2022, a single, consolidated credentialing
1085 process by which all providers will be credentialed. Under the
1086 division's single, consolidated credentialing process, no such
1087 contractor shall require its providers to be separately
1088 credentialed by the contractor in order to receive reimbursement
1089 from the contractor, but those contractors shall recognize the

1090 credentialing of the providers by the division's credentialing
1091 process.

1092 (c) The division shall require a uniform provider
1093 credentialing application that shall be used in the credentialing
1094 process that is established under subparagraph (a) or (b). If the
1095 contractor or division, as applicable, has not approved or denied
1096 the provider credentialing application within sixty (60) days of
1097 receipt of the completed application that includes all required
1098 information necessary for credentialing, then the contractor or
1099 division, upon receipt of a written request from the applicant and
1100 within five (5) business days of its receipt, shall issue a
1101 temporary provider credential/enrollment to the applicant if the
1102 applicant has a valid Mississippi professional or occupational
1103 license to provide the health care services to which the
1104 credential/enrollment would apply. The contractor or the division
1105 shall not issue a temporary credential/enrollment if the applicant
1106 has reported on the application a history of medical or other
1107 professional or occupational malpractice claims, a history of
1108 substance abuse or mental health issues, a criminal record, or a
1109 history of medical or other licensing board, state or federal
1110 disciplinary action, including any suspension from participation
1111 in a federal or state program. The temporary
1112 credential/enrollment shall be effective upon issuance and shall
1113 remain in effect until the provider's credentialing/enrollment
1114 application is approved or denied by the contractor or division.

1115 The contractor or division shall render a final decision regarding
1116 credentialing/enrollment of the provider within sixty (60) days
1117 from the date that the temporary provider credential/enrollment is
1118 issued to the applicant.

1119 (d) If the contractor or division does not render
1120 a final decision regarding credentialing/enrollment of the
1121 provider within the time required in subparagraph (c), the
1122 provider shall be deemed to be credentialed by and enrolled with
1123 all of the contractors and eligible to receive reimbursement from
1124 the contractors.

1125 (7) (a) Each contractor that is receiving capitated
1126 payments under a managed care delivery system established under
1127 this subsection (H) shall provide to each provider for whom the
1128 contractor has denied the coverage of a procedure that was ordered
1129 or requested by the provider for or on behalf of a patient, a
1130 letter that provides a detailed explanation of the reasons for the
1131 denial of coverage of the procedure and the name and the
1132 credentials of the person who denied the coverage. The letter
1133 shall be sent to the provider in electronic format.

1134 (b) After a contractor that is receiving capitated
1135 payments under a managed care delivery system established under
1136 this subsection (H) has denied coverage for a claim submitted by a
1137 provider, the contractor shall issue to the provider within sixty
1138 (60) days a final ruling of denial of the claim that allows the
1139 provider to have a state fair hearing and/or agency appeal with

1140 the division. If a contractor does not issue a final ruling of
1141 denial within sixty (60) days as required by this subparagraph
1142 (b), the provider's claim shall be deemed to be automatically
1143 approved and the contractor shall pay the amount of the claim to
1144 the provider.

1145 (c) After a contractor has issued a final ruling
1146 of denial of a claim submitted by a provider, the division shall
1147 conduct a state fair hearing and/or agency appeal on the matter of
1148 the disputed claim between the contractor and the provider within
1149 sixty (60) days, and shall render a decision on the matter within
1150 thirty (30) days after the date of the hearing and/or appeal.

1151 (8) It is the intention of the Legislature that the
1152 division evaluate the feasibility of using a single vendor to
1153 administer pharmacy benefits provided under a managed care
1154 delivery system established under this subsection (H). Providers
1155 of pharmacy benefits shall cooperate with the division in any
1156 transition to a carve-out of pharmacy benefits under managed care.

1157 (9) It is the intention of the Legislature that the
1158 division evaluate the feasibility of using a single vendor to
1159 administer dental benefits provided under a managed care delivery
1160 system established in this subsection (H). Providers of dental
1161 benefits shall cooperate with the division in any transition to a
1162 carve-out of dental benefits under managed care.

1163 (10) It is the intent of the Legislature that any
1164 contractor receiving capitated payments under a managed care

1165 delivery system established in this section shall implement
1166 innovative programs to improve the health and well-being of
1167 members diagnosed with prediabetes and diabetes.

1168 (11) It is the intent of the Legislature that any
1169 contractors receiving capitated payments under a managed care
1170 delivery system established under this subsection (H) shall work
1171 with providers of Medicaid services to improve the utilization of
1172 long-acting reversible contraceptives (LARCs). Not later than
1173 December 1, 2021, any contractors receiving capitated payments
1174 under a managed care delivery system established under this
1175 subsection (H) shall provide to the Chairmen of the House and
1176 Senate Medicaid Committees and House and Senate Public Health
1177 Committees a report of LARC utilization for State Fiscal Years
1178 2018 through 2020 as well as any programs, initiatives, or efforts
1179 made by the contractors and providers to increase LARC
1180 utilization. This report shall be updated annually to include
1181 information for subsequent state fiscal years.

1182 (12) The division is authorized to make not more than
1183 one (1) emergency extension of the contracts that are in effect on
1184 July 1, 2021, with contractors who are receiving capitated
1185 payments under a managed care delivery system established under
1186 this subsection (H), as provided in this paragraph (12). The
1187 maximum period of any such extension shall be one (1) year, and
1188 under any such extensions, the contractors shall be subject to all
1189 of the provisions of this subsection (H). The extended contracts

1190 shall be revised to incorporate any provisions of this subsection
1191 (H).

1192 (13) Notwithstanding any other provision of law to the
1193 contrary, the Division of Medicaid shall not execute a contract or
1194 make capitated payments for services provided under this
1195 subsection (H) with any entity which has executed a settlement
1196 agreement with the State of Mississippi or any other state to
1197 repay over Fifty Million Dollars (\$50,000,000.00) related to
1198 allegations of fraud, waste, abuse or overpayments in the state's
1199 Medicaid program.

1200 (14) In addition to the managed care entities with
1201 which the division has contracted as of January 1, 2022, to
1202 provide Medicaid services on a capitated basis under a managed
1203 care program or coordinated care program implemented by the
1204 division under this subsection (H), the division shall select a
1205 Mississippi nonprofit corporation to provide Medicaid services on
1206 a capitated basis under this subsection (H).

1207 (I) [Deleted]

1208 (J) There shall be no cuts in inpatient and outpatient
1209 hospital payments, or allowable days or volumes, as long as the
1210 hospital assessment provided in Section 43-13-145 is in effect.
1211 This subsection (J) shall not apply to decreases in payments that
1212 are a result of: reduced hospital admissions, audits or payments
1213 under the APR-DRG or APC models, or a managed care program or
1214 similar model described in subsection (H) of this section.

1215 (K) In the negotiation and execution of such contracts
1216 involving services performed by actuarial firms, the Executive
1217 Director of the Division of Medicaid may negotiate a limitation on
1218 liability to the state of prospective contractors.

1219 (L) This section shall stand repealed on July 1, 2024.

1220 **SECTION 2.** This act shall take effect and be in force from
1221 and after its passage.
