313 **SECTION 2.** Section 43-13-117, Mississippi Code of 1972, is
314 amended as follows:

315 43-13-117. (A) Medicaid as authorized by this article shall
316 include payment of part or all of the costs, at the discretion of
317 the division, with approval of the Governor and the Centers for

318 Medicare and Medicaid Services, of the following types of care and
319 services rendered to eligible applicants who have been determined
320 to be eligible for that care and services, within the limits of
321 state appropriations and federal matching funds:

322 (1) Inpatient hospital services.

323 (a) The division is authorized to implement an All
324 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement
325 methodology for inpatient hospital services.

326 (b) No service benefits or reimbursement
327 limitations in this subsection (A)(1) shall apply to payments
328 under an APR-DRG or Ambulatory Payment Classification (APC) model
329 or a managed care program or similar model described in subsection
330 (H) of this section unless specifically authorized by the
331 division.

332 (2) Outpatient hospital services.

333 (a) Emergency services.

334 (b) Other outpatient hospital services. The
335 division shall allow benefits for other medically necessary
336 outpatient hospital services (such as chemotherapy, radiation,
337 surgery and therapy), including outpatient services in a clinic or
338 other facility that is not located inside the hospital, but that
339 has been designated as an outpatient facility by the hospital, and
340 that was in operation or under construction on July 1, 2009,
341 provided that the costs and charges associated with the operation
342 of the hospital clinic are included in the hospital's cost report.

343 In addition, the Medicare thirty-five-mile rule will apply to
344 those hospital clinics not located inside the hospital that are
345 constructed after July 1, 2009. Where the same services are
346 reimbursed as clinic services, the division may revise the rate or
347 methodology of outpatient reimbursement to maintain consistency,
348 efficiency, economy and quality of care.

349 (c) The division is authorized to implement an
350 Ambulatory Payment Classification (APC) methodology for outpatient
351 hospital services. The division shall give rural hospitals that
352 have fifty (50) or fewer licensed beds the option to not be
353 reimbursed for outpatient hospital services using the APC
354 methodology, but reimbursement for outpatient hospital services
355 provided by those hospitals shall be based on one hundred one
356 percent (101%) of the rate established under Medicare for
357 outpatient hospital services. Those hospitals choosing to not be
358 reimbursed under the APC methodology shall remain under cost-based
359 reimbursement for a two-year period.

360 (d) No service benefits or reimbursement
361 limitations in this subsection (A) (2) shall apply to payments
362 under an APR-DRG or APC model or a managed care program or similar
363 model described in subsection (H) of this section unless
364 specifically authorized by the division.

365 (3) Laboratory and x-ray services.

366 (4) Nursing facility services.

367 (a) The division shall make full payment to
368 nursing facilities for each day, not exceeding forty-two (42) days
369 per year, that a patient is absent from the facility on home
370 leave. Payment may be made for the following home leave days in
371 addition to the forty-two-day limitation: Christmas, the day
372 before Christmas, the day after Christmas, Thanksgiving, the day
373 before Thanksgiving and the day after Thanksgiving.

374 (b) From and after July 1, 1997, the division
375 shall implement the integrated case-mix payment and quality
376 monitoring system, which includes the fair rental system for
377 property costs and in which recapture of depreciation is
378 eliminated. The division may reduce the payment for hospital
379 leave and therapeutic home leave days to the lower of the case-mix
380 category as computed for the resident on leave using the
381 assessment being utilized for payment at that point in time, or a
382 case-mix score of 1.000 for nursing facilities, and shall compute
383 case-mix scores of residents so that only services provided at the
384 nursing facility are considered in calculating a facility's per
385 diem.

386 (c) From and after July 1, 1997, all state-owned
387 nursing facilities shall be reimbursed on a full reasonable cost
388 basis.

389 (d) On or after January 1, 2015, the division
390 shall update the case-mix payment system resource utilization
391 grouper and classifications and fair rental reimbursement system.

392 The division shall develop and implement a payment add-on to
393 reimburse nursing facilities for ventilator-dependent resident
394 services.

395 (e) The division shall develop and implement, not
396 later than January 1, 2001, a case-mix payment add-on determined
397 by time studies and other valid statistical data that will
398 reimburse a nursing facility for the additional cost of caring for
399 a resident who has a diagnosis of Alzheimer's or other related
400 dementia and exhibits symptoms that require special care. Any
401 such case-mix add-on payment shall be supported by a determination
402 of additional cost. The division shall also develop and implement
403 as part of the fair rental reimbursement system for nursing
404 facility beds, an Alzheimer's resident bed depreciation enhanced
405 reimbursement system that will provide an incentive to encourage
406 nursing facilities to convert or construct beds for residents with
407 Alzheimer's or other related dementia.

408 (f) The division shall develop and implement an
409 assessment process for long-term care services. The division may
410 provide the assessment and related functions directly or through
411 contract with the area agencies on aging.

412 The division shall apply for necessary federal waivers to
413 assure that additional services providing alternatives to nursing
414 facility care are made available to applicants for nursing
415 facility care.

416 (5) Periodic screening and diagnostic services for
417 individuals under age twenty-one (21) years as are needed to
418 identify physical and mental defects and to provide health care
419 treatment and other measures designed to correct or ameliorate
420 defects and physical and mental illness and conditions discovered
421 by the screening services, regardless of whether these services
422 are included in the state plan. The division may include in its
423 periodic screening and diagnostic program those discretionary
424 services authorized under the federal regulations adopted to
425 implement Title XIX of the federal Social Security Act, as
426 amended. The division, in obtaining physical therapy services,
427 occupational therapy services, and services for individuals with
428 speech, hearing and language disorders, may enter into a
429 cooperative agreement with the State Department of Education for
430 the provision of those services to handicapped students by public
431 school districts using state funds that are provided from the
432 appropriation to the Department of Education to obtain federal
433 matching funds through the division. The division, in obtaining
434 medical and mental health assessments, treatment, care and
435 services for children who are in, or at risk of being put in, the
436 custody of the Mississippi Department of Human Services may enter
437 into a cooperative agreement with the Mississippi Department of
438 Human Services for the provision of those services using state
439 funds that are provided from the appropriation to the Department

440 of Human Services to obtain federal matching funds through the
441 division.

442 (6) Physician services. Fees for physician's services
443 that are covered only by Medicaid shall be reimbursed at ninety
444 percent (90%) of the rate established on January 1, 2018, and as
445 may be adjusted each July thereafter, under Medicare. The
446 division may provide for a reimbursement rate for physician's
447 services of up to one hundred percent (100%) of the rate
448 established under Medicare for physician's services that are
449 provided after the normal working hours of the physician, as
450 determined in accordance with regulations of the division. The
451 division may reimburse eligible providers, as determined by the
452 division, for certain primary care services at one hundred percent
453 (100%) of the rate established under Medicare. The division shall
454 reimburse obstetricians and gynecologists for certain primary care
455 services as defined by the division at one hundred percent (100%)
456 of the rate established under Medicare.

457 (7) (a) Home health services for eligible persons, not
458 to exceed in cost the prevailing cost of nursing facility
459 services. All home health visits must be precertified as required
460 by the division. In addition to physicians, certified registered
461 nurse practitioners, physician assistants and clinical nurse
462 specialists are authorized to prescribe or order home health
463 services and plans of care, sign home health plans of care,
464 certify and recertify eligibility for home health services and

465 conduct the required initial face-to-face visit with the recipient
466 of the services.

467 (b) [Repealed]

468 (8) Emergency medical transportation services as
469 determined by the division.

470 (9) Prescription drugs and other covered drugs and
471 services as determined by the division.

472 The division shall establish a mandatory preferred drug list.
473 Drugs not on the mandatory preferred drug list shall be made
474 available by utilizing prior authorization procedures established
475 by the division.

476 The division may seek to establish relationships with other
477 states in order to lower acquisition costs of prescription drugs
478 to include single-source and innovator multiple-source drugs or
479 generic drugs. In addition, if allowed by federal law or
480 regulation, the division may seek to establish relationships with
481 and negotiate with other countries to facilitate the acquisition
482 of prescription drugs to include single-source and innovator
483 multiple-source drugs or generic drugs, if that will lower the
484 acquisition costs of those prescription drugs.

485 The division may allow for a combination of prescriptions for
486 single-source and innovator multiple-source drugs and generic
487 drugs to meet the needs of the beneficiaries.

488 The executive director may approve specific maintenance drugs
489 for beneficiaries with certain medical conditions, which may be
490 prescribed and dispensed in three-month supply increments.

491 Drugs prescribed for a resident of a psychiatric residential
492 treatment facility must be provided in true unit doses when
493 available. The division may require that drugs not covered by
494 Medicare Part D for a resident of a long-term care facility be
495 provided in true unit doses when available. Those drugs that were
496 originally billed to the division but are not used by a resident
497 in any of those facilities shall be returned to the billing
498 pharmacy for credit to the division, in accordance with the
499 guidelines of the State Board of Pharmacy and any requirements of
500 federal law and regulation. Drugs shall be dispensed to a
501 recipient and only one (1) dispensing fee per month may be
502 charged. The division shall develop a methodology for reimbursing
503 for restocked drugs, which shall include a restock fee as
504 determined by the division not exceeding Seven Dollars and
505 Eighty-two Cents (\$7.82).

506 Except for those specific maintenance drugs approved by the
507 executive director, the division shall not reimburse for any
508 portion of a prescription that exceeds a thirty-one-day supply of
509 the drug based on the daily dosage.

510 The division is authorized to develop and implement a program
511 of payment for additional pharmacist services as determined by the
512 division.

513 All claims for drugs for dually eligible Medicare/Medicaid
514 beneficiaries that are paid for by Medicare must be submitted to
515 Medicare for payment before they may be processed by the
516 division's online payment system.

517 The division shall develop a pharmacy policy in which drugs
518 in tamper-resistant packaging that are prescribed for a resident
519 of a nursing facility but are not dispensed to the resident shall
520 be returned to the pharmacy and not billed to Medicaid, in
521 accordance with guidelines of the State Board of Pharmacy.

522 The division shall develop and implement a method or methods
523 by which the division will provide on a regular basis to Medicaid
524 providers who are authorized to prescribe drugs, information about
525 the costs to the Medicaid program of single-source drugs and
526 innovator multiple-source drugs, and information about other drugs
527 that may be prescribed as alternatives to those single-source
528 drugs and innovator multiple-source drugs and the costs to the
529 Medicaid program of those alternative drugs.

530 Notwithstanding any law or regulation, information obtained
531 or maintained by the division regarding the prescription drug
532 program, including trade secrets and manufacturer or labeler
533 pricing, is confidential and not subject to disclosure except to
534 other state agencies.

535 The dispensing fee for each new or refill prescription,
536 including nonlegend or over-the-counter drugs covered by the

537 division, shall be not less than Three Dollars and Ninety-one
538 Cents (\$3.91), as determined by the division.

539 The division shall not reimburse for single-source or
540 innovator multiple-source drugs if there are equally effective
541 generic equivalents available and if the generic equivalents are
542 the least expensive.

543 It is the intent of the Legislature that the pharmacists
544 providers be reimbursed for the reasonable costs of filling and
545 dispensing prescriptions for Medicaid beneficiaries.

546 The division shall allow certain drugs, including
547 physician-administered drugs, and implantable drug system devices,
548 and medical supplies, with limited distribution or limited access
549 for beneficiaries and administered in an appropriate clinical
550 setting, to be reimbursed as either a medical claim or pharmacy
551 claim, as determined by the division.

552 It is the intent of the Legislature that the division and any
553 managed care entity described in subsection (H) of this section
554 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to
555 prevent recurrent preterm birth.

556 (10) Dental and orthodontic services to be determined
557 by the division.

558 The division shall increase the amount of the reimbursement
559 rate for diagnostic and preventative dental services for each of
560 the fiscal years 2022, 2023 and 2024 by five percent (5%) above
561 the amount of the reimbursement rate for the previous fiscal year.

562 It is the intent of the Legislature that the reimbursement rate
563 revision for preventative dental services will be an incentive to
564 increase the number of dentists who actively provide Medicaid
565 services. This dental services reimbursement rate revision shall
566 be known as the "James Russell Dumas Medicaid Dental Services
567 Incentive Program."

568 The Medical Care Advisory Committee, assisted by the Division
569 of Medicaid, shall annually determine the effect of this incentive
570 by evaluating the number of dentists who are Medicaid providers,
571 the number who and the degree to which they are actively billing
572 Medicaid, the geographic trends of where dentists are offering
573 what types of Medicaid services and other statistics pertinent to
574 the goals of this legislative intent. This data shall annually be
575 presented to the Chair of the Senate Medicaid Committee and the
576 Chair of the House Medicaid Committee.

577 The division shall include dental services as a necessary
578 component of overall health services provided to children who are
579 eligible for services.

580 (11) Eyeglasses for all Medicaid beneficiaries who have
581 (a) had surgery on the eyeball or ocular muscle that results in a
582 vision change for which eyeglasses or a change in eyeglasses is
583 medically indicated within six (6) months of the surgery and is in
584 accordance with policies established by the division, or (b) one
585 (1) pair every five (5) years and in accordance with policies
586 established by the division. In either instance, the eyeglasses

587 must be prescribed by a physician skilled in diseases of the eye
588 or an optometrist, whichever the beneficiary may select.

589 (12) Intermediate care facility services.

590 (a) The division shall make full payment to all
591 intermediate care facilities for individuals with intellectual
592 disabilities for each day, not exceeding sixty-three (63) days per
593 year, that a patient is absent from the facility on home leave.
594 Payment may be made for the following home leave days in addition
595 to the sixty-three-day limitation: Christmas, the day before
596 Christmas, the day after Christmas, Thanksgiving, the day before
597 Thanksgiving and the day after Thanksgiving.

598 (b) All state-owned intermediate care facilities
599 for individuals with intellectual disabilities shall be reimbursed
600 on a full reasonable cost basis.

601 (c) Effective January 1, 2015, the division shall
602 update the fair rental reimbursement system for intermediate care
603 facilities for individuals with intellectual disabilities.

604 (13) Family planning services, including drugs,
605 supplies and devices, when those services are under the
606 supervision of a physician or nurse practitioner.

607 (14) Clinic services. Preventive, diagnostic,
608 therapeutic, rehabilitative or palliative services that are
609 furnished by a facility that is not part of a hospital but is
610 organized and operated to provide medical care to outpatients.
611 Clinic services include, but are not limited to:

612 (a) Services provided by ambulatory surgical
613 centers (ACSS) as defined in Section 41-75-1(a); and

614 (b) Dialysis center services.

615 (15) Home- and community-based services for the elderly
616 and disabled, as provided under Title XIX of the federal Social
617 Security Act, as amended, under waivers, subject to the
618 availability of funds specifically appropriated for that purpose
619 by the Legislature.

620 (16) Mental health services. Certain services provided
621 by a psychiatrist shall be reimbursed at up to one hundred percent
622 (100%) of the Medicare rate. Approved therapeutic and case
623 management services (a) provided by an approved regional mental
624 health/intellectual disability center established under Sections
625 41-19-31 through 41-19-39, or by another community mental health
626 service provider meeting the requirements of the Department of
627 Mental Health to be an approved mental health/intellectual
628 disability center if determined necessary by the Department of
629 Mental Health, using state funds that are provided in the
630 appropriation to the division to match federal funds, or (b)
631 provided by a facility that is certified by the State Department
632 of Mental Health to provide therapeutic and case management
633 services, to be reimbursed on a fee for service basis, or (c)
634 provided in the community by a facility or program operated by the
635 Department of Mental Health. Any such services provided by a

636 facility described in subparagraph (b) must have the prior
637 approval of the division to be reimbursable under this section.

638 (17) Durable medical equipment services and medical
639 supplies. Precertification of durable medical equipment and
640 medical supplies must be obtained as required by the division.
641 The Division of Medicaid may require durable medical equipment
642 providers to obtain a surety bond in the amount and to the
643 specifications as established by the Balanced Budget Act of 1997.

644 (18) (a) Notwithstanding any other provision of this
645 section to the contrary, as provided in the Medicaid state plan
646 amendment or amendments as defined in Section 43-13-145(10), the
647 division shall make additional reimbursement to hospitals that
648 serve a disproportionate share of low-income patients and that
649 meet the federal requirements for those payments as provided in
650 Section 1923 of the federal Social Security Act and any applicable
651 regulations. It is the intent of the Legislature that the
652 division shall draw down all available federal funds allotted to
653 the state for disproportionate share hospitals. However, from and
654 after January 1, 1999, public hospitals participating in the
655 Medicaid disproportionate share program may be required to
656 participate in an intergovernmental transfer program as provided
657 in Section 1903 of the federal Social Security Act and any
658 applicable regulations.

659 (b) (i) The division may establish a Medicare
660 Upper Payment Limits Program, as defined in Section 1902(a)(30) of

661 the federal Social Security Act and any applicable federal
662 regulations, or an allowable delivery system or provider payment
663 initiative authorized under 42 CFR 438.6(c), for hospitals,
664 nursing facilities, physicians employed or contracted by
665 hospitals, and emergency ambulance transportation providers.

666 (ii) The division shall assess each hospital,
667 nursing facility, and emergency ambulance transportation provider
668 for the sole purpose of financing the state portion of the
669 Medicare Upper Payment Limits Program or other program(s)
670 authorized under this subsection (A) (18) (b). The hospital
671 assessment shall be as provided in Section 43-13-145(4) (a), and
672 the nursing facility and the emergency ambulance transportation
673 assessments, if established, shall be based on Medicaid
674 utilization or other appropriate method, as determined by the
675 division, consistent with federal regulations. The assessments
676 will remain in effect as long as the state participates in the
677 Medicare Upper Payment Limits Program or other program(s)
678 authorized under this subsection (A) (18) (b). In addition to the
679 hospital assessment provided in Section 43-13-145(4) (a), hospitals
680 with physicians participating in the Medicare Upper Payment Limits
681 Program or other program(s) authorized under this subsection
682 (A) (18) (b) shall be required to participate in an
683 intergovernmental transfer or assessment, as determined by the
684 division, for the purpose of financing the state portion of the

685 physician UPL payments or other payment(s) authorized under this
686 subsection (A) (18) (b) .

687 (iii) Subject to approval by the Centers for
688 Medicare and Medicaid Services (CMS) and the provisions of this
689 subsection (A) (18) (b) , the division shall make additional
690 reimbursement to hospitals, nursing facilities, and emergency
691 ambulance transportation providers for the Medicare Upper Payment
692 Limits Program or other program(s) authorized under this
693 subsection (A) (18) (b) , and, if the program is established for
694 physicians, shall make additional reimbursement for physicians, as
695 defined in Section 1902(a) (30) of the federal Social Security Act
696 and any applicable federal regulations, provided the assessment in
697 this subsection (A) (18) (b) is in effect.

698 (iv) Notwithstanding any other provision of
699 this article to the contrary, effective upon implementation of the
700 Mississippi Hospital Access Program (MHAP) provided in
701 subparagraph (c) (i) below, the hospital portion of the inpatient
702 Upper Payment Limits Program shall transition into and be replaced
703 by the MHAP program. However, the division is authorized to
704 develop and implement an alternative fee-for-service Upper Payment
705 Limits model in accordance with federal laws and regulations if
706 necessary to preserve supplemental funding. Further, the
707 division, in consultation with the hospital industry shall develop
708 alternative models for distribution of medical claims and
709 supplemental payments for inpatient and outpatient hospital

710 services, and such models may include, but shall not be limited to
711 the following: increasing rates for inpatient and outpatient
712 services; creating a low-income utilization pool of funds to
713 reimburse hospitals for the costs of uncompensated care, charity
714 care and bad debts as permitted and approved pursuant to federal
715 regulations and the Centers for Medicare and Medicaid Services;
716 supplemental payments based upon Medicaid utilization, quality,
717 service lines and/or costs of providing such services to Medicaid
718 beneficiaries and to uninsured patients. The goals of such
719 payment models shall be to ensure access to inpatient and
720 outpatient care and to maximize any federal funds that are
721 available to reimburse hospitals for services provided. Any such
722 documents required to achieve the goals described in this
723 paragraph shall be submitted to the Centers for Medicare and
724 Medicaid Services, with a proposed effective date of July 1, 2019,
725 to the extent possible, but in no event shall the effective date
726 of such payment models be later than July 1, 2020. The Chairmen
727 of the Senate and House Medicaid Committees shall be provided a
728 copy of the proposed payment model(s) prior to submission.
729 Effective July 1, 2018, and until such time as any payment
730 model(s) as described above become effective, the division, in
731 consultation with the hospital industry, is authorized to
732 implement a transitional program for inpatient and outpatient
733 payments and/or supplemental payments (including, but not limited
734 to, MHAP and directed payments), to redistribute available

735 supplemental funds among hospital providers, provided that when
736 compared to a hospital's prior year supplemental payments,
737 supplemental payments made pursuant to any such transitional
738 program shall not result in a decrease of more than five percent
739 (5%) and shall not increase by more than the amount needed to
740 maximize the distribution of the available funds.

741 (c) (i) Not later than December 1, 2015, the
742 division shall, subject to approval by the Centers for Medicare
743 and Medicaid Services (CMS), establish, implement and operate a
744 Mississippi Hospital Access Program (MHAP) for the purpose of
745 protecting patient access to hospital care through hospital
746 inpatient reimbursement programs provided in this section designed
747 to maintain total hospital reimbursement for inpatient services
748 rendered by in-state hospitals and the out-of-state hospital that
749 is authorized by federal law to submit intergovernmental transfers
750 (IGTs) to the State of Mississippi and is classified as Level I
751 trauma center located in a county contiguous to the state line at
752 the maximum levels permissible under applicable federal statutes
753 and regulations, at which time the current inpatient Medicare
754 Upper Payment Limits (UPL) Program for hospital inpatient services
755 shall transition to the MHAP.

756 (ii) Subject to approval by the Centers for
757 Medicare and Medicaid Services (CMS), the MHAP shall provide
758 increased inpatient capitation (PMPM) payments to managed care
759 entities contracting with the division pursuant to subsection (H)

760 of this section to support availability of hospital services or
761 such other payments permissible under federal law necessary to
762 accomplish the intent of this subsection.

763 (iii) The intent of this subparagraph (c) is
764 that effective for all inpatient hospital Medicaid services during
765 state fiscal year 2016, and so long as this provision shall remain
766 in effect hereafter, the division shall to the fullest extent
767 feasible replace the additional reimbursement for hospital
768 inpatient services under the inpatient Medicare Upper Payment
769 Limits (UPL) Program with additional reimbursement under the MHAP
770 and other payment programs for inpatient and/or outpatient
771 payments which may be developed under the authority of this
772 paragraph.

773 (iv) The division shall assess each hospital
774 as provided in Section 43-13-145(4) (a) for the purpose of
775 financing the state portion of the MHAP, supplemental payments and
776 such other purposes as specified in Section 43-13-145. The
777 assessment will remain in effect as long as the MHAP and
778 supplemental payments are in effect.

779 (19) (a) Perinatal risk management services. The
780 division shall promulgate regulations to be effective from and
781 after October 1, 1988, to establish a comprehensive perinatal

784 who are determined to be at risk. Services to be performed

785 include case management, nutrition assessment/counseling,
786 psychosocial assessment/counseling and health education. The
787 division shall contract with the State Department of Health to
788 provide services within this paragraph (Perinatal High Risk

790 Department of Health shall be reimbursed on a full reasonable cost
791 basis for services provided under this subparagraph (a).

792 (b) Early intervention system services. The
793 division shall cooperate with the State Department of Health,
794 acting as lead agency, in the development and implementation of a
795 statewide system of delivery of early intervention services, under
796 Part C of the Individuals with Disabilities Education Act (IDEA).
797 The State Department of Health shall certify annually in writing
798 to the executive director of the division the dollar amount of
799 state early intervention funds available that will be utilized as

801 shall be used to provide expanded targeted case management
802 services for Medicaid eligible children with special needs who are
803 eligible for the state's early intervention system.

811 state funds that are provided from the appropriation to the State
812 Department of Rehabilitation Services and used to match federal

814 department, provided that funds for these services are
815 specifically appropriated to the Department of Rehabilitation
816 Services.

822 pediatric nurse practitioners, obstetrics-gynecology nurse

824 adopted by the division. Reimbursement for those services shall
825 not exceed ninety percent (90%) of the reimbursement rate for
826 comparable services rendered by a physician. The division may
827 provide for a reimbursement rate for nurse practitioner services
828 of up to one hundred percent (100%) of the reimbursement rate for
829 comparable services rendered by a physician for nurse practitioner

831 nurse practitioner, as determined in accordance with regulations
832 of the division.

1000 managed care services through mental health providers certified by
1001 the Department of Mental Health. The division may implement and

1004 the Legislature, or if funds are voluntarily provided by affected
1005 agencies.

1006 (47) (a) The division may develop and implement

1033 from the appropriation to the State Department of Rehabilitation
1034 Services or if funds are voluntarily provided by another agency.

1035 (51) Upon determination of Medicaid eligibility and in
1036 association with annual redetermination of Medicaid eligibility,
1037 beneficiaries shall be encouraged to undertake a physical
1038 examination that will establish a base-line level of health and
1039 identification of a usual and customary source of care (a medical
1040 home) to aid utilization of disease management tools. This
1041 physical examination and utilization of these disease management
1042 tools shall be consistent with current United States Preventive
1043 Services Task Force or other recognized authority recommendations.

1064 services may be developed to cover a period of treatment for up to
1065 six (6) months, but in no event shall the plan of care exceed a
1066 six-month period of treatment. The projected period of treatment
1067 must be indicated on the initial plan of care and must be updated
1068 with each subsequent revised plan of care. Based on medical
1069 necessity, the division shall approve certification periods for
1070 less than or up to six (6) months, but in no event shall the
1071 certification period exceed the period of treatment indicated on
1072 the plan of care. The appeal process for any reduction in therapy
1073 services shall be consistent with the appeal process in federal
1074 regulations.

1080 (57) No Medicaid benefit shall restrict coverage for
1081 medically appropriate treatment prescribed by a physician and
1082 agreed to by a fully informed individual, or if the individual
1083 lacks legal capacity to consent by a person who has legal

1084 authority to consent on his or her behalf, based on an
1085 individual's diagnosis with a terminal condition. As used in this
1086 paragraph (57), "terminal condition" means any aggressive
1087 malignancy, chronic end-stage cardiovascular or cerebral vascular
1088 disease, or any other disease, illness or condition which a
1089 physician diagnoses as terminal.

1090 (58) Treatment services for persons with opioid
1091 dependency or other highly addictive substance use disorders. The
1092 division is authorized to reimburse eligible providers for
1093 treatment of opioid dependency and other highly addictive
1094 substance use disorders, as determined by the division. Treatment
1095 related to these conditions shall not count against any physician
1096 visit limit imposed under this section.

1097 (59) The division shall allow beneficiaries between the
1098 ages of ten (10) and eighteen (18) years to receive vaccines
1099 through a pharmacy venue. The division and the State Department
1100 of Health shall coordinate and notify OB-GYN providers that the
1101 Vaccines for Children program is available to providers free of
1102 charge.

1103 (60) Beginning July 1, 2022, essential health benefits
1104 as described in the federal Patient Protection and Affordable Care
1105 Act of 2010 and as amended, for individuals eligible for Medicaid

1107 2010 as amended, as described in Section 43-13-115(28) of this
1108 article. These services shall be provided only so long as the

1109 Medicaid federal matching percentage is not less than ninety
1110 percent (90%) for Medicaid services to this population. This
1111 paragraph (60) shall stand repealed on December 31, 2024.

1112 (B) [Deleted]

1113 (C) The division may pay to those providers who participate
1114 in and accept patient referrals from the division's emergency room
1115 redirection program a percentage, as determined by the division,
1116 of savings achieved according to the performance measures and
1117 reduction of costs required of that program. Federally qualified
1118 health centers may participate in the emergency room redirection
1119 program, and the division may pay those centers a percentage of
1120 any savings to the Medicaid program achieved by the centers'
1121 accepting patient referrals through the program, as provided in
1122 this subsection (C).

1123 (D) (1) Notwithstanding any provision of this article,
1124 except as authorized in subsection (E) of this section and in
1125 Section 43-13-139, (a) the limitations on the quantity or
1126 frequency of use of, or the fees or charges for, any of the care
1127 or services available to recipients under this section; and (b)
1128 the payments or rates of reimbursement to providers rendering care
1129 or services authorized under this section to recipients shall not
1130 be increased, decreased or otherwise changed from the levels in
1131 effect on July 1, 2021, unless they are authorized by an amendment
1132 to this section by the Legislature.

1133 (2) When any of the changes described in paragraph (1)
1134 of this subsection are authorized by an amendment to this section
1135 by the Legislature that is effective after July 1, 2021, the
1136 changes made in the later amendment shall not be further changed
1137 from the levels in effect on the effective date of the later
1138 amendment unless those changes are authorized by another amendment
1139 to this section by the Legislature.

1140 (E) Notwithstanding any provision of this article, no new
1141 groups or categories of recipients and new types of care and
1142 services may be added without enabling legislation from the
1143 Mississippi Legislature, except that the division may authorize
1144 those changes without enabling legislation when the addition of
1145 recipients or services is ordered by a court of proper authority.

1146 (F) The executive director shall keep the Governor advised
1147 on a timely basis of the funds available for expenditure and the
1148 projected expenditures. Notwithstanding any other provisions of
1149 this article, if current or projected expenditures of the division
1150 are reasonably anticipated to exceed the amount of funds
1151 appropriated to the division for any fiscal year, the Governor,
1152 after consultation with the executive director, shall take all
1153 appropriate measures to reduce costs, which may include, but are
1154 not limited to:

1155 (1) Reducing or discontinuing any or all services that
1156 are deemed to be optional under Title XIX of the Social Security
1157 Act;

1158 (2) Reducing reimbursement rates for any or all service
1159 types;

1160 (3) Imposing additional assessments on health care
1161 providers; or

1162 (4) Any additional cost-containment measures deemed
1163 appropriate by the Governor.

1164 To the extent allowed under federal law, any reduction to
1165 services or reimbursement rates under this subsection (F) shall be
1166 accompanied by a reduction, to the fullest allowable amount, to
1167 the profit margin and administrative fee portions of capitated
1168 payments to organizations described in paragraph (1) of subsection
1169 (H).

1170 Beginning in fiscal year 2010 and in fiscal years thereafter,
1171 when Medicaid expenditures are projected to exceed funds available
1172 for the fiscal year, the division shall submit the expected
1173 shortfall information to the PEER Committee not later than
1174 December 1 of the year in which the shortfall is projected to
1175 occur. PEER shall review the computations of the division and
1176 report its findings to the Legislative Budget Office not later
1177 than January 7 in any year.

1178 (G) Notwithstanding any other provision of this article, it
1179 shall be the duty of each provider participating in the Medicaid
1180 program to keep and maintain books, documents and other records as
1181 prescribed by the Division of Medicaid in accordance with federal
1182 laws and regulations.

1183 (H) (1) Notwithstanding any other provision of this
1184 article, the division is authorized to implement (a) a managed
1185 care program, (b) a coordinated care program, (c) a coordinated
1186 care organization program, (d) a health maintenance organization
1187 program, (e) a patient-centered medical home program, (f) an
1188 accountable care organization program, (g) provider-sponsored
1189 health plan, or (h) any combination of the above programs. As a
1190 condition for the approval of any program under this subsection
1191 (H) (1), the division shall require that no managed care program,
1192 coordinated care program, coordinated care organization program,
1193 health maintenance organization program, or provider-sponsored
1194 health plan may:

1195 (a) Pay providers at a rate that is less than the
1196 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)
1197 reimbursement rate;

1198 (b) Override the medical decisions of hospital
1199 physicians or staff regarding patients admitted to a hospital for
1200 an emergency medical condition as defined by 42 US Code Section
1201 1395dd. This restriction (b) does not prohibit the retrospective
1202 review of the appropriateness of the determination that an
1203 emergency medical condition exists by chart review or coding
1204 algorithm, nor does it prohibit prior authorization for
1205 nonemergency hospital admissions;

1206 (c) Pay providers at a rate that is less than the
1207 normal Medicaid reimbursement rate. It is the intent of the

1208 Legislature that all managed care entities described in this
1209 subsection (H), in collaboration with the division, develop and
1210 implement innovative payment models that incentivize improvements
1211 in health care quality, outcomes, or value, as determined by the
1212 division. Participation in the provider network of any managed
1213 care, coordinated care, provider-sponsored health plan, or similar
1214 contractor shall not be conditioned on the provider's agreement to
1215 accept such alternative payment models;

1216 (d) Implement a prior authorization and
1217 utilization review program for medical services, transportation
1218 services and prescription drugs that is more stringent than the
1219 prior authorization processes used by the division in its
1220 administration of the Medicaid program. Not later than December
1221 2, 2021, the contractors that are receiving capitated payments
1222 under a managed care delivery system established under this
1223 subsection (H) shall submit a report to the Chairmen of the House
1224 and Senate Medicaid Committees on the status of the prior
1225 authorization and utilization review program for medical services,
1226 transportation services and prescription drugs that is required to
1227 be implemented under this subparagraph (d);

1228 (e) [Deleted]

1229 (f) Implement a preferred drug list that is more
1230 stringent than the mandatory preferred drug list established by
1231 the division under subsection (A) (9) of this section;

1232 (g) Implement a policy which denies beneficiaries
1233 with hemophilia access to the federally funded hemophilia
1234 treatment centers as part of the Medicaid Managed Care network of
1235 providers.

1236 Each health maintenance organization, coordinated care
1237 organization, provider-sponsored health plan, or other
1238 organization paid for services on a capitated basis by the
1239 division under any managed care program or coordinated care
1240 program implemented by the division under this section shall use a
1241 clear set of level of care guidelines in the determination of
1242 medical necessity and in all utilization management practices,
1243 including the prior authorization process, concurrent reviews,
1244 retrospective reviews and payments, that are consistent with
1245 widely accepted professional standards of care. Organizations
1246 participating in a managed care program or coordinated care
1247 program implemented by the division may not use any additional
1248 criteria that would result in denial of care that would be
1249 determined appropriate and, therefore, medically necessary under
1250 those levels of care guidelines.

1251 (2) Notwithstanding any provision of this section, the
1252 recipients eligible for enrollment into a Medicaid Managed Care
1253 Program authorized under this subsection (H) may include only
1254 those categories of recipients eligible for participation in the
1255 Medicaid Managed Care Program as of January 1, 2021, the
1256 Children's Health Insurance Program (CHIP), and the CMS-approved

1257 Section 1115 demonstration waivers in operation as of January 1,
1258 2021. No expansion of Medicaid Managed Care Program contracts may
1259 be implemented by the division without enabling legislation from
1260 the Mississippi Legislature.

1261 (3) (a) Any contractors receiving capitated payments
1262 under a managed care delivery system established in this section
1263 shall provide to the Legislature and the division statistical data
1264 to be shared with provider groups in order to improve patient
1265 access, appropriate utilization, cost savings and health outcomes
1266 not later than October 1 of each year. Additionally, each
1267 contractor shall disclose to the Chairmen of the Senate and House
1268 Medicaid Committees the administrative expenses costs for the
1269 prior calendar year, and the number of full-equivalent employees
1270 located in the State of Mississippi dedicated to the Medicaid and
1271 CHIP lines of business as of June 30 of the current year.

1272 (b) The division and the contractors participating
1273 in the managed care program, a coordinated care program or a
1274 provider-sponsored health plan shall be subject to annual program
1275 reviews or audits performed by the Office of the State Auditor,
1276 the PEER Committee, the Department of Insurance and/or independent
1277 third parties.

1278 (c) Those reviews shall include, but not be
1279 limited to, at least two (2) of the following items:

1280 (i) The financial benefit to the State of
1281 Mississippi of the managed care program,

1282 (ii) The difference between the premiums paid
1283 to the managed care contractors and the payments made by those
1284 contractors to health care providers,
1285 (iii) Compliance with performance measures
1286 required under the contracts,
1287 (iv) Administrative expense allocation
1288 methodologies,
1289 (v) Whether nonprovider payments assigned as
1290 medical expenses are appropriate,
1291 (vi) Capitated arrangements with related
1292 party subcontractors,
1293 (vii) Reasonableness of corporate
1294 allocations,
1295 (viii) Value-added benefits and the extent to
1296 which they are used,
1297 (ix) The effectiveness of subcontractor
1298 oversight, including subcontractor review,
1299 (x) Whether health care outcomes have been
1300 improved, and
1301 (xi) The most common claim denial codes to
1302 determine the reasons for the denials.

1303 The audit reports shall be considered public documents and
1304 shall be posted in their entirety on the division's website.

1305 (4) All health maintenance organizations, coordinated
1306 care organizations, provider-sponsored health plans, or other

1307 organizations paid for services on a capitated basis by the
1308 division under any managed care program or coordinated care
1309 program implemented by the division under this section shall
1310 reimburse all providers in those organizations at rates no lower
1311 than those provided under this section for beneficiaries who are
1312 not participating in those programs.

1313 (5) No health maintenance organization, coordinated
1314 care organization, provider-sponsored health plan, or other
1315 organization paid for services on a capitated basis by the
1316 division under any managed care program or coordinated care
1317 program implemented by the division under this section shall
1318 require its providers or beneficiaries to use any pharmacy that
1319 ships, mails or delivers prescription drugs or legend drugs or
1320 devices.

1321 (6) (a) Not later than December 1, 2021, the
1322 contractors who are receiving capitated payments under a managed
1323 care delivery system established under this subsection (H) shall
1324 develop and implement a uniform credentialing process for
1325 providers. Under that uniform credentialing process, a provider
1326 who meets the criteria for credentialing will be credentialed with
1327 all of those contractors and no such provider will have to be
1328 separately credentialed by any individual contractor in order to
1329 receive reimbursement from the contractor. Not later than
1330 December 2, 2021, those contractors shall submit a report to the
1331 Chairmen of the House and Senate Medicaid Committees on the status

1332 of the uniform credentialing process for providers that is
1333 required under this subparagraph (a).

1334 (b) If those contractors have not implemented a
1335 uniform credentialing process as described in subparagraph (a) by
1336 December 1, 2021, the division shall develop and implement, not
1337 later than July 1, 2022, a single, consolidated credentialing
1338 process by which all providers will be credentialed. Under the
1339 division's single, consolidated credentialing process, no such
1340 contractor shall require its providers to be separately
1341 credentialed by the contractor in order to receive reimbursement
1342 from the contractor, but those contractors shall recognize the
1343 credentialing of the providers by the division's credentialing
1344 process.

1345 (c) The division shall require a uniform provider
1346 credentialing application that shall be used in the credentialing
1347 process that is established under subparagraph (a) or (b). If the
1348 contractor or division, as applicable, has not approved or denied
1349 the provider credentialing application within sixty (60) days of
1350 receipt of the completed application that includes all required
1351 information necessary for credentialing, then the contractor or
1352 division, upon receipt of a written request from the applicant and
1353 within five (5) business days of its receipt, shall issue a
1354 temporary provider credential/enrollment to the applicant if the
1355 applicant has a valid Mississippi professional or occupational
1356 license to provide the health care services to which the

1357 credential/enrollment would apply. The contractor or the division
1358 shall not issue a temporary credential/enrollment if the applicant
1359 has reported on the application a history of medical or other
1360 professional or occupational malpractice claims, a history of
1361 substance abuse or mental health issues, a criminal record, or a
1362 history of medical or other licensing board, state or federal
1363 disciplinary action, including any suspension from participation
1364 in a federal or state program. The temporary
1365 credential/enrollment shall be effective upon issuance and shall
1366 remain in effect until the provider's credentialing/enrollment
1367 application is approved or denied by the contractor or division.
1368 The contractor or division shall render a final decision regarding
1369 credentialing/enrollment of the provider within sixty (60) days
1370 from the date that the temporary provider credential/enrollment is
1371 issued to the applicant.

1372 (d) If the contractor or division does not render
1373 a final decision regarding credentialing/enrollment of the
1374 provider within the time required in subparagraph (c), the
1375 provider shall be deemed to be credentialed by and enrolled with
1376 all of the contractors and eligible to receive reimbursement from
1377 the contractors.

1378 (7) (a) Each contractor that is receiving capitated
1379 payments under a managed care delivery system established under
1380 this subsection (H) shall provide to each provider for whom the
1381 contractor has denied the coverage of a procedure that was ordered

1382 or requested by the provider for or on behalf of a patient, a
1383 letter that provides a detailed explanation of the reasons for the
1384 denial of coverage of the procedure and the name and the
1385 credentials of the person who denied the coverage. The letter
1386 shall be sent to the provider in electronic format.

1387 (b) After a contractor that is receiving capitated
1388 payments under a managed care delivery system established under
1389 this subsection (H) has denied coverage for a claim submitted by a
1390 provider, the contractor shall issue to the provider within sixty
1391 (60) days a final ruling of denial of the claim that allows the
1392 provider to have a state fair hearing and/or agency appeal with
1393 the division. If a contractor does not issue a final ruling of
1394 denial within sixty (60) days as required by this subparagraph
1395 (b), the provider's claim shall be deemed to be automatically
1396 approved and the contractor shall pay the amount of the claim to
1397 the provider.

1398 (c) After a contractor has issued a final ruling
1399 of denial of a claim submitted by a provider, the division shall
1400 conduct a state fair hearing and/or agency appeal on the matter of
1401 the disputed claim between the contractor and the provider within
1402 sixty (60) days, and shall render a decision on the matter within
1403 thirty (30) days after the date of the hearing and/or appeal.

1404 (8) It is the intention of the Legislature that the
1405 division evaluate the feasibility of using a single vendor to
1406 administer pharmacy benefits provided under a managed care

1407 delivery system established under this subsection (H). Providers
1408 of pharmacy benefits shall cooperate with the division in any
1409 transition to a carve-out of pharmacy benefits under managed care.

1410 (9) It is the intention of the Legislature that the
1411 division evaluate the feasibility of using a single vendor to
1412 administer dental benefits provided under a managed care delivery
1413 system established in this subsection (H). Providers of dental
1414 benefits shall cooperate with the division in any transition to a
1415 carve-out of dental benefits under managed care.

1416 (10) It is the intent of the Legislature that any
1417 contractor receiving capitated payments under a managed care
1418 delivery system established in this section shall implement
