To: Forestry; Education

HOUSE BILL NO. 1119

1 AN ACT TO AMEND SECTION 29-3-45, MISSISSIPPI CODE OF 1972, TO
2 AUTHORIZE SCHOOL BOARDS TO ENTER INTO LONG-TERM SUPPLY AGREEMENTS
3 FOR THE SALE OF CERTAIN FOREST PRODUCTS OTHER THAN TIMBER ON
4 SIXTEENTH SECTION LANDS; AND FOR RELATED PURPOSES.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

6 **SECTION 1.** Section 29-3-45, Mississippi Code of 1972, is
7 amended as follows:

8 29-3-45. (1) (a) The board of education shall, by order
9 placed upon its minutes, enter into an agreement with the State
10 Forestry Commission for the general supervision and management of
11 all lands classified as forest lands and of all timber or other
12 forest products under the control of the board on sixteenth
13 section lands, and lieu lands which have not been so classified.
14 However, any school board may contract with private persons or
15 businesses for the reforestation of sixteenth section lands and
16 may contract with a registered forester to be paid from the 16th
17 Section Interest Fund for a review of any forestry management
18 decision or forestry practice including the sale of timber for
19 sixteenth section forest land provided that any implementation of

20 a forestry management decision or forestry practice to be taken as
21 a result of the review described in this subsection shall be
22 subject to the approval of both the commission and the Secretary
23 of State. When such agreement has been entered into, no timber or
24 other forest products shall be sold from any of the sixteenth
25 section lands or lieu lands except such as have been marked or
26 approved for cutting by the State Forestry Commission's employees.
27 The Forestry Commission, or its designated employee, shall fix the
28 minimum total cash price or minimum price per unit, one thousand
29 (1,000) feet or other measure, at which the marked timber or other
30 forest products shall be sold. The sales may be made for a lump
31 sum or upon a unit price as in the opinion of the board may be
32 calculated to bring the greatest return. Sales shall be made upon
33 such other terms and conditions as to manner of cutting, damages
34 for cutting of unmarked trees, damages to trees not cut and other
35 pertinent matters as the board of education shall approve.

36 (b) The State Forestry Commission shall have the sole
37 authority and control in scheduling of all cutting and harvesting
38 of timber or other forest products when such timber stands or
39 other forest products are determined by the State Forestry
40 Commission to be economically ready for cutting and harvesting.

41 (c) Should a school board disagree with the Forestry
42 Commission concerning the time of cutting and harvesting, the
43 board may make an appeal to the Forestry Commission at a regular
44 monthly scheduled meeting of the commission. If the school board

45 is not satisfied after the appeal to the commission, the board may
46 then appeal to the Secretary of State who will make the final
47 decision as to the time for cutting and harvesting. In the event
48 that the local school board is divested of its management
49 authority under subsection (3) hereof, the Secretary of State
50 after due consultation with the Forestry Commission shall retain
51 the right to make final decisions concerning the management and
52 sale of timber and other forest products.

53 (d) It is hereby made the duty of the State Forestry
54 Commission, from time to time, to mark timber which should be cut
55 from the lands, to determine what planting, deadening or other
56 forestry improvements should be made, giving due consideration to
57 food and habitat for wildlife, and to report to the appropriate
58 board of education. The State Forestry Commission and the board
59 of education shall supervise the cutting of any timber or
60 harvesting of other forest products sold from the lands herein
61 designated and shall have authority to require any timber-cutting
62 operations on the lands to cease until proper adjustment is made,
63 whenever it shall appear that timber is being cut in violation of
64 the terms of the sale. In the event that it is desired to lease
65 any of such lands or standing timber for turpentine purposes, such
66 lease shall only cover such trees as the State Forestry Commission
67 shall designate, and the commission through its employees shall
68 approve the number of faces, method of chipping and boxing of such

69 timber, and shall fix a minimum total cash price or minimum price
70 per unit.

71 (e) Except as otherwise provided under subsection (4),
72 no sale of any timber, turpentine or other forest products lease
73 shall be made until notice of same shall have been published once
74 a week for three (3) consecutive weeks in at least one (1)
75 newspaper published in such county. The first publication of such
76 notice shall be made not less than twenty-one (21) days prior to
77 the date fixed for the sale, and the last publication shall be
78 made not more than seven (7) days prior to such date. If no
79 newspaper is published in such county, then such notice shall be
80 given by publishing the same for the required time in some
81 newspaper having a general circulation in such county and, in
82 addition thereto, by posting a copy of such notice for at least
83 twenty-one (21) days next preceding such sale at three (3) public
84 places in such county.

85 (f) Notwithstanding the above provision pertaining to
86 the sale of any timber, turpentine or other forest products, in
87 the event that timber must be cleared from an existing road or
88 existing utility right-of-way, the public notice requirement may
89 be waived. Prior to waiver of the public notice requirement, the
90 State Forestry Commission must make a finding that, due to the
91 small area of timber to be cleared, a public notice sale would not
92 be in the best interest of the local board of education. If the
93 State Forestry Commission makes such a finding, then it shall set

94 the value of the timber to be paid to the local board of education
95 by the party requesting the timber be removed.

96 (g) Provided, however, in the case of damage by fire,
97 windstorm or other natural causes which would require immediate
98 sale of the timber, because the time involved for advertisement as
99 prescribed herein would allow decay, rot or destruction
100 substantially decreasing the purchase price to be received had not
101 such delay occurred, the advertisement provisions of this section
102 shall not apply. The local board of education, with a written
103 recommendation from a designated employee of the State Forestry
104 Commission filed in the minutes of the local board of education,
105 shall determine when immediate sale of the timber is required.
106 When the board of education shall find an immediate sale necessary
107 for the causes stated herein, it shall, in its discretion, set the
108 time for receipt of bids on the purchase of the timber, but shall
109 show due diligence in notifying competitive bidders so that a true
110 competitive bid shall be received.

111 (2) (a) A local board of education having control of the
112 sixteenth section lands in the Hurricane Katrina Disaster of 2005
113 shall be granted emergency powers to take any and all actions of a
114 reasonably prudent trustee acting under emergency conditions to
115 recover damaged timber, prevent further loss or damage to timber,
116 and to minimize economic loss. All such actions shall be taken in
117 consultation with and shall be subject to the prior approval from

118 the Secretary of State and the State Forestry Commission. The
119 emergency powers shall be as follows:

120 (i) Contract with any individual or entity for
121 management advice, sale of timber, clearing of damage to timber
122 producing lands, transporting of timber, repairing access roads to
123 timber lands, conducting aerial spraying, or taking any other type
124 of action to prevent further loss of timber or diminution in value
125 of existing timber as the result of the incident which
126 necessitated the declaration of a natural disaster. In
127 contracting with any individual or entity, the local board of
128 education shall use its best efforts to ensure that all costs
129 incurred are reasonable and that a fair price is received for all
130 sales.

131 (ii) Enter into agreements with any individual,
132 private company, or other governmental entities for the pooling of
133 resources, or the sharing of costs so as to maximize the
134 mitigation of loss and minimize the expense of mitigating the loss
135 of timber.

136 (iii) Apply for any state, federal, or private
137 party grant or nonrepayable funds to cover costs associated with
138 emergency management contracts, sale timber, including loss for
139 diminution of value, transporting of timber, replanting of timber,
140 repairing access roads to timber, conducting aerial spraying, or
141 reimbursement for any other action taken to prevent further timber
142 damage, as well as mitigating the loss of funds due to damage.

143 (b) The emergency powers granted herein shall be for a
144 period of one (1) year from the date of designation as a disaster
145 area due to Hurricane Katrina. The emergency powers may be
146 extended for one (1) additional one-year period upon prior written
147 approval from the Secretary of State.

148 (c) The emergency powers shall also apply to the
149 management of timber by the Secretary of State pursuant to
150 subsection (3) of this section.

151 (d) In the event a local board of education is unable
152 to acquire the services of the State Forestry Commission or the
153 Secretary of State to meet an immediate need to salvage, remove or
154 take other appropriate action on damaged timber, the local board
155 of education shall unilaterally be granted the authority to take
156 such actions as necessary regarding the management or sale of
157 timber or other forest products.

158 (e) In exercising emergency powers, a local board of
159 education or the Secretary of State shall exercise the general
160 powers of a trustee with the same general restrictions and general
161 liabilities of a trustee and shall exercise the care and skill of
162 an ordinary prudent person to protect the beneficiaries of the
163 trust under such emergency circumstances.

164 (f) Any contractor with a local board of education or
165 the Secretary of State shall be entitled to rely on
166 representations by such board of education or the Secretary of
167 State as to who has authority to enter contracts for the

168 management or sale of timber or other forest products, and
169 reliance on such representations shall not be grounds for voiding
170 any contract.

171 (3) (a) In the event that any member of a local board of
172 education may have a personal interest, either direct or indirect,
173 in the decisions regarding the management or sale of timber or
174 other forest products or in a contract for the sale of timber or
175 other forest products from sixteenth section school lands under
176 the jurisdiction and control of the board, then the board of
177 education shall automatically be divested of all authority and
178 power to manage and sell timber or other forest products on
179 sixteenth section lands under its control and jurisdiction. The
180 divestiture shall extend for the period of service, and for one
181 (1) year thereafter, of the board member having a direct or
182 indirect personal interest in the sale or decision to sell timber
183 or other forest products.

184 (b) During the time in which any local board of
185 education may be divested of authority and power to manage and
186 sell timber and other forest products, such authority and power
187 shall be vested in the Secretary of State, as supervisory trustee
188 of sixteenth section lands. Upon the appointment or election of a
189 member of a local board of education who may have such an * * *
190 interest in decisions and contracts regarding the management and
191 sale of timber or other forest products, the board of education
192 shall immediately notify the Secretary of State in writing.

193 Likewise, the board shall give written notification to the
194 Secretary of State within thirty (30) days prior to the expiration
195 of any such divestiture period. Any contractor with a local board
196 of education or the Secretary of State shall be entitled to rely
197 on representations by such board or the Secretary of State as to
198 who has authority to enter contracts for the management or sale of
199 timber or other forest products, and reliance on such
200 representations shall not be grounds for voiding any contract.

201 (c) The laws providing for the management and sale of
202 timber and other forest products by local boards of education
203 shall apply to the management and sale of timber and other forest
204 products by the Secretary of State. The Mississippi Forestry
205 Commission shall provide the Secretary of State with advice and
206 services in the same manner as provided to local boards of
207 education.

208 (d) The Secretary of State shall be paid all monies
209 derived from the sale of timber or other forest products and shall
210 promptly forward the same to the superintendent of education for
211 such school district with instructions for the proper settlement,
212 deposit and investment of the monies. Such local school board
213 shall reimburse the Secretary of State for all direct costs
214 relating to the management and sale of timber or other forest
215 products, and in the case of a sale of timber or other forest
216 products, the Secretary of State may deduct such direct cost from
217 the proceeds of sale. The Secretary of State shall furnish an

218 itemized listing of all direct cost charged to the local school
219 district.

220 (4) The local board of education may enter into a supply
221 agreement for a term not to exceed ten (10) years for the sale of
222 forest products consisting of wood waste, wood fiber, pulpwood or
223 biomass. A supply agreement may be entered into by public
224 contract after notice and upon the terms required subsection (1)
225 of this section, or by private contract after the Forestry
226 Commission provides the board with the following:

227 (a) A written appraisal of the value of the forest
228 products to be harvested under the terms of the supply agreement;
229 and

230 (b) The minimum value at which the forest products may
231 be sold.

232 A supply agreement may be entered into only upon the
233 recommendation of the Mississippi Forestry Commission and
234 according to contractual terms approved by the Forestry Commission
235 and the Secretary of State.

236 **SECTION 2.** This act shall take effect and be in force from
237 and after July 1, 2024.
