BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. (1) Each school district, with respect to the instruction, daily or weekly assessments and standardized assessments administered to students, shall adopt policies that allow the instructor to determine the level of intensive instruction and intervention needed by students under the Literacy-Based Promotion Act (Sections 37-177-1 through 37-177-21), based on a raw grading scale for evaluating student performance. Each instructor is responsible for maintaining high standards of instruction, and the instructor's evaluation of each individual student must be the final basis for assigning grades in regular course work and daily or weekly assessment.

(2) Students must have protection through orderly procedures against prejudiced or capricious academic evaluation. The method of grading by instructors must be made clear to students and parents, and instructors must justify disputed grades. Likewise, students are responsible for maintaining reasonable standards of academic performance and classroom conduct conducive to the learning process.

(3) The rigid application of arbitrary percentages in the assignment and distribution of grades is prohibited in any

instance. Without regard to class size or the quality of the class group, grade assignment must be based solely on achievement of course and grade level standards. The department and districts shall provide fair, accurate, specific and timely information regarding student progress toward common standards as well as feedback for the plan of instruction and growth areas for students.

(4) As used in House Bill No. _____, 2023 Regular Session, the following terms have the meanings ascribed in this subsection:

(a) "Fairness" means that the same work, by the same student, receives the same grade, even if the instructor is different.

(b) "Accuracy" means that grades are based solely on achievement, which means other factors, such as behavior and attendance, are not used to calculate a grade.

(c) "Specificity" means that grades are specifically tied to clearly articulated learning goals.

(d) "Timeliness" means that feedback to students is provided timely to afford students the opportunity to immediately use that feedback to improve their performance on assessments and assignments.

SECTION 2. Section 37-9-69, Mississippi Code of 1972, is amended as follows:

37-9-69. (1) It shall be the duty of each superintendent, principal and teacher in the public schools of this state to

90 enforce in the schools the courses of study prescribed by law or
91 by the State Board Of Education, to comply with the law in
92 distribution and use of free textbooks, and to observe and enforce
93 the statutes, rules and regulations prescribed for the operation
94 of schools. Such superintendents, principals and teachers shall
95 hold the pupils to strict account for disorderly conduct at
96 school, on the way to and from school, on the playgrounds, and
97 during recess.

98 (2) (a) Each teacher shall adhere to the requirements of
99 Section 1 of this act to determine a student's level of competence
100 and proficiency through the student's performance on regularly
101 assigned coursework and periodic testing assessments, which are
102 the factors used by the teacher to determine whether a student is
103 promoted to the next grade level. The local school board shall
104 adopt a raw grading scale for evaluating performance and the
105 adequacy of reading skill levels of students enrolled in schools
106 in the district, which must be used as a tool in the evaluation of
107 teachers' and administrators' ability to meet student growth.

108 (b) Each teacher shall administer incremental weekly
109 testing assessments. However, subject to the curriculum adopted
110 and the instructional modules approved by the school board for
111 instructional use, testing assessments may be administered on a
112 bi-weekly basis, as best determined by the teacher. Additionally,
113 the teacher shall conduct scheduled systematic evaluations of
114 pupils at each grade level throughout the scholastic period using

regularly assigned coursework, homework, special project assignments, periodic testing assessments as authorized under this paragraph, and any state standardized assessments administered by the State Department of Education.

SECTION 3. Section 37-9-23, Mississippi Code of 1972, is amended as follows:

37-9-23. (1) The superintendent shall enter into a contract with each assistant superintendent, principal, licensed employee and person anticipating graduation from an approved teacher education program or the issuance of a proper license before October 15 or February 15, as the case may be, who is elected and approved for employment by the school board. Such contracts shall be in such form as shall be prescribed by the State Board of Education and shall be executed in duplicate with one (1) copy to be retained by the appropriate superintendent and one (1) copy to be retained by the principal, licensed employee or person recommended for a licensed position contracted with. The contract shall show the name of the district, the length of the school term, the position held (whether an assistant superintendent, principal or licensed employee), the scholastic years which it covers, the total amount of the annual salary and how same is payable. The amount of salary to be shown in such contract shall be the amount which shall have been fixed and determined by the school board, but, as to the licensed employees paid, in whole or in part, with adequate education program funds, such salary shall

not be less than that required under the provisions of Chapter 19 of this title. Beginning with the 2010-2011 school year, the contract shall include a provision allowing the school district to reduce the state minimum salary by a pro rata daily amount in order to comply with the school district employee furlough provisions of Section 37-7-308, and shall include a provision which conditions the payment of such salary upon the availability of adequate education funds provided for salaries. The contract entered into with any person recommended for a licensed position who is anticipating either graduation from an approved teacher education program before September 1 or December 31, as the case may be, or the issuance of a proper license before October 15 or February 15, as the case may be, shall be a conditional contract and shall include a provision stating that the contract will be null and void if, as specified in the contract, the contingency upon which the contract is conditioned has not occurred. If any superintendent, other than those elected, principal, licensed employee or person recommended for a licensed position who has been elected and approved shall not execute and return the contract within ten (10) days after same has been tendered to him for execution, then, at the option of the school board, the election of the licensed employee and the contract tendered to him shall be void and of no effect.

(2) The annual contract for licensed instructional staff must provide for weekly or bi-weekly evaluation periods, during

which time the school administrator must monitor and assess the teacher's efficiency and effectiveness, skills in instruction and classroom management, and grading ledger of students' achievement to determine the teacher's level of performance. Failure of a school to meet growth results in administrative sanctions imposed on teachers and administrators, as prescribed in Section 37-3-2.

SECTION 4. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. 201 of Education after consultation with the State Superintendent of
202 Public Education. The first appointments by the State Board of
203 Education shall be made as follows: five (5) members shall be
204 appointed for a term of one (1) year; five (5) members shall be
205 appointed for a term of two (2) years; and five (5) members shall
206 be appointed for a term of three (3) years. Thereafter, all
207 members shall be appointed for a term of four (4) years.

208 (3) The State Board of Education when making appointments
209 shall designate a chairman. The commission shall meet at least
210 once every two (2) months or more often if needed. Members of the
211 commission shall be compensated at a rate of per diem as
212 authorized by Section 25-3-69 and be reimbursed for actual and
213 necessary expenses as authorized by Section 25-3-41.

214 (4) (a) An appropriate staff member of the State Department
215 of Education shall be designated and assigned by the State

225 (11), (12), (13), (14) and (15) of this section, and violations of
226 the Mississippi Educator Code of Ethics.

227 (5) It shall be the duty of the commission to:

228 (a) Set standards and criteria, subject to the approval
229 of the State Board of Education, for all educator preparation
230 programs in the state;

231 (b) Recommend to the State Board of Education each year
232 approval or disapproval of each educator preparation program in
233 the state, subject to a process and schedule determined by the
234 State Board of Education;

235 (c) Establish, subject to the approval of the State
236 Board of Education, standards for initial teacher certification
237 and licensure in all fields;

238 (d) Establish, subject to the approval of the State
239 Board of Education, standards for the renewal of teacher licenses
240 in all fields;

242 performance, such as test scores, which may form part of the
243 licensure process, and to make recommendations for their use;

244 (f) Review all existing requirements for certification
245 and licensure;

246 (g) Consult with groups whose work may be affected by
247 the commission's decisions;

248 (h) Prepare reports from time to time on current
249 practices and issues in the general area of teacher education and
250 certification and licensure;

251 (i) Hold hearings concerning standards for teachers'
252 and administrators' education and certification and licensure with
253 approval of the State Board of Education;

254 (j) Hire expert consultants with approval of the State
255 Board of Education;

256 (k) Set up ad hoc committees to advise on specific
257 areas;

258 (l) Perform such other functions as may fall within
259 their general charge and which may be delegated to them by the
260 State Board of Education; and

261 (m) Establish standards, subject to the approval of the
262 State Board of Education, for supplemental endorsements, provided

that the standards allow teachers as many options as possible to receive a supplemental endorsement, including, but not limited to, the option of taking additional coursework or earning at least the minimum qualifying score or higher on the required licensure subject assessment relevant to the endorsement area for which the licensure is sought. The subject assessment option shall not apply to certain subject areas, including, but not limited to, Early/Primary Education PreK-3, Elementary Education, or Special Education, except by special approval by the State Board of Education.

(6) (a) **Standard License - Approved Program Route.** An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

288 (ii) An official transcript of completion of a
289 teacher education program approved by the department or a
290 nationally accredited program, subject to the following:
291 Licensure to teach in Mississippi prekindergarten through
292 kindergarten classrooms shall require completion of a teacher
293 education program or a Bachelor of Science degree with child
294 development emphasis from a program accredited by the American
295 Association of Family and Consumer Sciences (AAFCS) or by the
296 National Association for Education of Young Children (NAEYC) or by
297 the National Council for Accreditation of Teacher Education
298 (NCATE). Licensure to teach in Mississippi kindergarten, for
299 those applicants who have completed a teacher education program,
300 and in Grade 1 through Grade 4 shall require the completion of an
301 interdisciplinary program of studies. Licenses for Grades 4
302 through 8 shall require the completion of an interdisciplinary
303 program of studies with two (2) or more areas of concentration.
304 Licensure to teach in Mississippi Grades 7 through 12 shall
305 require a major in an academic field other than education, or a
306 combination of disciplines other than education. Students
307 preparing to teach a subject shall complete a major in the
308 respective subject discipline. All applicants for standard
309 licensure shall demonstrate that such person's college preparation
310 in those fields was in accordance with the standards set forth by
311 the National Council for Accreditation of Teacher Education
312 (NCATE) or the National Association of State Directors of Teacher

Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education; and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent); or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) (i) **Standard License - Nontraditional Teaching**

Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

1. An ACT Score of twenty-one (21) (or SAT equivalent); or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(ii) Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this subparagraph (ii).

363 1. The Teach Mississippi Institute (TMI)
364 shall include an intensive eight-week, nine-semester-hour summer
365 program or a curriculum of study in which the student matriculates
366 in the fall or spring semester, which shall include, but not be
367 limited to, instruction in education, effective teaching
368 strategies, classroom management, state curriculum requirements,
369 planning and instruction, instructional methods and pedagogy,
370 using test results to improve instruction, and a one (1) semester
371 three-hour supervised internship to be completed while the teacher
372 is employed as a full-time teacher intern in a local school
373 district. The TMI shall be implemented on a pilot program basis,
374 with courses to be offered at up to four (4) locations in the
375 state, with one (1) TMI site to be located in each of the three
376 (3) Mississippi Supreme Court districts.

377 2. The school sponsoring the teacher intern
378 shall enter into a written agreement with the institution
379 providing the Teach Mississippi Institute (TMI) program, under
380 terms and conditions as agreed upon by the contracting parties,
381 providing that the school district shall provide teacher interns
382 seeking a nontraditional provisional teaching license with a
383 one-year classroom teaching experience. The teacher intern shall
384 successfully complete the one (1) semester three-hour intensive
385 internship in the school district during the semester immediately
386 following successful completion of the TMI and prior to the end of
387 the one-year classroom teaching experience.

388 3. Upon completion of the nine-semester-hour
389 TMI or the fall or spring semester option, the individual shall
390 submit his transcript to the commission for provisional licensure
391 of the intern teacher, and the intern teacher shall be issued a
392 provisional teaching license by the commission, which will allow
393 the individual to legally serve as a teacher while the person
394 completes a nontraditional teacher preparation internship program.

395 4. During the semester of internship in the
396 school district, the teacher preparation institution shall monitor
397 the performance of the intern teacher. The school district that
398 employs the provisional teacher shall supervise the provisional
399 teacher during the teacher's intern year of employment under a
400 nontraditional provisional license, and shall, in consultation
401 with the teacher intern's mentor at the school district of
402 employment, submit to the commission a comprehensive evaluation of
403 the teacher's performance sixty (60) days prior to the expiration
404 of the nontraditional provisional license. If the comprehensive
405 evaluation establishes that the provisional teacher intern's
406 performance fails to meet the standards of the approved
407 nontraditional teacher preparation internship program, the
408 individual shall not be approved for a standard license.

409 5. An individual issued a provisional
410 teaching license under this nontraditional route shall
411 successfully complete, at a minimum, a one-year beginning teacher
412 mentoring and induction program administered by the employing

413 school district with the assistance of the State Department of
414 Education.

415 6. Upon successful completion of the TMI and
416 the internship provisional license period, applicants for a
417 Standard License - Nontraditional Route shall submit to the
418 commission a transcript of successful completion of the twelve
419 (12) semester hours required in the internship program, and the
420 employing school district shall submit to the commission a
421 recommendation for standard licensure of the intern. If the
422 school district recommends licensure, the applicant shall be
423 issued a Standard License - Nontraditional Route which shall be
424 valid for a five-year period and be renewable.

425 7. At the discretion of the teacher
426 preparation institution, the individual shall be allowed to credit
427 the twelve (12) semester hours earned in the nontraditional
428 teacher internship program toward the graduate hours required for
429 a Master of Arts in Teacher (MAT) Degree.

430 8. The local school district in which the
431 nontraditional teacher intern or provisional licensee is employed
432 shall compensate such teacher interns at Step 1 of the required
433 salary level during the period of time such individual is
434 completing teacher internship requirements and shall compensate
435 such Standard License - Nontraditional Route teachers at Step 3 of
436 the required salary level when they complete license requirements.

(iii) Implementation of the TMI program provided for under subparagraph (ii) of this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

(iv) A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) **Special License - Expert Citizen.** In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a five-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person shall be required to have a high school diploma, an industry-recognized certification related to the subject area in which they are teaching and a minimum of five (5) years of

462 relevant experience but shall not be required to hold an associate
463 or bachelor's degree, provided that he or she possesses the
464 minimum qualifications required for his or her profession, and may
465 begin teaching upon his employment by the local school board and
466 licensure by the Mississippi Department of Education. If a school
467 board hires a career technical education pathway instructor who
468 does not have an industry certification in his or her area of
469 expertise but does have the required experience, the school board
470 shall spread their decision on the minutes at their next meeting
471 and provide a detailed explanation for why they hired the
472 instructor. Such instructor shall present the minutes of the
473 school board to the State Department of Education when he or she
474 applies for an expert citizen license. The board shall adopt
475 rules and regulations to administer the expert citizen-teacher
476 license. A Special License - Expert Citizen may be renewed in
477 accordance with the established rules and regulations of the State
478 Department of Education.

479 (d) **Special License - Nonrenewable.** The State Board of
480 Education is authorized to establish rules and regulations to
481 allow those educators not meeting requirements in paragraph (a),
482 (b) or (c) of this subsection (6) to be licensed for a period of
483 not more than three (3) years, except by special approval of the
484 State Board of Education.

485 (e) **Nonlicensed Teaching Personnel.** A nonlicensed
486 person may teach for a maximum of three (3) periods per teaching

day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) **Special License - Transitional Bilingual Education.**

Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours

therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) **Highly Qualified Teachers.** Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) **Administrator License.** The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) **Administrator License - Nonpracticing.** Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) **Administrator License - Entry Level.** Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) **Standard Administrator License - Career Level.** An administrator who has met all the requirements of the department for standard administrator licensure.

(d) **Administrator License - Nontraditional Route.** The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree

561 from an accredited college or university, with five (5) years of
562 administrative or supervisory experience. Successful completion
563 of the requirements of alternate route licensure for
564 administrators shall qualify the person for a standard
565 administrator license.

566 Individuals seeking school administrator licensure under
567 paragraph (b), (c) or (d) shall successfully complete a training
568 program and an assessment process prescribed by the State Board of
569 Education. All applicants for school administrator licensure
570 shall meet all requirements prescribed by the department under
571 paragraph (b), (c) or (d), and the cost of the assessment process
572 required shall be paid by the applicant.

573 (8) **Reciprocity.** The department shall grant a standard
574 five-year license to any individual who possesses a valid standard
575 license from another state, or another country or political
576 subdivision thereof, within a period of twenty-one (21) days from
577 the date of a completed application. The issuance of a license by
578 reciprocity to a military-trained applicant, military spouse or
579 person who establishes residence in this state shall be subject to
580 the provisions of Section 73-50-1 or 73-50-2, as applicable.

581 (9) **Renewal and Reinstatement of Licenses.** The State Board
582 of Education is authorized to establish rules and regulations for
583 the renewal and reinstatement of educator and administrator
584 licenses. Effective May 15, 1997, the valid standard license held
585 by an educator shall be extended five (5) years beyond the

586 expiration date of the license in order to afford the educator
587 adequate time to fulfill new renewal requirements established
588 pursuant to this subsection. An educator completing a master of
589 education, educational specialist or doctor of education degree in
590 May 1997 for the purpose of upgrading the educator's license to a
591 higher class shall be given this extension of five (5) years plus
592 five (5) additional years for completion of a higher degree. For
593 all license types with a current valid expiration date of June 30,
594 2021, the State Department of Education shall grant a one-year
595 extension to June 30, 2022. Beginning July 1, 2022, and
596 thereafter, applicants for licensure renewal shall meet all
597 requirements in effect on the date that the complete application
598 is received by the State Department of Education.

599 (10) All controversies involving the issuance, revocation,
600 suspension or any change whatsoever in the licensure of an
601 educator required to hold a license shall be initially heard in a
602 hearing de novo, by the commission or by a subcommittee
603 established by the commission and composed of commission members,
604 or by a hearing officer retained and appointed by the commission,
605 for the purpose of holding hearings. Any complaint seeking the
606 denial of issuance, revocation or suspension of a license shall be
607 by sworn affidavit filed with the Commission on Teacher and
608 Administrator Education, Certification and Licensure and
609 Development. The decision thereon by the commission, its
610 subcommittee or hearing officer, shall be final, unless the

611 aggrieved party shall appeal to the State Board of Education,
612 within ten (10) days, of the decision of the commission, its
613 subcommittee or hearing officer. An appeal to the State Board of
614 Education shall be perfected upon filing a notice of the appeal
615 and by the prepayment of the costs of the preparation of the
616 record of proceedings by the commission, its subcommittee or
617 hearing officer. An appeal shall be on the record previously made
618 before the commission, its subcommittee or hearing officer, unless
619 otherwise provided by rules and regulations adopted by the board.
620 The decision of the commission, its subcommittee or hearing
621 officer shall not be disturbed on appeal if supported by
622 substantial evidence, was not arbitrary or capricious, within the
623 authority of the commission, and did not violate some statutory or
624 constitutional right. The State Board of Education in its
625 authority may reverse, or remand with instructions, the decision
626 of the commission, its subcommittee or hearing officer. The
627 decision of the State Board of Education shall be final.

628 (11) (a) The State Board of Education, acting through the
629 commission, may deny an application for any teacher or
630 administrator license for one or more of the following:

631 (i) Lack of qualifications which are prescribed by
632 law or regulations adopted by the State Board of Education;

633 (ii) The applicant has a physical, emotional or
634 mental disability that renders the applicant unfit to perform the

duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

660 (i) If the applicant or licensee has been
661 convicted, has pled guilty or entered a plea of nolo contendere to
662 a sex offense as defined by federal or state law. For purposes of
663 this subparagraph (i) of this paragraph (b), a "guilty plea"
664 includes a plea of guilty, entry of a plea of nolo contendere, or
665 entry of an order granting pretrial or judicial diversion;

666 (ii) The applicant or licensee is on probation or
667 post-release supervision for a sex offense conviction, as defined
668 by federal or state law;

669 (iii) The license holder has fondled a student as
670 described in Section 97-5-23, or had any type of sexual
671 involvement with a student as described in Section 97-3-95; or

672 (iv) The license holder has failed to report
673 sexual involvement of a school employee with a student as required
674 by Section 97-5-24.

675 (12) The State Board of Education, acting through the
676 commission, may revoke, suspend or refuse to renew any teacher or
677 administrator license for specified periods of time or may place
678 on probation, reprimand a licensee, or take other disciplinary
679 action with regard to any license issued under this chapter for
680 one or more of the following:

681 (a) Breach of contract or abandonment of employment may
682 result in the suspension of the license for one (1) school year as
683 provided in Section 37-9-57;

684 (b) Obtaining a license by fraudulent means shall
685 result in immediate suspension and continued suspension for one
686 (1) year after correction is made;

687 (c) Suspension or revocation of a certificate or
688 license by another state shall result in immediate suspension or
689 revocation and shall continue until records in the prior state
690 have been cleared;

691 (d) The license holder has been convicted, has pled
692 guilty or entered a plea of nolo contendere to a felony, as
693 defined by federal or state law. For purposes of this paragraph,
694 a "guilty plea" includes a plea of guilty, entry of a plea of nolo
695 contendere, or entry of an order granting pretrial or judicial
696 diversion;

697 (e) The license holder knowingly and willfully
698 committing any of the acts affecting validity of mandatory uniform
699 test results as provided in Section 37-16-4(1);

700 (f) The license holder has engaged in unethical conduct
701 relating to an educator/student relationship as identified by the
702 State Board of Education in its rules;

703 (g) The license holder served as superintendent or
704 principal in a school district during the time preceding and/or
705 that resulted in the Governor declaring a state of emergency and
706 the State Board of Education appointing a conservator;

707 (h) The license holder submitted a false certification
708 to the State Department of Education that a statewide test was

administered in strict accordance with the Requirements of the
Mississippi Statewide Assessment System; * * *

(i) The license holder has failed to comply with the
Procedures for Reporting Infractions as promulgated by the
commission and approved by the State Board of Education pursuant
to subsection (15) of this section * * *; or

(j) The license holder served as the direct
instructional personnel to fifteen percent (15%) or more of the
students assigned to his or her class, or in the case of
administrators, fifteen percent (15%) or more of the enrolled
student body, which failed a certain percentage of periodic and
standardized testing assessments for a certain academic period, as
determined by the local school board. The duration of the
administrative sanction imposed upon any teacher or administrator
whose license is revoked or suspended under this paragraph may not
be less than three (3) years nor more than five (5) years.

For purposes of this subsection, probation shall be defined
as a length of time determined by the commission, its subcommittee
or hearing officer, and based on the severity of the offense in
which the license holder shall meet certain requirements as
prescribed by the commission, its subcommittee or hearing officer.
Failure to complete the requirements in the time specified shall
result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by
a local school board pursuant to Section 37-9-59 may result in the

suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon

conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer

783 regarding a petition for reinstatement of a license, and any such
784 decision of the State Board of Education shall be final.

785 (16) An appeal from the action of the State Board of
786 Education in denying an application, revoking or suspending a
787 license or otherwise disciplining any person under the provisions
788 of this section shall be filed in the Chancery Court of the First
789 Judicial District of Hinds County, Mississippi, on the record
790 made, including a verbatim transcript of the testimony at the
791 hearing. The appeal shall be filed within thirty (30) days after
792 notification of the action of the board is mailed or served and
793 the proceedings in chancery court shall be conducted as other
794 matters coming before the court. The appeal shall be perfected
795 upon filing notice of the appeal and by the prepayment of all
796 costs, including the cost of preparation of the record of the
797 proceedings by the State Board of Education, and the filing of a
798 bond in the sum of Two Hundred Dollars (\$200.00) conditioned that
799 if the action of the board be affirmed by the chancery court, the
800 applicant or license holder shall pay the costs of the appeal and
801 the action of the chancery court.

802 (17) All such programs, rules, regulations, standards and
803 criteria recommended or authorized by the commission shall become
804 effective upon approval by the State Board of Education as
805 designated by appropriate orders entered upon the minutes thereof.

806 (18) The granting of a license shall not be deemed a
807 property right nor a guarantee of employment in any public school

808 district. A license is a privilege indicating minimal eligibility
809 for teaching in the public school districts of Mississippi. This
810 section shall in no way alter or abridge the authority of local
811 school districts to require greater qualifications or standards of
812 performance as a prerequisite of initial or continued employment
813 in such districts.

814 (19) In addition to the reasons specified in subsections
815 (12) and (13) of this section, the board shall be authorized to
816 suspend the license of any licensee for being out of compliance
817 with an order for support, as defined in Section 93-11-153. The
818 procedure for suspension of a license for being out of compliance
819 with an order for support, and the procedure for the reissuance or
820 reinstatement of a license suspended for that purpose, and the
821 payment of any fees for the reissuance or reinstatement of a
822 license suspended for that purpose, shall be governed by Section
823 93-11-157 or 93-11-163, as the case may be. Actions taken by the
824 board in suspending a license when required by Section 93-11-157
825 or 93-11-163 are not actions from which an appeal may be taken
826 under this section. Any appeal of a license suspension that is
827 required by Section 93-11-157 or 93-11-163 shall be taken in
828 accordance with the appeal procedure specified in Section
829 93-11-157 or 93-11-163, as the case may be, rather than the
830 procedure specified in this section. If there is any conflict
831 between any provision of Section 93-11-157 or 93-11-163 and any

provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

(20) The Department of Education shall grant and renew all licenses and certifications of teachers and administrators within twenty-one (21) days from the date of a completed application if the applicant has otherwise met all established requirements for the license or certification.

SECTION 5. Section 37-177-1, Mississippi Code of 1972, is brought forward as follows:

37-177-1. (1) There is established an act prohibiting social promotion to be known as the "Literacy-Based Promotion Act," the purpose of which is to improve the reading skills of kindergarten and first- through third-grade students enrolled in the public schools so that every student completing the third grade is able to read at or above grade level. It is the intent of the Legislature, in establishing this act, to ensure that: each kindergarten and first- through third-grade student's progression is determined, in part, upon the student's proficiency in reading; the policies of local school boards facilitate this proficiency; and each student and the student's parent or legal guardian is informed of the student's academic progress.

(2) Each public school student who exhibits a substantial deficiency in reading at any time, as demonstrated through performance on a reading screener approved or developed by the State Department of Education or through locally determined

assessments and teacher observations conducted in kindergarten and grades 1 through 3 or through statewide end-of-year assessments or approved alternate yearly assessments in Grade 3, must be given intensive reading instruction and intervention immediately following the identification of the reading deficiency. The intensive reading instruction and intervention must be documented for each student in an individual reading plan, which includes, at a minimum, the following:

(a) The student's specific, diagnosed reading skill deficiencies as determined (or identified) by diagnostic assessment data;

(b) The goals and benchmarks for growth;

(c) How progress will be monitored and evaluated;

(d) The type of additional instructional services and interventions the student will receive;

(e) The research-based reading instructional programming the teacher will use to provide reading instruction, addressing the areas of phonemic awareness, phonics, fluency, vocabulary and comprehension;

(f) The strategies the student's parent is encouraged to use in assisting the student to achieve reading competency; and

(g) Any additional services the teacher deems available and appropriate to accelerate the student's reading skill development.

(3) The universal reading screener or locally determined reading assessment may be given in the first thirty (30) days of the school year and repeated if indicated at midyear and at the end of the school year to determine student progression in reading in kindergarten through third grade. If it is determined that the student continues to have a reading deficiency, the student must be provided with continued intensive reading instruction and intervention by the school district until the reading deficiency is remedied. A student exhibiting continued reading deficiency with continued intensive interventions should be considered for exceptional criteria evaluation.

(4) A kindergarten or first-, second- or third-grade student identified with a deficiency in reading must be provided intensive interventions in reading to ameliorate the student's specific reading deficiency, as identified by a valid and reliable diagnostic assessment. The intensive intervention must include effective instructional strategies, and appropriate teaching methodologies necessary to assist the student in becoming a successful reader, able to read at or above grade level, and ready for promotion to the next grade. A kindergarten, first-, second- or third-grade student identified with a reading deficiency or not promoted may be placed in a transition class.

SECTION 6. Section 37-177-3, Mississippi Code of 1972, is brought forward as follows:

37-177-3. Immediately upon the determination of a reading deficiency, and subsequently with each quarterly progress report until the deficiency is remediated, the parent or legal guardian of a kindergarten or first-, second- or third-grade student who exhibits a substantial deficiency in reading must be notified in writing by the student's teacher of the following:

(a) That the student has been identified as having a substantial deficiency in reading;

(b) A description of the services that the school district currently is providing to the student;

(c) A description of the proposed supplemental instructional services and supports that are designed to remediate the identified area of reading deficiency which the school district plans to provide the student, as outlined in the student's individual reading plan;

(d) That if the student's reading deficiency is not remediated before the end of the student's third-grade year, the student will not be promoted to fourth grade unless a good cause exemption specified under Section 37-177-11 is met;

(e) Strategies for parents and guardians to use in helping the student to succeed in reading proficiency; and

(f) That while the state annual accountability assessment for reading in third grade is the initial determinant, it is not the sole determiner of promotion and that approved alternative standardized assessments are available to assist the

930 school district in knowing when a child is reading at or above
931 grade level and ready for promotion to the next grade.

932 **SECTION 7.** Section 37-177-5, Mississippi Code of 1972, is
933 brought forward as follows:

934 37-177-5. The State Department of Education shall establish
935 a Mississippi Reading Panel to collaborate with the State
936 Department of Education in recommending appropriate equitable
937 alternative standardized assessments and cut scores to be used to
938 determine promotion to the fourth grade of those third-grade
939 students who did not score at the required achievement level on
940 the state annual accountability assessment, as outlined in Section
941 37-177-9, or who, for unforeseen circumstances, were unable to
942 take the assessment. The panel should have knowledge and input in
943 the adoption or development of a universal screener for required
944 use only in select schools most in need for the reading
945 intervention program to identify reading deficiencies and
946 determine progress. A suggestive list of no less than four (4)
947 screening assessments should be available to schools not selected
948 for the critical reading intervention program taking into
949 consideration those screening assessments already being used
950 satisfactorily in Mississippi elementary schools. An approved
951 alternative standardized reading assessment may be used in years
952 when the state is transitioning to a new state annual
953 accountability assessment. The panel shall consist of six (6)
954 members as follows: the State Superintendent of Education, or

his/her designee, who will chair the committee; the Chair of the House Education Committee, or his designee; the Chairman of the Senate Education Committee, or his designee; one (1) member appointed by the Governor; and two (2) additional members appointed by the State Superintendent of Education.

SECTION 8. Section 37-177-7, Mississippi Code of 1972, is brought forward as follows:

37-177-7. The State Department of Education shall:

(a) Select schools most in need for the reading intervention program and create criteria for selection for participation based on number and percentages of students scoring in the lowest two (2) achievement levels on state-adopted yearly reading assessments, screening results, and other relevant data;

(b) Assign a supervisory position within each school to be responsible for the faithful implementation of the Reading Intervention Program; and

(c) Subject to legislative appropriation, the Mississippi Department of Education shall conduct a program with willing "C" level or low-performing districts and/or schools. The program shall focus on the use of data coaches to improve reading and literacy, to determine the effectiveness of intense data-focused professional development, provide expert support in literacy and early reading instruction but it shall not necessarily be limited to literacy. Data coaches should be experts in both pedagogy and data analysis who facilitate

professional learning community meetings, and provide observation and feedback, to help teachers and district leaders build skills in using data to inform instruction. Schools and districts selected by the department to participate in the program shall agree to involve the school and district leadership team as directed by the department. The Mississippi Department of Education is authorized to include pre-school programs it deems appropriate. The department is authorized to contract with a private sector provider to implement the program and work in partnership with four-year institutions of higher learning to develop and implement the program.

SECTION 9. Section 37-177-9, Mississippi Code of 1972, is brought forward as follows:

37-177-9. A public school student may not be assigned a grade level based solely on the student's age or any other factors that constitute social promotion.

Beginning in the 2014-2015 school year, if a student's reading deficiency is not remedied by the end of the student's third-grade year, as demonstrated by the student scoring at the lowest achievement level in reading on the state annual accountability assessment or on an approved alternative standardized assessment for third grade, the student shall not be promoted to fourth grade.

Beginning in the 2018-2019 school year, if a student's reading deficiency is not remedied by the end of the student's

third-grade year, as demonstrated by the student scoring above the lowest two (2) achievement levels in reading on the state annual accountability assessment or on an approved alternative standardized assessment for third grade, the student shall not be promoted to fourth grade.

SECTION 10. Section 37-177-11, Mississippi Code of 1972, is brought forward as follows:

37-177-11. (1) A third-grade student who does not meet the academic requirements for promotion to the fourth grade may be promoted by the school district only for good cause. Good cause exemptions for promotion are limited to the following students:

(a) Limited English proficient students who have had less than two (2) years of instruction in an English Language Learner program;

(b) Students with disabilities whose individual education plan (IEP) indicates that participation in the statewide accountability assessment program is not appropriate, as authorized under state law;

(c) Students with a disability who participate in the state annual accountability assessment and who have an IEP or a Section 504 plan that reflects that the individual student has received intensive remediation in reading for more than two (2) years but still demonstrates a deficiency in reading or previously was retained in kindergarten or first, second or third grade;

(d) Students who demonstrate an acceptable level of reading proficiency on an alternative standardized assessment approved by the State Board of Education; and

(e) Students who have received intensive intervention in reading for two (2) or more years but still demonstrate a deficiency in reading and who previously were retained in kindergarten or first, second or third grade for a total of two (2) years and have not met exceptional education criteria. A student who is promoted to fourth grade with a good cause exemption shall be provided an individual reading plan as described in Section 37-177-1(2), which outlines intensive reading instruction and intervention informed by specialized diagnostic information and delivered through specific reading strategies to meet the needs of each student so promoted. The school district shall assist schools and teachers in implementing reading strategies that research has shown to be successful in improving reading among students with persistent reading difficulties.

(2) A request for good cause exemptions for a third-grade student from the academic requirements established for promotion to fourth grade must be made consistent with the following:

(a) Documentation must be submitted from the student's teacher to the school principal which indicates that the promotion of the student is appropriate and is based upon the student's record. The documentation must consist of the good cause exemption being requested and must clearly prove that the student

is covered by one (1) of the good cause exemptions listed in subsection (1)(a) through (e) of this section.

(b) The principal shall review and discuss the recommendations with the teacher and parents and make a determination as to whether or not the student should be promoted based on requirements set forth in this chapter. If the principal determines that the student should be promoted, based on the documentation provided, the principal must make the recommendation in writing to the school district superintendent, who, in writing, may accept or reject the principal's recommendation. The parents of any student promoted may choose that the student be retained for one (1) year, even if the principal and district superintendent determines otherwise.

SECTION 11. Section 37-177-13, Mississippi Code of 1972, is brought forward as follows:

37-177-13. Beginning in the 2014-2015 school year, each school district shall take the following actions for retained third-grade students:

(a) Provide third-grade students who are not promoted with intensive instructional services, progress monitoring measures, and supports to remediate the identified areas of reading deficiency, as outlined in the student's individual reading plan, including a minimum of ninety (90) minutes during regular school hours of daily, scientifically research-based reading instruction that includes phonemic awareness, phonics,

1079 fluency, vocabulary and comprehension, and other strategies
1080 prescribed by the school district, which may include, but are not
1081 limited to:

- 1082 (i) Small group instruction;
- 1083 (ii) Reduced teacher-student ratios;
- 1084 (iii) Tutoring in scientifically research-based
1085 reading services in addition to the regular school day;
- 1086 (iv) The option of transition classes;
- 1087 (v) Extended school day, week or year; and
- 1088 (vi) Summer reading camps.

1089 (b) Provide written notification to the parent or legal
1090 guardian of any third-grade student who is retained that the
1091 student has not met the proficiency level required for promotion
1092 and the reasons the student is not eligible for a good cause
1093 exemption. The notification must include a description of
1094 proposed interventions and supports that will be provided to the
1095 child to remediate the identified areas of reading deficiency, as
1096 outlined in the student's individual reading plan. This
1097 notification must be provided to the parent or legal guardian in
1098 writing, in a format adopted by the State Board of Education in
1099 addition to report cards given by the teacher.

1100 (c) Provide third-grade students who are retained with
1101 a high-performing teacher, as determined by student performance
1102 data, particularly related to student growth in reading,

1103 above-satisfactory performance appraisals, and/or specific
1104 training relevant to implementation of this chapter.

1105 (d) Provide parents and legal guardians of third-grade
1106 students with a "Read at Home" plan outlined in a parental
1107 contract, including participation in regular parent-guided home
1108 reading.

1109 **SECTION 12.** Section 37-177-15, Mississippi Code of 1972, is
1110 brought forward as follows:

1111 37-177-15. Each district may provide, where applicable, an
1112 intensive acceleration class for any student retained in Grade 3
1113 who was previously retained in kindergarten or Grades 1 through 3.
1114 The focus of the intensive acceleration class should be to
1115 increase a student's reading level at least two (2) grade levels
1116 in one (1) school year. The intensive acceleration class should
1117 provide reading instruction and intervention for the majority of
1118 student contact each day and incorporate opportunities to master
1119 the Grade 4 state standards in other core academic areas.

1120 **SECTION 13.** Section 37-177-17, Mississippi Code of 1972, is
1121 brought forward as follows:

1122 37-177-17. (1) Within thirty (30) days of final State Board
1123 of Education approval of state accountability results, the school
1124 board of each school district must publish, in a newspaper having
1125 a general circulation within the school district, and report to
1126 the State Board of Education and the Mississippi Reading Panel the
1127 following information relating to the preceding school year:

1128 (a) The provisions of this chapter relating to public
1129 school student progression and the school district's policies and
1130 procedures on student retention and promotion;

1131 (b) By grade, the number and percentage of all students
