SENATE BILL NO. 2538

1 AN ACT TO CREATE THE MISSISSIPPI REGIONAL PRE-NEED DISASTER
2 CLEAN UP ACT; TO AMEND SECTION 31-7-13, MISSISSIPPI CODE OF 1972,
3 TO AUTHORIZE COUNTIES AND MUNICIPALITIES TO OPT-IN TO REGIONAL
4 PRE-NEED CONTRACTS FOR DISASTER CLEAN-UP SERVICES; AND FOR RELATED
5 PURPOSES.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

7 **SECTION 1.** (1) This section shall be known and may be cited
8 as the "Mississippi Regional Pre-Need Disaster Clean Up Act."

9 (2) For the purposes of this section, the following words
10 and phrases shall have the meanings ascribed in this section
11 unless the context clearly indicates otherwise:

12 (a) "Disaster-related" means arising out of a severe
13 weather event or other emergency as declared by the Governor.

14 (b) "Pre-Need" means a contract entered into in advance
15 of the need for the goods or services, such that the contracted
16 entity is retained before the need for performance of the
17 contract.

18 **SECTION 2.** It is the intent of the Mississippi Legislature
19 that counties and municipalities be authorized to participate in

20 regional pre-need contracts, negotiated in advance by the State
21 after a public bidding process, for disaster-related solid waste
22 collection, disposal, and monitoring, such that the citizens of
23 those counties and municipalities will be quickly and adequately
24 served while recovering from the disaster.

25 **SECTION 3.** Section 31-7-13, Mississippi Code of 1972, is
26 amended as follows:

27 31-7-13. All agencies and governing authorities shall
28 purchase their commodities and printing; contract for garbage
29 collection or disposal; contract for solid waste collection or
30 disposal; contract for sewage collection or disposal; contract for
31 public construction; and contract for rentals as herein provided.

32 (a) **Bidding procedure for purchases not over \$5,000.00.**

33 Purchases which do not involve an expenditure of more than Five
34 Thousand Dollars (\$5,000.00), exclusive of freight or shipping
35 charges, may be made without advertising or otherwise requesting
36 competitive bids. However, nothing contained in this paragraph

37 (a) shall be construed to prohibit any agency or governing
38 authority from establishing procedures which require competitive
39 bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

40 (b) **Bidding procedure for purchases over \$5,000.00 but**

41 **not over \$75,000.00.** Purchases which involve an expenditure of
42 more than Five Thousand Dollars (\$5,000.00) but not more than
43 Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight
44 and shipping charges, may be made from the lowest and best bidder

45 without publishing or posting advertisement for bids, provided at
46 least two (2) competitive written bids have been obtained. Any
47 state agency or community/junior college purchasing commodities or
48 procuring construction pursuant to this paragraph (b) may
49 authorize its purchasing agent, or his designee, to accept the
50 lowest competitive written bid under Seventy-five Thousand Dollars
51 (\$75,000.00). Any governing authority purchasing commodities
52 pursuant to this paragraph (b) may authorize its purchasing agent,
53 or his designee, with regard to governing authorities other than
54 counties, or its purchase clerk, or his designee, with regard to
55 counties, to accept the lowest and best competitive written bid.
56 Such authorization shall be made in writing by the governing
57 authority and shall be maintained on file in the primary office of
58 the agency and recorded in the official minutes of the governing
59 authority, as appropriate. The purchasing agent or the purchase
60 clerk, or his designee, as the case may be, and not the governing
61 authority, shall be liable for any penalties and/or damages as may
62 be imposed by law for any act or omission of the purchasing agent
63 or purchase clerk, or his designee, constituting a violation of
64 law in accepting any bid without approval by the governing
65 authority. The term "competitive written bid" shall mean a bid
66 submitted on a bid form furnished by the buying agency or
67 governing authority and signed by authorized personnel
68 representing the vendor, or a bid submitted on a vendor's
69 letterhead or identifiable bid form and signed by authorized

70 personnel representing the vendor. "Competitive" shall mean that
71 the bids are developed based upon comparable identification of the
72 needs and are developed independently and without knowledge of
73 other bids or prospective bids. Any bid item for construction in
74 excess of Five Thousand Dollars (\$5,000.00) shall be broken down
75 by components to provide detail of component description and
76 pricing. These details shall be submitted with the written bids
77 and become part of the bid evaluation criteria. Bids may be
78 submitted by facsimile, electronic mail or other generally
79 accepted method of information distribution. Bids submitted by
80 electronic transmission shall not require the signature of the
81 vendor's representative unless required by agencies or governing
82 authorities.

83 (c) **Bidding procedure for purchases over \$75,000.00.**

84 (i) **Publication requirement.**

85 1. Purchases which involve an expenditure of
86 more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of
87 freight and shipping charges, may be made from the lowest and best
88 bidder after advertising for competitive bids once each week for
89 two (2) consecutive weeks in a regular newspaper published in the
90 county or municipality in which such agency or governing authority
91 is located. However, all American Recovery and Reinvestment Act
92 projects in excess of Twenty-five Thousand Dollars (\$25,000.00)
93 shall be bid. All references to American Recovery and
94 Reinvestment Act projects in this section shall not apply to

95 programs identified in Division B of the American Recovery and
96 Reinvestment Act.

97 2. Reverse auctions shall be the primary
98 method for receiving bids during the bidding process. If a
99 purchasing entity determines that a reverse auction is not in the
100 best interest of the state, then that determination must be
101 approved by the Public Procurement Review Board. The purchasing
102 entity shall submit a detailed explanation of why a reverse
103 auction would not be in the best interest of the state and present
104 an alternative process to be approved by the Public Procurement
105 Review Board. If the Public Procurement Review Board authorizes
106 the purchasing entity to solicit bids with a method other than
107 reverse auction, then the purchasing entity may designate the
108 other methods by which the bids will be received, including, but
109 not limited to, bids sealed in an envelope, bids received
110 electronically in a secure system, or bids received by any other
111 method that promotes open competition and has been approved by the
112 Office of Purchasing and Travel. However, reverse auction shall
113 not be used for any public contract for design, construction,
114 improvement, repair or remodeling of any public facilities,
115 including the purchase of materials, supplies, equipment or goods
116 for same and including buildings, roads and bridges. The Public
117 Procurement Review Board must approve any contract entered into by
118 alternative process. The provisions of this item 2 shall not
119 apply to the individual state institutions of higher learning.

120 The provisions of this item 2 requiring reverse auction as the
121 primary method of receiving bids shall not apply to term contract
122 purchases as provided in paragraph (n) of this section; however, a
123 purchasing entity may, in its discretion, utilize reverse auction
124 for such purchases. The provisions of this item 2 shall not apply
125 to individual public schools, including public charter schools and
126 public school districts, only when purchasing copyrighted
127 educational supplemental materials and software as a service
128 product. For such purchases, a local school board may authorize a
129 purchasing entity in its jurisdiction to use a Request for
130 Qualifications which promotes open competition and meets the
131 requirements of the Office of Purchasing and Travel.

132 3. The date as published for the bid opening
133 shall not be less than seven (7) working days after the last
134 published notice; however, if the purchase involves a construction
135 project in which the estimated cost is in excess of Seventy-five
136 Thousand Dollars (\$75,000.00), such bids shall not be opened in
137 less than fifteen (15) working days after the last notice is
138 published and the notice for the purchase of such construction
139 shall be published once each week for two (2) consecutive weeks.
140 However, all American Recovery and Reinvestment Act projects in
141 excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid.
142 For any projects in excess of Twenty-five Thousand Dollars
143 (\$25,000.00) under the American Recovery and Reinvestment Act,
144 publication shall be made one (1) time and the bid opening for

145 construction projects shall not be less than ten (10) working days
146 after the date of the published notice. The notice of intention
147 to let contracts or purchase equipment shall state the time and
148 place at which bids shall be received, list the contracts to be
149 made or types of equipment or supplies to be purchased, and, if
150 all plans and/or specifications are not published, refer to the
151 plans and/or specifications on file. If there is no newspaper
152 published in the county or municipality, then such notice shall be
153 given by posting same at the courthouse, or for municipalities at
154 the city hall, and at two (2) other public places in the county or
155 municipality, and also by publication once each week for two (2)
156 consecutive weeks in some newspaper having a general circulation
157 in the county or municipality in the above-provided manner. On
158 the same date that the notice is submitted to the newspaper for
159 publication, the agency or governing authority involved shall mail
160 written notice to, or provide electronic notification to the main
161 office of the Mississippi Procurement Technical Assistance Program
162 under the Mississippi Development Authority that contains the same
163 information as that in the published notice. Submissions received
164 by the Mississippi Procurement Technical Assistance Program for
165 projects funded by the American Recovery and Reinvestment Act
166 shall be displayed on a separate and unique Internet web page
167 accessible to the public and maintained by the Mississippi
168 Development Authority for the Mississippi Procurement Technical
169 Assistance Program. Those American Recovery and Reinvestment Act

170 related submissions shall be publicly posted within twenty-four
171 (24) hours of receipt by the Mississippi Development Authority and
172 the bid opening shall not occur until the submission has been
173 posted for ten (10) consecutive days. The Department of Finance
174 and Administration shall maintain information regarding contracts
175 and other expenditures from the American Recovery and Reinvestment
176 Act, on a unique Internet web page accessible to the public. The
177 Department of Finance and Administration shall promulgate rules
178 regarding format, content and deadlines, unless otherwise
179 specified by law, of the posting of award notices, contract
180 execution and subsequent amendments, links to the contract
181 documents, expenditures against the awarded contracts and general
182 expenditures of funds from the American Recovery and Reinvestment
183 Act. Within one (1) working day of the contract award, the agency
184 or governing authority shall post to the designated web page
185 maintained by the Department of Finance and Administration, notice
186 of the award, including the award recipient, the contract amount,
187 and a brief summary of the contract in accordance with rules
188 promulgated by the department. Within one (1) working day of the
189 contract execution, the agency or governing authority shall post
190 to the designated web page maintained by the Department of Finance
191 and Administration a summary of the executed contract and make a
192 copy of the appropriately redacted contract documents available
193 for linking to the designated web page in accordance with the
194 rules promulgated by the department. The information provided by

195 the agency or governing authority shall be posted to the web page
196 for the duration of the American Recovery and Reinvestment Act
197 funding or until the project is completed, whichever is longer.

198 (ii) **Bidding process amendment procedure.** If all
199 plans and/or specifications are published in the notification,
200 then the plans and/or specifications may not be amended. If all
201 plans and/or specifications are not published in the notification,
202 then amendments to the plans/specifications, bid opening date, bid
203 opening time and place may be made, provided that the agency or
204 governing authority maintains a list of all prospective bidders
205 who are known to have received a copy of the bid documents and all
206 such prospective bidders are sent copies of all amendments. This
207 notification of amendments may be made via mail, facsimile,
208 electronic mail or other generally accepted method of information
209 distribution. No addendum to bid specifications may be issued
210 within two (2) working days of the time established for the
211 receipt of bids unless such addendum also amends the bid opening
212 to a date not less than five (5) working days after the date of
213 the addendum.

214 (iii) **Filing requirement.** In all cases involving
215 governing authorities, before the notice shall be published or
216 posted, the plans or specifications for the construction or
217 equipment being sought shall be filed with the clerk of the board
218 of the governing authority. In addition to these requirements, a
219 bid file shall be established which shall indicate those vendors

220 to whom such solicitations and specifications were issued, and
221 such file shall also contain such information as is pertinent to
222 the bid.

223 (iv) **Specification restrictions.**

224 1. Specifications pertinent to such bidding
225 shall be written so as not to exclude comparable equipment of
226 domestic manufacture. However, if valid justification is
227 presented, the Department of Finance and Administration or the
228 board of a governing authority may approve a request for specific
229 equipment necessary to perform a specific job. Further, such
230 justification, when placed on the minutes of the board of a
231 governing authority, may serve as authority for that governing
232 authority to write specifications to require a specific item of
233 equipment needed to perform a specific job. In addition to these
234 requirements, from and after July 1, 1990, vendors of relocatable
235 classrooms and the specifications for the purchase of such
236 relocatable classrooms published by local school boards shall meet
237 all pertinent regulations of the State Board of Education,
238 including prior approval of such bid by the State Department of
239 Education.

240 2. Specifications for construction projects
241 may include an allowance for commodities, equipment, furniture,
242 construction materials or systems in which prospective bidders are
243 instructed to include in their bids specified amounts for such
244 items so long as the allowance items are acquired by the vendor in

245 a commercially reasonable manner and approved by the
246 agency/governing authority. Such acquisitions shall not be made
247 to circumvent the public purchasing laws.

248 (v) **Electronic bids.** Agencies and governing
249 authorities shall provide a secure electronic interactive system
250 for the submittal of bids requiring competitive bidding that shall
251 be an additional bidding option for those bidders who choose to
252 submit their bids electronically. The Department of Finance and
253 Administration shall provide, by regulation, the standards that
254 agencies must follow when receiving electronic bids. Agencies and
255 governing authorities shall make the appropriate provisions
256 necessary to accept electronic bids from those bidders who choose
257 to submit their bids electronically for all purchases requiring
258 competitive bidding under this section. Any special condition or
259 requirement for the electronic bid submission shall be specified
260 in the advertisement for bids required by this section. Agencies
261 or governing authorities that are currently without available high
262 speed Internet access shall be exempt from the requirement of this
263 subparagraph (v) until such time that high speed Internet access
264 becomes available. Any county having a population of less than
265 twenty thousand (20,000) shall be exempt from the provisions of
266 this subparagraph (v). Any municipality having a population of
267 less than ten thousand (10,000) shall be exempt from the
268 provisions of this subparagraph (v). The provisions of this
269 subparagraph (v) shall not require any bidder to submit bids

270 electronically. When construction bids are submitted
271 electronically, the requirement for including a certificate of
272 responsibility, or a statement that the bid enclosed does not
273 exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the
274 bid envelope as indicated in Section 31-3-21(1) and (2) shall be
275 deemed in compliance with by including same as an attachment with
276 the electronic bid submittal.

277 (d) **Lowest and best bid decision procedure.**

278 (i) **Decision procedure.** Purchases may be made
279 from the lowest and best bidder. In determining the lowest and
280 best bid, freight and shipping charges shall be included.
281 Life-cycle costing, total cost bids, warranties, guaranteed
282 buy-back provisions and other relevant provisions may be included
283 in the best bid calculation. All best bid procedures for state
284 agencies must be in compliance with regulations established by the
285 Department of Finance and Administration. If any governing
286 authority accepts a bid other than the lowest bid actually
287 submitted, it shall place on its minutes detailed calculations and
288 narrative summary showing that the accepted bid was determined to
289 be the lowest and best bid, including the dollar amount of the
290 accepted bid and the dollar amount of the lowest bid. No agency
291 or governing authority shall accept a bid based on items not
292 included in the specifications.

293 (ii) **Decision procedure for Certified Purchasing**
294 **Offices.** In addition to the decision procedure set forth in

295 subparagraph (i) of this paragraph (d), Certified Purchasing
296 Offices may also use the following procedure: Purchases may be
297 made from the bidder offering the best value. In determining the
298 best value bid, freight and shipping charges shall be included.
299 Life-cycle costing, total cost bids, warranties, guaranteed
300 buy-back provisions, documented previous experience, training
301 costs and other relevant provisions, including, but not limited
302 to, a bidder having a local office and inventory located within
303 the jurisdiction of the governing authority, may be included in
304 the best value calculation. This provision shall authorize
305 Certified Purchasing Offices to utilize a Request For Proposals
306 (RFP) process when purchasing commodities. All best value
307 procedures for state agencies must be in compliance with
308 regulations established by the Department of Finance and
309 Administration. No agency or governing authority shall accept a
310 bid based on items or criteria not included in the specifications.

311 (iii) **Decision procedure for Mississippi**

312 **Landmarks.** In addition to the decision procedure set forth in
313 subparagraph (i) of this paragraph (d), where purchase involves
314 renovation, restoration, or both, of the State Capitol Building or
315 any other historical building designated for at least five (5)
316 years as a Mississippi Landmark by the Board of Trustees of the
317 Department of Archives and History under the authority of Sections
318 39-7-7 and 39-7-11, the agency or governing authority may use the
319 following procedure: Purchases may be made from the lowest and

320 best prequalified bidder. Prequalification of bidders shall be
321 determined not less than fifteen (15) working days before the
322 first published notice of bid opening. Prequalification criteria
323 shall be limited to bidder's knowledge and experience in
324 historical restoration, preservation and renovation. In
325 determining the lowest and best bid, freight and shipping charges
326 shall be included. Life-cycle costing, total cost bids,
327 warranties, guaranteed buy-back provisions and other relevant
328 provisions may be included in the best bid calculation. All best
329 bid and prequalification procedures for state agencies must be in
330 compliance with regulations established by the Department of
331 Finance and Administration. If any governing authority accepts a
332 bid other than the lowest bid actually submitted, it shall place
333 on its minutes detailed calculations and narrative summary showing
334 that the accepted bid was determined to be the lowest and best
335 bid, including the dollar amount of the accepted bid and the
336 dollar amount of the lowest bid. No agency or governing authority
337 shall accept a bid based on items not included in the
338 specifications.

339 (iv) **Construction project negotiations authority.**

340 If the lowest and best bid is not more than ten percent (10%)
341 above the amount of funds allocated for a public construction or
342 renovation project, then the agency or governing authority shall
343 be permitted to negotiate with the lowest bidder in order to enter
344 into a contract for an amount not to exceed the funds allocated.

345 (e) **Lease-purchase authorization.** For the purposes of
346 this section, the term "equipment" shall mean equipment, furniture
347 and, if applicable, associated software and other applicable
348 direct costs associated with the acquisition. Any lease-purchase
349 of equipment which an agency is not required to lease-purchase
350 under the master lease-purchase program pursuant to Section
351 31-7-10 and any lease-purchase of equipment which a governing
352 authority elects to lease-purchase may be acquired by a
353 lease-purchase agreement under this paragraph (e). Lease-purchase
354 financing may also be obtained from the vendor or from a
355 third-party source after having solicited and obtained at least
356 two (2) written competitive bids, as defined in paragraph (b) of
357 this section, for such financing without advertising for such
358 bids. Solicitation for the bids for financing may occur before or
359 after acceptance of bids for the purchase of such equipment or,
360 where no such bids for purchase are required, at any time before
361 the purchase thereof. No such lease-purchase agreement shall be
362 for an annual rate of interest which is greater than the overall
363 maximum interest rate to maturity on general obligation
364 indebtedness permitted under Section 75-17-101, and the term of
365 such lease-purchase agreement shall not exceed the useful life of
366 equipment covered thereby as determined according to the upper
367 limit of the asset depreciation range (ADR) guidelines for the
368 Class Life Asset Depreciation Range System established by the
369 Internal Revenue Service pursuant to the United States Internal

370 Revenue Code and regulations thereunder as in effect on December
371 31, 1980, or comparable depreciation guidelines with respect to
372 any equipment not covered by ADR guidelines. Any lease-purchase
373 agreement entered into pursuant to this paragraph (e) may contain
374 any of the terms and conditions which a master lease-purchase
375 agreement may contain under the provisions of Section 31-7-10(5),
376 and shall contain an annual allocation dependency clause
377 substantially similar to that set forth in Section 31-7-10(8).
378 Each agency or governing authority entering into a lease-purchase
379 transaction pursuant to this paragraph (e) shall maintain with
380 respect to each such lease-purchase transaction the same
381 information as required to be maintained by the Department of
382 Finance and Administration pursuant to Section 31-7-10(13).
383 However, nothing contained in this section shall be construed to
384 permit agencies to acquire items of equipment with a total
385 acquisition cost in the aggregate of less than Ten Thousand
386 Dollars (\$10,000.00) by a single lease-purchase transaction. All
387 equipment, and the purchase thereof by any lessor, acquired by
388 lease-purchase under this paragraph and all lease-purchase
389 payments with respect thereto shall be exempt from all Mississippi
390 sales, use and ad valorem taxes. Interest paid on any
391 lease-purchase agreement under this section shall be exempt from
392 State of Mississippi income taxation.

393 (f) **Alternate bid authorization.** When necessary to
394 ensure ready availability of commodities for public works and the

395 timely completion of public projects, no more than two (2)
396 alternate bids may be accepted by a governing authority for
397 commodities. No purchases may be made through use of such
398 alternate bids procedure unless the lowest and best bidder cannot
399 deliver the commodities contained in his bid. In that event,
400 purchases of such commodities may be made from one (1) of the
401 bidders whose bid was accepted as an alternate.

402 (g) **Construction contract change authorization.** In the
403 event a determination is made by an agency or governing authority
404 after a construction contract is let that changes or modifications
405 to the original contract are necessary or would better serve the
406 purpose of the agency or the governing authority, such agency or
407 governing authority may, in its discretion, order such changes
408 pertaining to the construction that are necessary under the
409 circumstances without the necessity of further public bids;
410 provided that such change shall be made in a commercially
411 reasonable manner and shall not be made to circumvent the public
412 purchasing statutes. In addition to any other authorized person,
413 the architect or engineer hired by an agency or governing
414 authority with respect to any public construction contract shall
415 have the authority, when granted by an agency or governing
416 authority, to authorize changes or modifications to the original
417 contract without the necessity of prior approval of the agency or
418 governing authority when any such change or modification is less
419 than one percent (1%) of the total contract amount. The agency or

420 governing authority may limit the number, manner or frequency of
421 such emergency changes or modifications.

422 (h) **Petroleum purchase alternative.** In addition to
423 other methods of purchasing authorized in this chapter, when any
424 agency or governing authority shall have a need for gas, diesel
425 fuel, oils and/or other petroleum products in excess of the amount
426 set forth in paragraph (a) of this section, such agency or
427 governing authority may purchase the commodity after having
428 solicited and obtained at least two (2) competitive written bids,
429 as defined in paragraph (b) of this section. If two (2)
430 competitive written bids are not obtained, the entity shall comply
431 with the procedures set forth in paragraph (c) of this section.
432 In the event any agency or governing authority shall have
433 advertised for bids for the purchase of gas, diesel fuel, oils and
434 other petroleum products and coal and no acceptable bids can be
435 obtained, such agency or governing authority is authorized and
436 directed to enter into any negotiations necessary to secure the
437 lowest and best contract available for the purchase of such
438 commodities.

439 (i) **Road construction petroleum products price**
440 **adjustment clause authorization.** Any agency or governing
441 authority authorized to enter into contracts for the construction,
442 maintenance, surfacing or repair of highways, roads or streets,
443 may include in its bid proposal and contract documents a price
444 adjustment clause with relation to the cost to the contractor,

445 including taxes, based upon an industry-wide cost index, of
446 petroleum products including asphalt used in the performance or
447 execution of the contract or in the production or manufacture of
448 materials for use in such performance. Such industry-wide index
449 shall be established and published monthly by the Mississippi
450 Department of Transportation with a copy thereof to be mailed,
451 upon request, to the clerks of the governing authority of each
452 municipality and the clerks of each board of supervisors
453 throughout the state. The price adjustment clause shall be based
454 on the cost of such petroleum products only and shall not include
455 any additional profit or overhead as part of the adjustment. The
456 bid proposals or document contract shall contain the basis and
457 methods of adjusting unit prices for the change in the cost of
458 such petroleum products.

459 (j) **State agency emergency purchase procedure.** If the
460 governing board or the executive head, or his designees, of any
461 agency of the state shall determine that an emergency exists in
462 regard to the purchase of any commodities or repair contracts, so
463 that the delay incident to giving opportunity for competitive
464 bidding would be detrimental to the interests of the state, then
465 the head of such agency, or his designees, shall file with the
466 Department of Finance and Administration (i) a statement
467 explaining the conditions and circumstances of the emergency,
468 which shall include a detailed description of the events leading
469 up to the situation and the negative impact to the entity if the

470 purchase is made following the statutory requirements set forth in
471 paragraph (a), (b) or (c) of this section, and (ii) a certified
472 copy of the appropriate minutes of the board of such agency
473 requesting the emergency purchase, if applicable. Upon receipt of
474 the statement and applicable board certification, the State Fiscal
475 Officer, or his designees, may, in writing, authorize the purchase
476 or repair without having to comply with competitive bidding
477 requirements.

478 If the governing board or the executive head, or his
479 designees, of any agency determines that an emergency exists in
480 regard to the purchase of any commodities or repair contracts, so
481 that the delay incident to giving opportunity for competitive
482 bidding would threaten the health or safety of any person, or the
483 preservation or protection of property, then the provisions in
484 this section for competitive bidding shall not apply, and any
485 officer or agent of the agency having general or specific
486 authority for making the purchase or repair contract shall approve
487 the bill presented for payment, and he shall certify in writing
488 from whom the purchase was made, or with whom the repair contract
489 was made.

490 Total purchases made under this paragraph (j) shall only be
491 for the purpose of meeting needs created by the emergency
492 situation. Following the emergency purchase, documentation of the
493 purchase, including a description of the commodity purchased, the
494 purchase price thereof and the nature of the emergency shall be

495 filed with the Department of Finance and Administration. Any
496 contract awarded pursuant to this paragraph (j) shall not exceed a
497 term of one (1) year.

498 Purchases under the grant program established under Section
499 37-68-7 in response to COVID-19 and the directive that school
500 districts create a distance learning plan and fulfill technology
501 needs expeditiously shall be deemed an emergency purchase for
502 purposes of this paragraph (j).

503 (k) **Governing authority emergency purchase procedure.**

504 If the governing authority, or the governing authority acting
505 through its designee, shall determine that an emergency exists in
506 regard to the purchase of any commodities or repair contracts, so
507 that the delay incident to giving opportunity for competitive
508 bidding would be detrimental to the interest of the governing
509 authority, then the provisions herein for competitive bidding
510 shall not apply and any officer or agent of such governing
511 authority having general or special authority therefor in making
512 such purchase or repair shall approve the bill presented therefor,
513 and he shall certify in writing thereon from whom such purchase
514 was made, or with whom such a repair contract was made. At the
515 board meeting next following the emergency purchase or repair
516 contract, documentation of the purchase or repair contract,
517 including a description of the commodity purchased, the price
518 thereof and the nature of the emergency shall be presented to the
519 board and shall be placed on the minutes of the board of such

520 governing authority. Purchases under the grant program
521 established under Section 37-68-7 in response to COVID-19 and the
522 directive that school districts create a distance learning plan
523 and fulfill technology needs expeditiously shall be deemed an
524 emergency purchase for purposes of this paragraph (k).

525 (1) **Hospital purchase, lease-purchase and lease**
526 **authorization.**

527 (i) The commissioners or board of trustees of any
528 public hospital may contract with such lowest and best bidder for
529 the purchase or lease-purchase of any commodity under a contract
530 of purchase or lease-purchase agreement whose obligatory payment
531 terms do not exceed five (5) years.

532 (ii) In addition to the authority granted in
533 subparagraph (i) of this paragraph (1), the commissioners or board
534 of trustees is authorized to enter into contracts for the lease of
535 equipment or services, or both, which it considers necessary for
536 the proper care of patients if, in its opinion, it is not
537 financially feasible to purchase the necessary equipment or
538 services. Any such contract for the lease of equipment or
539 services executed by the commissioners or board shall not exceed a
540 maximum of five (5) years' duration and shall include a
541 cancellation clause based on unavailability of funds. If such
542 cancellation clause is exercised, there shall be no further
543 liability on the part of the lessee. Any such contract for the
544 lease of equipment or services executed on behalf of the

545 commissioners or board that complies with the provisions of this
546 subparagraph (ii) shall be excepted from the bid requirements set
547 forth in this section.

548 (m) **Exceptions from bidding requirements.** Excepted
549 from bid requirements are:

550 (i) **Purchasing agreements approved by department.**

551 Purchasing agreements, contracts and maximum price regulations
552 executed or approved by the Department of Finance and
553 Administration.

554 (ii) **Outside equipment repairs.** Repairs to
555 equipment, when such repairs are made by repair facilities in the
556 private sector; however, engines, transmissions, rear axles and/or
557 other such components shall not be included in this exemption when
558 replaced as a complete unit instead of being repaired and the need
559 for such total component replacement is known before disassembly
560 of the component; however, invoices identifying the equipment,
561 specific repairs made, parts identified by number and name,
562 supplies used in such repairs, and the number of hours of labor
563 and costs therefor shall be required for the payment for such
564 repairs.

565 (iii) **In-house equipment repairs.** Purchases of
566 parts for repairs to equipment, when such repairs are made by
567 personnel of the agency or governing authority; however, entire
568 assemblies, such as engines or transmissions, shall not be

569 included in this exemption when the entire assembly is being
570 replaced instead of being repaired.

572 of gravel or fill dirt which are to be removed and transported by
573 the purchaser.

576 authority, another governing authority or state agency of the
577 State of Mississippi, or any governing authority or state agency
578 of another state at a public auction held for the purpose of
579 disposing of such vehicles or other equipment. Any purchase by a
580 governing authority under the exemption authorized by this
581 subparagraph (v) shall require advance authorization spread upon
582 the minutes of the governing authority to include the listing of
583 the item or items authorized to be purchased and the maximum bid
584 authorized to be paid for each item or items.

585 (vi) **Intergovernmental sales and transfers.**
586 Purchases, sales, transfers or trades by governing authorities or
587 state agencies when such purchases, sales, transfers or trades are
588 made by a private treaty agreement or through means of
589 negotiation, from any federal agency or authority, another
590 governing authority or state agency of the State of Mississippi,
591 or any state agency or governing authority of another state.
592 Nothing in this section shall permit such purchases through public
593 auction except as provided for in subparagraph (v) of this

594 paragraph (m). It is the intent of this section to allow
595 governmental entities to dispose of and/or purchase commodities
596 from other governmental entities at a price that is agreed to by
597 both parties. This shall allow for purchases and/or sales at
598 prices which may be determined to be below the market value if the
599 selling entity determines that the sale at below market value is
600 in the best interest of the taxpayers of the state. Governing
601 authorities shall place the terms of the agreement and any
602 justification on the minutes, and state agencies shall obtain
603 approval from the Department of Finance and Administration, prior
604 to releasing or taking possession of the commodities.

610 available from one (1) source only. In connection with the
611 purchase of noncompetitive items only available from one (1)
612 source, a certification of the conditions and circumstances
613 requiring the purchase shall be filed by the agency with the
614 Department of Finance and Administration and by the governing
615 authority with the board of the governing authority. Upon receipt
616 of that certification the Department of Finance and Administration
617 or the board of the governing authority, as the case may be, may,
618 in writing, authorize the purchase, which authority shall be noted

619 on the minutes of the body at the next regular meeting thereafter.
620 In those situations, a governing authority is not required to
621 obtain the approval of the Department of Finance and
622 Administration. Following the purchase, the executive head of the
623 state agency, or his designees, shall file with the Department of
624 Finance and Administration, documentation of the purchase,
625 including a description of the commodity purchased, the purchase
626 price thereof and the source from whom it was purchased.

632 in constructing such facilities, a governing authority or agency
633 shall publicly issue requests for proposals, advertised for in the
634 same manner as provided herein for seeking bids for public
635 construction projects, concerning the design, construction,
636 ownership, operation and/or maintenance of such facilities,
637 wherein such requests for proposals when issued shall contain
638 terms and conditions relating to price, financial responsibility,
639 technology, environmental compatibility, legal responsibilities
640 and such other matters as are determined by the governing
641 authority or agency to be appropriate for inclusion; and after
642 responses to the request for proposals have been duly received,
643 the governing authority or agency may select the most qualified

644 proposal or proposals on the basis of price, technology and other

879 shall be duly included in the advertisement to elicit proposals.
880 After responses to the request for proposals have been duly
881 received, the governing authority or agency shall select the most
882 qualified proposal or proposals on the basis of price, technology
883 and other relevant factors and from such proposals, but not
884 limited to the terms thereof, negotiate and enter into contracts

941 to the citizens of the State of Mississippi, where requests for
942 proposals are solicited.

943 (v) **Insurability of bidders for public construction or**
944 **other public contracts.** In any solicitation for bids to perform
