11 RELATED PURPOSES.

12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

13 **SECTION 1.** (1) Subject to appropriation, the Mississippi
14 Community College Board shall establish and administer a 21st
15 Century Employment grant program. To qualify for a grant, a
16 community or junior college district must jointly establish a
17 collaborative regional partnership with workforce development
18 organizations, including community-based organizations with a
19 vested interest in the workforce, regional economic development
20 organizations and economic development officials in the community
21 or junior college district, along with manufacturers, healthcare
22 service providers and innovative technology businesses that have a

23 presence in the district, to provide a manufacturing training
24 program. A grant recipient must provide the Mississippi Community
25 College Board with a plan that meets all of the following
26 requirements:

27 (a) The plan shall define specific goals that a student
28 must meet upon graduation.

29 (b) The plan shall include the type of professional
30 skills that will be taught in order for the students to gain and
31 retain employment. The professional skills curriculum in the
32 program shall include, but not be limited to, training on all of
33 the following:

- 34 (i) Effective communication skills;
- 35 (ii) Teamwork;
- 36 (iii) Dependability;
- 37 (iv) Adaptability;
- 38 (v) Conflict resolution;
- 39 (vi) Flexibility;
- 40 (vii) Leadership;
- 41 (viii) Problem-solving;
- 42 (ix) Research;
- 43 (x) Creativity;
- 44 (xi) Work ethic; and
- 45 (xii) Integrity.

46 In awarding grants under this section, the Mississippi
47 Community College Board must give priority to plans that

48 demonstrate a formal articulation agreement between a community or
49 junior college and an industry sector employer.

50 (c) The plan shall include a budget that includes any
51 outside donations, including any in-kind donations, made to help
52 the program, including from nonprofit entities and individuals.

53 (d) The plan shall include the proposed number of
54 individuals who would be enrolled in the program, along with the
55 places that those individuals could be employed at after
56 graduation and what industries would be targeted. The plan must
57 support a seamless transition into higher education and career
58 opportunities and must outline the college credit and on-the-job
59 training hours that will transfer from the high school to a
60 community college.

61 (e) The plan shall require a private-public partnership
62 clause that requires private businesses to contribute an amount
63 determined by the Mississippi Community College Board and the
64 collaborative regional partnership that does not exceed forty
65 percent (40%) of the amount of the total project. The applicant
66 must provide the Mississippi Community College Board with a
67 receipt of contributions from businesses to evidence compliance
68 with this paragraph. However, businesses may contribute equipment
69 or offer their facilities, in which case a business shall
70 establish a cost of use of its facility, to meet the requirements
71 of this paragraph.

72 (f) The plan shall indicate the certificates that the
73 community or junior college will offer to students upon
74 graduation, as agreed to by the collaborative regional
75 partnership. The community or junior college shall offer no less
76 than six (6) types of industry-recognized certificates.

77 (2) (a) The Mississippi Community College Board shall
