62 is paramount and should not be subject to unreasonable third-party
63 interference;

64 (b) Prior authorization programs may be subject to
65 member coverage agreements and medical policies, but shall not

66 hinder the independent medical judgment of a physician or other
67 health care provider; and

68 (c) Prior authorization programs must be transparent to
69 ensure a fair and consistent process for health care providers and
70 their patients.

71 **SECTION 3. Applicability and Scope.** This act applies to

81 federal or state law or rules promulgated under those laws
82 applicable to a health insurer, health insurance issuer, health
83 benefit plan, private review agent or utilization review plan,
84 including, but not limited to, the requirement of a certificate in

98 whole or in part, for the benefit; the denial, reduction, or
99 termination of or failure to provide or make payment, in whole or
100 in part, for a benefit based on a determination by a health
101 insurance issuer that a preexisting condition was present before
102 the effective date of coverage; or a rescission of coverage

123 attention to result in:

124 (i) Placing the health of the individual or, with
125 respect to a pregnant woman, the health of the woman or her unborn
126 child, in serious jeopardy;

127 (ii) Serious impairment to bodily functions; or

183 (i) Could seriously jeopardize the life or health
184 of the enrollee or the ability of the enrollee to regain maximum
185 function; or

186 (ii) Could subject the enrollee to severe pain
187 that cannot be adequately managed without the care or treatment

189 (q) "Urgent health care service" does not include
190 emergency services.

199 (2) A health insurance issuer shall make any current prior
200 authorization requirements and restrictions, including the written
201 clinical review criteria, readily accessible and conspicuously
202 posted on its website to enrollees, health care professionals and
203 health care providers. Content published by a third party and
204 licensed for use by a health insurance issuer may be made

207 the website do not unreasonably restrict access. Requirements
208 shall be described in detail, written in easily understandable

234 (f) Be evaluated and updated, if necessary, at least
235 annually.

236 (4) A health insurance issuer shall not deny a claim for
237 failure to obtain prior authorization if the prior authorization
238 requirement was not in effect on the date of service on the claim.

239 (5) A health insurance issuer shall not deem as incidental
240 or deny supplies or health care services that are routinely used
241 as part of a health care service when:

242 (a) An associated health care service has received
243 prior authorization; or

244 (b) Prior authorization for the health care service is
245 not required.

246 (6) If a health insurance issuer intends either to implement
247 a new prior authorization requirement or restriction or amend an
248 existing requirement or restriction, the health insurance issuer
249 shall provide contracted health care professionals and contracted
250 health care providers of enrollees written notice of the new or
251 amended requirement or amendment no less than sixty (60) days
252 before the requirement or restriction is implemented. The written
253 notice may be provided in an electronic format, including email or
254 facsimile, if the health care professional or health care provider
255 has agreed in advance to receive notices electronically. The
256 health insurance issuer shall ensure that the new or amended

258 issuer's website has been updated to reflect the new or amended
259 requirement or restriction.

260 (7) Health insurers using prior authorization shall make
261 statistics available regarding prior authorization approvals and
262 denials on their website in a readily accessible format. The

263 statistics must be updated annually and include all of the
264 following information:

265 (a) A list of all health care services, including
266 medications, that are subject to prior authorization;

267 (b) The total number of prior authorization requests
268 received;

269 (c) The number of prior authorization requests denied
270 during the previous plan year by the health insurance issuer,
271 health benefit plan, or private review agent with respect to each
272 service described in paragraph (a) of this subsection and the top
273 five (5) reasons for denial;

274 (d) The number of requests described in paragraph (c)
275 of this subsection that were appealed, the number of the appealed
276 requests that upheld the adverse determination and the number of
277 appealed requests that reversed the adverse determination;

278 (e) The average time between submission and response;
279 and

280 (f) Any other information as the department determines
281 appropriate.

282 **SECTION 6. Standardized electronic prior authorizations.**

283 (1) If any health insurance issuer requires prior authorization
284 of a health care service, the insurer or its designee utilization
285 review organization shall, by January 1, 2024, make available a
286 standardized electronic prior authorization request transaction

287 process using an Internet webpage, Internet webpage portal, or
288 similar electronic, Internet, and web-based system.

289 (2) Not later than January 1, 2026, all health care
290 professionals and health care providers shall be required to use
291 the standardized electronic prior authorization request
292 transaction process made available as required by subsection (1)
293 of this section.

294 **SECTION 7. Prior authorizations in nonurgent circumstances.**

295 If a health insurance issuer requires prior authorization of a
296 health care service, the health insurance issuer must make an
297 approval or adverse determination and notify the enrollee, the
298 enrollee's health care professional, and the enrollee's health
299 care provider of the approval or adverse determination as required
300 by applicable law, but no later than two (2) working days after
301 obtaining all necessary information to make the approval or
302 adverse determination. As used in this section, "necessary
303 information" includes the results of any face-to-face clinical
304 evaluation, second opinion or other clinical information that is
305 directly applicable to the requested service that may be required.

306 **SECTION 8. Prior authorizations in urgent circumstances.**

307 (1) If requested by a treating health care provider or health
308 care professional for an enrollee, a health insurance issuer must
309 render an approval or adverse determination concerning urgent
310 health care services and notify the enrollee, the enrollee's
311 health care professional and the enrollee's health care provider

312 of that approval or adverse determination as required by law, but
313 not later than twenty-four (24) hours after receiving all
314 information needed to complete the review of the requested health
315 care services.

316 (2) To facilitate the rendering of a prior authorization
317 determination in conformance with this section, a health insurance
318 issuer must establish a mechanism to ensure health care
319 professionals have access to appropriately trained and licensed
320 clinical personnel who have access to physicians for consultation,
321 designated by the plan to make such determinations for prior
322 authorization concerning urgent care services.

323 **SECTION 9. Personnel qualified to make adverse**

324 **determinations.** (1) A health insurance issuer must ensure that
325 all adverse determinations are made by a physician when the
326 request is by a physician or a representative of a physician. The
327 physician must:

328 (a) Possess a current and valid nonrestricted license
329 in any United States jurisdiction; and

330 (b) Have experience treating and managing patients with
331 the medical condition or disease for which the health care service
332 is being requested.

333 (2) Notwithstanding the foregoing, the health insurance
334 issuer must also comply with Section 41-83-31 requiring
335 concurrence in the adverse determination by a physician certified

336 by the board(s) of the American Board of Medical Specialists or
337 the American Board of Osteopathy within the relevant specialty.

338 **SECTION 10. Notifications for adverse determinations.** If a
339 health insurance issuer makes an adverse determination, the health
340 insurance issuer shall include the following in the notification
341 to the enrollee, the enrollee's health care professional, and the
342 enrollee's health care provider:

343 (a) The reasons for the adverse determination and
344 related evidence-based criteria, including a description of any
345 missing or insufficient documentation;

346 (b) The right to appeal the adverse determination;

347 (c) Instructions on how to file the appeal; and

348 (d) Additional documentation necessary to support the
349 appeal.

350 **SECTION 11. Personnel qualified to review appeals.** (1) A
351 health insurance issuer must ensure that all appeals are reviewed
352 by a physician when the request is by a physician or a
353 representative of a physician. The physician must:

354 (a) Possess a current and valid nonrestricted license
355 to practice medicine in any United States jurisdiction;

356 (b) Be certified by the board(s) of the American Board
357 of Medical Specialists or the American Board of Osteopathy within
358 the relevant specialty of a physician who typically manages the
359 medical condition or disease;

360 (c) Be knowledgeable of, and have experience providing,
361 the health care services under appeal;

362 (d) Not have been directly involved in making the
363 adverse determination; and

364 (e) Consider all known clinical aspects of the health
365 care service under review, including, but not limited to, a review
366 of all pertinent medical records provided to the health insurance
367 issuer by the enrollee's health care professional or health care
368 provider and any medical literature provided to the health
369 insurance issuer by the health care professional or health care
370 provider.

371 (2) Notwithstanding the foregoing, a licensed health care
372 professional who satisfies the requirements in this section may
373 review appeal requests submitted by a health care professional
374 licensed in the same profession.

375 **SECTION 12. Insurer review of prior authorization**

376 **requirements.** A health insurance issuer shall periodically review
377 its prior authorization requirements and consider removal of prior
378 authorization requirements:

379 (a) Where a medication or procedure prescribed is
380 customary and properly indicated or is a treatment for the
381 clinical indication as supported by peer-reviewed medical
382 publications; or

383 (b) For patients currently managed with an established
384 treatment regimen.

385 **SECTION 13. Revocation of prior authorizations.** (1) A
386 health insurance issuer may not revoke or further limit, condition
387 or restrict a previously issued prior authorization approval while
388 it remains valid under this act.

389 (2) Notwithstanding any other provision of law, if a claim
390 is properly coded and submitted timely to a health insurance
391 issuer, the health insurance issuer shall make payment according
392 to the terms of coverage on claims for health care services for
393 which prior authorization was required and approval received
394 before the rendering of health care services, unless one (1) of
395 the following occurs:

396 (a) It is timely determined that the enrollee's health
397 care professional or health care provider knowingly and without
398 exercising prudent clinical judgment provided health care services
399 that required prior authorization from the health insurance issuer
400 or its contracted private review agent without first obtaining
401 prior authorization for those health care services;

402 (b) It is timely determined that the health care
403 services claimed were not performed;

404 (c) It is timely determined that the health care
405 services rendered were contrary to the instructions of the health
406 insurance issuer or its contracted private review agent or
407 delegated reviewer if contact was made between those parties
408 before the service being rendered;

409 (d) It is timely determined that the enrollee receiving
410 such health care services was not an enrollee of the health care
411 plan; or

412 (e) The approval was based upon a material
413 misrepresentation by the enrollee, health care professional, or
414 health care provider; as used in this paragraph, "material" means
415 a fact or situation that is not merely technical in nature and
416 results or could result in a substantial change in the situation.

417 (3) Nothing in this section shall preclude a private review
418 agent or a health insurance issuer from performing post-service
419 reviews of health care claims for purposes of payment integrity or
420 for the prevention of fraud, waste, or abuse.

421 **SECTION 14. Length of approvals.** (1) A prior authorization
422 approval shall be valid for the lesser of six (6) months after the
423 date the health care professional or health care provider receives
424 the prior authorization approval or the length of treatment as
425 determined by the patient's health care professional or the
426 renewal of the policy or plan, and the approval period shall be
427 effective regardless of any changes, including any changes in
428 dosage for a prescription drug prescribed by the health care
429 professional. All dosage increases must be based on established
430 evidentiary standards, and nothing in this section shall prohibit
431 a health insurance issuer from having safety edits in place. This
432 section shall not apply to the prescription of benzodiazepines or
433 Schedule II narcotic drugs, such as opioids.

434 (2) Nothing in this section shall require a policy or plan
435 to cover any care, treatment, or services for any health condition
436 that the terms of coverage otherwise completely exclude from the
437 policy's or plan's covered benefits without regard for whether the
438 care, treatment or services are medically necessary.

439 **SECTION 15. Approvals for chronic conditions.** (1) If a
440 health insurance issuer requires a prior authorization for a
441 recurring health care service or maintenance medication for the
442 treatment of a chronic or long-term condition, the approval shall
443 remain valid for the lesser of twelve (12) months from the date
444 the health care professional or health care provider receives the
445 prior authorization approval or the length of the treatment as
446 determined by the patient's health care professional. This
447 section shall not apply to the prescription of benzodiazepines or
448 Schedule II narcotic drugs, such as opioids.

449 (2) Nothing in this section shall require a policy or plan
450 to cover any care, treatment or services for any health condition
451 that the terms of coverage otherwise completely exclude from the
452 policy's or plan's covered benefits without regard for whether the
453 care, treatment, or services are medically necessary.

454 **SECTION 16. Continuity of prior approvals.** (1) On receipt
455 of information documenting a prior authorization approval from the
456 enrollee or from the enrollee's health care professional or health
457 care provider, a health insurance issuer shall honor a prior
458 authorization granted to an enrollee from a previous health

459 insurance issuer for at least the initial ninety (90) days of an
460 enrollee's coverage under a new health plan, subject to the terms
461 of the member's coverage agreement.

462 (2) During the time period described in subsection (1) of
463 this section, a health insurance issuer may perform its own review
464 to grant a prior authorization approval subject to the terms of
465 the member's coverage agreement.

466 (3) If there is a change in coverage of or approval criteria
467 for a previously authorized health care service, the change in
468 coverage or approval criteria does not affect an enrollee who
469 received prior authorization approval before the effective date of
470 the change for the remainder of the enrollee's plan year.

471 (4) Except to the extent required by medical exceptions
472 processes for prescription drugs, nothing in this section shall
473 require a policy or plan to cover any care, treatment or services
474 for any health condition that the terms of coverage otherwise
475 completely exclude from the policy's or plan's covered benefits
476 without regard for whether the care, treatment or services are
477 medically necessary.

478 **SECTION 17. Effect of insurer's failure to comply.** A
479 failure by a health insurance issuer to comply with the deadlines
480 and other requirements specified in this act shall result in any
481 health care services subject to review to be automatically deemed
482 authorized by the health insurance issuer or its contracted
483 private review agent.

484 **SECTION 18. Enforcement and administration.** (1) In
485 addition to the enforcement powers granted to it by law to enforce
486 the provisions of this act, the department is granted specific
487 authority to issue a cease-and-desist order or require a private
488 review agent or health insurance issuer to submit a plan of
489 correction for violations of this act, or both. Subject to
490 regulations promulgated by the department under the provisions of
491 the Mississippi Administrative Procedure Law, the department may
492 impose upon a private review agent, health benefit plan or health
493 insurance issuer an administrative fine not to exceed Ten Thousand
494 Dollars (\$10,000.00) per violation for failure to submit a
495 requested plan of correction, failure to comply with its plan of
496 correction, or repeated violations of this act. All fines
497 collected by the department under this section shall be deposited
498 into the State General Fund. The department may also exercise all
499 authority granted to it under Section 41-83-13 to deny or revoke a
500 certificate of a private review agent for a violation of this act.

501 (2) Any person or his or her treating physician who believes
502 that his or her health insurance issuer or health benefit plan is
503 in violation of the provisions of this act may file a complaint
504 with the department. The department shall review all complaints
505 received and investigate all complaints that it deems to state a
506 potential violation. The department shall fairly, efficiently and
507 timely review and investigate complaints. Health insurance
508 issuers, health benefit plans and private review agents found to

509 be in violation of this act shall be penalized in accordance with
510 this section.

511 (3) The department shall have the authority to promulgate
512 rules and regulations under the Mississippi Administrative
513 Procedures Law to govern the administration of this act.

514 **SECTION 19. Reports to the department.** (1) By June 1,
515 2024, and each June 1 after that date, a health insurance issuer
516 shall report to the department, on a form issued by the
517 department, the following aggregated trend data related to the
518 insurer's practices and experience for the prior plan year for
519 health care services submitted for payment:

- 520 (a) The number of prior authorization requests;
- 521 (b) The number of prior authorization requests denied;
- 522 (c) The number of prior authorization appeals received;
- 523 (d) The number of adverse determinations reversed on
524 appeal;
- 525 (e) Of the total number of prior authorization
526 requests, the number of prior authorization requests that were not
527 submitted electronically;
- 528 (f) The ten (10) health care services that were most
529 frequently denied through prior authorization;
- 530 (g) The ten (10) reasons prior authorization requests
531 were most frequently denied;
- 532 (h) The number of claims for health care services that
533 were examined through a post-service utilization review process;

534 (i) The number and percentage of claims for health care
535 services denied through post-service utilization review; and

536 (j) The ten (10) health care services that were most
537 frequently denied as a result of post-service utilization reviews.

538 (2) All reports required by this section shall be considered
539 public records under the Mississippi Public Records Act of 1983
540 and the department shall make all reports freely available to
541 requestors and post all reports to its public website without
542 redactions.

543 **SECTION 20. False requests for prior authorization.** If a
544 health insurance issuer has reason to believe that a health care
545 professional or health care provider has knowingly and willingly
546 submitted false or fraudulent requests for prior authorization to
547 the health insurance issuer, the issuer shall notify and provide
548 that information to the Commissioner of Insurance. After receipt
549 of such notification and information, the commissioner shall have
550 an administrative hearing on the matter to resolve the issue.

551 **SECTION 21.** Section 41-83-31, Mississippi Code of 1972, is
552 amended as follows:

553 41-83-31. Any program of utilization review with regard to
