

By: Representatives Hines, Johnson, Anthony To: Medicaid; Appropriations

HOUSE BILL NO. 159

1 AN ACT TO AMEND SECTION 43-13-117, MISSISSIPPI CODE OF 1972,  
2 TO PROVIDE FOR AN INCREASED RATE OF MEDICAID REIMBURSEMENT FOR  
3 INPATIENT AND OUTPATIENT HOSPITAL SERVICES FOR HOSPITALS THAT ARE  
4 LOCATED IN A COUNTY THAT HAD AN AVERAGE MONTHLY UNEMPLOYMENT RATE  
5 OF EIGHT PERCENT OR HIGHER FOR THE TWELVE MONTHS OF THE PREVIOUS  
6 STATE FISCAL YEAR AND HAS A CRITICAL SHORTAGE OF PHYSICIANS AND  
7 NURSES; AND FOR RELATED PURPOSES.

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

9 **SECTION 1.** Section 43-13-117, Mississippi Code of 1972, is  
10 amended as follows:

11 43-13-117. (A) Medicaid as authorized by this article shall  
12 include payment of part or all of the costs, at the discretion of  
13 the division, with approval of the Governor and the Centers for  
14 Medicare and Medicaid Services, of the following types of care and  
15 services rendered to eligible applicants who have been determined  
16 to be eligible for that care and services, within the limits of  
17 state appropriations and federal matching funds:

- 18 (1) Inpatient hospital services.

19 (a) The division is authorized to implement an All  
20 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement  
21 methodology for inpatient hospital services.

22 (b) No service benefits or reimbursement  
23 limitations in this subsection (A)(1) shall apply to payments  
24 under an APR-DRG or Ambulatory Payment Classification (APC) model  
25 or a managed care program or similar model described in subsection  
26 (H) of this section unless specifically authorized by the  
27 division.

28 (c) The division shall provide an increased rate  
29 of reimbursement for inpatient hospital services that is not less  
30 than eighty percent (80%) of the Medicare reimbursement rate for  
31 the same services, for hospitals that are located in a county  
32 that:

33 (i) Had an average monthly unemployment rate  
34 of eight percent (8%) or higher, as determined by the United  
35 States Bureau of Labor Statistics, for the twelve (12) months of  
36 the previous state fiscal year; and

37 (ii) Has an critical shortage of physicians  
38 and nurses, as determined by a committee composed of  
39 representatives from the Mississippi Hospital Association,  
40 Mississippi Nurses Association and Mississippi Primary Care  
41 Association, and the Chairs of the House and Senate Medicaid  
42 Committees.

43       The increased rate of reimbursement provided for under this  
44 subparagraph (c) shall be implemented by the division not later  
45 than September 1, 2023, and shall be adjusted each year thereafter  
46 not later than September 1 of the year. The increased rate of  
47 reimbursement established each year shall remain in effect until  
48 it is adjusted the next year.

49               (2) Outpatient hospital services.

50                       (a) Emergency services.

51                       (b) Other outpatient hospital services. The  
52 division shall allow benefits for other medically necessary  
53 outpatient hospital services (such as chemotherapy, radiation,  
54 surgery and therapy), including outpatient services in a clinic or  
55 other facility that is not located inside the hospital, but that  
56 has been designated as an outpatient facility by the hospital, and  
57 that was in operation or under construction on July 1, 2009,  
58 provided that the costs and charges associated with the operation  
59 of the hospital clinic are included in the hospital's cost report.  
60 In addition, the Medicare thirty-five-mile rule will apply to  
61 those hospital clinics not located inside the hospital that are  
62 constructed after July 1, 2009. Where the same services are  
63 reimbursed as clinic services, the division may revise the rate or  
64 methodology of outpatient reimbursement to maintain consistency,  
65 efficiency, economy and quality of care.

66                       (c) The division is authorized to implement an  
67 Ambulatory Payment Classification (APC) methodology for outpatient

68 hospital services. The division shall give rural hospitals that  
69 have fifty (50) or fewer licensed beds the option to not be  
70 reimbursed for outpatient hospital services using the APC  
71 methodology, but reimbursement for outpatient hospital services  
72 provided by those hospitals shall be based on one hundred one  
73 percent (101%) of the rate established under Medicare for  
74 outpatient hospital services. Those hospitals choosing to not be  
75 reimbursed under the APC methodology shall remain under cost-based  
76 reimbursement for a two-year period.

77 (d) No service benefits or reimbursement  
78 limitations in this subsection (A) (2) shall apply to payments  
79 under an APR-DRG or APC model or a managed care program or similar  
80 model described in subsection (H) of this section unless  
81 specifically authorized by the division.

82 (e) The division shall provide an increased rate  
83 of reimbursement for outpatient hospital services that is not less  
84 than eighty percent (80%) of the Medicare reimbursement rate for  
85 the same services, for hospitals that meet the criteria for an  
86 increased rate of reimbursement for inpatient hospital services as  
87 provided in paragraph (1) (c) of this subsection A.

88 (3) Laboratory and x-ray services.

89 (4) Nursing facility services.

90 (a) The division shall make full payment to  
91 nursing facilities for each day, not exceeding forty-two (42) days  
92 per year, that a patient is absent from the facility on home

93 leave. Payment may be made for the following home leave days in  
94 addition to the forty-two-day limitation: Christmas, the day  
95 before Christmas, the day after Christmas, Thanksgiving, the day  
96 before Thanksgiving and the day after Thanksgiving.

97 (b) From and after July 1, 1997, the division  
98 shall implement the integrated case-mix payment and quality  
99 monitoring system, which includes the fair rental system for  
100 property costs and in which recapture of depreciation is  
101 eliminated. The division may reduce the payment for hospital  
102 leave and therapeutic home leave days to the lower of the case-mix  
103 category as computed for the resident on leave using the  
104 assessment being utilized for payment at that point in time, or a  
105 case-mix score of 1.000 for nursing facilities, and shall compute  
106 case-mix scores of residents so that only services provided at the  
107 nursing facility are considered in calculating a facility's per  
108 diem.

109 (c) From and after July 1, 1997, all state-owned  
110 nursing facilities shall be reimbursed on a full reasonable cost  
111 basis.

112 (d) On or after January 1, 2015, the division  
113 shall update the case-mix payment system resource utilization  
114 grouper and classifications and fair rental reimbursement system.  
115 The division shall develop and implement a payment add-on to  
116 reimburse nursing facilities for ventilator-dependent resident  
117 services.

118 (e) The division shall develop and implement, not  
119 later than January 1, 2001, a case-mix payment add-on determined  
120 by time studies and other valid statistical data that will  
121 reimburse a nursing facility for the additional cost of caring for  
122 a resident who has a diagnosis of Alzheimer's or other related  
123 dementia and exhibits symptoms that require special care. Any  
124 such case-mix add-on payment shall be supported by a determination  
125 of additional cost. The division shall also develop and implement  
126 as part of the fair rental reimbursement system for nursing  
127 facility beds, an Alzheimer's resident bed depreciation enhanced  
128 reimbursement system that will provide an incentive to encourage  
129 nursing facilities to convert or construct beds for residents with  
130 Alzheimer's or other related dementia.

131 (f) The division shall develop and implement an  
132 assessment process for long-term care services. The division may  
133 provide the assessment and related functions directly or through  
134 contract with the area agencies on aging.

135 The division shall apply for necessary federal waivers to  
136 assure that additional services providing alternatives to nursing  
137 facility care are made available to applicants for nursing  
138 facility care.

139 (5) Periodic screening and diagnostic services for  
140 individuals under age twenty-one (21) years as are needed to  
141 identify physical and mental defects and to provide health care  
142 treatment and other measures designed to correct or ameliorate

143 defects and physical and mental illness and conditions discovered  
144 by the screening services, regardless of whether these services  
145 are included in the state plan. The division may include in its  
146 periodic screening and diagnostic program those discretionary  
147 services authorized under the federal regulations adopted to  
148 implement Title XIX of the federal Social Security Act, as  
149 amended. The division, in obtaining physical therapy services,  
150 occupational therapy services, and services for individuals with  
151 speech, hearing and language disorders, may enter into a  
152 cooperative agreement with the State Department of Education for  
153 the provision of those services to handicapped students by public  
154 school districts using state funds that are provided from the  
155 appropriation to the Department of Education to obtain federal  
156 matching funds through the division. The division, in obtaining  
157 medical and mental health assessments, treatment, care and  
158 services for children who are in, or at risk of being put in, the  
159 custody of the Mississippi Department of Human Services may enter  
160 into a cooperative agreement with the Mississippi Department of  
161 Human Services for the provision of those services using state  
162 funds that are provided from the appropriation to the Department  
163 of Human Services to obtain federal matching funds through the  
164 division.

165           (6) Physician services. Fees for physician's services  
166 that are covered only by Medicaid shall be reimbursed at ninety  
167 percent (90%) of the rate established on January 1, 2018, and as

168 may be adjusted each July thereafter, under Medicare. The  
169 division may provide for a reimbursement rate for physician's  
170 services of up to one hundred percent (100%) of the rate  
171 established under Medicare for physician's services that are  
172 provided after the normal working hours of the physician, as  
173 determined in accordance with regulations of the division. The  
174 division may reimburse eligible providers, as determined by the  
175 division, for certain primary care services at one hundred percent  
176 (100%) of the rate established under Medicare. The division shall  
177 reimburse obstetricians and gynecologists for certain primary care  
178 services as defined by the division at one hundred percent (100%)  
179 of the rate established under Medicare.

180           (7) (a) Home health services for eligible persons, not  
181 to exceed in cost the prevailing cost of nursing facility  
182 services. All home health visits must be precertified as required  
183 by the division. In addition to physicians, certified registered  
184 nurse practitioners, physician assistants and clinical nurse  
185 specialists are authorized to prescribe or order home health  
186 services and plans of care, sign home health plans of care,  
187 certify and recertify eligibility for home health services and  
188 conduct the required initial face-to-face visit with the recipient  
189 of the services.

190           (b) [Repealed]

191           (8) Emergency medical transportation services as  
192 determined by the division.

193           (9) Prescription drugs and other covered drugs and  
194 services as determined by the division.

195           The division shall establish a mandatory preferred drug list.  
196 Drugs not on the mandatory preferred drug list shall be made  
197 available by utilizing prior authorization procedures established  
198 by the division.

199           The division may seek to establish relationships with other  
200 states in order to lower acquisition costs of prescription drugs  
201 to include single-source and innovator multiple-source drugs or  
202 generic drugs. In addition, if allowed by federal law or  
203 regulation, the division may seek to establish relationships with  
204 and negotiate with other countries to facilitate the acquisition  
205 of prescription drugs to include single-source and innovator  
206 multiple-source drugs or generic drugs, if that will lower the  
207 acquisition costs of those prescription drugs.

208           The division may allow for a combination of prescriptions for  
209 single-source and innovator multiple-source drugs and generic  
210 drugs to meet the needs of the beneficiaries.

211           The executive director may approve specific maintenance drugs  
212 for beneficiaries with certain medical conditions, which may be  
213 prescribed and dispensed in three-month supply increments.

214           Drugs prescribed for a resident of a psychiatric residential  
215 treatment facility must be provided in true unit doses when  
216 available. The division may require that drugs not covered by  
217 Medicare Part D for a resident of a long-term care facility be

218 provided in true unit doses when available. Those drugs that were  
219 originally billed to the division but are not used by a resident  
220 in any of those facilities shall be returned to the billing  
221 pharmacy for credit to the division, in accordance with the  
222 guidelines of the State Board of Pharmacy and any requirements of  
223 federal law and regulation. Drugs shall be dispensed to a  
224 recipient and only one (1) dispensing fee per month may be  
225 charged. The division shall develop a methodology for reimbursing  
226 for restocked drugs, which shall include a restock fee as  
227 determined by the division not exceeding Seven Dollars and  
228 Eighty-two Cents (\$7.82).

229       Except for those specific maintenance drugs approved by the  
230 executive director, the division shall not reimburse for any  
231 portion of a prescription that exceeds a thirty-one-day supply of  
232 the drug based on the daily dosage.

233       The division is authorized to develop and implement a program  
234 of payment for additional pharmacist services as determined by the  
235 division.

236       All claims for drugs for dually eligible Medicare/Medicaid  
237 beneficiaries that are paid for by Medicare must be submitted to  
238 Medicare for payment before they may be processed by the  
239 division's online payment system.

240       The division shall develop a pharmacy policy in which drugs  
241 in tamper-resistant packaging that are prescribed for a resident  
242 of a nursing facility but are not dispensed to the resident shall

243 be returned to the pharmacy and not billed to Medicaid, in  
244 accordance with guidelines of the State Board of Pharmacy.

245 The division shall develop and implement a method or methods  
246 by which the division will provide on a regular basis to Medicaid  
247 providers who are authorized to prescribe drugs, information about  
248 the costs to the Medicaid program of single-source drugs and  
249 innovator multiple-source drugs, and information about other drugs  
250 that may be prescribed as alternatives to those single-source  
251 drugs and innovator multiple-source drugs and the costs to the  
252 Medicaid program of those alternative drugs.

253 Notwithstanding any law or regulation, information obtained  
254 or maintained by the division regarding the prescription drug  
255 program, including trade secrets and manufacturer or labeler  
256 pricing, is confidential and not subject to disclosure except to  
257 other state agencies.

258 The dispensing fee for each new or refill prescription,  
259 including nonlegend or over-the-counter drugs covered by the  
260 division, shall be not less than Three Dollars and Ninety-one  
261 Cents (\$3.91), as determined by the division.

262 The division shall not reimburse for single-source or  
263 innovator multiple-source drugs if there are equally effective  
264 generic equivalents available and if the generic equivalents are  
265 the least expensive.

266 It is the intent of the Legislature that the pharmacists  
267 providers be reimbursed for the reasonable costs of filling and  
268 dispensing prescriptions for Medicaid beneficiaries.

269 The division shall allow certain drugs, including  
270 physician-administered drugs, and implantable drug system devices,  
271 and medical supplies, with limited distribution or limited access  
272 for beneficiaries and administered in an appropriate clinical  
273 setting, to be reimbursed as either a medical claim or pharmacy  
274 claim, as determined by the division.

275 It is the intent of the Legislature that the division and any  
276 managed care entity described in subsection (H) of this section  
277 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
278 prevent recurrent preterm birth.

279 (10) Dental and orthodontic services to be determined  
280 by the division.

281 The division shall increase the amount of the reimbursement  
282 rate for diagnostic and preventative dental services for each of  
283 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
284 the amount of the reimbursement rate for the previous fiscal year.  
285 The division shall increase the amount of the reimbursement rate  
286 for restorative dental services for each of the fiscal years 2023,  
287 2024 and 2025 by five percent (5%) above the amount of the  
288 reimbursement rate for the previous fiscal year. It is the intent  
289 of the Legislature that the reimbursement rate revision for  
290 preventative dental services will be an incentive to increase the

291 number of dentists who actively provide Medicaid services. This  
292 dental services reimbursement rate revision shall be known as the  
293 "James Russell Dumas Medicaid Dental Services Incentive Program."

294 The Medical Care Advisory Committee, assisted by the Division  
295 of Medicaid, shall annually determine the effect of this incentive  
296 by evaluating the number of dentists who are Medicaid providers,  
297 the number who and the degree to which they are actively billing  
298 Medicaid, the geographic trends of where dentists are offering  
299 what types of Medicaid services and other statistics pertinent to  
300 the goals of this legislative intent. This data shall annually be  
301 presented to the Chair of the Senate Medicaid Committee and the  
302 Chair of the House Medicaid Committee.

303 The division shall include dental services as a necessary  
304 component of overall health services provided to children who are  
305 eligible for services.

306 (11) Eyeglasses for all Medicaid beneficiaries who have  
307 (a) had surgery on the eyeball or ocular muscle that results in a  
308 vision change for which eyeglasses or a change in eyeglasses is  
309 medically indicated within six (6) months of the surgery and is in  
310 accordance with policies established by the division, or (b) one  
311 (1) pair every five (5) years and in accordance with policies  
312 established by the division. In either instance, the eyeglasses  
313 must be prescribed by a physician skilled in diseases of the eye  
314 or an optometrist, whichever the beneficiary may select.

315 (12) Intermediate care facility services.

316 (a) The division shall make full payment to all  
317 intermediate care facilities for individuals with intellectual  
318 disabilities for each day, not exceeding sixty-three (63) days per  
319 year, that a patient is absent from the facility on home leave.  
320 Payment may be made for the following home leave days in addition  
321 to the sixty-three-day limitation: Christmas, the day before  
322 Christmas, the day after Christmas, Thanksgiving, the day before  
323 Thanksgiving and the day after Thanksgiving.

324 (b) All state-owned intermediate care facilities  
325 for individuals with intellectual disabilities shall be reimbursed  
326 on a full reasonable cost basis.

327 (c) Effective January 1, 2015, the division shall  
328 update the fair rental reimbursement system for intermediate care  
329 facilities for individuals with intellectual disabilities.

330 (13) Family planning services, including drugs,  
331 supplies and devices, when those services are under the  
332 supervision of a physician or nurse practitioner.

333 (14) Clinic services. Preventive, diagnostic,  
334 therapeutic, rehabilitative or palliative services that are  
335 furnished by a facility that is not part of a hospital but is  
336 organized and operated to provide medical care to outpatients.  
337 Clinic services include, but are not limited to:

338 (a) Services provided by ambulatory surgical  
339 centers (ACSS) as defined in Section 41-75-1(a); and

340 (b) Dialysis center services.

341 (15) Home- and community-based services for the elderly  
342 and disabled, as provided under Title XIX of the federal Social  
343 Security Act, as amended, under waivers, subject to the  
344 availability of funds specifically appropriated for that purpose  
345 by the Legislature.

346 (16) Mental health services. Certain services provided  
347 by a psychiatrist shall be reimbursed at up to one hundred percent  
348 (100%) of the Medicare rate. Approved therapeutic and case  
349 management services (a) provided by an approved regional mental  
350 health/intellectual disability center established under Sections  
351 41-19-31 through 41-19-39, or by another community mental health  
352 service provider meeting the requirements of the Department of  
353 Mental Health to be an approved mental health/intellectual  
354 disability center if determined necessary by the Department of  
355 Mental Health, using state funds that are provided in the  
356 appropriation to the division to match federal funds, or (b)  
357 provided by a facility that is certified by the State Department  
358 of Mental Health to provide therapeutic and case management  
359 services, to be reimbursed on a fee for service basis, or (c)  
360 provided in the community by a facility or program operated by the  
361 Department of Mental Health. Any such services provided by a  
362 facility described in subparagraph (b) must have the prior  
363 approval of the division to be reimbursable under this section.

364 (17) Durable medical equipment services and medical  
365 supplies. Precertification of durable medical equipment and

366 medical supplies must be obtained as required by the division.  
367 The Division of Medicaid may require durable medical equipment  
368 providers to obtain a surety bond in the amount and to the  
369 specifications as established by the Balanced Budget Act of 1997.  
370 A maximum dollar amount of reimbursement for noninvasive  
371 ventilators or ventilation treatments properly ordered and being  
372 used in an appropriate care setting shall not be set by any health  
373 maintenance organization, coordinated care organization,  
374 provider-sponsored health plan, or other organization paid for  
375 services on a capitated basis by the division under any managed  
376 care program or coordinated care program implemented by the  
377 division under this section. Reimbursement by these organizations  
378 to durable medical equipment suppliers for home use of noninvasive  
379 and invasive ventilators shall be on a continuous monthly payment  
380 basis for the duration of medical need throughout a patient's  
381 valid prescription period.

382           (18) (a) Notwithstanding any other provision of this  
383 section to the contrary, as provided in the Medicaid state plan  
384 amendment or amendments as defined in Section 43-13-145(10), the  
385 division shall make additional reimbursement to hospitals that  
386 serve a disproportionate share of low-income patients and that  
387 meet the federal requirements for those payments as provided in  
388 Section 1923 of the federal Social Security Act and any applicable  
389 regulations. It is the intent of the Legislature that the  
390 division shall draw down all available federal funds allotted to

391 the state for disproportionate share hospitals. However, from and  
392 after January 1, 1999, public hospitals participating in the  
393 Medicaid disproportionate share program may be required to  
394 participate in an intergovernmental transfer program as provided  
395 in Section 1903 of the federal Social Security Act and any  
396 applicable regulations.

397 (b) (i) 1. The division may establish a Medicare  
398 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
399 the federal Social Security Act and any applicable federal  
400 regulations, or an allowable delivery system or provider payment  
401 initiative authorized under 42 CFR 438.6(c), for hospitals,  
402 nursing facilities and physicians employed or contracted by  
403 hospitals.

404 2. The division shall establish a  
405 Medicaid Supplemental Payment Program, as permitted by the federal  
406 Social Security Act and a comparable allowable delivery system or  
407 provider payment initiative authorized under 42 CFR 438.6(c), for  
408 emergency ambulance transportation providers in accordance with  
409 this subsection (A)(18)(b).

410 (ii) The division shall assess each hospital,  
411 nursing facility, and emergency ambulance transportation provider  
412 for the sole purpose of financing the state portion of the  
413 Medicare Upper Payment Limits Program or other program(s)  
414 authorized under this subsection (A)(18)(b). The hospital  
415 assessment shall be as provided in Section 43-13-145(4)(a), and

416 the nursing facility and the emergency ambulance transportation  
417 assessments, if established, shall be based on Medicaid  
418 utilization or other appropriate method, as determined by the  
419 division, consistent with federal regulations. The assessments  
420 will remain in effect as long as the state participates in the  
421 Medicare Upper Payment Limits Program or other program(s)  
422 authorized under this subsection (A) (18) (b). In addition to the  
423 hospital assessment provided in Section 43-13-145(4) (a), hospitals  
424 with physicians participating in the Medicare Upper Payment Limits  
425 Program or other program(s) authorized under this subsection  
426 (A) (18) (b) shall be required to participate in an  
427 intergovernmental transfer or assessment, as determined by the  
428 division, for the purpose of financing the state portion of the  
429 physician UPL payments or other payment(s) authorized under this  
430 subsection (A) (18) (b).

431 (iii) Subject to approval by the Centers for  
432 Medicare and Medicaid Services (CMS) and the provisions of this  
433 subsection (A) (18) (b), the division shall make additional  
434 reimbursement to hospitals, nursing facilities, and emergency  
435 ambulance transportation providers for the Medicare Upper Payment  
436 Limits Program or other program(s) authorized under this  
437 subsection (A) (18) (b), and, if the program is established for  
438 physicians, shall make additional reimbursement for physicians, as  
439 defined in Section 1902(a) (30) of the federal Social Security Act

440 and any applicable federal regulations, provided the assessment in  
441 this subsection (A) (18) (b) is in effect.

442 (iv) Notwithstanding any other provision of  
443 this article to the contrary, effective upon implementation of the  
444 Mississippi Hospital Access Program (MHAP) provided in  
445 subparagraph (c) (i) below, the hospital portion of the inpatient  
446 Upper Payment Limits Program shall transition into and be replaced  
447 by the MHAP program. However, the division is authorized to  
448 develop and implement an alternative fee-for-service Upper Payment  
449 Limits model in accordance with federal laws and regulations if  
450 necessary to preserve supplemental funding. Further, the  
451 division, in consultation with the hospital industry shall develop  
452 alternative models for distribution of medical claims and  
453 supplemental payments for inpatient and outpatient hospital  
454 services, and such models may include, but shall not be limited to  
455 the following: increasing rates for inpatient and outpatient  
456 services; creating a low-income utilization pool of funds to  
457 reimburse hospitals for the costs of uncompensated care, charity  
458 care and bad debts as permitted and approved pursuant to federal  
459 regulations and the Centers for Medicare and Medicaid Services;  
460 supplemental payments based upon Medicaid utilization, quality,  
461 service lines and/or costs of providing such services to Medicaid  
462 beneficiaries and to uninsured patients. The goals of such  
463 payment models shall be to ensure access to inpatient and  
464 outpatient care and to maximize any federal funds that are

465 available to reimburse hospitals for services provided. Any such  
466 documents required to achieve the goals described in this  
467 paragraph shall be submitted to the Centers for Medicare and  
468 Medicaid Services, with a proposed effective date of July 1, 2019,  
469 to the extent possible, but in no event shall the effective date  
470 of such payment models be later than July 1, 2020. The Chairmen  
471 of the Senate and House Medicaid Committees shall be provided a  
472 copy of the proposed payment model(s) prior to submission.  
473 Effective July 1, 2018, and until such time as any payment  
474 model(s) as described above become effective, the division, in  
475 consultation with the hospital industry, is authorized to  
476 implement a transitional program for inpatient and outpatient  
477 payments and/or supplemental payments (including, but not limited  
478 to, MHAP and directed payments), to redistribute available  
479 supplemental funds among hospital providers, provided that when  
480 compared to a hospital's prior year supplemental payments,  
481 supplemental payments made pursuant to any such transitional  
482 program shall not result in a decrease of more than five percent  
483 (5%) and shall not increase by more than the amount needed to  
484 maximize the distribution of the available funds.

485 (v) 1. To preserve and improve access to  
486 ambulance transportation provider services, the division shall  
487 seek CMS approval to make ambulance service access payments as set  
488 forth in this subsection (A)(18)(b) for all covered emergency  
489 ambulance services rendered on or after July 1, 2022, and shall

490 make such ambulance service access payments for all covered  
491 services rendered on or after the effective date of CMS approval.

492                   2. The division shall calculate the  
493 ambulance service access payment amount as the balance of the  
494 portion of the Medical Care Fund related to ambulance  
495 transportation service provider assessments plus any federal  
496 matching funds earned on the balance, up to, but not to exceed,  
497 the upper payment limit gap for all emergency ambulance service  
498 providers.

499                   3. a. Except for ambulance services  
500 exempt from the assessment provided in this paragraph (18)(b), all  
501 ambulance transportation service providers shall be eligible for  
502 ambulance service access payments each state fiscal year as set  
503 forth in this paragraph (18)(b).

504                   b. In addition to any other funds  
505 paid to ambulance transportation service providers for emergency  
506 medical services provided to Medicaid beneficiaries, each eligible  
507 ambulance transportation service provider shall receive ambulance  
508 service access payments each state fiscal year equal to the  
509 ambulance transportation service provider's upper payment limit  
510 gap. Subject to approval by the Centers for Medicare and Medicaid  
511 Services, ambulance service access payments shall be made no less  
512 than on a quarterly basis.

513                   c. As used in this paragraph  
514 (18)(b)(v), the term "upper payment limit gap" means the

515 difference between the total amount that the ambulance  
516 transportation service provider received from Medicaid and the  
517 average amount that the ambulance transportation service provider  
518 would have received from commercial insurers for those services  
519 reimbursed by Medicaid.

520                                   4. An ambulance service access payment  
521 shall not be used to offset any other payment by the division for  
522 emergency or nonemergency services to Medicaid beneficiaries.

523                                   (c) (i) Not later than December 1, 2015, the  
524 division shall, subject to approval by the Centers for Medicare  
525 and Medicaid Services (CMS), establish, implement and operate a  
526 Mississippi Hospital Access Program (MHAP) for the purpose of  
527 protecting patient access to hospital care through hospital  
528 inpatient reimbursement programs provided in this section designed  
529 to maintain total hospital reimbursement for inpatient services  
530 rendered by in-state hospitals and the out-of-state hospital that  
531 is authorized by federal law to submit intergovernmental transfers  
532 (IGTs) to the State of Mississippi and is classified as Level I  
533 trauma center located in a county contiguous to the state line at  
534 the maximum levels permissible under applicable federal statutes  
535 and regulations, at which time the current inpatient Medicare  
536 Upper Payment Limits (UPL) Program for hospital inpatient services  
537 shall transition to the MHAP.

538                                   (ii) Subject to approval by the Centers for  
539 Medicare and Medicaid Services (CMS), the MHAP shall provide

540 increased inpatient capitation (PMPM) payments to managed care  
541 entities contracting with the division pursuant to subsection (H)  
542 of this section to support availability of hospital services or  
543 such other payments permissible under federal law necessary to  
544 accomplish the intent of this subsection.

545 (iii) The intent of this subparagraph (c) is  
546 that effective for all inpatient hospital Medicaid services during  
547 state fiscal year 2016, and so long as this provision shall remain  
548 in effect hereafter, the division shall to the fullest extent  
549 feasible replace the additional reimbursement for hospital  
550 inpatient services under the inpatient Medicare Upper Payment  
551 Limits (UPL) Program with additional reimbursement under the MHAP  
552 and other payment programs for inpatient and/or outpatient  
553 payments which may be developed under the authority of this  
554 paragraph.

555 (iv) The division shall assess each hospital  
556 as provided in Section 43-13-145(4) (a) for the purpose of  
557 financing the state portion of the MHAP, supplemental payments and  
558 such other purposes as specified in Section 43-13-145. The  
559 assessment will remain in effect as long as the MHAP and  
560 supplemental payments are in effect.

561 (19) (a) Perinatal risk management services. The  
562 division shall promulgate regulations to be effective from and  
563 after October 1, 1988, to establish a comprehensive perinatal  
564 system for risk assessment of all pregnant and infant Medicaid

565 recipients and for management, education and follow-up for those  
566 who are determined to be at risk. Services to be performed  
567 include case management, nutrition assessment/counseling,  
568 psychosocial assessment/counseling and health education. The  
569 division shall contract with the State Department of Health to  
570 provide services within this paragraph (Perinatal High Risk  
571 Management/Infant Services System (PHRM/ISS)). The State  
572 Department of Health shall be reimbursed on a full reasonable cost  
573 basis for services provided under this subparagraph (a).

574                   (b) Early intervention system services. The  
575 division shall cooperate with the State Department of Health,  
576 acting as lead agency, in the development and implementation of a  
577 statewide system of delivery of early intervention services, under  
578 Part C of the Individuals with Disabilities Education Act (IDEA).  
579 The State Department of Health shall certify annually in writing  
580 to the executive director of the division the dollar amount of  
581 state early intervention funds available that will be utilized as  
582 a certified match for Medicaid matching funds. Those funds then  
583 shall be used to provide expanded targeted case management  
584 services for Medicaid eligible children with special needs who are  
585 eligible for the state's early intervention system.  
586 Qualifications for persons providing service coordination shall be  
587 determined by the State Department of Health and the Division of  
588 Medicaid.

589           (20) Home- and community-based services for physically  
590 disabled approved services as allowed by a waiver from the United  
591 States Department of Health and Human Services for home- and  
592 community-based services for physically disabled people using  
593 state funds that are provided from the appropriation to the State  
594 Department of Rehabilitation Services and used to match federal  
595 funds under a cooperative agreement between the division and the  
596 department, provided that funds for these services are  
597 specifically appropriated to the Department of Rehabilitation  
598 Services.

599           (21) Nurse practitioner services. Services furnished  
600 by a registered nurse who is licensed and certified by the  
601 Mississippi Board of Nursing as a nurse practitioner, including,  
602 but not limited to, nurse anesthetists, nurse midwives, family  
603 nurse practitioners, family planning nurse practitioners,  
604 pediatric nurse practitioners, obstetrics-gynecology nurse  
605 practitioners and neonatal nurse practitioners, under regulations  
606 adopted by the division. Reimbursement for those services shall  
607 not exceed ninety percent (90%) of the reimbursement rate for  
608 comparable services rendered by a physician. The division may  
609 provide for a reimbursement rate for nurse practitioner services  
610 of up to one hundred percent (100%) of the reimbursement rate for  
611 comparable services rendered by a physician for nurse practitioner  
612 services that are provided after the normal working hours of the

613 nurse practitioner, as determined in accordance with regulations  
614 of the division.

615 (22) Ambulatory services delivered in federally  
616 qualified health centers, rural health centers and clinics of the  
617 local health departments of the State Department of Health for  
618 individuals eligible for Medicaid under this article based on  
619 reasonable costs as determined by the division. Federally  
620 qualified health centers shall be reimbursed by the Medicaid  
621 prospective payment system as approved by the Centers for Medicare  
622 and Medicaid Services. The division shall recognize federally  
623 qualified health centers (FQHCs), rural health clinics (RHCs) and  
624 community mental health centers (CMHCs) as both an originating and  
625 distant site provider for the purposes of telehealth  
626 reimbursement. The division is further authorized and directed to  
627 reimburse FQHCs, RHCs and CMHCs for both distant site and  
628 originating site services when such services are appropriately  
629 provided by the same organization.

630 (23) Inpatient psychiatric services.

631 (a) Inpatient psychiatric services to be  
632 determined by the division for recipients under age twenty-one  
633 (21) that are provided under the direction of a physician in an  
634 inpatient program in a licensed acute care psychiatric facility or  
635 in a licensed psychiatric residential treatment facility, before  
636 the recipient reaches age twenty-one (21) or, if the recipient was  
637 receiving the services immediately before he or she reached age

638 twenty-one (21), before the earlier of the date he or she no  
639 longer requires the services or the date he or she reaches age  
640 twenty-two (22), as provided by federal regulations. From and  
641 after January 1, 2015, the division shall update the fair rental  
642 reimbursement system for psychiatric residential treatment  
643 facilities. Precertification of inpatient days and residential  
644 treatment days must be obtained as required by the division. From  
645 and after July 1, 2009, all state-owned and state-operated  
646 facilities that provide inpatient psychiatric services to persons  
647 under age twenty-one (21) who are eligible for Medicaid  
648 reimbursement shall be reimbursed for those services on a full  
649 reasonable cost basis.

650 (b) The division may reimburse for services  
651 provided by a licensed freestanding psychiatric hospital to  
652 Medicaid recipients over the age of twenty-one (21) in a method  
653 and manner consistent with the provisions of Section 43-13-117.5.

654 (24) [Deleted]

655 (25) [Deleted]

656 (26) Hospice care. As used in this paragraph, the term  
657 "hospice care" means a coordinated program of active professional  
658 medical attention within the home and outpatient and inpatient  
659 care that treats the terminally ill patient and family as a unit,  
660 employing a medically directed interdisciplinary team. The  
661 program provides relief of severe pain or other physical symptoms  
662 and supportive care to meet the special needs arising out of

663 physical, psychological, spiritual, social and economic stresses  
664 that are experienced during the final stages of illness and during  
665 dying and bereavement and meets the Medicare requirements for  
666 participation as a hospice as provided in federal regulations.

667 (27) Group health plan premiums and cost-sharing if it  
668 is cost-effective as defined by the United States Secretary of  
669 Health and Human Services.

670 (28) Other health insurance premiums that are  
671 cost-effective as defined by the United States Secretary of Health  
672 and Human Services. Medicare eligible must have Medicare Part B  
673 before other insurance premiums can be paid.

674 (29) The Division of Medicaid may apply for a waiver  
675 from the United States Department of Health and Human Services for  
676 home- and community-based services for developmentally disabled  
677 people using state funds that are provided from the appropriation  
678 to the State Department of Mental Health and/or funds transferred  
679 to the department by a political subdivision or instrumentality of  
680 the state and used to match federal funds under a cooperative  
681 agreement between the division and the department, provided that  
682 funds for these services are specifically appropriated to the  
683 Department of Mental Health and/or transferred to the department  
684 by a political subdivision or instrumentality of the state.

685 (30) Pediatric skilled nursing services as determined  
686 by the division and in a manner consistent with regulations  
687 promulgated by the Mississippi State Department of Health.

688           (31) Targeted case management services for children  
689 with special needs, under waivers from the United States  
690 Department of Health and Human Services, using state funds that  
691 are provided from the appropriation to the Mississippi Department  
692 of Human Services and used to match federal funds under a  
693 cooperative agreement between the division and the department.

694           (32) Care and services provided in Christian Science  
695 Sanatoria listed and certified by the Commission for Accreditation  
696 of Christian Science Nursing Organizations/Facilities, Inc.,  
697 rendered in connection with treatment by prayer or spiritual means  
698 to the extent that those services are subject to reimbursement  
699 under Section 1903 of the federal Social Security Act.

700           (33) Podiatrist services.

701           (34) Assisted living services as provided through  
702 home- and community-based services under Title XIX of the federal  
703 Social Security Act, as amended, subject to the availability of  
704 funds specifically appropriated for that purpose by the  
705 Legislature.

706           (35) Services and activities authorized in Sections  
707 43-27-101 and 43-27-103, using state funds that are provided from  
708 the appropriation to the Mississippi Department of Human Services  
709 and used to match federal funds under a cooperative agreement  
710 between the division and the department.

711           (36) Nonemergency transportation services for  
712 Medicaid-eligible persons as determined by the division. The PEER

713 Committee shall conduct a performance evaluation of the  
714 nonemergency transportation program to evaluate the administration  
715 of the program and the providers of transportation services to  
716 determine the most cost-effective ways of providing nonemergency  
717 transportation services to the patients served under the program.  
718 The performance evaluation shall be completed and provided to the  
719 members of the Senate Medicaid Committee and the House Medicaid  
720 Committee not later than January 1, 2019, and every two (2) years  
721 thereafter.

722 (37) [Deleted]

723 (38) Chiropractic services. A chiropractor's manual  
724 manipulation of the spine to correct a subluxation, if x-ray  
725 demonstrates that a subluxation exists and if the subluxation has  
726 resulted in a neuromusculoskeletal condition for which  
727 manipulation is appropriate treatment, and related spinal x-rays  
728 performed to document these conditions. Reimbursement for  
729 chiropractic services shall not exceed Seven Hundred Dollars  
730 (\$700.00) per year per beneficiary.

731 (39) Dually eligible Medicare/Medicaid beneficiaries.  
732 The division shall pay the Medicare deductible and coinsurance  
733 amounts for services available under Medicare, as determined by  
734 the division. From and after July 1, 2009, the division shall  
735 reimburse crossover claims for inpatient hospital services and  
736 crossover claims covered under Medicare Part B in the same manner

737 that was in effect on January 1, 2008, unless specifically  
738 authorized by the Legislature to change this method.

739 (40) [Deleted]

740 (41) Services provided by the State Department of  
741 Rehabilitation Services for the care and rehabilitation of persons  
742 with spinal cord injuries or traumatic brain injuries, as allowed  
743 under waivers from the United States Department of Health and  
744 Human Services, using up to seventy-five percent (75%) of the  
745 funds that are appropriated to the Department of Rehabilitation  
746 Services from the Spinal Cord and Head Injury Trust Fund  
747 established under Section 37-33-261 and used to match federal  
748 funds under a cooperative agreement between the division and the  
749 department.

750 (42) [Deleted]

751 (43) The division shall provide reimbursement,  
752 according to a payment schedule developed by the division, for  
753 smoking cessation medications for pregnant women during their  
754 pregnancy and other Medicaid-eligible women who are of  
755 child-bearing age.

756 (44) Nursing facility services for the severely  
757 disabled.

758 (a) Severe disabilities include, but are not  
759 limited to, spinal cord injuries, closed-head injuries and  
760 ventilator-dependent patients.

761 (b) Those services must be provided in a long-term  
762 care nursing facility dedicated to the care and treatment of  
763 persons with severe disabilities.

764 (45) Physician assistant services. Services furnished  
765 by a physician assistant who is licensed by the State Board of  
766 Medical Licensure and is practicing with physician supervision  
767 under regulations adopted by the board, under regulations adopted  
768 by the division. Reimbursement for those services shall not  
769 exceed ninety percent (90%) of the reimbursement rate for  
770 comparable services rendered by a physician. The division may  
771 provide for a reimbursement rate for physician assistant services  
772 of up to one hundred percent (100%) or the reimbursement rate for  
773 comparable services rendered by a physician for physician  
774 assistant services that are provided after the normal working  
775 hours of the physician assistant, as determined in accordance with  
776 regulations of the division.

777 (46) The division shall make application to the federal  
778 Centers for Medicare and Medicaid Services (CMS) for a waiver to  
779 develop and provide services for children with serious emotional  
780 disturbances as defined in Section 43-14-1(1), which may include  
781 home- and community-based services, case management services or  
782 managed care services through mental health providers certified by  
783 the Department of Mental Health. The division may implement and  
784 provide services under this waived program only if funds for  
785 these services are specifically appropriated for this purpose by

786 the Legislature, or if funds are voluntarily provided by affected  
787 agencies.

788           (47) (a) The division may develop and implement  
789 disease management programs for individuals with high-cost chronic  
790 diseases and conditions, including the use of grants, waivers,  
791 demonstrations or other projects as necessary.

792           (b) Participation in any disease management  
793 program implemented under this paragraph (47) is optional with the  
794 individual. An individual must affirmatively elect to participate  
795 in the disease management program in order to participate, and may  
796 elect to discontinue participation in the program at any time.

797           (48) Pediatric long-term acute care hospital services.

798           (a) Pediatric long-term acute care hospital  
799 services means services provided to eligible persons under  
800 twenty-one (21) years of age by a freestanding Medicare-certified  
801 hospital that has an average length of inpatient stay greater than  
802 twenty-five (25) days and that is primarily engaged in providing  
803 chronic or long-term medical care to persons under twenty-one (21)  
804 years of age.

805           (b) The services under this paragraph (48) shall  
806 be reimbursed as a separate category of hospital services.

807           (49) The division may establish copayments and/or  
808 coinsurance for any Medicaid services for which copayments and/or  
809 coinsurance are allowable under federal law or regulation.

810                   (50) Services provided by the State Department of  
811 Rehabilitation Services for the care and rehabilitation of persons  
812 who are deaf and blind, as allowed under waivers from the United  
813 States Department of Health and Human Services to provide home-  
814 and community-based services using state funds that are provided  
815 from the appropriation to the State Department of Rehabilitation  
816 Services or if funds are voluntarily provided by another agency.

817                   (51) Upon determination of Medicaid eligibility and in  
818 association with annual redetermination of Medicaid eligibility,  
819 beneficiaries shall be encouraged to undertake a physical  
820 examination that will establish a base-line level of health and  
821 identification of a usual and customary source of care (a medical  
822 home) to aid utilization of disease management tools. This  
823 physical examination and utilization of these disease management  
824 tools shall be consistent with current United States Preventive  
825 Services Task Force or other recognized authority recommendations.

826                   For persons who are determined ineligible for Medicaid, the  
827 division will provide information and direction for accessing  
828 medical care and services in the area of their residence.

829                   (52) Notwithstanding any provisions of this article,  
830 the division may pay enhanced reimbursement fees related to trauma  
831 care, as determined by the division in conjunction with the State  
832 Department of Health, using funds appropriated to the State  
833 Department of Health for trauma care and services and used to  
834 match federal funds under a cooperative agreement between the

835 division and the State Department of Health. The division, in  
836 conjunction with the State Department of Health, may use grants,  
837 waivers, demonstrations, enhanced reimbursements, Upper Payment  
838 Limits Programs, supplemental payments, or other projects as  
839 necessary in the development and implementation of this  
840 reimbursement program.

841 (53) Targeted case management services for high-cost  
842 beneficiaries may be developed by the division for all services  
843 under this section.

844 (54) [Deleted]

845 (55) Therapy services. The plan of care for therapy  
846 services may be developed to cover a period of treatment for up to  
847 six (6) months, but in no event shall the plan of care exceed a  
848 six-month period of treatment. The projected period of treatment  
849 must be indicated on the initial plan of care and must be updated  
850 with each subsequent revised plan of care. Based on medical  
851 necessity, the division shall approve certification periods for  
852 less than or up to six (6) months, but in no event shall the  
853 certification period exceed the period of treatment indicated on  
854 the plan of care. The appeal process for any reduction in therapy  
855 services shall be consistent with the appeal process in federal  
856 regulations.

857 (56) Prescribed pediatric extended care centers  
858 services for medically dependent or technologically dependent  
859 children with complex medical conditions that require continual

860 care as prescribed by the child's attending physician, as  
861 determined by the division.

862 (57) No Medicaid benefit shall restrict coverage for  
863 medically appropriate treatment prescribed by a physician and  
864 agreed to by a fully informed individual, or if the individual  
865 lacks legal capacity to consent by a person who has legal  
866 authority to consent on his or her behalf, based on an  
867 individual's diagnosis with a terminal condition. As used in this  
868 paragraph (57), "terminal condition" means any aggressive  
869 malignancy, chronic end-stage cardiovascular or cerebral vascular  
870 disease, or any other disease, illness or condition which a  
871 physician diagnoses as terminal.

872 (58) Treatment services for persons with opioid  
873 dependency or other highly addictive substance use disorders. The  
874 division is authorized to reimburse eligible providers for  
875 treatment of opioid dependency and other highly addictive  
876 substance use disorders, as determined by the division. Treatment  
877 related to these conditions shall not count against any physician  
878 visit limit imposed under this section.

879 (59) The division shall allow beneficiaries between the  
880 ages of ten (10) and eighteen (18) years to receive vaccines  
881 through a pharmacy venue. The division and the State Department  
882 of Health shall coordinate and notify OB-GYN providers that the  
883 Vaccines for Children program is available to providers free of  
884 charge.

885                   (60) Border city university-affiliated pediatric  
886 teaching hospital.

887                   (a) Payments may only be made to a border city  
888 university-affiliated pediatric teaching hospital if the Centers  
889 for Medicare and Medicaid Services (CMS) approve an increase in  
890 the annual request for the provider payment initiative authorized  
891 under 42 CFR Section 438.6(c) in an amount equal to or greater  
892 than the estimated annual payment to be made to the border city  
893 university-affiliated pediatric teaching hospital. The estimate  
894 shall be based on the hospital's prior year Mississippi managed  
895 care utilization.

896                   (b) As used in this paragraph (60), the term  
897 "border city university-affiliated pediatric teaching hospital"  
898 means an out-of-state hospital located within a city bordering the  
899 eastern bank of the Mississippi River and the State of Mississippi  
900 that submits to the division a copy of a current and effective  
901 affiliation agreement with an accredited university and other  
902 documentation establishing that the hospital is  
903 university-affiliated, is licensed and designated as a pediatric  
904 hospital or pediatric primary hospital within its home state,  
905 maintains at least five (5) different pediatric specialty training  
906 programs, and maintains at least one hundred (100) operated beds  
907 dedicated exclusively for the treatment of patients under the age  
908 of twenty-one (21) years.

909 (c) The cost of providing services to Mississippi  
910 Medicaid beneficiaries under the age of twenty-one (21) years who  
911 are treated by a border city university-affiliated pediatric  
912 teaching hospital shall not exceed the cost of providing the same  
913 services to individuals in hospitals in the state.

914 (d) It is the intent of the Legislature that  
915 payments shall not result in any in-state hospital receiving  
916 payments lower than they would otherwise receive if not for the  
917 payments made to any border city university-affiliated pediatric  
918 teaching hospital.

919 (e) This paragraph (60) shall stand repealed on  
920 July 1, 2024.

921 (B) Planning and development districts participating in the  
922 home- and community-based services program for the elderly and  
923 disabled as case management providers shall be reimbursed for case  
924 management services at the maximum rate approved by the Centers  
925 for Medicare and Medicaid Services (CMS).

926 (C) The division may pay to those providers who participate  
927 in and accept patient referrals from the division's emergency room  
928 redirection program a percentage, as determined by the division,  
929 of savings achieved according to the performance measures and  
930 reduction of costs required of that program. Federally qualified  
931 health centers may participate in the emergency room redirection  
932 program, and the division may pay those centers a percentage of  
933 any savings to the Medicaid program achieved by the centers'

934 accepting patient referrals through the program, as provided in  
935 this subsection (C).

936 (D) (1) As used in this subsection (D), the following terms  
937 shall be defined as provided in this paragraph, except as  
938 otherwise provided in this subsection:

939 (a) "Committees" means the Medicaid Committees of  
940 the House of Representatives and the Senate, and "committee" means  
941 either one of those committees.

942 (b) "Rate change" means an increase, decrease or  
943 other change in the payments or rates of reimbursement, or a  
944 change in any payment methodology that results in an increase,  
945 decrease or other change in the payments or rates of  
946 reimbursement, to any Medicaid provider that renders any services  
947 authorized to be provided to Medicaid recipients under this  
948 article.

949 (2) Whenever the Division of Medicaid proposes a rate  
950 change, the division shall give notice to the chairmen of the  
951 committees at least thirty (30) calendar days before the proposed  
952 rate change is scheduled to take effect. The division shall  
953 furnish the chairmen with a concise summary of each proposed rate  
954 change along with the notice, and shall furnish the chairmen with  
955 a copy of any proposed rate change upon request. The division  
956 also shall provide a summary and copy of any proposed rate change  
957 to any other member of the Legislature upon request.

958           (3) If the chairman of either committee or both  
959 chairmen jointly object to the proposed rate change or any part  
960 thereof, the chairman or chairmen shall notify the division and  
961 provide the reasons for their objection in writing not later than  
962 seven (7) calendar days after receipt of the notice from the  
963 division. The chairman or chairmen may make written  
964 recommendations to the division for changes to be made to a  
965 proposed rate change.

966           (4) (a) The chairman of either committee or both  
967 chairmen jointly may hold a committee meeting to review a proposed  
968 rate change. If either chairman or both chairmen decide to hold a  
969 meeting, they shall notify the division of their intention in  
970 writing within seven (7) calendar days after receipt of the notice  
971 from the division, and shall set the date and time for the meeting  
972 in their notice to the division, which shall not be later than  
973 fourteen (14) calendar days after receipt of the notice from the  
974 division.

975           (b) After the committee meeting, the committee or  
976 committees may object to the proposed rate change or any part  
977 thereof. The committee or committees shall notify the division  
978 and the reasons for their objection in writing not later than  
979 seven (7) calendar days after the meeting. The committee or  
980 committees may make written recommendations to the division for  
981 changes to be made to a proposed rate change.

982           (5) If both chairmen notify the division in writing  
983 within seven (7) calendar days after receipt of the notice from  
984 the division that they do not object to the proposed rate change  
985 and will not be holding a meeting to review the proposed rate  
986 change, the proposed rate change will take effect on the original  
987 date as scheduled by the division or on such other date as  
988 specified by the division.

989           (6) (a) If there are any objections to a proposed rate  
990 change or any part thereof from either or both of the chairmen or  
991 the committees, the division may withdraw the proposed rate  
992 change, make any of the recommended changes to the proposed rate  
993 change, or not make any changes to the proposed rate change.

994           (b) If the division does not make any changes to  
995 the proposed rate change, it shall notify the chairmen of that  
996 fact in writing, and the proposed rate change shall take effect on  
997 the original date as scheduled by the division or on such other  
998 date as specified by the division.

999           (c) If the division makes any changes to the  
1000 proposed rate change, the division shall notify the chairmen of  
1001 its actions in writing, and the revised proposed rate change shall  
1002 take effect on the date as specified by the division.

1003           (7) Nothing in this subsection (D) shall be construed  
1004 as giving the chairmen or the committees any authority to veto,  
1005 nullify or revise any rate change proposed by the division. The  
1006 authority of the chairmen or the committees under this subsection

1007 shall be limited to reviewing, making objections to and making  
1008 recommendations for changes to rate changes proposed by the  
1009 division.

1010 (E) Notwithstanding any provision of this article, no new  
1011 groups or categories of recipients and new types of care and  
1012 services may be added without enabling legislation from the  
1013 Mississippi Legislature, except that the division may authorize  
1014 those changes without enabling legislation when the addition of  
1015 recipients or services is ordered by a court of proper authority.

1016 (F) The executive director shall keep the Governor advised  
1017 on a timely basis of the funds available for expenditure and the  
1018 projected expenditures. Notwithstanding any other provisions of  
1019 this article, if current or projected expenditures of the division  
1020 are reasonably anticipated to exceed the amount of funds  
1021 appropriated to the division for any fiscal year, the Governor,  
1022 after consultation with the executive director, shall take all  
1023 appropriate measures to reduce costs, which may include, but are  
1024 not limited to:

1025 (1) Reducing or discontinuing any or all services that  
1026 are deemed to be optional under Title XIX of the Social Security  
1027 Act;

1028 (2) Reducing reimbursement rates for any or all service  
1029 types;

1030 (3) Imposing additional assessments on health care  
1031 providers; or

1032           (4) Any additional cost-containment measures deemed  
1033 appropriate by the Governor.

1034           To the extent allowed under federal law, any reduction to  
1035 services or reimbursement rates under this subsection (F) shall be  
1036 accompanied by a reduction, to the fullest allowable amount, to  
1037 the profit margin and administrative fee portions of capitated  
1038 payments to organizations described in paragraph (1) of subsection  
1039 (H).

1040           Beginning in fiscal year 2010 and in fiscal years thereafter,  
1041 when Medicaid expenditures are projected to exceed funds available  
1042 for the fiscal year, the division shall submit the expected  
1043 shortfall information to the PEER Committee not later than  
1044 December 1 of the year in which the shortfall is projected to  
1045 occur. PEER shall review the computations of the division and  
1046 report its findings to the Legislative Budget Office not later  
1047 than January 7 in any year.

1048           (G) Notwithstanding any other provision of this article, it  
1049 shall be the duty of each provider participating in the Medicaid  
1050 program to keep and maintain books, documents and other records as  
1051 prescribed by the Division of Medicaid in accordance with federal  
1052 laws and regulations.

1053           (H) (1) Notwithstanding any other provision of this  
1054 article, the division is authorized to implement (a) a managed  
1055 care program, (b) a coordinated care program, (c) a coordinated  
1056 care organization program, (d) a health maintenance organization

1057 program, (e) a patient-centered medical home program, (f) an  
1058 accountable care organization program, (g) provider-sponsored  
1059 health plan, or (h) any combination of the above programs. As a  
1060 condition for the approval of any program under this subsection  
1061 (H)(1), the division shall require that no managed care program,  
1062 coordinated care program, coordinated care organization program,  
1063 health maintenance organization program, or provider-sponsored  
1064 health plan may:

1065                   (a) Pay providers at a rate that is less than the  
1066 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
1067 reimbursement rate;

1068                   (b) Override the medical decisions of hospital  
1069 physicians or staff regarding patients admitted to a hospital for  
1070 an emergency medical condition as defined by 42 US Code Section  
1071 1395dd. This restriction (b) does not prohibit the retrospective  
1072 review of the appropriateness of the determination that an  
1073 emergency medical condition exists by chart review or coding  
1074 algorithm, nor does it prohibit prior authorization for  
1075 nonemergency hospital admissions;

1076                   (c) Pay providers at a rate that is less than the  
1077 normal Medicaid reimbursement rate. It is the intent of the  
1078 Legislature that all managed care entities described in this  
1079 subsection (H), in collaboration with the division, develop and  
1080 implement innovative payment models that incentivize improvements  
1081 in health care quality, outcomes, or value, as determined by the

1082 division. Participation in the provider network of any managed  
1083 care, coordinated care, provider-sponsored health plan, or similar  
1084 contractor shall not be conditioned on the provider's agreement to  
1085 accept such alternative payment models;

1086 (d) Implement a prior authorization and  
1087 utilization review program for medical services, transportation  
1088 services and prescription drugs that is more stringent than the  
1089 prior authorization processes used by the division in its  
1090 administration of the Medicaid program. Not later than December  
1091 2, 2021, the contractors that are receiving capitated payments  
1092 under a managed care delivery system established under this  
1093 subsection (H) shall submit a report to the Chairmen of the House  
1094 and Senate Medicaid Committees on the status of the prior  
1095 authorization and utilization review program for medical services,  
1096 transportation services and prescription drugs that is required to  
1097 be implemented under this subparagraph (d);

1098 (e) [Deleted]

1099 (f) Implement a preferred drug list that is more  
1100 stringent than the mandatory preferred drug list established by  
1101 the division under subsection (A) (9) of this section;

1102 (g) Implement a policy which denies beneficiaries  
1103 with hemophilia access to the federally funded hemophilia  
1104 treatment centers as part of the Medicaid Managed Care network of  
1105 providers.

1106 Each health maintenance organization, coordinated care  
1107 organization, provider-sponsored health plan, or other  
1108 organization paid for services on a capitated basis by the  
1109 division under any managed care program or coordinated care  
1110 program implemented by the division under this section shall use a  
1111 clear set of level of care guidelines in the determination of  
1112 medical necessity and in all utilization management practices,  
1113 including the prior authorization process, concurrent reviews,  
1114 retrospective reviews and payments, that are consistent with  
1115 widely accepted professional standards of care. Organizations  
1116 participating in a managed care program or coordinated care  
1117 program implemented by the division may not use any additional  
1118 criteria that would result in denial of care that would be  
1119 determined appropriate and, therefore, medically necessary under  
1120 those levels of care guidelines.

1121 (2) Notwithstanding any provision of this section, the  
1122 recipients eligible for enrollment into a Medicaid Managed Care  
1123 Program authorized under this subsection (H) may include only  
1124 those categories of recipients eligible for participation in the  
1125 Medicaid Managed Care Program as of January 1, 2021, the  
1126 Children's Health Insurance Program (CHIP), and the CMS-approved  
1127 Section 1115 demonstration waivers in operation as of January 1,  
1128 2021. No expansion of Medicaid Managed Care Program contracts may  
1129 be implemented by the division without enabling legislation from  
1130 the Mississippi Legislature.

1131           (3) (a) Any contractors receiving capitated payments  
1132 under a managed care delivery system established in this section  
1133 shall provide to the Legislature and the division statistical data  
1134 to be shared with provider groups in order to improve patient  
1135 access, appropriate utilization, cost savings and health outcomes  
1136 not later than October 1 of each year. Additionally, each  
1137 contractor shall disclose to the Chairmen of the Senate and House  
1138 Medicaid Committees the administrative expenses costs for the  
1139 prior calendar year, and the number of full-equivalent employees  
1140 located in the State of Mississippi dedicated to the Medicaid and  
1141 CHIP lines of business as of June 30 of the current year.

1142           (b) The division and the contractors participating  
1143 in the managed care program, a coordinated care program or a  
1144 provider-sponsored health plan shall be subject to annual program  
1145 reviews or audits performed by the Office of the State Auditor,  
1146 the PEER Committee, the Department of Insurance and/or independent  
1147 third parties.

1148           (c) Those reviews shall include, but not be  
1149 limited to, at least two (2) of the following items:

1150                   (i) The financial benefit to the State of  
1151 Mississippi of the managed care program,

1152                   (ii) The difference between the premiums paid  
1153 to the managed care contractors and the payments made by those  
1154 contractors to health care providers,

1155 (iii) Compliance with performance measures  
1156 required under the contracts,  
1157 (iv) Administrative expense allocation  
1158 methodologies,  
1159 (v) Whether nonprovider payments assigned as  
1160 medical expenses are appropriate,  
1161 (vi) Capitated arrangements with related  
1162 party subcontractors,  
1163 (vii) Reasonableness of corporate  
1164 allocations,  
1165 (viii) Value-added benefits and the extent to  
1166 which they are used,  
1167 (ix) The effectiveness of subcontractor  
1168 oversight, including subcontractor review,  
1169 (x) Whether health care outcomes have been  
1170 improved, and  
1171 (xi) The most common claim denial codes to  
1172 determine the reasons for the denials.

1173 The audit reports shall be considered public documents and  
1174 shall be posted in their entirety on the division's website.

1175 (4) All health maintenance organizations, coordinated  
1176 care organizations, provider-sponsored health plans, or other  
1177 organizations paid for services on a capitated basis by the  
1178 division under any managed care program or coordinated care  
1179 program implemented by the division under this section shall

1180 reimburse all providers in those organizations at rates no lower  
1181 than those provided under this section for beneficiaries who are  
1182 not participating in those programs.

1183 (5) No health maintenance organization, coordinated  
1184 care organization, provider-sponsored health plan, or other  
1185 organization paid for services on a capitated basis by the  
1186 division under any managed care program or coordinated care  
1187 program implemented by the division under this section shall  
1188 require its providers or beneficiaries to use any pharmacy that  
1189 ships, mails or delivers prescription drugs or legend drugs or  
1190 devices.

1191 (6) (a) Not later than December 1, 2021, the  
1192 contractors who are receiving capitated payments under a managed  
1193 care delivery system established under this subsection (H) shall  
1194 develop and implement a uniform credentialing process for  
1195 providers. Under that uniform credentialing process, a provider  
1196 who meets the criteria for credentialing will be credentialed with  
1197 all of those contractors and no such provider will have to be  
1198 separately credentialed by any individual contractor in order to  
1199 receive reimbursement from the contractor. Not later than  
1200 December 2, 2021, those contractors shall submit a report to the  
1201 Chairmen of the House and Senate Medicaid Committees on the status  
1202 of the uniform credentialing process for providers that is  
1203 required under this subparagraph (a).

1204 (b) If those contractors have not implemented a  
1205 uniform credentialing process as described in subparagraph (a) by  
1206 December 1, 2021, the division shall develop and implement, not  
1207 later than July 1, 2022, a single, consolidated credentialing  
1208 process by which all providers will be credentialed. Under the  
1209 division's single, consolidated credentialing process, no such  
1210 contractor shall require its providers to be separately  
1211 credentialed by the contractor in order to receive reimbursement  
1212 from the contractor, but those contractors shall recognize the  
1213 credentialing of the providers by the division's credentialing  
1214 process.

1215 (c) The division shall require a uniform provider  
1216 credentialing application that shall be used in the credentialing  
1217 process that is established under subparagraph (a) or (b). If the  
1218 contractor or division, as applicable, has not approved or denied  
1219 the provider credentialing application within sixty (60) days of  
1220 receipt of the completed application that includes all required  
1221 information necessary for credentialing, then the contractor or  
1222 division, upon receipt of a written request from the applicant and  
1223 within five (5) business days of its receipt, shall issue a  
1224 temporary provider credential/enrollment to the applicant if the  
1225 applicant has a valid Mississippi professional or occupational  
1226 license to provide the health care services to which the  
1227 credential/enrollment would apply. The contractor or the division  
1228 shall not issue a temporary credential/enrollment if the applicant

1229 has reported on the application a history of medical or other  
1230 professional or occupational malpractice claims, a history of  
1231 substance abuse or mental health issues, a criminal record, or a  
1232 history of medical or other licensing board, state or federal  
1233 disciplinary action, including any suspension from participation  
1234 in a federal or state program. The temporary  
1235 credential/enrollment shall be effective upon issuance and shall  
1236 remain in effect until the provider's credentialing/enrollment  
1237 application is approved or denied by the contractor or division.  
1238 The contractor or division shall render a final decision regarding  
1239 credentialing/enrollment of the provider within sixty (60) days  
1240 from the date that the temporary provider credential/enrollment is  
1241 issued to the applicant.

1242 (d) If the contractor or division does not render  
1243 a final decision regarding credentialing/enrollment of the  
1244 provider within the time required in subparagraph (c), the  
1245 provider shall be deemed to be credentialed by and enrolled with  
1246 all of the contractors and eligible to receive reimbursement from  
1247 the contractors.

1248 (7) (a) Each contractor that is receiving capitated  
1249 payments under a managed care delivery system established under  
1250 this subsection (H) shall provide to each provider for whom the  
1251 contractor has denied the coverage of a procedure that was ordered  
1252 or requested by the provider for or on behalf of a patient, a  
1253 letter that provides a detailed explanation of the reasons for the

1254 denial of coverage of the procedure and the name and the  
1255 credentials of the person who denied the coverage. The letter  
1256 shall be sent to the provider in electronic format.

1257 (b) After a contractor that is receiving capitated  
1258 payments under a managed care delivery system established under  
1259 this subsection (H) has denied coverage for a claim submitted by a  
1260 provider, the contractor shall issue to the provider within sixty  
1261 (60) days a final ruling of denial of the claim that allows the  
1262 provider to have a state fair hearing and/or agency appeal with  
1263 the division. If a contractor does not issue a final ruling of  
1264 denial within sixty (60) days as required by this subparagraph  
1265 (b), the provider's claim shall be deemed to be automatically  
1266 approved and the contractor shall pay the amount of the claim to  
1267 the provider.

1268 (c) After a contractor has issued a final ruling  
1269 of denial of a claim submitted by a provider, the division shall  
1270 conduct a state fair hearing and/or agency appeal on the matter of  
1271 the disputed claim between the contractor and the provider within  
1272 sixty (60) days, and shall render a decision on the matter within  
1273 thirty (30) days after the date of the hearing and/or appeal.

1274 (8) It is the intention of the Legislature that the  
1275 division evaluate the feasibility of using a single vendor to  
1276 administer pharmacy benefits provided under a managed care  
1277 delivery system established under this subsection (H). Providers

1278 of pharmacy benefits shall cooperate with the division in any  
1279 transition to a carve-out of pharmacy benefits under managed care.

1280 (9) The division shall evaluate the feasibility of  
1281 using a single vendor to administer dental benefits provided under  
1282 a managed care delivery system established in this subsection (H).  
1283 Providers of dental benefits shall cooperate with the division in  
1284 any transition to a carve-out of dental benefits under managed  
1285 care.

1286 (10) It is the intent of the Legislature that any  
1287 contractor receiving capitated payments under a managed care  
1288 delivery system established in this section shall implement  
1289 innovative programs to improve the health and well-being of  
1290 members diagnosed with prediabetes and diabetes.

1291 (11) It is the intent of the Legislature that any  
1292 contractors receiving capitated payments under a managed care  
1293 delivery system established under this subsection (H) shall work  
1294 with providers of Medicaid services to improve the utilization of  
1295 long-acting reversible contraceptives (LARCs). Not later than  
1296 December 1, 2021, any contractors receiving capitated payments  
1297 under a managed care delivery system established under this  
1298 subsection (H) shall provide to the Chairmen of the House and  
1299 Senate Medicaid Committees and House and Senate Public Health  
1300 Committees a report of LARC utilization for State Fiscal Years  
1301 2018 through 2020 as well as any programs, initiatives, or efforts  
1302 made by the contractors and providers to increase LARC

1303 utilization. This report shall be updated annually to include  
1304 information for subsequent state fiscal years.

1305 (12) The division is authorized to make not more than  
1306 one (1) emergency extension of the contracts that are in effect on  
1307 July 1, 2021, with contractors who are receiving capitated  
1308 payments under a managed care delivery system established under  
1309 this subsection (H), as provided in this paragraph (12). The  
1310 maximum period of any such extension shall be one (1) year, and  
1311 under any such extensions, the contractors shall be subject to all  
1312 of the provisions of this subsection (H). The extended contracts  
1313 shall be revised to incorporate any provisions of this subsection  
1314 (H).

1315 (I) [Deleted]

1316 (J) There shall be no cuts in inpatient and outpatient  
1317 hospital payments, or allowable days or volumes, as long as the  
1318 hospital assessment provided in Section 43-13-145 is in effect.  
1319 This subsection (J) shall not apply to decreases in payments that  
1320 are a result of: reduced hospital admissions, audits or payments  
1321 under the APR-DRG or APC models, or a managed care program or  
1322 similar model described in subsection (H) of this section.

1323 (K) In the negotiation and execution of such contracts  
1324 involving services performed by actuarial firms, the Executive  
1325 Director of the Division of Medicaid may negotiate a limitation on  
1326 liability to the state of prospective contractors.

1327 (L) The Division of Medicaid shall reimburse for services  
1328 provided to eligible Medicaid beneficiaries by a licensed birthing  
1329 center in a method and manner to be determined by the division in  
1330 accordance with federal laws and federal regulations. The  
1331 division shall seek any necessary waivers, make any required  
1332 amendments to its State Plan or revise any contracts authorized  
1333 under subsection (H) of this section as necessary to provide the  
1334 services authorized under this subsection. As used in this  
1335 subsection, the term "birthing centers" shall have the meaning as  
1336 defined in Section 41-77-1(a), which is a publicly or privately  
1337 owned facility, place or institution constructed, renovated,  
1338 leased or otherwise established where nonemergency births are  
1339 planned to occur away from the mother's usual residence following  
1340 a documented period of prenatal care for a normal uncomplicated  
1341 pregnancy which has been determined to be low risk through a  
1342 formal risk-scoring examination.

1343 (M) This section shall stand repealed on July 1, 2024.

1344 **SECTION 2.** This act shall take effect and be in force from  
1345 and after July 1, 2023.
