319 services rendered to eligible applicants who have been determined  
320 to be eligible for that care and services, within the limits of  
321 state appropriations and federal matching funds:

322 (1) Inpatient hospital services.

323 (a) The division is authorized to implement an All  
324 Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement  
325 methodology for inpatient hospital services.

326 (b) No service benefits or reimbursement  
327 limitations in this subsection (A)(1) shall apply to payments  
328 under an APR-DRG or Ambulatory Payment Classification (APC) model  
329 or a managed care program or similar model described in subsection  
330 (H) of this section unless specifically authorized by the  
331 division.

332 (2) Outpatient hospital services.

334 (b) Other outpatient hospital services. The  
335 division shall allow benefits for other medically necessary  
336 outpatient hospital services (such as chemotherapy, radiation,  
337 surgery and therapy), including outpatient services in a clinic or  
338 other facility that is not located inside the hospital, but that  
339 has been designated as an outpatient facility by the hospital, and  
340 that was in operation or under construction on July 1, 2009,  
341 provided that the costs and charges associated with the operation  
342 of the hospital clinic are included in the hospital's cost report.

343 In addition, the Medicare thirty-five-mile rule will apply to  
344 those hospital clinics not located inside the hospital that are  
345 constructed after July 1, 2009. Where the same services are

347 methodology of outpatient reimbursement to maintain consistency,  
348 efficiency, economy and quality of care.

352 have fifty (50) or fewer licensed beds the option to not be  
353 reimbursed for outpatient hospital services using the APC  
354 methodology, but reimbursement for outpatient hospital services  
355 provided by those hospitals shall be based on one hundred one  
356 percent (101%) of the rate established under Medicare for  
357 outpatient hospital services. Those hospitals choosing to not be  
358 reimbursed under the APC methodology shall remain under cost-based  
359 reimbursement for a two-year period.

360 (d) No service benefits or reimbursement  
361 limitations in this subsection (A) (2) shall apply to payments

371 addition to the forty-two-day limitation: Christmas, the day  
372 before Christmas, the day after Christmas, Thanksgiving, the day

374 (b) From and after July 1, 1997, the division  
375 shall implement the integrated case-mix payment and quality  
376 monitoring system, which includes the fair rental system for  
377 property costs and in which recapture of depreciation is  
378 eliminated. The division may reduce the payment for hospital  
379 leave and therapeutic home leave days to the lower of the case-mix  
380 category as computed for the resident on leave using the  
381 assessment being utilized for payment at that point in time, or a  
382 case-mix score of 1.000 for nursing facilities, and shall compute  
383 case-mix scores of residents so that only services provided at the  
384 nursing facility are considered in calculating a facility's per  
385 diem.

386 (c) From and after July 1, 1997, all state-owned  
387 nursing facilities shall be reimbursed on a full reasonable cost

397 by time studies and other valid statistical data that will  
398 reimburse a nursing facility for the additional cost of caring for  
399 a resident who has a diagnosis of Alzheimer's or other related  
400 dementia and exhibits symptoms that require special care. Any  
401 such case-mix add-on payment shall be supported by a determination

405 reimbursement system that will provide an incentive to encourage  
406 nursing facilities to convert or construct beds for residents with  
407 Alzheimer's or other related dementia.

408 (f) The division shall develop and implement an  
409 assessment process for long-term care services. The division may  
410 provide the assessment and related functions directly or through  
411 contract with the area agencies on aging.

412 The division shall apply for necessary federal waivers to  
413 assure that additional services providing alternatives to nursing  
414 facility care are made available to applicants for nursing

421 by the screening services, regardless of whether these services  
422 are included in the state plan. The division may include in its  
423 periodic screening and diagnostic program those discretionary  
424 services authorized under the federal regulations adopted to  
425 implement Title XIX of the federal Social Security Act, as  
426 amended. The division, in obtaining physical therapy services,  
427 occupational therapy services, and services for individuals with  
428 speech, hearing and language disorders, may enter into a  
429 cooperative agreement with the State Department of Education for  
430 the provision of those services to handicapped students by public  
431 school districts using state funds that are provided from the  
432 appropriation to the Department of Education to obtain federal  
433 matching funds through the division. The division, in obtaining  
434 medical and mental health assessments, treatment, care and  
435 services for children who are in, or at risk of being put in, the  
436 custody of the Mississippi Department of Human Services may enter  
437 into a cooperative agreement with the Mississippi Department of  
438 Human Services for the provision of those services using state  
439 funds that are provided from the appropriation to the Department

440 of Human Services to obtain federal matching funds through the  
441 division.

442 (6) Physician services. Fees for physician's services  
443 that are covered only by Medicaid shall be reimbursed at ninety  
444 percent (90%) of the rate established on January 1, 2018, and as  
445 may be adjusted each July thereafter, under Medicare. The  
446 division may provide for a reimbursement rate for physician's  
447 services of up to one hundred percent (100%) of the rate  
448 established under Medicare for physician's services that are  
449 provided after the normal working hours of the physician, as  
450 determined in accordance with regulations of the division. The  
451 division may reimburse eligible providers, as determined by the  
452 division, for certain primary care services at one hundred percent  
453 (100%) of the rate established under Medicare. The division shall  
454 reimburse obstetricians and gynecologists for certain primary care  
455 services as defined by the division at one hundred percent (100%)  
456 of the rate established under Medicare.

457 (7) (a) Home health services for eligible persons, not  
458 to exceed in cost the prevailing cost of nursing facility  
459 services. All home health visits must be precertified as required  
460 by the division. In addition to physicians, certified registered  
461 nurse practitioners, physician assistants and clinical nurse  
462 specialists are authorized to prescribe or order home health  
463 services and plans of care, sign home health plans of care,  
464 certify and recertify eligibility for home health services and

465 conduct the required initial face-to-face visit with the recipient  
466 of the services.

467 (b) [Repealed]

468 (8) Emergency medical transportation services as  
469 determined by the division.

470 (9) Prescription drugs and other covered drugs and  
471 services as determined by the division.

472 The division shall establish a mandatory preferred drug list.  
473 Drugs not on the mandatory preferred drug list shall be made  
474 available by utilizing prior authorization procedures established  
475 by the division.

476 The division may seek to establish relationships with other  
477 states in order to lower acquisition costs of prescription drugs  
478 to include single-source and innovator multiple-source drugs or  
479 generic drugs. In addition, if allowed by federal law or  
480 regulation, the division may seek to establish relationships with  
481 and negotiate with other countries to facilitate the acquisition  
482 of prescription drugs to include single-source and innovator  
483 multiple-source drugs or generic drugs, if that will lower the  
484 acquisition costs of those prescription drugs.

485 The division may allow for a combination of prescriptions for  
486 single-source and innovator multiple-source drugs and generic  
487 drugs to meet the needs of the beneficiaries.

488           The executive director may approve specific maintenance drugs  
489 for beneficiaries with certain medical conditions, which may be  
490 prescribed and dispensed in three-month supply increments.

491           Drugs prescribed for a resident of a psychiatric residential  
492 treatment facility must be provided in true unit doses when  
493 available. The division may require that drugs not covered by  
494 Medicare Part D for a resident of a long-term care facility be  
495 provided in true unit doses when available. Those drugs that were  
496 originally billed to the division but are not used by a resident  
497 in any of those facilities shall be returned to the billing  
498 pharmacy for credit to the division, in accordance with the  
499 guidelines of the State Board of Pharmacy and any requirements of  
500 federal law and regulation. Drugs shall be dispensed to a  
501 recipient and only one (1) dispensing fee per month may be  
502 charged. The division shall develop a methodology for reimbursing  
503 for restocked drugs, which shall include a restock fee as  
504 determined by the division not exceeding Seven Dollars and  
505 Eighty-two Cents (\$7.82).

506           Except for those specific maintenance drugs approved by the  
507 executive director, the division shall not reimburse for any  
508 portion of a prescription that exceeds a thirty-one-day supply of  
509 the drug based on the daily dosage.

510           The division is authorized to develop and implement a program  
511 of payment for additional pharmacist services as determined by the  
512 division.

513 All claims for drugs for dually eligible Medicare/Medicaid  
514 beneficiaries that are paid for by Medicare must be submitted to  
515 Medicare for payment before they may be processed by the  
516 division's online payment system.

517 The division shall develop a pharmacy policy in which drugs  
518 in tamper-resistant packaging that are prescribed for a resident  
519 of a nursing facility but are not dispensed to the resident shall  
520 be returned to the pharmacy and not billed to Medicaid, in  
521 accordance with guidelines of the State Board of Pharmacy.

522 The division shall develop and implement a method or methods  
523 by which the division will provide on a regular basis to Medicaid  
524 providers who are authorized to prescribe drugs, information about  
525 the costs to the Medicaid program of single-source drugs and  
526 innovator multiple-source drugs, and information about other drugs  
527 that may be prescribed as alternatives to those single-source  
528 drugs and innovator multiple-source drugs and the costs to the  
529 Medicaid program of those alternative drugs.

530 Notwithstanding any law or regulation, information obtained  
531 or maintained by the division regarding the prescription drug  
532 program, including trade secrets and manufacturer or labeler  
533 pricing, is confidential and not subject to disclosure except to  
534 other state agencies.

535 The dispensing fee for each new or refill prescription,  
536 including nonlegend or over-the-counter drugs covered by the

537 division, shall be not less than Three Dollars and Ninety-one  
538 Cents (\$3.91), as determined by the division.

539 The division shall not reimburse for single-source or  
540 innovator multiple-source drugs if there are equally effective  
541 generic equivalents available and if the generic equivalents are  
542 the least expensive.

543 It is the intent of the Legislature that the pharmacists  
544 providers be reimbursed for the reasonable costs of filling and  
545 dispensing prescriptions for Medicaid beneficiaries.

546 The division shall allow certain drugs, including  
547 physician-administered drugs, and implantable drug system devices,  
548 and medical supplies, with limited distribution or limited access  
549 for beneficiaries and administered in an appropriate clinical  
550 setting, to be reimbursed as either a medical claim or pharmacy  
551 claim, as determined by the division.

552 It is the intent of the Legislature that the division and any  
553 managed care entity described in subsection (H) of this section  
554 encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to  
555 prevent recurrent preterm birth.

556 (10) Dental and orthodontic services to be determined  
557 by the division.

558 The division shall increase the amount of the reimbursement  
559 rate for diagnostic and preventative dental services for each of  
560 the fiscal years 2022, 2023 and 2024 by five percent (5%) above  
561 the amount of the reimbursement rate for the previous fiscal year.

562 The division shall increase the amount of the reimbursement rate  
563 for restorative dental services for each of the fiscal years 2023,  
564 2024 and 2025 by five percent (5%) above the amount of the  
565 reimbursement rate for the previous fiscal year. It is the intent  
566 of the Legislature that the reimbursement rate revision for  
567 preventative dental services will be an incentive to increase the  
568 number of dentists who actively provide Medicaid services. This  
569 dental services reimbursement rate revision shall be known as the  
570 "James Russell Dumas Medicaid Dental Services Incentive Program."

571 The Medical Care Advisory Committee, assisted by the Division  
572 of Medicaid, shall annually determine the effect of this incentive  
573 by evaluating the number of dentists who are Medicaid providers,  
574 the number who and the degree to which they are actively billing  
575 Medicaid, the geographic trends of where dentists are offering  
576 what types of Medicaid services and other statistics pertinent to  
577 the goals of this legislative intent. This data shall annually be  
578 presented to the Chair of the Senate Medicaid Committee and the  
579 Chair of the House Medicaid Committee.

580 The division shall include dental services as a necessary  
581 component of overall health services provided to children who are  
582 eligible for services.

583 (11) Eyeglasses for all Medicaid beneficiaries who have  
584 (a) had surgery on the eyeball or ocular muscle that results in a  
585 vision change for which eyeglasses or a change in eyeglasses is  
586 medically indicated within six (6) months of the surgery and is in

587 accordance with policies established by the division, or (b) one  
588 (1) pair every five (5) years and in accordance with policies  
589 established by the division. In either instance, the eyeglasses  
590 must be prescribed by a physician skilled in diseases of the eye  
591 or an optometrist, whichever the beneficiary may select.

592 (12) Intermediate care facility services.

593 (a) The division shall make full payment to all  
594 intermediate care facilities for individuals with intellectual  
595 disabilities for each day, not exceeding sixty-three (63) days per  
596 year, that a patient is absent from the facility on home leave.  
597 Payment may be made for the following home leave days in addition  
598 to the sixty-three-day limitation: Christmas, the day before  
599 Christmas, the day after Christmas, Thanksgiving, the day before  
600 Thanksgiving and the day after Thanksgiving.

601 (b) All state-owned intermediate care facilities  
602 for individuals with intellectual disabilities shall be reimbursed  
603 on a full reasonable cost basis.

604 (c) Effective January 1, 2015, the division shall  
605 update the fair rental reimbursement system for intermediate care  
606 facilities for individuals with intellectual disabilities.

607 (13) Family planning services, including drugs,  
608 supplies and devices, when those services are under the  
609 supervision of a physician or nurse practitioner.

610 (14) Clinic services. Preventive, diagnostic,  
611 therapeutic, rehabilitative or palliative services that are

612 furnished by a facility that is not part of a hospital but is  
613 organized and operated to provide medical care to outpatients.  
614 Clinic services include, but are not limited to:

615 (a) Services provided by ambulatory surgical  
616 centers (ACSS) as defined in Section 41-75-1(a); and

617 (b) Dialysis center services.

618 (15) Home- and community-based services for the elderly  
619 and disabled, as provided under Title XIX of the federal Social  
620 Security Act, as amended, under waivers, subject to the  
621 availability of funds specifically appropriated for that purpose  
622 by the Legislature.

623 (16) Mental health services. Certain services provided  
624 by a psychiatrist shall be reimbursed at up to one hundred percent  
625 (100%) of the Medicare rate. Approved therapeutic and case  
626 management services (a) provided by an approved regional mental  
627 health/intellectual disability center established under Sections  
628 41-19-31 through 41-19-39, or by another community mental health  
629 service provider meeting the requirements of the Department of  
630 Mental Health to be an approved mental health/intellectual  
631 disability center if determined necessary by the Department of  
632 Mental Health, using state funds that are provided in the  
633 appropriation to the division to match federal funds, or (b)  
634 provided by a facility that is certified by the State Department  
635 of Mental Health to provide therapeutic and case management  
636 services, to be reimbursed on a fee for service basis, or (c)

637 provided in the community by a facility or program operated by the  
638 Department of Mental Health. Any such services provided by a  
639 facility described in subparagraph (b) must have the prior  
640 approval of the division to be reimbursable under this section.

641 (17) Durable medical equipment services and medical  
642 supplies. Precertification of durable medical equipment and  
643 medical supplies must be obtained as required by the division.  
644 The Division of Medicaid may require durable medical equipment  
645 providers to obtain a surety bond in the amount and to the  
646 specifications as established by the Balanced Budget Act of 1997.  
647 A maximum dollar amount of reimbursement for noninvasive  
648 ventilators or ventilation treatments properly ordered and being  
649 used in an appropriate care setting shall not be set by any health  
650 maintenance organization, coordinated care organization,  
651 provider-sponsored health plan, or other organization paid for  
652 services on a capitated basis by the division under any managed  
653 care program or coordinated care program implemented by the  
654 division under this section. Reimbursement by these organizations  
655 to durable medical equipment suppliers for home use of noninvasive  
656 and invasive ventilators shall be on a continuous monthly payment  
657 basis for the duration of medical need throughout a patient's  
658 valid prescription period.

659 (18) (a) Notwithstanding any other provision of this  
660 section to the contrary, as provided in the Medicaid state plan  
661 amendment or amendments as defined in Section 43-13-145(10), the

662 division shall make additional reimbursement to hospitals that  
663 serve a disproportionate share of low-income patients and that  
664 meet the federal requirements for those payments as provided in  
665 Section 1923 of the federal Social Security Act and any applicable  
666 regulations. It is the intent of the Legislature that the  
667 division shall draw down all available federal funds allotted to  
668 the state for disproportionate share hospitals. However, from and  
669 after January 1, 1999, public hospitals participating in the  
670 Medicaid disproportionate share program may be required to  
671 participate in an intergovernmental transfer program as provided  
672 in Section 1903 of the federal Social Security Act and any  
673 applicable regulations.

674 (b) (i) 1. The division may establish a Medicare  
675 Upper Payment Limits Program, as defined in Section 1902(a)(30) of  
676 the federal Social Security Act and any applicable federal  
677 regulations, or an allowable delivery system or provider payment  
678 initiative authorized under 42 CFR 438.6(c), for hospitals,  
679 nursing facilities and physicians employed or contracted by  
680 hospitals.

681 2. The division shall establish a  
682 Medicaid Supplemental Payment Program, as permitted by the federal  
683 Social Security Act and a comparable allowable delivery system or  
684 provider payment initiative authorized under 42 CFR 438.6(c), for  
685 emergency ambulance transportation providers in accordance with  
686 this subsection (A)(18)(b).

687                   (ii) The division shall assess each hospital,  
688 nursing facility, and emergency ambulance transportation provider  
689 for the sole purpose of financing the state portion of the  
690 Medicare Upper Payment Limits Program or other program(s)  
691 authorized under this subsection (A) (18) (b). The hospital  
692 assessment shall be as provided in Section 43-13-145(4) (a), and  
693 the nursing facility and the emergency ambulance transportation  
694 assessments, if established, shall be based on Medicaid  
695 utilization or other appropriate method, as determined by the  
696 division, consistent with federal regulations. The assessments  
697 will remain in effect as long as the state participates in the  
698 Medicare Upper Payment Limits Program or other program(s)  
699 authorized under this subsection (A) (18) (b). In addition to the  
700 hospital assessment provided in Section 43-13-145(4) (a), hospitals  
701 with physicians participating in the Medicare Upper Payment Limits  
702 Program or other program(s) authorized under this subsection  
703 (A) (18) (b) shall be required to participate in an  
704 intergovernmental transfer or assessment, as determined by the  
705 division, for the purpose of financing the state portion of the  
706 physician UPL payments or other payment(s) authorized under this  
707 subsection (A) (18) (b).

708                   (iii) Subject to approval by the Centers for  
709 Medicare and Medicaid Services (CMS) and the provisions of this  
710 subsection (A) (18) (b), the division shall make additional  
711 reimbursement to hospitals, nursing facilities, and emergency

712 ambulance transportation providers for the Medicare Upper Payment  
713 Limits Program or other program(s) authorized under this  
714 subsection (A) (18) (b), and, if the program is established for  
715 physicians, shall make additional reimbursement for physicians, as  
716 defined in Section 1902(a) (30) of the federal Social Security Act  
717 and any applicable federal regulations, provided the assessment in  
718 this subsection (A) (18) (b) is in effect.

719 (iv) Notwithstanding any other provision of  
720 this article to the contrary, effective upon implementation of the  
721 Mississippi Hospital Access Program (MHAP) provided in  
722 subparagraph (c) (i) below, the hospital portion of the inpatient  
723 Upper Payment Limits Program shall transition into and be replaced  
724 by the MHAP program. However, the division is authorized to  
725 develop and implement an alternative fee-for-service Upper Payment  
726 Limits model in accordance with federal laws and regulations if  
727 necessary to preserve supplemental funding. Further, the  
728 division, in consultation with the hospital industry shall develop  
729 alternative models for distribution of medical claims and  
730 supplemental payments for inpatient and outpatient hospital  
731 services, and such models may include, but shall not be limited to  
732 the following: increasing rates for inpatient and outpatient  
733 services; creating a low-income utilization pool of funds to  
734 reimburse hospitals for the costs of uncompensated care, charity  
735 care and bad debts as permitted and approved pursuant to federal  
736 regulations and the Centers for Medicare and Medicaid Services;

737 supplemental payments based upon Medicaid utilization, quality,  
738 service lines and/or costs of providing such services to Medicaid  
739 beneficiaries and to uninsured patients. The goals of such  
740 payment models shall be to ensure access to inpatient and  
741 outpatient care and to maximize any federal funds that are  
742 available to reimburse hospitals for services provided. Any such  
743 documents required to achieve the goals described in this  
744 paragraph shall be submitted to the Centers for Medicare and  
745 Medicaid Services, with a proposed effective date of July 1, 2019,  
746 to the extent possible, but in no event shall the effective date  
747 of such payment models be later than July 1, 2020. The Chairmen  
748 of the Senate and House Medicaid Committees shall be provided a  
749 copy of the proposed payment model(s) prior to submission.  
750 Effective July 1, 2018, and until such time as any payment  
751 model(s) as described above become effective, the division, in  
752 consultation with the hospital industry, is authorized to  
753 implement a transitional program for inpatient and outpatient  
754 payments and/or supplemental payments (including, but not limited  
755 to, MHAP and directed payments), to redistribute available  
756 supplemental funds among hospital providers, provided that when  
757 compared to a hospital's prior year supplemental payments,  
758 supplemental payments made pursuant to any such transitional  
759 program shall not result in a decrease of more than five percent  
760 (5%) and shall not increase by more than the amount needed to  
761 maximize the distribution of the available funds.

762 (v) 1. To preserve and improve access to  
763 ambulance transportation provider services, the division shall  
764 seek CMS approval to make ambulance service access payments as set  
765 forth in this subsection (A)(18)(b) for all covered emergency  
766 ambulance services rendered on or after July 1, 2022, and shall  
767 make such ambulance service access payments for all covered  
768 services rendered on or after the effective date of CMS approval.

769 2. The division shall calculate the  
770 ambulance service access payment amount as the balance of the  
771 portion of the Medical Care Fund related to ambulance  
772 transportation service provider assessments plus any federal  
773 matching funds earned on the balance, up to, but not to exceed,  
774 the upper payment limit gap for all emergency ambulance service  
775 providers.

776 3. a. Except for ambulance services  
777 exempt from the assessment provided in this paragraph (18)(b), all  
778 ambulance transportation service providers shall be eligible for  
779 ambulance service access payments each state fiscal year as set  
780 forth in this paragraph (18)(b).

781 b. In addition to any other funds  
782 paid to ambulance transportation service providers for emergency  
783 medical services provided to Medicaid beneficiaries, each eligible  
784 ambulance transportation service provider shall receive ambulance  
785 service access payments each state fiscal year equal to the  
786 ambulance transportation service provider's upper payment limit

787 gap. Subject to approval by the Centers for Medicare and Medicaid  
788 Services, ambulance service access payments shall be made no less  
789 than on a quarterly basis.

790 c. As used in this paragraph  
791 (18) (b) (v), the term "upper payment limit gap" means the  
792 difference between the total amount that the ambulance  
793 transportation service provider received from Medicaid and the  
794 average amount that the ambulance transportation service provider  
795 would have received from commercial insurers for those services  
796 reimbursed by Medicaid.

797 4. An ambulance service access payment  
798 shall not be used to offset any other payment by the division for  
799 emergency or nonemergency services to Medicaid beneficiaries.

800 (c) (i) Not later than December 1, 2015, the  
801 division shall, subject to approval by the Centers for Medicare  
802 and Medicaid Services (CMS), establish, implement and operate a  
803 Mississippi Hospital Access Program (MHAP) for the purpose of  
804 protecting patient access to hospital care through hospital  
805 inpatient reimbursement programs provided in this section designed  
806 to maintain total hospital reimbursement for inpatient services  
807 rendered by in-state hospitals and the out-of-state hospital that  
808 is authorized by federal law to submit intergovernmental transfers  
809 (IGTs) to the State of Mississippi and is classified as Level I  
810 trauma center located in a county contiguous to the state line at  
811 the maximum levels permissible under applicable federal statutes

812 and regulations, at which time the current inpatient Medicare  
813 Upper Payment Limits (UPL) Program for hospital inpatient services  
814 shall transition to the MHAP.

815 (ii) Subject to approval by the Centers for  
816 Medicare and Medicaid Services (CMS), the MHAP shall provide  
817 increased inpatient capitation (PMPM) payments to managed care  
818 entities contracting with the division pursuant to subsection (H)  
819 of this section to support availability of hospital services or  
820 such other payments permissible under federal law necessary to  
821 accomplish the intent of this subsection.

822 (iii) The intent of this subparagraph (c) is  
823 that effective for all inpatient hospital Medicaid services during  
824 state fiscal year 2016, and so long as this provision shall remain  
825 in effect hereafter, the division shall to the fullest extent  
826 feasible replace the additional reimbursement for hospital  
827 inpatient services under the inpatient Medicare Upper Payment  
828 Limits (UPL) Program with additional reimbursement under the MHAP  
829 and other payment programs for inpatient and/or outpatient  
830 payments which may be developed under the authority of this  
831 paragraph.

832 (iv) The division shall assess each hospital  
833 as provided in Section 43-13-145(4) (a) for the purpose of  
834 financing the state portion of the MHAP, supplemental payments and  
835 such other purposes as specified in Section 43-13-145. The

836 assessment will remain in effect as long as the MHAP and  
837 supplemental payments are in effect.

838           (19) (a) Perinatal risk management services. The  
839 division shall promulgate regulations to be effective from and  
840 after October 1, 1988, to establish a comprehensive perinatal  
841 system for risk assessment of all pregnant and infant Medicaid  
842 recipients and for management, education and follow-up for those  
843 who are determined to be at risk. Services to be performed  
844 include case management, nutrition assessment/counseling,  
845 psychosocial assessment/counseling and health education. The  
846 division shall contract with the State Department of Health to  
847 provide services within this paragraph (Perinatal High Risk  
848 Management/Infant Services System (PHRM/ISS)). The State  
849 Department of Health shall be reimbursed on a full reasonable cost  
850 basis for services provided under this subparagraph (a).

851           (b) Early intervention system services. The  
852 division shall cooperate with the State Department of Health,  
853 acting as lead agency, in the development and implementation of a  
854 statewide system of delivery of early intervention services, under  
855 Part C of the Individuals with Disabilities Education Act (IDEA).  
856 The State Department of Health shall certify annually in writing  
857 to the executive director of the division the dollar amount of  
858 state early intervention funds available that will be utilized as

1285 (c) If the division makes any changes to the  
1286 proposed rate change, the division shall notify the chairmen of  
1287 its actions in writing, and the revised proposed rate change shall  
1288 take effect on the date as specified by the division.

1289 (7) Nothing in this subsection (D) shall be construed  
1290 as giving the chairmen or the committees any authority to veto,  
1291 nullify or revise any rate change proposed by the division. The  
1292 authority of the chairmen or the committees under this subsection  
1293 shall be limited to reviewing, making objections to and making  
1294 recommendations for changes to rate changes proposed by the  
1295 division.

1296 (E) Notwithstanding any provision of this article, no new  
1297 groups or categories of recipients and new types of care and  
1298 services may be added without enabling legislation from the  
1299 Mississippi Legislature, except that the division may authorize  
1300 those changes without enabling legislation when the addition of  
1301 recipients or services is ordered by a court of proper authority.

1302 (F) The executive director shall keep the Governor advised  
1303 on a timely basis of the funds available for expenditure and the  
1304 projected expenditures. Notwithstanding any other provisions of  
1305 this article, if current or projected expenditures of the division  
1306 are reasonably anticipated to exceed the amount of funds  
1307 appropriated to the division for any fiscal year, the Governor,

1308 after consultation with the executive director, shall take all  
1309 appropriate measures to reduce costs, which may include, but are  
1310 not limited to:

1311 (1) Reducing or discontinuing any or all services that  
1312 are deemed to be optional under Title XIX of the Social Security  
1313 Act;

1314 (2) Reducing reimbursement rates for any or all service  
1315 types;

1316 (3) Imposing additional assessments on health care  
1317 providers; or

1318 (4) Any additional cost-containment measures deemed  
1319 appropriate by the Governor.

1320 To the extent allowed under federal law, any reduction to  
1321 services or reimbursement rates under this subsection (F) shall be  
1322 accompanied by a reduction, to the fullest allowable amount, to  
1323 the profit margin and administrative fee portions of capitated  
1324 payments to organizations described in paragraph (1) of subsection  
1325 (H).

1326 Beginning in fiscal year 2010 and in fiscal years thereafter,  
1327 when Medicaid expenditures are projected to exceed funds available  
1328 for the fiscal year, the division shall submit the expected  
1329 shortfall information to the PEER Committee not later than  
1330 December 1 of the year in which the shortfall is projected to  
1331 occur. PEER shall review the computations of the division and

1332 report its findings to the Legislative Budget Office not later  
1333 than January 7 in any year.

1334 (G) Notwithstanding any other provision of this article, it  
1335 shall be the duty of each provider participating in the Medicaid  
1336 program to keep and maintain books, documents and other records as  
1337 prescribed by the Division of Medicaid in accordance with federal  
1338 laws and regulations.

1339 (H) (1) Notwithstanding any other provision of this  
1340 article, the division is authorized to implement (a) a managed  
1341 care program, (b) a coordinated care program, (c) a coordinated  
1342 care organization program, (d) a health maintenance organization  
1343 program, (e) a patient-centered medical home program, (f) an  
1344 accountable care organization program, (g) provider-sponsored  
1345 health plan, or (h) any combination of the above programs. As a  
1346 condition for the approval of any program under this subsection  
1347 (H) (1), the division shall require that no managed care program,  
1348 coordinated care program, coordinated care organization program,  
1349 health maintenance organization program, or provider-sponsored  
1350 health plan may:

1351 (a) Pay providers at a rate that is less than the  
1352 Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG)  
1353 reimbursement rate;

1354 (b) Override the medical decisions of hospital  
1355 physicians or staff regarding patients admitted to a hospital for  
1356 an emergency medical condition as defined by 42 US Code Section

1357 1395dd. This restriction (b) does not prohibit the retrospective  
1358 review of the appropriateness of the determination that an  
1359 emergency medical condition exists by chart review or coding  
1360 algorithm, nor does it prohibit prior authorization for  
1361 nonemergency hospital admissions;

1362 (c) Pay providers at a rate that is less than the  
1363 normal Medicaid reimbursement rate. It is the intent of the  
1364 Legislature that all managed care entities described in this  
1365 subsection (H), in collaboration with the division, develop and  
1366 implement innovative payment models that incentivize improvements  
1367 in health care quality, outcomes, or value, as determined by the  
1368 division. Participation in the provider network of any managed  
1369 care, coordinated care, provider-sponsored health plan, or similar  
1370 contractor shall not be conditioned on the provider's agreement to  
1371 accept such alternative payment models;

1372 (d) Implement a prior authorization and  
1373 utilization review program for medical services, transportation  
1374 services and prescription drugs that is more stringent than the  
1375 prior authorization processes used by the division in its  
1376 administration of the Medicaid program. Not later than December  
1377 2, 2021, the contractors that are receiving capitated payments  
1378 under a managed care delivery system established under this  
1379 subsection (H) shall submit a report to the Chairmen of the House  
1380 and Senate Medicaid Committees on the status of the prior  
1381 authorization and utilization review program for medical services,

1382 transportation services and prescription drugs that is required to  
1383 be implemented under this subparagraph (d);

1384 (e) [Deleted]

1385 (f) Implement a preferred drug list that is more  
1386 stringent than the mandatory preferred drug list established by  
1387 the division under subsection (A) (9) of this section;

1388 (g) Implement a policy which denies beneficiaries  
1389 with hemophilia access to the federally funded hemophilia  
1390 treatment centers as part of the Medicaid Managed Care network of  
1391 providers.

1392 Each health maintenance organization, coordinated care  
1393 organization, provider-sponsored health plan, or other  
1394 organization paid for services on a capitated basis by the  
1395 division under any managed care program or coordinated care  
1396 program implemented by the division under this section shall use a  
1397 clear set of level of care guidelines in the determination of  
1398 medical necessity and in all utilization management practices,  
1399 including the prior authorization process, concurrent reviews,  
1400 retrospective reviews and payments, that are consistent with  
1401 widely accepted professional standards of care. Organizations  
1402 participating in a managed care program or coordinated care  
1403 program implemented by the division may not use any additional  
1404 criteria that would result in denial of care that would be  
1405 determined appropriate and, therefore, medically necessary under  
1406 those levels of care guidelines.

1407           (2) Notwithstanding any provision of this section, the  
1408 recipients eligible for enrollment into a Medicaid Managed Care  
1409 Program authorized under this subsection (H) may include only  
1410 those categories of recipients eligible for participation in the  
1411 Medicaid Managed Care Program as of January 1, 2021, the  
1412 Children's Health Insurance Program (CHIP), and the CMS-approved  
1413 Section 1115 demonstration waivers in operation as of January 1,  
1414 2021. No expansion of Medicaid Managed Care Program contracts may  
1415 be implemented by the division without enabling legislation from  
1416 the Mississippi Legislature.

1417           (3) (a) Any contractors receiving capitated payments  
1418 under a managed care delivery system established in this section  
1419 shall provide to the Legislature and the division statistical data  
1420 to be shared with provider groups in order to improve patient  
1421 access, appropriate utilization, cost savings and health outcomes  
1422 not later than October 1 of each year. Additionally, each  
1423 contractor shall disclose to the Chairmen of the Senate and House  
1424 Medicaid Committees the administrative expenses costs for the  
1425 prior calendar year, and the number of full-equivalent employees  
1426 located in the State of Mississippi dedicated to the Medicaid and  
1427 CHIP lines of business as of June 30 of the current year.

1428           (b) The division and the contractors participating  
1429 in the managed care program, a coordinated care program or a  
1430 provider-sponsored health plan shall be subject to annual program  
1431 reviews or audits performed by the Office of the State Auditor,

1432 the PEER Committee, the Department of Insurance and/or independent  
1433 third parties.

1434 (c) Those reviews shall include, but not be  
1435 limited to, at least two (2) of the following items:

1436 (i) The financial benefit to the State of  
1437 Mississippi of the managed care program,

1438 (ii) The difference between the premiums paid  
1439 to the managed care contractors and the payments made by those  
1440 contractors to health care providers,

1441 (iii) Compliance with performance measures  
1442 required under the contracts,

1443 (iv) Administrative expense allocation  
1444 methodologies,

1445 (v) Whether nonprovider payments assigned as  
1446 medical expenses are appropriate,

1447 (vi) Capitated arrangements with related  
1448 party subcontractors,

1449 (vii) Reasonableness of corporate  
1450 allocations,

1451 (viii) Value-added benefits and the extent to  
1452 which they are used,

1453 (ix) The effectiveness of subcontractor  
1454 oversight, including subcontractor review,

1455 (x) Whether health care outcomes have been  
1456 improved, and

1457 (xi) The most common claim denial codes to  
1458 determine the reasons for the denials.

1459 The audit reports shall be considered public documents and  
1460 shall be posted in their entirety on the division's website.

1461 (4) All health maintenance organizations, coordinated  
1462 care organizations, provider-sponsored health plans, or other  
1463 organizations paid for services on a capitated basis by the  
1464 division under any managed care program or coordinated care  
1465 program implemented by the division under this section shall  
1466 reimburse all providers in those organizations at rates no lower  
1467 than those provided under this section for beneficiaries who are  
1468 not participating in those programs.

1469 (5) No health maintenance organization, coordinated  
1470 care organization, provider-sponsored health plan, or other  
1471 organization paid for services on a capitated basis by the  
1472 division under any managed care program or coordinated care  
1473 program implemented by the division under this section shall  
1474 require its providers or beneficiaries to use any pharmacy that  
1475 ships, mails or delivers prescription drugs or legend drugs or  
1476 devices.

1477 (6) (a) Not later than December 1, 2021, the  
1478 contractors who are receiving capitated payments under a managed  
1479 care delivery system established under this subsection (H) shall  
1480 develop and implement a uniform credentialing process for  
1481 providers. Under that uniform credentialing process, a provider

1482 who meets the criteria for credentialing will be credentialed with  
1483 all of those contractors and no such provider will have to be  
1484 separately credentialed by any individual contractor in order to  
1485 receive reimbursement from the contractor. Not later than  
1486 December 2, 2021, those contractors shall submit a report to the  
1487 Chairmen of the House and Senate Medicaid Committees on the status  
1488 of the uniform credentialing process for providers that is  
1489 required under this subparagraph (a).

1490 (b) If those contractors have not implemented a  
1491 uniform credentialing process as described in subparagraph (a) by  
1492 December 1, 2021, the division shall develop and implement, not  
1493 later than July 1, 2022, a single, consolidated credentialing  
1494 process by which all providers will be credentialed. Under the  
1495 division's single, consolidated credentialing process, no such  
1496 contractor shall require its providers to be separately  
1497 credentialed by the contractor in order to receive reimbursement  
1498 from the contractor, but those contractors shall recognize the  
1499 credentialing of the providers by the division's credentialing  
1500 process.

1501 (c) The division shall require a uniform provider  
1502 credentialing application that shall be used in the credentialing  
1503 process that is established under subparagraph (a) or (b). If the  
1504 contractor or division, as applicable, has not approved or denied  
1505 the provider credentialing application within sixty (60) days of  
1506 receipt of the completed application that includes all required

1507 information necessary for credentialing, then the contractor or  
1508 division, upon receipt of a written request from the applicant and  
1509 within five (5) business days of its receipt, shall issue a  
1510 temporary provider credential/enrollment to the applicant if the  
1511 applicant has a valid Mississippi professional or occupational  
1512 license to provide the health care services to which the  
1513 credential/enrollment would apply. The contractor or the division  
1514 shall not issue a temporary credential/enrollment if the applicant  
1515 has reported on the application a history of medical or other  
1516 professional or occupational malpractice claims, a history of  
1517 substance abuse or mental health issues, a criminal record, or a  
1518 history of medical or other licensing board, state or federal  
1519 disciplinary action, including any suspension from participation  
1520 in a federal or state program. The temporary  
1521 credential/enrollment shall be effective upon issuance and shall  
1522 remain in effect until the provider's credentialing/enrollment  
1523 application is approved or denied by the contractor or division.  
1524 The contractor or division shall render a final decision regarding  
1525 credentialing/enrollment of the provider within sixty (60) days  
1526 from the date that the temporary provider credential/enrollment is  
1527 issued to the applicant.

1528 (d) If the contractor or division does not render  
1529 a final decision regarding credentialing/enrollment of the  
1530 provider within the time required in subparagraph (c), the  
1531 provider shall be deemed to be credentialed by and enrolled with

1532 all of the contractors and eligible to receive reimbursement from  
1533 the contractors.

1534 (7) (a) Each contractor that is receiving capitated  
1535 payments under a managed care delivery system established under  
1536 this subsection (H) shall provide to each provider for whom the  
1537 contractor has denied the coverage of a procedure that was ordered  
1538 or requested by the provider for or on behalf of a patient, a  
1539 letter that provides a detailed explanation of the reasons for the  
1540 denial of coverage of the procedure and the name and the  
1541 credentials of the person who denied the coverage. The letter  
1542 shall be sent to the provider in electronic format.

1543 (b) After a contractor that is receiving capitated  
1544 payments under a managed care delivery system established under  
1545 this subsection (H) has denied coverage for a claim submitted by a  
1546 provider, the contractor shall issue to the provider within sixty  
1547 (60) days a final ruling of denial of the claim that allows the  
1548 provider to have a state fair hearing and/or agency appeal with  
1549 the division. If a contractor does not issue a final ruling of  
1550 denial within sixty (60) days as required by this subparagraph  
1551 (b), the provider's claim shall be deemed to be automatically  
1552 approved and the contractor shall pay the amount of the claim to  
1553 the provider.

1554 (c) After a contractor has issued a final ruling  
1555 of denial of a claim submitted by a provider, the division shall  
1556 conduct a state fair hearing and/or agency appeal on the matter of

1557 the disputed claim between the contractor and the provider within  
1558 sixty (60) days, and shall render a decision on the matter within  
1559 thirty (30) days after the date of the hearing and/or appeal.

1560 (8) It is the intention of the Legislature that the  
1561 division evaluate the feasibility of using a single vendor to  
1562 administer pharmacy benefits provided under a managed care  
1563 delivery system established under this subsection (H). Providers  
1564 of pharmacy benefits shall cooperate with the division in any  
1565 transition to a carve-out of pharmacy benefits under managed care.

1566 (9) The division shall evaluate the feasibility of  
1567 using a single vendor to administer dental benefits provided under  
1568 a managed care delivery system established in this subsection (H).  
1569 Providers of dental benefits shall cooperate with the division in  
1570 any transition to a carve-out of dental benefits under managed  
1571 care.

1572 (10) It is the intent of the Legislature that any  
1573 contractor receiving capitated payments under a managed care  
1574 delivery system established in this section shall implement  
1575 innovative programs to improve the health and well-being of  
1576 members diagnosed with prediabetes and diabetes.

1577 (11) It is the intent of the Legislature that any  
1578 contractors receiving capitated payments under a managed care  
1579 delivery system established under this subsection (H) shall work  
1580 with providers of Medicaid services to improve the utilization of  
1581 long-acting reversible contraceptives (LARCs). Not later than

1582 December 1, 2021, any contractors receiving capitated payments  
1583 under a managed care delivery system established under this  
1584 subsection (H) shall provide to the Chairmen of the House and  
1585 Senate Medicaid Committees and House and Senate Public Health  
1586 Committees a report of LARC utilization for State Fiscal Years  
1587 2018 through 2020 as well as any programs, initiatives, or efforts  
1588 made by the contractors and providers to increase LARC  
1589 utilization. This report shall be updated annually to include  
1590 information for subsequent state fiscal years.

1591 (12) The division is authorized to make not more than  
1592 one (1) emergency extension of the contracts that are in effect on  
1593 July 1, 2021, with contractors who are receiving capitated  
1594 payments under a managed care delivery system established under  
1595 this subsection (H), as provided in this paragraph (12). The  
1596 maximum period of any such extension shall be one (1) year, and  
1597 under any such extensions, the contractors shall be subject to all  
1598 of the provisions of this subsection (H). The extended contracts  
1599 shall be revised to incorporate any provisions of this subsection  
1600 (H).

1601 (I) [Deleted]

1602 (J) There shall be no cuts in inpatient and outpatient  
1603 hospital payments, or allowable days or volumes, as long as the  
1604 hospital assessment provided in Section 43-13-145 is in effect.  
1605 This subsection (J) shall not apply to decreases in payments that  
1606 are a result of: reduced hospital admissions, audits or payments

1607 under the APR-DRG or APC models, or a managed care program or  
1608 similar model described in subsection (H) of this section.

1609 (K) In the negotiation and execution of such contracts  
1610 involving services performed by actuarial firms, the Executive  
1611 Director of the Division of Medicaid may negotiate a limitation on  
1612 liability to the state of prospective contractors.

1613 (L) The Division of Medicaid shall reimburse for services  
1614 provided to eligible Medicaid beneficiaries by a licensed birthing  
1615 center in a method and manner to be determined by the division in  
1616 accordance with federal laws and federal regulations. The  
1617 division shall seek any necessary waivers, make any required  
1618 amendments to its State Plan or revise any contracts authorized  
1619 under subsection (H) of this section as necessary to provide the  
1620 services authorized under this subsection. As used in this  
1621 subsection, the term "birthing centers" shall have the meaning as  
1622 defined in Section 41-77-1(a), which is a publicly or privately  
1623 owned facility, place or institution constructed, renovated,  
1624 leased or otherwise established where nonemergency births are  
1625 planned to occur away from the mother's usual residence following  
1626 a documented period of prenatal care for a normal uncomplicated  
1627 pregnancy which has been determined to be low risk through a  
1628 formal risk-scoring examination.

1629 (M) This section shall stand repealed on July 1, 2024.

1630 **SECTION 3.** This act shall take effect and be in force from  
1631 and after July 1, 2023.
