380 the maximum bond a contractor may be capable of obtaining. The
381 board, in determining the qualifications of any applicant for an
382 original certificate of responsibility or any renewal thereof,
383 shall, among other things, take into consideration the following:

385 performance of previous contracts, (iv) financial condition, (v)
386 equipment, (vi) personnel, (vii) work completed, (viii) work on
387 hand, (ix) ability to perform satisfactorily work under contract
388 at the time of an application for a certificate of responsibility
389 or a renewal thereof, (x) default in complying with provisions of

393 findings of the board thereon, and a certified copy of the record
394 and findings shall be furnished to any applicant desiring to
395 appeal from any order or decision of the board.

396 (i) The board shall enter upon its minutes an order or
397 decision upon each application filed with it, and it may state in
398 such order or decision the reason or reasons for its order or
399 decision.

400 Upon failure of the board to enter an order or decision upon
401 its minutes as to any application within one hundred eighty (180)
402 days from the date of filing such application, the applicant shall
403 have the right of appeal as otherwise provided by this chapter.

405 disclose to the owner or other person with whom the holder is
406 contracting at the signing of a contract or the initial agreement

409 composition of which shall be determined by the State Board of
410 Contractors, and shall be placed immediately before the space
411 reserved in the contract for the signature of the purchaser. The
412 disclosure shall be boldfaced and conspicuous type which is larger
413 than the type of the remaining text of the contract.

414 **SECTION 13.** Section 31-3-14, Mississippi Code of 1972, is
415 brought forward as follows:

416 31-3-14. (1) In addition to the fees required for
417 application and renewal for certification and registration of all
418 contractors in Section 31-3-13, all holders of a certificate of
419 responsibility shall pay a fee equal to Two Hundred Dollars
420 (\$200.00) at the time of application or renewal of certificates of
421 responsibility. Any residential builder licensed under the
422 provisions of Section 73-59-1 et seq. shall be exempt from the fee
423 imposed under this section. The revenue derived from such
424 additional fees shall be deposited into a fund to be known as the
425 "Construction Education Fund," a special fund created in the State
426 Treasury, and distributed by the State Board of Contractors
427 created in Section 31-3-3, to the Mississippi Construction
428 Education Foundation, public high schools and community colleges

429 that participate in the Mississippi Construction Education
430 Foundation's "school-to-work" program, state universities that
431 have construction technology programs, the Mississippi Housing
432 Institute and certain construction educational trusts approved by
433 the State Board of Contractors in the manner hereinafter provided
434 to offer courses for construction education and construction craft
435 training to meet the needs of the construction industry of the
436 State of Mississippi.

437 (2) The State Board of Contractors shall, on an annual
438 basis, solicit from the Mississippi state institutions of higher
439 learning, all the public community and junior colleges, the
440 Mississippi Construction Education Foundation, public high schools
441 that participate in the Mississippi Construction Education
442 Foundation's "school-to-work" program and certain construction
443 educational trusts, applications for the use of such funds in
444 construction education and craft training programs in a manner
445 prescribed by the board. The board may appoint a technical
446 advisory committee to advise the board on the most needed areas of
447 construction education and craft training, continuing education or
448 research relating to the construction education and craft training
449 in the state, based on significant changes in the construction
450 industry's practices, economic development or on problems costing
451 public or private contractors substantial waste. The board shall
452 ensure that the monies distributed from this fund are properly
453 spent to promote construction education and craft training in

454 programs in the state which are approved by the board. At least
455 seventy-five percent (75%) of the monies distributed by the board,
456 pursuant to this section, must be used for construction craft
457 training with the exception of the Mississippi Housing Institute.

458 (3) Each university, junior college, community college, the
459 Mississippi Construction Education Foundation, public high school
460 that participates in the foundation's "school-to-work" program and
461 construction educational trust receiving funds pursuant to this
462 section for construction education or construction craft training
463 programs shall utilize such funds only for construction education
464 and craft training curricula and program development, faculty
465 development, equipment, student scholarships, student
466 assistantships, and for continuing education programs related to
467 construction education and craft training. Such funds shall not
468 be commingled with the normal operating funds of the educational
469 institution, regardless of the source of such funds.

470 (4) The State Board of Contractors shall ensure the
471 distribution of reports and the availability of construction
472 education programs established pursuant to this section to all
473 segments of the construction industry that are subject to the fee
474 provided under this section. The board shall cause a report to be
475 made to the Legislature in October of each year, summarizing the
476 allocation of funds by institution or program and summarizing the
477 new projects funded and the status of previously funded projects.

478 (5) All monies deposited into the Construction Education
479 Fund shall be used exclusively for construction education and
480 craft training, and any unspent funds at the end of the fiscal
481 year shall not revert to the General Fund of the State Treasury
482 but shall be available for construction education and craft
483 training in subsequent fiscal years.

484 (6) All monies deposited into the Construction Education
485 Fund collected from residential builders licensed under the
486 provisions of Section 73-59-1 et seq. shall be used exclusively
487 for licensed home builders' education and professional development
488 and any unspent funds at the end of the fiscal year shall not
489 revert to the General Fund of the State Treasury but shall be
490 available for construction education and craft training in
491 subsequent fiscal years.

492 (7) All expenditures from the Construction Education Fund
493 shall be by requisition to the State Auditor, signed by the
494 executive director of the board and countersigned by the chairman
495 or vice chairman of the board, and the State Treasurer shall issue
496 his warrants thereon.

497 **SECTION 14.** Section 31-3-15, Mississippi Code of 1972, is
498 brought forward as follows:

499 31-3-15. No contract for public or private projects shall be
500 issued or awarded to any contractor who did not have a current
501 certificate of responsibility issued by said board at the time of
502 the submission of the bid, or a similar certificate issued by a

503 similar board of another state which recognizes certificates
504 issued by said board. Any contract issued or awarded in violation
505 of this section shall be null and void.

506 **SECTION 15.** Section 31-3-17, Mississippi Code of 1972, is
507 brought forward as follows:

508 31-3-17. There is hereby levied, in addition to any taxes
509 otherwise provided for by law, a special privilege license tax of
510 Two Hundred Dollars (\$200.00) on each contractor who applies for a
511 certificate of responsibility issued under this chapter; and such
512 tax shall be paid to the executive director of the board upon
513 making such application in this state. The board may levy an
514 additional special privilege license tax not to exceed One Hundred
515 Dollars (\$100.00) for each additional classification for which a
516 contractor applies and is found to be qualified. The executive
517 director of the board shall promptly deposit all monies received
518 under this chapter in the State Treasury. Except for the civil
519 penalty provided in Section 31-3-21 which shall be deposited into
520 the State General Fund and the fee provided in Section 31-3-14,
521 all monies received under this chapter shall be kept in a special
522 fund in the State Treasury known as the "State Board of
523 Contractors Fund," and shall be used only for the purposes of this
524 chapter. Such monies shall not lapse at the end of each fiscal
525 year, but all monies in such State Board of Contractors Fund in
526 excess of the sum of fifty percent (50%) of the approved budget
527 for the fiscal year shall be paid over into the General Fund of

528 the State Treasury. All expenditures from the Board of
529 Contractors Fund shall be by requisition to the State Auditor,
530 signed by the executive director of the board and countersigned by
531 the chairman or vice chairman of the board, and the State
532 Treasurer shall issue warrants thereon.

533 **SECTION 16.** Section 31-3-16, Mississippi Code of 1972, is
534 brought forward as follows:

535 31-3-16. All commercial contractors, in order to obtain a
536 building permit in the State of Mississippi, shall possess a
537 permit from the Department of Revenue issued under Section
538 27-65-27.

539 Notwithstanding the definition of "contractor" in Section
540 31-3-1, for purposes of this section, a commercial contractor is a
541 person or entity contracting or offering to contract with an owner
542 or possessor of commercial real estate to construct a building
543 thereon, or to repair or renovate any portion of a building
544 thereon, regardless of the cost of the project, and regardless of
545 whether all or part of the cost is expected to be paid as a
546 benefit of a property and casualty insurance policy.

547 This section shall not apply to a commercial contractor
548 having a permanent place of business in the State of Mississippi
549 or licensed under this chapter.

550 **SECTION 17.** Section 31-3-21, Mississippi Code of 1972, is
551 brought forward as follows:

552 31-3-21. (1) It shall be unlawful for any person who does
553 not hold a certificate of responsibility issued under this chapter
554 to submit a bid, enter into a contract, or otherwise engage in or
555 continue in this state in the business of a contractor, as defined
556 in this chapter. Any bid which is submitted without a certificate
557 of responsibility number issued under this chapter and without
558 that number appearing on the exterior of the bid envelope, as and
559 if herein required, at the time designated for the opening of such
560 bid, shall not be considered further, and the person or public
561 agency soliciting bids shall not enter into a contract with a
562 contractor submitting a bid in violation of this section. In
563 addition, any person violating this section by knowingly and
564 willfully submitting a bid for projects without holding a
565 certificate of responsibility number issued under this chapter, as
566 and if herein required, at the time of the submission or opening
567 of such bid shall be guilty of a misdemeanor and, upon conviction,
568 shall be punished by a fine of not more than One Thousand Dollars
569 (\$1,000.00), or by imprisonment for not more than six (6) months,
570 or by both such fine and imprisonment.

571 (2) All bids submitted for public or private projects where
572 the bid is in excess of Fifty Thousand Dollars (\$50,000.00) shall
573 contain on the outside or exterior of the envelope or container of
574 such bid the contractor's current certificate number, and no bid
575 shall be opened or considered unless such contractor's current
576 certificate number appears on the outside or exterior of said

577 envelope or container, or unless there appears a statement on the
578 outside or exterior of such envelope or container to the effect
579 that the bid enclosed therewith did not exceed Fifty Thousand
580 Dollars (\$50,000.00) with respect to public or private projects.
581 Any person violating the provisions of this subsection shall be
582 guilty of a misdemeanor and, upon conviction, shall be punished by
583 a fine of not more than One Thousand Dollars (\$1,000.00), or by
584 imprisonment for not more than six (6) months, or by both such
585 fine and imprisonment.

586 (3) In the letting of public contracts preference shall be
587 given to resident contractors, and a nonresident bidder domiciled
588 in a state having laws granting preference to local contractors
589 shall be awarded Mississippi public contracts only on the same
590 basis as the nonresident bidder's state awards contracts to
591 Mississippi contractors bidding under similar circumstances; and
592 resident contractors actually domiciled in Mississippi, be they
593 corporate, individuals, or partnerships, are to be granted
594 preference over nonresidents in awarding of contracts in the same
595 manner and to the same extent as provided by the laws of the state
596 of domicile of the nonresident. When a nonresident contractor
597 submits a bid for a public project, he shall attach thereto a copy
598 of his resident state's current preference law, if any, pertaining
599 to such state's treatment of nonresident contractors. Any bid
600 submitted by a nonresident contractor which does not include the
601 nonresident contractor's current state law shall be rejected and

602 not considered for award. As used in this section, the term
603 "resident contractors" includes a nonresident person, firm or
604 corporation that has been qualified to do business in this state
605 and has maintained a permanent full-time office in the State of
606 Mississippi for two (2) years prior to submission of the bid and
607 the subsidiaries and affiliates of such a person, firm or
608 corporation. Any public agency awarding a contract shall promptly
609 report to the Department of Revenue the following information:

610 (a) The amount of the contract.

611 (b) The name and address of the contractor reviewing
612 the contract.

613 (c) The name and location of the project.

614 (4) In addition to any other penalties provided in this
615 chapter, and upon a finding of a violation of this chapter, the
616 State Board of Contractors may, after notice and hearing, issue an
617 order of abatement directing the contractor to cease all actions
618 constituting violations of this chapter until such time as the
619 contractor complies with Mississippi state law, and to pay to the
620 board a civil penalty to be deposited into the State Board of
621 Contractors Fund, created in Section 31-3-17, of not more than
622 three percent (3%) of the total contract being performed by the
623 contractor. In addition to, or in lieu of, such civil penalty,
624 the board may issue a public or private reprimand. The funds
625 collected from civil penalty payments shall be used by the State
626 Board of Contractors for enforcement and education.

627 **SECTION 18.** Section 31-3-23, Mississippi Code of 1972, is
628 brought forward as follows:

629 31-3-23. Within ten (10) days after any order, judgment or
630 action of the board, any person aggrieved thereby may appeal such
631 order, judgment or action either to the chancery court of the
632 county wherein the appellant resides or to the Chancery Court of
633 the First Judicial District of Hinds County, Mississippi, upon
634 giving bond with sufficient security in the amount of Two Hundred
635 Fifty Dollars (\$250.00), approved by the clerk of the chancery
636 court and conditioned to pay any costs which may be adjudged
637 against such person. In lieu of the bond, the appellant may post
638 Two Hundred Fifty Dollars (\$250.00) with the clerk of the chancery
639 court and conditioned to pay any costs which may be adjudged
640 against such person.

641 Notice of appeal shall be filed in the office of the clerk of
642 the chancery court, who shall issue a writ of certiorari directed
643 to the board commanding it within forty-five (45) days after
644 service thereof to certify to such court its entire record in the
645 matter in which the appeal has been taken. The appeal shall
646 thereupon be heard in due course by the court, and the court shall
647 review the record and shall affirm or reverse the judgment. If
648 the judgment is reversed, the chancery court or chancellor shall
649 render such order or judgment as the board ought to have rendered,
650 and certify the same to the board; and costs shall be awarded as
651 in other cases.

652 Appeals may be had to the Supreme Court of the State of
653 Mississippi as provided by law from any final action of the
654 chancery court. The board may employ counsel to defend such
655 appeals, to be paid out of the funds in the State Board of
656 Contractors Fund.

657 On appeal, any order, judgment or action of the board
658 revoking a certificate of responsibility or residential license
659 shall remain in full force unless the chancery court or Supreme
660 Court reverses such order, judgment or action of the board.

661 The remedies provided under this chapter for any aggrieved
662 person shall not be exclusive, but shall be cumulative of and
663 supplemental to any other remedies which he may otherwise have in
664 law or in equity, whether by injunction or otherwise.

665 **SECTION 19.** Section 31-5-3, Mississippi Code of 1972, is
666 brought forward as follows:

667 31-5-3. Any person, firm or corporation entering into a
668 formal contract with this state, any county thereof, municipality
669 therein, or any public board, department, commission, or political
670 subdivision of this state, for the construction or maintenance of
671 public buildings, works or projects or the doing of repairs to any
672 public building, works or projects shall be required before
673 commencing same to execute the usual bond with good and sufficient
674 sureties, as required by law, with the additional obligation that
675 such contractor shall promptly make payment of all taxes,
676 licenses, assessments, contributions, damages, penalties, and

677 interest thereon, when and as the same may lawfully be due this
678 state, or any county, municipality, board, department, commission
679 or political subdivision thereof, by reason of and directly
680 connected with the performance of such contract or any part
681 thereof.

682 In default of the prompt payment of all such taxes, licenses,
683 assessments, contributions, damages, penalties and interest
684 thereon as may be due by any such contractor, a direct proceeding
685 on said bond may be brought in any court of competent jurisdiction
686 by the proper officer or agency having lawful authority so to do
687 to enforce such payment, the right to so proceed being cumulative
688 and in addition to such other remedies as may be provided by law.

689 Nothing in this section shall be so construed as to repeal in
690 any respect the provisions of any law having for its purpose the
691 protection and enforcement of claims by persons furnishing labor
692 or materials.

693 **SECTION 20.** Section 31-5-15, Mississippi Code of 1972, is
694 brought forward as follows:

695 31-5-15. Under any public contract heretofore or hereafter
696 made or awarded by the State of Mississippi, or any agency or
697 department of the State of Mississippi, or by any political
698 subdivision thereof, the contractor may, with the written consent
699 of his or its surety, from time to time, withdraw the whole or any
700 portion of the amount retained from payments due the contractor
701 pursuant to the terms of the contract by depositing with the State

702 Treasurer of the State of Mississippi, or the treasurer or
703 secretary of the political subdivision of the State of Mississippi
704 holding funds belonging to the contractor, the following security,
705 or any combination thereof in an amount equal to or in excess of
706 the amount so withdrawn, said securities to be accepted at the
707 time of deposit at market value but not in excess of par value, to
708 wit:

709 (1) U.S. Treasury Bonds, U.S. Treasury Notes, U.S. Treasury
710 Certificates of Indebtedness, or U.S. Treasury Bills, or

711 (2) Bonds or notes of the State of Mississippi, or

712 (3) Bonds of any political subdivision of the State of
713 Mississippi, or

714 (4) Certificates of deposit issued by commercial banks
715 located in the State of Mississippi, provided that such
716 certificate is negotiable or is accompanied by a power of attorney
717 executed by the owner of the certificate in favor of the Treasurer
718 of the State of Mississippi or of the treasurer or the secretary
719 of the political subdivision involved, or

720 (5) Certificates of deposit issued by savings and loan
721 associations located in the State of Mississippi, the accounts of
722 which are insured by the Federal Savings and Loan Insurance
723 Corporation, or whose accounts are insured by a company approved
724 by the State Board of Savings and Loan Associations, provided that
725 such certificate is made payable with accrued interest on demand
726 and is accompanied by a power of attorney executed by the owner of

727 the certificate in favor of the Treasurer of the State of
728 Mississippi or the treasurer or secretary of the political
729 subdivision involved, and provided that any such certificate from
730 any of the savings and loan associations referred to in this
731 subparagraph shall not be for an amount in excess of the maximum
732 dollar amount of coverage of the Federal Savings and Loan
733 Insurance Corporation.

734 The agency or department of the state shall notify the State
735 Treasurer of the amount of deposit required and shall also notify
736 the State Treasurer when to release the deposit. The political
737 subdivision of the state shall notify its treasurer or secretary
738 of the amount of deposit required and shall also notify him when
739 to release the deposit.

740 The State Treasurer, or the secretary or treasurer of the
741 political subdivision holding said security, shall, from time to
742 time, collect all interest or income on the security so deposited
743 and shall, by and with the written consent of contractor's surety,
744 pay the same when and as collected to the contractor or
745 contractors who deposited said obligations. If the deposit be in
746 the form of coupon bonds, the coupons as they respectively become
747 due shall be delivered to the contractor.

748 If in the event of an overpayment to a contractor the
749 contracting authority is unable to obtain reimbursement for such
750 overpayments from the contractor, the chief administrative officer
751 of the contracting authority shall notify the contractor, its

752 surety and the State Treasurer or other holder of the security, of
753 the nature of the overpayment and of the failure to obtain
754 reimbursement. Upon such notification, the security holder shall
755 retain the income on the deposited security until an amount equal
756 to the overpayment is accumulated and paid to the contracting
757 authority.

758 In the event the contractor shall default in the performance
759 of the contract or any portion thereof, the securities deposited
760 by him in lieu of retainage and all interest and coupons and
761 income accruing on said securities after said default may be sold
762 by the state or any agency or department thereof, or any political
763 subdivision, and the proceeds of said sale used as if such
764 proceeds represented the retainage provided for under the
765 contract.

766 **SECTION 21.** Section 31-5-17, Mississippi Code of 1972, is
767 brought forward as follows:

768 31-5-17. Every public officer, contractor, superintendent,
769 or agent engaged in or in charge of the construction of any state
770 or public building or public work of any kind for the State of
771 Mississippi or for any board, city commission, governmental
772 agency, or municipality of the State of Mississippi shall employ
773 only workmen and laborers who have actually resided in Mississippi
774 for two (2) years next preceding such employment.

775 **SECTION 22.** Section 31-5-19, Mississippi Code of 1972, is
776 brought forward as follows:

777 31-5-19. In the event workmen or laborers qualified under
778 the provisions of Section 31-5-17 are not available, then the
779 contractor, officer, superintendent, agent, or person in charge of
780 such work shall notify in writing the mayor of the city in which
781 said work is being done, the president of the board of supervisors
782 of the county in which said work is being done, the Governor where
783 said work is being done for the State of Mississippi, and the
784 president, chairman, or executive officer of such board, city
785 commission, or governmental agency for which said work is being
786 done, of such fact. Unless the mayor, Governor, president,
787 executive officer, or chairman aforesaid, as the case may be,
788 shall forthwith supply such contractor, officer, superintendent,
789 agent, or person in charge of said works with the satisfactory
790 workmen or laborers needed, said contractor, officer,
791 superintendent, agent, or person shall be authorized to employ
792 workmen or laborers who are not qualified under the provisions of
793 Section 31-5-17 to make up the deficiency. Nothing herein shall
794 be construed to prevent the State of Mississippi, any county,
795 municipality, board, or commission from placing or letting any
796 contract for the erection or construction of any public building
797 or public work in the open market, or soliciting bids from
798 persons, firms, or corporations without the State of Mississippi.
799 Any person, persons, firm, or corporation from without the State
800 of Mississippi that may obtain such contracts for public buildings

801 or public works shall comply with the provisions of Section
802 31-5-17 upon undertaking the said contract or work.

803 **SECTION 23.** Section 31-5-21, Mississippi Code of 1972, is
804 brought forward as follows:

805 31-5-21. Any contractor, officer, superintendent, agent, or
806 person in charge of said work who shall violate any of the
807 provisions of Section 31-5-17, shall be liable upon conviction
808 before a court of competent jurisdiction to a fine of not more
809 than One Hundred Dollars (\$100.00) or to imprisonment of not more
810 than sixty (60) days, or both at the discretion of the court; and
811 every day's employment of each workman or laborer in such
812 violation shall constitute a separate offense.

813 However, where any workman or laborer furnishes such employer
814 with a certificate by the sheriff, chancery clerk, or county
815 registrar of the county of his domicile to the effect that such
816 workman or laborer has actually resided in this state two (2)
817 years next preceding such employment, such employer, acting in
818 good faith, shall be relieved of any liability by reason of
819 employing such person.

820 **SECTION 24.** Section 31-5-23, Mississippi Code of 1972, is
821 brought forward as follows:

822 31-5-23. In the construction of any building, highway, road,
823 bridge, or other public work or improvement by the State of
824 Mississippi or any of its political subdivisions or
825 municipalities, only materials grown, produced, prepared, made

826 and/or manufactured within the State of Mississippi should be
827 used. Paint, varnish and lacquer shall be used which shall
828 contain as vehicles tung oil and either ester gum or modified
829 resin (with rosin as the principal base of constituents), and
830 turpentine shall be used as solvent or thinner, all of which said
831 products shall be produced in Mississippi. However, preference
832 shall not be given to materials grown, produced, prepared, made
833 and/or manufactured in the State of Mississippi when other
834 materials of like quality produced without the State of
835 Mississippi may be purchased or secured at less cost, or any other

849 Nothing herein shall in any manner apply to any public work
850 or improvement which will be paid for either in whole or in part

865 (a) Partial, progress or interim payments: All
866 partial, progress or interim payments or monies owed contractors
867 shall be paid when due and payable under the terms of the

870 interest from the due date until paid at the rate of one percent
871 (1%) per month until fully paid.

872 (b) Final payments: The final payment of all monies
873 owed contractors shall be due and payable:

874 (i) At the completion of the project or after the
875 work has been substantially completed in accordance with the terms
876 and provisions of the contract;

877 (ii) When the owner beneficially uses or occupies
878 the project except in the case where the project involves
879 renovation or alteration to an existing facility in which the
880 owner maintains beneficial use or occupancy during the course of
881 the project;

882 (iii) When the project is certified as having been
883 completed by the architect or engineer authorized to make such

891 above-mentioned events, then said final payment shall bear
892 interest from the date of said first occurrence at the rate of one
893 percent (1%) per month until fully paid.

894 In no event shall said final payment due the contractor be
895 made until the consent of the contractor's surety has been
896 obtained in writing and delivered to the proper contracting
897 authority.

898 (c) Contracts for the construction of prison facilities
899 let or approved by the State Prison Emergency Construction and
900 Management Board when exercising its emergency powers to remove
901 two thousand (2,000) inmates from county jails are exempt from
902 this section; however, this exemption does not apply to contracts

918 public construction contract, the contractor shall be obligated to
919 disburse on a pro rata basis those funds received, with the
920 contractor, subcontractors and material suppliers each receiving a
921 prorated portion based on the amount due on the payment. If the
922 contractor without reasonable cause fails to make any payment to

923 his subcontractors and material suppliers within fifteen (15) days
924 after the receipt of payment under the public construction
925 contract, the contractor shall pay to his subcontractors and
926 material suppliers, in addition to the payment due them, a penalty
927 in the amount of one-half of one percent (1/2 of 1%) per day of
928 the delinquency, calculated from the expiration of the fifteen-day
929 period until fully paid. The total penalty shall not exceed

943 required of the general contractor, shall notify the general
944 contractor involved in such contract that credit is being extended
945 by them to the subcontractor and stating the terms of the credit
946 agreement. In the event the subcontractor does not meet his
947 payment obligations as set forth in the credit agreement, the

948 creditor shall notify the general contractor of the nonpayment
949 within thirty (30) days after such payment is due. The creditor
950 shall notify the general contractor upon receipt of any payment
951 which had been reported as past due.

952 Failure of the creditor to comply with the nonpayment notice
953 provision of this section shall void the terms of the general
954 contractor's performance and payment bond as to such creditor for
955 such equipment leased, rented or sold.

963 in installments based upon an estimated percentage of completion
964 with a percentage of the contract proceeds to be retained by the
965 state agency, unit or department, or by the political subdivision
966 or contractor pending completion of the contract, such retainage
967 shall be five percent (5%), and the amount retained by the prime
968 contractor from each payment due the subcontractor shall not
969 exceed the percentage withheld by the state, or any agency, unit
970 or department of the state, or by any political subdivision
971 thereof, from the prime contractor.

972 On any contract as described herein, of which the total
973 amount is Two Hundred Fifty Thousand Dollars (\$250,000.00) or
974 greater, or on any contract with a subcontractor, regardless of
975 amount, five percent (5%) shall be retained until the work is at
976 least fifty percent (50%) complete, on schedule and satisfactory
977 in the architect's and/or engineer's opinion, at which time fifty
978 percent (50%) of the retainage held to date shall be returned to
979 the prime contractor for distribution to the appropriate
980 subcontractors and suppliers. Provided, however, that future
981 retainage shall be withheld at the rate of two and one-half
982 percent (2-1/2%).

1054 by the department before hiring individuals who are not submitted
1055 by the department. The contract award shall be vacated if the
1056 contractor fails to comply with the provisions of this subsection.

1057 **SECTION 32.** Section 31-5-39, Mississippi Code of 1972, is
1058 brought forward as follows:

1078 water, sewer or gas distribution systems, or other work dealing
1079 with construction, or for any moving, demolition or excavation
1080 connected therewith, every covenant, promise and/or agreement
1081 contained therein to indemnify or hold harmless another person
1082 from that person's own negligence is void as against public policy
1083 and wholly unenforceable.

1084 This section does not apply to construction bonds or
1085 insurance contracts or agreements.

1086 **SECTION 34.** Section 31-5-51, Mississippi Code of 1972, is

1090 thereof, or other public authority for the construction,
1091 alteration, or repair of any public building or public work,
1092 before entering into such contract, shall furnish to such public
1093 body, except as provided in subsection (5) of this section, bonds
1094 with good and sufficient surety as follows:

1095 (a) A performance bond payable to, in favor of or for
1096 the protection of such public body, as owner, for the work to be
1097 done in an amount not less than the amount of the contract,
1098 conditioned for the full and faithful performance of the contract;

1099 (b) A payment bond payable to such public body but
1100 conditioned for the prompt payment of all persons supplying labor
1101 or material used in the prosecution of the work under said
1102 contract, for the use of each such person, in an amount not less
1103 than the amount of the contract; and

1104 (c) The bonds herein provided for may be made by any
1105 surety company which is authorized to do business in the State of
1106 Mississippi and listed on the United States Treasury Department's
1107 list of acceptable sureties, or such bonds may be guaranteed by a
1108 personal surety as provided for herein. The personal surety shall
1109 deposit with the State Treasurer cash or certificates of deposit
1110 in an amount not less than the amount of the contract, and the
1111 State Treasurer shall hold same in trust and on deposit for the
1112 benefit of the public body that is a party to the contract
1113 providing for the construction, alteration or repair of the public
1114 building or for the public work.

1115 (2) Every person who has furnished labor or material used in
1116 the prosecution of the work provided for in such contract, in
1117 respect of which a payment bond is furnished and who has not been
1118 paid in full therefor before the expiration of a period of ninety
1119 (90) days after the date on which the last of the labor was

1120 performed by him or the last of the materials was furnished by him
1121 and for which such claim is made, provided the same has been
1122 approved, where required, by the public authority or its architect
1123 or engineers, or such approval is being withheld as a result of
1124 unreasonable acts of the contractor, shall have the right to sue
1125 on such payment bond for the amount, or the balance thereof that
1126 is due and payable, but unpaid at the time of institution of such
1127 suit and to prosecute said action to final execution and judgment.
1128 Notwithstanding anything to the contrary contained herein, if the
1129 amount claimed in such action is subject to contractual provisions
1130 or conditions, between the parties involved in such action, the
1131 action shall be abated pending the performance of such provisions
1132 and the fulfillment of such conditions.

1133 (3) Any person having direct contractual relationship with a
1134 subcontractor but no contractual relationship express or implied
1135 with the contractor furnishing said payment bond shall have a
1136 right of action upon the said payment bond upon giving written
1137 notice to said contractor within ninety (90) days from the date on
1138 which such person did or performed the last of the labor or
1139 furnished or supplied the last of the material for which such
1140 claim is made, stating with substantial accuracy the amount
1141 claimed and the name of the party to whom the material was
1142 furnished or supplied or for whom the labor was done or performed.
1143 Such notice shall be given in writing by the claimant to the
1144 contractor or surety at any place where the contractor or surety

1145 maintains an office or conducts business. Such notice may be
1146 personally delivered by the claimant to the contractor or surety,
1147 or it may be mailed by certified mail, return receipt requested,
1148 postage prepaid, to the contractor or surety. No such action may
1149 be maintained by any person not having a direct contractual
1150 relationship with the contractor-principal, unless the notice
1151 required by this section shall have been given.

1152 (4) The only persons protected by such payment bond, subject
1153 to the notice provisions of this section are:

1154 (a) Subcontractors and material suppliers of the
1155 contractor;

1156 (b) Sub-subcontractors and material suppliers of those
1157 subcontractors named in subsection (4)(a) of this section; and

1158 (c) Laborers who have performed work on the project
1159 site.

1160 (5) Whenever a contract is less than Twenty-five Thousand
1161 Dollars (\$25,000.00) the owners may elect to make a lump sum
1162 payment at the completion of the job. Lump sum payments will not
1163 be made until completion and acceptance by the governing agency.
1164 In such a case a performance bond or payment bond will not be
1165 required.

1166 (6) Except as otherwise provided in subsection (1)(c) for a
1167 personal surety, no surety or surety company shall be allowed to
1168 guarantee or write bonds for the benefit of the public body that
1169 is a party to a contract providing for the construction,

1170 alteration or repair of a public building or for public work,
1171 unless that surety is listed on the United States Treasury
1172 Department's list of acceptable sureties. If the surety is not
1173 listed on the United States Treasury Department's list of
1174 acceptable sureties, the public body for which the public work is
1175 being performed shall be liable to the extent that the surety
1176 would be liable.

1177 (7) Any person entering into a formal contract with the
1178 state which exceeds Five Thousand Dollars (\$5,000.00), or with a
1179 county, city or other public authority which exceeds Twenty-five

1182 into such contract, shall furnish to the public body proof of
1183 general liability insurance coverage in an amount not less than

1185 damage. Exempted from the provisions of this subsection are any
1186 persons who enter into a contract with the Mississippi Department
1187 of Rehabilitation Services for the construction, alteration or
1188 repair of the home of a disabled individual who has been
1189 determined eligible for services by the Mississippi Department of
1190 Rehabilitation Services.

1194 project delivery as provided in Section 31-7-13.1 or the

1195 construction manager at risk method of project delivery as
1196 provided in Section 31-7-13.2 must comply with the provisions of
1197 Section 31-5-51.

1198 **SECTION 36.** Section 31-5-53, Mississippi Code of 1972, is
1199 brought forward as follows:

1200 31-5-53. (a) When suit is instituted on a performance bond
1201 given in accordance with this chapter, it shall be commenced
1202 within one (1) year after the obligee shall have made final
1203 payment on the contract; provided, however, if the contract is
1204 abandoned by the general contractor as bond principal or is
1205 terminated by the bond obligee, suit shall be commenced within one
1206 (1) year after the earlier of the abandonment by the bond
1207 principal or termination by the bond obligee.

1208 (b) When suit is instituted on a payment bond given in
1209 accordance with this chapter, it shall be commenced within one (1)
1210 year after the day on which the last of the labor was performed or
1211 material was supplied by the person bringing the action and not
1212 later.

1213 (c) Any suit brought on a performance or payment bond given
1214 in accordance with this chapter shall be brought in the county in
1215 which the contract or some part thereof was performed or in the
1216 county in which service of process may be obtained upon either the
1217 principal or the surety on such bond.

1218 **SECTION 37.** Section 31-5-55, Mississippi Code of 1972, is
1219 brought forward as follows:

1220 31-5-55. Any person supplying labor or materials for the
1221 prosecution of the work shall, upon request to the owner or
1222 obligee, or to the contractor or principal, be furnished promptly
1223 with a true and correct copy of the contract and bonds within
1224 thirty (30) days of the request or the recipient of the request
1225 shall thereafter become liable for reasonable attorney's fees and
1226 costs in any subsequent action under this section. The written
1227 request may be evidenced by any reliable means of delivery.

1228 **SECTION 38.** Section 31-5-57, Mississippi Code of 1972, is
1229 brought forward as follows:

1230 31-5-57. Whenever any person supplying labor or material in
1231 the prosecution of the work brings an action on such payment bond
1232 and the trial judge finds that the defense raised to such action
1233 by the contractor or surety was not reasonable, or not in good
1234 faith, or merely for the purpose of delaying payment, then the
1235 trial judge may, in his discretion, award the claimant a
1236 reasonable amount to be determined by the trial judge as
1237 claimant's attorney's fees in bringing such successful action.
1238 Likewise, if the trial judge finds that such action was brought by
1239 claimant without just cause or in bad faith, the trial judge may,
1240 in his discretion, award the contractor or surety a reasonable
1241 amount to be determined by the trial judge as attorney's fees for
1242 defending such action; provided, however, this section shall not
1243 affect the right of any person to recover attorney's fees where
1244 provided by contract or bond.

1521 submit applications and applicable documents on an annual basis,
1522 and in the case of a state agency purchasing office, to have one

1537 brought forward as follows:

1538 31-7-10. (1) For the purposes of this section, the term
1539 "equipment" shall mean equipment, furniture, and if applicable,
1540 associated software and other applicable direct costs associated
1541 with the acquisition. In addition to its other powers and duties,
1542 the Department of Finance and Administration shall have the
1543 authority to develop a master lease-purchase program and, pursuant

1544 to that program, shall have the authority to execute on behalf of
1545 the state master lease-purchase agreements for equipment to be
1546 used by an agency, as provided in this section. Each agency
1547 electing to acquire equipment by a lease-purchase agreement shall
1548 participate in the Department of Finance and Administration's
1549 master lease-purchase program, unless the Department of Finance
1550 and Administration makes a determination that such equipment
1551 cannot be obtained under the program or unless the equipment can
1552 be obtained elsewhere at an overall cost lower than that for which
1553 the equipment can be obtained under the program. Such
1554 lease-purchase agreements may include the refinancing or
1555 consolidation, or both, of any state agency lease-purchase
1556 agreements entered into after June 30, 1990.

1557 (2) All funds designated by agencies for procurement of
1558 equipment and financing thereof under the master lease-purchase
1559 program shall be paid into a special fund created in the State
1560 Treasury known as the "Master Lease-Purchase Program Fund," which
1561 shall be used by the Department of Finance and Administration for
1562 payment to the lessors for equipment acquired under master
1563 lease-purchase agreements.

1564 (3) Upon final approval of an appropriation bill, each
1565 agency shall submit to the Public Procurement Review Board a
1566 schedule of proposed equipment acquisitions for the master
1567 lease-purchase program. Upon approval of an equipment schedule by
1568 the Public Procurement Review Board with the advice of the

1569 Department of Information Technology Services, the Office of
1570 Purchasing, Travel and Fleet Management, and the Division of
1571 Energy and Transportation of the Mississippi Development Authority
1572 as it pertains to energy efficient climate control systems, the
1573 Public Procurement Review Board shall forward a copy of the
1574 equipment schedule to the Department of Finance and
1575 Administration.

1576 (4) The level of lease-purchase debt recommended by the
1577 Department of Finance and Administration shall be subject to
1578 approval by the State Bond Commission. After such approval, the
1579 Department of Finance and Administration shall be authorized to
1580 advertise and solicit written competitive proposals for a lessor,
1581 who will purchase the equipment pursuant to bid awards made by the
1582 using agency under a given category and then transfer the
1583 equipment to the Department of Finance and Administration as
1584 lessee, pursuant to a master lease-purchase agreement.

1585 The Department of Finance and Administration shall select the
1586 successful proposer for the financing of equipment under the
1587 master lease-purchase program with the approval of the State Bond
1588 Commission.

1589 (5) Each master lease-purchase agreement, and any subsequent
1590 amendments, shall include such terms and conditions as the State
1591 Bond Commission shall determine to be appropriate and in the
1592 public interest, and may include any covenants deemed necessary or
1593 desirable to protect the interests of the lessor, including, but

1594 not limited to, provisions setting forth the interest rate (or
1595 method for computing interest rates) for financing pursuant to
1596 such agreement, covenants concerning application of payments and
1597 funds held in the Master Lease-Purchase Program Fund, covenants to
1598 maintain casualty insurance with respect to equipment subject to
1599 the master lease-purchase agreement (and all state agencies are
1600 specifically authorized to purchase any insurance required by a
1601 master lease-purchase agreement) and covenants precluding or
1602 limiting the right of the lessee or user to acquire equipment
1603 within a specified time (not to exceed five (5) years) after
1604 cancellation on the basis of a failure to appropriate funds for
1605 payment of amounts due under a lease-purchase agreement covering
1606 comparable equipment. The State Bond Commission shall transmit
1607 copies of each such master lease-purchase agreement and each such
1608 amendment to the Joint Legislative Budget Committee. To the
1609 extent provided in any master lease-purchase agreement, title to
1610 equipment leased pursuant thereto shall be deemed to be vested in
1611 the state or the user of the equipment (as specified in such
1612 master lease-purchase agreement), subject to default under or
1613 termination of such master lease-purchase agreement.

1614 A master lease-purchase agreement may provide for payment by
1615 the lessor to the lessee of the purchase price of the equipment to
1616 be acquired pursuant thereto prior to the date on which payment is
1617 due to the vendor for such equipment and that the lease payments
1618 by the lessee shall commence as though the equipment had been

1619 provided on the date of payment. If the lessee, or lessee's
1620 escrow agent, has sufficient funds for payment of equipment
1621 purchases prior to payment due date to vendor of equipment, such
1622 funds shall be held or utilized on an as-needed basis for payment
1623 of equipment purchases either by the State Treasurer (in which
1624 event the master lease-purchase agreement may include provisions
1625 concerning the holding of such funds, the creation of a security
1626 interest for the benefit of the lessor in such funds until
1627 disbursed and other appropriate provisions approved by the Bond
1628 Commission) or by a corporate trustee selected by the Department
1629 of Finance and Administration (in which event the Department of
1630 Finance and Administration shall have the authority to enter into
1631 an agreement with such a corporate trustee containing terms and
1632 conditions approved by the Bond Commission). Earnings on any
1633 amount paid by the lessor prior to the acquisition of the
1634 equipment may be used to make lease payments under the master
1635 lease-purchase agreement or applied to pay costs and expenses
1636 incurred in connection with such lease-purchase agreement. In
1637 such event, the equipment-use agreements with the user agency may
1638 provide for lease payments to commence upon the date of payment by
1639 the lessor and may also provide for a credit against such payments
1640 to the extent that investment receipts from investment of the
1641 purchase price are to be used to make lease-purchase payments.

1642 (6) The annual rate of interest paid under any
1643 lease-purchase agreement authorized under this section shall not

1644 exceed the maximum interest rate to maturity on general obligation
1645 indebtedness permitted under Section 75-17-101.

1646 (7) The Department of Finance and Administration shall
1647 furnish the equipment to the various agencies, also known as the
1648 user, pursuant to an equipment-use agreement developed by the
1649 Department of Finance and Administration. Such agreements shall
1650 require that all monthly payments due from such agency be paid,
1651 transferred or allocated into the Master Lease-Purchase Program
1652 Fund pursuant to a schedule established by the Department of
1653 Finance and Administration. In the event such sums are not paid
1654 by the defined payment period, the Executive Director of the
1655 Department of Finance and Administration shall issue a requisition
1656 for a warrant to draw such amount as may be due from any funds
1657 appropriated for the use of the agency which has failed to make
1658 the payment as agreed.

1659 (8) All master lease-purchase agreements executed under the
1660 authority of this section shall contain the following annual
1661 allocation dependency clause or an annual allocation dependency
1662 clause which is substantially equivalent thereto: "The
1663 continuation of each equipment schedule to this agreement is
1664 contingent in whole or in part upon the appropriation of funds by
1665 the Legislature to make the lease-purchase payments required under
1666 such equipment schedule. If the Legislature fails to appropriate
1667 sufficient funds to provide for the continuation of the
1668 lease-purchase payments under any such equipment schedule, then

1669 the obligations of the lessee and of the agency to make such
1670 lease-purchase payments and the corresponding provisions of any
1671 such equipment schedule to this agreement shall terminate on the
1672 last day of the fiscal year for which appropriations were made."

1673 (9) The maximum lease term for any equipment acquired under
1674 the master lease-purchase program shall not exceed the useful life
1675 of such equipment as determined according to the upper limit of
1676 the asset depreciation range (ADR) guidelines for the Class Life
1677 Asset Depreciation Range System established by the Internal
1678 Revenue Service pursuant to the United States Internal Revenue
1679 Code and Regulations thereunder as in effect on December 31, 1980,
1680 or comparable depreciation guidelines with respect to any
1681 equipment not covered by ADR guidelines. The Department of
1682 Finance and Administration shall be deemed to have met the
1683 requirements of this subsection if the term of a master
1684 lease-purchase agreement does not exceed the weighted average
1685 useful life of all equipment covered by such agreement and the
1686 schedules thereto as determined by the Department of Finance and
1687 Administration. For purposes of this subsection, the "term of a
1688 master lease-purchase agreement" shall be the weighted average
1689 maturity of all principal payments to be made under such master
1690 lease-purchase agreement and all schedules thereto.

1691 (10) Interest paid on any master lease-purchase agreement
1692 under this section shall be exempt from State of Mississippi
1693 income taxation. All equipment, and the purchase thereof by any

1694 lessor, acquired under the master lease-purchase program and all
1695 lease-purchase payments with respect thereto shall be exempt from
1696 all Mississippi sales, use and ad valorem taxes.

1697 (11) The Governor, in his annual executive budget to the
1698 Legislature, shall recommend appropriations sufficient to provide
1699 funds to pay all amounts due and payable during the applicable
1700 fiscal year under master lease-purchase agreements entered into
1701 pursuant to this section.

1702 (12) Any master lease-purchase agreement reciting in
1703 substance that such agreement has been entered into pursuant to
1704 this section shall be conclusively deemed to have been entered
1705 into in accordance with all of the provisions and conditions set
1706 forth in this section. Any defect or irregularity arising with
1707 respect to procedures applicable to the acquisition of any
1708 equipment shall not invalidate or otherwise limit the obligation
1709 of the Department of Finance and Administration, or the state or
1710 any agency of the state, under any master lease-purchase agreement
1711 or any equipment-use agreement.

1712 (13) There shall be maintained by the Department of Finance
1713 and Administration, with respect to each master lease-purchase
1714 agreement, an itemized statement of the cash price, interest
1715 rates, interest costs, commissions, debt service schedules and all
1716 other costs and expenses paid by the state incident to the
1717 lease-purchase of equipment under such agreement.

1718 (14) Lease-purchase agreements entered into by the Board of
1719 Trustees of State Institutions of Higher Learning pursuant to the
1720 authority of Section 37-101-413 or by any other agency which has
1721 specific statutory authority other than pursuant to Section
1722 31-7-13(e) to acquire equipment by lease-purchase shall not be
1723 made pursuant to the master lease-purchase program under this
1724 section, unless the Board of Trustees of State Institutions of
1725 Higher Learning or such other agency elects to participate as to
1726 part or all of its lease-purchase acquisitions in the master
1727 lease-purchase program pursuant to this section.

1728 (15) The Department of Finance and Administration may
1729 develop a master lease-purchase program for school districts and,
1730 pursuant to that program, may execute on behalf of the school
1731 districts master lease-purchase agreements for equipment to be
1732 used by the school districts. The form and structure of this
1733 program shall be substantially the same as set forth in this
1734 section for the master lease-purchase program for state agencies.
1735 If sums due from a school district under the master lease-purchase
1736 program are not paid by the expiration of the defined payment
1737 period, the Executive Director of the Department of Finance and
1738 Administration may withhold such amount that is due from the
1739 school district's minimum education or adequate education program
1740 fund allotments.

1741 (16) The Department of Finance and Administration may
1742 develop a master lease-purchase program for community and junior

1743 college districts and, pursuant to that program, may execute on
1744 behalf of the community and junior college districts master
1745 lease-purchase agreements for equipment to be used by the
1746 community and junior college districts. The form and structure of
1747 this program must be substantially the same as set forth in this
1748 section for the master lease-purchase program for state agencies.
1749 If sums due from a community or junior college district under the
1750 master lease-purchase program are not paid by the expiration of
1751 the defined payment period, the Executive Director of the
1752 Department of Finance and Administration may withhold an amount
1753 equal to the amount due under the program from any funds allocated
1754 for that community or junior college district in the state
1755 appropriations for the use and support of the community and junior
1756 colleges.

1757 (17) From and after July 1, 2016, the expenses of this
1758 agency shall be defrayed by appropriation from the State General
1759 Fund and all user charges and fees authorized under this section
1760 shall be deposited into the State General Fund as authorized by
1761 law.

1762 (18) From and after July 1, 2016, no state agency shall
1763 charge another state agency a fee, assessment, rent or other
1764 charge for services or resources received by authority of this
1765 section.

1766 **SECTION 45.** Section 31-7-11, Mississippi Code of 1972, is
1767 brought forward as follows:

1768 31-7-11. Each agency of the state shall furnish information
1769 relative to its purchase of commodities, and as to its method of
1770 purchasing such commodities, to the Department of Finance and
1771 Administration annually and at such other times as the Department
1772 of Finance and Administration may request.

1773 The Department of Finance and Administration shall have
1774 supervision over the purchasing and purchasing practices of each
1775 state agency and may by regulation or order correct any practice
1776 that appears contrary to the provisions of this chapter or to the
1777 best interests of the state. If it shall appear that any agency
1778 is not practicing economy in its purchasing or is permitting
1779 favoritism or any improper purchasing practice, the Department of
1780 Finance and Administration shall require that the agency
1781 immediately cease such improper activity, with full and complete
1782 authority in the Department of Finance and Administration to carry
1783 into effect its directions in such regard.

1784 All purchases, trade-ins, sales or transfer of personal
1785 property made by any officer, board, agency, department or branch
1786 of the state government except the Legislature shall be subject to
1787 the approval of the Department of Finance and Administration.
1788 Such transaction shall be made in accordance with rules and
1789 regulations of the Department of Finance and Administration
1790 relating to the purchase of state-owned motor vehicles and all
1791 other personal property. The title of such property shall remain
1792 in the name of the state.

1793 **SECTION 46.** Section 31-7-12, Mississippi Code of 1972, is
1794 brought forward as follows:

1795 31-7-12. (1) Except in regard to purchases of unmarked
1796 vehicles made in accordance with purchasing regulations adopted by
1797 the Department of Finance and Administration pursuant to Section
1798 31-7-9(2), all agencies shall purchase commodities at the state
1799 contract price from the approved source, unless approval is
1800 granted by the Department of Finance and Administration to solicit
1801 purchases outside the terms of the contracts. However, prices
1802 accepted by an agency shall be less than the prices set by the
1803 state contract. Prices accepted by an agency shall be obtained in
1804 compliance with paragraph (a), (b) or (c) of Section 31-7-13. It
1805 shall be the responsibility of the Department of Finance and
1806 Administration to ascertain that the resulting prices shall
1807 provide a cost effective alternative to the established state
1808 contract.

1809 (2) Governing authorities may purchase commodities approved
1810 by the Department of Finance and Administration from the state
1811 contract vendor, or from any source offering the identical
1812 commodity, at a price not exceeding the state contract price
1813 established by the Department of Finance and Administration for
1814 such commodity, without obtaining or advertising for competitive
1815 bids. Governing authorities that do not exercise the option to
1816 purchase such commodities from the state contract vendor or from
1817 another source offering the identical commodity at a price not

1818 exceeding the state contract price established by the Department
1819 of Finance and Administration shall make such purchases pursuant
1820 to the provisions of Section 31-7-13 without regard to state
1821 contract prices established by the Department of Finance and
1822 Administration, unless such purchases are authorized to be made
1823 under subsection (5) of this section.

1824 (3) Nothing in this section shall prohibit governing
1825 authorities from purchasing, pursuant to subsection (2) of this
1826 section, commodities approved by the Department of Finance and
1827 Administration at a price not exceeding the state contract price
1828 established by the Department of Finance and Administration.

1829 (4) The Department of Finance and Administration shall
1830 ensure that the prices of all commodities on the state contract
1831 are the lowest and best prices available from any source offering
1832 that commodity at the same level of quality or service, utilizing
1833 the reasonable standards established therefor by the Department of
1834 Finance and Administration. If the Department of Finance and
1835 Administration does not list an approved price for the particular
1836 item involved, purchase shall be made according to statutory
1837 bidding and licensing requirements. To encourage prudent
1838 purchasing practices, the Department of Finance and Administration
1839 shall be authorized and empowered to exempt certain commodities
1840 from the requirement that the lowest and best price be approved by
1841 order placed on its minutes.

1842 (5) Any school district may purchase commodities from
1843 vendors with which any levying authority of the school district,
1844 as defined in Section 37-57-1, has contracted through competitive
1845 bidding procedures pursuant to Section 31-7-13 for purchases of
1846 the same commodities. Purchases authorized by this subsection may
1847 be made by a school district without obtaining or advertising for
1848 competitive bids, and such purchases shall be made at the same
1849 prices and under the same conditions as purchases of the same
1850 commodities are to be made by the levying authority of the school
1851 district under the contract with the vendor.

1852 **SECTION 47.** Section 31-7-13, Mississippi Code of 1972, is
1853 brought forward as follows:

1854 31-7-13. All agencies and governing authorities shall
1855 purchase their commodities and printing; contract for garbage
1856 collection or disposal; contract for solid waste collection or
1857 disposal; contract for sewage collection or disposal; contract for
1858 public construction; and contract for rentals as herein provided.

1859 (a) **Bidding procedure for purchases not over \$5,000.00.**

1860 Purchases which do not involve an expenditure of more than Five
1861 Thousand Dollars (\$5,000.00), exclusive of freight or shipping
1862 charges, may be made without advertising or otherwise requesting
1863 competitive bids. However, nothing contained in this paragraph
1864 (a) shall be construed to prohibit any agency or governing
1865 authority from establishing procedures which require competitive
1866 bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

1867 (b) **Bidding procedure for purchases over \$5,000.00 but**
1868 **not over \$75,000.00.** Purchases which involve an expenditure of
1869 more than Five Thousand Dollars (\$5,000.00) but not more than
1870 Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight
1871 and shipping charges, may be made from the lowest and best bidder
1872 without publishing or posting advertisement for bids, provided at
1873 least two (2) competitive written bids have been obtained. Any
1874 state agency or community or junior college purchasing commodities
1875 or procuring construction pursuant to this paragraph (b) may
1876 authorize its purchasing agent, or his designee, to accept the
1877 lowest competitive written bid under Seventy-five Thousand Dollars
1878 (\$75,000.00). Any governing authority purchasing commodities
1879 pursuant to this paragraph (b) may authorize its purchasing agent,
1880 or his designee, with regard to governing authorities other than
1881 counties, or its purchase clerk, or his designee, with regard to
1882 counties, to accept the lowest and best competitive written bid.
1883 Such authorization shall be made in writing by the governing
1884 authority and shall be maintained on file in the primary office of
1885 the agency and recorded in the official minutes of the governing
1886 authority, as appropriate. The purchasing agent or the purchase
1887 clerk, or his designee, as the case may be, and not the governing
1888 authority, shall be liable for any penalties and/or damages as may
1889 be imposed by law for any act or omission of the purchasing agent
1890 or purchase clerk, or his designee, constituting a violation of
1891 law in accepting any bid without approval by the governing

1892 authority. The term "competitive written bid" shall mean a bid
1893 submitted on a bid form furnished by the buying agency or
1894 governing authority and signed by authorized personnel
1895 representing the vendor, or a bid submitted on a vendor's
1896 letterhead or identifiable bid form and signed by authorized
1897 personnel representing the vendor. "Competitive" shall mean that
1898 the bids are developed based upon comparable identification of the
1899 needs and are developed independently and without knowledge of
1900 other bids or prospective bids. Any bid item for construction in
1901 excess of Five Thousand Dollars (\$5,000.00) shall be broken down
1902 by components to provide detail of component description and
1903 pricing. These details shall be submitted with the written bids
1904 and become part of the bid evaluation criteria. Bids may be
1905 submitted by facsimile, electronic mail or other generally
1906 accepted method of information distribution. Bids submitted by
1907 electronic transmission shall not require the signature of the
1908 vendor's representative unless required by agencies or governing
1909 authorities.

1910 (c) **Bidding procedure for purchases over \$75,000.00.**

1911 (i) **Publication requirement.**

1912 1. Purchases which involve an expenditure of
1913 more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of
1914 freight and shipping charges, may be made from the lowest and best
1915 bidder after advertising for competitive bids once each week for
1916 two (2) consecutive weeks in a regular newspaper published in the

1917 county or municipality in which such agency or governing authority
1918 is located. However, all American Recovery and Reinvestment Act
1919 projects in excess of Twenty-five Thousand Dollars (\$25,000.00)
1920 shall be bid. All references to American Recovery and
1921 Reinvestment Act projects in this section shall not apply to
1922 programs identified in Division B of the American Recovery and
1923 Reinvestment Act.

1924 2. Reverse auctions shall be the primary
1925 method for receiving bids during the bidding process. If a
1926 purchasing entity determines that a reverse auction is not in the
1927 best interest of the state, then that determination must be
1928 approved by the Public Procurement Review Board. The purchasing
1929 entity shall submit a detailed explanation of why a reverse
1930 auction would not be in the best interest of the state and present
1931 an alternative process to be approved by the Public Procurement
1932 Review Board. If the Public Procurement Review Board authorizes
1933 the purchasing entity to solicit bids with a method other than
1934 reverse auction, then the purchasing entity may designate the
1935 other methods by which the bids will be received, including, but
1936 not limited to, bids sealed in an envelope, bids received
1937 electronically in a secure system, or bids received by any other
1938 method that promotes open competition and has been approved by the
1939 Office of Purchasing and Travel. However, reverse auction shall
1940 not be used for any public contract for design, construction,
1941 improvement, repair or remodeling of any public facilities,

1942 including the purchase of materials, supplies, equipment or goods
1943 for same and including buildings, roads and bridges. The Public
1944 Procurement Review Board must approve any contract entered into by
1945 alternative process. The provisions of this item 2 shall not
1946 apply to the individual state institutions of higher learning.
1947 The provisions of this item 2 requiring reverse auction as the
1948 primary method of receiving bids shall not apply to term contract
1949 purchases as provided in paragraph (n) of this section; however, a
1950 purchasing entity may, in its discretion, utilize reverse auction
1951 for such purchases. The provisions of this item 2 shall not apply
1952 to individual public schools, including public charter schools and
1953 public school districts, only when purchasing copyrighted
1954 educational supplemental materials and software as a service
1955 product. For such purchases, a local school board may authorize a
1956 purchasing entity in its jurisdiction to use a Request for
1957 Qualifications which promotes open competition and meets the
1958 requirements of the Office of Purchasing and Travel.

1959 3. The date as published for the bid opening
1960 shall not be less than seven (7) working days after the last
1961 published notice; however, if the purchase involves a construction
1962 project in which the estimated cost is in excess of Seventy-five
1963 Thousand Dollars (\$75,000.00), such bids shall not be opened in
1964 less than fifteen (15) working days after the last notice is
1965 published and the notice for the purchase of such construction
1966 shall be published once each week for two (2) consecutive weeks.

1967 However, all American Recovery and Reinvestment Act projects in
1968 excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid.
1969 For any projects in excess of Twenty-five Thousand Dollars
1970 (\$25,000.00) under the American Recovery and Reinvestment Act,
1971 publication shall be made one (1) time and the bid opening for
1972 construction projects shall not be less than ten (10) working days
1973 after the date of the published notice. The notice of intention
1974 to let contracts or purchase equipment shall state the time and
1975 place at which bids shall be received, list the contracts to be
1976 made or types of equipment or supplies to be purchased, and, if
1977 all plans and/or specifications are not published, refer to the
1978 plans and/or specifications on file. If there is no newspaper
1979 published in the county or municipality, then such notice shall be
1980 given by posting same at the courthouse, or for municipalities at
1981 the city hall, and at two (2) other public places in the county or
1982 municipality, and also by publication once each week for two (2)
1983 consecutive weeks in some newspaper having a general circulation
1984 in the county or municipality in the above-provided manner. On
1985 the same date that the notice is submitted to the newspaper for
1986 publication, the agency or governing authority involved shall mail
1987 written notice to, or provide electronic notification to the main
1988 office of the Mississippi Procurement Technical Assistance Program
1989 under the Mississippi Development Authority that contains the same
1990 information as that in the published notice. Submissions received
1991 by the Mississippi Procurement Technical Assistance Program for

1992 projects funded by the American Recovery and Reinvestment Act
1993 shall be displayed on a separate and unique Internet web page
1994 accessible to the public and maintained by the Mississippi
1995 Development Authority for the Mississippi Procurement Technical
1996 Assistance Program. Those American Recovery and Reinvestment Act
1997 related submissions shall be publicly posted within twenty-four
1998 (24) hours of receipt by the Mississippi Development Authority and
1999 the bid opening shall not occur until the submission has been
2000 posted for ten (10) consecutive days. The Department of Finance
2001 and Administration shall maintain information regarding contracts
2002 and other expenditures from the American Recovery and Reinvestment
2003 Act, on a unique Internet web page accessible to the public. The
2004 Department of Finance and Administration shall promulgate rules
2005 regarding format, content and deadlines, unless otherwise
2006 specified by law, of the posting of award notices, contract
2007 execution and subsequent amendments, links to the contract
2008 documents, expenditures against the awarded contracts and general
2009 expenditures of funds from the American Recovery and Reinvestment
2010 Act. Within one (1) working day of the contract award, the agency
2011 or governing authority shall post to the designated web page
2012 maintained by the Department of Finance and Administration, notice
2013 of the award, including the award recipient, the contract amount,
2014 and a brief summary of the contract in accordance with rules
2015 promulgated by the department. Within one (1) working day of the
2016 contract execution, the agency or governing authority shall post

2017 to the designated web page maintained by the Department of Finance
2018 and Administration a summary of the executed contract and make a
2019 copy of the appropriately redacted contract documents available
2020 for linking to the designated web page in accordance with the
2021 rules promulgated by the department. The information provided by
2022 the agency or governing authority shall be posted to the web page
2023 for the duration of the American Recovery and Reinvestment Act
2024 funding or until the project is completed, whichever is longer.

2025 (ii) **Bidding process amendment procedure.** If all
2026 plans and/or specifications are published in the notification,
2027 then the plans and/or specifications may not be amended. If all
2028 plans and/or specifications are not published in the notification,
2029 then amendments to the plans/specifications, bid opening date, bid
2030 opening time and place may be made, provided that the agency or
2031 governing authority maintains a list of all prospective bidders
2032 who are known to have received a copy of the bid documents and all
2033 such prospective bidders are sent copies of all amendments. This
2034 notification of amendments may be made via mail, facsimile,
2035 electronic mail or other generally accepted method of information
2036 distribution. No addendum to bid specifications may be issued
2037 within two (2) working days of the time established for the
2038 receipt of bids unless such addendum also amends the bid opening
2039 to a date not less than five (5) working days after the date of
2040 the addendum.

2041 (iii) **Filing requirement.** In all cases involving
2042 governing authorities, before the notice shall be published or
2043 posted, the plans or specifications for the construction or
2044 equipment being sought shall be filed with the clerk of the board
2045 of the governing authority. In addition to these requirements, a
2046 bid file shall be established which shall indicate those vendors
2047 to whom such solicitations and specifications were issued, and
2048 such file shall also contain such information as is pertinent to
2049 the bid.

2050 (iv) **Specification restrictions.**

2051 1. Specifications pertinent to such bidding
2052 shall be written so as not to exclude comparable equipment of
2053 domestic manufacture. However, if valid justification is
2054 presented, the Department of Finance and Administration or the
2055 board of a governing authority may approve a request for specific
2056 equipment necessary to perform a specific job. Further, such
2057 justification, when placed on the minutes of the board of a
2058 governing authority, may serve as authority for that governing
2059 authority to write specifications to require a specific item of
2060 equipment needed to perform a specific job. In addition to these
2061 requirements, from and after July 1, 1990, vendors of relocatable
2062 classrooms and the specifications for the purchase of such
2063 relocatable classrooms published by local school boards shall meet
2064 all pertinent regulations of the State Board of Education,

2065 including prior approval of such bid by the State Department of
2066 Education.

2067 2. Specifications for construction projects
2068 may include an allowance for commodities, equipment, furniture,
2069 construction materials or systems in which prospective bidders are
2070 instructed to include in their bids specified amounts for such
2071 items so long as the allowance items are acquired by the vendor in
2072 a commercially reasonable manner and approved by the
2073 agency/governing authority. Such acquisitions shall not be made
2074 to circumvent the public purchasing laws.

2075 (v) **Electronic bids.** Agencies and governing
2076 authorities shall provide a secure electronic interactive system
2077 for the submittal of bids requiring competitive bidding that shall
2078 be an additional bidding option for those bidders who choose to
2079 submit their bids electronically. The Department of Finance and
2080 Administration shall provide, by regulation, the standards that
2081 agencies must follow when receiving electronic bids. Agencies and
2082 governing authorities shall make the appropriate provisions
2083 necessary to accept electronic bids from those bidders who choose
2084 to submit their bids electronically for all purchases requiring
2085 competitive bidding under this section. Any special condition or
2086 requirement for the electronic bid submission shall be specified
2087 in the advertisement for bids required by this section. Agencies
2088 or governing authorities that are currently without available high
2089 speed Internet access shall be exempt from the requirement of this

2090 subparagraph (v) until such time that high speed Internet access
2091 becomes available. Any county having a population of less than
2092 twenty thousand (20,000) shall be exempt from the provisions of
2093 this subparagraph (v). Any municipality having a population of
2094 less than ten thousand (10,000) shall be exempt from the
2095 provisions of this subparagraph (v). The provisions of this
2096 subparagraph (v) shall not require any bidder to submit bids
2097 electronically. When construction bids are submitted
2098 electronically, the requirement for including a certificate of
2099 responsibility, or a statement that the bid enclosed does not
2100 exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the
2101 bid envelope as indicated in Section 31-3-21(1) and (2) shall be
2102 deemed in compliance with by including same as an attachment with
2103 the electronic bid submittal.

2104 (d) **Lowest and best bid decision procedure.**

2105 (i) **Decision procedure.** Purchases may be made
2106 from the lowest and best bidder. In determining the lowest and
2107 best bid, freight and shipping charges shall be included.
2108 Life-cycle costing, total cost bids, warranties, guaranteed
2109 buy-back provisions and other relevant provisions may be included
2110 in the best bid calculation. All best bid procedures for state
2111 agencies must be in compliance with regulations established by the
2112 Department of Finance and Administration. If any governing
2113 authority accepts a bid other than the lowest bid actually
2114 submitted, it shall place on its minutes detailed calculations and

2115 narrative summary showing that the accepted bid was determined to
2116 be the lowest and best bid, including the dollar amount of the
2117 accepted bid and the dollar amount of the lowest bid. No agency
2118 or governing authority shall accept a bid based on items not
2119 included in the specifications.

2120 (ii) **Decision procedure for Certified Purchasing**
2121 **Offices.** In addition to the decision procedure set forth in
2122 subparagraph (i) of this paragraph (d), Certified Purchasing
2123 Offices may also use the following procedure: Purchases may be
2124 made from the bidder offering the best value. In determining the
2125 best value bid, freight and shipping charges shall be included.
2126 Life-cycle costing, total cost bids, warranties, guaranteed
2127 buy-back provisions, documented previous experience, training
2128 costs and other relevant provisions, including, but not limited
2129 to, a bidder having a local office and inventory located within
2130 the jurisdiction of the governing authority, may be included in
2131 the best value calculation. This provision shall authorize
2132 Certified Purchasing Offices to utilize a Request For Proposals
2133 (RFP) process when purchasing commodities. All best value
2134 procedures for state agencies must be in compliance with
2135 regulations established by the Department of Finance and
2136 Administration. No agency or governing authority shall accept a
2137 bid based on items or criteria not included in the specifications.

2138 (iii) **Decision procedure for Mississippi**
2139 **Landmarks.** In addition to the decision procedure set forth in

2140 subparagraph (i) of this paragraph (d), where purchase involves
2141 renovation, restoration, or both, of the State Capitol Building or
2142 any other historical building designated for at least five (5)
2143 years as a Mississippi Landmark by the Board of Trustees of the
2144 Department of Archives and History under the authority of Sections
2145 39-7-7 and 39-7-11, the agency or governing authority may use the
2146 following procedure: Purchases may be made from the lowest and
2147 best prequalified bidder. Prequalification of bidders shall be
2148 determined not less than fifteen (15) working days before the
2149 first published notice of bid opening. Prequalification criteria
2150 shall be limited to bidder's knowledge and experience in
2151 historical restoration, preservation and renovation. In
2152 determining the lowest and best bid, freight and shipping charges
2153 shall be included. Life-cycle costing, total cost bids,
2154 warranties, guaranteed buy-back provisions and other relevant
2155 provisions may be included in the best bid calculation. All best
2156 bid and prequalification procedures for state agencies must be in
2157 compliance with regulations established by the Department of
2158 Finance and Administration. If any governing authority accepts a
2159 bid other than the lowest bid actually submitted, it shall place
2160 on its minutes detailed calculations and narrative summary showing
2161 that the accepted bid was determined to be the lowest and best
2162 bid, including the dollar amount of the accepted bid and the
2163 dollar amount of the lowest bid. No agency or governing authority

2164 shall accept a bid based on items not included in the
2165 specifications.

2166 (iv) **Construction project negotiations authority.**

2167 If the lowest and best bid is not more than ten percent (10%)
2168 above the amount of funds allocated for a public construction or
2169 renovation project, then the agency or governing authority shall
2170 be permitted to negotiate with the lowest bidder in order to enter
2171 into a contract for an amount not to exceed the funds allocated.

2172 (e) **Lease-purchase authorization.** For the purposes of
2173 this section, the term "equipment" shall mean equipment, furniture
2174 and, if applicable, associated software and other applicable
2175 direct costs associated with the acquisition. Any lease-purchase
2176 of equipment which an agency is not required to lease-purchase
2177 under the master lease-purchase program pursuant to Section
2178 31-7-10 and any lease-purchase of equipment which a governing
2179 authority elects to lease-purchase may be acquired by a
2180 lease-purchase agreement under this paragraph (e). Lease-purchase
2181 financing may also be obtained from the vendor or from a
2182 third-party source after having solicited and obtained at least
2183 two (2) written competitive bids, as defined in paragraph (b) of
2184 this section, for such financing without advertising for such
2185 bids. Solicitation for the bids for financing may occur before or
2186 after acceptance of bids for the purchase of such equipment or,
2187 where no such bids for purchase are required, at any time before
2188 the purchase thereof. No such lease-purchase agreement shall be

2189 for an annual rate of interest which is greater than the overall
2190 maximum interest rate to maturity on general obligation
2191 indebtedness permitted under Section 75-17-101, and the term of
2192 such lease-purchase agreement shall not exceed the useful life of
2193 equipment covered thereby as determined according to the upper
2194 limit of the asset depreciation range (ADR) guidelines for the
2195 Class Life Asset Depreciation Range System established by the
2196 Internal Revenue Service pursuant to the United States Internal
2197 Revenue Code and regulations thereunder as in effect on December
2198 31, 1980, or comparable depreciation guidelines with respect to
2199 any equipment not covered by ADR guidelines. Any lease-purchase
2200 agreement entered into pursuant to this paragraph (e) may contain
2201 any of the terms and conditions which a master lease-purchase
2202 agreement may contain under the provisions of Section 31-7-10(5),
2203 and shall contain an annual allocation dependency clause
2204 substantially similar to that set forth in Section 31-7-10(8).
2205 Each agency or governing authority entering into a lease-purchase
2206 transaction pursuant to this paragraph (e) shall maintain with
2207 respect to each such lease-purchase transaction the same
2208 information as required to be maintained by the Department of
2209 Finance and Administration pursuant to Section 31-7-10(13).
2210 However, nothing contained in this section shall be construed to
2211 permit agencies to acquire items of equipment with a total
2212 acquisition cost in the aggregate of less than Ten Thousand
2213 Dollars (\$10,000.00) by a single lease-purchase transaction. All

2214 equipment, and the purchase thereof by any lessor, acquired by
2215 lease-purchase under this paragraph and all lease-purchase
2216 payments with respect thereto shall be exempt from all Mississippi
2217 sales, use and ad valorem taxes. Interest paid on any
2218 lease-purchase agreement under this section shall be exempt from
2219 State of Mississippi income taxation.

2220 (f) **Alternate bid authorization.** When necessary to
2221 ensure ready availability of commodities for public works and the
2222 timely completion of public projects, no more than two (2)
2223 alternate bids may be accepted by a governing authority for
2224 commodities. No purchases may be made through use of such
2225 alternate bids procedure unless the lowest and best bidder cannot
2226 deliver the commodities contained in his bid. In that event,
2227 purchases of such commodities may be made from one (1) of the
2228 bidders whose bid was accepted as an alternate.

2229 (g) **Construction contract change authorization.** In the
2230 event a determination is made by an agency or governing authority
2231 after a construction contract is let that changes or modifications
2232 to the original contract are necessary or would better serve the
2233 purpose of the agency or the governing authority, such agency or
2234 governing authority may, in its discretion, order such changes
2235 pertaining to the construction that are necessary under the
2236 circumstances without the necessity of further public bids;
2237 provided that such change shall be made in a commercially
2238 reasonable manner and shall not be made to circumvent the public

2239 purchasing statutes. In addition to any other authorized person,
2240 the architect or engineer hired by an agency or governing
2241 authority with respect to any public construction contract shall
2242 have the authority, when granted by an agency or governing
2243 authority, to authorize changes or modifications to the original
2244 contract without the necessity of prior approval of the agency or
2245 governing authority when any such change or modification is less
2246 than one percent (1%) of the total contract amount. The agency or
2247 governing authority may limit the number, manner or frequency of
2248 such emergency changes or modifications.

2249 (h) **Petroleum purchase alternative.** In addition to
2250 other methods of purchasing authorized in this chapter, when any
2251 agency or governing authority shall have a need for gas, diesel
2252 fuel, oils and/or other petroleum products in excess of the amount
2253 set forth in paragraph (a) of this section, such agency or
2254 governing authority may purchase the commodity after having
2255 solicited and obtained at least two (2) competitive written bids,
2256 as defined in paragraph (b) of this section. If two (2)
2257 competitive written bids are not obtained, the entity shall comply
2258 with the procedures set forth in paragraph (c) of this section.
2259 In the event any agency or governing authority shall have
2260 advertised for bids for the purchase of gas, diesel fuel, oils and
2261 other petroleum products and coal and no acceptable bids can be
2262 obtained, such agency or governing authority is authorized and
2263 directed to enter into any negotiations necessary to secure the

2264 lowest and best contract available for the purchase of such
2265 commodities.

2266 (i) **Road construction petroleum products price**
2267 **adjustment clause authorization.** Any agency or governing
2268 authority authorized to enter into contracts for the construction,
2269 maintenance, surfacing or repair of highways, roads or streets,
2270 may include in its bid proposal and contract documents a price
2271 adjustment clause with relation to the cost to the contractor,
2272 including taxes, based upon an industry-wide cost index, of
2273 petroleum products including asphalt used in the performance or
2274 execution of the contract or in the production or manufacture of
2275 materials for use in such performance. Such industry-wide index
2276 shall be established and published monthly by the Mississippi
2277 Department of Transportation with a copy thereof to be mailed,
2278 upon request, to the clerks of the governing authority of each
2279 municipality and the clerks of each board of supervisors
2280 throughout the state. The price adjustment clause shall be based
2281 on the cost of such petroleum products only and shall not include
2282 any additional profit or overhead as part of the adjustment. The
2283 bid proposals or document contract shall contain the basis and
2284 methods of adjusting unit prices for the change in the cost of
2285 such petroleum products.

2286 (j) **State agency emergency purchase procedure.** If the
2287 governing board or the executive head, or his designees, of any
2288 agency of the state shall determine that an emergency exists in

2289 regard to the purchase of any commodities or repair contracts, so
2290 that the delay incident to giving opportunity for competitive
2291 bidding would be detrimental to the interests of the state, then
2292 the head of such agency, or his designees, shall file with the
2293 Department of Finance and Administration (i) a statement
2294 explaining the conditions and circumstances of the emergency,
2295 which shall include a detailed description of the events leading
2296 up to the situation and the negative impact to the entity if the
2297 purchase is made following the statutory requirements set forth in
2298 paragraph (a), (b) or (c) of this section, and (ii) a certified
2299 copy of the appropriate minutes of the board of such agency
2300 requesting the emergency purchase, if applicable. Upon receipt of
2301 the statement and applicable board certification, the State Fiscal
2302 Officer, or his designees, may, in writing, authorize the purchase
2303 or repair without having to comply with competitive bidding
2304 requirements.

2305 If the governing board or the executive head, or his
2306 designees, of any agency determines that an emergency exists in
2307 regard to the purchase of any commodities or repair contracts, so
2308 that the delay incident to giving opportunity for competitive
2309 bidding would threaten the health or safety of any person, or the
2310 preservation or protection of property, then the provisions in
2311 this section for competitive bidding shall not apply, and any
2312 officer or agent of the agency having general or specific
2313 authority for making the purchase or repair contract shall approve

2314 the bill presented for payment, and he shall certify in writing
2315 from whom the purchase was made, or with whom the repair contract
2316 was made.

2317 Total purchases made under this paragraph (j) shall only be
2318 for the purpose of meeting needs created by the emergency
2319 situation. Following the emergency purchase, documentation of the
2320 purchase, including a description of the commodity purchased, the
2321 purchase price thereof and the nature of the emergency shall be
2322 filed with the Department of Finance and Administration. Any
2323 contract awarded pursuant to this paragraph (j) shall not exceed a
2324 term of one (1) year.

2325 Purchases under the grant program established under Section
2326 37-68-7 in response to COVID-19 and the directive that school
2327 districts create a distance learning plan and fulfill technology
2328 needs expeditiously shall be deemed an emergency purchase for
2329 purposes of this paragraph (j).

2330 (k) **Governing authority emergency purchase procedure.**

2331 If the governing authority, or the governing authority acting
2332 through its designee, shall determine that an emergency exists in
2333 regard to the purchase of any commodities or repair contracts, so
2334 that the delay incident to giving opportunity for competitive
2335 bidding would be detrimental to the interest of the governing
2336 authority, then the provisions herein for competitive bidding
2337 shall not apply and any officer or agent of such governing
2338 authority having general or special authority therefor in making

2339 such purchase or repair shall approve the bill presented therefor,
2340 and he shall certify in writing thereon from whom such purchase
2341 was made, or with whom such a repair contract was made. At the
2342 board meeting next following the emergency purchase or repair
2343 contract, documentation of the purchase or repair contract,
2344 including a description of the commodity purchased, the price
2345 thereof and the nature of the emergency shall be presented to the
2346 board and shall be placed on the minutes of the board of such
2347 governing authority. Purchases under the grant program
2348 established under Section 37-68-7 in response to COVID-19 and the
2349 directive that school districts create a distance learning plan
2350 and fulfill technology needs expeditiously shall be deemed an
2351 emergency purchase for purposes of this paragraph (k).

2352 (1) **Hospital purchase, lease-purchase and lease**
2353 **authorization.**

2354 (i) The commissioners or board of trustees of any
2355 public hospital may contract with such lowest and best bidder for
2356 the purchase or lease-purchase of any commodity under a contract
2357 of purchase or lease-purchase agreement whose obligatory payment
2358 terms do not exceed five (5) years.

2359 (ii) In addition to the authority granted in
2360 subparagraph (i) of this paragraph (1), the commissioners or board
2361 of trustees is authorized to enter into contracts for the lease of
2362 equipment or services, or both, which it considers necessary for
2363 the proper care of patients if, in its opinion, it is not

2364 financially feasible to purchase the necessary equipment or
2365 services. Any such contract for the lease of equipment or
2366 services executed by the commissioners or board shall not exceed a
2367 maximum of five (5) years' duration and shall include a
2368 cancellation clause based on unavailability of funds. If such
2369 cancellation clause is exercised, there shall be no further
2370 liability on the part of the lessee. Any such contract for the
2371 lease of equipment or services executed on behalf of the
2372 commissioners or board that complies with the provisions of this
2373 subparagraph (ii) shall be excepted from the bid requirements set
2374 forth in this section.

2375 (m) **Exceptions from bidding requirements.** Excepted
2376 from bid requirements are:

2377 (i) **Purchasing agreements approved by department.**
2378 Purchasing agreements, contracts and maximum price regulations
2379 executed or approved by the Department of Finance and
2380 Administration.

2381 (ii) **Outside equipment repairs.** Repairs to
2382 equipment, when such repairs are made by repair facilities in the
2383 private sector; however, engines, transmissions, rear axles and/or
2384 other such components shall not be included in this exemption when
2385 replaced as a complete unit instead of being repaired and the need
2386 for such total component replacement is known before disassembly
2387 of the component; however, invoices identifying the equipment,
2388 specific repairs made, parts identified by number and name,

2389 supplies used in such repairs, and the number of hours of labor
2390 and costs therefor shall be required for the payment for such
2391 repairs.

2392 (iii) **In-house equipment repairs.** Purchases of
2393 parts for repairs to equipment, when such repairs are made by
2394 personnel of the agency or governing authority; however, entire
2395 assemblies, such as engines or transmissions, shall not be
2396 included in this exemption when the entire assembly is being
2397 replaced instead of being repaired.

2398 (iv) **Raw gravel or dirt.** Raw unprocessed deposits
2399 of gravel or fill dirt which are to be removed and transported by
2400 the purchaser.

2401 (v) **Governmental equipment auctions.** Motor
2402 vehicles or other equipment purchased from a federal agency or
2403 authority, another governing authority or state agency of the
2404 State of Mississippi, or any governing authority or state agency
2405 of another state at a public auction held for the purpose of
2406 disposing of such vehicles or other equipment. Any purchase by a
2407 governing authority under the exemption authorized by this
2408 subparagraph (v) shall require advance authorization spread upon
2409 the minutes of the governing authority to include the listing of
2410 the item or items authorized to be purchased and the maximum bid
2411 authorized to be paid for each item or items.

2412 (vi) **Intergovernmental sales and transfers.**
2413 Purchases, sales, transfers or trades by governing authorities or

2414 state agencies when such purchases, sales, transfers or trades are
2415 made by a private treaty agreement or through means of
2416 negotiation, from any federal agency or authority, another
2417 governing authority or state agency of the State of Mississippi,
2418 or any state agency or governing authority of another state.
2419 Nothing in this section shall permit such purchases through public
2420 auction except as provided for in subparagraph (v) of this
2421 paragraph (m). It is the intent of this section to allow
2422 governmental entities to dispose of and/or purchase commodities
2423 from other governmental entities at a price that is agreed to by
2424 both parties. This shall allow for purchases and/or sales at
2425 prices which may be determined to be below the market value if the
2426 selling entity determines that the sale at below market value is
2427 in the best interest of the taxpayers of the state. Governing
2428 authorities shall place the terms of the agreement and any
2429 justification on the minutes, and state agencies shall obtain
2430 approval from the Department of Finance and Administration, prior
2431 to releasing or taking possession of the commodities.

2432 (vii) **Perishable supplies or food.** Perishable

2438 purchase of noncompetitive items only available from one (1)

2439 source, a certification of the conditions and circumstances
2440 requiring the purchase shall be filed by the agency with the
2441 Department of Finance and Administration and by the governing
2442 authority with the board of the governing authority. Upon receipt
2443 of that certification the Department of Finance and Administration
2444 or the board of the governing authority, as the case may be, may,
2445 in writing, authorize the purchase, which authority shall be noted
2446 on the minutes of the body at the next regular meeting thereafter.
2447 In those situations, a governing authority is not required to
2448 obtain the approval of the Department of Finance and
2449 Administration. Following the purchase, the executive head of the
2450 state agency, or his designees, shall file with the Department of
2451 Finance and Administration, documentation of the purchase,
2452 including a description of the commodity purchased, the purchase
2453 price thereof and the source from whom it was purchased.

2459 in constructing such facilities, a governing authority or agency
2460 shall publicly issue requests for proposals, advertised for in the
2461 same manner as provided herein for seeking bids for public
2462 construction projects, concerning the design, construction,
2463 ownership, operation and/or maintenance of such facilities,

2464 wherein such requests for proposals when issued shall contain
2465 terms and conditions relating to price, financial responsibility,
2466 technology, environmental compatibility, legal responsibilities
2467 and such other matters as are determined by the governing
2468 authority or agency to be appropriate for inclusion; and after
2469 responses to the request for proposals have been duly received,
2470 the governing authority or agency may select the most qualified
2471 proposal or proposals on the basis of price, technology and other
2472 relevant factors and from such proposals, but not limited to the
2473 terms thereof, negotiate and enter contracts with one or more of
2474 the persons or firms submitting proposals.

2631 period exceeding twenty-four (24) months shall also be subject to
2632 ratification or cancellation by governing authority boards taking
2633 office subsequent to the governing authority board entering the
2634 contract.

2635 (ii) Bid proposals and contracts may include price
2636 adjustment clauses with relation to the cost to the contractor
2637 based upon a nationally published industry-wide or nationally

2638 published and recognized cost index. The cost index used in a
2639 price adjustment clause shall be determined by the Department of
2640 Finance and Administration for the state agencies and by the
2641 governing board for governing authorities. The bid proposal and
2642 contract documents utilizing a price adjustment clause shall
2643 contain the basis and method of adjusting unit prices for the
2644 change in the cost of such commodities, equipment and public
2645 construction.

2646 (o) **Purchase law violation prohibition and vendor**
2647 **penalty.** No contract or purchase as herein authorized shall be
2648 made for the purpose of circumventing the provisions of this
2649 section requiring competitive bids, nor shall it be lawful for any
2650 person or concern to submit individual invoices for amounts within
2651 those authorized for a contract or purchase where the actual value
2652 of the contract or commodity purchased exceeds the authorized
2653 amount and the invoices therefor are split so as to appear to be
2654 authorized as purchases for which competitive bids are not
2655 required. Submission of such invoices shall constitute a
2656 misdemeanor punishable by a fine of not less than Five Hundred
2657 Dollars (\$500.00) nor more than One Thousand Dollars (\$1,000.00),
2658 or by imprisonment for thirty (30) days in the county jail, or
2659 both such fine and imprisonment. In addition, the claim or claims
2660 submitted shall be forfeited.

2661 (p) **Electrical utility petroleum-based equipment**
2662 **purchase procedure.** When in response to a proper advertisement

2663 therefor, no bid firm as to price is submitted to an electric
2664 utility for power transformers, distribution transformers, power
2665 breakers, reclosers or other articles containing a petroleum
2666 product, the electric utility may accept the lowest and best bid
2667 therefor although the price is not firm.

2668 (q) **Fuel management system bidding procedure.** Any
2669 governing authority or agency of the state shall, before
2670 contracting for the services and products of a fuel management or
2671 fuel access system, enter into negotiations with not fewer than
2672 two (2) sellers of fuel management or fuel access systems for
2673 competitive written bids to provide the services and products for
2674 the systems. In the event that the governing authority or agency
2675 cannot locate two (2) sellers of such systems or cannot obtain
2676 bids from two (2) sellers of such systems, it shall show proof
2677 that it made a diligent, good-faith effort to locate and negotiate
2678 with two (2) sellers of such systems. Such proof shall include,
2679 but not be limited to, publications of a request for proposals and
2680 letters soliciting negotiations and bids. For purposes of this
2681 paragraph (q), a fuel management or fuel access system is an
2682 automated system of acquiring fuel for vehicles as well as
2683 management reports detailing fuel use by vehicles and drivers, and
2684 the term "competitive written bid" shall have the meaning as
2685 defined in paragraph (b) of this section. Governing authorities
2686 and agencies shall be exempt from this process when contracting
2687 for the services and products of fuel management or fuel access

2688 systems under the terms of a state contract established by the
2689 Office of Purchasing and Travel.

2690 (r) **Solid waste contract proposal procedure.** Before
2691 entering into any contract for garbage collection or disposal,
2692 contract for solid waste collection or disposal or contract for
2693 sewage collection or disposal, which involves an expenditure of
2694 more than Seventy-five Thousand Dollars (\$75,000.00), a governing
2695 authority or agency shall issue publicly a request for proposals
2696 concerning the specifications for such services which shall be
2697 advertised for in the same manner as provided in this section for
2698 seeking bids for purchases which involve an expenditure of more
2699 than the amount provided in paragraph (c) of this section. Any
2700 request for proposals when issued shall contain terms and
2701 conditions relating to price, financial responsibility,
2702 technology, legal responsibilities and other relevant factors as
2703 are determined by the governing authority or agency to be
2704 appropriate for inclusion; all factors determined relevant by the
2705 governing authority or agency or required by this paragraph (r)
2706 shall be duly included in the advertisement to elicit proposals.
2707 After responses to the request for proposals have been duly
2708 received, the governing authority or agency shall select the most
2709 qualified proposal or proposals on the basis of price, technology
2710 and other relevant factors and from such proposals, but not
2711 limited to the terms thereof, negotiate and enter into contracts
2712 with one or more of the persons or firms submitting proposals. If

2713 the governing authority or agency deems none of the proposals to
2714 be qualified or otherwise acceptable, the request for proposals
2715 process may be reinitiated. Notwithstanding any other provisions
2716 of this paragraph, where a county with at least thirty-five
2717 thousand (35,000) nor more than forty thousand (40,000)
2718 population, according to the 1990 federal decennial census, owns
2719 or operates a solid waste landfill, the governing authorities of
2720 any other county or municipality may contract with the governing
2721 authorities of the county owning or operating the landfill,
2722 pursuant to a resolution duly adopted and spread upon the minutes
2723 of each governing authority involved, for garbage or solid waste
2724 collection or disposal services through contract negotiations.

2725 (s) **Minority set-aside authorization.** Notwithstanding
2726 any provision of this section to the contrary, any agency or
2727 governing authority, by order placed on its minutes, may, in its
2728 discretion, set aside not more than twenty percent (20%) of its
2729 anticipated annual expenditures for the purchase of commodities
2730 from minority businesses; however, all such set-aside purchases
2731 shall comply with all purchasing regulations promulgated by the
2732 Department of Finance and Administration and shall be subject to
2733 bid requirements under this section. Set-aside purchases for
2734 which competitive bids are required shall be made from the lowest
2735 and best minority business bidder. For the purposes of this
2736 paragraph, the term "minority business" means a business which is
2737 owned by a majority of persons who are United States citizens or

2738 permanent resident aliens (as defined by the Immigration and
2739 Naturalization Service) of the United States, and who are Asian,
2740 Black, Hispanic or Native American, according to the following
2741 definitions:

2742 (i) "Asian" means persons having origins in any of
2743 the original people of the Far East, Southeast Asia, the Indian
2744 subcontinent, or the Pacific Islands.

2745 (ii) "Black" means persons having origins in any
2746 black racial group of Africa.

2747 (iii) "Hispanic" means persons of Spanish or
2748 Portuguese culture with origins in Mexico, South or Central
2749 America, or the Caribbean Islands, regardless of race.

2750 (iv) "Native American" means persons having
2751 origins in any of the original people of North America, including
2752 American Indians, Eskimos and Aleuts.

2753 (t) **Construction punch list restriction.** The
2754 architect, engineer or other representative designated by the
2755 agency or governing authority that is contracting for public
2756 construction or renovation may prepare and submit to the
2757 contractor only one (1) preliminary punch list of items that do
2758 not meet the contract requirements at the time of substantial
2759 completion and one (1) final list immediately before final
2760 completion and final payment.

2761 (u) **Procurement of construction services by state**
2762 **institutions of higher learning.** Contracts for privately financed

2763 construction of auxiliary facilities on the campus of a state
2764 institution of higher learning may be awarded by the Board of
2765 Trustees of State Institutions of Higher Learning to the lowest
2766 and best bidder, where sealed bids are solicited, or to the
2767 offeror whose proposal is determined to represent the best value
2768 to the citizens of the State of Mississippi, where requests for
2769 proposals are solicited.

2770 (v) **Insurability of bidders for public construction or**
2771 **other public contracts.** In any solicitation for bids to perform
2772 public construction or other public contracts to which this
2773 section applies, including, but not limited to, contracts for
2774 repair and maintenance, for which the contract will require
2775 insurance coverage in an amount of not less than One Million
2776 Dollars (\$1,000,000.00), bidders shall be permitted to either
2777 submit proof of current insurance coverage in the specified amount
2778 or demonstrate ability to obtain the required coverage amount of
2779 insurance if the contract is awarded to the bidder. Proof of
2780 insurance coverage shall be submitted within five (5) business
2781 days from bid acceptance.

2782 (w) **Purchase authorization clarification.** Nothing in
2783 this section shall be construed as authorizing any purchase not
2784 authorized by law.

2785 (x) **Mississippi Regional Pre-Need Disaster Clean Up**
2786 **Act.** (i) The Department of Finance and Administration shall
2787 enter into nine (9) contracts for the pre-need purchase of labor,

2788 services, work, materials, equipment, supplies or other personal
2789 property for disaster-related solid waste collection, disposal or
2790 monitoring. One (1) contract shall be entered into for each of
2791 the nine (9) Mississippi Emergency Management Association
2792 districts:

2793 1. Coahoma, DeSoto, Grenada, Panola, Quitman,
2794 Tallahatchie, Tate, Tunica and Yalobusha Counties;

2795 2. Alcorn, Benton, Itawamba, Lafayette, Lee,

2811 9. George, Hancock, Harrison, Jackson, Pearl
2812 River and Stone Counties.

2813 Any such contract shall set forth the manner of awarding such
2814 a contract, the method of payment, and any other matter deemed
2815 necessary to carry out the purposes of the agreement. Such
2816 contract may be entered into only for a term of one (1) year, with
2817 an option for an additional one-year extension after the
2818 conclusion of the first year of the contract, and only after
2819 having solicited bids or proposals, as appropriate, which shall be
2820 publicly advertised by posting on a web page maintained by the
2821 Department of Finance and Administration through submission of
2822 such advertisement to the Mississippi Procurement Technical
2823 Assistance Program under the Mississippi Development Authority.
2824 The bid opening shall not occur until after the submission has
2825 been posted for at least ten (10) consecutive days. The state's
2826 share of expenditures for solid waste collection, disposal or
2827 monitoring under any contract shall be appropriated and paid in
2828 the manner set forth in the contract and in the same manner as for
2829 other solid waste collection, disposal, or monitoring expenses of
2830 the state. Any contract entered into under this paragraph shall
2831 not be subject to the provisions of Section 17-13-11.

2832 (ii) Any board of supervisors of any county or any
2833 governing authority of any municipality may opt in to the benefits
2834 and services provided under the appropriate and relevant contract
2835 established in subparagraph (i) of this paragraph at the time of a
2836 disaster event in that county or municipality. At the time of opt
2837 in, the county or municipality shall assume responsibility for

2838 payment in full to the contractor for the disaster-related solid
2839 waste collection, disposal or monitoring services provided.
2840 Nothing in this subparagraph (ii) shall be construed as requiring
2841 a county or municipality to opt in to any such contract
2842 established in subparagraph (i) of this paragraph.

2843 **SECTION 48.** Section 31-7-13.1, Mississippi Code of 1972, is
2844 brought forward as follows:

2845 31-7-13.1. (1) The method of contracting for construction
2846 described in this section shall be known as the " design-build
2847 method" of construction contracting. This method of construction
2848 contracting may be used on residential buildings, residential
2849 mixed-use developments, parking garages and other prescriptive
2850 type facilities. The design-build method of construction
2851 contracting may only be used when the Department of Finance and
2852 Administration or a governing authority has determined that it
2853 satisfies the public interest better than traditional design-bid
2854 or when the Legislature has specifically required or authorized
2855 the use of this method in the legislation authorizing a project.
2856 At a minimum, the determination must include a detailed
2857 explanation of why using the design-build method for a particular
2858 project satisfies the public need better than the traditional
2859 design-bid-build method based on the following criteria:

2860 (a) The project provides a savings in time or cost over
2861 traditional methods; and

2862 (b) The size and type of the project is suitable for
2863 design-build.

2864 (2) For each proposed design-build project, either a fixed
2865 firm price or guaranteed maximum price contract must be adopted.
2866 Before solicitation of proposals, the agency or governing
2867 authority shall develop a scope of work statement that provides
2868 prospective offerors with sufficient information regarding the
2869 requirements of the agency or governing authority. The scope of
2870 work statement must include, but is not limited to, the following
2871 information:

2872 (a) Location and nature of proposed site(s) that
2873 include preliminary geotechnical information from borings as well
2874 as survey drawings that show topography, adjacent buildings and
2875 utilities;

2876 (b) Any mandatory requirements such as minimum number
2877 and types of spaces, any minimum or maximum building area(s) or
2878 height(s), applicable energy codes and/or efficiency targets,
2879 applicable zoning regulations and any aesthetic or character
2880 defining standards;

2881 (c) Any mandatory material and/or system performance
2882 requirements and/or specifications; and

2883 (d) General budget parameters, schedule or delivery
2884 requirements, relevant criteria for evaluation of proposals, and
2885 any other information necessary to enable the design-builders to

2886 submit proposals that meet the needs of the agency or governing
2887 authority.

2888 (3) The agency or governing authority shall cause to be
2889 published once a week, for at least two (2) consecutive weeks in a
2890 regular newspaper published in the county in which the project is
2891 to be located, or a newspaper with statewide circulation, a notice
2892 inviting proposals for the design-build construction project. On
2893 the same date that the notice is submitted to the newspaper for
2894 publication, the agency or governing authority involved shall post
2895 the notice on the Mississippi Procurement Portal or mail written
2896 notice to, or provide electronic notification to, the main office
2897 of the Mississippi Procurement Technical Assistance Program under
2898 the Mississippi Development Authority that contains the same
2899 information as that in the published notice. The proposals shall
2900 not be opened in less than fifteen (15) working days after the
2901 last notice is published. The notice must inform potential
2902 offerors of how to obtain the scope of work statement developed
2903 for the project, and the notice must contain such other
2904 information to describe adequately the general nature and scope of
2905 the project so as to promote full, equal and open competition.

2906 (4) The agency or governing authority shall accept initial
2907 proposals only from entities able to provide an experienced and
2908 qualified design-build team that includes, at a minimum, an
2909 architectural or engineering firm licensed and registered in

2910 Mississippi and a contractor properly licensed and domiciled in
2911 Mississippi for the type of work required.

2912 (5) Proposals that include criteria other than cost only
2913 shall be evaluated by an evaluation committee established by the
2914 procuring entity. The evaluation committee shall be composed of
2915 not less than three (3) people, at least one (1) of which shall be
2916 an architect or engineer licensed and registered in Mississippi.
2917 Selection criteria of the evaluation committee shall be limited to
2918 the following:

2919 (a) The bidder's knowledge and experience in executing
2920 projects of similar size and complexity;

2921 (b) The experience and qualifications of the proposed
2922 office and construction management personnel;

2923 (c) The experience and qualifications of the
2924 subcontractors proposed;

2925 (d) The experience and qualifications of the architect
2926 or engineer and consultants;

2927 (e) Schedule control; and

2928 (f) Cost factors.

2929 Cost as an evaluation factor shall be given the highest
2930 criteria weighting and at least thirty-five percent (35%) out of
2931 the one hundred percent (100%) total weight of all the other
2932 evaluation factors.

2933 (6) If the agency or governing authority accepts a proposal
2934 other than the proposal with the lowest costs that was actually

2935 submitted, the agency or governing authority shall enter on its
2936 minutes detailed calculations and a narrative summary showing why
2937 the accepted proposal was determined to provide the best value,
2938 and the agency or governing authority shall state specifically on
2939 its minutes the justification for its award.

2940 (7) All facilities that are governed by this section shall
2941 be designed and constructed to comply with standards equal to or
2942 exceeding the minimum building code standards employed by the
2943 state as required under Section 31-11-33 in force at the time of
2944 contracting. All private contractors or private entities
2945 contracting or performing under this section must comply at all
2946 times with all applicable laws, codes and other legal requirements
2947 pertaining to the project.

2948 (8) An agency or governing authority may not award a
2949 stipulated fee to an offeror for preparation costs to submit a
2950 response to the request for proposals.

2951 (9) This section shall not authorize the awarding of
2952 construction contracts according to any contracting method that
2953 does not require the contractor to satisfactorily perform, at a
2954 minimum, both any balance of design, using an independent
2955 professional licensed in Mississippi, and construction of the
2956 project for which the contract is awarded.

2957 (10) The provisions of this section shall not affect any
2958 procurement by the Mississippi Transportation Commission.

2959 (11) The provisions of this section shall not apply to
2960 procurement authorized in Section 59-5-37(3).

2961 **SECTION 49.** Section 31-7-13.2, Mississippi Code of 1972, is
2962 brought forward as follows:

2963 31-7-13.2 (1) When used in this section, "construction
2964 manager at risk" means a method of project delivery in which a
2965 construction manager guarantees a maximum price for the
2966 construction of a project and in which the governing authority or
2967 board, before using this method of project delivery, shall include
2968 a detailed explanation of why using the construction manager at
2969 risk method of project delivery for a particular project satisfies
2970 the public need better than that traditional design-bid-build
2971 method based on the following criteria:

2972 (a) The use of construction manager at risk for the
2973 project provides a savings in time or cost over traditional
2974 methods; and

2975 (b) The size and type of the project is suitable for
2976 use of the construction management at risk method of project
2977 delivery.

2978 (2) When the construction manager at risk method of project
2979 delivery is used:

2980 (a) There may be a separate contract for design
2981 services and a separate contract for construction services;

2982 (b) The contract for construction services may be
2983 entered into at the same time as a contract for the design
2984 services or later;

2985 (c) Design and construction of the project may be in
2986 sequential or concurrent phases; and

2987 (d) Finance, maintenance, operation, reconstruction or
2988 other related services may be included for a guaranteed maximum
2989 price.

2990 (3) When procuring design professional services under a
2991 construction manager at risk project delivery method, the agency
2992 or governing authority shall procure the services of a design
2993 professional pursuant to qualifications-based selection
2994 procedures.

2995 (4) Before the substantial completion of the design
2996 documents, the agency or governing authority may elect to hire a
2997 construction manager.

2998 (5) When procuring construction management services, the
2999 agency or governing authority shall follow the
3000 qualifications-based selection procedures as outlined in
3001 subsection (10) of this section or the competitive sealed proposal
3002 procedures as outlined in Section 31-17-13.

3003 (6) The agency or governing authority may require the
3004 architect or engineer and the construction manager, by contract,
3005 to cooperate in the design, planning and scheduling, and
3006 construction process. The contract shall not make the primary

3007 designer or construction manager a subcontractor or joint-venture
3008 partner to the other or limit the primary designer's or
3009 construction manager's independent obligations to the agency or
3010 governing authority.

3011 (7) Notwithstanding anything to the contrary in this
3012 chapter:

3013 (a) Each project for construction under a construction
3014 manager at risk contract shall be a specific, single project with
3015 a minimum construction cost of Twenty-five Million Dollars
3016 (\$25,000,000.00).

3017 (b) Each project under a construction manager at risk
3018 contract shall be a specific, single project. For the purposes of
3019 this paragraph, "specific, single project" means a project that is
3020 constructed at a single location, at a common location or for a
3021 common purpose.

3022 (8) Agencies shall retain an independent architectural or
3023 engineering firm to provide guidance and administration of the
3024 professional engineering or professional architecture aspects of
3025 the project throughout the development of the scope, design, and
3026 construction of the project.

3027 (9) The state shall, on an annual basis, compile and make
3028 public all proceedings, records, contracts and other public
3029 records relating to procurement transactions authorized under this
3030 section.

3031 (10) For purposes of this section, the "qualifications-based
3032 selection procedure" shall include:

3033 (a) Publicly announcing all requirements for
3034 construction management at risk, architectural, engineering, and
3035 land surveying services, to procure these services on the basis of
3036 demonstrated competence and qualifications, and to negotiate
3037 contracts at fair and reasonable prices after the most qualified
3038 firm has been selected.

3039 (b) Agencies or governing authorities shall establish
3040 procedures to prequalify firms seeking to provide construction
3041 management at risk, architectural, engineering, and land surveying
3042 services or may use prequalification lists from other state
3043 agencies or governing authorities to meet the requirements of this
3044 section.

3045 (c) Whenever a project requiring construction
3046 management at risk, architectural, engineering, or land surveying
3047 services is proposed for an agency or governing authority, the
3048 agency or governing authority shall provide advance notice
3049 published in a professional services bulletin or advertised within
3050 the official state newspaper setting forth the projects and
3051 services to be procured for not less than fourteen (14) days. The
3052 professional services bulletin shall be mailed to each firm that
3053 has requested the information or is prequalified under Section
3054 31-7-13. The professional services bulletin shall include a
3055 description of each project and shall state the time and place for

3056 interested firms to submit a letter of interest and, if required
3057 by the public notice, a statement of qualifications.

3058 (d) The agency or governing authority shall evaluate
3059 the firms submitting letters of interest and other prequalified
3060 firms, taking into account qualifications. The agency or
3061 governing authority may consider, but shall not be limited to,
3062 considering:

- 3063 (i) Ability of professional personnel;
- 3064 (ii) Past record and experience;
- 3065 (iii) Performance data on file;
- 3066 (iv) Willingness to meet time requirements;
- 3067 (v) Location;
- 3068 (vi) Workload of the firm; and
- 3069 (vii) Any other qualifications-based factors as
3070 the agency or governing authority may determine in writing are
3071 applicable.

3072 The agency or governing authority may conduct discussions
3073 with and require public presentations by firms deemed to be the
3074 most qualified regarding their qualifications, approach to the
3075 project and ability to furnish the required services.

3076 (e) The agency or governing authority shall establish a
3077 committee to select firms to provide construction management at
3078 risk, architectural, engineering, and land surveying services. A
3079 selection committee may include at least one (1) public member
3080 nominated by a statewide association of the profession affected.

3081 The public member may not be employed or associated with any firm
3082 holding a contract with the agency or governing authority nor may
3083 the public member's firm be considered for a contract with that
3084 agency or governing authority while serving as a public member of
3085 the committee. In no case shall the agency or governing
3086 authority, before selecting a firm for negotiation under paragraph
3087 (f) of this subsection (10), seek formal or informal submission of
3088 verbal or written estimates of costs or proposals in terms of
3089 dollars, hours required, percentage of construction cost, or any
3090 other measure of compensation.

3091 (f) On the basis of evaluations, discussions, and any
3092 presentations, the agency or governing authority shall select no
3093 less than three (3) firms that it determines to be qualified to
3094 provide services for the project and rank them in order of
3095 qualifications to provide services regarding the specific project.
3096 The agency or governing authority shall then contact the firm
3097 ranked most preferred to negotiate a contract at a fair and
3098 reasonable compensation. If fewer than three (3) firms submit
3099 letters of interest and the agency or governing authority
3100 determines that one (1) or both of those firms are so qualified,
3101 the agency or governing authority may proceed to negotiate a
3102 contract under paragraph (g) of this subsection (10).

3103 (g) The agency or governing authority shall prepare a
3104 written description of the scope of the proposed services to be
3105 used as a basis for negotiations and shall negotiate a contract

3106 with the highest qualified firm at compensation that the agency or
3107 governing authority determines in writing to be fair and
3108 reasonable. In making this decision, the agency or governing
3109 authority shall take into account the estimated value, scope,
3110 complexity, and professional nature of the services to be
3111 rendered. In no case may the agency or governing authority
3112 establish a maximum overhead rate or other payment formula
3113 designed to eliminate firms from contention or restrict
3114 competition or negotiation of fees. If the agency or governing
3115 authority is unable to negotiate a satisfactory contract with the
3116 firm that is most preferred, negotiations with that firm shall be
3117 terminated. The agency or governing authority shall then begin
3118 negotiations with the firm that is next preferred. If the agency
3119 or governing authority is unable to negotiate a satisfactory
3120 contract with that firm, negotiations with that firm shall be
3121 terminated. The agency or governing authority shall then begin
3122 negotiations with the firm that is next preferred. If the agency
3123 or governing authority is unable to negotiate a satisfactory
3124 contract with any of the selected firms, the agency or governing
3125 authority shall reevaluate the construction management at risk,
3126 architectural, engineering, or land surveying services requested,
3127 including the estimated value, scope, complexity, and fee
3128 requirements. The agency or governing authority shall then
3129 compile a second list of not less than three (3) qualified firms
3130 and proceed in accordance with the provisions of this section. A

3131 firm negotiating a contract with an agency or governing authority
3132 shall negotiate subcontracts for architectural, engineering, and
3133 land surveying services at compensation that the firm determines
3134 in writing to be fair and reasonable based upon a written
3135 description of the scope of the proposed services.

3136 (11) (a) The construction manager selected by the agency or
3137 governing authority to provide construction management at risk
3138 services shall solicit bids for construction on the project
3139 pursuant to Section 31-7-13. The construction manager shall be
3140 entitled to enter into contracts for construction with the lowest
3141 and best bidders, as determined in consultation with the agency or
3142 governing authority. Before soliciting bids or entering into any
3143 such contract, the construction manager, in consultation with the
3144 agency or governing authority, may prequalify any contractors or
3145 vendors seeking to submit a bid on the project, taking into
3146 account defined qualifications which may include, but not be
3147 limited to, the following:

3148 (i) Past experience and performance record on
3149 projects of similar size and scope;

3150 (ii) Current financial status and ability to
3151 provide acceptable payment and performance bonds and meet defined
3152 insurance requirements;

3153 (iii) Current workload and backlog of committed
3154 work for the period scheduled for the project under consideration;

3155 (iv) Safety record to include prior citations and
3156 fines if applicable;

3157 (v) History of legal disputes or performance
3158 defaults;

3159 (vi) Identification and experience of project
3160 personnel and required manpower;

3161 (vii) Plan for and ability to meet the applicable
3162 project schedule; and

3163 (viii) Any other qualification-based factors as
3164 the agency, governing authority or construction manager may
3165 determine are applicable.

3166 (b) The construction manager, in consultation with the
3167 agency or governing authority, shall publish the defined
3168 qualifications that shall be considered in the prequalification
3169 process at least two (2) weeks in advance of any prequalification
3170 of contractors or vendors seeking to submit a bid on the project.
3171 Publication shall be in a regular newspaper published in the
3172 county or municipality in which the agency or governing authority
3173 is located. The agency or governing authority shall also post the
3174 defined prequalification requirements on its website.

3175 (c) The failure of a bidder to provide information in a
3176 timely and complete manner in response to any prequalification
3177 process may result in the disqualification of such bidder in the
3178 discretion of the agency, governing authority, and construction
3179 manager.

3180 (d) Except as otherwise provided in Section 25-61-9,
3181 confidential and proprietary information furnished by a bidder
3182 pursuant to this section shall not be disclosed outside of the
3183 agency, governing authority, or construction manager without the
3184 prior written consent of the bidder. The bidder shall identify
3185 and label any information considered to be confidential and
3186 proprietary at the time of submission of the same to the agency,
3187 governing authority, or construction manager.

3188 (12) The provisions of this section shall not affect any
3189 procurement by the Mississippi Transportation Commission.

3190 **SECTION 50.** Section 31-7-13.3, Mississippi Code of 1972, is
3191 brought forward as follows:

3192 31-7-13.3. (1) Any governing authority accepting electronic
3193 bid submissions for procurements may charge the bidder a fee, or
3194 may require a fee to be paid to a third-party service provider,
3195 for an electronic bid submission. The amount of the fee shall not
3196 exceed Fifty Dollars (\$50.00) per bid.

3197 (2) Any governing authority using the reverse auction method
3198 of procurement may charge the winning bidder a fee, or require the
3199 winning bidder to pay a fee to a third-party service provider, for
3200 participation in a reverse auction. The amount of the fee shall
3201 not exceed four percent (4%) of the winning bid amount.

3202 **SECTION 51.** Section 31-7-14, Mississippi Code of 1972, is
3203 brought forward as follows:

3204 31-7-14. (1) (a) For purposes of this section, the
3205 following words and phrases shall have the meaning ascribed
3206 herein, unless the context clearly indicates otherwise:

3207 (i) "Division" means the Energy Division of the
3208 Mississippi Development Authority.

3209 (ii) "Energy services" or "energy efficient
3210 services" means energy efficiency equipment, services relating to
3211 the installation, operation and maintenance of equipment and
3212 improvements reasonably required to existing or new equipment and
3213 existing or new improvements and facilities including, but not
3214 limited to, heating, ventilation and air-conditioning systems,
3215 lighting, windows, insulation and energy management controls, life
3216 safety measures that provide long-term, operating-cost reductions,
3217 building operation programs that reduce operating costs,
3218 alternative fuel motor vehicles including vehicles that have been
3219 converted to such and ancillary equipment related to or associated
3220 with the fueling of alternative fuel motor vehicles, or other
3221 energy-conservation-related improvements, including improvements
3222 or equipment related to renewable energy, water and other natural
3223 resources conservation, including accuracy and measurement of
3224 water distribution and/or consumption, and other equipment,
3225 services and improvements providing verifiable cost savings.

3226 (iii) "Energy services provider" means a person or
3227 business with a successful record of documented energy savings
3228 projects that is experienced in the design, implementation and

3229 installation of energy conservation measures; has the technical
3230 capabilities to verify that such measures generate energy and
3231 operational cost savings or enhanced revenues; has the ability to
3232 guarantee the savings; has the ability to secure or arrange the
3233 financing necessary to support the implementation of the energy
3234 conservation measures; and is approved by the division.

3235 Approval by the division of an energy services provider shall
3236 be granted in a prequalification process.

3237 Such energy services providers may petition the division to
3238 review their qualifications and deem them to be qualified for
3239 inclusion on a prequalification list if they meet the
3240 qualifications set forth by the division.

3241 Any energy services project that has been competitively bid
3242 and awarded prior to any change in law shall be allowed to
3243 continue under the laws current at the time the project was
3244 awarded.

3245 The division shall ensure that small businesses are not
3246 disadvantaged in the determination of a qualified energy services
3247 provider.

3248 (iv) "Entity" means the board of trustees of any
3249 public school district, junior college, institution of higher
3250 learning, publicly owned hospital, state agency or governmental
3251 authority under this chapter.

3252 (v) "Energy services contract" means an agreement
3253 to provide energy services which include, but are not limited to,

3254 the design, installation, financing and maintenance or management
3255 of the energy systems or equipment in order to improve its energy
3256 efficiency. Payments for the contract are not contingent upon the
3257 actual savings realized from the equipment.

3258 (vi) "Energy performance contract" means an
3259 agreement to provide energy services which includes, but is not
3260 limited to, the design, installation, financing and maintenance or
3261 management of the energy systems or equipment in order to improve
3262 its energy efficiency.

3263 (vii) "Shared-savings contract" means an agreement
3264 where the contractor and the entity each receive a preagreed
3265 percentage or dollar value of the energy cost savings over the
3266 life of the contract.

3267 (viii) "Reduce operating costs" means elimination
3268 of future expenses or avoidance of future replacement expenditures
3269 as a result of new equipment installed or services performed.
3270 Material savings, labor savings, cancelled maintenance contracts,
3271 et cetera, shall be considered as being viable to reduce operating
3272 costs. Reduce operating costs may be included in the performance
3273 contract or energy services agreement solely at the discretion of
3274 the entity. A contract that otherwise satisfies the requirements
3275 of this section shall satisfy the requirements allowing use of an
3276 energy performance, energy services or shared-savings contract
3277 even if the sole expense being eliminated is maintenance expense.

3278 (ix) "Capital cost avoidance" means planned
3279 capital improvement expenditures that will be avoided through
3280 implementation of the energy services project. Capital cost
3281 avoidance may be included in an energy services contract or an
3282 energy performance contract solely at the discretion of the
3283 entity. Capital cost avoidance may be claimed as an annual
3284 avoidance or as a one-time avoidance in a specific year of the
3285 contract term, depending upon the nature of the avoided capital
3286 cost.

3287 (x) "Alternative fuel motor vehicle" means a motor
3288 vehicle propelled by alternative fuel either as a dedicated
3289 alternative fuel vehicle, as a bi-fuel vehicle using alternative
3290 fuel as one of its fuels, or as a dual fuel vehicle using
3291 alternative fuel as one of its fuels.

3292 (xi) "Energy conservation measure" means the
3293 individual items or components of a large energy services or
3294 energy efficient services program.

3295 (xii) "Simple payback period" means the amount of
3296 time for the recuperation of the initial investment. The simple
3297 payback period is calculated by dividing the initial investment by
3298 the annual savings. The simple payback period for any contract
3299 shall not exceed twenty (20) years. The simple payback period of
3300 an individual energy conservation measure shall not be considered
3301 in any evaluation provided the simple payback period for the
3302 contract does not exceed twenty (20) years.

3303 (b) An entity may enter into an energy services
3304 contract, energy performance contract, shared-savings contract,
3305 any of which may contain a lease, or lease-purchase contract for
3306 energy efficiency equipment, services relating to the
3307 installation, operation and maintenance of equipment or
3308 improvements reasonably required to existing or new equipment and
3309 existing or new improvements and facilities and shall contract in
3310 accordance with the following provisions:

3311 (i) The division may assemble a list of
3312 prequalified energy services providers. The division shall use
3313 objective criteria in the selection process. The criteria for
3314 evaluation shall include, but shall not be limited to, the
3315 following factors: to assess the capability of the qualified
3316 energy services provider in the area of design engineering,
3317 installation, maintenance and repairs associated with energy
3318 services or guaranteed energy performance contracts;
3319 qualifications including engineering depth and experience,
3320 post-installation project monitoring, data collection, and
3321 verification of and reporting of savings; overall project
3322 experience and qualifications; management capability; ability to
3323 access long-term sources of project financing; financial health
3324 and stability, litigation history with customers and other factors
3325 determined by the division to be relevant and appropriate and
3326 related to the ability to perform the project. The division shall
3327 either accept or reject an application for prequalification from

3328 an energy services provider within sixty (60) days after receipt.
3329 If the division fails to act within sixty (60) days from the date
3330 of receiving an application, then the application shall
3331 automatically be accepted and the energy services provider shall
3332 be added to the prequalified list.

3333 (ii) An entity shall publicly issue requests for
3334 proposals, advertised in the same manner as provided in Section
3335 31-7-13 for seeking competitive sealed bids, concerning the
3336 provision of energy efficiency services relating to the
3337 installation, operation and maintenance of equipment, improvements
3338 reasonably required to existing or new equipment and existing or
3339 new improvements and facilities or the design, installation,
3340 ownership, operation and maintenance of energy efficiency
3341 equipment. Those requests for proposals shall contain terms and
3342 conditions relating to submission of proposals, evaluation and
3343 selection of proposals, financial terms, legal responsibilities,
3344 and any other matters as the entity determines to be appropriate
3345 for inclusion.

3346 (iii) Upon receiving responses to the request for
3347 proposals, the entity may select the most qualified proposal or
3348 proposals on the basis of experience and qualifications of the
3349 proposers, the technical approach, the financial arrangements, the
3350 overall benefits to the entity and any other relevant factors
3351 determined to be appropriate.

3352 (iv) An entity shall negotiate and enter into
3353 contracts with the person, persons, firm or firms submitting the
3354 proposal selected as the most qualified under this section.

3355 (v) The annual rate of interest paid under any
3356 lease-purchase agreement authorized by this section shall not
3357 exceed the maximum interest rate to maturity on general obligation
3358 indebtedness permitted under Section 75-17-101.

3359 (vi) The maximum lease-purchase term for any
3360 equipment acquired under this section shall not exceed the lesser
3361 of twenty (20) years or the average useful life of the energy
3362 conservation measures from the date the energy conservation
3363 measures have been completed and accepted by the governmental
3364 unit.

3365 (vii) This subsection shall, with respect to the
3366 procurement of energy efficiency services and/or equipment,
3367 supersede any contradictory or conflicting provisions of Chapter
3368 7, Title 31, Mississippi Code of 1972, and other laws with respect
3369 to awarding public contracts.

3370 (2) (a) The division may contract with a party selected
3371 under this subsection to provide financing to entities and private
3372 "nonprofit" hospitals, to purchase energy efficiency equipment,
3373 services relating to the installation, operation and maintenance
3374 of equipment or improvements reasonably required to existing or
3375 new equipment and existing or new improvements and facilities or
3376 an energy saving performance contract, energy services contract,

3377 or lease-purchase basis. Any energy efficiency lease financing
3378 contract entered into by the division before May 15, 1992, shall
3379 be valid and binding when the contract was entered into under this
3380 subsection.

3381 (b) The entities and private "nonprofit" hospitals that
3382 decide to contract for energy efficiency equipment, services
3383 relating to the installation, operation and maintenance of
3384 equipment or improvements reasonably required to existing or new
3385 equipment and existing or new improvements and facilities on a
3386 lease, energy services contract or lease-purchase basis, may
3387 request financial assistance from the division.

3388 (c) The provisions of any energy efficiency
3389 lease-purchase agreements authorized under this subsection (2)
3390 shall comply with the requirements of subsection (1)(b)(v) of this
3391 section. The term of any lease or lease-purchase agreement for
3392 energy efficiency services and/or equipment entered into under
3393 this section shall not exceed twenty (20) years, commencing on the
3394 completion of the installation of equipment or improvements under
3395 the contract.

3396 (d) Any entity or private "nonprofit" hospital having
3397 approval of the division may borrow money in anticipation of
3398 entering into a lease-purchase agreement pursuant to subsection
3399 (2)(b) of this section. Any borrowing may be upon terms and
3400 conditions as may be agreed upon by the borrowing entity and the
3401 party advancing interim funds; however, the principal on any

3402 borrowing shall be repaid within a period of time not to exceed
3403 one hundred eighty (180) days. In borrowing money under this
3404 paragraph (d), it is not necessary to publish notice of intention
3405 to do so or to secure the consent of the qualified electors,
3406 either by election or otherwise. Any borrowing may be negotiated
3407 between the parties and is not required to be publicly bid, may be
3408 evidenced by negotiable notes or lease and shall not be considered
3409 when computing any limitation of indebtedness of the borrowing
3410 entity established by law. The principal, interest and costs of
3411 incurring any borrowing shall not exceed the principal amount of
3412 the final contract or agreement approved by the division, and
3413 accepted by the borrowing entity, under subsection (2) (b) of this
3414 section.

3415 (e) This subsection (2) shall, with respect to the
3416 procurement of energy efficiency services and/or equipment,
3417 supersede the provisions of any contradictory or conflicting
3418 provisions of Chapter 7, Title 31, Mississippi Code of 1972, and
3419 other laws with respect to awarding public contracts.

3420 (3) All lease-purchase agreements authorized by this section
3421 and the income from those agreements shall be exempt from all
3422 taxation within the State of Mississippi, except gift, transfer
3423 and inheritance taxes.

3424 (4) (a) An entity may contract for energy efficiency
3425 equipment services relating to the installation, operation or
3426 maintenance of equipment or improvements reasonably required to

3427 existing or new equipment and existing or new improvements and
3428 facilities on a shared-savings basis or performance basis.

3429 (b) If an entity decides to enter into a contract for
3430 energy efficiency equipment, services relating to the
3431 installation, operation or maintenance of equipment or
3432 improvements reasonably required to existing or new equipment and
3433 existing or new improvements and facilities on a shared-savings
3434 basis or performance basis, the entity shall issue a request for
3435 proposals or a request for qualifications, as determined necessary
3436 by the division, in the same manner as prescribed under subsection
3437 (1)(b) of this section. The entity shall notify the division in
3438 writing of its intention to issue a request for proposals or a
3439 request for qualifications.

3440 (c) The terms of any shared-savings contract, energy
3441 services contract, or energy performance contract entered into
3442 under this section may not exceed twenty (20) years, commencing on
3443 the completion of the installation of equipment or improvements
3444 under the contract.

3445 (d) The terms of any shared-savings or energy
3446 performance contract entered into under this section must contain
3447 a guarantee of savings clause from the company providing energy
3448 efficiency equipment services relating to the installation,
3449 operation and maintenance of equipment or improvements reasonably
3450 required to existing or new equipment and existing or new
3451 improvements and facilities.

3452 (5) (a) By March 1 and September 1 of each year, each
3453 entity that enters into an energy performance contract or
3454 shared-savings contract shall report to the division its energy
3455 usage by meter in dollars and consumption by fuel type for the
3456 previous six-month period determined by the division.

3457 (b) The division shall remove qualified status of an
3458 energy services provider that fails to meet the reporting
3459 requirements of paragraph (a) of this subsection after two (2)
3460 such violations.

3461 (c) Any costs associated with the reporting made under
3462 this subsection (5) shall be paid by the energy services provider.

3463 (6) The contract may be construed to provide flexibility to
3464 public agencies in structuring agreements entered into hereunder
3465 so that economic benefits may be maximized.

3466 (7) This section shall stand repealed on July 1, 2025.

3467 **SECTION 52.** Section 31-7-14.1, Mississippi Code of 1972, is
3468 brought forward as follows:

3469 31-7-14.1. (1) Any agency as defined in this chapter that
3470 receives state budgetary consideration and has submitted a
3471 detailed energy management plan to the Energy Division of the
3472 Department of Economic and Community Development, referred to in
3473 this section as "division," as required under Section 57-39-111
3474 shall undertake energy efficiency projects for the purpose of
3475 producing energy and/or dollar savings whereby a portion of the
3476 savings may be retained by the participating agency. The plan

3477 shall describe specific measures to be implemented to reduce the
3478 agency's energy consumption by energy unit measure or energy cost.
3479 The division shall provide assistance in preparing the detailed
3480 energy management plan according to prescribed guidelines and
3481 reporting procedures. The plan shall specify a project
3482 description of the energy efficiency measures to be undertaken,
3483 including, but not limited to, type of measure, cost, estimated
3484 savings in dollars and energy units, project and measure location,
3485 and terms and conditions of project financing.

3486 (2) (a) Utilizing data submitted under Sections 57-39-107
3487 and 57-39-109, the division shall develop and approve energy
3488 consumption baselines before project implementation, if feasible,
3489 and measure energy consumption after project implementation
3490 considering adjustments for any agency growth or reduction and
3491 seasonal variances, and calculate total energy savings. The
3492 division shall derive a baseline use allocation to be utilized and
3493 submitted in each participating agency's annual budget.

3494 (b) For purposes of this section, "net savings" and
3495 "net revenues" mean any funds remaining after payment of project
3496 capital costs, including debt service, and other payments and
3497 reserves as required by a bond resolution, loan agreement or other
3498 financing agreement and payment of project operating and
3499 maintenance expenses.

3500 (3) Net savings and net revenues generated from projects
3501 shall be apportioned as follows:

3502 (a) Any agency initiating energy savings through the
3503 implementation of an energy efficiency project may retain one-half
3504 (1/2) of all such net savings which may be used for any
3505 nonrecurring capital projects; and

3506 (b) The remaining net savings and net revenues from
3507 conservation projects shall be remitted to the State General Fund.

3508 The Energy Division shall verify the net savings and net
3509 revenues on an annual basis.

3510 (4) The use by an agency of net savings and net revenues
3511 from energy efficiency projects shall be in addition to, and shall
3512 not supplant or replace, funding from traditional sources for
3513 their normal operations and maintenance or capital budgets. It is
3514 the intent of this subsection to ensure that the agencies receive
3515 the full benefit intended by this section, and that the effect
3516 will not be diminished by budget adjustments inconsistent with
3517 this intent.

3518 **SECTION 53.** Section 31-7-15, Mississippi Code of 1972, is
3519 brought forward as follows:

3520 31-7-15. (1) Whenever two (2) or more competitive bids are
3521 received, one or more of which relates to commodities grown,
3522 processed or manufactured within this state, and whenever all
3523 things stated in such received bids are equal with respect to
3524 price, quality and service, the commodities grown, processed or
3525 manufactured within this state shall be given preference. A
3526 similar preference shall be given to commodities grown, processed

3527 or manufactured within this state whenever purchases are made
3528 without competitive bids, and when practical the Department of
3529 Finance and Administration may by regulation establish reasonable
3530 preferential policies for other commodities, giving preference to
3531 resident suppliers of this state.

3532 (2) Any foreign manufacturing company with a factory in the
3533 state and with over fifty (50) employees working in the state
3534 shall have preference over any other foreign company where both
3535 price and quality are the same, regardless of where the product is
3536 manufactured.

3537 (3) On or before January 1, 1991, the Department of Finance
3538 and Administration shall adopt bid and product specifications to
3539 be utilized by all state agencies that encourage the procurement
3540 of commodities made from recovered materials. Preference in
3541 awarding contracts for commodities shall be given to commodities
3542 offered at a competitive price.

3543 (4) Each state agency is required to procure products made
3544 from recovered materials when those products are available at a
3545 competitive price. For purposes of this subsection, "competitive
3546 price" means a price not greater than ten percent (10%) above the
3547 lowest and best bidder. A decision not to procure products made
3548 from recovered materials must be based on a determination that
3549 such procurement:

3550 (a) Is not available within a reasonable period of
3551 time; or

3552 (b) Fails to meet the performance standards set forth
3553 in the applicable specifications; or

3554 (c) Is not available at a competitive price.

3555 (5) Whenever economically feasible, each state agency is
3556 required to purchase products manufactured or sold by the
3557 Mississippi Industries for the Blind.

3558 **SECTION 54.** Section 31-7-16, Mississippi Code of 1972, is
3559 brought forward as follows:

3560 31-7-16. In the event equipment is required which is capable
3561 of being manufactured or assembled in separate units such as
3562 school bus chassis and bodies or other bodies of equipment

3978 those which issue checks and those which file requisitions for
3979 payment with the State Fiscal Management Board, shall keep a
3980 record of the date of receipt of the invoice, dates of receipt,
3981 inspection and approval of the goods or services, date of issuing
3982 the check or date of filing the requisition for payment, as the
3983 case may be, and date of mailing or otherwise delivering the
3984 warrant or check in payment thereof. In the event that the State
3985 Fiscal Management Board mails or otherwise delivers the warrant
3986 directly to the claimant, pursuant to Section 7-7-35, Mississippi
3987 Code of 1972, the State Fiscal Management Board shall notify the
3988 public body of the date thereof. The provisions of this section
3989 are supplemental to the requirements of Sections 19-13-29,
3990 21-39-7, 21-39-13 and 37-5-93, Mississippi Code of 1972.

3991 (2) All public bodies that are authorized to issue checks in
3992 payment of goods and services and are not required to issue
3993 requisitions for payment to the State Fiscal Management Board
3994 shall mail or otherwise deliver such checks no later than
3995 forty-five (45) days after receipt of the invoice and receipt,
3996 inspection and approval of the goods or services; however, in the

3997 event of a bona fide dispute, the public body shall pay only the
3998 amount not disputed.

3999 (3) If a warrant or check, as the case may be, in payment of
4000 an invoice is not mailed or otherwise delivered within forty-five
4001 (45) days after receipt of the invoice and receipt, inspection and
4002 approval of the goods and services, the public body shall be
4003 liable to the vendor, in addition to the amount of the invoice,
4004 for interest at a rate of one and one-half percent (1-1/2%) per
4005 month or portion thereof on the unpaid balance from the expiration
4006 of such forty-five-day period until such time as the warrant or
4007 check is mailed or otherwise delivered to the vendor. The
4008 provisions of this subsection (3) shall apply only to undisputed
4009 amounts for which payment has been authorized. In the case of an
4010 error on the part of the vendor, the forty-five-day period shall
4011 begin to run upon receipt of a corrected invoice by the public
4012 body and upon compliance with the other provisions of this
4013 section. The various public bodies shall be responsible for
4014 initiating the penalty payments required by this subsection and
4015 shall use this subsection as authority to make such payments.
4016 Also, at the time of initiating such penalty payment, the public
4017 body shall specify in writing an explanation of the delay and
4018 shall attach such explanation to the requisition for payment of
4019 the penalty or to the file copy of the check issued by the public
4020 body, as the case may be.

4021 (4) (a) In the event of a bona fide dispute as to an
4022 invoice, or any portion thereof, the dispute shall be settled
4023 within thirty (30) days after interest penalties could begin to be
4024 assessed, if it were not for the dispute.

4025 (b) If a warrant or check, as the case may be, in
4026 payment of an invoice, subject to a prior dispute, is not mailed
4027 or otherwise delivered within thirty (30) days after settlement of
4028 the dispute, the public body shall be liable to the vendor, in
4029 addition to the amount of the invoice, for interest at a rate of
4030 one and one-half percent (1-1/2%) per month or portion thereof on
4031 the unpaid balance from the expiration of said thirty-day period
4032 until such time as the warrant or check is mailed or otherwise
4033 delivered to the vendor. At the time of initiating such penalty
4034 payment, the public body shall specify in writing an explanation
4035 of the delay and shall attach such explanation to the requisition
4036 for payment of the penalty or to the file copy of the check issued
4037 by the public body, as the case may be. The interest penalty
4038 prescribed in this paragraph shall be in lieu of the penalty
4039 provided in subsection (3).

4040 **SECTION 73.** Section 31-7-307, Mississippi Code of 1972, is
4041 brought forward as follows:

4042 31-7-307. (1) The budget request submitted by a public body
4043 to the Legislature shall specifically disclose the amount of any
4044 interest paid by any public body pursuant to Sections 31-7-301
4045 through 31-7-317. However, no provision of Sections 31-7-301

4046 through 31-7-317 authorizes a new appropriation to cover such
4047 interest penalties, and public bodies shall not seek to increase
4048 appropriations for the purpose of obtaining funds to pay any
4049 interest penalties.

4050 (2) All public bodies of the state, including those which
4051 issue checks and those which file requisitions for payment with
4052 the State Fiscal Management Board, shall monthly notify the State
4053 Fiscal Management Board of the number and dollar amount of late
4054 payments by the public body along with the amounts of interest
4055 paid and the specific steps being taken to reduce the incidence of
4056 late payments.

4057 (3) If the terms of the invoice provide a discount for
4058 payment in less than forty-five (45) days, public bodies shall
4059 preferentially process it and use all diligence to obtain the
4060 savings by compliance with the invoice terms, if it would be cost
4061 effective.

4062 **SECTION 74.** Section 31-7-309, Mississippi Code of 1972, is
4063 brought forward as follows:

4064 31-7-309. Whenever a vendor brings formal administrative or
4065 judicial action to collect interest due under Sections 31-7-301
4066 through 31-7-317, the public body shall be required to pay any
4067 reasonable attorney's fees if the vendor prevails.

4068 **SECTION 75.** Section 31-7-311, Mississippi Code of 1972, is
4069 brought forward as follows:

4070 31-7-311. The State Fiscal Management Board shall submit to
4071 the Appropriations Committee of each house of the Legislature by
4072 January 15 of each year a report summarizing the payment record
4073 for the preceding fiscal year. The report shall include the
4074 number and dollar amount of late payments by each public body
4075 along with the amounts of interest paid and the specific steps
4076 being taken to reduce the incidence of late payments.

4077 **SECTION 76.** Section 31-7-313, Mississippi Code of 1972, is
4078 brought forward as follows:

4079 31-7-313. The State Fiscal Management Board is authorized
4080 and directed to adopt and promulgate rules and regulations
4081 necessary to implement this section.

4082 **SECTION 77.** Section 31-7-315, Mississippi Code of 1972, is
4083 brought forward as follows:

4084 31-7-315. Sections 31-7-301 through 31-7-317 shall not
4085 affect payment under public works contracts as provided in
4086 Sections 31-5-25 and 31-5-27, Mississippi Code of 1972.

4087 **SECTION 78.** Section 31-7-317, Mississippi Code of 1972, is
4088 brought forward as follows:

4089 31-7-317. (1) The Governor's Office of General Services
4090 shall study the feasibility of:

4091 (a) Requiring the Bureau of Purchasing to act as
4092 purchasing agent for state agencies;

4093 (b) Requiring the Bureau of Purchasing to purchase
4094 frequently used products and supplies and warehouse them for state
4095 agencies, especially in the Jackson metropolitan area; and

4096 (c) A small business/minority set-aside program.

4097 (2) On or before January 15, 1987, the Governor's Office of
4098 General Services shall transmit its written report of the
4099 feasibility studies to the Legislature, along with its
4100 recommendations and an estimate of the fiscal impact of the
4101 recommendations. If the Governor's Office of General Services
4102 recommends that the bureau should be required to act as purchasing
4103 agent for smaller state agencies, the report shall include a list
4104 of state agencies to be included.

4105 **SECTION 79.** Section 31-7-401, Mississippi Code of 1972, is
4106 brought forward as follows:

4107 31-7-401. Except as otherwise provided by law, the
4108 provisions of Sections 31-7-401 through 31-7-423 shall apply to
4109 every procurement of commodities, supplies, equipment,
4110 construction, technology, personal and professional services other
4111 than those in Section 27-104-7(2)(f) and (8), state agency
4112 employee benefits, supplemental insurance and cafeteria plans,
4113 that are solicited by any state agency by a request for proposals
4114 or request for qualifications. The following provisions are
4115 intended to ensure that the best practices for soliciting requests
4116 for proposals or requests for qualifications are implemented. Any
4117 agency that is required to receive approval by the Public

4118 Procurement Review Board before entering into a personal or
4119 professional services contract as provided in subsection (2)(g) of
4120 Section 27-104-7 shall implement the best practices specified in
4121 Sections 31-7-401 through 31-7-423. The Public Procurement Review
4122 Board shall promulgate any necessary rules and regulations to
4123 administer the provisions of Sections 31-7-401 through 31-7-423.

4124 **SECTION 80.** Section 31-7-403, Mississippi Code of 1972, is
4125 brought forward as follows:

4126 31-7-403. **Conditions for use.** (1) Competitive sealed
4127 bidding is the preferred method of procurement; however, if it is
4128 not practicable and advantageous, a request for proposals or
4129 request for qualifications may be used. The terms "practicable"
4130 and "advantageous" are to be given ordinary dictionary meanings.
4131 The term "practicable" denotes what may be accomplished or put
4132 into practical application. "Advantageous" denotes a judgmental
4133 assessment of what is in the state's best interest.

4134 (2) The following factors shall be considered when
4135 determining advantageousness:

4136 (a) The need for flexibility;

4137 (b) The type of evaluations that will be needed after
4138 offers are received;

4139 (c) Whether the evaluation factors involve the relative
4140 abilities of offerers to perform, including degrees of technical
4141 or professional experience or expertise;

4142 (d) Whether the type of need to be satisfied involves
4143 weighing artistic and aesthetic values to the extent that price is
4144 a secondary consideration;

4145 (e) Whether the types of supplies, services or
4146 construction may require the use of comparative judgmental
4147 evaluations to evaluate them adequately; and

4148 (f) Whether prior procurements indicate that a request
4149 for proposals may result in more beneficial contracts for the
4150 state.

4151 (3) The following factors shall be considered when
4152 determining practicability:

4153 (a) Whether the contract needs to be a contract other
4154 than a fixed-price type contract;

4155 (b) Whether oral or written discussions may need to be
4156 conducted with offerers concerning technical and price aspects of
4157 their proposals;

4158 (c) Whether offerers may need to be afforded the
4159 opportunity to revise their proposals, including price;

4160 (d) Whether the award may need to be based upon a
4161 comparative evaluation of differing price and contractual factors
4162 as well as quality factors that include technical and performance
4163 capability and the content of the technical proposal; and

4164 (e) Whether the primary consideration in determining
4165 award may not be price.

4166 (4) On or before January 1 of each year, and every time a
4167 chief procurement officer is hired, each state agency shall
4168 provide to the state purchasing agent the name of the state
4169 agency's chief procurement officer and information identifying the
4170 state agency's central purchasing office, if applicable. If the
4171 chief procurement officer of an agency or his or her designee
4172 determines, in writing, that the use of competitive sealed bidding
4173 is either not practicable or not advantageous to the state, he or
4174 she shall submit a detailed explanation of the reasons for that
4175 determination to the Public Procurement Review Board. If the
4176 Public Procurement Review Board determines that competitive sealed
4177 bidding is either not practicable or not advantageous to the
4178 state, then a contract may be entered into for the procurement of
4179 commodities, supplies, equipment, construction, technology,
4180 personal and professional services, state agency purchased
4181 employee benefits or state agency supplemental insurance and
4182 cafeteria plans, by a request for proposals or request for
4183 qualifications. However, these procurements contracted for
4184 through a request for proposals or request for qualifications may
4185 not be combined or included in a contract with other procurements
4186 that are required to be procured through competitive sealed
4187 bidding so as to avoid the statutory obligation for procurement
4188 through competitive sealed bidding. The board may modify or
4189 revoke its determination at any time, and the determination should
4190 be reviewed for current applicability from time to time.

4191 In addition to determining whether a request for proposals or
4192 request for qualifications would be practicable and advantageous
4193 to the state, when making the decision to use a request for
4194 proposals or request for qualifications, the chief procurement
4195 officer shall consider the following factors:

4196 (a) Whether quality, availability or capability is
4197 overriding in relation to price in procurements for research and
4198 development, technical supplies or services;

4199 (b) Whether the initial installation needs to be
4200 evaluated together with later maintenance and service capabilities
4201 and what priority should be given to these requirements in the
4202 best interests of the state; and

4203 (c) Whether the marketplace will respond better to a
4204 solicitation permitting not only a range of alternative proposals
4205 but evaluation and discussion of them before making the award.

4206 **SECTION 81.** Section 31-7-405, Mississippi Code of 1972, is
4207 brought forward as follows:

4208 31-7-405. **Content of the request for proposals or request**
4209 **for qualifications.** (1) The request for proposals or request for
4210 qualifications shall include the following:

4211 (a) Instructions and information to offerers concerning
4212 the request for proposals or request for qualifications submission
4213 requirements, including the time and date set for receipt of
4214 proposals or qualifications, the address of the office to which
4215 proposals or qualifications are to be delivered, the maximum time

4216 for proposal or qualification acceptance by the state, the manner
4217 in which proposals or qualifications are to be submitted,
4218 including any forms for that purpose and any other special
4219 information;

4220 (b) The purchase description, evaluation factors,
4221 delivery or performance schedule and any inspection and acceptance
4222 requirements that are not included in the purchase description;

4223 (c) The contract terms and conditions, including
4224 warranty and bonding or other security requirements, as
4225 applicable;

4226 (d) A statement that discussions may be conducted with
4227 offerers who submit proposals or qualifications determined to be
4228 reasonably susceptible of being selected for the award, but that
4229 proposals or qualifications may be accepted without such
4230 discussions; and

4231 (e) A statement of when and how price should be
4232 submitted.

4233 (2) The request for proposals or request for qualifications
4234 may incorporate documents by reference provided that the request
4235 for proposals or request for qualifications specifies where those
4236 documents can be obtained.

4237 (3) Proposal or qualification preparation time shall be set
4238 to provide offerers a reasonable time to prepare their proposals
4239 or qualifications. A minimum of thirty (30) days shall be
4240 provided unless a shorter time is deemed necessary for a

4241 particular procurement as determined in writing by the chief
4242 procurement officer of the requesting agency.

4243 **SECTION 82.** Section 31-7-407, Mississippi Code of 1972, is
4244 brought forward as follows:

4245 31-7-407. **Public notice.** (1) In addition to any method of
4246 public notice regarding the solicitation of requests for proposals
4247 or requests for qualifications currently being used by state
4248 agencies, the chief procurement officer shall also have posted on
4249 the Mississippi procurement portal and on the soliciting agency's
4250 website, public notification of a pending procurement through
4251 request for proposals or request for qualifications. The notice
4252 shall include the following:

4253 (a) The due date for responses;

4254 (b) The name and phone number of the officer conducting
4255 the procurement; and

4256 (c) The means of obtaining the solicitation.

4257 (2) The notice shall be posted at least thirty (30) days
4258 before the date that proposals or qualifications are to be
4259 submitted to the chief procurement officer, unless a shorter time
4260 is deemed necessary for a particular procurement as determined in
4261 writing by the chief procurement officer of the requesting agency.

4262 (3) Each chief procurement officer may determine that other
4263 methods of public notification are best for that particular agency
4264 or that particular request for proposals or request for
4265 qualifications. If such a determination is made, the chief

4266 procurement officer may provide notice in an alternative manner
4267 about the request for proposals or request for qualifications in
4268 addition to the methods provided for in Sections 31-7-401 through
4269 31-7-423.

4270 (4) The Department of Finance and Administration (DFA) shall
4271 monitor agency websites and the Mississippi procurement portal to
4272 ensure that the agencies are posting the required notice. DFA
4273 shall audit agencies and report its findings to the Chairs of the
4274 House of Representatives and Senate Accountability, Efficiency and
4275 Transparency Committees and House of Representatives and Senate
4276 Appropriations Committees by December 31 of each year.

4277 **SECTION 83.** Section 31-7-409, Mississippi Code of 1972, is
4278 brought forward as follows:

4279 31-7-409. **Pre-proposal conferences.** (1) Pre-proposal
4280 conferences may be conducted to explain the procurement
4281 requirements. If a chief procurement officer plans to hold such a
4282 conference, he or she shall prominently place the notification in
4283 the request for proposals or request for qualifications
4284 solicitation. The notification shall include the date, time and
4285 location of the conference. If the chief procurement officer
4286 decides to hold a pre-proposal conference after the request for
4287 proposals or request for qualifications has been sent out, then he
4288 or she shall notify all prospective offerers known to have
4289 received a request for proposals or request for qualifications.

4290 (2) If a pre-proposal conference is held, it shall be at
4291 least fourteen (14) days after the request for proposals or
4292 request for qualifications has been issued. In setting the time
4293 for the conference, the chief procurement officer shall consider
4294 the complexity of the procurement and the potential modifications
4295 that may need to be made after the conference and any amendments
4296 to the solicitation that the chief procurement officer may need to
4297 make after the conference.

4298 (3) The chief procurement officer issuing the request for
4299 proposals or request for qualifications shall serve as chair of
4300 the conference. Offerers attending the conference shall be
4301 required to sign an attendance sheet provided by the soliciting
4302 agency. The chair shall announce at the beginning of the
4303 conference how the conference is to be handled. The conference
4304 shall be recorded. A chief procurement officer may mandate
4305 attendance at a conference if he or she feels it is critical to
4306 understanding the solicitation. Once the conference is over, the
4307 chief procurement officer shall put the recordings from the
4308 conference and the questions and answers from the conference in
4309 writing and send them to the offerers who received the request for
4310 proposals or request for qualifications and post them on the
4311 Mississippi procurement portal and the soliciting agency's
4312 website.

4313 **SECTION 84.** Section 31-7-411, Mississippi Code of 1972, is
4314 brought forward as follows:

4315 31-7-411. **Drafting the request for proposals or request for**
4316 **qualifications.** (1) In addition to the items listed in Sections
4317 31-7-401 through 31-7-423, the contents of a request for proposals
4318 or request for qualifications shall also include the following:

4319 (a) A statement that discussions may be conducted with
4320 offerers who submit proposals or qualifications determined to be
4321 reasonably susceptible of being selected for the award, but that
4322 proposals or qualifications may also be accepted without those
4323 discussions; and

4324 (b) A statement of when and how price should be
4325 submitted.

4326 (2) The request for proposals or request for qualifications
4327 shall indicate, either by the order listed, weights or some other
4328 manner, the order of importance of the evaluation criteria.

4329 (3) The request for proposals or request for qualifications,
4330 its amendments, the offerer's proposals or qualifications and the
4331 best and final offer shall constitute the contract.

4332 **SECTION 85.** Section 31-7-413, Mississippi Code of 1972, is
4333 brought forward as follows:

4334 31-7-413. **Evaluation factors in the request for proposals or**
4335 **request for qualifications.** (1) When the chief procurement
4336 officer submits the determination that the use of competitive
4337 sealed bidding is either not practicable or not advantageous to
4338 the state to the Public Procurement Review Board for its approval,
4339 he or she shall include in that submission the evaluation factors

4340 that will be used in reviewing the submitted proposals or
4341 qualifications. The evaluation factors shall be approved by the
4342 Public Procurement Review Board in the same way that the decision
4343 to solicit procurements through a request for proposals or request
4344 for qualifications must be approved.

4345 (2) (a) The request for proposals or request for
4346 qualifications shall state all of the approved evaluation factors,
4347 including price, and their relative importance. When the chief
4348 procurement officer is determining the weights and importance of
4349 each evaluation factor, price as an evaluation factor shall be
4350 given the highest criteria weighting and at least thirty-five
4351 percent (35%) out of the one hundred percent (100%) total weight
4352 of all the other evaluation factors. The evaluation shall be
4353 based on the evaluation factors set forth in the request for
4354 proposals or request for qualifications. The evaluation factors
4355 used and the weights given to each shall be decided and agreed to
4356 by the evaluation committee before the opening of any proposal or
4357 qualification. Numerical rating systems shall be used when
4358 determining the weight and importance of each evaluation factor.
4359 Factors not specified in the request for proposals or request for
4360 qualifications shall not be considered. Upon completion of the
4361 evaluation, the evaluation score sheets used to review the
4362 submitted proposals or qualifications shall be made part of the
4363 report required under Section 31-7-423(1).

4364 (b) The following, as appropriate to individual
4365 circumstances, shall be used as criteria for evaluating requests
4366 for proposals or requests for qualifications under the request for
4367 proposals or request for qualifications process described in
4368 Sections 31-7-401 through 31-7-423. These factors are not
4369 intended to be limiting or all-inclusive, and they may be adapted
4370 or supplemented in order to meet a soliciting agency's individual
4371 needs as the competitive procurement process requires.

4372 (i) Technical factors (Proposed methodology):

4373 a. Does the offerer's proposal or
4374 qualification demonstrate a clear understanding of the scope of
4375 work and related objectives?

4376 b. Is the offerer's proposal or
4377 qualification complete and responsive to the specific request for
4378 proposals or request for qualifications requirements?

4379 c. Has the past performance of the
4380 offerer's proposed methodology been documented?

4381 d. Does the offerer's proposal or
4382 qualification use innovative technology and techniques?

4383 (ii) Management factors (Factors that will require
4384 the identity of the offerer to be revealed must be submitted
4385 separately from other factors):

4386 1. Project management:

4387 a. How well does the proposed scheduling
4388 timeline meet the needs of the soliciting agency?

4389 b. Is there a project management plan?

4390 2. History and experience in performing the
4391 work:

4392 a. Does the offerer document a record of
4393 reliability of timely delivery and on-time and on-budget
4394 implementation?

4395 b. Does the offerer demonstrate a track
4396 record of service as evidenced by on-time, on-budget, and contract
4397 compliance performance?

4398 c. Does the offerer document industry or
4399 program experience?

4400 d. Does the offerer have a record of
4401 poor business ethics?

4402 3. Availability of personnel, facilities,
4403 equipment and other resources:

4404 a. To what extent does the offerer rely
4405 on in-house resources vs. contracted resources?

4406 b. Are the availability of in-house and
4407 contract resources documented?

4408 4. Qualification and experience of personnel:

4409 a. Documentation of experience in
4410 performing similar work by employees and when appropriate,
4411 sub-contractors?

4412 b. Does the offerer demonstrate cultural
4413 sensitivity in hiring and training staff?

4414 (iii) Cost factors (Factors must be submitted
4415 separately from other factors unless specifically approved by the
4416 Public Procurement Review Board):

4417 1. Cost of goods to be provided or services
4418 to be performed:

4419 a. Relative cost: How does the cost
4420 compare to other similarly scored proposals or qualifications?

4421 b. Full explanation: Is the price and
4422 its component charges, fees, etc. adequately explained or
4423 documented?

4424 2. Assurances of performance:

4425 a. If required, are suitable bonds,
4426 warranties or guarantees provided?

4427 b. Does the proposal or qualification
4428 include quality control and assurance programs?

4429 3. Offerer's financial stability and
4430 strength: Does the offerer have sufficient financial resources to
4431 meet its obligations?

4432 **SECTION 86.** Section 31-7-415, Mississippi Code of 1972, is
4433 brought forward as follows:

4434 31-7-415. **Evaluation committee.** (1) Evaluation committees
4435 shall be used to evaluate request for proposals or request for
4436 qualifications and award contracts. Persons appointed to an
4437 evaluation committee shall have the relevant experience necessary
4438 to evaluate the proposal or qualification. The members of the

4439 evaluation committee shall have no personal, financial or familial
4440 interest in any of the contract offerers, or principals thereof,
4441 to be evaluated.

4442 (2) The names of the members of the evaluation committee
4443 shall not be publicly disclosed until their evaluation report as
4444 required under Section 31-7-423(1). The members' names and job
4445 titles shall be made available to the public. Where evaluation
4446 committee members are not public employees, those members' names,
4447 educational and professional qualifications, and practical
4448 experience, that were the basis for the appointment, shall be made
4449 available to the public.

4450 (3) Before evaluating proposals or qualifications, each
4451 individual participating in the evaluation of a proposal or
4452 qualification shall execute a statement in accordance with
4453 subsection (1) of this section certifying that he or she does not
4454 have a conflict of interest. The statement shall be filed with
4455 the chief procurement officer of the soliciting agency, before
4456 beginning the evaluation process. The certification shall be as
4457 follows:

4458 "I hereby certify that I have reviewed the conflict of
4459 interest standards prescribed herein, and that I do not have a
4460 conflict of interest with respect to the evaluation of this
4461 proposal or qualification. I further certify that I am not
4462 engaged in any negotiations or arrangements for prospective
4463 employment or association with any of the offerers submitting

4464 proposals or qualifications or their parent or subsidiary
4465 organization."

4466 (4) Committee members may conduct their work separately or
4467 together.

4468 (5) The committee may use advisors, as it deems necessary to
4469 give opinions on evaluating proposals or qualifications, except
4470 that such advisors shall be subject to the provisions of
4471 subsection (3) of this section. The names of the advisors shall
4472 be made public at the same time as members of the evaluation
4473 committee as provided in subsection (2) of this section. For the
4474 purposes of this section, the term "advisors" shall mean those
4475 individuals who provide such significant input to a member or
4476 members of the evaluation committee that the advisor's opinions
4477 are fundamental in shaping the committee member's evaluation of
4478 the submitted proposals or qualifications.

4479 (6) The process of establishing weighting criteria and
4480 evaluating proposals or qualifications shall result in a finding
4481 that a specific proposal or qualification is the most practical
4482 and advantageous, price and other factors considered, or that all
4483 proposals or qualifications should be rejected.

4484 **SECTION 87.** Section 31-7-417, Mississippi Code of 1972, is
4485 brought forward as follows:

4486 31-7-417. (1) Submitted proposals or qualifications shall
4487 be opened at the time designated for opening in the request for
4488 proposals or request for qualifications. Proposals or

4489 qualifications and modifications shall be date-stamped or time and
4490 date-stamped upon receipt and held in a secure place until the
4491 established due date. Electronic proposals or qualifications
4492 received will be stored in an electronic lockbox until the time
4493 designated for the opening of the proposal or qualification.

4494 (2) As each proposal or qualification is submitted but
4495 before those proposals or qualifications are opened, the chief
4496 procurement officer shall designate a person to prepare a register
4497 of proposals or qualifications, which shall include the number of
4498 modifications received, if any, and a description sufficient to
4499 identify the supply, service, commodity or other item offered.
4500 The designated person shall assign each submitted proposal or
4501 qualification an identifying letter, number, or combination
4502 thereof, without revealing the name of the offerer who submitted
4503 each proposal or qualification to the chief procurement officer or
4504 any person named to the evaluation committee for that proposal or
4505 qualification. The designated person shall keep the names of the
4506 offerers and their identifying numbers or letters, or combination
4507 thereof, in a sealed envelope or other secure location until
4508 factors not requiring knowledge of the name of the offerer have
4509 been evaluated and scored. If the designated person reveals the
4510 names of the offerers and the corresponding identifying
4511 information before such time, the procurement process shall be
4512 terminated and the proposal or qualifications resolicited. The

4513 register of proposals or qualifications shall be made part of the
4514 report required under Section 31-7-423(1).

4515 **SECTION 88.** Section 31-7-419, Mississippi Code of 1972, is
4516 brought forward as follows:

4517 31-7-419. **Evaluating submitted proposals or qualifications.**

4518 (1) The evaluation committee shall evaluate proposals or
4519 qualifications only in accordance with the methodology and
4520 weighting criteria described in the request for proposals or
4521 request for qualifications. Proposals or qualifications shall be
4522 initially classified as: (a) acceptable; (b) potentially
4523 acceptable, which means reasonably susceptible of being made
4524 acceptable; or (c) unacceptable. Offerers whose proposals or
4525 qualifications are unacceptable shall be so notified promptly.

4526 (2) Discussions may be held with offerers to:

4527 (a) Promote understanding of the state's requirements
4528 and the offerer's proposals or qualifications; and

4529 (b) Facilitate arriving at a contract that will be the
4530 most practicable and advantageous to the state taking into
4531 consideration price and the other evaluation factors set forth in
4532 the request for proposals or request for qualifications.

4533 (3) Offerers shall be accorded fair and equal treatment with
4534 respect to any opportunity for discussions and revisions of
4535 proposals or qualifications. Any discussions that take place
4536 under the provisions of this section shall be recorded and the
4537 recordings shall be made public upon award of the contract. The

4538 chief procurement officer shall establish procedures and schedules
4539 for conducting discussions. If, during discussions, there is a
4540 need for any substantial clarification of or change in the request
4541 for proposals or request for qualifications, the request shall be
4542 amended to incorporate the clarification or change. Auction
4543 techniques, revealing one offerer's price to another, and
4544 disclosure of any information derived from competing proposals is
4545 prohibited. Any substantial oral clarification of a proposal or
4546 qualification shall be reduced to writing by the offerer.

4547 **SECTION 89.** Section 31-7-421, Mississippi Code of 1972, is
4548 brought forward as follows:

4549 31-7-421. **Best and final offers.** The chief procurement
4550 officer shall establish a common date and time for the submission
4551 of best and final offers. Best and final offers shall be
4552 submitted only once; however, the chief procurement officer may
4553 make a written determination that it is in the state's best
4554 interest to conduct additional discussions or change the state's
4555 requirements and require another submission of best and final
4556 offers. Otherwise, no discussion of or changes in the best and
4557 final offers shall be allowed before the award. Offerers shall
4558 also be informed that if they do not submit a notice of withdrawal
4559 or another best and final offer, their immediate previous offer
4560 will be construed as their best and final offer.

4561 **SECTION 90.** Section 31-7-423, Mississippi Code of 1972, is
4562 brought forward as follows:

4563 31-7-423. **Awarding the contract.** (1) After proposals or
4564 qualifications have been evaluated, the evaluation committee shall
4565 prepare a report evaluating and recommending the award of a
4566 contract or contracts. The report shall list the names of all
4567 potential offerers who submitted a proposal or qualification and
4568 shall summarize the proposals or qualifications of each offerer.
4569 The report shall rank offerers in order of evaluation, shall
4570 recommend the selection of an offerer or offerers, as appropriate,
4571 for a contract, shall be clear in the reasons why the offerer or
4572 offerers have been selected among others considered, and shall
4573 detail the terms, conditions, scope of services, fees and other
4574 matters to be incorporated into the contract. The report shall be
4575 available to the public at least forty-eight (48) hours before the
4576 awarding of the contract.

4577 (2) The chief procurement officer shall publish a notice on
4578 the agency's website and the Mississippi procurement portal
4579 summarizing the award of the contract, which shall include, but
4580 not be limited to, the nature, duration and amount of the
4581 contract, the name of the offerer and a statement that the
4582 contract is on file and available for public inspection in the
4583 office of the chief procurement officer.

4584 **SECTION 91.** Section 31-8-1, Mississippi Code of 1972, is
4585 brought forward as follows:

4586 31-8-1. The purpose of this chapter is to provide a method
4587 to enable counties and municipalities to acquire public buildings,

4588 facilities and equipment through the use of rental contracts.
4589 This chapter shall be construed in conformity with such intention
4590 and shall be an alternative to those methods which may be
4591 otherwise provided by law.

4592 **SECTION 92.** Section 31-8-3, Mississippi Code of 1972, is
4593 brought forward as follows:

4594 31-8-3. The counties and municipalities of this state,
4595 acting by and through the governing authorities thereof, are
4596 hereby authorized and empowered to enter into lease agreements
4597 with any corporation, partnership, limited partnership, joint
4598 venture or individual under which the county or municipality may

4612 (k) Machinery and equipment for use in connection with
4613 any of the above, but shall not include office furniture and/or
4614 office machines, provided that the primary term of a lease with
4615 respect to machinery and equipment shall not exceed the estimated
4616 useful economic life of such machinery and equipment, as such
4617 useful economic life is mutually agreed upon by the lessor and
4618 lessee.

4619 Nothing in this section shall be construed to authorize the
4620 acquisition of public school buildings through the use of rental
4621 contracts.

4622 **SECTION 93.** Section 31-8-5, Mississippi Code of 1972, is
4623 brought forward as follows:

4624 31-8-5. All such leases shall contain an option granting to
4625 the county or municipality the right to purchase the leased
4626 property upon the expiration of the primary term, or upon such
4627 earlier date as may be agreed upon, at a price not to exceed the
4628 unpaid principal balance at such time.

4629 **SECTION 94.** Section 31-8-7, Mississippi Code of 1972, is
4630 brought forward as follows:

4631 31-8-7. (1) The counties and municipalities of the state
4632 are authorized to lease publicly owned real property to any
4633 corporation, partnership, limited partnership, joint venture or
4634 individual for the purpose of enabling such person to construct or

4645 granting the sublessee the right to purchase the leased property
4646 upon the expiration of the primary term of the sublease, or upon
4647 such earlier date as may be agreed upon, at a price not to exceed
4648 the unpaid principal balance at such time.

4649 Before entering into any lease agreement pursuant to this
4650 subsection, the board of supervisors or the governing authorities
4651 of the municipality shall follow and be subject to the same
4652 procedures regarding publishing notice, filing protest and holding
4653 an election specified for lease agreements under Section 31-8-11,
4654 except that the notice shall not state that the rental is a
4655 continuing obligation and a charge against the general credit and

4661 provision or rule of law to the contrary, and any such lease

4662 agreement shall be binding upon the county or municipality and any
4663 other party thereto in accordance with its terms. Any such lease
4664 agreement may include, at the discretion of the governing
4665 authorities entering into the same, a pledge of the full faith and
4666 credit of such county or municipality for the payment of its
4667 monetary obligations thereunder; or may contain a provision that
4668 so long as no default of any monetary obligation of the lessee has
4669 occurred, the lessee's obligation to pay any amounts due or

4671 money shall be contingent and expressly limited to the extent of
4672 any specific appropriation made by the governing authorities to
4673 fund such lease agreement, and that nothing contained in the lease
4674 agreement shall be construed as creating any monetary obligation
4675 on the part of the lessee beyond such current and specific
4676 appropriation. Obligations incurred by a county or municipality
4677 under the provisions of this chapter secured by a pledge of its
4678 full faith and credit shall be included within the limitation on
4679 bonded indebtedness established by law for counties and

4690 be located, the term of the proposed lease agreement, that the
4691 obligation to pay rentals during the primary term is to be a
4692 continuing obligation of and a charge against the general credit
4693 and leasing power of the county or municipality, and the date and
4694 hour on or before which such proposals may be received. Such
4695 notice shall be published by municipalities and counties in the
4696 same manner as required for publishing notice of intention to
4697 issue general obligation bonds of the county or municipality, as

4711 competitive sealed proposals once each week for two (2)

4712 consecutive weeks in a regular newspaper published or having a
4713 general circulation in the county or municipality of the governing
4714 authority. The date as published for the proposal opening shall

4721 statute, shall be deemed to be full and complete authority for the
4722 authorization, execution and delivery of lease agreements
4723 authorized hereunder, and shall be construed as an additional and
4724 alternative method therefor, and none of the present restrictions,
4725 requirements, conditions and limitations of law applicable to the
4726 acquisition, construction and drawing of buildings or facilities
4727 in this state shall apply to lease agreements under this chapter,
4728 and no proceedings shall be required for the authorization,

5350 (4) The department may regulate the height, number of
5351 stories and size of public facilities, the percentage of the lot

5354 **SECTION 113.** Section 31-11-35, Mississippi Code of 1972, is
5355 brought forward as follows:

5356 31-11-35. (1) The Department of Finance and Administration

5363 (c) Improve environmental quality in this state by
5364 decreasing the discharge of pollutants from state-funded
5365 buildings;

5366 (d) Conserve energy and utilize local and renewable
5367 energy sources;

5368 (e) Protect and restore this state's natural resources
5369 by avoiding development of inappropriate state-funded building

5381 Administration.

5382 (3) In order to achieve sustainable building standards,
5383 construction projects may utilize a nationally recognized high
5384 performance environmental building rating system; provided,
5385 however, that any such rating system that uses a material or
5386 product-based credit system which is disadvantageous to materials
5387 or products manufactured or produced in Mississippi shall not be
5388 utilized. Additionally, such rating systems shall not exclude
5389 certificate credits for forest products certified by the
5390 Sustainable Forestry Initiative, Forest Stewardship Council or the
5391 American Tree Farm System. The Department of Finance and

5395 professional shall certify that the major facility project's
5396 systems for heating, ventilation, air-conditioning, energy
5397 conservation and water conservation are installed and working
5398 properly to ensure that each major facility project performs
5399 according to the major facility project's overall environmental
5400 design intent and operational objectives.

5401 (5) For purposes of this section, a major facility project
5402 shall mean either:

5403 (a) A state-funded new construction building project
5404 which is:

5419 facility where compliance is cost-effective and practical.

5420 (6) A major facility project shall not mean a building,
5421 regardless of size, which does not have conditioned space as
5422 defined by Standard 90.1 of the American Society of Heating,
5423 Refrigerating, and Air-Conditioning Engineers.

5424 (7) For purposes of this section, a "major facility project"
5425 shall include, but not be limited to, the construction or

5426 renovation of buildings that are financed, in whole or in part,
5427 through the use of a Community Development Block Grant.

5428 **SECTION 114.** Section 25-53-101, Mississippi Code of 1972, is
5429 brought forward as follows:

5430 25-53-101. The Legislature hereby declares it essential to
5431 the creation and maintenance of an efficient, modern, economically
5432 feasible, telecommunications system that there should be full
5433 cooperation and cohesive planning and effort by and between the
5434 several state agencies and that it is the responsibility of the
5435 said Legislature to provide statutory authority therefor. The
5436 Legislature, therefore, declares and determines that the
5437 responsibility for these and other related purposes shall be
5438 vested in the Mississippi Department of Information Technology
5439 Services.

5440 **SECTION 115.** Section 25-53-105, Mississippi Code of 1972, is
5441 brought forward as follows:

5442 25-53-105. The Mississippi Department of Information
5443 Technology Services shall administer the provisions of Sections
5444 25-53-109 through 25-53-125. The purposes and aims of the
5445 Mississippi Department of Information Technology Services in
5446 carrying out said provisions shall be to coordinate and promote
5447 efficiency in the acquisition, operation and maintenance of all
5448 telecommunications systems and networks being used by agencies of
5449 the state and further to coordinate the compatibility of systems
5450 and networks to the state with those of governing authorities so

5451 as to promote a uniform, compatible telecommunications system for
5452 agencies and governing authorities.

5453 **SECTION 116.** Section 25-53-107, Mississippi Code of 1972, is
5454 brought forward as follows:

5455 25-53-107. (1) The Mississippi Department of Information
5456 Technology Services shall promulgate rules and regulations
5457 governing the manner in which the authority and duties prescribed
5458 by Sections 25-53-101 through 25-53-125 shall be carried out. It

5460 purposes, under rules promulgated by the State Personnel Board.

5461 (2) The bureau, during a fiscal year, may utilize
5462 time-limited escalated positions in order to implement
5463 telecommunications enterprise decisions that yield cost avoidance,
5464 cost reductions or revenue increases and so long as the
5465 Mississippi Department of Information Technology Services can
5466 provide the necessary funds without such action causing a
5467 telephone service rate increase to agency customers. Such
5468 employees of the bureau shall be considered nonstate service
5469 employees, shall be highly qualified telecommunications
5470 professionals and may be compensated at a rate comparable to the
5471 prevailing rate of telecommunications personnel in the private
5472 sector. Such compensation rates shall be determined by the State
5473 Personnel Director. The number of such positions shall be set by
5474 annual appropriation legislation. The compensation and
5475 classification of such positions and qualifications of employees

5476 shall be set by the State Personnel Board upon recommendation by

5478 Information Technology Services. Nonstate service positions can
5479 be recommended for conversion to permanent state service on a case
5480 by case basis if the supported function appears long-term in
5481 duration, if accomplished in accordance with State Personnel Board
5482 procedures, and if properly identified in the state budgetary
5483 process.

5484 **SECTION 117.** Section 25-53-109, Mississippi Code of 1972, is
5485 brought forward as follows:

5486 25-53-109. The bureau is hereby authorized and empowered to
5487 exercise such duties and powers necessary to effectuate the
5488 purposes of Sections 25-53-101 through 25-53-125 including the
5489 following:

5490 (a) Form an advisory council made up of persons with
5491 expertise, and experience in the field of telecommunications for

5493 policies and to oversee and assist in the procurement activities
5494 regarding telecommunications equipment and services;

5495 (b) Provide more effective management of state
5496 telecommunications resources and implement long-range plans and
5497 procurement;

5498 (c) Manage, plan and coordinate all telecommunications
5499 systems under the jurisdiction of the state. This centralized

5500 management function would be provided throughout the following
5501 activities:

5520 ownership or commercial leasing, all telecommunications systems
5521 and services affecting the management and operations of the state.

5522 (b) To act as the sole centralized customer for the
5523 acquisition, billing and record keeping of all telecommunications

5524 systems or services provided to state agencies whether obtained
5525 through lease or purchase.

5526 (c) To charge respective user agencies for their
5527 proportionate cost of the installation, maintenance and operation
5528 of the telecommunications systems and services, including the
5529 operation of the bureau.

5543 would affect an agency authorized to receive information from the
5544 National Crime Information Center of the Federal Bureau of
5545 Investigation, such plans for cooperative utilization shall first
5546 be approved by the National Crime Information Center before
5547 implementation of such telecommunications systems or service can
5548 proceed.

5549 (g) To review, coordinate, approve or disapprove all
5550 requests by state agencies for the procurement, through purchase
5551 or contract for lease of telecommunications systems or services
5552 including telecommunication proposals, studies and consultation
5553 contracts and intra-LATA and inter-LATA transmission channels.

5554 (h) To establish and define telecommunications systems
5555 and services specifications and designs so as to assure
5556 compatibility of telecommunications systems and services within
5557 state government and governing authorities.

5558 (i) To provide a continuous, comprehensive analysis and
5559 inventory of telecommunications costs, facilities and systems

5573 telecommunications systems, and to base such policies on current

5574 information about state telecommunications activities in relation
5575 to the full range of emerging technologies.

5576 Any state agency requesting an increase in expenditure of
5577 funds for new telecommunications equipment systems or services
5578 shall submit to the Legislative Budget Office with its budget
5579 request preceding the fiscal year for which funding is requested
5580 detailed justification for such request. The justification shall
5581 be provided on forms developed by the bureau in accordance with

5593 purchase or in any way own or pay for the operation of any
5594 telecommunications system out of any funds available for the use

5610 responsibility for defining the specific telecommunications
5611 equipment, systems and related services to which the provisions of
5612 Sections 25-53-101 through 25-53-125 shall be applicable.

5626 an equipment support contract with a vendor of telecommunications
5627 equipment or services for the purchase or lease of such equipment
5628 or services in accordance with the following provisions:

5629 (a) Specifications for equipment support contracts
5630 shall be developed in advance and shall conform to the following
5631 requirements:

5632 (i) Specifications for equipment support contracts
5633 shall cover a specific class or classes of equipment and service
5634 and may include all features associated with that class or

5748 fourteen (14) days prior to receiving sealed bids therefor. The
5749 authority may reserve the right to reject any or all bids, and if
5750 all bids are rejected, the authority may negotiate a contract
5751 within the limitations of the specifications so long as the terms
5752 of any such negotiated contract are equal to or better than the
5753 comparable terms submitted by the lowest and best bidder, and so
5754 long as the total cost to the State of Mississippi does not exceed
5755 the lowest bid. If the authority accepts one (1) of such bids, it
5756 shall be that which is the lowest and best.

5757 (2) When applicable, the bureau may procure equipment,

8685 within or without the state; mature absolutely at such time or
8686 times; be redeemable before maturity at such time or times and
8687 upon such terms, with or without premium; bear such registration
8688 privileges; and be substantially in such form; all as shall be
8689 determined by resolution of the State Bond Commission except that
8690 such bonds shall mature or otherwise be retired in annual
8691 installments beginning not more than five (5) years from the date
8692 thereof and extending not more than twenty-five (25) years from
8693 the date thereof. The bonds shall be signed by the Chairman of
8694 the State Bond Commission, or by his facsimile signature, and the
8695 official seal of the State Bond Commission shall be imprinted on
8696 or affixed thereto, attested by the manual or facsimile signature
8697 of the Secretary of the State Bond Commission. Whenever any such
8698 bonds have been signed by the officials herein designated to sign
8699 the bonds, who were in office at the time of such signing but who
8700 may have ceased to be such officers before the sale and delivery
8701 of such bonds, or who may not have been in office on the date such
8702 bonds may bear, the signatures of such officers upon such bonds
8703 shall nevertheless be valid and sufficient for all purposes and
8704 have the same effect as if the person so officially signing such
8705 bonds had remained in office until the delivery of the same to the
8706 purchaser, or had been in office on the date such bonds may bear.

8707 (6) All bonds issued under the provisions of this section
8708 shall be and are hereby declared to have all the qualities and

8709 incidents of negotiable instruments under the provisions of the
8710 Uniform Commercial Code and in exercising the powers granted by
8711 this chapter, the State Bond Commission shall not be required to
8712 and need not comply with the provisions of the Uniform Commercial
8713 Code.

8714 (7) The State Bond Commission shall act as issuing agent for
8715 the bonds, prescribe the form of the bonds, advertise for and
8716 accept bids, issue and sell the bonds on sealed bids at public
8717 sale, pay all fees and costs incurred in such issuance and sale,
8718 and do any and all other things necessary and advisable in
8719 connection with the issuance and sale of the bonds. The State
8720 Bond Commission may sell such bonds on sealed bids at public sale
8721 for such price as it may determine to be for the best interest of
8722 the State of Mississippi, but no such sale shall be made at a
8723 price less than par plus accrued interest to date of delivery of
8724 the bonds to the purchaser. The bonds shall bear interest at such
8725 rate or rates not exceeding the limits set forth in Section
8726 75-17-101 as shall be fixed by the State Bond Commission. All
8727 interest accruing on such bonds so issued shall be payable
8728 semiannually or annually; provided that the first interest payment
8729 may be for any period of not more than one (1) year.

8730 Notice of the sale of any bonds shall be published at least
8731 one time, the first of which shall be made not less than ten (10)
8732 days prior to the date of sale, and shall be so published in one

8733 or more newspapers having a general circulation in the City of
8734 Jackson, Mississippi, selected by the State Bond Commission.

8735 The State Bond Commission, when issuing any bonds under the
8736 authority of this section, may provide that the bonds, at the
8737 option of the state, may be called in for payment and redemption
8738 at the call price named therein and accrued interest on such date
8739 or dates named therein.

8740 (8) State bonds issued under the provisions of this section
8741 shall be the general obligations of the state and backed by the
8742 full faith and credit of the state. The Legislature shall
8743 appropriate annually an amount sufficient to pay the principal of
8744 and the interest on such bonds as they become due. All bonds
8745 shall contain recitals on their faces substantially covering the
8746 foregoing provisions of this section.

8747 (9) The State Treasurer is authorized to certify to the
8748 Department of Finance and Administration the necessity for
8749 warrants, and the Department of Finance and Administration is
8750 authorized and directed to issue such warrants payable out of any
8751 funds appropriated by the Legislature under this section for such
8752 purpose, in such amounts as may be necessary to pay when due the
8753 principal of and interest on all bonds issued under the provisions
8754 of this section. The State Treasurer shall forward the necessary
8755 amount to the designated place or places of payment of such bonds
8756 in ample time to discharge such bonds, or the interest thereon, on
8757 the due dates thereof.

8758 (10) The bonds may be issued without any other proceedings
8759 or the happening of any other conditions or things other than
8760 those proceedings, conditions and things which are specified or
8761 required by this chapter. Any resolution providing for the
8762 issuance of general obligation bonds under the provisions of this
8763 section shall become effective immediately upon its adoption by
8764 the State Bond Commission, and any such resolution may be adopted
8765 at any regular or special meeting of the State Bond Commission by
8766 a majority of its members.

8767 (11) In anticipation of the issuance of bonds hereunder, the
8768 State Bond Commission is authorized to negotiate and enter into
8769 any purchase, loan, credit or other agreement with any bank, trust
8770 company or other lending institution or to issue and sell interim
8771 notes for the purpose of making any payments authorized under this
8772 section. All borrowings made under this provision shall be
8773 evidenced by notes of the state which shall be issued from time to
8774 time, for such amounts not exceeding the amount of bonds
8775 authorized herein, in such form and in such denomination and
8776 subject to such terms and conditions of sale and issuance,
8777 prepayment or redemption and maturity, rate or rates of interest
8778 not to exceed the maximum rate authorized herein for bonds, and
8779 time of payment of interest as the State Bond Commission shall
8780 agree to in such agreement. Such notes shall constitute general
8781 obligations of the state and shall be backed by the full faith and
8782 credit of the state. Such notes may also be issued for the

8783 purpose of refunding previously issued notes. No note shall
8784 mature more than three (3) years following the date of its
8785 issuance. The State Bond Commission is authorized to provide for
8786 the compensation of any purchaser of the notes by payment of a
8787 fixed fee or commission and for all other costs and expenses of
8788 issuance and service, including paying agent costs. Such costs
8789 and expenses may be paid from the proceeds of the notes.

8790 (12) The bonds and interim notes authorized under the
8791 authority of this section may be validated in the Chancery Court
8792 of the First Judicial District of Hinds County, Mississippi, in
8793 the manner and with the force and effect provided now or hereafter
8794 by Chapter 13, Title 31, Mississippi Code of 1972, for the
8795 validation of county, municipal, school district and other bonds.
8796 The necessary papers for such validation proceedings shall be
8797 transmitted to the State Bond Attorney, and the required notice
8798 shall be published in a newspaper published in the City of
8799 Jackson, Mississippi.

8800 (13) Any bonds or interim notes issued under the provisions
8801 of this chapter, a transaction relating to the sale or securing of
8802 such bonds or interim notes, their transfer and the income
8803 therefrom shall at all times be free from taxation by the state or
8804 any local unit or political subdivision or other instrumentality
8805 of the state, excepting inheritance and gift taxes.

8806 (14) All bonds issued under this chapter shall be legal
8807 investments for trustees, other fiduciaries, savings banks, trust

8808 companies and insurance companies organized under the laws of the
8809 State of Mississippi; and such bonds shall be legal securities
8810 which may be deposited with and shall be received by all public
8811 officers and bodies of the state and all municipalities and other
8812 political subdivisions thereof for the purpose of securing the
8813 deposit of public funds.

8814 (15) The Attorney General of the State of Mississippi shall
8815 represent the State Bond Commission in issuing, selling and
8816 validating bonds herein provided for, and the Bond Commission is
8817 hereby authorized and empowered to expend from the proceeds
8818 derived from the sale of the bonds authorized hereunder all
8819 necessary administrative, legal and other expenses incidental and
8820 related to the issuance of bonds authorized under this chapter.

8821 (16) There is hereby created a special fund in the State
8822 Treasury to be known as the Mississippi Major Economic Impact
8823 Authority Fund wherein shall be deposited the proceeds of the
8824 bonds issued under this chapter and all monies received by the
8825 authority to carry out the purposes of this chapter. Expenditures
8826 authorized herein shall be paid by the State Treasurer upon
8827 warrants drawn from the fund, and the Department of Finance and
8828 Administration shall issue warrants upon requisitions signed by
8829 the director of the authority.

8830 (17) (a) There is hereby created the Mississippi Economic
8831 Impact Authority Sinking Fund from which the principal of and
8832 interest on such bonds shall be paid by appropriation. All monies

8833 paid into the sinking fund not appropriated to pay accruing bonds
8834 and interest shall be invested by the State Treasurer in such
8835 securities as are provided by law for the investment of the
8836 sinking funds of the state.

8837 (b) In the event that all or any part of the bonds and
8838 notes are purchased, they shall be cancelled and returned to the
8839 loan and transfer agent as cancelled and paid bonds and notes and
8840 thereafter all payments of interest thereon shall cease and the
8841 cancelled bonds, notes and coupons, together with any other
8842 cancelled bonds, notes and coupons, shall be destroyed as promptly
8843 as possible after cancellation but not later than two (2) years
8844 after cancellation. A certificate evidencing the destruction of
8845 the cancelled bonds, notes and coupons shall be provided by the
8846 loan and transfer agent to the seller.

8847 (c) The State Treasurer shall determine and report to
8848 the Department of Finance and Administration and Legislative
8849 Budget Office by September 1 of each year the amount of money
8850 necessary for the payment of the principal of and interest on
8851 outstanding obligations for the following fiscal year and the
8852 times and amounts of the payments. It shall be the duty of the
8853 Governor to include in every executive budget submitted to the
8854 Legislature full information relating to the issuance of bonds and
8855 notes under the provisions of this chapter and the status of the
8856 sinking fund for the payment of the principal of and interest on
8857 the bonds and notes.

8858 (d) Any monies repaid to the state from loans
8859 authorized in Section 57-75-11(hh) shall be deposited into the
8860 Mississippi Major Economic Impact Authority Sinking Fund unless
8861 the State Bond Commission, at the request of the authority, shall
8862 determine that such loan repayments are needed to provide
8863 additional loans as authorized under Section 57-75-11(hh). For
8864 purposes of providing additional loans, there is hereby created
8865 the Mississippi Major Economic Impact Authority Revolving Loan
8866 Fund and loan repayments shall be deposited into the fund. The
8867 fund shall be maintained for such period as determined by the
8868 State Bond Commission for the sole purpose of making additional
8869 loans as authorized by Section 57-75-11(hh). Unexpended amounts
8870 remaining in the fund at the end of a fiscal year shall not lapse
8871 into the State General Fund and any interest earned on amounts in
8872 such fund shall be deposited to the credit of the fund.

8873 (e) Any monies repaid to the state from loans
8874 authorized in Section 57-75-11(ii) shall be deposited into the
8875 Mississippi Major Economic Impact Authority Sinking Fund.

8876 (f) Any monies repaid to the state from loans, grants
8877 and other funds authorized in Section 57-75-11(jj), Section
8878 57-75-11 (vv), Section 57-75-11 (xx), Section 57-75-11 (zz) and
8879 Section 57-75-11 (aaa) shall be deposited into the Mississippi
8880 Major Economic Impact Authority Sinking Fund. However:

8881 (i) Monies paid to the state from a county in
8882 which a project as defined in Section 57-75-5(f)(xxxii) is located

8883 and which is paid pursuant to any agreement under Section
8884 57-75-37(6)(c)(iii) shall, after being received from the county
8885 and properly accounted for, be deposited into the State General
8886 Fund; and

8887 (ii) Monies paid to the state from a county and/or
8888 municipality in which a project as defined in Section
8889 57-75-5(f)(xxxiii) is located and which is paid pursuant to any
8890 agreement under Section 57-75-37(7)(c)(iii) shall, after being
8891 received from the county and/or municipality and properly
8892 accounted for, be deposited into the State General Fund.

8893 (18) (a) Upon receipt of a declaration by the authority
8894 that it has determined that the state is a potential site for a
8895 project, the State Bond Commission is authorized and directed to
8896 authorize the State Treasurer to borrow money from any special
8897 fund in the State Treasury not otherwise appropriated to be
8898 utilized by the authority for the purposes provided for in this
8899 subsection.

8900 (b) The proceeds of the money borrowed under this
8901 subsection may be utilized by the authority for the purpose of
8902 defraying all or a portion of the costs incurred by the authority
8903 with respect to acquisition options and planning, design and
8904 environmental impact studies with respect to a project defined in
8905 Section 57-75-5(f)(xi) or Section 57-75-5(f)(xxix). The authority
8906 may escalate its budget and expend the proceeds of the money
8907 borrowed under this subsection in accordance with rules and

8908 regulations of the Department of Finance and Administration in a
8909 manner consistent with the escalation of federal funds.

8910 (c) The authority shall request an appropriation or
8911 additional authority to issue general obligation bonds to repay
8912 the borrowed funds and establish a date for the repayment of the
8913 funds so borrowed.

8914 (d) Borrowings made under the provisions of this
8915 subsection shall not exceed Five Hundred Thousand Dollars
8916 (\$500,000.00) at any one time.

8917 **SECTION 143.** Section 57-75-17, Mississippi Code of 1972, is
8918 brought forward as follows:

8919 57-75-17. (1) For the purpose of aiding in the planning,
8920 design, undertaking and carrying out of the project or any
8921 facility related to the project, any public agency is authorized
8922 and empowered upon such terms, with or without consideration, as
8923 it may determine:

8924 (a) To enter into agreements, which may extend over any
8925 period, with the authority respecting action to be taken by such
8926 public agency with respect to the acquisition, planning,
8927 construction, improvement, operation, maintenance or funding of
8928 the project or any such facility, and which agreements may
8929 include:

8930 (i) The appropriation or payment of funds to the
8931 authority or to a trustee in amounts which shall be sufficient to
8932 enable the authority to defray any designated portion or

8933 percentage of the expenses of administering, planning, designing,
8934 constructing, acquiring, improving, operating, and maintaining the
8935 project or any facility related to the project,

8936 (ii) The appropriation or payment of funds to the
8937 authority or to a trustee to pay interest and principal (whether
8938 at maturity or upon sinking fund redemption) on bonds of the
8939 authority issued pursuant to this act and to fund reserves for
8940 debt service, for operation and maintenance and for renewals and
8941 replacements, and to fulfill requirements of any covenant with
8942 respect to debt service contained in any resolution, trust
8943 indenture or other security agreement relating to the bonds of the
8944 authority issued pursuant to this act,

8945 (iii) The furnishing of other assistance in
8946 connection with the project or facility related to the project,
8947 and

8948 (iv) The borrowing of money from the authority in
8949 connection with a project defined in Section 57-75-5(f)(ii);

8950 (b) To dedicate, sell, donate, convey or lease any
8951 property or interest in property to the authority or grant
8952 easements, licenses or other rights or privileges therein to the
8953 authority;

8954 (c) To incur the expense of any public improvements
8955 made or to be made by such public agency in exercising the powers
8956 granted in this section;

8957 (d) To lend, grant or contribute funds to the
8958 authority;

8959 (e) To cause public buildings and public facilities,
8960 including parks, playgrounds, recreational areas, community
8961 meeting facilities, water, sewer or drainage facilities, or any
8962 other works which it is otherwise empowered to undertake, to be
8963 furnished to or with respect to the project or any such facility;

8964 (f) To furnish, dedicate, close, vacate, pave, install,
8965 upgrade or improve highways, streets, roads, sidewalks, airports,
8966 railroads, or ports;

8967 (g) To plan or replan, zone or rezone any parcel of
8968 land within the public agency or make exceptions from land use,
8969 building and zoning regulations;

8970 (h) To cause administrative and other services to be
8971 furnished to the authority, including services pertaining to the
8972 acquisition of real property and the furnishing of relocation
8973 assistance; and

8974 (i) To loan to the owner, lessee or operator of any
8975 project defined in Section 57-75-5(f)(ii) the proceeds of any loan
8976 from the authority to the public entity under the provisions of
8977 this act.

8978 (2) Any contract between a public agency entered into with
8979 the authority pursuant to any of the powers granted by this act
8980 shall be binding upon said public agency according to its terms,
8981 and such public agency shall have the power to enter into such

8982 contracts as in the discretion of the governing authorities
8983 thereof would be to the best interest of the people of such public
8984 agency. Such contracts may include within the discretion of such
8985 governing authorities of public agencies defined under Section
8986 57-75-5(h) (ii) a pledge of the full faith and credit of such
8987 public agency or any other lawfully available funds for the
8988 performance thereof. If at any time title to or possession of the
8989 project or any such facility is held by any public body or
8990 governmental agency other than the authority, including any agency
8991 or instrumentality of the United States of America, the agreements
8992 referred to in this section shall inure to the benefit of and may
8993 be enforced by such public body or governmental agency.

8994 (3) Notwithstanding any provisions of this act to the
8995 contrary, any contract entered into between the authority and any
8996 public agency for the appropriation or payment of funds to the
8997 authority under item (a) (ii) or (a) (iv) of this section shall
8998 contain a provision therein requiring periodic payments by the
8999 public agency as required by the authority to pay its indebtedness
9000 and, if the public agency is not a county or municipality, such
9001 contract shall include as an additional party to the contract the
9002 county or municipality (referred to in this paragraph as "levying
9003 authority") that levies and collects taxes for the contracting
9004 public agency. If the public agency fails to pay its indebtedness
9005 for any month, the authority shall certify to the Department of
9006 Revenue, or other appropriate agency, the amount of the

9007 delinquency, and the Department of Revenue shall deduct such
9008 amount from the public agency's or levying authority's, as the
9009 case may be, next allocation of sales taxes, petroleum taxes,
9010 highway privilege taxes, severance taxes, Tennessee Valley
9011 Authority payments in lieu of taxes and homestead exemption
9012 reimbursements in that order of priority. The Department of
9013 Revenue, or other appropriate agency, shall pay the sums so
9014 deducted to the authority to be applied to the discharge of the
9015 contractual obligation.

9016 (4) Notwithstanding any provision of this act to the
9017 contrary, all loans made pursuant to Section 57-75-11(hh) and this
9018 section shall be for a term not to exceed twenty (20) years as may
9019 be determined by the authority, shall bear interest at such rates
9020 as may be determined by the authority, shall, in the sole
9021 discretion of the authority, be secured in an amount and a manner
9022 as may be determined by the authority.

9023 (5) (a) Before authorizing any loan to a public agency
9024 defined in Section 57-75-5(h)(ii), a local governmental unit, the
9025 governing authority of such local governmental unit in connection
9026 with a project defined in Section 57-75-5(f)(ii), shall adopt a
9027 resolution declaring its intention so to do, stating the amount of
9028 the loan proposed to be authorized and the purpose for which the
9029 loan is to be authorized, and the date upon which the loan will be
9030 authorized. Such resolution shall be published once a week for at
9031 least three (3) consecutive weeks in at least one (1) newspaper

9032 published in such local governmental unit. The first publication
9033 of such resolution shall be made not less than twenty-one (21)
9034 days before the date fixed in such resolution for the
9035 authorization of the loan and the last publication shall be made
9036 not more than seven (7) days before such date. If no newspaper is
9037 published in such local governmental unit, then such notice shall
9038 be given by publishing the resolution for the required time in
9039 some newspaper having a general circulation in such local
9040 governmental unit and, in addition, by posting a copy of such
9041 resolution for at least twenty-one (21) days next preceding the
9042 date fixed therein at three (3) public places in such local
9043 governmental unit. If fifteen percent (15%) of the qualified
9044 electors of the local governmental unit or fifteen hundred (1500),
9045 whichever is the lesser, file a written protest against the
9046 authorization of such loan on or before the date specified in such
9047 resolution, then an election on the question of the authorization
9048 of such loan shall be called and held as otherwise provided for in
9049 connection with the issuance of general obligation indebtedness of
9050 such local governmental unit. Notice of such election shall be
9051 given as otherwise required in connection with the issuance of
9052 general obligation indebtedness of such local governmental unit.
9053 If three-fifths (3/5) of the qualified electors voting in the
9054 election vote in favor of authorizing the loan, then the governing
9055 authority of the local governmental unit shall proceed with the
9056 loan; however, if less than three-fifths (3/5) of the qualified

9057 electors voting in the election vote in favor of authorizing the
9058 loan, then the loan shall not be incurred. If no protest be
9059 filed, then such loan may be entered into by the local
9060 governmental unit without an election on the question of the
9061 authorization of such loan, at any time within a period of two (2)
9062 years after the date specified in the resolution. However, the
9063 governing authority of any local governmental unit, in its
9064 discretion, may nevertheless call an election on such question, in
9065 which event it shall not be necessary to publish the resolution
9066 declaring its intention to authorize such loan as provided in this
9067 subsection.

9068 (b) Local governmental units may, in connection with
9069 any such loan, enter into any covenants and agreements with
9070 respect to such local governmental unit's operations, revenues,
9071 assets, monies, funds or property, or such loan, as may be
9072 prescribed by the authority.

9073 (c) Upon the making of any such loan by the authority
9074 to any local governmental unit, such local governmental unit shall
9075 be held and be deemed to have agreed that if such governmental
9076 unit fails to pay the principal of, premium, if any, and interest
9077 on any such loan as when due and payable, such governmental unit
9078 shall have waived any and all defenses to such nonpayment, and the
9079 authority, upon such nonpayment, shall thereupon avail itself of
9080 all remedies, rights and provisions of law applicable in such
9081 circumstance, including without limitation any remedies or rights

9082 theretofore agreed to by the local governmental unit, and that
9083 such loan shall for all of the purposes of this section, be held
9084 and be deemed to have become due and payable and to be unpaid.
9085 The authority may carry out the provisions of this section and
9086 exercise all of the rights and other applicable laws of this
9087 state.

9088 (d) This section shall be deemed to provide an
9089 additional, alternative and complete method for the doing of the
9090 things authorized by this section and shall be deemed and
9091 construed to be supplemental to any power conferred by other laws
9092 on public agencies and not in derogation of any such powers. Any
9093 obligation incurred pursuant to the provisions of this section
9094 shall not constitute an indebtedness of the public agency within
9095 the meaning of any constitutional or statutory limitation or
9096 restriction. For purposes of this act, a public agency shall not
9097 be required to comply with the provisions of any other law except
9098 as provided in this section.

9099 (6) Any public agency providing any utility service or
9100 services, to any project defined in Section 57-75-5(f)(iv)1 may
9101 enter into leases or subleases for any period of time not to
9102 exceed thirty (30) years, in the capacity as lessor or lessee or
9103 sublessor or sublessee of lands alone, or lands and facilities
9104 located thereon, whether the facilities are owned by the owner of
9105 the land, a lessee, sublessee or a third party, and whether the
9106 public agency is a lessor, lessee or owner of the land. Any such

9107 public agency may also enter into operating agreements and/or
9108 lease-purchase agreements with respect to land or utility
9109 facilities as owner, operator, lessor or lessee for any period of
9110 time not to exceed thirty (30) years. Any such public agency may
9111 also enter into contracts for the provision of utilities for any
9112 period of time not to exceed thirty (30) years and may set a
9113 special rate structure for such utilities.

9114 (7) (a) No well shall be permitted by any public agency
9115 responsible for the conservation of oil and gas in the State of

10105 The Department of Finance and Administration shall accept the

10138 from the bridge properties themselves and the revenues received
10139 from the lease of such properties to private or public utilities.
10140 In connection with operating the affairs of the said bridge and
10141 maintaining the same, said commission is vested with the following
10142 powers and authority, subject to the veto power or approval of the
10143 governing body owning the said bridge, viz: (1) Contracts and
10144 purchases shall be made on the same basis and under the same

10154 of persons employed in an election year shall not exceed the
10155 average number employed during the preceding three (3) years,

10166 municipality may be invested, said assets to be subject to bear
10167 and discharge the liabilities of the said bridge and not to be
10168 utilized for any other or different purpose until a period of at
10169 least five (5) years following the freeing of the said bridge from
10170 tolls (unless sooner there be another free bridge constructed and
10171 opened to public travel crossing said Mississippi River located
10172 not more than one (1) mile from said bridge, in which event that
10173 factor, rather than the five-year time limit, shall be
10174 determinative), and then not until a determination is made by the
10175 board or governing authority that such funds, to the extent

10176 amassed, will not be further needed for operational maintenance
10177 purposes; and that said audits thus caused to be made shall be
10178 done by a certified public accountant or accountants duly
10179 qualified under the laws of this state; (4) that, without in
10180 anywise sacrificing or waiving the entire exempt status of the
10181 said bridge properties from ad valorem taxation, to pay a sum or
10182 sums in lieu of ad valorem taxes which, by agreement with the
10183 taxing authorities of this or any neighboring state, will in no
10184 event exceed in any year a sum equaling more than one-half ($\frac{1}{2}$) of
10185 the average amount paid per year by way of such taxes or in lieu
10186 thereof over the five-year period preceding June 15, 1966; (5)

10188 assistance as may be deemed necessary, and to pay reasonable
10189 compensation for such services; (6) to have and exercise any other
10190 authority and right conferred by existing laws, state or federal,
10191 applicable to the operation of such bridge; and (7) fulfill the
10192 requirements of any outstanding lease contracts to the extent that
10193 the bridge properties will permit and the revenues to be derived
10194 from such leases will allow, but without incurring any pecuniary
10195 liability on the part of the governing authorities or taxpayers
10196 generally.

10205 **SECTION 156.** Section 47-5-357, Mississippi Code of 1972, is
10206 brought forward as follows:

10207 47-5-357. (1) (a) Due to the unique and time sensitive

10213 and effective management of the prison agricultural enterprises.

10214 (b) Due to the unique and time sensitive requirements

10217 Administration and the department shall establish a prudent
10218 leasing policy which may exempt from bid requirements agricultural
10219 equipment which is needed for the efficient and effective
10220 management of the prison agricultural enterprises.

10221 (2) The Department of Finance and Administration shall, by

10236 or mechanical contractor, who is licensed by another municipality
10237 or county of this state without imposing any further competency
10238 examination requirements provided:

10239 (a) That the contractor furnishes evidence that he has
10240 a license issued on the basis of a competency examination
10241 administered in one (1) municipality or county of the State of
10242 Mississippi which has an examining board that regularly gives a
10243 written examination which has been approved by the State Board of
10244 Public Contractors or the Building Officials Association of
10245 Mississippi;

10246 (b) That he furnishes evidence that he actually took
10247 and passed the written examination which qualified him for such
10248 license; however, in lieu thereof, he may furnish evidence that
10249 he was issued a license prior to May 1, 1972, and prior to the

10250 existence of a written examination by a county or municipality
10251 which has an examining board that requires written examination to

10259 a current certificate of responsibility issued by the State Board
10260 of Public Contractors, in which case no license fee shall be
10261 collected.

10262 (2) (a) Any contractor who operates more than one (1)
10263 separate place of business within the state must obtain the
10264 appropriate privilege license and pay the privilege license fee
10265 for each location if required by the local jurisdiction.

10266 (b) Every jurisdiction in which a contractor does
10267 business may impose its own separate bonding requirements on the
10268 contractor desiring to do business there.

10269 **SECTION 159.** Section 45-1-39, Mississippi Code of 1972, is
10270 brought forward as follows:

10271 **45-1-39.** (1) For the purposes of this section, the
10272 following words and phrases shall have the following meanings
10273 unless the context clearly indicates otherwise:

10274 (a) "Project" means the project for construction of
10275 interior elements at the new Department of Public Safety building
10276 in Pearl, Mississippi.

10277 (b) "Bureau" means the Bureau of Building, Ground, and
10278 Real Property Management.

10279 (c) "Contract" means the contract for the project which
10280 shall be awarded under the construction-manager-at-risk
10281 methodology as otherwise provided for herein.

10282 (d) "Standards" means the American Institute of
10283 Architects (AIA) A133-2019 Owner/Construction Manager as
10284 Constructor Agreement-Cost of the Work Plus Fee with GMP, the AIA
10285 A133-2019 Exhibit A: GMP Amendment, and the AIA A133-2019 Exhibit
10286 B: Insurance and Bonds, with such revisions, qualifications, and
10287 assumptions as the bureau and the construction manager deem
10288 appropriate due to market conditions and the overall nature of the
10289 project.

10290 (2) The Legislature finds that the size and nature of the
10291 project require the use of the construction-manager-at-risk
10292 methodology and that the resulting opportunities for savings in
10293 construction time and cost justify the direct negotiation of the
10294 contract between the bureau and a construction manager. The bureau
10295 shall negotiate and execute the contract based on the standards.

10296 (3) The project and the contract are hereby exempt from the
10297 public purchasing requirements of Sections 31-7-13 and 31-7-13.2.

10298 **SECTION 160.** Section 47-5-64, Mississippi Code of 1972, is

10301 determine the number of acres and location of land under the
10302 department's jurisdiction that are needed for security purposes,
10303 for Prison Agricultural Enterprises and for nonagricultural
10304 purposes. The commissioner shall designate and reserve such
10305 additional land for agricultural or nonagricultural enterprise
10306 projects of the department, as he deems necessary. The
10307 commissioner shall then recommend to the Department of Finance and
10308 Administration the number of acres of department land that should
10309 be leased to private entities and the term of the leases.

10310 (2) The Department of Finance and Administration is
10311 authorized to lease for agricultural purposes that Penitentiary
10312 land so recommended for not less than three (3) nor more than
10313 eight (8) years, with the approval of the Public Procurement
10314 Review Board.

10315 (3) The Department of Finance and Administration, with the
10316 approval of the Governor, the Secretary of State and the
10317 Commissioner of the Department of Corrections, is authorized to
10318 lease Penitentiary land for power generation projects or other
10319 commercial or industrial projects at the same time that it leases
10320 the land as prescribed in subsection (2) of this section. The
10321 Department of Finance and Administration is authorized to

10322 negotiate all aspects of leases or related agreements executed
10323 under this subsection consistent with the following:

10324 (a) The period of the lease term combined with the term
10325 of renewal shall not exceed forty (40) years.

10326 (b) Any lease or renewal lease shall:

10327 (i) Provide for periodic rent adjustments
10328 throughout the term of the lease; and

10329 (ii) Require the lessee to provide a
10330 decommissioning and restoration bond or other security securing
10331 the lessee's obligation to remove all aboveground and underground
10332 facilities to a depth of at least three (3) feet underground and
10333 to restore the surface to a condition similar to its condition
10334 before the commencement of the lease.

10335 (c) Any lease or renewal lease may provide for any
10336 combination of the following: base rent, bonuses, percentage of
10337 income payments, royalty payments or other terms and conditions
10338 that the Department of Finance and Administration deems necessary
10339 to maintain a fair and equitable return to the state and to
10340 protect the leased land throughout the term of the lease or
10341 renewal lease.

10342 (d) Oil, gas and mineral rights in the leased land
10343 shall be reserved to the State of Mississippi.

10344 (e) This subsection does not authorize the sale or
10345 transfer of title to any state lands.

10346 (f) The Department of Finance and Administration may
10347 charge fees and expenses, not to exceed costs, incurred in
10348 administering this subsection.

10349 (g) Any monies derived from leasing lands under this
10350 subsection shall be deposited to the Prison Agricultural
10351 Enterprise Fund as provided in Section 47-5-66.

10352 **SECTION 161.** Section 47-5-66, Mississippi Code of 1972, is
10353 brought forward as follows:

10354 47-5-66. (1) Except as provided in Section 47-5-64(3), it
10355 shall be the duty of the Department of Finance and Administration,
10356 with the approval of the Public Procurement Review Board, to lease
10357 lands at public contract upon the submission of two (2) or more
10358 sealed bids to the Department of Finance and Administration after
10359 having advertised the land for rent in newspapers of general
10360 circulation published in Jackson, Mississippi; Memphis, Tennessee;
10361 the county in which the land is located; and contiguous counties
10362 for a period of not less than two (2) successive weeks. The first
10363 publication shall be made not less than ten (10) days before the
10364 date of the public contract, and the last publication shall be
10365 made not more than seven (7) days before that date. The
10366 Department of Finance and Administration may reject any and all
10367 bids. If all bids on a tract or parcel of land are rejected, the
10368 Department of Finance and Administration may then advertise for
10369 new bids on that tract or parcel of land. Successful bidders
10370 shall take possession of their leaseholds at the time authorized

10371 by the Department of Finance and Administration. However, rent
10372 shall be due no later than the day upon which the lessee shall
10373 assume possession of the leasehold, and shall be due on the
10374 anniversary date for each following year of the lease. The
10375 Department of Finance and Administration may provide in any lease
10376 that rent shall be paid in full in advance or paid in
10377 installments, as may be necessary or appropriate. In addition,
10378 the Department of Finance and Administration may accept, and the
10379 lease may provide for, assignments of federal, state or other
10380 agricultural support payments, growing crops or the proceeds from
10381 the sale thereof, promissory notes, or any other good and valuable
10382 consideration offered by any lessee to meet the rent requirements
10383 of the lease. If a promissory note is offered by a lessee, it
10384 shall be secured by a first lien on the crop of the lessee, or the
10385 proceeds from the sale thereof. The lien shall be filed pursuant
10386 to Article 9 of the Uniform Commercial Code and Section 1324 of
10387 the Food Security Act of 1985, as enacted or amended. If the note
10388 is not paid at maturity, it shall bear interest at the rate
10389 provided for judgments and decrees in Section 75-17-7 from its
10390 maturity date until the note is paid. The note shall provide for
10391 the payment of all costs of collection and reasonable attorney's
10392 fees if default is made in the payment of the note. The payment
10393 of rent by promissory note or any means other than cash in advance
10394 shall be subject to the approval of the Public Procurement Review

10395 Board, which shall place the approval of record in the minutes of
10396 the board.

10397 (2) There is created a special fund to be designated as the
10398 "Prison Agricultural Enterprises Fund" and to be used for the
10399 purpose of conducting, operating and managing the agricultural and
10400 nonagricultural enterprises of the department. Any monies derived
10401 from the leasing of Penitentiary lands, from the sales of timber
10402 as provided in Section 47-5-56, from the prison's agricultural
10403 enterprises or earmarked for the Prison Industries Fund shall be
10404 deposited to the special fund. However, fifteen percent (15%) of
10405 the monies derived from the leasing of Penitentiary lands under
10406 Section 47-5-64(3) shall be deposited to a special fund to be
10407 distributed annually on a student pro rata basis to the public
10408 schools located in Sunflower County by the Department of Finance
10409 and Administration.

10410 (3) All profits derived from prison industries shall be
10411 placed in a special fund in the State Treasury to be known as the
10412 "Prison Industries Fund," to be appropriated each year by the

10827 Review Board, the Governor and Lieutenant Governor shall take into
10828 consideration persons who possess at least five (5) years of
10829 management experience in general business, health care or finance

10832 receives any grants, procurements or contracts that are subject to
10833 approval under this section shall not be appointed to the Public

10846 (e) The members of the Public Procurement Review Board
10847 shall elect a chair from among the membership, and he or she shall
10848 preside over the meetings of the board. The board shall annually
10849 elect a vice chair, who shall serve in the absence of the chair.
10850 No business shall be transacted, including adoption of rules of
10851 procedure, without the presence of a quorum of the board. Three
10852 (3) members shall be a quorum. No action shall be valid unless
10853 approved by a majority of the members present and voting, entered
10854 upon the minutes of the board and signed by the chair. Necessary
10855 clerical and administrative support for the board shall be
10856 provided by the Department of Finance and Administration. Minutes
10857 shall be kept of the proceedings of each meeting, copies of which
10858 shall be filed on a monthly basis with the chairs of the
10859 Accountability, Efficiency and Transparency Committees of the
10860 Senate and House of Representatives and the chairs of the
10861 Appropriations Committees of the Senate and House of
10862 Representatives.

10863 (2) The Public Procurement Review Board shall have the
10864 following powers and responsibilities:

10865 (a) Approve all purchasing regulations governing the
10866 purchase or lease by any agency, as defined in Section 31-7-1, of

10868 pursuant to Sections 25-53-1 through 25-53-29;

10869 (b) Adopt regulations governing the approval of
10870 contracts let for the construction and maintenance of state
10871 buildings and other state facilities as well as related contracts
10872 for architectural and engineering services.

10873 The provisions of this paragraph (b) shall not apply to such
10874 contracts involving buildings and other facilities of state
10875 institutions of higher learning which are self-administered as
10876 provided under this paragraph (b) or Section 37-101-15(m);

10877 (c) Adopt regulations governing any lease or rental
10878 agreement by any state agency or department, including any state
10879 agency financed entirely by federal funds, for space outside the
10880 buildings under the jurisdiction of the Department of Finance and
10881 Administration. These regulations shall require each agency
10882 requesting to lease such space to provide the following
10883 information that shall be published by the Department of Finance
10884 and Administration on its website: the agency to lease the space;
10885 the terms of the lease; the approximate square feet to be leased;
10886 the use for the space; a description of a suitable space; the
10887 general location desired for the leased space; the contact

10888 information for a person from the agency; the deadline date for
10889 the agency to have received a lease proposal; any other specific
10890 terms or conditions of the agency; and any other information
10891 deemed appropriate by the Division of Real Property Management of
10892 the Department of Finance and Administration or the Public
10893 Procurement Review Board. The information shall be provided
10894 sufficiently in advance of the time the space is needed to allow
10895 the Division of Real Property Management of the Department of
10896 Finance and Administration to review and preapprove the lease

10902 regulations promulgated by the department and shall be subject to
10903 all bid requirements. Set-aside purchases for which competitive
10904 bids are required shall be made from the lowest and best minority
10905 business bidder; however, if no minority bid is available or if
10906 the minority bid is more than two percent (2%) higher than the
10907 lowest bid, then bids shall be accepted and awarded to the lowest
10908 and best bidder. However, the provisions in this paragraph shall
10909 not be construed to prohibit the rejection of a bid when only one
10910 (1) bid is received. Such rejection shall be placed in the
10911 minutes. For the purposes of this paragraph, the term "minority
10912 business" means a business which is owned by a person who is a

10930 for state employees who work in the Woolfolk Building, the Carroll
10931 Gartin Justice Building or the Walter Sillers Office Building;

10932 (f) (i) Except as otherwise provided in subparagraph
10933 (ii) of this paragraph, promulgate rules and regulations governing

10938 contract that the board deems appropriate for oversight, with the
10939 exception of:

10941 into by any agency that employs only nonstate service employees as
10942 defined in Section 25-9-107(c);

10963 Department of Finance and Administration when procuring aircraft
10964 maintenance, parts, equipment and/or services;

10965 9. Any contract entered into by the
10966 Department of Public Safety for service on specialized equipment
10967 and/or software required for the operation of such specialized
10968 equipment for use by the Office of Forensics Laboratories;

10969 10. Any personal or professional service
10970 contract entered into by the Mississippi Department of Health or

10991 Any such rules and regulations shall provide for maintaining
10992 continuous internal audit covering the activities of such agency
10993 affecting its revenue and expenditures as required under Section
10994 7-7-3(6) (d). Any rules and regulation changes related to personal
10995 and professional services contracts that the Public Procurement
10996 Review Board may propose shall be submitted to the Chairs of the

11003 Mississippi Administrative Procedures Act.

11004 (ii) From and after July 1, 2024, the Public
11005 Procurement Review Board shall promulgate rules and regulations
11006 that require the Department of Finance and Administration to
11007 conduct personal and professional services solicitations as
11008 provided in subparagraph (i) of this paragraph for those services
11009 in excess of Seventy-five Thousand Dollars (\$75,000.00) for the
11010 Department of Marine Resources, the Department of Wildlife,

11011 Fisheries and Parks, the Mississippi Emergency Management Agency
11012 and the Mississippi Development Authority, with assistance to be
11013 provided from these entities. Any powers that have been conferred
11014 upon agencies in order to comply with the provisions of this
11015 section for personal and professional services solicitations shall
11016 be conferred upon the Department of Finance and Administration to
11017 conduct personal and professional services solicitations for the
11018 Department of Marine Resources, the Department of Wildlife,
11019 Fisheries and Parks, the Mississippi Emergency Management Agency
11020 and the Mississippi Development Authority for those services in
11021 excess of Seventy-five Thousand Dollars (\$75,000.00). The
11022 Department of Finance and Administration shall make any
11023 submissions that are required to be made by other agencies to the
11024 Public Procurement Review Board for the Department of Marine
11025 Resources, the Department of Wildlife, Fisheries and Parks, the
11026 Mississippi Emergency Management Agency and the Mississippi
11027 Development Authority.

11028 The provisions of this subparagraph (ii) shall stand repealed
11029 on June 30, 2027;

11030 (g) Approve all personal and professional services
11031 contracts involving the expenditures of funds in excess of
11032 Seventy-five Thousand Dollars (\$75,000.00), except as provided in
11033 paragraph (f) of this subsection (2) and in subsection (8);

11034 (h) Develop mandatory standards with respect to
11035 contractual services personnel that require invitations for public

11036 bid, requests for proposals, record keeping and financial

11038 Board shall, unless exempted under this paragraph (h) or under
11039 paragraph (i) or (o) of this subsection (2), require the agency
11040 involved to submit the procurement to a competitive procurement
11041 process, and may reserve the right to reject any or all resulting
11042 procurements;

11043 (i) Prescribe certain circumstances by which agency
11044 heads may enter into contracts for personal and professional
11045 services without receiving prior approval from the Public
11046 Procurement Review Board. The Public Procurement Review Board may
11047 establish a preapproved list of providers of various personal and
11048 professional services for set prices with which state agencies may
11049 contract without bidding or prior approval from the board;

11050 (i) Agency requirements may be fulfilled by
11051 procuring services performed incident to the state's own programs.
11052 The agency head shall determine in writing whether the price
11053 represents a fair market value for the services. When the
11054 procurements are made from other governmental entities, the
11055 private sector need not be solicited; however, these contracts
11056 shall still be submitted for approval to the Public Procurement
11057 Review Board.

11058 (ii) Contracts between two (2) state agencies,
11059 both under Public Procurement Review Board purview, shall not
11060 require Public Procurement Review Board approval. However, the

11061 contracts shall still be entered into the enterprise resource
11062 planning system;

11063 (j) Provide standards for the issuance of requests for
11064 proposals, the evaluation of proposals received, consideration of
11065 costs and quality of services proposed, contract negotiations, the
11066 administrative monitoring of contract performance by the agency
11067 and successful steps in terminating a contract;

11068 (k) Present recommendations for governmental
11069 privatization and to evaluate privatization proposals submitted by
11070 any state agency;

11071 (l) Authorize personal and professional service
11072 contracts to be effective for more than one (1) year provided a
11073 funding condition is included in any such multiple year contract,
11074 except the State Board of Education, which shall have the
11075 authority to enter into contractual agreements for student
11076 assessment for a period up to ten (10) years. The State Board of
11077 Education shall procure these services in accordance with the
11078 Public Procurement Review Board procurement regulations;

11079 (m) Request the State Auditor to conduct a performance
11080 audit on any personal or professional service contract;

11081 (n) Prepare an annual report to the Legislature
11082 concerning the issuance of personal and professional services
11083 contracts during the previous year, collecting any necessary
11084 information from state agencies in making such report;

11085 (o) Develop and implement the following standards and
11086 procedures for the approval of any sole source contract for
11087 personal and professional services regardless of the value of the
11088 procurement:

11089 (i) For the purposes of this paragraph (o), the
11090 term "sole source" means only one (1) source is available that can
11091 provide the required personal or professional service.

11092 (ii) An agency that has been issued a binding,
11093 valid court order mandating that a particular source or provider
11094 must be used for the required service must include a copy of the
11095 applicable court order in all future sole source contract reviews
11096 for the particular personal or professional service referenced in
11097 the court order.

11098 (iii) Any agency alleging to have a sole source
11099 for any personal or professional service, other than those
11100 exempted under paragraph (f) of this subsection (2) and subsection
11101 (8), shall publish on the procurement portal website established
11102 by Sections 25-53-151 and 27-104-165, for at least fourteen (14)
11103 days, the terms of the proposed contract for those services. In
11104 addition, the publication shall include, but is not limited to,
11105 the following information:

11106 1. The personal or professional service
11107 offered in the contract;

11108 2. An explanation of why the personal or
11109 professional service is the only one that can meet the needs of
11110 the agency;

11111 3. An explanation of why the source is the
11112 only person or entity that can provide the required personal or
11113 professional service;

11114 4. An explanation of why the amount to be
11115 expended for the personal or professional service is reasonable;
11116 and

11117 5. The efforts that the agency went through
11118 to obtain the best possible price for the personal or professional
11119 service.

11120 (iv) If any person or entity objects and proposes
11121 that the personal or professional service published under
11122 subparagraph (iii) of this paragraph (o) is not a sole source
11123 service and can be provided by another person or entity, then the
11124 objecting person or entity shall notify the Public Procurement
11125 Review Board and the agency that published the proposed sole
11126 source contract with a detailed explanation of why the personal or
11127 professional service is not a sole source service.

11128 (v) 1. If the agency determines after review that
11129 the personal or professional service in the proposed sole source
11130 contract can be provided by another person or entity, then the
11131 agency must withdraw the sole source contract publication from the
11132 procurement portal website and submit the procurement of the

11133 personal or professional service to an advertised competitive bid
11134 or selection process.

11135 2. If the agency determines after review that
11136 there is only one (1) source for the required personal or
11137 professional service, then the agency may appeal to the Public
11138 Procurement Review Board. The agency has the burden of proving
11139 that the personal or professional service is only provided by one
11140 (1) source.

11141 3. If the Public Procurement Review Board has
11142 any reasonable doubt as to whether the personal or professional
11143 service can only be provided by one (1) source, then the agency
11144 must submit the procurement of the personal or professional
11145 service to an advertised competitive bid or selection process. No
11146 action taken by the Public Procurement Review Board in this appeal
11147 process shall be valid unless approved by a majority of the
11148 members of the Public Procurement Review Board present and voting.

11149 (vi) The Public Procurement Review Board shall
11150 prepare and submit a quarterly report to the House of
11151 Representatives and Senate Accountability, Efficiency and
11152 Transparency Committees that details the sole source contracts
11153 presented to the Public Procurement Review Board and the reasons
11154 that the Public Procurement Review Board approved or rejected each
11155 contract. These quarterly reports shall also include the
11156 documentation and memoranda required in subsection (4) of this
11157 section. An agency that submitted a sole source contract shall be

11158 prepared to explain the sole source contract to each committee by
11159 December 15 of each year upon request by the committee;

11160 (p) Assess any fines and administrative penalties
11161 provided for in Sections 31-7-401 through 31-7-423.

11162 (3) All submissions shall be made sufficiently in advance of
11163 each monthly meeting of the Public Procurement Review Board as
11164 prescribed by the Public Procurement Review Board. If the Public
11165 Procurement Review Board rejects any contract submitted for review
11166 or approval, the Public Procurement Review Board shall clearly set
11167 out the reasons for its action, including, but not limited to, the
11168 policy that the agency has violated in its submitted contract and
11169 any corrective actions that the agency may take to amend the
11170 contract to comply with the rules and regulations of the Public
11171 Procurement Review Board.

11172 (4) All sole source contracts for personal and professional
11173 services awarded by state agencies, other than those exempted
11174 under Section 27-104-7(2) (f) and (8), whether approved by an
11175 agency head or the Public Procurement Review Board, shall contain
11176 in the procurement file a written determination for the approval,
11177 using a request form furnished by the Public Procurement Review
11178 Board. The written determination shall document the basis for the
11179 determination, including any market analysis conducted in order to
11180 ensure that the service required was practicably available from
11181 only one (1) source. A memorandum shall accompany the request
11182 form and address the following four (4) points:

11183 (a) Explanation of why this service is the only service
11184 that can meet the needs of the purchasing agency;

11185 (b) Explanation of why this vendor is the only
11186 practicably available source from which to obtain this service;

11187 (c) Explanation of why the price is considered
11188 reasonable; and

11189 (d) Description of the efforts that were made to
11190 conduct a noncompetitive negotiation to get the best possible
11191 price for the taxpayers.

11192 (5) In conjunction with the State Personnel Board, the
11193 Public Procurement Review Board shall develop and promulgate rules
11194 and regulations to define the allowable legal relationship between
11195 contract employees and the contracting departments, agencies and
11196 institutions of state government under the jurisdiction of the
11197 State Personnel Board, in compliance with the applicable rules and
11198 regulations of the federal Internal Revenue Service (IRS) for
11199 federal employment tax purposes. Under these regulations, the
11200 usual common law rules are applicable to determine and require
11201 that such worker is an independent contractor and not an employee,
11202 requiring evidence of lawful behavioral control, lawful financial
11203 control and lawful relationship of the parties. Any state
11204 department, agency or institution shall only be authorized to
11205 contract for personnel services in compliance with those
11206 regulations.

11207 (6) No member of the Public Procurement Review Board shall
11208 use his or her official authority or influence to coerce, by
11209 threat of discharge from employment, or otherwise, the purchase of
11210 commodities, the contracting for personal or professional
11211 services, or the contracting for public construction under this
11212 chapter.

11213 (7) Notwithstanding any other laws or rules to the contrary,
11214 the provisions of subsection (2) of this section shall not be
11215 applicable to the Mississippi State Port Authority at Gulfport.

11216 (8) Nothing in this section shall impair or limit the
11217 authority of the Board of Trustees of the Public Employees'
11218 Retirement System to enter into any personal or professional
11219 services contracts directly related to their constitutional
11220 obligation to manage the trust funds, including, but not limited
11221 to, actuarial, custodial banks, cash management, investment
11222 consultant and investment management contracts. Nothing in this
11223 section shall impair or limit the authority of the State Treasurer
11224 to enter into any personal or professional services contracts
11225 involving the management of trust funds, including, but not
11226 limited to, actuarial, custodial banks, cash management,
11227 investment consultant and investment management contracts.

11228 (9) Through December 31, 2024, the provisions of this
11229 section related to rental agreements or leasing of real property
11230 for the purpose of conducting agency business shall not apply to
11231 the Office of Workforce Development created in Section 37-153-7.

11232 **SECTION 180.** Section 25-53-191, Mississippi Code of 1972, is
11233 brought forward as follows:

11234 25-53-191. (1) For the purposes of this section, the
11235 following terms shall have the meanings ascribed to them in this
11236 section unless the context otherwise clearly requires:

11237 (a) "Department" means the Mississippi Department of
11238 Information Technology.

11239 (b) "State agency" means any agency, department,
11240 commission, board, bureau, institution or other instrumentality of
11241 the state.

11243 telephone, pager or a personal digital assistant device having
11244 wireless communication capability.

11245 (2) Before a wireless communication device may be assigned,
11246 issued or made available to an agency officer or employee, the
11247 agency head, or his designee, shall sign a statement certifying
11248 the need or reason for issuing the device. No officer or employee
11249 of any state agency, except for an officer or employee of the
11250 Mississippi Emergency Management Agency, shall be assigned or
11251 issued more than one (1) such wireless communication device. No
11252 officer or employee of any state agency to whom has been assigned,
11253 issued or made available the use of a wireless communication

11282 using of a prohibited technology pursuant to the National Security
11283 on State Devices and Networks Act. The acceptable use policy
11284 should specify that these resources, including both devices and

11312 be exempt from the provisions of this section when incurring
11313 international usage charges for the business-related use of their
11314 personal wireless communication devices during business-related
11315 international travel. Such exemption shall only apply after a
11316 determination by the employer-institution that reimbursement to
11317 the employee for the use of his or her personal wireless
11318 communication device is the lowest-cost option to prevent business
11319 interruption during such travel.

11341 however, nothing in this subsection shall be held to apply to such
11342 public work in which the expenditure does not exceed One Hundred

11381 subsection.

11382 (c) Any contract, agreement or arrangement for
11383 professional engineering services negotiated, made or entered
11384 into, directly or indirectly, by the state, counties,

11406 residents of that state. Nonresident registered professional
11407 geologists shall be awarded Mississippi public contracts only on
11408 the same basis as the nonresident professional's state awards
11409 contracts to Mississippi registered professional geologists under
11410 similar circumstances. When a nonresident professional geologist
11411 submits a proposal for a public project, that person shall attach
11412 a copy of the resident state's current statute, resolution,

11438 contract in existence before July 1, 1997.

11439 (5) For purposes of this section, "professional geological

11707 27-115-69. (1) The corporation may purchase, lease or

11709 effectuating the purposes of this chapter. The corporation shall
11710 not contract with any person or entity for the total operation and
11711 administration of the lottery, but it may make procurements which
11712 integrate such functions as lottery game design, lottery ticket
11713 distribution to retailers, supply of goods and services and
11714 advertising. In all procurement decisions, the corporation shall
11715 take into account the particularly sensitive nature of the lottery
11716 and shall act to promote and ensure security, honesty, fairness
11717 and integrity in the operation and administration of the lottery
11718 and the objectives of raising net proceeds for the benefit of the
11719 public.

11720 (2) The corporation shall investigate the financial
11721 responsibility, security and integrity of any lottery system
11722 vendor who submits a bid, proposal or offer. At the time of

11723 submitting such bid, proposal or offer to the corporation, the
11724 corporation shall require the following items:

11725 (a) A disclosure of the vendor's name and address and,
11726 as applicable, the name and address of the following:

11727 (i) If the vendor is a corporation, the officers,
11728 directors and each stockholder in such corporation; however, in
11729 the case of owners of equity securities of a publicly traded
11730 corporation, only the names and addresses of those known to the
11731 corporation to own five percent (5%) or more of such securities
11732 need be disclosed.

11733 (ii) If the vendor is a trust, the trustee and all
11734 persons entitled to receive income or benefits from the trust.

11735 (iii) If the vendor is an association, the
11736 members, officers and directors.

11737 (iv) If the vendor is a partnership or joint
11738 venture, all of the general partners, limited partners, or joint
11739 venturers.

11740 (b) A disclosure of all the states and jurisdictions in
11741 which the vendor does business, and the nature of the business for
11742 each such state or jurisdiction.

11743 (c) A disclosure of all the states and jurisdictions in
11744 which the vendor has contracts to supply gaming goods or services,
11745 including, but not limited to, lottery goods and services, and the

11747 jurisdiction.

11748 (d) A disclosure of all the states and jurisdictions in
11749 which the vendor has applied for, has sought renewal of, has

11751 gaming license of any kind, or had fines or penalties assessed on
11752 their license, contract, or operation, and the disposition of such
11753 in each such state or jurisdiction. If any lottery license or
11754 contract has been revoked or has not been renewed or any lottery
11755 license or application has remained pending for more than six (6)
11756 months, then it shall be disclosed.

11757 (e) A disclosure of the details of any finding of a
11758 plea, conviction or adjudication for guilt, in a state or federal
11759 court, of the vendor for any felony or any other criminal offense
11760 other than a traffic violation.

11761 (f) A disclosure of the details of any bankruptcy,
11762 insolvency, reorganization, corporate or individual purchase or
11763 takeover of another corporation, including bonded indebtedness, or
11764 any pending litigation of the vendor.

11765 (g) Such additional disclosures and information as the
11766 corporation may determine to be appropriate for the procurement
11767 involved. If the vendor subcontracts any substantial portion of
11768 the work to be performed under the contract to a subcontractor,
11769 the vendor shall disclose all of the information required by this
11770 subsection for the subcontractor as if the subcontractor were
11771 itself a vendor.

11772 (3) In no case shall the corporation enter into a contract
11773 for a procurement of any video lottery or video lottery terminal
11774 or any other illegal lottery device, and shall only enter into a
11775 contract for a procurement for any lottery system with a vendor
11776 who has complied with the disclosures required by the corporation

11780 updating such disclosures during the tenure of a contract as may
11781 be specified in such contract is voidable and may be terminated by
11782 the corporation. The provisions of this section shall be
11783 construed broadly and liberally to achieve the ends of full
11784 disclosure of all information necessary to allow for a full and
11785 complete evaluation by the corporation of the competence,
11786 integrity, background and character of vendors.

11787 (4) (a) A contract shall not be entered into with any
11788 vendor who has been found guilty of a felony related to the
11789 security or integrity of the lottery in this or any other
11790 jurisdiction or with any vendor who is found to be in possession
11791 of any illegal lottery device.

11792 (b) A contract shall not be entered into with any
11793 vendor who has not first obtained a signed tax clearance from the
11794 Commissioner of Revenue indicating that the vendor is current in
11795 filing all applicable tax returns and in payment of all taxes,

11796 interest and penalties owed to the State of Mississippi, excluding
11797 items under formal appeal pursuant to applicable statutes.

11798 (5) The corporation may require that each vendor shall, at
11799 the execution of the contract with the corporation, post a
11800 performance bond or letter of credit from a bank acceptable to the
11801 corporation, in an amount established by the corporation subject
11802 to the provisions of Section 27-115-61. In lieu of the bond, a
11803 vendor may, to assure the faithful performance of its obligations,
11804 deposit and maintain with the corporation securities that are
11805 interest-bearing or accruing and that are rated in one (1) of the
11806 three (3) highest classifications by an established nationally
11807 recognized investment rating service. Securities eligible under
11808 this subsection are limited to:

11809 (a) Certificates of deposit issued by solvent banks or

11814 full faith and credit of the government of the United States is
11815 pledged for the payment of principal and interest.

11816 (c) Corporate bonds approved by the corporation. The
11817 corporation which issued the bonds shall not be an affiliate or
11818 subsidiary of the depositor. Such securities shall be held in
11819 trust.

11820 (6) Every contract entered into by the corporation pursuant
11821 to this section shall contain a provision for payment of
11822 liquidated damages to the corporation for any breach of contract
11823 by the vendor.

11824 (7) Each vendor shall be qualified to do business in this
11825 state and shall file appropriate tax returns as provided by the
11826 laws of this state. All contracts under this section shall be
11827 governed by the laws of this state.

11994 protection and the limitation is approved by the state entity for
11995 whom the acquisition is being made.

11996 (f) He shall act as the purchasing and contracting
11997 agent for the State of Mississippi in the negotiation and

12003 authority. In the event that any such request is disapproved, he
12004 shall immediately notify the requesting agency and the members of
12005 the authority in writing of such disapproval, stating his reasons
12006 therefor. The disapproval of any request by the executive
12007 director of the authority may be appealed to the authority or to

12018 requirements of Section 25-9-120(3) relating to submission of such
12019 contract to the State Personal Service Contract Review Board.

12020 (g) He shall suggest and cause to be brought about
12021 cooperation between the several state agencies, departments and
12022 institutions in order that work may be done by one agency for
12023 another agency, and equipment in one agency may be made available
12024 to another agency, and suggest and cause to be brought about such
12025 improvements as may be necessary in joint or cooperative
12026 information technology operations.

12027 (h) He shall be designated as the "Chief Information

12029 this office by the chairman of the authority and shall be
12030 responsible for administering the oath to other qualified officers
12031 he may designate.

12032 (i) He shall appoint employees of the Mississippi
12033 Department of Information Technology Services, or at his
12034 discretion, employees of other state agencies and institutions

12272 **SECTION 194.** Section 77-3-42, Mississippi Code of 1972, is
12273 brought forward as follows:

12274 77-3-42. (1) (a) No public utility, the rates of which are
12275 subject to regulation under the provisions of this chapter, shall
12276 increase its rate or rate schedule in addition to its base rate as
12277 a result of what is commonly referred to as "fuel adjustment
12278 clauses" increase or "fuel adjustment riders" if the application
12279 of such clause or rider shall result in ultimate cost recovery
12280 exceeding the actual cost of fuel burned or consumed in its
12281 generating facilities and the cost of purchased energy.

12282 (b) For the purpose of such fuel adjustment clause or
12283 rider, the cost of fuel as used herein shall include only the
12284 actual cost of the fuel and its transportation and may include
12285 such other cost items which are as of the effective date of this
12286 section allowed by the federal energy regulatory commission for
12287 inclusion in wholesale fuel adjustment clauses under its
12288 jurisdiction. In addition thereto fuel cost may include direct

12289 costs associated with burning the fuel at the generating plant,
12290 such as fuel-handling expenses and the cost of fuel sampling and
12291 analysis.

12292 (2) (a) The commission is hereby directed to cause a
12293 continuous monitoring by the public utilities staff and a complete
12294 audit, as necessary but not less than annually, of all fuel
12295 purchases for which fuel adjustment clauses or riders have been
12296 placed in effect prior to and after the effective date of this
12297 section, which shall totally verify fuel costs as might be
12298 consumed in generating plants and all purchased energy of such
12299 electric utilities in Mississippi with said audit being based upon
12300 generally accepted auditing standards which would accurately
12301 provide detailed information as to the actual monthly utility fuel
12302 costs. Such audit shall be completely independent of any audit
12303 performed on behalf of such utility.

12304 (b) The commission is hereby directed to promulgate
12305 rules and regulations, not inconsistent with the laws, (i) to
12306 define allowable costs for inclusion in fuel adjustments, (ii) to
12307 establish guidelines for defining what elements constitute a just
12308 and reasonable fuel adjustment clause or rider, (iii) to establish
12309 guidelines for defining what elements constitute efficient and
12310 economical procurement and use of energy and fuel, and (iv) to
12311 establish general guidelines for making the required review of
12312 fuel adjustment clauses or riders as required by this section.

12313 Such rules and regulations shall be spread upon the minutes of the
12314 commission.

12315 (c) Such audits shall include (i) a determination if
12316 fuel and associated costs are properly identified and recorded in
12317 the appropriate uniform system of accounts, (ii) a determination
12318 if purchased energy and associated costs are properly identified,
12319 (iii) an assessment of a utility's practices for economical
12320 purchase and use of fuel and electric energy, and (iv) an
12321 assessment of the relevant contract terms and conditions and any
12322 variations from contract terms.

12323 (3) The audits required by this section shall extend to the
12324 fuel acquisition activities of any corporation which is owned in
12325 whole or in part by any such public utility under the jurisdiction
12326 of the commission or owned in whole or in part by a public utility
12327 holding company which is the parent company of any public utility
12328 under the jurisdiction of the commission. Public utilities under
12329 the jurisdiction of this commission, the rates of which are
12330 subject to regulation under the provisions of this chapter, shall
12331 not purchase fuel and/or energy from a company or corporation
12332 which is owned in whole or in part by that public utility or by
12333 the parent company of that public utility unless the selling
12334 company or corporation assents to audits as provided for under
12335 this section.

12336 (4) Upon receipt of each audit report, the certified public
12337 accountant of the public utilities staff shall review the report

12338 and furnish the commissioners with a written summary of, and his
12339 comments on, the report. The commission shall meet within one (1)
12340 week after receipt of the accountant's summary, and shall spread
12341 upon the minutes of the commission that it has reviewed said
12342 summary and further shall describe any action which it takes
12343 regarding the audit report or the fact that no action was
12344 required. Any costs included in a fuel adjustment clause or rider
12345 by a public utility under the jurisdiction of the commission found
12346 in violation of this section shall, by order of the commission, be
12347 refunded to the appropriate person or persons. In lieu of
12348 payment, the utility may credit the service account with the
12349 amount due under this subsection if the consumer entitled to the
12350 refund is, at that time, a consumer of the utility.

12351 (5) Periodically, and not less frequently than annually, the
12352 commission shall review the audit reports, the reports of the
12353 certified public accountant of the public utilities staff, any
12354 reports of the public utilities staff relating to its monitoring
12355 of fuel purchases, and all other relevant information relating to
12356 fuel purchases, fuel adjustment clauses or riders, and purchased
12357 energy for the purpose of determining (a) whether or not the
12358 utility is properly and correctly employing the use of the fuel
12359 adjustment clause or rider applicable to its operations and
12360 billing procedures, (b) whether or not the utility has engaged in
12361 practices in the acquisition of fuel or purchased energy which are
12362 efficient and economical, and (c) whether or not there is reason

12363 to question the practices, contracts, operations or procedures of
12364 the utility in the purchase or acquisition of fuel or purchased
12365 energy relative to efficiency, economy and the public interest.

12366 If the commission, after following the procedures described
12367 above, has reasonable cause to believe that inefficient or
12368 uneconomical procurement or use of fuel or purchased energy has
12369 resulted in unreasonable or unjust charges or costs to the
12370 consumers, then the commission shall initiate a procedure for
12371 hearing as provided for in Section 77-3-47 for the purpose of
12372 determining whether or not any of the costs or charges included in
12373 the fuel adjustment charges to the consumers were unreasonable or
12374 unjust. If the commission upon hearing shall find that any
12375 charges for the purchase or procurement of fuel or purchased
12376 energy were unreasonable or unjust, then the commission shall
12377 order that such costs or charges be refunded to the appropriate
12378 person or persons together with interest at the same rate
12379 prescribed in Section 77-3-39, Section 77-3-69 and Section
12380 77-3-71. In lieu of payment, the utility may credit the service
12381 account with the amount due under this subsection if the consumer
12382 entitled to the refund is, at that time, a consumer of the
12383 utility.

12384 (6) (a) The commission shall maintain at all times complete
12385 and current data relating to sales and purchases of electric
12386 capacity of all utilities, including copies of contracts and
12387 agreements for the purchase of electric capacity, amendments to

12388 such contracts, records of purchases and sales of electric
12389 capacity, and all other relevant information and data deemed
12390 appropriate by the commission for carrying out the provisions of
12391 this section.

12392 (b) The commission is hereby directed to review, not
12393 less frequently than annually, the information and data described
12394 above. If, from said review the commission has reasonable cause
12395 to believe that inefficient or uneconomical sales or purchases of
12396 electric capacity by a utility, the rates of which are subject to
12397 regulation by the commission, have resulted in unreasonable or
12398 unjust charges or costs to the consumers, then the commission
12399 shall initiate a procedure for hearing as provided for in Section
12400 77-3-47 for the purpose of determining whether or not any of the
12401 costs or charges for sales or purchases of electric capacity
12402 included in the charges to consumers were unreasonable or unjust.
12403 If the commission, upon hearing, shall find that any such charges
12404 for the sale or purchase of electric capacity were unreasonable or
12405 unjust, then the commission shall order that such costs or charges
12406 be refunded to the appropriate person or persons, together with
12407 interest thereon at the same rate prescribed in Section 77-3-39,
12408 Section 77-3-69 and Section 77-3-71. In lieu of payment, the
12409 utility may credit the service account with the amount due under
12410 this subsection if the consumer entitled to the refund is, at that
12411 time, a consumer of the utility.

12412 (7) The commission shall provide a full and complete report
12413 of said audits to the Legislature on or before March 15 of each
12414 year. The report shall include certification by the commission
12415 that the information is true and correct as well as other
12416 clarifications of the audit information and any recommendations
12417 for correcting imperfections in statutes relative to existing fuel
12418 or purchased gas adjustments.

12419 (8) Nothing in this section shall prohibit the commission
12420 from entering an order in a declared emergency allowing public
12421 utilities under such emergency circumstances to adjust their rates
12422 for a period not to exceed sixty (60) days upon declaration of
12423 said emergency. There shall be a full hearing and a complete and
12424 total accounting as to total costs of said commission order to
12425 public utilities customers, with detailed accounting of such
12426 emergency fuel adjustment clause order being made available to the
12427 public.

12428 (9) This section shall not apply to a municipality,
12429 including a joint agency organized pursuant to Section 77-5-701 et
12430 seq., as amended.

12431 **SECTION 195.** Section 25-53-29, Mississippi Code of 1972, is
12432 brought forward as follows:

12433 25-53-29. (1) For the purposes of this section the term
12434 "bureau" shall mean the "Mississippi Department of Information
12435 Technology Services." The authority shall have the following

12436 powers and responsibilities to carry out the establishment of
12437 policy and provide for long-range planning and consulting:

12438 (a) Provide a high level of technical expertise for
12439 agencies, institutions, political subdivisions and other
12440 governmental entities as follows: planning; consulting; project
12441 management; systems and performance review; system definition;

12444 be required, within the resources available to the bureau.

12445 (b) Publish written planning guides, policies and
12446 procedures for use by agencies and institutions in planning future
12447 electronic information service systems. The bureau may require
12448 agencies and institutions to submit data, including periodic
12449 electronic equipment inventory listings, information on agency
12450 staffing, systems under study, planned applications for the
12451 future, and other information needed for the purposes of preparing
12452 the state master plan. The bureau may require agencies and
12453 institutions to submit any additional data required for purposes
12454 of preparing the state master plan.

12455 (c) Inspect agency facilities and equipment, interview
12456 agency employees and review records at any time deemed necessary
12457 by the bureau for the purpose of identifying cost-effective
12458 applications of electronic information technology. Upon
12459 conclusion of any inspection, the bureau shall issue a management
12460 letter containing cost estimates and recommendations to the agency

12461 head and governing board concerning applications identified that
12462 would result in staff reductions, other monetary savings and
12463 improved delivery of public services.

12464 (d) Conduct classroom and on-site training for end
12465 users for applications and systems developed by the bureau.

12466 (e) Provide consulting services to agencies and
12467 institutions or Mississippi governmental subdivisions requesting
12468 technical assistance in electronic information services technology
12469 applications and systems. The bureau may submit proposals and
12470 enter into contracts to provide services to agencies and
12471 institutions or governmental subdivisions for such purposes.

12472 (2) The bureau shall annually issue a three-year master plan
12473 in writing to the Governor, available on request to any member of
12474 the Legislature, including recommended statewide strategies and
12475 goals for the effective and efficient use of information
12476 technology and services in state government. The report shall
12477 also include recommended information policy actions and other
12478 recommendations for consideration by the Governor and members of
12479 the Legislature.

12480 (3) The bureau shall make an annual report in writing to the
12481 Governor, available on request to any member of the Legislature,
12482 to include a full and detailed account of the work of the
12483 authority for the preceding year. The report shall contain
12484 recommendations to agencies and institutions resulting from
12485 inspections or consulting contracts. The report shall also

12486 contain a summary of the master plan, progress made, and
12487 legislative and policy recommendations for consideration by the
12488 Governor and members of the Legislature.

12489 (4) The bureau may charge fees to agencies and institutions
12490 for services rendered to them. The bureau may charge fees to
12491 vendors to recover the cost of providing procurement services and
12492 the delivery of procurement awards to public bodies. The amounts
12493 of such fees shall be set by the authority upon recommendation of
12494 the Executive Director of the MDITS, and all such fees collected
12495 shall be paid into the fund established for carrying out the
12496 purposes of this section.

12497 (5) It is the intention of the Legislature that the
12498 employees of the bureau performing services defined by this
12499 section be staffed by highly qualified persons possessing
12500 technical, consulting and programming expertise. Such employees
12501 shall be considered nonstate service employees as defined in
12502 Section 25-9-107(c) (x) and may be compensated at a rate comparable
12503 to the prevailing rate of individuals in qualified professional
12504 consulting firms in the private sector. Such compensation rates
12505 shall be determined by the State Personnel Director. The number
12506 of such positions shall be set by annual appropriation of the
12507 Legislature. Qualifications and compensation of the bureau
12508 employees shall be set by the State Personnel Board upon
12509 recommendation of the Executive Director of the MDITS. The total
12510 number of positions and classification of positions may be

12511 increased or decreased during a fiscal year depending upon work
12512 load and availability of funds.

12513 (6) The bureau may, from time to time, at the discretion of
12514 the Executive Director of the MDITS, contract with firms or
12515 qualified individuals to be used to augment the bureau's
12516 professional staff in order to assure timely completion and
12517 implementation of assigned tasks, provided that funds are
12518 available in the fund established for carrying out the purposes of
12519 this section. Such individuals may be employees of any agency,
12520 bureau or institution provided that these individuals or firms
12521 meet the requirements of other individuals or firms doing business
12522 with the state through the Mississippi Department of Information
12523 Technology Services. Individuals who are employees of an agency
12524 or institution may contract with the Mississippi Department of
12525 Information Technology Services only with the concurrence of the
12526 agency or institution for whom they are employed.

12527 From and after July 1, 2018, the expenses of this agency
12528 shall be defrayed by appropriation from the State General Fund.
12529 In addition, in order to receive the maximum use and benefit from
12530 information technology and services, expenses for the provision of
12531 statewide shared services that facilitate cost-effective
12532 information processing and telecommunication solutions shall be
12533 defrayed by pass-through funding and shall be deposited into the
12534 Mississippi Department of Information Technology Services
12535 Revolving Fund unless otherwise specified by the Legislature.

12536 These funds shall only be utilized to pay the actual costs
12537 incurred by the Mississippi Department of Information Technology
12538 Services for providing these shared services to state agencies.
12539 Furthermore, state agencies shall work in full cooperation with
12540 the Board of the Mississippi Department of Information Technology
12541 Services (MDITS) to identify computer equipment or services to
12542 minimize duplication, reduce costs, and improve the efficiency of
12543 providing common technology services across agency boundaries.

12544 **SECTION 196.** Section 25-61-9, Mississippi Code of 1972, is
12545 brought forward as follows:

12546 25-61-9. (1) (a) Records furnished to public bodies by
12547 third parties which contain trade secrets or confidential
12548 commercial or financial information shall not be subject to
12549 inspection, examination, copying or reproduction under this
12550 chapter until notice to third parties has been given, but the
12551 records shall be released no later than twenty-one (21) days from

12698 school district by the appropriate levying authority bears to the
12699 millage imposed by the levying authority for all other county or

12981 standards established by the contracting governmental entity for
12982 such highways, infrastructure and facilities. The contracting
12983 governmental entity shall conduct periodic inspections of any such

12984 project throughout the term of the contract to ensure compliance
12985 by the company. Failure of a company to comply with minimum
12986 standards established for the project by the contracting
12987 governmental entity shall constitute a breach and shall subject
12988 the company to liability on its bond or security or to rescission
12989 of the contract in accordance with the terms and provisions of the
12990 contract.

12991 (b) A governmental entity may not enter into a contract
12992 under this section with (i) any company designated as a foreign
12993 terrorist organization pursuant to Presidential Executive Order
12994 13224 or Section 302 of the federal Antiterrorism or Effective
12995 Death Penalty Act of 1996, (ii) any company under the control of a
12996 so-designated foreign terrorist organization, or (iii) any company
12997 controlled by a foreign person if to do so would violate any order
12998 of the Committee on Foreign Investment in the United States under
12999 the Foreign Investment and National Security Act of 2007, H.R.
13000 566, 110th Cong. (2007), Public Law 110-49, 121 Stat. 246. These
13001 requirements also shall apply to any proposed transfer or
13002 assignment of any contract entered into under this section.

13003 (2) (a) Every contract entered into by a governmental
13004 entity under this section (except for contracts entered into with
13005 another governmental entity or following termination of a
13006 predecessor contract entered into under this section), at a
13007 minimum, must provide for the design and construction of a new
13008 toll road or toll bridge project and may also provide for the

13009 financing, acquisition, lease, maintenance, and/or operation of a
13010 new toll road or toll bridge project.

13011 (b) If a governmental entity enters into a contract
13012 with a company as authorized by this section, such governmental
13013 entity shall use a competitive procurement process that provides
13014 the best value for the governmental entity. The governmental
13015 entity may accept unsolicited proposals for a proposed new toll
13016 road or solicit proposals in accordance with this section.

13017 (c) A governmental entity shall publish a request for
13018 competing proposals and qualifications in a newspaper having a
13019 general circulation within such governmental entity or, if the
13020 governmental entity is the Mississippi Transportation Commission,
13021 shall publish the request in a newspaper having a general
13022 circulation at the seat of government and, if the governmental
13023 entity has a website, shall post the request on such website.
13024 Such request shall include the criteria used to evaluate the
13025 proposals, the relative weight given to the criteria and a
13026 deadline by which proposals must be received. At a minimum, a
13027 proposal submitted in response to such request must contain:

13028 (i) Information regarding the proposed project
13029 location, scope and limits;

13030 (ii) Information regarding the company's
13031 qualifications, experience, technical competence, and capability
13032 to develop the project; and

13033 (iii) A proposed financial plan for the proposed
13034 project that includes, at a minimum, the projected project costs,
13035 projected revenues and proposed sources of funds.

13036 A governmental entity may interview a company submitting a
13037 solicited or unsolicited proposal. In evaluating such proposals,
13038 a governmental entity may solicit input from other sources
13039 regarding such proposals.

13040 (d) The governmental entity shall rank each proposal
13041 based on the criteria described in the request for proposals and
13042 select the company whose proposal offers the best value to the
13043 governmental entity. The governmental entity may enter into
13044 discussions with the company whose proposal offers the best value.
13045 If at any point during the discussions it appears to the
13046 governmental entity that the highest ranking proposal will not
13047 provide the governmental entity with the overall best value, the
13048 governmental entity may enter into discussions with the company
13049 submitting the next highest ranking proposal.

13050 (e) The governmental entity may withdraw a request for
13051 competing proposals and qualifications at any time and for any
13052 reason and may reject any one (1) or all proposals. In either
13053 case, the governmental entity may then publish a new request for
13054 competing proposals and qualifications. A governmental entity
13055 shall not be required to pay any company for the costs of
13056 preparing or submitting proposals.

13057 (f) The governmental entity shall prescribe the general
13058 form of a contract authorized by this section and may include any
13059 matter the governmental entity considers advantageous to it. The
13060 governmental entity and the company shall negotiate the specific
13061 terms of the contract.

13062 (g) Except as provided under this subsection (2), no
13063 such contract entered into hereunder shall be subject to the
13064 provisions of Section 65-1-8, Section 31-7-13 or any other public
13065 bid or public procurement laws of this state.

13066 (h) The Transportation Commission shall evaluate each
13067 proposal based on the criteria established by the commission. The
13068 Transportation Commission shall approve or disapprove a proposal
13069 within ninety (90) days after receipt of the proposal. If the
13070 Transportation Commission needs additional information, it may
13071 delay approval for an additional sixty (60) days.

13072 (i) Any right or interest arising under or as a result
13073 of any contract entered into under this section by a governmental
13074 entity with a company involving a franchise, license agreement,
13075 concession agreement, operating agreement, construction agreement,
13076 design agreement and/or any other similar contractual arrangement
13077 in connection with the financing, design, construction,
13078 acquisition, maintenance and/or operation of a toll road or toll
13079 bridge project shall not constitute any right, title or interest
13080 in land or other real property or real estate or in personal
13081 property within the meaning of Article 1, Chapter 35, Title 27,

13082 Mississippi Code of 1972, in the toll road or toll bridge project,
13083 including tollbooths and related toll facilities (including, but
13084 not limited to, land, pavement, drainage-related structures, and
13085 other infrastructure and property related thereto) in which a
13086 governmental entity is the title owner of such property and/or
13087 holder of easements, rights-of-way and/or other interests for such
13088 toll road or toll bridge project.

13089 (3) Every contract entered into by a governmental entity
13090 under this section shall require a company to enter into bond and
13091 provide such security as the governmental entity determines may be
13092 necessary or advisable to ensure timely completion and proper
13093 execution and performance of the contract. The term of the
13094 contract shall not exceed fifty (50) years, with the exception of
13095 extensions, automatic renewals or other contractual terms as
13096 agreed to by the governmental entity in the original or a
13097 subsequent agreement. The governmental entities are authorized to
13098 acquire such property or interests in property as may be
13099 necessary, by gift, purchase or eminent domain, for construction
13100 and maintenance of the highways or bridges built pursuant to
13101 contracts entered into under this section. Upon expiration,
13102 termination or rescission of the contract, any and all rights
13103 and/or interests that the company may have in the land,
13104 infrastructure, facilities or other improvements to the property
13105 subject to contract shall terminate and automatically, by
13106 operation of law, be returned or conveyed to and vested in the

13107 State of Mississippi or the contracting governmental entity. Upon
13108 termination, expiration or rescission of the contract, the
13109 collection of tolls shall cease.

13110 (4) The governmental entity having jurisdiction over the
13111 toll highway or bridge may, after notice and public hearing,
13112 establish, charge and collect motor vehicle operator tolls for use
13113 of the highway or bridge and its facilities. Alternatively,
13114 during the term of any contract entered into under this section,
13115 the company may establish, charge and collect motor vehicle
13116 operators tolls for use of the highway or bridge and its
13117 facilities. The amount of such tolls, and any modification
13118 thereto, shall be subject to approval by the contracting
13119 governmental entity after notice and public hearing. All such
13120 contracts entered into with the Mississippi Transportation
13121 Commission may require a company to pay a percentage or other
13122 specified portion of all tolls collected to the Mississippi
13123 Department of Transportation. If bonds are issued pursuant to
13124 Section 65-43-13, then all such tolls paid to the department shall
13125 be deposited into the special bond sinking fund under Section
13126 65-43-11, and may be expended only as authorized by the
13127 Legislature. If bonds are not issued pursuant to Section
13128 65-43-13, then all such tolls paid to the department shall be
13129 deposited into the department's highway fund to be used by the
13130 department for the construction and maintenance of highways.

13131 (5) If a toll road is a designated evacuation route and a
13132 declaration of a state of emergency is issued by the President of
13133 the United States or by the Governor, the collection of tolls
13134 shall cease until the termination of the state of emergency.

13135 (6) All statutes of this state relating to vehicle and
13136 traffic regulation and control shall be applicable to motor
13137 vehicles operated upon highways and bridges constructed under this
13138 section and shall be enforceable by the Mississippi Department of
13139 Public Safety, the Mississippi Highway Safety Patrol or any other
13140 law enforcement agency having jurisdiction over such highways and
13141 bridges.

13142 (7) The State of Mississippi, the Mississippi Transportation
13143 Commission, the Mississippi Department of Transportation,
13144 counties, municipalities or any other agency or political
13145 subdivision, or any officer or employee thereof, shall not be
13146 liable for any tortious act or omission arising out of the
13147 construction, maintenance or operation of any highway or bridge
13148 project under the provisions of this section where the act or
13149 omission occurs during the term of any such contract entered into
13150 by the Mississippi Transportation Commission or other governmental
13151 entity and a company.

13152 **SECTION 202.** Section 37-101-413, Mississippi Code of 1972,
13153 is brought forward as follows:

13173 (f) Enter into contracts with others to provide any
13174 services deemed necessary and advisable by the board;

13175 (g) Make purchases and enter into leases according to
13176 the requirements of the state public purchasing laws and the
13177 requirements of those laws establishing the Mississippi Department
13178 of Information Technology Services;

13179 (h) Enter into lease financing agreements in connection
13180 with purchases made under the authority of this section;

13181 (i) Require the transfer of appropriations of general
13182 funds or self-generated funds from the state institutions to those
13183 funds that the board may determine are required in connection with

13190 establish priorities for replacement or provision of the equipment
13191 or its transfer to another state institution that can continue to
13192 utilize it; and

13193 (l) Develop long-range plans for the orderly and
13194 systematic acquisition and utilization of the instructional and
13195 research equipment in order to eliminate waste and duplication,
13196 provide the maximum efficiency of use for expenditures, and
13197 achieve equitable allocations of equipment funds to the state
13198 institutions consistent with the roles of the institutions and
13199 disciplines served.

13200 (3) All institutions of higher learning desiring to
13201 purchase, lease or lease-purchase equipment involving an
13202 expenditure or expenditures of more than Five Thousand Dollars
13203 (\$5,000.00) must procure that equipment under the equipment

13204 leasing and purchase program unless funds for the procurement of
13205 the equipment under the program are unavailable or the equipment
13206 can be procured elsewhere at an overall cost lower than that for
13207 which the equipment can be procured under the program.

13208 **SECTION 203.** Section 25-53-5, Mississippi Code of 1972, is
13209 brought forward as follows:

13210 25-53-5. The authority shall have the following powers,
13211 duties, and responsibilities:

13212 (a) (i) The authority shall provide for the
13213 development of plans for the efficient acquisition and utilization
13214 of computer equipment and services by all agencies of state

13232 of its functions under this chapter, the authority shall maintain
13233 as a paramount consideration the successful internal organization
13234 and operation of the several agencies so that efficiency existing
13235 therein shall not be adversely affected or impaired. In executing
13236 its functions in relation to the institutions of higher learning
13237 and junior colleges in the state, the authority shall take into
13238 consideration the special needs of such institutions in relation
13239 to the fields of teaching and scientific research.

13246 (d) The authority shall adopt rules, regulations, and
13247 procedures governing the acquisition of computer and
13248 telecommunications equipment and services which shall, to the
13249 fullest extent practicable, ensure the maximum of competition
13250 between all manufacturers of supplies or equipment or services.
13251 In the writing of specifications, in the making of contracts
13252 relating to the acquisition of such equipment and services, and in

13253 the performance of its other duties the authority shall provide
13254 for the maximum compatibility of all information systems hereafter
13255 installed or utilized by all state agencies and may require the
13256 use of common computer languages where necessary to accomplish the
13257 purposes of this chapter. The authority may establish by
13258 regulation and charge reasonable fees on a nondiscriminatory basis
13259 for the furnishing to bidders of copies of bid specifications and
13260 other documents issued by the authority.

13261 (e) The authority shall adopt rules and regulations
13262 governing the sharing with, or the sale or lease of information
13263 technology services to any nonstate agency or person. Such
13264 regulations shall provide that any such sharing, sale or lease
13265 shall be restricted in that same shall be accomplished only where
13266 such services are not readily available otherwise within the
13267 state, and then only at a charge to the user not less than the
13268 prevailing rate of charge for similar services by private
13269 enterprise within this state.

13270 (f) The authority may, in its discretion, establish a
13271 special technical advisory committee or committees to study and
13272 make recommendations on technology matters within the competence
13273 of the authority as the authority may see fit. Persons serving on
13274 the Information Resource Council, its task forces, or any such
13275 technical advisory committees shall be entitled to receive their
13276 actual and necessary expenses actually incurred in the performance
13277 of such duties, together with mileage as provided by law for state

13278 employees, provided the same has been authorized by a resolution
13279 duly adopted by the authority and entered on its minutes prior to
13280 the performance of such duties.

13281 (g) The authority may provide for the development and
13282 require the adoption of standardized computer programs and may
13283 provide for the dissemination of information to and the
13284 establishment of training programs for the personnel of the
13285 various information technology centers of state agencies and
13286 personnel of the agencies utilizing the services thereof.

13287 (h) The authority shall adopt reasonable rules and
13288 regulations requiring the reporting to the authority through the
13289 office of executive director of such information as may be
13290 required for carrying out the purposes of this chapter and may
13291 also establish such reasonable procedures to be followed in the
13292 presentation of bills for payment under the terms of all contracts
13293 for the acquisition of computer equipment and services now or
13294 hereafter in force as may be required by the authority or by the
13295 executive director in the execution of their powers and duties.

13296 (i) The authority shall require such adequate
13297 documentation of information technology procedures utilized by the
13298 various state agencies and may require the establishment of such
13299 organizational structures within state agencies relating to
13300 information technology operations as may be necessary to
13301 effectuate the purposes of this chapter.

13302 (j) The authority may adopt such further reasonable
13303 rules and regulations as may be necessary to fully implement the
13304 purposes of this chapter. All rules and regulations adopted by
13305 the authority shall be published and disseminated in readily
13306 accessible form to all affected state agencies, and to all current
13307 suppliers of computer equipment and services to the state, and to
13308 all prospective suppliers requesting the same. Such rules and
13309 regulations shall be kept current, be periodically revised, and
13310 copies thereof shall be available at all times for inspection by
13311 the public at reasonable hours in the offices of the authority.
13312 Whenever possible no rule, regulation or any proposed amendment to
13313 such rules and regulations shall be finally adopted or enforced
13314 until copies of the proposed rules and regulations have been
13315 furnished to all interested parties for their comment and
13316 suggestions.

13317 (k) The authority shall establish rules and regulations
13318 which shall provide for the submission of all contracts proposed
13319 to be executed by the executive director for computer equipment
13320 and/or telecommunications or services, including cloud computing,
13321 to the authority for approval before final execution, and the
13322 authority may provide that such contracts involving the
13323 expenditure of less than such specified amount as may be
13324 established by the authority may be finally executed by the
13325 executive director without first obtaining such approval by the
13326 authority.

13327 (1) The authority is authorized to consider new
13328 technologies, such as cloud computing, to purchase, lease, or rent
13329 computer equipment or services and to operate that equipment and
13330 use those services in providing services to one or more state
13331 agencies when in its opinion such operation will provide maximum
13332 efficiency and economy in the functions of any such agency or
13333 agencies.

13334 (m) Upon the request of the governing body of a
13335 political subdivision or instrumentality, the authority shall
13336 assist the political subdivision or instrumentality in its
13337 development of plans for the efficient acquisition and utilization
13338 of computer equipment and services. An appropriate fee shall be
13339 charged the political subdivision by the authority for such
13340 assistance.

13341 (n) The authority shall adopt rules and regulations
13342 governing the protest procedures to be followed by any actual or
13343 prospective bidder, offerer or contractor who is aggrieved in
13344 connection with the solicitation or award of a contract for the
13345 acquisition of computer equipment or services. Such rules and
13346 regulations shall prescribe the manner, time and procedure for
13347 making protests and may provide that a protest not timely filed
13348 shall be summarily denied. The authority may require the
13349 protesting party, at the time of filing the protest, to post a
13350 bond, payable to the state, in an amount that the authority
13351 determines sufficient to cover any expense or loss incurred by the

13352 state, the authority or any state agency as a result of the
13353 protest if the protest subsequently is determined by a court of
13354 competent jurisdiction to have been filed without any substantial
13355 basis or reasonable expectation to believe that the protest was
13356 meritorious; however, in no event may the amount of the bond
13357 required exceed a reasonable estimate of the total project cost.
13358 The authority, in its discretion, also may prohibit any
13359 prospective bidder, offerer or contractor who is a party to any
13360 litigation involving any such contract with the state, the
13361 authority or any agency of the state to participate in any other
13362 such bid, offer or contract, or to be awarded any such contract,
13363 during the pendency of the litigation.

13364 (o) The authority shall make a report in writing to the
13365 Legislature each year in the month of January. Such report shall
13366 contain a full and detailed account of the work of the authority
13367 for the preceding year as specified in Section 25-53-29(3).

13368 All acquisitions of computer equipment and services involving
13369 the expenditure of funds in excess of the dollar amount
13370 established in Section 31-7-13(c), or rentals or leases in excess
13371 of the dollar amount established in Section 31-7-13(c) for the
13372 term of the contract, shall be based upon competitive and open
13373 specifications, and contracts therefor shall be entered into only
13374 after advertisements for bids are published in one or more daily
13375 newspapers having a general circulation in the state not less than
13376 fourteen (14) days prior to receiving sealed bids therefor. The

13377 authority may reserve the right to reject any or all bids, and if
13378 all bids are rejected, the authority may negotiate a contract
13379 within the limitations of the specifications so long as the terms
13380 of any such negotiated contract are equal to or better than the
13381 comparable terms submitted by the lowest and best bidder, and so
13382 long as the total cost to the State of Mississippi does not exceed
13383 the lowest bid. If the authority accepts one (1) of such bids, it
13384 shall be that which is the lowest and best. Through June 30,
13385 2024, the provisions of this paragraph shall not apply to
13386 acquisitions of information technology equipment and services made
13387 by the Mississippi Department of Health and the Mississippi
13388 Department of Revenue for the purposes of implementing,
13389 administering and enforcing the provisions of the Mississippi
13390 Medical Cannabis Act.

13391 (p) When applicable, the authority may procure
13392 equipment, systems and related services in accordance with the law
13393 or regulations, or both, which govern the Bureau of Purchasing of
13394 the Office of General Services or which govern the Mississippi
13395 Department of Information Technology Services procurement of
13396 telecommunications equipment, software and services.

13397 (q) The authority is authorized to purchase, lease, or
13398 rent information technology and services for the purpose of
13399 establishing pilot projects to investigate emerging technologies.
13400 These acquisitions shall be limited to new technologies and shall
13401 be limited to an amount set by annual appropriation of the

13402 Legislature. These acquisitions shall be exempt from the
13403 advertising and bidding requirement.

13404 (r) To promote the maximum use and benefit from
13405 technology and services now in operation or which will in the
13406 future be placed in operation and to identify opportunities,
13407 minimize duplication, reduce costs and improve the efficiency of
13408 providing common technology services the authority is authorized
13409 to:

13410 (i) Enter into master agreements for computer or
13411 telecommunications equipment or services, including cloud
13412 computing, available for shared use by state agencies, institutes
13413 of higher learning and governing authorities; and

13414 (ii) Enter into contracts for the acquisition of
13415 computer or telecommunications equipment or services, including
13416 cloud computing, that have been acquired by other entities,
13417 located within or outside of the State of Mississippi, so long as
13418 it is determined by the authority to be in the best interest of
13419 the state. The acquisitions provided in this paragraph (r) shall
13420 be exempt from the advertising and bidding requirements of Section
13421 25-53-1 et seq.

13422 (s) All fees collected by the Mississippi Department of
13423 Information Technology Services shall be deposited into the
13424 Mississippi Department of Information Technology Services
13425 Revolving Fund unless otherwise specified by the Legislature.

13426 (t) The authority shall work closely with the council
13427 to bring about effective coordination of policies, standards and
13428 procedures relating to procurement of remote sensing and
13429 geographic information systems (GIS) resources. In addition, the
13430 authority is responsible for development, operation and
13431 maintenance of a delivery system infrastructure for geographic
13432 information systems data. The authority shall provide a warehouse
13433 for Mississippi's geographic information systems data.

13434 (u) The authority shall manage one or more State Data
13435 Centers to provide information technology services on a
13436 cost-sharing basis. In determining the appropriate services to be
13437 provided through the State Data Center, the authority should
13438 consider those services that:

- 13439 (i) Result in savings to the state as a whole;
- 13440 (ii) Improve and enhance the security and
13441 reliability of the state's information and business systems; and
- 13442 (iii) Optimize the efficient use of the state's
13443 information technology assets, including, but not limited to,
13444 promoting partnerships with the state institutions of higher
13445 learning and community colleges to capitalize on advanced
13446 information technology resources.

13447 (v) The authority shall increase federal participation
13448 in the cost of the State Data Center to the extent provided by law
13449 and its shared technology infrastructure through providing such
13450 shared services to agencies that receive federal funds. With

13451 regard to state institutions of higher learning and community
13452 colleges, the authority may provide shared services when mutually
13453 agreeable, following a determination by both the authority and the
13454 Board of Trustees of State Institutions of Higher Learning or the
13455 Mississippi Community College Board, as the case may be, that the
13456 sharing of services is mutually beneficial.

13457 (w) The authority, in its discretion, may require new
13458 or replacement agency business applications to be hosted at the
13459 State Data Center. With regard to state institutions of higher
13460 learning and community colleges, the authority and the Board of
13461 Trustees of State Institutions of Higher Learning or the
13462 Mississippi Community College Board, as the case may be, may agree
13463 that institutions of higher learning or community colleges may
13464 utilize business applications that are hosted at the State Data
13465 Center, following a determination by both the authority and the
13466 applicable board that the hosting of those applications is
13467 mutually beneficial. In addition, the authority may establish
13468 partnerships to capitalize on the advanced technology resources of
13469 the Board of Trustees of State Institutions of Higher Learning or
13470 the Mississippi Community College Board, following a determination
13471 by both the authority and the applicable board that such a
13472 partnership is mutually beneficial.

13473 (x) The authority shall provide a periodic update
13474 regarding reform-based information technology initiatives to the

13475 Chairmen of the House and Senate Accountability, Efficiency and
13476 Transparency Committees.

13477 From and after July 1, 2018, the expenses of this agency
13478 shall be defrayed by appropriation from the State General Fund.
13479 In addition, in order to receive the maximum use and benefit from
13480 information technology and services, expenses for the provision of
13481 statewide shared services that facilitate cost-effective
13482 information processing and telecommunication solutions shall be
13483 defrayed by pass-through funding and shall be deposited into the
13484 Mississippi Department of Information Technology Services
13485 Revolving Fund unless otherwise specified by the Legislature.
13486 These funds shall only be utilized to pay the actual costs
13487 incurred by the Mississippi Department of Information Technology
13488 Services for providing these shared services to state agencies.
13489 Furthermore, state agencies shall work in full cooperation with
13490 the Board of the Mississippi Department of Information Technology
13491 Services to identify computer equipment or services to minimize
13492 duplication, reduce costs, and improve the efficiency of providing
13493 common technology services across agency boundaries.

13494 **SECTION 204.** Section 25-53-191, Mississippi Code of 1972, is
13495 brought forward as follows:

13496 25-53-191. (1) For the purposes of this section, the
13497 following terms shall have the meanings ascribed to them in this
13498 section unless the context otherwise clearly requires:

13499 (a) "Department" means the Mississippi Department of
13500 Information Technology.

13501 (b) "State agency" means any agency, department,
13502 commission, board, bureau, institution or other instrumentality of
13503 the state.

13504 (c) "Wireless communication device" means a cellular
13505 telephone, pager or a personal digital assistant device having
13506 wireless communication capability.

13507 (2) Before a wireless communication device may be assigned,
13508 issued or made available to an agency officer or employee, the
13509 agency head, or his designee, shall sign a statement certifying
13510 the need or reason for issuing the device. No officer or employee
13511 of any state agency, except for an officer or employee of the
13512 Mississippi Emergency Management Agency, shall be assigned or
13513 issued more than one (1) such wireless communication device. No
13514 officer or employee of any state agency to whom has been assigned,
13515 issued or made available the use of a wireless communication
13516 device, the cost of which is paid through the use of public funds,
13517 shall use such device for personal use.

13518 (3) A state agency shall not reimburse any officer or
13519 employee for use of his or her personal wireless communication
13520 device.

13521 (4) Every state agency that, at the expense of the state
13522 agency, assigns, issues or makes available to any of its officers
13523 or employees a wireless communication device shall obtain and

13524 maintain detailed billing for every wireless communication device
13525 account. A list of approved vendors for the procurement of
13526 wireless communication devices and the delivery of wireless
13527 communication device services shall be developed for all state
13528 agencies by the Mississippi Department of Information Technology
13529 Services. The department shall exercise the option of selecting
13530 one (1) vendor from which to procure wireless communication
13531 devices and to provide wireless communication device services, or
13532 if it deems such to be most advantageous to the state agencies, it
13533 may select multiple vendors. The department shall select a vendor
13534 or vendors on the basis of lowest and best bid proposals. A state
13535 agency may not procure a wireless communication device from any
13536 vendor or contract for wireless communication device services with
13537 any vendor unless the vendor appears on the list approved by the
13538 department. A contract entered into in violation of this section
13539 shall be void and unenforceable.

13540 (5) The department shall promulgate a model acceptable use
13541 policy defining the appropriate use of all wireless communication
13542 devices. The department shall include in its definition of
13543 appropriate use a prohibition on the downloading, accessing, or
13544 using of a prohibited technology pursuant to the National Security
13545 on State Devices and Networks Act. The acceptable use policy
13546 should specify that these resources, including both devices and
13547 services, are provided at the state agency's expense as tools for
13548 accomplishing the business missions of the state agency; that all

13549 those resources are for business use; and that more than
13550 incidental personal use of those resources is prohibited. The
13551 acceptable use policy should require that each official and
13552 employee issued one (1) of the above devices or authorized to
13553 access one (1) of the above services sign the policy and that the
13554 signed copy be placed in the personnel file of the official or
13555 employee. The acceptable use policy should also require that the
13556 use of these resources be tracked, verified and signed by the
13557 official or employee and the supervisor of the official or
13558 employee at each billing cycle or other appropriate interval. All
13559 state agencies shall adopt the model policy or adopt a policy that
13560 is, at minimum, as stringent as the model policy and shall provide
13561 a copy of the policy to the department.

13562 (6) All state agencies shall purchase or acquire only the
13563 lowest cost cellular telephone, pager or personal digital
13564 assistance device which will carry out its intended use.

13565 (7) The University of Mississippi Medical Center and its
13566 employees, the Mississippi State University Extension Service and
13567 its agents and faculty members, the Mississippi State University
13568 Agricultural and Forestry Experiment Station and its faculty
13569 members, the Mississippi State University Forestry and Wildlife
13570 Research Center and its faculty members, and the Mississippi State
13571 University College of Veterinary Medicine and its faculty members
13572 shall be exempt from the application of this section.

13573 (8) Employees of State Institutions of Higher Learning shall
13574 be exempt from the provisions of this section when incurring
13575 international usage charges for the business-related use of their
13576 personal wireless communication devices during business-related
13577 international travel. Such exemption shall only apply after a
13578 determination by the employer-institution that reimbursement to
13579 the employee for the use of his or her personal wireless
13580 communication device is the lowest-cost option to prevent business
13581 interruption during such travel.

13582 (9) The State Auditor shall conduct necessary audits to
13583 ensure compliance with the provisions of this section.

13584 **SECTION 205.** Section 37-101-15, Mississippi Code of 1972, is
13585 brought forward as follows:

13586 37-101-15. (a) The Board of Trustees of State Institutions
13587 of Higher Learning shall succeed to and continue to exercise
13588 control of all records, books, papers, equipment, and supplies,
13589 and all lands, buildings, and other real and personal property
13590 belonging to or assigned to the use and benefit of the board of
13591 trustees formerly supervising and controlling the institutions of
13592 higher learning named in Section 37-101-1. The board shall have
13593 and exercise control of the use, distribution and disbursement of
13594 all funds, appropriations and taxes, now and hereafter in
13595 possession, levied and collected, received, or appropriated for
13596 the use, benefit, support, and maintenance or capital outlay
13597 expenditures of the institutions of higher learning, including the

13598 authorization of employees to sign vouchers for the disbursement
13599 of funds for the various institutions, except where otherwise
13600 specifically provided by law.

13601 (b) The board shall have general supervision of the affairs
13602 of all the institutions of higher learning, including the
13603 departments and the schools thereof. The board shall have the
13604 power in its discretion to determine who shall be privileged to
13605 enter, to remain in, or to graduate therefrom. The board shall
13606 have general supervision of the conduct of libraries and
13607 laboratories, the care of dormitories, buildings, and grounds; the
13608 business methods and arrangement of accounts and records; the
13609 organization of the administrative plan of each institution; and
13610 all other matters incident to the proper functioning of the
13611 institutions. The board shall have the authority to establish
13612 minimum standards of achievement as a prerequisite for entrance
13613 into any of the institutions under its jurisdiction, which
13614 standards need not be uniform between the various institutions and
13615 which may be based upon such criteria as the board may establish.

13616 (c) The board shall exercise all the powers and prerogatives
13617 conferred upon it under the laws establishing and providing for
13618 the operation of the several institutions herein specified. The
13619 board shall adopt such bylaws and regulations from time to time as
13620 it deems expedient for the proper supervision and control of the
13621 several institutions of higher learning, insofar as such bylaws
13622 and regulations are not repugnant to the Constitution and laws,

13623 and not inconsistent with the object for which these institutions
13624 were established. The board shall have power and authority to
13625 prescribe rules and regulations for policing the campuses and all
13626 buildings of the respective institutions, to authorize the arrest
13627 of all persons violating on any campus any criminal law of the
13628 state, and to have such law violators turned over to the civil
13629 authorities.

13630 (d) For all institutions specified herein, the board shall
13631 provide a uniform system of recording and of accounting approved
13632 by the State Department of Audit. The board shall annually
13633 prepare, or cause to be prepared, a budget for each institution of
13634 higher learning for the succeeding year which must be prepared and
13635 in readiness for at least thirty (30) days before the convening of
13636 the regular session of the Legislature. All relationships and
13637 negotiations between the State Legislature and its various
13638 committees and the institutions named herein shall be carried on
13639 through the board of trustees. No official, employee or agent
13640 representing any of the separate institutions shall appear before
13641 the Legislature or any committee thereof except upon the written
13642 order of the board or upon the request of the Legislature or a
13643 committee thereof.

13644 (e) For all institutions specified herein, the board shall
13645 prepare an annual report to the Legislature setting forth the
13646 disbursements of all monies appropriated to the respective
13647 institutions. Each report to the Legislature shall show how the

13648 money appropriated to the several institutions has been expended,
13649 beginning and ending with the fiscal years of the institutions,
13650 showing the name of each teacher, officer, and employee, and the
13651 salary paid each, and an itemized statement of each and every item
13652 of receipts and expenditures. Each report must be balanced, and
13653 must begin with the former balance. If any property belonging to
13654 the state or the institution is used for profit, the reports shall
13655 show the expense incurred in managing the property and the amount
13656 received therefrom. The reports shall also show a summary of the
13657 gross receipts and gross disbursements for each year and shall
13658 show the money on hand at the beginning of the fiscal period of
13659 the institution next preceding each session of the Legislature and
13660 the necessary amount of expense to be incurred from said date to
13661 January 1 following. The board shall keep the annual expenditures
13662 of each institution herein mentioned within the income derived
13663 from legislative appropriations and other sources, but in case of
13664 emergency arising from acts of providence, epidemics, fire or
13665 storm with the written approval of the Governor and by written
13666 consent of a majority of the senators and of the representatives
13667 it may exceed the income. The board shall require a surety bond
13668 in a surety company authorized to do business in this state of
13669 every employee who is the custodian of funds belonging to one or
13670 more of the institutions mentioned herein, which bond shall be in
13671 a sum to be fixed by the board in an amount that will properly

13672 safeguard the said funds, the premium for which shall be paid out
13673 of the funds appropriated for said institutions.

13674 (f) The board shall have the power and authority to elect
13675 the heads of the various institutions of higher learning and to
13676 contract with all deans, professors, and other members of the
13677 teaching staff, and all administrative employees of said
13678 institutions for a term not exceeding four (4) years. The board
13679 shall have the power and authority to terminate any such contract
13680 at any time for malfeasance, inefficiency, or contumacious
13681 conduct, but never for political reasons. It shall be the policy
13682 of the board to permit the executive head of each institution to
13683 nominate for election by the board all subordinate employees of
13684 the institution over which he presides. It shall be the policy of
13685 the board to elect all officials for a definite tenure of service
13686 and to reelect during the period of satisfactory service. The
13687 board shall have the power to make any adjustments it thinks
13688 necessary between the various departments and schools of any
13689 institution or between the different institutions.

13690 (g) The board shall keep complete minutes and records of all
13691 proceedings which shall be open for inspection by any citizen of
13692 the state.

13693 (h) The board shall have the power to enter into an energy
13694 performance contract, energy services contract, on a
13695 shared-savings, lease or lease-purchase basis, for energy

13696 efficiency services and/or equipment as prescribed in Section
13697 31-7-14.

13698 (i) The Board of Trustees of State Institutions of Higher
13699 Learning, for and on behalf of Jackson State University, is hereby
13700 authorized to convey by donation or otherwise easements across
13701 portions of certain real estate located in the City of Jackson,
13702 Hinds County, Mississippi, for right-of-way required for the Metro
13703 Parkway Project.

13704 (j) In connection with any international contract between
13705 the board or one (1) of the state's institutions of higher
13706 learning and any party outside of the United States, the board or
13707 institution that is the party to the international contract is
13708 hereby authorized and empowered to include in the contract a
13709 provision for the resolution by arbitration of any controversy
13710 between the parties to the contract relating to such contract or
13711 the failure or refusal to perform any part of the contract. Such
13712 provision shall be valid, enforceable and irrevocable without
13713 regard to the justiciable character of the controversy. Provided,
13714 however, that in the event either party to such contract initiates
13715 litigation against the other with respect to the contract, the
13716 arbitration provision shall be deemed waived unless asserted as a
13717 defense on or before the responding party is required to answer
13718 such litigation.

13719 (k) The Board of Trustees of State Institutions of Higher
13720 Learning ("board"), on behalf of any institution under its

13721 jurisdiction, shall purchase and maintain business property
13722 insurance and business personal property insurance on all
13723 university-owned buildings and/or contents as required by federal
13724 law and regulations of the Federal Emergency Management Agency
13725 (FEMA) as is necessary for receiving public assistance or
13726 reimbursement for repair, reconstruction, replacement or other
13727 damage to those buildings and/or contents caused by the Hurricane
13728 Katrina Disaster of 2005 or subsequent disasters. The board is
13729 authorized to expend funds from any available source for the
13730 purpose of obtaining and maintaining that property insurance. The
13731 board is authorized to enter into agreements with the Department
13732 of Finance and Administration, local school districts,
13733 community/junior college districts, community hospitals and/or
13734 other state agencies to pool their liabilities to participate in a
13735 group business property and/or business personal property
13736 insurance program, subject to uniform rules and regulations as may
13737 be adopted by the Department of Finance and Administration.

13738 (1) The Board of Trustees of State Institutions of Higher
13739 Learning, or its designee, may approve the payment or
13740 reimbursement of reasonable travel expenses incurred by candidates
13741 for open positions at the board's executive office or at any of
13742 the state institutions of higher learning, when the job candidate
13743 has incurred expenses in traveling to a job interview at the
13744 request of the board, the Commissioner of Higher Education or a
13745 state institution of higher learning administrator.

13746 (m) (i) The Board of Trustees of State Institutions of
13747 Higher Learning is authorized to administer and approve contracts
13748 for the construction and maintenance of buildings and other
13749 facilities of the state institutions of higher learning, including
13750 related contracts for architectural and engineering services,
13751 which are paid for with self-generated funds.

13752 (ii) Additionally, the board is authorized to oversee,
13753 administer and approve contracts for the construction and
13754 maintenance of buildings and other facilities of the state
13755 institutions of higher learning, including related contracts for
13756 architectural and engineering services, which are funded in whole
13757 or in part by general obligation bonds of the State of Mississippi
13758 at institutions designated annually by the board as being capable
13759 to procure and administer all such contracts. Prior to the
13760 disbursement of funds, an agreement for each project between the
13761 institution and the Department of Finance and Administration shall
13762 be executed. The approval and execution of the agreement shall
13763 not be withheld by either party unless the withholding party
13764 provides a written, detailed explanation of the basis for
13765 withholding to the other party. The agreement shall stipulate the
13766 responsibilities of each party, applicable procurement
13767 regulations, documentation and reporting requirements, conditions
13768 prior to, and schedule of, disbursement of general obligation bond
13769 funds to the institution and provisions concerning handling any
13770 remaining general obligation bonds at the completion of the

13771 project. Such agreement shall not include provisions that
13772 constitute additional qualifications or criteria that act to
13773 invalidate the designation of an institution as capable of
13774 procuring and administering such project. Inclusion of any such
13775 provisions may be appealed to the Public Procurement Review Board.
13776 This paragraph (ii) shall stand repealed from and after July 1,
13777 2025.

13778 **SECTION 206.** This act shall take effect and be in force from
13779 and after July 1, 2024.
