When such agreement has been entered into, no timber or 25 other forest products shall be sold from any of the sixteenth section lands or lieu lands except such as have been marked or 26 27 approved for cutting by the State Forestry Commission's employees. 28 The Forestry Commission, or its designated employee, shall fix the 29 minimum total cash price or minimum price per unit, one thousand 30 (1,000) feet or other measure, at which the marked timber or other forest products shall be sold. monthly scheduled meeting of the commission. If the school board is not satisfied after the appeal to the commission, the board may then appeal to the Secretary of State who will make the final decision as to the time for cutting and harvesting. In the event that the local school board is divested of its management authority under subsection (3) hereof, the Secretary of State after due consultation with the Forestry Commission shall retain

the right to make final decisions concerning the management and sale of timber and other forest products.

54 (d) It is hereby made the duty of the State Forestry 55 Commission, from time to time, to mark timber which should be cut 56 from the lands, to determine what planting, deadening or other forestry improvements should be made, giving due consideration to 57 58 food and habitat for wildlife, and to report to the appropriate 59 board of education. The State Forestry Commission and the board 60 of education shall supervise the cutting of any timber or 61 harvesting of other forest products sold from the lands herein designated and shall have authority to require any timber-cutting 62 63 operations on the lands to cease until proper adjustment is made, 64 whenever it shall appear that timber is being cut in violation of 65 the terms of the sale. In the event that it is desired to lease 66 any of such lands or standing timber for turpentine purposes, such lease shall only cover such trees as the State Forestry Commission 67 68 shall designate, and the commission through its employees shall approve the number of faces, method of chipping and boxing of such 69

- 72 No sale of any timber, turpentine or other forest 73 products lease shall be made until notice of same shall have been 74 published once a week for three (3) consecutive weeks in at least 75 one (1) newspaper published in such county. The first publication 76 of such notice shall be made not less than twenty-one (21) days 77 prior to the date fixed for the sale, and the last publication 78 shall be made not more than seven (7) days prior to such date. 79 no newspaper is published in such county, then such notice shall 80 be given by publishing the same for the required time in some newspaper having a general circulation in such county and, in 81 82 addition thereto, by posting a copy of such notice for at least twenty-one (21) days next preceding such sale at three (3) public 83
- 85 (f) Notwithstanding the above provision pertaining to 86 the sale of any timber, turpentine or other forest products, in the event that timber must be cleared from an existing road or 87 88 existing utility right-of-way, the public notice requirement may 89 be waived. Prior to waiver of the public notice requirement, the 90 State Forestry Commission must make a finding that, due to the 91 small area of timber to be cleared, a public notice sale would not be in the best interest of the local board of education. 92 93 State Forestry Commission makes such a finding, then it shall set

places in such county.

- 94 the value of the timber to be paid to the local board of education 95 by the party requesting the timber be removed.
- 96 (g) Provided, however, in the case of damage by fire, 97 windstorm or other natural causes which would require immediate
- 98 sale of the timber, because the time involved for advertisement as
- 99 prescribed herein would allow decay, rot or destruction
- 100 substantially decreasing the purchase price to be received had not
- 101 such delay occurred, the advertisement provisions of this section
- 102 shall not apply. The local board of education, with a written
- 103 recommendation from a designated employee of the State Forestry
- 104 Commission filed in the minutes of the local board of education,
- 105 shall determine when immediate sale of the timber is required.
- 106 When the board of education shall find an immediate sale necessary
- 107 for the causes stated herein, it shall, in its discretion, set the

- 109 show due diligence in notifying competitive bidders so that a true
- 110 competitive bid shall be received.
